INTRODUCTION
SCHOOL PROFILE

Sunol Community School serves high risk students in grades 6-12 who are referred per guidelines set forth in Education Code 1981 in San Jose and on the Gateway Campus in Gilroy. Reasons for referral typically include expulsion, truancy, behavior challenges, and probation. These students can also be defined in terms of Welfare and Institutions Codes 601, 602, 654, or 300.

There are two types of programs offered: the daily program and the independent study program. It is important for the students in the daily program to work in a classroom setting, interact with their peers and change classes similar to those of a comprehensive high school. However, the classes are still small enough where the students are able to receive one-on-one assistance from their instructor and/or paraeducator. The instructor not only provides academic instruction, but also emphasizes the skills needed to improve attendance and behavior.

Independent Study at Community School is an important component of the educational opportunities offered. Performance is evaluated based upon the quality and quantity of schoolwork submitted to the teacher. Students work at their own pace, often accomplishing more than the minimum requirement. While enrolled in the Independent Study Program students are required to meet with their teacher for at least one hour or more per week.

This section of the Comprehensive School Safety Plan will describe programs in place at our school as well as strategies and programs of our school site council for continued improvement in providing a safe, orderly, school environment conducive to learning.
School Crime Status and Reporting

Safe/Orderly School Environment

County Community School Staff are committed to the safety of the campus. It is our priority. All staff are assigned to supervise students upon entrance, transition between classes, breaks, and exit from school. An administrator also contributes to student supervision throughout the school day. An administrator handles all student discipline.

Suspensions and Expulsions

The graphic below is from California’s new Dashboard Alternative School Status (DASS), which replaces the Alternative Schools Accountability Model (ASAM). The graphic below shows that the rate of suspension decreased by 0.6% in the 2018-19 school year.

PHYSICAL ENVIRONMENT

The Schools’ Location and Physical Environment

Sunol Community School is located at 258 Sunol Street, San Jose, CA 95126.

Gateway Community School is located at 7151 Hanna Street, Gilroy, CA 95020

Description of School Grounds

During the school day, staff members and the administrator provide campus supervision. Administration is an active participant in the San Jose Gang Prevention Task Force. Students, with the supervision and coaching of Community School staff, participate in school sports teams.

It is the practice of the Community School to remove all graffiti from school property before students arrive to begin their school day. Other acts of vandalism are promptly addressed.

Maintenance of School Buildings/Classrooms

SCCOE’s school facilities are well maintained and generally look neat and clean. Schools were painted and renovated during the 2013-2014 school year. SCCOE personnel periodically examine the school’s physical facility and help eliminate obstacles to school safety. Additionally, health and fire department inspectors contribute to school safety.

The classrooms are monitored for safety and appearance by the administration and individual classroom teachers. The students take pride in the appearance of the school.

Internal Security Procedures

The Santa Clara County Office of Education has established procedures in the following areas: suspension and expulsion procedures, inventory system, and additional pertinent data is found in the School Accountability Report Card updated on a yearly basis.

Because Community Schools receive the most vulnerable students, our first priority is the safety of our campus. Learning cannot take place if behavior is inappropriate for a school setting. The Community Schools have taken many steps to develop a positive school climate that promotes respect for diversity, personal and social responsibility, effective interpersonal and communication skills, self-esteem, anger management, and conflict resolution. Behavioral expectations and consequences for their violation have been established. Curriculum has been adopted and implemented that emphasizes prevention and alternatives to violence. And prevention and intervention strategies related to drug and alcohol use have been addressed. A brief explanation of these strategies follows.

A Parent & Student Handbook is given to every newly enrolled student and parent at the time of orientation. In that Handbook behavior expectations and consequences are addressed. All staff have received instruction on this Handbook as well as monthly discussions of classroom management strategies at faculty meetings. Community Schools have created a tiered approach to student discipline which starts, when appropriate, with a personal conversation. Parents become involved if the student behavior problems continue, potentially resulting in the parent attending class with their
child for a portion of the school day. Every attempt is now made to discipline without suspending.

Community School has formed partnerships with local community based organizations that provide a variety of adjunct services to the students and families at Community School. They also provide mediation services that have successfully addressed the tensions inherent to a campus that enrolls multiple rival gangs. A community based organization provides counseling for both mental, health and substance abuse dependency.

Community School maintains a copy of SCCOE’s sexual harassment policy in the main office/principal's office and the policy is available on request. The Santa Clara County Office of Education’s Sexual Harassment Policy contains dissemination plans, applicable definitions, reporting requirements, investigation procedures, enforcement regulations, and information related to suspension and/or expulsion for sexual harassment of or by students. Additionally, a notice summarizing this sexual harassment policy appears in the Parent & Student Handbook. The parent student handbook is distributed at the beginning of each school year to all parents and students.

Included in this Safe School Plan is a school map established by the School Site Council indicating safe entrance and exit areas for students, parents and school employees (Refer to Appendix A for School Safety Maps).

To ensure the safety of students and staff, all visitors to the campus, except students of the school and staff members, shall register immediately upon entering any school building or grounds when school is in session. SCCOE employees not assigned to Community School shall wear appropriate identification badges while on campus conducting business.

Discipline procedures shall focus on finding the cause of problems and working with all concerned to reach the proper, lawful solutions. The school’s discipline plan begins at the classroom level. Teachers shall use a visible classroom management plan to communicate classroom rules, promote positive student conduct, and reduce unacceptable conduct. Appropriate consequences are administered based on the seriousness of the student’s misbehavior.

Student conduct standards and consequences for Community Schools are specifically described in this Comprehensive Schools Safety Plan including: (a) the adopted school discipline rules and procedures, (b) SCCOE Disciplinary Guidelines, and (c) the adopted school-wide dress code.

Students may be suspended, transferred to another school, or returned to district for certain acts.

Site administrators contribute to a positive school climate, promote positive student behavior, and help reduce inappropriate conduct. The principal/designee uses available district and other appropriate records to inform teachers of each student identified under E.C. 49079.

Law enforcement is contacted and consulted to help maintain and to promote a safe and orderly school environment. Community School employees comply with all legal mandates, regulations, and reporting requirements for all instances of suspected child abuse.

Additional internal security procedures affecting the integrity of the school facility include: telephones in every classroom and a security system operational during non-school hours.
Community involvement is encouraged to help increase school safety. During every student’s enrollment process, parents and guardians are extended an invitation to participate in meetings at Community School as well as participate in their child’s classroom activities.

Therapeutic counseling services are provided to Community School students by the school’s Mental Health Counselor. There is no charge to the students for these services and when appropriate students are linked to additional community resources. Individual and group counseling services are available to interested students.

**SCHOOL CLIMATE**

**The School’s Social Environment**

Leadership at Community School is a shared process. A proactive role is assumed in all phases of the school operation. The current management team is committed to developing Community School toward excellence in the areas of academic and social behavior.

The principal sets a positive tone for the school, guides the staff and works closely with them on curriculum and school safety issues. The school site’s organizational structure is open and flexible contributing to sensitivity concerning school safety issues and promoting a safe, orderly school environment conducive to learning.

**Disaster Procedures, Routine and Emergency**

A contingency plan for emergencies is contained in a handbook available to each staff member. The SCCOE’s Emergency Response Plan (ERP) is listed in the last section of this plan. The plan is reviewed at the beginning of each school year. This plan also contains available SCCOE and outside agency resources, emergency disaster procedures and information on Standardized Emergency Management System (SEMS).

**Classroom Organization and Structure**

Community School teachers provide a varied learning environment in their classrooms. Teachers use a variety of teaching strategies including: direct instruction of class, small group or individual students, using projects, presentations, hands-on activities, portfolios, journals, creative writing, art, and displays.

The teachers at Community School are highly qualified, with many teachers holding advanced degrees. The staff is united in their desire to provide quality education for all students. Classrooms and teachers provide a safe, orderly learning environment, enhance the experience of learning, and promote positive interactions amongst students and staff. Instructional time is maximized and disruptions are minimized.

**The School’s Cultural Environment**

There is a high level of cohesiveness among the staff members at Community School. Cooperation and support between teachers and the administration is evident. Efforts are made by the
administration and staff to show support for all students.

All students are expected to behave in a manner that promotes safety and order. Students are encouraged to bring problems to the principal, counselor, teacher or other staff members. The everyday goal is for the staff to be proactive rather than reactive in all situations of concern.

The academic and behavior efforts of students are recognized and rewarded.

A Student Leadership Team exists at each site to help communications, and decision-making at each site.

SAFETY STRATEGIES
SAFETY STRATEGIES

Introduction

Safe Schools are orderly and purposeful places where students and staff are free to learn and teach without the threat of physical and psychological harm. Community School promotes educationally and psychologically healthy environments for all students. Community School recognizes there are comprehensive, broad factors directly related to a safe school environment such as the school facility, school programs, staff, parents and the community. Community School further recognizes that safe school practices make major contributions to academic and school improvement efforts.

Although keeping students safe requires a community-wide effort, schools are an important piece of the undertaking to keep students safe. Community School’s efforts are illustrated below which broaden the safety planning and incorporate an expansive range of strategies and programs in the school safety plan.

SCHOOL SAFETY STRATEGY #1

Positive student interpersonal relations are fostered by teaching social-personal skills, encouraging students to feel comfortable assisting others to get help when needed and teaching students alternative, socially appropriate replacement responses to violence, including, but not limited to problem solving and anger control skills. When appropriate, staff members shall make referrals to recognized community agencies and/or counseling and mental health resources in the community to assist parents/students with issues prevention and intervention. The school uses a variety of methods to communicate to students, parents, and the greater community that all students are valued and respected.

Preventing and Intervening: Student Aggressive Behavior

Creating a safe school requires having in place many preventive measures for student’s mental and emotional problems. Schools can reduce the risk of violence by teaching students appropriate strategies for dealing with feelings, expressing anger in appropriate ways and resolving conflicts.

Staff members at SCCOE have received training in conflict resolution and confrontation skills. Staff use a comprehensive approach to school violence prevention. Students are identified in their school career using measures shown to be highly effective in identifying students with antisocial and aggressive tendencies. These measures include: (a) number of disciplinary referrals to office, (b) observed aggressive behavior, (c) teacher observation, and (d) behavior documentation received from the referring district.
Professional Development

The Santa Clara County Office of Education provides professional development for teachers, parents, and community members. Amongst the goals of such programs are to help others establish and nurture a healthy sense of self confidence and self-control, to develop personal and social responsibility and to enhance academic success.

Student Recognition Programs

Community School offers several recognition and award programs such as the Academic Honors Night and school site community dinners.

SCHOOL SAFETY STRATEGY #2

Procedures, programs and strategies used to help eliminate problems of bias or unfair treatment of students by staff and by peers because of ethnic group, gender, race, national origin, social class, religion, disability, sexual orientation, physical appearance, color, ancestry, parental status, or other relevant characteristics. The school provides a way for each student to safely report and, be protected after reporting, troubling behaviors that the student thinks may lead to dangerous situations, such as potential school violence.

Nondiscrimination and Fair Treatment of Students

A major source of conflict in many schools is the perceived or real problem of bias and unfair treatment of students because of ethnicity, gender, race, social class, religion, disability, nationality, sexual orientation, physical appearance, or some other factor. Effective schools convey the attitude that all students can achieve academically and behave appropriately, while at the same time appreciating individual differences. Effective schools communicate to students and the greater community that all students are valued and respected.

In order to maximize the successful education of all students and help they become productive citizens and lifelong learners in a diverse society, all individuals including students, parents, staff, and community members:

- Shall be treated with dignity, respect and fairness;
- Shall encourage and maintain high expectations;
- Shall model an appreciation for socio-economic, cultural, ethnic, gender and religious diversity;
- Shall contribute to an environment of mutual respect, caring and cooperation.

Students, parents, staff and community members shall join together to share a sense of belonging and take pride in our schools, facilities and programs through participation and cooperation in support of the education of all students.

A copy of the “Parent Student Handbook” is provided to each parent/student annually or upon enrollment. This handbook includes information pertaining to student rights to physical safety, to the protection of personal property, to respect from adults, and to be free of discrimination on the basis of gender, race, color, religion, ancestry, national origin, ethnic group, marital or parental status,
physical or mental disability, sexual orientation or the perception of one or more of such characteristics. The Santa Clara County Office of Education’s policies on nondiscrimination and sexual harassment support these protections and serve to promote the fair treatment of all students.

**Discipline Policy and Code**

Effective and safe schools develop, and consistently enforce, school-wide rules that are clear, broad-based, and fair. School safety can be enhanced by the development of a school-wide disciplinary policy that includes conduct, specific rules and consequences that can accommodate student differences on a case-by-case basis when necessary. Discipline consequences should be commensurate with the offense, should be written, applied in a nondiscriminatory manner, and accommodate cultural diversity. Direct teaching and social problem solving and social decision-making is now a standard feature of effective drug and violence prevention programs.

SCCOE uses both classroom and school-wide discipline codes that clearly communicate the behavioral expectancies and consequences for students. Staff have developed plans to promote positive behaviors on the playground, lunchroom, hallways, and assembly areas.

**SCHOOL SAFETY STRATEGY #3**

*Community School’s administrators, teachers, families, students, support staff, and community members recognize and make appropriate use of the early warning signs related to violence, substance abuse, and other at-risk concerns.*

**Disaster Planning**

The staff of Santa Clara County Office of Education shall increase school safety by evaluating and addressing serious behavioral and academic concerns. Weapons (on campus and in the community), bomb threats, explosives, fights, natural disasters, accidents, and suicides call for immediate, planned action, and long-term, post-crisis intervention. Planning for such contingencies reduces chaos and trauma.

