TO: Santa Clara County Board of Education

FROM: Darcie Green, Chair, Policy Development Subcommittee

VIA: Jon R. Gundry, County Superintendent of Schools

SUBJECT: First Reading of Revised Board Policies 0200, 5141.21, E 5145.6, and 6173.1

Associated Goals

GOAL 4: Improve organizational effectiveness and efficiency

Background

On July 16, 2014 the Policy Development Subcommittee met and approved the revision of the following Board Policies:

BP 0200 Goals for the SCCOE
Policy updated to delete sample goals and add concepts related to new law (AB 97, 2013) which requires districts to develop annual goals aligned with specified state priorities and any local priorities and to include those goals in the district's local control and accountability plan (LCAP). Policy also reflects new Title 5 regulation (Register 2014, No. 6) which provides a template to be used for LCAP development.

BP 5141.21 Administering Medication and Monitoring Health Conditions
Policy updated to reflect new court decision which held that state law permits trained, nonmedical school personnel to administer insulin to students in school in accordance with a written health care provider statement and parental consent. Policy also updated to reflect Title 5 regulations related to the administration of emergency antiseizure medication.
Exhibit 5145.6 Parental Notifications
Board Policy 5145.6 states that the County Superintendent of Schools shall provide parents/guardians all notifications required by law, including notifications about their legal rights, and any other notifications he/she believes will promote parental understanding and involvement. The exhibit for this policy lists all of these notifications and corresponding code and regulations for parent use.

BP 6173.1 Education for Foster Youth
Policy updated to reflect new law (AB 97 and SB 97) which provides grants within the LCFF based on the number and concentration of unduplicated counts of foster youth, English learners, and low-income students and requires the district's local control and accountability plan (LCAP) to include annual goals for all students and each "numerically significant" student subgroup including foster youth.

Fiscal Implications

The proposed revisions have no fiscal implications.

This data shall include an analysis of the progress based on the performance indicators and benchmarks for each objective, as well as other measures of achievement.

If the County Board determines that sufficient progress is not being made toward a particular goal, the County Board and County Superintendent shall determine what types of additional resources and support should be provided so that progress can be made. SCCOE goals shall be revised as necessary.

In developing goals and identifying strategies to achieve those goals, the County Superintendent or Superintendent’s designee shall solicit input and review from key stakeholders. The County Superintendent or Superintendent’s designee shall also review and consider quantitative and/or qualitative data, including data disaggregated by student subgroup and school site, to ensure that SCCOE goals are aligned with student needs.

Goals shall be established for all students and each numerically significant subgroup as defined in Education Code 52052, which may include ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, and foster youth, and shall address each of the state priorities identified in Education Code 52060 and any additional local priorities established by the County Board. These goals shall be incorporated into the SCCOE’s local control and accountability plan (LCAP). (Education Code 52060, 52062, 52063; 5 CCR 15497)

The LCAP shall include a clear description of each goal, one or more of the state or local priorities addressed by the goal, any student subgroup(s) or school site(s) to which the goal is applicable, and expected progress toward meeting the goal for the term of the LCAP and in each year. In addition to the goals identified in the LCAP, and consistent with those goals, the SCCOE and each school site may establish goals for inclusion in another SCCOE or school plan or for any other purpose. Such goals may address the improvement of governance, leadership, fiscal integrity, facilities, community involvement and collaboration, student wellness and other conditions of children, and/or any other areas of SCCOE operations. As appropriate, each goal shall include benchmarks or short-term objectives that can be used to determine progress toward meeting the goal.

Administering Medication And Monitoring Health Conditions

BP 5141.21
Students

The Santa Clara County Board of Education (County Board) recognizes that during the school day, some students may need to take medication prescribed or ordered by an authorized health care provider to be able to fully participate in the educational program. The (County) Superintendent or Superintendents's designee shall develop processes for the administration of medication to these students. For any student with a disability, as defined under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973, necessary medication shall be administered in accordance with the student's individualized education program or Section 504 services plan.

