Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

This plan will support use of federal funds to provide college and career readiness for students in alignment with Santa Clara County Office of Education's Local Control Accountability Plan goals.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Santa Clara County Community School will meet Every Student Succeeds Act (ESSA) requirements to support academic achievement so that all students, particularly the lowest-achieving students, demonstrate proficiency on the State's academic standards and California School Dashboard Indicators. School goals will influence the entire educational program of the school and are aligned with the goals of the Local Control Accountability Plan (LCAP) regarding student outcomes and student and parent engagement. Goals will support the school in improving California School Dashboard indicators related to: school climate, academic achievement, graduation rate, college and career readiness, and local indicators as defined in the Dashboard. Specific areas of emphasis are goals to ensure students graduate or transition back to home districts with academic credits toward graduation, college and career readiness, and positive attendance rates. The Community School qualified for Comprehensive Support and Improvement per the 2022 CA Accountability Dashboard due to status of graduation rate.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

On an annual basis the school facilitates a needs assessment through the collaboration of: (a) the English Learner Advisory Committee (ELAC), (b) the School Site Council (SSC), and (c) the Local Control Accountability Plan (LCAP) planning processes. Surveys are provided to: (a) students, (b) parents, (c) teachers, (d) administrators, and (e) community members. The data is gathered and evaluated through several committees that inform both the School Plan for Student Achievement and the Local Control Accountability Plan. The results are reported out during subsequent ELAC, SSC, and LCAP meetings. Thereafter, these discussions inform the development of both the SPSA and LCAP and the goals, actions items, and budgets are aligned accordingly. 2022 LCAP Survey results for community schools indicate top priorities to include: (a) career readiness, (b) teaching and learning, (c) college readiness, (d) school safety, and (e) extra support services . These items are considered in development of the SPSA as well as the LCAP.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classroom observations occur regularly as illustrated in: (a) frequent daily walkthroughs, (b) classroom visits, and (c) informal and formal observations. The Alternative Education Department contracts with the Professional Learning and Instructional Support department and the Inclusion Collaborative through the Santa Clara County Office of Education. These providers support coaching, curriculum alignment and planning, and coaching of professional learning communities.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

On a yearly basis the school facilitates state and local assessments to inform student success. Due to the nature of: (a) student needs, (b) enrollment, (c) attrition rates, and (d) the unique learning conditions that students experience, the Community School prioritizes the use of local assessments. These local assessments are the Renaissance Star reading and math assessments. Students receive these assessments within the first 10 days of enrollment and every 45 days thereafter.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Student learning results from both state standardized assessments and local assessment data is shared with staff and advisory groups. During Professional Learning Communities meetings: (a) teachers, (b) curriculum coordinators, and (c) administrators evaluate learning outcomes and calibrate instructional practices to address student learning needs.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

100% of staff are highly qualified. Ongoing professional development is provided to ensure staff is current with: (a) standards based instruction, (b) interventions, and (c) best instructional practices aligned to Universal Design for Learning.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

100% of staff are highly qualified. Professional development is provided through: (a) bi-weekly collaboration meetings and coaching with curriculum coordinators, (b) training to support instructional practices and lesson design, (c) local assessments, and (d) specialized training to support the social and emotional needs of students. Training also focuses on implementation of Positive Behavior Intervention Supports (PBIS) and instruction of students who receive English language proficiency services as well as maintaining an inclusive learning environment for all cultures and student backgrounds.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Ongoing professional development is provided to ensure staff is current with: (a) standards-based instruction, (b) interventions, and (c) use of curriculum and instructional strategies. A multi-year professional development plan is updated annually based on student data and staff needs.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Professional Development is aligned to a needs assessment and is focused on SPSA goals and LCAP goals. The majority of the professional development is facilitated through the SCCOE Professional Learning and Instructional Division. Content Coordinators facilitate professional development through the coordination of Professional Learning Communities and in-class coaching. Teachers and administrators participate in the training and coaching to build capacity and identify barriers.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers collaborate within the school and across the department during Professional Learning Communities meetings and planning committees. In addition, teachers collaborate with each other through the use of Zoom meetings or on site meetings as appropriate.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Teachers collaborate via a Professional Learning Communities to align instructional materials and practices with Common Core State Standards.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