The schools benefit from the Santa Clara County Office of Education's Earthquake Disaster Crisis Response Plan (EDCR). The EDCR Plan includes information on how to respond to a crisis. Risk factors, response and contingency plans, quick response designs, parent contacts, debriefing, suicide/threat response, violence/aggression response and training/drills to become aware of warning signs are among the areas addressed.

**California Safe Schools Assessment**

Community School actively participates in the California Safe Schools Assessment. Data is collected, reported, and reviewed on all crimes committed on the school campus. Community School recognizes that a safe school continually assesses its progress by identifying problems, collecting information regarding progress toward solutions, and by sharing this information with students, families, and the community at large.
**Teacher Notice of Disciplinary History**

The referring school/district shall provide to the administration of Community School information on each student who has: (1) during the previous three school years, engaged in any suspendable or expellable act (except E.C. 48900 (h)) or (2) committed a crime reported to the Santa Clara County Office of Education by a family member, local law enforcement, Probation Department or social services. This information is used to develop awareness, assigning appropriate discipline consequences, help in allocating resources, and is a factor in determining which services are provided to the student or recommended to the parent/guardian.

**Gang Affiliation**

Gang affiliation and gang activity will not be tolerated at any SCCOE school. The staff at Community Schools shall work closely with the local law enforcement/Gang Unit regarding all issues and matters that are gang related. Information from the school and the community shall be communicated to the student's parents, if the student begins to make gang affiliations. Appropriate prevention and intervention strategies and programs shall be offered to the families.

**Gangs and Graffiti**

Community School uses its links with the high schools to enhance its effort to curb gang influence.
Drug and Violence Prevention Programs

The goals of SCCOE’s Drug Alcohol and Tobacco Education Program and other related community programs include providing all students with a comprehensive drug and violence prevention program and providing all students in grades four through eight with a comprehensive tobacco use prevention education.

SARB Programs

Community School recognizes the importance of punctuality and regular attendance. The staff of Community School shall accurately record the attendance record for all students. Parents of students with poor attendance will be contacted. Students with poor attendance due to medical issues will be referred to the school administrator. Should attendance problems continue official action is to be taken, which could result in a referral of the student back to their referring school district.

One of the main purposes of Community School’s SARB process has been to redirect pupils with attendance issues. Without some type of intervention, these pupils are more likely to enter into the juvenile justice system. Consequently, the students with severe absenteeism fall under the court’s jurisdiction.

Community School’s SARB is made up of administration, teachers, probation, security and the District Attorney’s representative.

SCHOOL SAFETY STRATEGY #4

Plan(s) and method(s) are available to identify isolated and troubled students, help foster positive relationships between school staff and students, and promote meaningful parental and community involvement.

Parent/Guardian Involvement

Staff members in effective and safe schools make persistent efforts to involve parents/guardian by: informing them about discipline policies, procedures, and rules, and about their student’s behavior, desirable and undesirable; involving them in making decisions concerning school-wide disciplinary policies and procedures; and encouraging them to participate in prevention programs, intervention programs and crisis planning.
SCCOE Schools
- Effectively use the School Site Council
- Notify parents about, and encourages participation in parenting programs.
- Have established a school visitation procedure.
- Provide a newsletter to parents.
- Use the School Accountability Report Card as a procedure to communicate to parents.
- Provide several opportunities for Teacher-Parent Conferences.

Each classroom is arranged to help prevent aggressive behavior. High traffic areas are free of congestion. Students are in full view of the teacher so the teacher can easily monitor students’ behavior. Teaching materials and student supplies are readily accessible to minimize student-waiting time. Seats are arranged so students can easily see instructional presentations and to reduce the opportunity for off-task behavior.

Parent Training: Promoting the Use of Community Resources

The Santa Clara County Office of Education advocates for the provision of community resources to help maximize the development of positive behavior and the suppression of antisocial behavior. Such training promises to maximize the parent’s contribution to academic excellence and noteworthy social-development.

Problem Solving Teams

School communities can enhance their effectiveness by identifying factors that result in violence and other problem behaviors. Collaborative problem-solving teams are viewed as essential to successful prevention and intervention with aggressive behavior. Santa Clara County Office of Education schools utilizes a student study team to help address issues of problem behavior. These problem-solving efforts bring together school staff, parents, and when appropriate, involved community-based agencies and the student. The goal is to help identify, clarify, analyze and resolve issues concerning student, educational and familial concerns. The student study team is flexible enough to address individual problems and school-wide matters.

Community Linkages

When working with parents and students with specific issues, the staff at Community School will provide information to the families regarding available community resources.
SCHOOL SAFETY STRATEGY #5

Specific employees, such as Community School’s sheriff and probation officer, use unique strategies to promote school safety.

Campus Supervisor and Administrative Positions

Schools can enhance physical safety by monitoring the surrounding school grounds including landscaping, parking lots, and bus stops. Students can also be a good source of information. Peers often are the most likely group to know in advance about potential school violence.

Community Schools employ principals whose job is designed to help increase school safety, prevent prohibited offenses, and promote positive student relationships. The principal has developed procedures to monitor the school campus, the surrounding areas, and have designated the safe entrance and exit routes to school. Furthermore, recognizing that students are often the first to know of dangerous plans or actions, the principal at Community School are available for a student to safely report troubling behaviors that may lead to dangerous situations.

Effective relationships between the principal and students help initiate appropriate investigations, help staff learn of suspects in school offenses, and help collect important knowledge about community conflicts that may have an impact on school safety.

Campus Disturbances and Crimes

Community Schools recognize that campus disturbances and crimes may be committed by visitors and outsiders to the campus. Several steps have been taken to protect the school, staff, and students from safety threats by individuals visiting the campus area. In addition, disputes often occur because of parental custody disputes. The staff of Community Schools will maintain in the student’s record custody documentation provided by families and will request assistance from local law enforcement and the Office of Child Welfare and Attendance as needed.

Visitors and Disruptions to Educational Process

The SCCOE is aware of the laws, policies and procedures, which govern the conduct of visitors to the school campus. Community Schools uses continuing efforts to minimize the number of campus entrance and exit points used daily. Access to school grounds is limited and supervised on a regular basis. Campus traffic, both pedestrian and vehicular, flows through areas that can be easily and naturally supervised. Delivery entrances used by vendors are also checked regularly. The campus has perimeter fencing.

To ensure the safety of students and staff and avoid potential disruptions, all visitors to the campus, except students of the school and staff members, must register immediately upon entering any school building or grounds when school is in session.

Community Schools have established a visible means of identification for visitors while on school premises (i.e. tag). Furthermore, the principal or designee may direct an individual to leave school grounds if he/she has a reasonable basis for concluding that the person is committing an act that is likely to interfere with the peaceful conduct of school activities or that the person has entered the campus with the purpose of committing such an act.
Community Schools have developed a notice for disruptive individuals and, when appropriate, exercises the authority to remove a visitor or outsider from the campus. Law enforcement is immediately contacted for individuals engaging in threatening conduct, including disturbing the peace.

Community Schools’ notice and removal system establishes sufficient documentation for civil law remedies as needed. For continuing disruptive behavior by a visitor or outsider, Community Schools shall contact the Santa Clara County Office of Education to determine whether to file for a temporary restraining order and injunction.

**SCHOOL SAFETY STRATEGY #6**

*At Community Schools, effective procedures will be followed to maintain a safe physical plant and school site.*

**Enhancing Physical Safety Practices**

Schools can enhance physical safety by adjusting traffic flow patterns to limit potential for conflicts or altercations. Schools can enhance physical safety by having adults visibly present throughout the school building. This includes encouraging parents to visit the school.

Schools can enhance physical safety by conducting a building safety audit. Recent safety audits of Community Schools have identified the following school safety procedures to maintaining a safe campus:

- Community Schools operate a closed campus, where students must have permission to leave the campus during school hours.
- Community Schools avoid leaving areas of the school unused.
- Community Schools have minimized blind spots around the school facility.
- Community Schools have installed an alarm system.
- Community Schools have set a priority to keep buildings clean and maintained.
- Community Schools have limited roof access by keeping dumpsters away from building walls.
- Community Schools have covered drain pipes so they cannot be climbed.
- Community Schools keep trees and shrubs closely trimmed to limit outside hiding places for people or weapons.
- Community Schools keep the school grounds free of gravel or loose rock surfaces.
- Community Schools have designed its parking lots to discourage traffic and to slow vehicles proceeding through the parking lot.
- Community Schools ensure vehicle access around the building(s) for night surveillance and emergency vehicles.
- Community Schools keep a complete list of staff members who have keys to building(s).
- Community Schools do not allow graffiti to remain on walls. The procedure involves following the three “R’s” after discovery of graffiti—read, record (photograph) and remove. Inflammatory bathroom graffiti is removed daily upon discovery.
- Community Schools have established two-way communication between the front office and each classroom.
RULES AND PROCEDURES
PRINCIPAL’S STATEMENT TO COMMUNITY SCHOOL STAFF EXPECTATIONS IN
DEVELOPING & MAINTAINING DISCIPLINE

As Principal of our school, I will expect:

Each teacher has a defined system of classroom management. A written description of this system, including representative examples of the progressive interventions you intend to employ, will be approved and filed by me. Whenever possible and appropriate, teachers are encouraged to use standards and systems that are consistent with other school members.

You can expect:

Each administrator (Principal and Director) to assist and support you in every reasonable way in developing, implementing, and refining that system as needed.

I will expect:

That when you refer a student for discipline:

1. The student has been made fully aware of classroom and school rules and knows what rules he/she has violated. When practical, students will be warned of behavior and given a replacement behavior, second warning to remind them of new behavior at the 3rd warning student should be sent to Principal for a meeting with the student.
2. Teachers within a school will discuss any continuing behavior problems and schedule a team conference with the student and parents when appropriate.
3. That information will be provided on the referral regarding previous actions you have taken regarding this specific issue.
4. You have exhausted the interventions at your disposal (i.e., you have done everything you can do) and you have followed the guidelines established by the administration and staff on what constitutes an appropriate behavior referral.
5. The behavior was so serious or so blatant as to make immediate removal from the classroom necessary.
6. The written referral will be explicit in stating the offense(s). Interventions taken will also be documented.
7. You will send the student out of class with a referral only if his/her continued presence in the class would disrupt or prevent teaching and/or learning.
8. If necessary, the referral will be delivered to the office at a time convenient to the staff member so that the issue may be handled most efficiently, causing a minimum of lost class time.

You can expect:

1. Each administrator to support your position in every reasonable way.
2. A response time on your referral of one, or at most, two days.
3. The availability of an administrator to discuss unresolved referrals after school on any given day.
4. That the administrator will exercise independent judgement regarding disposition of referrals.
I will expect:

1. That each teacher will go to the doorway of his/her classroom after each class period as often as possible and support appropriate student behavior in the hallway and outside.
2. That each staff member will hold students accountable for their behavior on the school grounds at all times.
3. Students are supervised by an adult at all times, including; bathroom, PE, breaks, field trips, entering and exiting campus when appropriate.

You can expect:

1. Administrator support, investigation, and follow-through as indicated.
2. A response to referrals from incidents outside the classroom to be the same as to those within.

PROCEDURES TO ENSURE A SAFE AND ORDERLY ENVIRONMENT

RULES AND PROCEDURES ON SCHOOL DISCIPLINE

- Behavior expectations and the consequences for not meeting expectations must be clearly communicated to all students and their parents (in writing as well as verbally).
- The severity of consequences for violating behavior expectations increases with each incident of inappropriate behavior.
- The consequences for violating behavior expectations should be severe enough to discourage students from making poor behavior decisions.
- Expectations and consequences should permit students an opportunity to eliminate inappropriate behavior.

ELEMENTS OF A GOOD DISCIPLINE PROGRAM

1. The program is focused upon making the entire campus, especially the classroom, a safe supportive and orderly environment for learning for students and staff.
2. Classroom authority is retained by the classroom teacher. (Administration’s role is to support, not to replace.)
3. Rules and procedures are clearly understood by staff and students.

Pursuant to Greene v. Camreta (2009) 588 F.3d 1011, any such interviews shall be conducted without the involvement of law enforcement and shall not be for the purpose of acting as an agent for a law enforcement investigation.

The purpose of the interview is to determine what protective measures, if any, are necessary to ensure the safety and well-being of the suspected victim. The interview shall not exceed the amount of time necessary to make that determination.

As provided in Penal Code 11174.3, the child shall be afforded the option of being interviewed in private or selecting any adult who is a member of the staff of the school, including any certificated or classified employee or volunteer aide, to be present at the interview. The purpose of the staff person's presence shall be to lend support to the child and enable him or her to be as comfortable as possible. However, the staff member shall not participate in the interview. The member of staff shall not discuss the facts of the case or circumstances with the child. The staff member is governed by the statutory confidentiality requirements contained in Penal Code 11174.3.

This order shall be in effect after the Department of Family and Children's Services has either attempted to obtain parental consent for the interview or has determined that seeking parental consent may endanger the safety or well-being of the child.

This order does not limit the cross reporting requirements of Penal Code section 11166, which shall be followed as directed by statute.

WHAT TO DO WHEN PROBLEMS APPEAR

Both behavioral and academic problems are present in some of our students. Teachers often ask for guidelines for dealing with these problems. Here they are:

1. Talk to the administrator.

2. Call parents at first sign of concern. Inform the parents of your observations, ask for their ideas, assistance, and support in serving the student. Keep a log of your calls.

