## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

### Schoolwide Program

This plan will support use of federal funds to provide college and career readiness for students in alignment with Santa Clara County Office of Education's Local Control Accountability Plan goals.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Santa Clara County Community School will meet Every Student Succeeds Act (ESSA) requirements to support academic achievement so that all students, particularly the lowest-achieving students, demonstrate proficiency on the State's academic standards and California Accountability Dashboard Indicators. School goals will influence the entire educational program of the school and are aligned with the goals of the Local Control Accountability Plan (LCAP) regarding student outcomes and student and parent engagement. Goals will support the school in improving California Accountability Dashboard Indicators related to: school climate, academic achievement, graduation rate, college and career readiness, and local indicators as defined in the Dashboard. Specific areas of emphasis are goals to ensure students graduate or transition back to home districts with academic credits toward graduation, college and career readiness, and positive attendance rates. The Community School exited Comprehensive School Improvement (CSI) status as of the 2019 CA Accountability Dashboard. Graduation rate and chronic absenteeism are areas of continuous improvement as is reclassification and performance of English Learners.

# Comprehensive Needs Assessment Components

## Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

## Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

On an annual basis the school facilitates a needs assessment through the collaboration of: (a) the English Learner Advisory Committee (ELAC), (b) the School Site Council (SSC), and (c) the Local Control Accountability Plan (LCAP) planning processes. Surveys are provided to: (a) students, (b) parents, (c) teachers, (d) administrators, and (e) community members. The data is gathered and evaluated through several committees that inform both the Single Plan for Student Achievement and the Local Control Accountability Plan. The results are reported out during subsequent ELAC, SSC, and LCAP meetings. Thereafter, these discussions inform the development of both the SPSA and LCAP and the goals, actions items, and budgets are aligned accordingly. 2021 LCAP Survey results for community schools indicate top priorities to include: (a) social and emotional mental health and well-being services, (b) school safety, (c) parent involvement, (d) health services, and (e) staff recruitment and retention. These items are considered in development of the SPSA as well as the LCAP.

## Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classroom observations occur regularly as illustrated in: (a) frequent daily walkthroughs, (b) classroom visits, and (c) informal and formal observations. The Alternative Education Department contracts with the Professional Learning and Instructional Support department and the Inclusion Collaborative through the Santa Clara County Office of Education. These providers support coaching, curriculum alignment and planning, and Professional Learning Communities.

## Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

## Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

On a yearly basis the school facilitates state and local assessments to inform student success. Due to the nature of: (a) student needs, (b) enrollment, (c) attrition rates, and (d) the unique learning conditions that students experience, the Community School prioritizes the use of local assessments. These local assessments are the Renaissance Star reading and math assessments. Students receive these assessments within the first 10 days of enrollment and every 45 days thereafter.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Student learning results from both state standardized assessments and local assessment data is shared with staff and advisory groups. During Professional Learning Communities meetings: (a) teachers, (b) curriculum coordinators, and (c) administrators evaluate learning outcomes and calibrate instructional practices to address student learning needs.

## Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

100% of staff are highly qualified as defined by the state of California and federal requirements. Ongoing professional development is provided to ensure staff is current with: (a) standards based instruction, (b) interventions, and (c) best instructional practices aligned to Universal Design for Learning.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

100% of staff are highly qualified as defined by the state of California. Professional development is provided through: (a) bi-weekly collaboration meetings and coaching with curriculum coordinators, (b) training to support instructional practices and lesson design, (c) local assessments, and (d) specialized training to support the social and emotional needs of students. Training also focuses on implementation of Positive Behavior Intervention Supports (PBIS) and instruction of English Learners as well as maintaining an inclusive learning environment for all cultures.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Ongoing professional development is provided to ensure staff is current with: (a) standards-based instruction, (b) interventions, and (c) use of curriculum and instructional strategies. A multi-year professional development plan is updated annually based on student data and staff needs.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Professional Development is aligned to a needs assessment and is focused on SPSA goals and LCAP goals. The majority of the professional development is facilitated through the SCCOE Professional Learning and Instructional Division. Content Coordinators facilitate professional development through the coordination of Professional Learning Communities and in-class coaching. Teachers and administrators participate in the training and coaching to build capacity and identify barriers.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers collaborate within the school and across the department during Professional Learning Communities meetings and planning committees. In addition, teachers collaborate with each other through the use of Zoom meetings or on site meetings as appropriate.

## Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Teachers collaborate via a Professional Learning Communities to align instructional materials and practices with Common Core State Standards.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

The school adheres to state and federal guidelines for instructional minutes per grade level.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Student performance levels and their enrollment and attrition rates illustrate the need for personalized learning. The Community School provides: (a) credit recovery, (b) complete courses, (c) interventions, (d) course acceleration opportunities, and (e) Special Education and English Learner support within the master schedule.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

The school utilizes a variety of instructional materials to meet the needs of students. These resources are standards-based and aligned to instructional programs.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Core academic materials are standards-based and aligned to instructional programs to ensure access to state approved materials. These materials consist of online and traditional materials.

## Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Within the main program students have access to: (a) credit recovery, (b) complete courses, (c) interventions, (d) course acceleration opportunities, and (e) Special Education and English Learner support. The Community School is a unique alternative educational program that personalizes learning for each student within the core academic program while meeting needs that occur through: (a) attrition, (b) trauma, and (c) other factors leading to expulsion from school.

### Evidence-based educational practices to raise student achievement

The Community School uses several evidence-based strategies to support students' academic goals. They include: (a) accommodations (per IEP and 504s),(b) reading and math intervention programs and strategies,(c) credit recovery on core academic content, and (d) course acceleration as appropriate. Services for English Learners are also provided.

## Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Parent engagement opportunities include: (a) English Language Advisory Committee, (b) School Site Council, (c) Parent Project, and (d) collaboration opportunities with community based organizations. Parents are also invited to participate with the Educational Services Parent Advisory Committee which meets monthly.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Students, parents, teachers, staff, and the administration are actively involved in the development of: (a) the Single Plan for Student Achievement, (b) the Local Control Accountability Plan, (c) Western Association of Schools and Colleges Accreditation, (d) Every Student Succeeds Act addendum, and (e) the Consolidated Application process (Title I, III, IV budgets). On a regular basis groups review: (a) student enrollment and demographics, (b) academic performance, (c) reclassification and English Language Learner demographics, and (d) the review and development of site goals in relationship to the Alternative Education Department and Santa Clara County Office of Education goals. In doing so, this committee integrates and aligns to ensure a focus of student achievement and growth.

## Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Title I, III, and IV support underperforming students and include supplies and materials for literacy and supplemental instruction, supplies and materials to support social and emotional learning, tokens and transportation vouchers for homeless and foster families, and contracts for culinary arts to support career technical education.

Fiscal support (EPC)

Not applicable

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

The School Site Council met to review the needs assessment and progress of student groups on February 10, 2022 and during this meeting defined actions and services and budget priorities. The

School Site Council approved the 2022-23 SPSA on March 24, 2022. Participants included: (a) Probation, (b) students, (c) teachers, (d) counselors, (e) parents, and (f) administrative staff. Voting members included the English Learner Advisory Committee and special education representative as well as voting members of the School Site Council.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Resource inequities for the Santa Clara County Office of Education (SCCOE) Community School were reflected in data analysis to include: (a) a need for college and career processes for students, (b) a need for student engagement and addressing the social and emotional needs of students, (c) support for student literacy to include supplemental support for English Learners, and (d) attention to climate regarding attendance and suspension. These areas are defined as areas of need in the CA Accountability Dashboard and local data. Resource allocation is equitable for all students with Local Control Funding Formula supplemental and concentration funding as a priority for: (a) English Learners, (b) foster youth, and (c) students who represent as low income. Funds are also utilized to address needs of homeless students in alignment with SCCOE Board Policy.