The school adheres to state and federal guidelines for instructional minutes per grade level.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Student performance levels and their enrollment and attrition rates illustrate the need for personalized learning. The Community School provides: (a) credit recovery, (b) complete courses, (c) interventions, (d) course acceleration opportunities, and (e) Special Education and support for students who receive English language proficiency services within the master schedule.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

The school utilizes a variety of instructional materials to meet the needs of students. These resources are standards-based and aligned to instructional programs.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Core academic materials are standards-based and aligned to instructional programs to ensure access to state approved materials. These materials consist of online and traditional materials.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Within the main program students have access to: (a) credit recovery, (b) complete courses, (c) interventions, (d) course acceleration opportunities, and (e) support for students who receive English language proficiency coursework and students with disabilities. The Community School is a unique alternative educational program that personalizes learning for each student within the core academic program while meeting needs that occur through: (a) attrition, (b) trauma, and (c) other factors leading to expulsion from school.

Evidence-based educational practices to raise student achievement

The Community School uses several evidence-based strategies to support students' academic goals. They include: (a) accommodations (per IEP and 504s), (b) reading and math intervention programs and strategies, (c) credit recovery on core academic content, and (d) course acceleration as appropriate. Services for students who receive English language proficiency services are also provided.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Parent engagement opportunities include: (a) English Language Advisory Committee, (b) School Site Council, and (d) collaboration opportunities with community based organizations. Parents are also invited to participate with the Educational Services Parent Advisory Committee which meets monthly.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Students, parents, teachers, staff, and the administration are actively involved in the development of: (a) the School Plan for Student Achievement, (b) the Local Control Accountability Plan, (c) Western Association of Schools and Colleges Accreditation, (d) Every Student Succeeds Act addendum, and (e) the Consolidated Application process (Title I, III, IV budgets). On a regular basis groups review: (a) student enrollment and demographics, (b) academic performance, (c) reclassification and demographics related to students who receive English language proficiency coursework, and (d) the review and development of site goals in relationship to the Alternative Education Department and Santa Clara County Office of Education goals. In doing so, this committee integrates and aligns to ensure a focus of student achievement and growth.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Title I, III, and IV support students who are underperforming and include supplies and materials for literacy and supplemental instruction, supplies and materials to support social and emotional learning, tokens and transportation vouchers for unhoused and foster families, and contracts for culinary arts to support career technical education. Comprehensive Support and Improvement funds provide support for college and career readiness, literacy initiatives, and students' social and emotional well being.

Fiscal support (EPC)

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The School Site Council met to review the needs assessment and progress of student groups on January 26, 2023 and during this meeting defined actions and services and budget priorities. The School Site Council approved the 2023-24 SPSA on March 23, 2023. Participants included: (a) parent, (b) students, (c) teachers, (d) counselors, (e) community partners, and (f) administrative staff. Voting members included the English Learner Advisory Committee, a representative from the special education department, and voting members of the School Site Council.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Resource inequities for the Santa Clara County Office of Education (SCCOE) Community School were reflected in data analysis to include: (a) a need for college and career processes for students, (b) a need for student engagement and addressing the social and emotional needs of students, (c) support for student literacy to include supplemental support for students who receive English language proficiency services, and (d) attention to climate regarding attendance and suspension. These areas are defined as areas of need in the CA School Dashboard and local data. Resource allocation is equitable for all students with Local Control Funding Formula supplemental and concentration funding as a priority for: (a) students who receive English language proficiency coursework, (b) students receiving foster services and (c) students who represent as low income. Funds are also utilized to address needs of unhoused students in alignment with the SCCOE Board Policy.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment Enrollment By Grade Level

| Student Enrollment by Grade Level | | | |
|-----------------------------------|--------------------|-----------|-----------|
| Grade | Number of Students | | |
| | 20-21 | 21-22 | 22-23 |
| Grade 6 | | 2 | |
| Grade 7 | 1 | 2 | 4 |
| Grade 8 | 6 | 1 | 4 |
| Grade 9 | 22 | 8 | 21 |
| Grade 10 | 20 | 7 | 26 |
| Grade 11 | 20 | 3 | 13 |
| Grade 12 | 6 | 16 | 15 |
| Total Enrollment | 75 | 39 | 83 |