3. Talk privately to the student about your concerns.

4. Behavior concerns—any official suspensions will be in Aries. Look for patterns of behavior. We use In-House Suspension whenever possible, as it is preferable to having students at home unattended. Serious infractions (fighting, threats, etc.) do result in official suspension as well as being cited by law enforcement. Unresponsive students can be moved to other schools or expelled after all efforts have been made for students to change behavior.

5. Referrals—please remember if you write a student referral, you are required to call the parents. You are writing the referral and can answer the parents’ questions firsthand. Administrators will also call parents, but we can only give secondhand information on the incident.

6. Academic Concerns—Look at Aries and transcript of student. This will contain test scores, report cards, and a student history. You may want to ask the grade level administrator to schedule a Student Study Team (SST). This will involve a meeting with the student, parents, administrators, students’ teachers, and perhaps the psychologist.
COMMUNITY SCHOOL STUDENT DRESS CODE

Students are expected to dress appropriately for school on a daily basis. In addition to common school dress expectations, additional guidelines have been implemented to assure a safe and tension-free environment.

CLOTHING: All clothing will be free of profanity, scenes depicting violence/sex/drugs, sports teams’ names/initials, or colors which may be construed to refer to a specific gang/skating or tagging crew. Clothing will cover the abdomen and buttocks and be free of any tears or holes that may reveal the skin in any inappropriate way. Male and female undergarments must be covered at all times.

HEADCOVERS: are not permitted.

SUN GLASSES: May be worn outside of the classroom but may never be worn while inside the classroom.

GLOVES: May be worn when the weather clearly reflects a need to keep the hands warm. They may be worn while outside, but never worn while in the classroom.

BELT BUCKLES: No belt buckle may be worn that bears letters, numbers, or any other insignia that depicts drugs/gangs/violence.

JEWERLY: No jewelry may be worn that violates any dress code listed.

No clothing that promotes a professional sports team, alcohol or tobacco product, drug usage, racism, violence, or illegal activity or local community or clothing that suggests gang/skating/tagging affiliation may be worn.

(Amended by Stats. 1992, Ch. 334, Sec.1.)
Attendance

The Santa Clara County Office of Education believes that regular attendance plays an important role in student achievement. SCCOE also recognizes its responsibility under the law to ensure that students attend school regularly. Parents/guardians of students 6 to 18 are obligated to send their students to school unless otherwise provided by law. SCCOE shall abide by all state attendance laws and may use appropriate legal means to correct the problems of excessive absence or truancy.

Absence from school shall be excused only for health reasons, family emergencies and justifiable personal reasons, as permitted by law.
Behavior

The Governing Board and County Superintendent believe that all students have the right to be educated in a positive learning environment free from disruptions. On school grounds and at school activities, students shall be expected to exhibit appropriate conduct that does not infringe upon the rights of others or interfere with the school program.

Behavior is considered appropriate when students are diligent in study, careful with school property, courteous and respectful towards their teachers, staff, students and volunteers.

Students will be expected to conduct themselves as if they were on a job. Horseplay and profanity will not be tolerated.

Prohibited student conduct includes but is not limited to:

1. Behavior that disrupts the orderly classroom or school environment
2. Behavior that endangers teachers, staff, parents, volunteers and/or students
3. Harassment of students or staff, including bullying, intimidation, hazing, or any other verbal, written or physical conduct that causes or threatens to cause bodily harm or emotional suffering
4. Damage, loss or theft of property belonging to the SCCOE, teachers, staff, parents, volunteers and/or students
5. Possession or use of laser pointers, unless used for a valid instructional or other school-related purpose, including employment
6. Profane, vulgar or abusive language
7. Plagiarism or dishonesty in school work or on tests
8. Inappropriate dress
9. Tardiness and unexcused absence from school
10. Failure to remain on school premises in accordance with school rules
11. Failure to follow safety procedures
12. Students who violate SCCOE or school rules and regulations may be subject to discipline, including but not limited to suspension
13. Students may be suspended from SCCOE schools:
   a) In possession of drugs, alcohol or any controlled substance
   b) In possession of a weapon or anything resembling a weapon
   c) Stealing
   d) Vandalizing (including tagging and graffiti)
   e) Showing disrespect or insubordination
Bullying

The Santa Clara County Office of Education believes that all students have a right to a safe and healthy school environment. The schools and community have an obligation to promote mutual respect, tolerance, and acceptance.

SCCOE will not tolerate behavior that infringes on the safety of any student. A student shall not intimidate or harass another student through words or actions. Such behavior includes: direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name-calling and social isolation or manipulation.

Students and/or staff are expected to immediately report incidents of bullying to the principal or designee. Staff are to immediately intervene when they see a bullying incident occur. Each complaint of bullying should be promptly investigated.

To ensure safety for all students on all SCCOE campuses teachers should discuss bullying with their students. Students who bully are in violation and are subject to disciplinary action up to and including expulsion.

Students are expected to immediately report incidents of bullying to the principal or designee.
Bullying Prevention

The following prevention tips are used by the schools within the Santa Clara County Office of Education.

Students:

1. If bullied, bring it to the attention of an adult. Telling is not tattling.
2. Tell a teacher, counselor, principal or have parents talk to the school.
3. Do not retaliate or get angry.
4. Respond evenly and firmly or say nothing and walk away.
5. Act confident.
6. Avoid unsupervised areas of school.

Parents:

1. Encourage your child to share problems with you; assuring them that telling is not tattling.
2. Maintain contact with the school. Keep a detailed record of bullying episodes and communication with the school.
3. Encourage you to child to participate in activities to improve esteem.

Schools:

1. Establish a bullying prevention committee.
2. Create a long-term anti-bullying plan and raise school awareness and involvement.
3. Involve parents in planning, discussions and action plans.
4. Establish classroom rules against bullying.
Campus Guidelines

Students shall:

1. Attend school punctually and regularly
2. Conform to the regulations of the school
3. Obey promptly all the directions of his/her teacher and others in authority
4. Observe good order
5. Be diligent in study
6. Respectful to his/her teacher and others in authority
7. Be kind and courteous to schoolmates
8. Refrain entirely from the use of profane and vulgar language.
Campus Visitors

All school visitors are required to check in at the school office as soon as they arrive. Parents must report to the school office and sign your child out. Parents who have a complaint are to request an appointment with the principal or designee. No disruption of school activities or verbal/physical assaults will be tolerated by visitors on campus. *(E.C.44810 and 44811) Administration* has the authority to direct non-students to leave campus. *(Penal Code Section 626.6)*

Administration may also direct persons to leave campus whose presence interferes with school activities, unless such a person is a parent of a child attending that school, is a student of the school, or has prior written permission of school administration. *(Penal Code Section 626.8)*
Classroom Discipline for Staff

The at-risk student is successful when certain elements are present. These include, but are not limited to, the following:

- Clearly define behavioral expectations;
- Immediate consequences when behavioral expectations are violated;
- Predictability in classroom routine;
- Planned, daily lessons/activities which are posted in the classroom;
- Immediate feedback;
- Respectful behavior and communication by all school personnel;
- Visuals that reflect student achievement;
- Clean, organized classroom;
- One-on-one communication when addressing behavior, outside the purview of others; and
- Frequent communication with and involvement of parents, probation, and all other pertinent ancillary agencies.

Consequences

They must always be previously defined and fairly and equally applied. At least one warning but no more than two warnings should precede the consequence. NO warnings precede a duplicated behavior problem. Giving chance after chance sends the wrong message and you will lose your credibility.

Establishing Teacher Control

You must establish yourself as the person in control of your classroom. You will not assume the position of the authority figure if you allow someone else to do all of the discipline for you. You must earn that authority. Authority will not automatically take place because you have the title, “teacher”.

How you earn this position depends on your individual personality. It can be done with humor, direct and stern talk, and so on. The important element within each technique is that you must ALWAYS say what you mean, mean what you say, be consistent, and ALWAYS follow-through.

Your students are used to being able to manipulate and will rarely assume responsibility for their actions. You must, therefore, provide the boundaries necessary to stop manipulation and promote accountability. That can only be achieved if your message is consistent and predictable. Once the student is convinced that you indeed say what you mean and follow-through, he/she will believe what you say when you are saying it.
The at-risk student is defiant and lacks the will or ability to establish and maintain appropriate behavior boundaries. Those boundaries must be established for them.

It is not cruel to insist:

- Upon academic rigor that is at an achievable high level;
- That student conduct themselves in a polite and civil manner; and
- That their speech excludes the use of vulgarity.

The teacher must encourage and reinforce the concept that your students can achieve despite the sordid details of their young lives. Remember, it is this lower expectation that earned them a place in your classroom. Once authority has been established, the at-risk student will comply, focus and achieve.

**Suggested Strategies to Provide Classroom Structure**

There are several strategies that can be used to provide the type of learning container that allows the at-risk student to succeed.

**Behavior/Rules**

- Draft behavior rules (5 or less), review and distribute to all students;
- Post behavior rules in classroom;
- Consistently enforce behavior rules;
- Clearly define what your warning will be when a behavior rule is violated;
- Immediately and consistently consequence behavior problems;
- Create a seating chart and rarely allow students to sit where they want;
- Individual desks encourage control – tables do not;
- Post school rules and school dress codes and enforce them;

**Environment**

- Never allow students to leave their desks without first receiving permission to do so;
- Never allow students to roam your school site during class unescorted;
- Establish break times and adhere to them (it should be a rare occasion that a student leaves your classroom during class instruction);

**Emotion**

- Never allow anger to be expressed in the classroom (remove the student and talk with him/her until he/she calms down);
- Eliminate, either permanently or for a prescribed amount of time, any activity where acting-out seems to regularly occur;
**Para educator**

- Never establish yourself as the student’s “friend” because you will be seen as betraying them when you discipline them;
- Never use vulgarity or anger in a student’s presence (you must teach appropriate behavior, not duplicate poor behavior);
- Never talk “over” the voices of your students – insist on quiet when you speak;
- Reward positive behavior in age-appropriate ways;
- Exercise your right to search each student if you find a frequency of illegal items being brought into the classroom; and
- When your back is to your class, your para educator should be watching the class;
- Para educators should be at the opposite position where the teacher is in the classroom; The disciplining of a student should be shared by para educator and teacher and should never be the sole duty of the para educator (to establish yourself as the person in control, you must be involved in the discipline of your students);

**Reporting/Contact/Involvement**

- Report behavior concerns to the administrator the day they occur;
- Make contact with the student’s probation officer to establish a relationship;
- Establish an expectation of the parent’s involvement and involve them regularly;

**Expectation**

- Expect learning and expect good behavior

**Probation and Parents**

Establish an agreed upon routine for reporting student conduct to probation. At minimum, it should be weekly and a written report should be sent so it can be placed in the ward’s probation file. The FIRST behavior problem should be immediately reported to probation. The SECOND behavior problem should result in you meeting with the student and the probation officer.

**Structure**

The key to success in creating a functional classroom of at-risk students is “structure”. Structure includes predictability, routine, and consistency.

Not all at-risk students present themselves in the same way in a classroom. Some are quiet, some are loud, some are shy, some are bullies, some are sad and some are mad. Despite the differences in their presentations, they all succeed in the same type of environment—one that is structured, predictable, and routine. When a student’s personal life is in chaos, for whatever reason, the only environment that contains and calms that life is one that is structured. Structure provides personal safety and when a
students feel safe, they can then stop acting-out. Once the acting-out stops the student starts to succeed.

Classroom Disruption/Insubordination

The Santa Clara County Superintendent of Schools or the principal of a school in which a student is enrolled determines that a student has disrupted school activities or otherwise willfully defined the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties, may be suspended.
Code of Safety and Conduct

The Santa Clara County Office of Education recognizes the importance of providing a safe school environment that is conducive to learning and helps ensure student safety and the prevention of student injury. Appropriate practices have been implemented to minimize the risk of harm to students, including, but not limited to, practices relative to school facilities and equipment, the outdoor environment, educational programs, and school-sponsored activities.

Staff are responsible for the proper supervision of students during school hours, school-sponsored activities, and while students are using contracted bus transportation to and from school.

The Santa Clara County Office of Education shall ensure that students receive appropriate instruction on topics related to safety, as well as injury and disease prevention.
Communications Home/School

The Santa Clara County Office of Education recognizes that notifications are very important to effectively communicate between the school and the home. The Superintendent or designee shall send students and parents/guardians all notifications required by law, including notifications about their legal rights, and any other notifications he/she believes will promote parental understanding and involvement.

Communication is available in English, Spanish and Vietnamese.
Communications Parent/School

The Santa Clara County Office of Education recognizes that parent communication between the parent and the school is important. Parents are invited to telephone their student's school for information regarding their child.

Parents are invited to participate in our School Site committee, DLAC and ELAC committees. Parents are also phoned once a month to update student progress both positive and negative. Students’ grades are sent home quarterly to inform parents on their child’s progress.
Conflict Resolution

To promote student safety and contribute to the maintenance of a positive school climate, the Santa Clara County Board of Education encourages the development of school-based conflict resolution programs designed to help students learn constructive ways of handling conflict. SCCOE believes that programs can reduce violence and promote communication, personal responsibility and problem-solving skills among students.
Classroom Disruption/Insubordination

The Santa Clara County Superintendent of Schools or the principal of a school in which a student is enrolled determines that a student has disrupted school activities or otherwise willfully defined the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties, may be suspended.
The Santa Clara County Office of Education shall ensure that students are provided with academic counseling. This will help students establish immediate and long-range educational plans, achieve academic standards, prepare for the high school exit examination and complete the required curriculum in accordance with their individual needs, abilities, and interests. Parents/guardians shall be included when making educational plans as much as possible.