(cf. 6159 - Individualized Education Program)
(cf. 6164.6 - Identification and Education Under Section 504)

If the parent/guardian so chooses, he/she may administer the medication to his/her child. In addition, the parent/guardian may designate another individual who is not a school employee to administer the medication to the student.

For the administration of medication to other students during school or school-related activities, the County Superintendent or Superintendent's designee shall develop protocols which shall include options for allowing a parent/guardian to administer medication to his/her child at school, designate other individuals to do so on his/her behalf, and, with the child's authorized health care provider's approval, request the Santa Clara County Office of Education's (SCCOE) permission for his/her child to self-administer a medication or self-monitor and/or self-test for a medical condition. Such processes shall be implemented in a manner that preserves campus security, minimizes instructional interruptions, and promotes student safety and privacy.

(cf. 1250 - Visitors/Outsiders)
(cf. 5141 - Health Care and Emergencies)
(cf. 5141.22 - Infectious Diseases)
(cf. 5141.23 - Asthma Management)
(cf. 5141.27 - Food Allergies/Special Dietary Needs)
(cf. 6116 - Classroom Interruptions)

In addition, upon written request by the parent/guardian and with the approval of the student's physician, a student with a medical condition that requires frequent treatment, monitoring, or testing may be allowed to self-administer, self-monitor, and/or self-test. The student shall observe universal precautions in the handling of blood and other bodily fluids.

(cf. 5141 - Health Care and Emergencies)
(cf. 5141.22 - Infectious Diseases)
(cf. 5141.23 - Asthma Management)
In addition, the County Superintendent or Superintendent’s designee shall collaborate with city and county emergency responders, including local public health administrators, to design procedures or measures for addressing an emergency such as a public disaster or epidemic.

(ef. 3516 - Emergencies and Disaster Preparedness Plan)

Administration of Medication by School Personnel

Any medication prescribed by an authorized health care provider, including, but not limited to, an emergency antiseizure medication for a student with epilepsy who suffers epileptic seizures, auto-injectable epinephrine, insulin, or glucagon, may be administered by the school nurse or other designated school personnel only when the County Superintendent or Superintendent's designee has received written statements from both the student's parent/guardian and authorized health care provider. (Education Code 49414.7, 49423; 5 CCR 600)

School nurses and other designated school personnel shall administer medications in accordance with law, Board policy, and administrative regulation and shall be afforded appropriate liability protection.

(ef. 3530 - Risk Management/Insurance)
(ef. 4119.42/4219.42/4319.42 - Exposure Control Plan for Bloodborne Pathogens)
(ef. 4119.43/4219.43/4319.43 - Universal Precautions)

Only a school nurse or other school employee with an appropriate medical license may administer an insulin injection to a student. In the event that no such licensed school personnel is available, the Santa Clara County Office of Education may contract with a licensed nurse from a public or private agency to administer insulin to the student.

(ef. 5141.24 - Specialized Health Care Services)

When unlicensed personnel are authorized by law to administer any medication to students, such as emergency antiseizure medication, epinephrine auto-injector, insulin, or glucagon, the County Superintendent or Superintendent's designee shall ensure that school personnel designated to administer it to students receive appropriate training or retraining from qualified medical personnel before any medication is administered. At a minimum, the training shall cover how and when such medication should be administered, the recognition of symptoms and treatment, emergency follow-up procedures, and the proper documentation and storage of medication. Such trained, unlicensed designated school personnel shall be supervised by and provided with emergency communication access to a school nurse, physician, or other appropriate individual. (Education Code 49414, 49414.5, 49414.7, 49423, 49423.1)

The County Superintendent or Superintendent's designee shall maintain documentation of the training, ongoing supervision, as well as annual written verification of competency of such other designated school personnel.
School nurses and other designated school personnel shall administer medications in accordance with law, Board policy, and administrative regulation and shall be afforded appropriate liability protection.

In an emergency situation such as a public disaster or epidemic, a trained, unlicensed SCCOE employee may administer medication to a student.
