Hello everyone-

May is quickly drawing to an end. During this month we have recognized the hard work of essential workers and those who are meeting the challenges of carrying out their work responsibilities from home. I am so grateful for the tireless work everyone has done to tackle this uncharted COVID-19 territory during school closures to student and staff attendance.

As summer approaches many of us are preparing to wind down the current school year while planning and preparing for the start of the 2020-2021 school year and what that may look like as we watch for guidance from Governor Newsom, State Superintendent Thurmond, and the Santa Clara County Health Officer, Dr. Cody. The Santa Clara County Office of Education is closely monitoring updates and will continue to bring those to you in the COVID-19 Weekly Roundup throughout the summer months. We acknowledge that the unknown can cause stress. Let's continue to work together as a team, and help each other bring those anxiety levels down. Please continue to practice partnership, patience, gratitude and kindness.

Be Well,
Dr. Mary Ann Dewan
County Superintendent of Schools