The guidance counselor will assist students to plan for the future and become aware of their career potential.

Counseling staff shall identify and work with students whose personal problems may prevent them from reaching their potential. As appropriate, students shall be informed about agencies that offer qualified professional assistance with substance abuse, physical or emotional problems, or other personal problems.

SCCOE also recognizes the needs for a prompt and effective response when students are confronted with a traumatic incident. Early identification and intervention shall be developed to help identify those students who may be at risk for violence so that support may be provided before the student engages in violent or disruptive behavior.
Physical Education Equipment

Replacement of equipment or modification of components inside the existing physical education area shall conform to the playground-related standards set forth by the American Society for Testing and Materials and the playground-related guidelines set forth by the United States Consumer Product Safety Commission.
Safe Ingress to and Egress from School

Most students arrive at their school site by bus. Some students drive themselves to school and a few students are driven to school by group home employees. Group home vans and cars have been directed to drop their clients off at the entrance of the school.

One campus is shared with special needs students and some students are driven to school by parents or guardians. All cars are directed to enter the school parking lot and exit the school parking lot in a specific pattern that does not conflict with the bus delivery of the special needs students. Students exit the site through the school entrance and are directed to the sidewalk via a ramp that connects the public sidewalk to the school entrance.

Teachers and staff supervise both student ingress and egress to and from school.
Food/Drinks on Campus

The Superintendent recognizes the link between student health and learning and desires to provide a comprehensive program promoting healthy eating and physical activity for SCCOE students. The Superintendent or designee shall build a coordinated school health system that supports and reinforces health literacy through health education, physical education, health services, nutrition services, psychological and counseling services, health promotion for staff, a safe and healthy school environment, and parent/guardian and community involvement.

SCHOOL HEALTH COUNCIL/COMMITTEE

Policy related to student wellness shall be developed with the involvement of parents/guardians, students, school food service professionals, school administrators, County Office representatives, and members of the public. (42 USC 1751)

The Superintendent or designee may appoint a school health council or other committee consisting of representatives of the above groups. The council or committee may also include SCCOE administrators, health professionals, school nurses, health educators, physical education teachers, counselors, and/or others interested in school health issues.

The school health council or committee shall assist with policy development and advise SCCOE on health-related issues, activities, policies, and programs. At the discretion of the Superintendent or designee, the council’s charges may include planning and implementing activities to promote health within the school or community.

NUTRITION EDUCATION AND PHYSICAL ACTIVITY GOALS

The Superintendent shall adopt goals for nutrition education, physical activity, and other school-based activities that are designed to promote student wellness in a manner that SCCOE determines appropriate. (42 USC 1751)

SCCOE’s nutrition education and physical education programs shall be based on research, consistent with the expectations established in the state’s curriculum frameworks, and designed to build the skills and knowledge that all students need to maintain a healthy lifestyle.

Nutrition education shall be provided as part of the health education program in grades K-12 and, as appropriate, shall be integrated into core academic subjects.

All students in grades K-12 shall be provided opportunities to be physically active on a regular basis. Opportunities for moderate to vigorous physical activity shall be provided through physical education, recess, and other structured and unstructured activities.
The Superintendent or designee shall encourage staff to serve as positive role models. He/she shall promote and may provide opportunities for regular physical activity among employees.

Professional development shall include instructional strategies that assess health knowledge and skills and promote healthy behaviors.

To encourage consistent health messages between the home and school environment, the Superintendent or designee may disseminate health information to parents/guardians through school newsletters, handouts, parent/guardian meetings, SCCOE or school website, and other communications. Outreach to parents/guardians shall emphasize the relationship between student health and academic performance.

The Board prohibits the marketing and advertising of non-nutritious foods and beverages through signage, vending machine fronts, logos, scoreboards, school supplies, advertisements in school publications, coupon or incentive programs, or other means.

NUTRITION GUIDELINES FOR FOODS AVAILABLE AT SCHOOL

The Board shall adopt nutrition guidelines selected by SCCOE for all foods available on each campus during the school day, with the objective of promoting student health and reducing childhood obesity. (42 USC 1751)

The Board believes that foods and beverages available to students at SCCOE schools should support the health curriculum and promote optional health. Nutrition standards adopted by SCCOE for all foods and beverages sold to students, including foods and beverages provided through SCCOE’s food service program, student stores, vending machines, fundraisers, or other venues, shall meet or exceed state and federal nutrition standards.

The Superintendent or designee shall encourage school organizations to use healthy food items or non-food items for fundraising purposes. He/she also shall encourage school staff to avoid the use of non-nutritious foods as a reward for students’ academic performance, accomplishments, or classroom behavior.

School staff shall encourage parents/guardians or other volunteers to support SCCOE’s nutrition education program by considering nutritional quality when selecting any snacks which they may donate for occasional class parties and by limiting foods or beverages that do not meet nutritional standards to no more than one food or beverage per party. Class parties or celebrations shall be held after the lunch period when possible.
GUIDELINES FOR REIMBURSABLE MEALS

Foods and beverages provided through federally reimbursable school meal programs shall meet or exceed federal regulations and guidance issued pursuant to 42 USC 1758(f)(1), 1766(a), and 1779(a) and (b), as they apply to schools. (42 USC 1751)

In order to maximize SCCOE’s ability to provide nutritious meals and snacks, all SCCOE schools shall participate in available federal school nutrition programs, including the National School Lunch and School Breakfast Programs, to the extent possible.

PROGRAM IMPLEMENTATION AND EVALUATION

The Board shall establish a plan for measuring implementation of the policy. The Superintendent shall designate at least one person within SCCOE and at each school who is charged with operational responsibility for ensuring that the school sites implement SCCOE’s wellness policy. (42 USC 1751)

The Superintendent or designee shall recommend for Board approval specific quality indicators that will be used to measure the implementation of the policy at each SCCOE school. These measures shall include, but not limited to, an analysis of the nutritional content of meals served; student participation rates in school meal programs; any sales of non-nutritious foods and beverages in fundraisers or other venues outside SCCOE’s meal programs; and feedback from food service personnel, school administrators, the school health council, parents/guardians, students, and other appropriate persons.

The Superintendent or designee shall report to the Board at least every two years on the implementation of this policy and any other Board policies related to nutrition and physical activity.

POSTING REQUIREMENTS

Each school shall post SCCOE’s policies and regulations on nutrition and physical activity in public view within all school cafeterias or in other central eating areas. (Education Code 49432)

(a) The principal of a school or the principal’s designee shall, prior to the suspension or expulsion of any student, notify the appropriate law enforcement authorities of the county or city in which the school is situated, of any acts of the student that may violate Section 245 of the Penal Code.

(b) The principal of a school or the principal’s designee shall, within one school day after suspension or expulsion of any student, notify, by telephone or any other appropriate method chosen by the school, the appropriate law enforcement authority of the county or the school district in which the school is situated of any acts of the students that may violate subdivision (c) or (d) or Section 48900.

(c) Notwithstanding subdivision (b), the principal of a school or the principal’s designee shall notify the appropriate law enforcement authorities of the county or city in which the school is located of any acts of a student that may involve the possession or sale of narcotics or of a controlled substance or a violation of Section 626.9 or 626.10 of the Penal Code.

(d) A principal, the principal’s designee, or any other person reporting a known or suspected act described in subdivision (a) or (b) is not civilly or criminally liable as a result of a making any report authorized by this article unless it can be proven that a false report was made and that the person knew the report was false or the report was made with reckless disregard for the truth or falsity of the report.

(e) The willful failure to make any report required by this section is an infraction punishable by a fine to be paid by the principal or principal’s designee who is responsible for the failure of not more than five hundred dollars ($500).

(f) The principal of a school or the principal’s designee reporting a crime act committed by a school age individual with exceptional needs, as defined in Section 56026, shall ensure that copies of the special education and disciplinary records of the pupil are transmitted, as described in paragraph (9) of subsection (k) of Section 1415 of Title 20 of the United States Code, for consideration by the appropriate authorities to whom he or she reports the criminal act. Any copies of the student’s special education and disciplinary records may be transmitted only to the extent permissible under the federal Family Education Rights and Privacy Act of 1974 (20 U.S.C. Sec. 1232g et seq.).

The principal of a school or the principal’s designee shall, notify the appropriate law enforcement authorities of the county or city in which the school is located of any acts of a student that may involve the possession or sale of narcotics or of a controlled substance or a violation of Section 626.9 or 626.10 of the Penal Code.
Zero Tolerance

Although the term “zero tolerance” does not appear in law, the federal Gun-Free Schools Act (20 USC 7151) requires that a student who brings a firearm to school be expelled for one year. Education Code 48915(c) also requires the mandatory suspension and recommendation for expulsion of students who possess, sell or furnish, brandish a knife*, sell a controlled substance, commit or attempt to commit a sexual assault or sexual battery, or possess an explosive.

The Santa Clara County Office of Education supports a zero tolerance approach to serious offenses. This enables the removal of potentially dangerous students from the classroom to a top priority and ensures the standardized treatment of all students.

- Per California Education Code 4815(g) a knife is defined as: Any dirk, dagger, or other weapon with a fixed sharpened blade fitted primarily for stabbing, a weapon with a blade longer than 3 ½ inches, a folding knife with a blade that locks into place, or a razor with an unguarded blade.
EMERGENCY PROCEDURES

INITIAL RESPONSE TO EMERGENCIES

When an emergency situation occurs, school personnel must quickly determine what initial response actions are required. Determining the appropriate actions to take is a three-step process: 1) identify the type of emergency; 2) identify the level of emergency; and 3) determine immediate action(s) that may be required. Each of these steps is discussed below.

IDENTIFY TYPE OF EMERGENCY

The first step in responding to an emergency is to determine the type of emergency that has occurred. Emergency procedures for the 18 different types of emergencies are listed below:

- Aircraft Crash
- Animal Disturbance
- Armed Assault on Campus
- Biological or Chemical Release
- Bomb Threat
- Disorderly Conduct
- Earthquake
- Explosion/Risk of Explosion
- Fire in Surrounding Area
- Fire on School Grounds
- Flooding
- Loss or Failure of Utilities
- Motor Vehicle Crash
- Psychological Trauma
- Suspected Contamination of Food or Water
- Threat of Violence
- Unlawful Demonstration/Walkout

IDENTIFY LEVEL OF EMERGENCY

The second step in responding to an emergency is to determine the level of the emergency. For schools, emergency situations can range from a small fire to a major earthquake. To assist schools in classifying emergency situations, a three-tiered rating system is described below.

**Level 1 Emergency:** A minor emergency that is handled by school personnel without assistance from outside agencies, e.g., a temporary power outage, a minor earthquake, or a minor injury in the play yard. Guidelines to manage Level 1 (Crisis) are described in the Crisis Response Checklist.

**Level 2 Emergency:** A moderate emergency that requires assistance from outside agencies, such as a fire or a moderate earthquake, or a suspected act of terrorism involving the dispersion of a potentially hazardous material, e.g., “unknown white powder”.

**Level 3 Emergency:** A major emergency event that requires assistance from outside agencies such as a major earthquake, civil disturbance or a large-scale act of terrorism. For Level 3 emergencies, it is important to remember that the response time of outside agencies may be seriously delayed.
DETERMINE IMMEDIATE RESPONSE ACTIONS

Once the type and extent of an emergency have been identified, school personnel can determine if an immediate response action is required. The most common immediate response actions initiated during school emergencies are:

Duck and Cover Shelter- In-Place Lockdown Evacuate Building Off-Site Evacuation All Clear

Procedures for each of these are below.

IMMEDIATE RESPONSE ACTIONS DUCK AND COVER

This action is taken to protect students and staff from flying or falling debris. Description of Action

1. The Principal will make the following announcement on the PA system. If the PA system is not available, the Principal will use other means of communication, i.e., sending messengers to deliver instructions. The Principal should be calm, convey reassuring comments that the situation is under control and give clear directions.

2. “SOME SEISMIC ACTIVITY. FOR EVERYONE’S PROTECTION, ALL STUDENTS SHOULD FOLLOW STAFF DUCK AND COVER PROCEDURES, WHICH MEAN YOU SHOULD BE IN A PROTECTED POSITION UNDER A TABLE OR DESK, AWAY FROM WINDOWS AND ANYTHING THAT COULD FALL AND HURT YOU. HOLD THIS POSITION UNTIL THE SHAKE STOPS OR GIVEN FURTHER INSTRUCTIONS.”

3. If inside, teachers will instruct students to duck under their desks and cover their heads with their arms and hands.

4. If outside, teachers will instruct students to drop to the ground, place their heads between their knees, and cover their heads with their arms and hands.

5. Teachers and students should move away from windows.
SHELTER-IN-PLACE

This action is taken to place and/or keep students indoors in order to provide a greater level of protection from airborne contaminants in outside air. Shelter-in-Place is implemented when there is a need to isolate students and staff from the outdoor environment, and includes the shutdown of classroom and/or building HVAC systems. During Shelter-in-Place, no one should be exposed to the outside air.

The difference between Shelter-in-Place and Lock Down is that the former involves shut down of the HVAC systems, and allows for the free movement of students within the building. However, classes in bungalows and buildings with exterior passageways will have to remain in the classroom.

