III. ACTION ITEM

A. Approval of the revised SELPA Procedural Handbook Section 14.14 Policy on Children with Disabilities Enrolled in Private Schools by their Parents

The SELPA Policy (Section 14.14) on Children with Disabilities Enrolled in Private Schools by their Parents was revised based on the recent Capistrano School District due process case. Historically, the district of residence sends annual notifications ready to offer FAPE and are willing/able to schedule an IEP meeting if the parents express an intent to enroll the student in public school. The change now is that special education students who have been parentally placed in private schools are not entitled to an IEP offer from their public school district unless the parents request one. Deputy Supt. Stephen McMahon moved to approve the revised SELPA Procedural Handbook Section 14.14 Policy. Executive Director Leo Mapagu

IV. INFORMATION ITEMS

1. SELPA 2.0 update – Director Mapagu shared that an informational meeting with special education and fiscal administrators has been scheduled on February 6, 2023 at 2:00pm, and with CAC representatives on March 1, 2023 at 9:00am. These meetings will be spearheaded by Dr. Anna Marie Villalobos.
2. SELPA Executive Director updates - Director Mapagu provided information on the following:
 - Return of Special Education Excess and Low Incidence revenues – per the SELPA Budget Allocation Plan, unspent funds are returned to member LEAs. For SELPA I, Bullis Charter School used up all their special ed excess revenue. For the prior year Low Incidence revenue, close to \$56k has been sent back to the districts.
 - Distribution of 2021-22 Interest Earned on SELPA Pass-Through Funds – SELPA I has a share of a little over \$14k in interest revenue that has been sent to the districts. This will be a part of the districts' general fund.
 - CDE Compliance and Monitoring Activities – SELPA is awaiting CDE to release its notification/preview of Compliance Determination to see if any of the member LEAs fall under Targeted or Intensive level of monitoring. More discussion will be held with SpEd administrators at the SELPA Collaborative Meeting next week.
 - Other Updates – SELPA is currently working on applying for a Resource Lead for High Quality IEPs Grant (\$3M annually for 5 years) in partnership with San Diego's East County SELPA. The focus is to build capacity among our LEAs to develop IEP best practices. The RFA is due at the end of January and grantees will be announced on March 15, 2023.
 - The Governor's January budget proposal related to SpEd includes COLA at 8.13%. It also limits the amount of additional funding that SELPAs are allowed to retain for non-direct student services and requires the CDE now to also post on its website each SELPA's annual local plan, governance, budget, and service plans to increase fiscal transparency.
 - Professional Development: ongoing; training videos for paraprofessionals, staff, and parents have been uploaded to the SELPA webpage. Data Chats and various workgroups have also been scheduled, as well as an NPS/RTC Resource Fair.
 - Fiscal: expenditure reports have been submitted to CDE; calculation and distribution of state apportionment, federal IDEA Part B, 2nd interim 2022-23 SpEd revenue projections to districts, and progress reports for Sig Dis are ongoing.
 - Data: upload and certification of Fall 2022 DRDP, resolving Fall 1 fatal errors with each LEA SpEd team, Data Chats Session 3, monitoring CALPADS issues, review of SIRAS NPS user access are all in progress.