## Student Enrollment Enrollment By Student Group

## Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	18-19	19-20	20-21
Grade 7	2	2	1
Grade 8	5	6	6
Grade 9	2	42	22
Grade 10	11	27	20
Grade 11	14	11	20
Grade 12	5	7	6
<b>Total Enrollment</b>	<b>39</b>	<b>95</b>	<b>75</b>

### Conclusions based on this data:

1. Student enrollment fluctuates from year to year.
2. Latino student population percentage has declined but remains the prominent student group by ethnicity in the Community Schools.
3. The primary grades serviced in the Community Schools are high school aged so pathways to graduation and career readiness remain a priority.

<b>Reclassified Fluent English Proficient (RFEP)</b>	0	0	2	0.0%	0.0%	10.5%

### Conclusions based on this data:

1. The English Learner population declined in the last year.
2. The percentage of students designated Fluent English Proficient increased.
3. The percentage of students who are reclassified English Learners has increased in the Community Schools

2019-20 Data:

Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

**Conclusions based on this data:**

1. The percent of students who meet or exceed standards in math has increased each year.
2. Low numbers in student groups in 2020-21 make data analysis difficult in some areas.
3. Participation rate of students testing in CAASPP math remains a priority.

1. Low numbers of students tested make data analysis difficult.
2. 8 students were tested with the ELPAC in 2020-21.
3. The school will benefit from monitoring individual student scores on the ELPAC since no group scores are available.

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

2020-21 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
<b>75</b>	<b>69.3</b>	<b>14.7</b>	<b>1.3</b>
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	This is the percent of students whose well-being is the responsibility of a court.

2020-21 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	11	14.7
Foster Youth	1	1.3
Homeless	7	9.3
Socioeconomically Disadvantaged	52	69.3
Students with Disabilities	7	9.3

Asian		
Filipino	1	1.3
Hispanic	53	70.7
Two or More Races	2	2.7
Native Hawaiian or Pacific Islander		
White	13	17.3

### Conclusions based on this data:

1. The majority of students are Latinx.

2. 9% of students represent as Students with Disabilities.
3. The percentage of socio economically disadvantaged youth in the school continues to increase.

<b>Mathematics</b>  No Performance Color	<b>Chronic Absenteeism</b>  Orange	
<b>English Learner Progress</b> No Performance Color		
<b>College/Career</b>  No Performance Color		

#### Conclusions based on this data:

1. Low numbers of students in each category led to no performance index ratings.
2. Chronic absenteeism was rated in the Orange in the 18-19 school year. Per Data Quest, 2021, the chronic absenteeism rate is decreasing for Community Schools.
3. Conditions and Climate was rated in the Orange in the 18-19 school year. Per Data Quest 2021, the suspension rate for Community Schools in 20-21 was 0%.

**Conclusions based on this data:**

1. No students are showing as Prepared on the 2021 CA Accountability Dashboard. Blank spaces indicate no data is available in this area from CDE.
2. The school will benefit focusing on graduation rate.
3. A focus on established career pathways for seniors will support college and career preparedness.

# School and Student Performance Data

## Academic Engagement Chronic Absenteeism

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

The performance levels are color-coded and range from lowest-to-highest performance in the following order:

This section provides number of student groups in each color.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

## Annual Review

### SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Strategies and activities implemented include money used for tokens for students. The program shifted priorities from field trips (due to COVID-19 restrictions) and instead used funds to support expansion of career technical education programming and library materials for the Community Schools. Any unspent funds from 2020-21 will support academic and social emotional support for summer school programming.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Actions for 2021-22 SPSA were partially implemented. Transportation tokens were purchased as planned. Money for field trips was not utilized upon writing of this plan. Plans are in the works for field trips in the summer of 2022. Professional Development for culturally responsive teaching and learning was not implemented. These funds were used instead to purchase materials for library and career technical education programming. The School Site Council approved the change in focus in August of 2021 with the addition of a new leadership team and collaboration with staff and parents.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Annual outcomes will continue to reflect state test scores. Additional outcomes will include local testing progress in reading and math and reclassification rates for EL students. The goal will remain the same as aligned with the LCAP and academic process. Activities will be reflective of needs related to: (a) literacy, (b) library, and (c) instructional materials specific to all students. Activities will also include additional supplemental academic support materials for English Learners.