Description of Action

1. The Principal will make the following announcement on the PA system. If the PA system is not available, the Principal will use other means of communication, i.e., sending messengers to deliver instructions. The Principal should be calm, convey reassuring comments that the situation is under control and give clear directions.

2. “YOUR ATTENTION PLEASE. BECAUSE WE HAVE RECEIVED INFORMATION REGARDING A HAZARD IN THE COMMUNITY, WE ARE INSTITUTING SHELTER-IN-PLACE PROCEDURES. REMEMBER, THIS MEANS STUDENTS AND STAFF ARE TO REMAIN INSIDE THE BUILDING AWAY FROM OUTSIDE AIR WITH WINDOWS AND DOORS SECURELY CLOSED AND AIR CONDITIONING UNITS TURNED OFF. ALL STUDENTS AND STAFF THAT ARE OUTSIDE ARE TO IMMEDIATELY MOVE TO THE PROTECTION OF AN INSIDE ROOM. AS SOON AS WE HAVE FURTHER INFORMATION, WE WILL SHARE IT WITH YOU."

3. If outside, students will proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into nearby classrooms or school buildings (e.g., auditorium, library, cafeteria, and gymnasium). Teachers should consider the location and proximity of the identified hazard and, if necessary, proceed to an alternative indoor location.

4. Teachers are responsible to secure individual classrooms whereas the Security/Utilities Team will assist in completing the procedures as needed: shut down the classroom/building(s) HVAC system; turn off local fans in the area; close and lock doors and windows; seal gaps under doors and windows with wet towels or duct tape; seal vents with aluminum foil or plastic wrap, if available; and turn off sources of ignition, such as pilot lights.
LOCK DOWN

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement and it is necessary to prevent the perpetrator(s) from entering occupied areas. During Lock Down, students are to remain in the classrooms or designated locations at all times.

The difference between Shelter-in-Place and Lock Down is that the former involves shut down of the HVAC systems, and allows for the free movement of students within the building.

Description of Action

1. The Principal will make the following announcement on the PA system. If the PA system is not available, the Principal will use other means of communication, i.e., sending messengers to deliver instructions. The Principal should be calm, convey reassuring comments that the situation is under control and give clear directions.
2. “YOUR ATTENTION PLEASE. WE HAVE AN EMERGENCY SITUATION AND NEED TO IMPLEMENT LOCK DOWN PROCEDURES. TEACHERS ARE TO LOCK CLASSROOM DOORS AND KEEP ALL STUDENTS INSIDE THE CLASSROOM UNTIL FURTHER NOTICE. DO NOT OPEN THE DOOR UNTIL NOTIFIED BY AN ADMINISTRATOR OR LAW ENFORCEMENT. IF OUTSIDE, STUDENTS AND STAFF ARE TO PROCEED INSIDE THE NEAREST BUILDING OR CLASSROOM.”
3. If inside, teachers will instruct students to lie on the floor lock the doors, and close any shades or blinds if it appears safe to do so.
4. If outside, students will proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into nearby classrooms or school buildings (e.g., auditorium, library, cafeteria, and gymnasium).
5. Teachers and students will remain in the classroom or secured area until further instructions are given by the Principal or law enforcement.
6. The front entrance is to be locked and no visitors other than appropriate law enforcement or emergency personnel, have to be allowed on campus.
EVACUATE BUILDING

This action is taken after the decision is made that it is unsafe to remain in the building.

Description of Action

1. The Principal will make the following announcement on the PA system. If the PA system is not available, the Principle will use other means of communication, i.e., sending messengers to deliver instructions. The Principal should be calm, convey reassuring comments that the situation is under control and give clear directions.

2.

3. “YOUR ATTENTION PLEASE. WE NEED TO INSTITUTE AN EVACUATION OF ALL BUILDINGS. TEACHERS ARE TO TAKE THEIR STUDENTS TO THE ASSEMBLY AREA AND REPORT TO THEIR DESIGNATED AREA. STUDENTS ARE TO REMAIN WITH THEIR TEACHER. TEACHERS NEED TO TAKE THEIR ROLLBOOK AND LOCK THE CLASSROOM WHEN ALL STUDENTS HAVE EXITED THE CLASSROOM.”

4.

5. The Principal will initiate a fire alarm.

6.

7. Teachers will instruct students to evacuate the building, using designated routes, and assemble in their assigned Assembly Area.

8.

9. Teachers will take the student roster when leaving the building and take attendance once the class is assembled in a safe location.

10.

11. Once assembled, teachers and students will stay in place until further instructions are given.
OFF-SITE EVACUATION

This action is taken after a decision is made that it is unsafe to remain on the campus, and evacuation to an off-site assembly area is required.

Description of Action

1. The Principal will make the following announcement on the PA system. If the PA system is not available, the Principle will use other means of communication, i.e., sending messengers to deliver instructions. The Principal should be calm, convey reassuring comments that the situation is under control and give clear directions.

2. “YOUR ATTENTION PLEASE. WE NEED TO INSTITUTE AN OFF-SITE EVACUATION. TEACHERS ARE TO TAKE THEIR STUDENTS TO THE OFF-SITE ASSEMBLY AREA AND REPORT TO THEIR DESIGNATED AREA. STUDENTS ARE TO REMAIN WITH THEIR TEACHER. TEACHERS NEED TO TAKE THEIR ROLLBOOK AND LOCK THE CLASSROOM WHEN ALL STUDENTS HAVE EXITED THE CLASSROOM.”

3. The Principal will determine the safest method for evacuating the campus. This may include the use of school buses or simply walking to the designated off-site location.

4. Teachers will secure the student roster when leaving the building and take attendance once the class is assembled in a pre-designated safe location.

5. Once assembled off-site, teachers and students will stay in place until further instructions are given.

6. In the event clearance is received from appropriate agencies, the Principal may authorize students and staff to return to the classrooms.
ALL CLEAR

This action is taken to notify teachers that normal school operations can resume. Description of Action

1. The Principal will make the following announcement on the PA system. If the PA system is not available, the Principal will use other means of communication, i.e., sending messengers to deliver instructions.

2. “YOUR ATTENTION PLEASE. IT IS NOW OK TO RETURN TO YOUR CLASSROOM AND RESUME NORMAL OPERATIONS. I WOULD LIKE TO THANK AND COMMEND STUDENTS AND STAFF FOR THEIR COOPERATION.”

3. This action signifies the emergency is over.

4. If appropriate, teachers should immediately begin discussions and activities to address students’ fears, anxieties, and other concerns.

It is important to note that school administrators are responsible for the health and safety of students and staff during an emergency. Although the following procedures refer to specific actions, school administrators must exercise discretion in implementing standardized procedures, and should consider modifications as necessary to assure the health and safety of all personnel during an emergency.

In the following procedures, the Principal or designee will be referred to as “School Administrator”.

67
AIRCRAFT CRASH

This procedure addresses situations involving an Aircraft Crash on or in proximity to school property. If a crash results in a fuel or chemical spill on school property, refer to Biological or Chemical Release. If a crash results in a utility interruption, refer to Loss or Failure of Utilities.

Procedure

1. The School Administrator will initiate appropriate Immediate Response Actions, which may include DUCK AND COVER, SHELTER-IN-PLACE, EVACUATE BUILDING, or OFF-SITE EVACUATION.
2. If the School Administrator issues the EVACUATE BUILDING action, staff and students will evacuate the buildings using prescribed routes or other safe routes to the Assembly Area.
3. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.
4. The School Administrator will call “9.9.911” and Santa Clara County Sheriff’s Department (408.293.2311) and will provide the exact location (e.g., building or area) and nature of emergency.
5. If on school property, the Security/Utilities Team will secure the crash area to prevent unauthorized access. If the crash results in a fuel or chemical spill on school property, refer to section regarding fuel or chemical spill. If the crash results in a utility interruption, refer to section regarding utility on interruption.
6. The School Administrator will direct the Fire Suppression and HazMat Team to organize fire suppression activities until the Fire Department arrives.
7. The First Aid/Medical Team will check injuries to provide appropriate first aid.
8. The School Administrator will call the office of the Chief of Student Services.
9. Member of this group will call the Office of Communications with information on this situation as appropriate.
10. Any affected areas will not be reopened until the Los Angeles County HazMat or appropriate agency provides clearance and the School Administrator issues authorization to do so.
11. The Psychological First Aid Team will convene onsite and begin the process of counseling and recovery as appropriate.
12. If it is unsafe to remain on campus, the School Administrator will initiate an OFF-SITE EVACUATION, if warranted by changes in conditions.
ANIMAL DISTURBANCE

This procedure should be implemented when the presence of a dog, coyote, mountain lion or any other wild animal threatens the safety of students and staff.

Procedure

1. The School Administrator will initiate appropriate Immediate Response Actions, may include LOCK DOWN or EVACUATE BUILDING.

2. Upon discovery of an animal, staff members will attempt to isolate the animal from students, if it is safe to do so. If the animal is outside, students will be kept inside. If the animal is inside, students will remain outside in an area away from the animal. It is suggested closing doors or locking gates as a means to isolate the animal.

3. If additional outside assistance is needed, the School Administrator will call “9.911”, Local Police or Santa Clara County Sheriff’s Department, Department of Animal Regulation (408.465.2920) and provide the location of the animal and nature of emergency.

4. If a staff member or student is injured, the parent, and SCCOE Risk Manager will be notified.

5. The School Administrator will initiate the OFF-SITE EVACUATION, if warranted by changes in conditions at the school.
ARMED ASSAULT ON CAMPUS

An Armed Assault on Campus involves one or more individuals who attempt to take hostages or cause physical harm to students and staff. Such an incident may involve individuals who possess a gun, a knife or other harmful device.

Procedure

1. Upon first indication of an armed assault, personnel should immediately notify the School Administrator.

2. The School Administrator will initiate the appropriate Immediate Response Action(s), which may include SHELTER-IN-PLACE, LOCK DOWN, EVACUATE BUILDING or OFF-SITE EVACUATION.

3. The School Administrator will call “911” (dial 9, 911) and provide the exact location and nature of the incident. The School Administrator should designate a person to remain online with the 911 operator if safe to do so.

4. Staff should take steps to calm and control students, and if safe to do so, attempt to maintain separation between students and the perpetrator.

5. Staff should maintain order in all areas of assembly or shelter, and should await the arrival of law enforcement.

6. After the perpetrator(s) has been neutralized, the School Administrator will conduct a headcount of students and staff, and will notify law enforcement of any missing persons.

7. The First Aid/Medical Team will work with local authorities to ensure injured students and staff receive medical attention.

8. The Security/Utilities Team will control all points of entry to the school.

9. The School Administrator will prepare a verified list of casualties, and the locations to which they were transported. The School Administrator will confer with the Psychological First Aid Team to ensure the notification of parents and family members.

10. All media inquiries will be referred to the designated Public Information Officer.

11. The School Administrator will debrief staff.
BIOLOGICAL OR CHEMICAL RELEASE

A Biological or Chemical Release is an incident involving the discharge of a biological or chemical substance in a solid, liquid or gaseous state. Such incidents may also include the release of radioactive materials. Common chemical threats within or adjacent to schools include the discharge of acid in a school laboratory, an overturned truck of hazardous materials in proximity of the school, or an explosion at a nearby oil refinery or other chemical plant.

The following indicators may suggest the release of a biological or chemical substance: Multiple victims suffering from watery eyes, twitching, choking or loss of coordination, or having trouble breathing. Other indicators may include the presence of distressed animals or dead birds.

This procedure deals with three possible scenarios involving the release of biochemical substances: Scenario 1 - Substance released inside a room or a building; Scenario 2 - Substance released outdoors and localized; and Scenario 3 - Substance released in surrounding community. It is necessary to first determine which scenario applies and then implement the appropriate response procedures listed below.

Procedure

SCENARIO 1: SUBSTANCE RELEASED INSIDE A ROOM OR BUILDING

1. The School Administrator will initiate the EVACUATE BUILDING action as described. Staff will use designated routes or other alternative safe routes to an assigned Assembly Area, located upwind of the affected room or building.

2. The School Administrator will call “911” (dial 9, 911), and will provide the exact location (e.g., building, room, area) and nature of emergency.

3. The School Administrator will notify the Chief of Student Services of the situation.

4. The School Administrator will instruct the Security/Utilities Team to isolate and restrict access to potentially contaminated areas.

5. The Security/Utilities Team will turn off local fans in the area of the release, close the windows and doors, and shut down the building's air handling system.

6. Persons who have come into direct contact with hazardous substances should have affected areas washed with soap and water. Immediately remove and contain contaminated clothes. Do not use bleach or other disinfectants on potentially exposed skin. Individuals that have been contaminated “topically” by a liquid should be segregated from unaffected individuals (isolation does not apply to widespread airborne releases). A member of the First Aid/Medical team should assess the need for medical attention.
7. The Assembly Area Team will prepare a list of all people in the affected room or contaminated area, specifying those who may have had actual contact with the substance. The Assembly Area Team will provide the list to the School Administrator and the emergency response personnel.

8. The Psychological First Aid Team will convene onsite and begin the process of counseling and recovery.

9. Any affected areas will not be reopened until the Santa Clara County Hazardous Materials or appropriate agency provides clearance and the School Administrator gives authorization to do so.

SCENARIO 2: SUBSTANCE RELEASED OUTDOORS AND LOCALIZED

1. The School Administrator will immediately direct staff to remove students from the affected areas to an area upwind from the release. The School Administrator will, if necessary, initiate the EVACUATE BUILDING action.

2. The Security/Utilities Team will establish a safe perimeter around the affected area and ensure personnel do not reenter the area.

