

2024 Bay Area Community Schools Convening

Event Information

This convening aims to spark inspiration and help us collectively embrace new possibilities as we continue to reimagine a brighter future for our young people. During this one-day event, we will strengthen our connections with one another, deepen our understanding of the transformative power of the community schools strategy, and further develop our capacity to plan, implement, and enhance community schools across the Bay Area.

We invite all those invested in the community schools strategy, including California Community Schools Partnership Program (CCSPP) grantees and non-grantees.
