Digital Citizenship Summit
Mar 07, 2014

Registration Closed

Share Facebook Twitter LinkedIn YouTube Add to Calendar Help

Please join your hosts Microsoft, YMCA-Project Cornerstone, and the Santa Clara County Office of Education for a highly engaging day of learning, conversation, and resource sharing on the topic of Digital Citizenship. The symposium features a keynote presentation, 20 minute quick-fire talks from experts with the latest research and trends of student online behavior, as well as a youth panel. You will also receive resources and training materials for immediate re-delivery at your schools!

Obtain resources to inform parents and engage all parts of the home and school communities to reinforce responsible use of social media. Apply the knowledge and resources gained at this event to guide the development of digital citizenship skills by your staff and students.

Key Learnings

- Retooling most of the process is what's needed to remain relevant
- Still have a lot to learn
- It's not the number of connections you make, it's the quality of those connections

With Gratitude...

- Kathy Sealana
- Laurene Beto
- CFL Planning Committee
- Every. Single. Presenter.
- Craig Blackburn
- Candice Harris