3. The School Administrator will call “911” (dial 9, 911) and will provide the exact location and nature of emergency.

4. The School Administrator will notify the Chief of Student Services.

5. The Security/Utilities Team will turn off local fans in the area of the release, close the windows and doors and shut down the air handling systems of affected buildings.

6. Persons who have come into direct contact with hazardous substances should have affected areas washed with soap and water. Immediately remove and contain contaminated clothes. Do not use bleach or other disinfectants on potentially exposed skin. Individuals that have been contaminated “topically” by a liquid should be segregated from unaffected individuals (isolation does not apply to widespread airborne releases). A member of the First Aid/Medical Team should assess the need for medical attention.

7. The Assembly Area Team will prepare a list of all people in areas of contamination, especially those who may have had actual contact with the substance. The Assembly Area Team will provide the list to the School Administrator and the emergency response personnel.

8. The Psychological First Aid Team will convene onsite and begin the process of counseling and recovery.

9. Any affected areas will not be reopened until the appropriate agency provides clearance and the School Administrator gives authorization to do so.
SCENARIO 3: SUBSTANCE RELEASED IN SURROUNDING COMMUNITY

1. If the School Administrator or local authorities determine a potentially toxic substance has been released to the atmosphere, the School Administrator will initiate SHELTER-IN-PLACE.

2. Upon receiving the SHELTER-IN-PLACE notification, the Security/Utilities Team will turn off local fans in the area; close and lock doors and windows; shut down all buildings’ air handling systems; seal gaps under doors and windows with wet towels or duct tape; seal vents with aluminum foil or plastic wrap, if available; and turn off sources of ignition, such as pilot lights.

3. Staff and students located outdoors will be directed to proceed immediately to nearby classrooms or buildings (e.g., auditorium, library, cafeteria, and gymnasium). Teachers should communicate their locations to the School Administrator, using the PA system or other means without leaving the building.

4. The School Administrator will call “911” (dial 9, 911) and will provide the exact location and nature of emergency.

5. The School Administrator will notify the Chief of Student Services of the situation.

6. The School Administrator will turn on a radio or television station to monitor information concerning the incident.

7. The school will remain in a SHELTER-IN-PLACE condition until appropriate agency provides clearance, or staff is otherwise notified by the School Administrator.
BOMB THREAT

Response to a Bomb Threat is initiated upon the discovery of a suspicious package on campus grounds or receipt of a threatening phone call that may present a risk of an explosion.

Procedure

1. If the threat is received by telephone, the person receiving the call should attempt to keep the caller on the telephone as long as possible and alert someone else to call “911” (dial 9, 911) – telling the operator, “This is [state your name] from [school]. We are receiving a bomb threat on another line. The number of that line is [state phone number].”

2. The person answering the threat call should ask the following questions, record the answers and then immediately notify the School Administrator:
   - When is the bomb going to explode?
   - Where is it?
   - What will cause it to explode?
   - What kind of bomb is it?
   - Who are you?
   - Why are you doing this?
   - What can we do for you to avoid the bomb from exploding?
   - How can you be contacted?

3. The School Administrator will direct the Search and Rescue Team(s) to search for suspicious packages, boxes or foreign objects. While conducting the search, all cell phones, beepers and hand-held radios should be turned off since many modern day explosive devices can be triggered by radio frequencies.

4. If a suspicious object is identified, one member of the Search and Rescue Team will report the discovery to the School Administrator while the remaining team members attempt to secure the immediate area.

5. No attempt should be made to investigate or examine the object.

6. After the search, the School Administrator will determine the appropriate Immediate Response Action(s) to announce, which may include DUCK AND COVER, LOCK DOWN, EVACUATE BUILDING or OFF-SITE EVACUATION.

7. When a suspicious object or bomb is found, the School Administrator shall issue the EVACUATE BUILDING action. Staff and students will evacuate the building using prescribed routes or other safe routes to the Assembly Area.

8. In the event of an evacuation, Teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.
9. The School Administrator will notify “911” (dial 9, 911), if not previously notified, and will provide the exact location (e.g., building, room, area) of the potential bomb, if known.

10. The School Administrator will notify the Chief of Student Services of the situation.

11. The Psychological First Aid Team will convene onsite and begin the process of counseling and recovery.

12. Do not resume school activities until the affected buildings have been inspected by proper authorities and determined to be safe. The School Administrator will give the ALL CLEAR signal.

13. The School Administrator will initiate an OFF-SITE EVACUATION, if warranted by changes in conditions.

14. After the incident is over, the School Administrator will complete the Bomb Threat Report
EARTHQUAKE

Earthquakes generally occur without warning and may cause minor to serious ground shaking, damage to buildings, and injuries. It is important to note that even a mild tremor can create a potentially hazardous situation and the following procedures should be implemented in response to all earthquakes regardless of magnitude.

Procedure

Note: Keep calm and remain where you are. Assess the situation, and then act. Remember, most injuries or deaths are the direct cause of falling or flying debris.

1. Upon the first indication of an earthquake, teachers should direct students to DUCK AND COVER.

2. Move away from windows and overhead hazards to avoid glass and falling objects.

3. When the shaking stops, the School Administrator will initiate the EVACUATE BUILDING. Staff and students will evacuate the buildings using prescribed routes or other safe routes to the Assembly Area.

4. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.

5. The School Administrator will direct the Security/Utilities Team to post guard a safe distance away from building entrances to prevent access.

6. The Security/Utilities Team will notify school personnel of fallen electrical wires and instruct them to avoid touching the fallen wires.

7. The First Aid/Medical Team will check for injuries and provide appropriate first aid.

8. The School Administrator will direct the Security/Utilities Team to notify the appropriate utility company of damages (e.g., gas, power, water, or sewer).

9. If the area appears safe, the Search and Rescue Team will make an initial inspection of school buildings to identify any injured or trapped students or staff.

10. The School Administrator will contact the Chief of Student Services to determine additional actions that may be necessary. In turn, the actions will be communicated to the District's Office of Communications.
11. The School Administrator will contact the SCCOE Facilities Director to ensure buildings are safe for occupancy. When safe to do so, the Fire Suppression and Hazardous Materials Team will conduct an inspection of school buildings. The Fire Suppression and Hazardous Materials Team will maintain a log of their findings, by building, and provide a periodic report to the Incident Commander.

12. Any affected areas will not be reopened until the SCCOE Facilities Director provides clearance and the School Administrator gives authorization to do so.

**OFF-SITE EVACUATION**

*In the event an earthquake occurs during non-school hours:*

1. The School Administrator and the Facilities Director will assess damages to determine any necessary corrective actions. The School Administrator may direct the Fire Suppression and Hazardous Materials Team to participate in the assessment.

2. The School Administrator should confer with the Chief of Student Services on identified damages to determine if the school should be closed.

**EXPLOSION/RISK OF EXPLOSION**

This section addresses four possible scenarios involving an Explosion/Risk of Explosion: Scenario 1 - Explosion on school property; Scenario 2 – Risk of explosion on school property; Scenario 3 - Explosion or risk of explosion in a surrounding area, and Scenario 4 – Nuclear blast or explosion involving radioactive materials. *[A nuclear blast is characterized by a sequence of intense light and heat, air pressure wave, expanding fireball, and subsequent radioactive fallout.]* It is necessary to first determine which scenario applies and then implement the appropriate response procedures. For “Bomb Threats”

**Procedure**

**SCENARIO 1: EXPLOSION ON SCHOOL PROPERTY**

1. In the event of an explosion, all persons should initiate DUCK AND COVER.

2. The School Administrator will consider the possibility of another imminent explosion and take appropriate action.

3. After the explosion, the School Administrator will initiate appropriate Immediate Response Actions, which may include SHELTER-IN-PLACE, EVACUATE BUILDING or OFF-SITE EVACUATION as described previously. Evacuation may be warranted in some buildings and other buildings may be used as shelter.

5. In the event of an evacuation, staff and students will use prescribed routes or other safe routes and proceed to the Assembly Area.

6. In the event of an evacuation, Teachers will bring their student roster and
attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.

7. The School Administrator will call “911” (dial 9, 911) and Local Police and/or Santa Clara County Sheriff’s Dept. (408.293.2311) and will provide the exact location (e.g., building, room, area) and nature of emergency.

8. The First Aid/Medical Team will check for injuries and provide appropriate first aid.

9. Staff should attempt to suppress fires with extinguishers. Note: Ensure the use of proper type of extinguishers, i.e. Class A, B or C for ordinary combustibles; Class B or C for fires involving flammable liquids; or Class C only for fires involving electrical equipment.

10. The Security/Utilities Team Leader will notify the appropriate utility company of any damages to water lines, sewers, power lines and other utilities.

11. The School Administrator will notify the Chief of Student Services Of the situation. A member of this group will call the Office of Communications with information on the situation.

12. The Security/Utilities Team Leader will post guards a safe distance away from the building entrance to prevent persons entering the school buildings.

13. When it is determined safe to enter affected areas, the School Administrator will advise the Search and Rescue Team to initiate search and rescue activities.

14. The School Administrator will contact the Facilities Director to ensure buildings are safe for occupancy. When safe to do so, the Fire Suppression and Hazardous Materials Team will conduct an inspection of school buildings. The Fire Suppression and Hazardous Materials Team will maintain a log of their findings, by building, and provide a periodic report to the Incident Commander.

15. Any areas affected by the explosion will not be reopened until the appropriate agency provides clearance and the School Administrator gives authorization to do so.

16. The School Administrator will initiate an OFF-SITE EVACUATION.
SCENARIO 2: RISK OF EXPLOSION ON SCHOOL PROPERTY

1. The School Administrator will initiate appropriate Immediate Response Actions, which may include DUCK AND COVER, SHELTER-IN-PLACE, EVACUATE BUILDING, or OFF-SITE EVACUATION.

2. If the School Administrator issues EVACUATE BUILDING action, staff and students will evacuate the building using prescribed routes or other staff routes to the Assembly Area.

3. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.

4. The School Administrator will call “911” (dial 9, 911) and Local Police and/or Santa Clara County Sheriff’s Dept. (408.293.2311) Santa and will provide the exact location (e.g. building, room, area) and nature of emergency.

SCENARIO 3: EXPLOSION OR RISK OF EXPLOSION IN SURROUNDING AREA

1. The School Administrator will initiate the SHELTER-IN-PLACE.

2. The School Administrator will notify “911” (dial 911) local police and/or Santa Clara County Sheriff’s Dept. (408.293.2311) and will provide the exact location (e.g., building, area) and nature of emergency.

4. The school will remain in a SHELTER-IN-PLACE condition until the appropriate agency provides clearance and the School Administrator issues further instructions.

SCENARIO 4: NUCLEAR BLAST OR EXPLOSION INVOLVING RADIOACTIVE MATERIALS

1. The School Administrator will initiate the SHELTER-IN-PLACE response action as described.

6. The Security/Utilities team will turn off the school’s main gas supply, local fans in the area; close and lock doors and windows; shut down all buildings’ air handling systems; seal gaps under doors and windows with wet towels or duct tape; seal vents with aluminum foil or plastic wrap, if available; and turn off sources of ignition, such as pilot lights.

7. The School Administrator will monitor radio or television announcements and initiate further actions as appropriate.

8. At the School Administrator’s discretion, and only if safe to do so, designated personnel should attempt to distribute emergency supplies including food and water.

9. The school will remain in a SHELTER-IN-PLACE condition until the appropriate agency provides clearance and the School Administrator issues further instructions.
FIRE IN SURROUNDING AREA

This procedure addresses the situation where a fire is discovered in an area adjoining the school. The initiated response actions should take into consideration the location and size of the fire, its proximity to the school and the likelihood that the fire may affect the school.

Procedure

1. The School Administrator will initiate the appropriate Immediate Response Actions, which may include SHELTER-IN-PLACE, LOCK DOWN, EVACUATE BUILDING or OFF-SITE EVACUATION.

2. The School Administrator will notify “911” (dial 911) and local police and/or Santa Clara County Sheriff’s Dept. (408.293.2311) and will provide the location and nature of emergency.

3. The School Administrator will instruct the Security/Utilities Team to prevent students from approaching the fire and keep routes open for emergency vehicles.

4. The Agency Liaison will contact the local fire department and will work with the fire department to determine if school grounds are threatened by the fire, smoke, or other hazardous conditions.

5. If the School Administrator issues the EVACUATE BUILDING action, staff and students will evacuate the affected building(s) using prescribed routes or other safe routes to the Assembly Area.

6. In the event of an evacuation, Teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.

7. The School Administrator will keep a battery-powered radio tuned to a local radio station for emergency information.

12. For fires during non-school hours, the School Administrator, the Chief of Student Services and the Santa Clara County Superintendent of Schools will determine if the school will open the following day.

13. All fires, regardless of their size, which are extinguished by school personnel, require a call to the Fire Department to indicate “fire is out.”
FLOODING

This procedure applies whenever storm water or other sources of water inundate or threaten to inundate school grounds or buildings. Flooding may occur as a result of prolonged periods of rainfall, where the school would have sufficient time to prepare. Alternatively, flooding may occur without warning, as a result of damage to water distribution systems, or a failure of a nearby man-made dam.

Procedure

1. The School Administrator will initiate appropriate Immediate Response Actions, which may include SHELTER-IN-PLACE, EVACUATE BUILDING, or OFF-SITE EVACUATION.

2. The School Administrator will notify “911” (dial 9, 911) and local police and/or Santa Clara County Sheriff’s Dept. (408.293.2311) and will describe the nature and extent of the flooding.

