- We are committed to sustaining our efforts to increase revenue opportunities and expand partnerships and grant funding.

COUNTY SUPERINTENDENT'S BUDGET MESSAGE

This has truly been a year that has exemplified SCCOE's organizational values, strength, resilience, and diligence as we kept critical county programs supported while remaining steadfast in our efforts to provide students with safe and equitable learning environments. Continuous support has been provided to students, families, and schools as they returned to in-person instruction for the 2021-22 school year.

Through collaboration with the Governor's Office of Emergency Services Cal OES SCCOE provided personal protective equipment (PPE) to school districts to ensure staff and students had the necessary resources to safely return to in-person instruction. The SCCOE partnered with the California Department of Public Health (CDPH) and the County of Santa Clara Public Health Department to provide COVID-19 testing resources and support and facilitated dozens of COVID-19 vaccination clinics at school campuses in partnership with many organizations including AACI, Safeway, Bach, and the County of Santa Clara Public Health Department.

We have continued our expansion of services and presence in South County at the South County Annex (SCA) by increasing access to early learning services, migrant education, and alternative education programs. We formed a partnership with the Schools Health Clinics of Santa Clara County to provide affordable health care services, Santa Clara Valley Medical Center to provide COVID-19 testing and Safeway to provide vaccination clinics to students and families in South County.

Through partnership, advocacy, and the hard work and expertise of staff, we have been awarded grants and contracts for key initiatives such as: Child Care Initiative Project (CCIP), Stabilization of Family Child Care Homes to increase access to high quality childcare in Santa Clara County, COVID-19 Mitigation Funding, Digital Equity leadership, Environmental Literacy, Youth Health and Wellness, Foster Youth Support, Chronic Absenteeism, Tobacco Use Prevention Education (TUPE), and other important initiatives that align with County Superintendent and SCCBOE priorities and our core principles of equity, diversity, inclusion and partnership.

Other key services provided to the community focused on access to feminine care products, wellness, and self-care resources such as the Inclusion Collaborative's Warmline, Learning Resource Portal and the County of Santa Clara Behavioral Health Services and increased student access to Wellness Centers throughout the County of Santa Clara.

The 2022-23 May Revision reflects the state's recovery from COVID-19 with unprecedented revenue growth over the last two years that presents an opportunity for the state to further support education by making investments to recruit and retain a well-

prepared educator workforce, implementation of the California for All Kids plan, which focuses on the whole-child, and provide fiscal stability for the public school system.

Governor Newsom has proposed a Local Control Funding Formula (LCFF) cost of living adjustment (COLA) of 6.56%, which is largest cost of living adjustment (COLA) in the history of the LCFF. However, the SCCOE as a “flat funded” agency will not receive this COLA. An additional \$2.1 billion of ongoing Proposition 98 funding to increase the LCFF base funding for school districts to assist with cost pressures resulting from inflation, rising pension costs and to assist with employee retention. To assist with declining enrollment school districts will also be provided with an alternative way to calculate Average Daily Attendance (ADA) by utilizing a three-year prior year average ADA as an option going forward.

The May Revision also includes \$101.2 million ongoing Proposition 98 General Fund to augment the LCFF funding for county offices of education which face similar cost pressures as school districts but are “flat funded” and do not currently receive annual cost of living adjustment (COLA) increases. Our agency is “flat funded” and has remained at the same funding levels that were imposed in 2013 when LCFF was fully implemented for county offices of education (COEs). If the LCFF funding augmentation is approved, this may allow the SCCOE to receive cost of living adjustments in future fiscal years.

Governor Newsom’s proposed investments and support for county offices of education and the vital role we play in public education is appreciated. While this is a step in the right direction, we are mindful that it will take time for the SCCOE’s LCFF funding levels to align with increasing expenditures such as pension costs. To meet our mission, we will continue to identify new revenue streams for essential areas of work. The County Office programs and the school districts in the county continue to experience declining enrollment, which negatively impacts revenue assumptions. While school districts may be provided relief through a change in the calculation of ADA, there is no proposed relief for county offices of education at this time.