## Annual Review

### SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

2021-22 SPSA funds were allocated for educational field trips and supplies and materials to support dual enrollment of students. Due to the continued pandemic these strategies were not implemented.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Analysis of local data and 2021 graduation rate indicate a need for career technical education programming and establishment of school libraries. The School Site Council met in August of 2021 and reallocated funds to support purchase of literacy materials and career technical education program implementation and materials/supplies. This included an addition of food service classes at the community schools. Funds were also used to provide supplies for career exploration. Any unspent funds will be applied to summer programming.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

This goal for 2022-23 will support a contract for Rebekah Center which will support culinary arts career exploration and associated supplies costs for the Community School. This goal also will fund supplies and materials for college and career readiness programs to include career technical education and career exploration. The outcomes indicated in metrics are the same as 2021-22 and the goal has not changed.

# Annual Review

## SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The strategies listed in Goal Three were partially implemented. Translation devices were ordered to encourage communication with parents and families in home languages at meetings. Funding was also utilized to send translated materials to parents regarding parent meetings and other supplemental activities. Funding also was used to support PBIS implementation and incentives. These supported the goals of engaging students and parents.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were used to provide family resource libraries in multiple languages in lieu of field trips and family meetings. Funds set aside for education regarding culturally responsive teaching and learning were not utilized due to leadership transition. Funds were used to continue to engage students through summer programming and supplemental support for social and emotional and academic needs.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No changes will be made to the outcomes of this goal. Actions and strategies will continue to support EL parent and family engagement, social and emotional supports for students, and materials and supplies for parent meetings. Engaging families and students continues to be a priority in this goal.

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

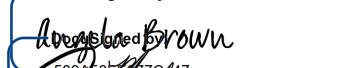

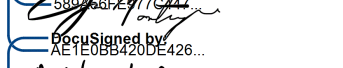

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
 <p>DocuSigned by: Douglas Brown 5899617E977C417...</p>	State Compensatory Education Advisory Committee
 <p>DocuSigned by: Michael Pressman AE1E0BB420DE426...</p>	English Learner Advisory Committee
 <p>DocuSigned by: Michael Pressman 2E64BB2B690B4D5...</p>	Special Education Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on March 24,2022.

# Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

## Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

### Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

### Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

## Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

*[This section meets the requirements for TSI and ATSI.]*

*[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]*

## Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

*[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]*

## Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

*[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]*

### Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

*[Completing this section fully addresses all relevant federal planning requirements]*

### Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

*[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]*

*[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]*

### Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

*[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]*

*[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]*

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

*[This section meets the requirements for CSI.]*

*[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]*

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

*[This section meets the requirements for CSI, TSI, and ATSI.]*

*[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

## **Annual Review**

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

## Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

*[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]*

## Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

*From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.*

## Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

*[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

# Appendix A: Plan Requirements

## Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

### Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
  - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
    1. The comprehensive needs assessment of the entire school shall:
      - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
      - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
        - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
        - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
        - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
        - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
        - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
  - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

### Requirements for the Plan

- II. The SPSA shall include the following:
  - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
    - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    - b. use methods and instructional strategies that:
      - i. strengthen the academic program in the school,
      - ii. increase the amount and quality of learning time, and
      - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
      - i. strategies to improve students' skills outside the academic subject areas;
      - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
      - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
      - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
      - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
  2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
  3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - 1. Ensure that those students' difficulties are identified on a timely basis; and
  - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

## Appendix B:

### Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at [SISO@cde.ca.gov](mailto:SISO@cde.ca.gov).

#### Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

#### Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

## **Additional Targeted Support and Improvement**

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

## **Single School Districts and Charter Schools Identified for School Improvement**

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