4. Local Maintenance Area personnel, working with school administration, will contact the affected utility company to determine whether their assistance is required and the potential length of time service will be interrupted.

5. The School Administrator will notify the Chief of Student Services of the loss of utility service.

6. As needed, school emergency supplies will be utilized to compensate for the loss of a utility.

7. If the loss of utilities may generate a risk of explosion, such as a gas leak, refer to Explosion/Risk of Explosion.

8. In addition to the procedures listed above, the Incident Commander will implement the following plans in the event utilities are disrupted.

A. Plan for a Loss of Water:

Loss of power, water and/or gas does not constitute an emergency and classes should continue using temporary utilities and supplies unless otherwise directed by the office of the Superintendent. Report all power, water and/or gas losses immediately to the office of the Superintendent. The office of the Superintendent will notify the Facilities Department and all other appropriate resources as needed to respond to the utility interruption. If possible, the sire should call the utility company to get information regarding the severity of the outage.
A leak of power, water and/or gas may constitute an emergency. Contact the office of the Superintendent for advice on how to respond immediately after evacuating students and staff from the affected areas. The office of the Superintendent will notify the Facilities Department and all other appropriate resources as needed to respond to the utility leak. If possible, the site should call the utility company for advice regarding the incident, request assistance if necessary, and request a follow-up inspection after repair. D. Plan for a loss of Communication

In the event of a loss of telephone services administration will use their cell phones to notify the Superintendent’s office of the loss of communication
MOTOR VEHICLE CRASH

This procedure addresses situations involving a Motor Vehicle Crash on or immediately adjacent to school property. If a crash results in a fuel or chemical spill of school property, refer to Biological or Chemical Release. If a crash results in a utility interruption, refer to Loss or Failure of Utilities.

Procedure

1. The School Administrator will initiate appropriate Immediate Response Actions, which may include DUCK AND COVER, SHELTER-IN-PLACE, EVACUATE BUILDING, or OFF-SITE EVACUATION.

2. If the School Administrator issues the EVACUATE BUILDING action, staff and students will evacuate the buildings using prescribed routes or other safe routes to the Assembly Area.

3. In the event of an evacuation, Teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.

7. The School Administrator will direct the Fire Suppression and HazMat Team to organize fire suppression activities until the Fire Department arrives.

8. The First Aid/Medical Team will check for injuries to provide appropriate first aid.

9. Any affected areas will not be reopened until the agency provides clearance and the School Administrator issues authorization to do so.

10. The School Administrator will initiate an OFF-SITE EVACUATION if warranted by changes in conditions.
Psychological Trauma

Crisis management at Community School specifies actions during and subsequent to any emergency that may have a psychological impact on students and staff, such as an act of violence; the death of a student or staff member; an earthquake or other natural disaster; a serious environmental problem; or ethnic and racial tensions. Emergencies like those described above usually produce one or more of the following conditions:

- Temporary disruption of regular school functions and routines.
- Significant interference with the ability of students and staff to focus on learning.
- Physical and/or psychological injury to students and staff.
- Concentrated attention from the community and news media.

As a result of such emergencies, students and staff may exhibit a variety of psychological reactions. As soon as the physical safety of those involved has been insured, attention must turn to meeting the emotional and psychological needs of students and staff.

1. The School Administrator will establish Psychological First Aid Team, which has primary responsibility for providing necessary assistance after all types of crises.

2. The Psychological First Aid Team will assess the range of crisis intervention services needed during and following an emergency.

3. The Psychological First Aid Team will provide direct intervention services.

4. If there is a need for additional assistance, the School Administrator will notify the Chief of Student Services.

5. The Psychological First Aid Team will advise and assist the School Administrator to restore regular school functions as efficiently and as quickly as possible.

6. In performing their duties, the Psychological First Aid Team members will limit exposure to scenes of trauma, injury and death.

7. The Psychological First Aid Team will provide ongoing assessment of needs and follow-ups services as required.
SUSPECTED CONTAMINATION OF FOOD OR WATER

This procedure should be followed if site personnel report suspected contamination of food or water. This procedure applies where there is evidence of tampering with food packaging, observation of suspicious individuals in proximity to food or water supplies, or if notified of possible food/water contamination by central District staff or local agencies. Indicators of contamination may include unusual odor, color, taste, or multiple employees with unexplained nausea, vomiting, or other illnesses.

Procedure

1. The School Administrator will isolate the suspected contaminated food/water to prevent consumption, and will restrict access to the area.
2. The School Administrator will notify “911” (dial 9, 911), Santa Clara County Department of Environmental Health Services (408.918.3400).
3. The School Administrator will make a list of all potentially affected students and staff, and will provide the list to responding authorities.
4. The First Aid/Medical Team will assess the need for medical attention and provide first aid as appropriate.
5. The School Administrator will maintain a log of affected students and staff and their symptoms, the food/water suspected to be contaminated, the quantity and character of products consumed, and other pertinent information.
6. School police will notify members of the Serious Incident Response Team (SIRT), which will conduct an onsite review to determine necessary follow-up actions including the need to notify other potentially affected District facilities.
7. The School Administrator and the SIRT will confer with the Santa Clara County Department of Health Services before the resumption of normal operations.
8. The School Administrator will notify parents of the incident, as appropriate.
THREAT OF VIOLENCE

This procedure should be followed if site personnel receive a threat that may target an individual, a particular group or the entire school community. Such threats may be received by written note, e-mail communication or phone call.

Procedure

1. The School Administrator will identify the type of threat and attempt to determine the individual(s) making the threat.

2. The School Threat Assessment Team will conduct the threat assessment. A school police officer should be part of this team.

3. The School Threat Assessment Team will assess the warning signs, risk factors, stabilizing factors and potential precipitating events to arrive at a categorical description of the risk for a particular point in time. There are five categories of risk as described by the Santa Clara County Sheriff’s Dept.
   - Category 1: High violence potential; qualifies for arrest or hospitalization.
   - Category 2: High violence potential; does not qualify for arrest or hospitalization.
   - Category 3: Insufficient evidence for violence potential; sufficient evidence for the repetitive/intentional infliction of emotional distress upon others.
   - Category 4: Insufficient evidence for violence potential; sufficient evidence for the unintentional infliction of emotional distress upon others.
   - Category 5: Insufficient evidence for violence potential; insufficient evidence for emotional distress upon others.

4. In categorizing the risk, the School Threat Assessment Team will attempt to answer two questions: (1) is the individual moving on a path towards violent action? (2) Is there evidence to suggest movement from thought to action?

5. The School Threat Assessment Team will assess the warning signs by evaluating the associated oral, written or electronic threatening communications.

6. The School Threat Assessment Team will recommend appropriate action to the School Administrator.

7. As soon as the physical safety of those involved has been insured, attention will turn to meeting the emotional and psychological needs of students and staff. Crisis intervention may be necessary and appropriate.
UNLAWFUL DEMONSTRATION/WALKOUT

An Unlawful Demonstration/Walkout is any unauthorized assemblage on or off campus by staff or students for the purpose of protest or demonstration.

Procedure

1. Upon indication that an unlawful demonstration or walkout is about to begin, personnel should immediately notify the School Administrator.

2. The School Administrator will initiate appropriate Immediate Response Actions, which may include SHELTER-IN-PLACE.

3. The School Administrator will notify the Local Police and/or Santa Clara County Sheriff’s Dept. (408.293.2311) and the Chief of Student Services.

4. The Request Gate Team will immediately proceed to the Main Gate to control student ingress and egress. Each person entering or leaving the campus shall be required to sign his/her name, and record address, telephone number and time entered or departed. The Main Gate should not be locked, as a locked gate may create a serious hazard for students leaving or attempting to re-enter the campus.

5. If students leave the campus, the Request Gate Team, in consultation with the School Administrator, will designate appropriate staff members to accompany them. These staff members will attempt to guide and control the actions of students while offsite.

6. Students not participating in the demonstration or walkout should be kept within their classrooms until further notice by the School Administrator. Teachers will close and lock classroom doors. Students and staff should be protected from flying glass in the event windows are broken, by closing drapes and venetian blinds in rooms so equipped.

7. The Documentation staff member should keep accurate record of events, conversations and actions.

8. All media inquiries will be referred to the Santa Clara County Office of Education Communications Department (408.453.6514)

9. The School Administrator should proceed in good judgment on the basis of police or other legal advice, in taking action to control and resolve the situation.

10. The School Administrator will notify parents of the incident, as appropriate.

FIRE EMERGENCY PROCEDURES

Evacuation

1. All buildings and areas will be evacuated according to the site plan if:
   a. The regular site fire alarm is activated. (Intermittent short bells for 10 seconds followed by 5 seconds of silence; sequence repeated for at least 1 minute).
   b. The alternate alarm is activated. (To be defined by the site administrator).
2. Fire, Rescue and Security team will make certain that all rooms and areas are evacuated.
3. Portable communication equipment is made available for emergency use.
4. Determine possibility and location of fire. (Fire, Rescue and Security Team responsibility).
5. Give all-clear signal (one long bell) if there is no fire.
6. Reset alarm system within a reasonable length of time (5 minutes).

Fire within a Building

In the event a fire is detected within a building, the following actions will be taken:

1. Sound the fire alarm. This will automatically implement LEAVE BUILDING.*
2. Assemble staff and students at a safe distance from the fire and away from the fire-fighting equipment.
3. Protect school's vital records.
4. Render First Aid as necessary.
5. Notify the Fire Department and specify exact meeting place and designate a person to meet the responding engine companies.
6. Notify the local Police or Sheriff's office.
7. If it is possible for adults to fight small fires without endangering life, do so. Remember, the first responsibility is to protect and supervise students/staff. It is better to let the fire burn rather than leave students unattended.
8. Keep access roads and gates open for emergency vehicles.

The nameplate on your extinguisher shows the symbols designating the types of fires on which it should be used. Read it carefully.

Your fire extinguisher is basically a storage container for a special fire extinguisher agent. When the extinguisher is operated, the agent is expelled by a continuous stream of pressure stored in the container.

DO NOT INCINERATE BY THROWING INTO A FIRE. IT MAY EXPLODE.

Operating instructions and cautions for each extinguisher are printed on the nameplate. Read and understand these instructions BEFORE A FIRE OCCURS.

Additional Emergency Procedures

If the area or building is being evacuated, close all doors on your way out, if it is safe to do so. Leave lights on.

DO NOT USE ELEVATORS. If you are in an elevator, leave it at the nearest floor and exit by the stairs. If the elevator stops at a floor where there is visible smoke, the elevator’s electric eye may sense the smoke as an elevator passenger and prevent closure of the elevator doors. In this case, depress and keep depressed the red button at the left of the elevator door which reads “TO BE USED IN CASE OF FIRE ONLY”. This button will deactivate the electric eye and allow the elevator to descend to the ground floor.

Meet Fire Department personnel at the entrance of the building to guide them to the fire.

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

Reportable Offenses

(Penal Code 11166.05, 11167)

Any person shall notify a law enforcement agency if he/she reasonably believes that he/she has observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury, where the victim is a child under age 14. (Penal Code 152.3, 288)

Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report. (Penal Code 11166 and Welfare and Institutions Code 15630)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166 and Welfare and Institutions Code 15630)

Any person not identified as a mandated reporter by law who has knowledge of or observes a child or dependent adult whom he/she knows or reasonably suspects has been a victim of abuse or neglect may report the known or suspected instance of abuse or neglect to the appropriate agency. Regulation SANTA CLARA COUNTY OFFICE OF EDUCATION

approved: October 20, 2010 San Jose, California revised: December 1, 2015
The Santa Clara County Board of Education (County Board) desires to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The County Board believes that high expectations for student behavior, effective classroom management, provision of appropriate intervention and support, and parent involvement can minimize the need for disciplinary measures that exclude students from instruction as means for correcting student misbehavior. Staff shall use preventative measures and positive conflict resolution techniques whenever possible.

(cf. 5020 - Parent Rights and Responsibilities) (cf. 5131 - Conduct)  
(cf. 5131.2 - Bullying)  
(cf. 5137 - Positive School Climate) (cf. 5145.9 - Hate-Motivated Behavior) (cf. 6020 - Parent Involvement)

The Santa Clara County Office of Education (SCCOE) has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated it may be necessary to remove a student from SCCOE programs.

The County Superintendent of Schools (County Superintendent) or designee shall design a complement of effective, age-appropriate strategies for maintaining a positive school climate and correcting student misbehavior at SCCOE schools. The strategies shall focus on providing students with needed support; communicating clear, appropriate, and consistent expectations and consequences for student conduct; and ensuring equity and continuous improvement in the implementation of SCCOE discipline policies and practices.

In addition, the County Superintendent or designee's strategies shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures as a means for correcting student misbehavior.

Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension, and expulsion, shall be imposed only
when required by law or when other means of correction have been documented to have failed. (Education Code 48900.5)

(cf. 5020 - Parent Rights and Responsibilities)
(cf. 5144.1 - Suspension and Expulsion/Due Process)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities)) (cf. 6159.4 - Behavioral Interventions for Special Education Students)
(cf. 6164.5 - Student Success Teams)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be those specified in law and/or administrative regulation.

The SCCOE shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The County Superintendent or designee shall comply with procedures for notices and appeals as specified in law and/or administrative regulation. (Education Code 48911, 48915, 48915.5)

The Superintendent or designee shall create a model discipline matrix that lists violations and the consequences for each as allowed by law.