With the addition of fiscal year 2024-2025 in the proposed budget, we are continuing to see the fiscal impacts of the existing funding formula with funding that remains flat while expenditures such as pension costs continue to increase. We are continuously monitoring these upcoming budgetary challenges and are committed to continue to identify ways to maintain costs without compromising the quality and level of services provided.

In preparing and developing this budget we maintain a commitment to strategic investments and leveraging our partnerships throughout the community and county with the primary focus in the following areas:

- Address the academic and mental health and wellness of students through supplemental instruction, student supports, wellness centers and learning acceleration
- Expand trainings and support services for Local Control Accountability Plan (LCAP) and Accountability Dashboards
- Enhanced services through the Statewide System of Support framework and the Inclusion Collaborative
- Strengthen equity and access to programs and services throughout the county including our South County community
- Early learning, Childcare and Universal Pre-k expansion
- Equity and Inclusion Training
- Workforce Development and Recruitment Programs

Our commitment to expanding partnerships and identifying new grant opportunities has resulted in approximately \$28.6 million in new restricted funding in 2021-2022.

Conclusion: Next Steps

The 2022-2023 County School Services Fund Budget reflects the SCCOE is in good fiscal health, will be able to meet its financial obligations and meets all the statutory requirements for adoption. The SCCOE employees and their unwavering commitment to SCCOE and those we serve is inspiring. With this proposed budget, we build upon our successes and invest our limited resources to promote equity, diversity, inclusion, and partnership in public education. Together we continue the work of aligning our personnel, partnerships, programs, and resources to meet the challenges before us and address the needs of our county's students, their schools, and districts for the greatest impact. We are stronger together.

Sincerely,

Mary Ann Dewan, Ph.D.
County Superintendent of Schools

**PROPOSED BUDGET
2022-23**

INTRODUCTION

Education Code 1622 states that on or before July 1 of each fiscal year, the county board of education shall adopt an annual budget for the budget year and shall file the budget with the Superintendent of Public Instruction.

For the 2022-23 fiscal year and each fiscal year thereafter, the county board of education shall adopt a budget after the county board of education adopts a local control accountability plan (LCAP) or approves an update to an existing local control and accountability plan if an existing local control and accountability plan or update to a local control and accountability plan is not effective during the budget year.

As of the publication of this document, the State budget had not been approved yet. Therefore, this budget is developed based on a set of assumptions and the most up-to-date information available. The County Office of Education has 45 days from the date the State budget is approved to revise its Adopted Budget.

The County School Service Fund (General Fund) is made up of unrestricted and restricted funds. Restricted funds are accounted separately because they are earmarked dollars for specific purposes.

For the County School Service Fund in 2022-23, total projected revenues (including Transfer-in) are approximately \$284.49M and projected expenditures (including Transfer-out) are approximately \$306.60M. This includes approximately \$44.36M in expenditures to be returned to the state from local property taxes. This amount may change depending on local property taxes. The SCCOE's 2022-23 projected reserve for economic uncertainty, after removing certain designations, is approximately \$12.26M.

The projected beginning fund balance for 2022-23 is approximately \$85.16M. The actual fund balance will be determined after the fiscal books for 2021-22 are closed in late August/early September. The State requires at least 2% minimum reserve. The SCCOE's undesignated ending fund balance (reserve) meets the State mandated reserve requirement of 2%, and SCCOE is able to maintain the additional 2% reserve requirement as set forth by Board Policy #3100, for 2022-23 and the two subsequent fiscal years.

SCCOE is required to prepare a multi-year budget projection to determine if the County Office will be able to meet its financial commitments for the two projected out years, 2023-24 and 2024-25. In preparing the MYP, the County Office must develop assumptions based on the most recent available information to drive the projection. Based on these assumptions, the SCCOE reserve is projected at 6.31% and 5.13% for 2023-24 and 2024-25, respectively.

In addition to the County School Service Fund, the Santa Clara County Office of Education maintains other funds to account for revenues and expenditures of specific programs. They are included on pages 26-30 of this document.