Conclusions based on this data:

1. Student enrollment fluctuates from year to year.
2. The percentage of students who identify as Latino has declined but remains the prominent student group by ethnicity in the Community Schools.
3. The primary grades serviced in the Community Schools are high school aged so pathways to graduation and career readiness remain a priority.

| Reclassified Fluent English Proficient (RFEP) | 2 | | | 18.2% | 0.0% | |

Conclusions based on this data:

1. The population of students who receive English language proficiency services has been steady.
2. The percentage of students designated Fluent English Proficient declined.
3. Reclassification of students needs to remain a high priority.

Conclusions based on this data:

1. The percent of students who meet or exceed standards in math has increased each year.
2. Small student groups require the school to maintain a focus on local assessments.
3. Participation rate of students testing in CAASPP math remains a priority.

Conclusions based on this data:

1. Low numbers of students tested make data analysis difficult. The school utilizes local assessment data to determine progress of students receiving English language services.
2. Participation rate for ELPAC was 96.2% for community schools in 21-22.
3. The school will benefit from monitoring individual student scores on the ELPAC since no group scores are available.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

| 2021-22 Student Population | | | |
|---|--|--|---|
| Total Enrollment | Socioeconomically Disadvantaged | English Learners | Foster Youth |
| 39 | 48.7 | 12.8 | 2.6 |
| Total Number of Students enrolled in Santa Clara County Community School. | Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma. | Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses. | Students whose well being is the responsibility of a court. |

| 2021-22 Enrollment for All Students/Student Group | | |

| Hispanic | 21 | 53.8 |
| Two or More Races | 1 | 2.6 |
| Pacific Islander | | |
| White | 9 | 23.1 |

Conclusions based on this data:

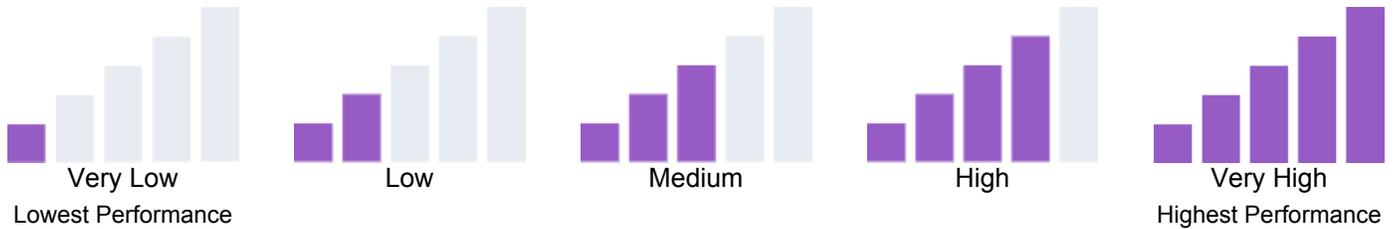

1. The majority of students identify as Latinx.
2. 23% of students represent as Students with Disabilities.
3. The percentage of students who identify as socio economically disadvantaged in the school continues to be about 50%.

