Hello everyone-

May continues to be a month of recognition and appreciation. This week we celebrate our dedicated classified employees who work tirelessly to keep our schools clean, safe, and support students and families each and every day. I am filled with gratitude for their work at our schools and the continued support they provide during our COVID-19 school closures.

May is also the month that we put a focus on mental health awareness. It is important that you don't forget to take time for yourself and look for ways to recharge. As employees, we have moved beyond a routine that included a separation between working in an office and being at home. Days blend into weeks and time at work and home overlap. It can be challenging. I want to thank you again for your steadfast efforts and commitment to support the students, families, and districts of Santa Clara County.

Be Well,
Dr. Mary Ann Dewan

**Public Health Updates**

**CDC Guidance**

Emerging evidence suggests a significant number of people may be infected with COVID-19 who are asymptomatic and capable of spreading the virus to others. People are now considered to be infectious 48 hours before the start of their symptoms until their isolation period ends. This makes social distancing and frequent hand washing even more critical.