BUDGET AND MULTI-YEAR PROJECTION ASSUMPTIONS FISCAL YEAR 2022-23

Introduction

1. The Local Control Funding Formula (LCFF) was enacted in 2013-2014 and replaced the former revenue limit funding system and more than 40 categorical programs, including the Tier III programs.
2. There are two Local Control Funding Formula (LCFF) funding calculations certified by the California Department of Education (CDE): 1) County LCFF Target Entitlement which receives a cost-of-living adjustment (COLA) and 2) County LCFF Transition Calculation which does not receive a COLA. The SCCOE is funded on the higher amount of the two funding calculations, which is the County LCFF Transition Calculation.
3. SCCOE has remained flat funded since 2013 when the LCFF was enacted, and entitlement revenue is adjusted by minimal Average Daily Attendance (ADA) changes to our Alternative Education (AED) Program.
4. SCCOE is a basic aid county office that is required to return local property taxes excess of the funding received under the Local Control Funding Formula to the State annually in accordance with Education Code Section 2575 (e) and 2578.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

(Functions 7200-7700, goals 0000 and 9000)

21,440,229.00

2. Contracted general administrative positions not paid through payroll

a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800.

b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000)

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.

Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)

B. Carry-forward adjustment from prior year(s)

1. Carry-forward adjustment from the second prior year

2. Carry-forward adjustment amount deferred from prior year(s), if any

C. Carry-forward adjustment for under- or over-recovery in the current year

1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (9.96%) times Part III, Line B19); zero if negative

6,715,151.86

2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (9.96%) times Part III, Line B19) or (the highest rate used to recover costs from any program (9.86%) times Part III, Line B19); zero if positive

0.00

D. Preliminary carry-forward adjustment (Line C1 or C2)

6,715,151.86

E. Optional allocation of negative carry-forward adjustment over more than one year

Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.

Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:

not applicable

Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:

not applicable

Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:

not applicable

1B-3. Comparison of County Office Projected County Operated Programs ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected ADA for county operated programs has not exceeded the standard for the budget and two subsequent fiscal years.

Explanation:

(required if NOT met)

The county wide ADA used for the the proposed budget is the ADA for 2021-22 P-1.

2. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the county office's gap funding or its cost-of-living adjustment (COLA)¹ plus or minus one percent.

For excess property tax counties, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

¹ County offices that are already at or above their LCFF target funding level receive no gap funding. These county offices have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

2A. County Office's LCFF Revenue Standard

Indicate which standard applies:

LCFF Revenue

Excess Property Tax/Minimum State Aid

The County office must select which LCFF revenue standard applies.

LCFF Revenue Standard selected: Excess Property Tax/Minimum State Aid

2A-1. Calculating the County Office's LCFF Revenue Standard

DATA ENTRY: Section I, enter applicable data for all fiscal years. Section I-a is completed by a county office funded at Target, and Section I-b is completed by a county office funded at Hold Harmless. Section II, enter data in Step 2b1 for all fiscal years. Section III, all data are extracted or calculated. Section IV, enter data in Step 1a for the two subsequent fiscal years, Step 2b1 for all fiscal years, and Step 2b3 for current year only. All other data are extracted or calculated.

NOTE: Note: Enter data in Section I, Line c1 and Section IV only if the county office has charter school funded county program ADA corresponding to financial data reported in Fund 01. Due to the full implementation of LCFF, gap funding is no longer applicable.

Regardless of the standard selected, criterion 2A-1 must be completed to obtain the total change in population and funding level.

Projected LCFF Revenue

Select County Office's LCFF revenue funding status:

At Target If status is at target, then COLA amount in Step 2b2 is used in Step 2c in Sections II and III.

Hold Harmless If status is hold harmless, then amount in Step 2c is zero in Sections II and III.

Status: Hold Harmless

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The county office of education must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the California Department of Education (CDE) with an analysis of the cost of the settlement and its impact on the operating budget.

The CDE shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the governing board and the county superintendent of schools.