School and Student Performance Data

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

| Academic Performance | Academic Engagement | Conditions & Climate |

| English Language Arts No Performance Level | Graduation Rate Very Low | Suspension Rate Medium |
| Mathematics No Performance Level | Chronic Absenteeism No Performance Level | |
| English Learner Progress No Performance Level | | |
| College/Career Not Reported in 2022 | | |

Conclusions based on this data:

1. The Graduation Rate is a concern and area of focus. DASS graduation rate for 2021-22 is 89.3%.
2. Chronic absenteeism is on a downward trend.
3. The suspension rate has increased.

| 2022 Fall Dashboard English Language Arts Data Comparisons for English Learners | | |
|---|--------------------------------------|---------------------|
| Current English Learner | Reclassified English Learners | English Only |
| 3 Students | 1 Student | 6 Students |

Conclusions based on this data:

1. Less than 11 students show no significant data.
2. There is no student score for students who receive English language proficiency services on the CAASPP, but 10% of students overall show they are meeting or exceeding standards in ELA.
3. 33% of students who receive English language proficiency coursework are making progress according to the CA School Dashboard.

Academic Performance College/Career Report

College/Career data provides information on whether high school students are prepared for success after graduation based on measures like graduation rate, performance on state tests, and college credit courses. College/Career data was not reported in 2022.

Conclusions based on this data:

1. The CA School Dashboard did not publish college and career indicators for 2022.
2. The school will benefit focusing on graduation rate. DASS graduation rate of 2021-22 is 89.3%.
3. A focus on established career pathways for seniors will support college and career preparedness.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

1. Suspension rates have increased to 6% from 0% the previous two years.
2. 14.7% of suspensions are students who receive English language proficiency coursework.
3. 6.7% of suspensions include students who identify as socio-economically disadvantaged.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Students will participate in rigorous, relevant, and engaging instruction

LEA/LCAP Goal

Students will participate in rigorous, relevant, and engaging instruction aligned to 21st century skills to eliminate barriers and promote achievement.

Goal 1

Students will participate in rigorous, relevant, and engaging instruction aligned to 21st century skills to eliminate barriers and promote achievement.

Identified Need

Students are performing below their academic potential, their peers, and are 2-3 years behind in credits.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Funds were utilized as planned to purchase supplemental materials to support instruction and reading for students receiving English language proficiency services which was the primary plan for Goal One. The School Site Council continues to see an increase in the performance of students identified as English Learners on the ELPAC and local assessments. In addition, funds were used to provide materials for math, reading, and writing intervention as planned.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major differences in intended implementation and actuals.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No major changes will be made in this goal for 2023-24. Goal One will continue to focus on core academic instruction, supplemental instructional materials, and support for student intervention. Goal One will also continue a focus on professional development for staff in implementing core and intervention programs to support an inclusive environment.

Annual Review**SPSA Year Reviewed: 2022-23**

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The strategies listed in Goal Three were all implemented. Funding was also utilized to send translated materials to parents regarding parent meetings and other supplemental activities. Funding also was used to support PBIS implementation and incentives. These supported the goals of engaging students and parents.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were used to provide family resource libraries in multiple languages as well as the purchased of materials in home languages. Funds were used to purchase Social Emotional Learning (SEL) materials and support a weekly SEL class with a theme of the month. Funds were used to continue to engage students through summer programming and supplemental support for social and emotional and academic needs.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No changes will be made to the outcomes of this goal. Actions and strategies will continue to support parent and family engagement, social and emotional supports for students, and materials and supplies for parent meetings. Engaging families and students continues to be a priority in this goal.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 2 Classroom Teachers
- 1 Other School Staff
- 2 Parent or Community Members
- 2 Secondary Students

| Name of Members | Role |
|------------------|---|
| Mark Camilleri | Principal |
| Angela Brown | Classroom Teacher Other School Staff |
| Michael Pressman | Classroom Teacher |
| Janie Montemayor | Other School Staff |
| Student One | Secondary Student |
| Student Two | Secondary Student |
| Parent One | Parent or Community Member |
| Chris Tsang | Parent or Community Member |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

| DocuSigned by: Signature Angela Brown DocuSigned by: Michael Pressman 2E64BB2B690B4D5... | Committee or Advisory Group Name |
|--|---|
| | English Learner Advisory Committee |
| | Special Education Advisory Committee |

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on March 27, 2023.
