As we transition to in-person instruction and the end of the year, how can we reflect together upon the new learnings and teaching strategies we created for distance learning, hybrid learning and in-person instruction in the arts? Come together in this year's last community of practice to discuss and share what's been successful and the types of resources you are looking for as you plan for the 2021-2022 school year. Open to arts organizations, teaching artists, administrators, and educators.

May 2021 Artspiration Community of Practice

We had an amazing discussion on Decolonizing Black Art and Culture, thoughtfully curated by Tyson Amir.

Artspiration Leadership Council

We completed a successful year of brainstorming and networking with our amazing group of arts educators and arts leaders with our closing meeting for this year on May 11. It truly takes a village to continue to build equitable arts in our county. We are grateful for your support and your incredible energy!

As the year is winding to a close, the Artspiration team would like to thank you for your energy, creativity, and thoughtfulness in this year of distance learning during the pandemic. Have a wonderful summer, and we'll see you in 2021-2022!