The administrative staff at each site may develop disciplinary rules to meet the school's particular needs consistent with law, Board policy, and SCCOE regulations. The Board, at an open meeting, shall review the approved school discipline rules for consistency with Board policy and state law. Site-level disciplinary rules shall be included in the SCCOE's comprehensive safety plan. (Education Code 35291.5, 32282)

(cf. 0450 - Comprehensive Safety Plan) (cf. 9320 - Meetings and Notices)

At all times, the safety of students and staff and the maintenance of an orderly school environment shall be priorities in determining appropriate discipline. When misconduct occurs, staff shall attempt to identify the causes of the student's behavior and implement appropriate discipline. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health, well-being, and opportunity to learn.

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the SCCOE’s nondiscrimination policies.

(cf. 0410 - Nondiscrimination in District Programs and Activities) (cf. 5145.3 - Nondiscrimination/Harassment) (cf. 5145.7 - Sexual Harassment)

SCCOE goals for improving school climate shall be included in the SCCOE’s local control and accountability plan, as required by law.

1. The parent/guardian has expressed concern to SCCOE supervisory or administrative personnel in writing, or to a teacher of the student, that the student is in need of special education or related services.

2. The parent/guardian has requested an evaluation of the student for special education pursuant to 34 CFR 300.300-300.311.

(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)

3. The teacher of the student or other SCCOE personnel has expressed specific concerns directly to the SCCOE director of special education or to other supervisory SCCOE personnel about a pattern of behavior demonstrated by the student.

The SCCOE would be deemed to not have knowledge that a student is disabled if the parent/guardian has not allowed the student to be evaluated for special education services or has refused services. In addition, the SCCOE would be deemed to not have knowledge if the SCCOE conducted an evaluation pursuant to 34 CFR 300.300-300.311 and determined that the student was not an individual with a disability. When the SCCOE is deemed to not have knowledge of the disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior. (20 USC 1415(k) (5); 34 CFR 300.534)
If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC 1415(k) (5); 34 CFR 300.534)

**Suspension**

The Santa Clara County Superintendent of Schools or designee may suspend a student with a disability for up to 10 consecutive school days for a single incident of misconduct, and for up to 20 school days in a school year, as long as the suspension(s) does not constitute a change in placement pursuant to 34 CFR 300.536. (34 CFR 300.530; Education Code 48903)

The principal or designee shall monitor the number of days, including portions of days, in which a student with a valid individualized education program (IEP) has been suspended during the school year.

(cf. 6159 - Individualized Education Program)

The SCCOE shall determine, on a case-by-case basis, whether a pattern of removals of a student from his/her current educational placement for disciplinary reasons constitutes a change of placement. A change of placement shall be deemed to have occurred under any of the following circumstances: (34 CFR 300.536)

1. The removal is for more than 10 consecutive school days.

2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:
   a) The series of removals total more than 10 school days in a school year.
   b) The student's behavior is substantially similar to his/her behavior in previous incidents that resulted in the series of removals.
   c) Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another, indicate a change of placement.

If the removal has been determined to be a change of placement as specified in items #1-2 above, the student's IEP team shall determine the appropriate educational services. (34 CFR 300.530)

**Services during Suspension**

Any student suspended for more than 10 school days in the same school year shall continue to receive services during the term of the suspension. School personnel, in consultation with at least one of the student's teachers, shall determine the extent to
which services are needed as provided in 34 CFR 300.101(a), so as to enable the student to continue
to participate in the general education curriculum in another setting and to progress toward meeting
the goals as set out in his/her IEP. (20 USC 1412(a)(1)(A); 34 CFR 300.530)

If a student with a disability is excluded from school bus transportation, the student shall be provided
with an alternative form of transportation at no cost to the student or his/her parent/guardian, provided
that transportation is specified in his/her IEP. (Education Code 48915.5)

(cf. 3541.2 - Transportation for Students with Disabilities)

Interim Alternative Educational Placement Due to Dangerous Behavior

The SCCOE may unilaterally place a student with a disability in an appropriate interim alternative
educational setting for up to 45 school days, without regard to whether the behavior is a manifestation
of the student's disability, when the student commits one of the following acts while at school, going to
or from school, or at a school-related function: (20 USC 1415(k) (1) (G); 34 CFR 300.530)

1. Carries or possesses a weapon, as defined in 18 USC 930
2. Knowingly possesses or uses illegal drugs
3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules
   I-V
4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365

The student's interim alternative educational setting shall be determined by his/her IEP team. (20
USC 1415(k) (1) (G); 34 CFR 300.531)

On the date the decision to take disciplinary action is made, the parents/guardians of the student shall
be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR
300.504. (20 USC 1415(k) (1) (H); 34 CFR 300.530)

A student who has been removed from his/her current placement because of dangerous behavior
shall receive services, although in another setting, to the extent necessary to allow him/her to
participate in the general education curriculum and to progress toward meeting the goals set out in
his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and
behavioral intervention services and modifications that are designed to address the behavior violation
so that it does not recur. (20 USC 1415(k) (1) (D); 34 CFR 300.530)

Manifestation Determination

The following procedural safeguards shall apply when a student with a disability is suspended for
more than 10 consecutive school days, when a series of removals of a
student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the SCCOE code of conduct:

1. **Notice:** On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

(cf. **5145.6 - Parental Notifications**)
(cf. **6159.1 - Procedural Safeguards and Complaints for Special Education**)

2. **Manifestation Determination Review:** Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

At the manifestation determination review, the SCCOE, the student's parent/guardian, and relevant members of the IEP team (as determined by the SCCOE and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC 1415(k)(1)(E); 34 CFR 300.530)

a) Caused by or had a direct and substantial relationship to the student's disability

b) A direct result of the SCCOE failure to implement the student's IEP, in which case the SCCOE shall take immediate steps to remedy those deficiencies

If the manifestation review team determines that a condition in either #a or #b above was met, the conduct shall then be determined to be a manifestation of the student's disability. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

3. **Determination that Behavior is a Manifestation of the Student's Disability:** When the conduct has been determined to be a manifestation of the student's disability, the IEP team shall conduct a functional behavioral assessment, unless a functional behavioral assessment had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and SCCOE agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

(cf. **6159.4 - Behavioral Interventions for Special Education Students**)

4. **Determination that Behavior is Not a Manifestation of the Student's Disability:** If the manifestation determination review team determines that the student's behavior was not a manifestation of his/her disability, the student may be disciplined in accordance with the procedures for students without disabilities. (20 USC 1415(k)(1)(D); 34 CFR 300.530)
The student shall receive services to the extent necessary to participate in the general education curriculum in another setting and to allow him/her to progress toward meeting the goals set out in his/her IEP. As appropriate, the student also shall receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

(cf. 6158 - Independent Study)
(cf. 6185 - Community Day School)

Due Process Appeals

If the parent/guardian disagrees with any SCCOE decision regarding placement under 34 CFR 300.530 (suspension and removal for dangerous circumstances) or 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), he/she may appeal the decision by requesting a hearing. The SCCOE may request a hearing if the SCCOE believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC 1415(k) (3); 34 CFR 300.532)

Whenever a hearing is requested as specified above, the parent/guardian or the SCCOE shall have an opportunity for an expedited due process hearing consistent with requirements specified in 34 CFR 300.507, 300.508 (a)-(c), and 300.510-300.514.

If the student's parent/guardian or the SCCOE has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and SCCOE agree otherwise. (20 USC 1415(k) (4); 34 CFR 300.533)

Readmission

Readmission procedures for students with disabilities shall be the same as those used for all students. Upon readmission, an IEP team meeting shall be convened.
Suspension of Expulsion

Santa Clara County Board of Education's criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students. (Education Code 48917)

Notification to Law Enforcement Authorities

Law enforcement notification requirements involving students with disabilities shall be the same as those specified for all students in AR 5144.1 - Suspension and Expulsion/Due Process.

(cf. 5131.7 - Weapons and Dangerous Instruments)

Report to County Superintendent of Schools

The Chief Student Officer or designee shall report to the County Superintendent of Schools when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action. (Education Code 48203)

Board Policy

Nondiscrimination/Harassment

BP 5145.3

Students

The Santa Clara County Board of Education (County Board) desires to provide a safe school environment that allows all students equal access and opportunities in the Santa Clara County Office of Education’s (SCCOE) academic, extracurricular, and other educational support programs, services, and activities. The County Board prohibits, at any SCCOE school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a SCCOE school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

(cf. 0410 - Nondiscrimination in SCCOE Programs and Activities) (cf. 5131 - Conduct)
(cf. 5131.2 – Anti-Bullying Policy)
(cf. 5145.9 - Hate-Motivated Behavior)
(cf. 6164.6 - Identification and Education under Section 504)

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

This policy applies to all acts related to school activity or school attendance within a school under the jurisdiction of the County Superintendent.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The County Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint or participates in the investigation of a complaint or report alleging unlawful
discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The County Superintendent or designee shall facilitate students' access to the educational program by publicizing the SCCOE's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The County Superintendent or designee shall regularly review the implementation of the SCCOE's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the SCCOE's educational program. He/she shall report his/her findings and recommendations to the Board after each review.

(cf. 1312.3 - Uniform Complaint Procedures) (cf. 1330 - Use of SCCOE Facilities) (cf. 4131 - Staff Development) (cf. 4231 - Staff Development) (cf. 4331 - Staff Development) (cf. 1240 - Volunteer Assistance)

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, bullying, or retaliation in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension, and/or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, bullying, or retaliation shall be subject to disciplinary action, up to and including dismissal.

(cf. 4118 - Suspension/Disciplinary Action) (cf. 4119.21/4219.21/4319.21 - Professional Standards) (cf. 5144 - Discipline) (cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

Record-Keeping

The County Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the SCCOE to monitor, address, and prevent repetitive prohibited behavior in SCCOE schools.

Administrative Regulation

Sexual Harassment

AR 5145.7

Students

Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature made against another person of the same or opposite sex in the educational setting, when made on the basis of sex and under any of the following conditions:

(Education Code 212.5; 5 CCR 4916)

1. Submission to the conduct is explicitly or implicitly made a term or condition of a student's academic status or progress

2. Submission to or rejection of the conduct by a student is used as the basis for academic decisions affecting the student

3. The conduct has the purpose or effect of having a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment

4. Submission to or rejection of the conduct by the student is used as the basis for any decision affecting the student regarding benefits and services, honors, programs, or activities available at or through any Santa Clara County Office of Education program or activity

Examples of types of conduct which are prohibited and which may constitute sexual harassment include, but are not limited to:

1. Unwelcome leering, sexual flirtations, or propositions

2. Unwelcome sexual slurs, epithets, threats, verbal abuse, derogatory comments, or sexually degrading descriptions

3. Graphic verbal comments about an individual's body or overly personal conversation

4. Sexual jokes, derogatory posters, notes, stories, cartoons, drawings, pictures, obscene gestures, or computer-generated images of a sexual nature

5. Spreading sexual rumors

6. Teasing or sexual remarks about students enrolled in a predominantly single-sex class
7. Massaging, grabbing, fondling, stroking, or brushing the body

8. Touching an individual's body or clothes in a sexual way

9. Impeding or blocking movements or any physical interference with school activities when directed at an individual on the basis of sex

10. Displaying sexually suggestive objects

School-Level Complaint Process/Grievance Procedure

1. Notice and Receipt of Complaint: Any student who believes he/she has been subjected to sexual harassment or who has witnessed sexual harassment may file a complaint with any school employee. Within 24 hours of receiving a complaint, the school employee shall report it to a SCCOE Principal. In addition, any school employee who observes any incident of sexual harassment involving a student shall, within 24 hours, report this observation to the Principal, whether or not the victim files a complaint.

In any case of sexual harassment involving the Principal to whom the complaint would ordinarily be made, the employee who receives the student's report or who observes the incident shall instead report to the Santa Clara County Superintendent of Schools or designee.

2. Initiation of Investigation: The Principal shall initiate an impartial investigation of an allegation of sexual harassment within five school days of receiving notice of the harassing behavior, regardless of whether a formal complaint has been filed. The SCCOE shall be considered to have "notice" of the need for an investigation upon receipt of information from a student who believes he/she has been subjected to harassment, the student's parent/guardian, and an employee who received a complaint from a student, or any employee or student who witnessed the behavior.

If the Principal receives an anonymous complaint or media report about alleged sexual harassment, he/she shall consider the specificity and reliability of the information, the seriousness of the alleged incident, and whether any individuals can be identified who were subjected to the alleged harassment in determining whether it is reasonable to pursue an investigation.

3. Initial Interview with Student: When a student or parent/guardian has complained or provided information about sexual harassment, the Principal shall describe the grievance procedure and discuss what actions are being sought by the student in response to the complaint. The student who is complaining shall have an opportunity to describe the incident, identify witnesses who may have relevant information, provide other evidence of the harassment, and put his/her complaint in writing. If the student requests
confidentiality, he/she shall be informed that such a request may limit the SCCOE ability to investigate.

4. Investigation Process: The Principal shall keep the complaint and allegation confidential, except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

The Principal shall interview individuals who are relevant to the investigation, including, but not limited to, the student who is complaining, the person accused of harassment, anyone who witnessed the reported harassment, and anyone mentioned as having relevant information. The Principal may take other steps such as reviewing any records, notes, or statements related to the harassment or visiting the location where the harassment is alleged to have taken place.

d. The number of persons engaged in the harassing conduct and at whom the harassment was directed
e. The size of the school, location of the incidents, and context in which they occurred
f. Other incidents at the school involving different students

8. Written Report on Findings and Follow-Up: No more than 30 days after receiving the complaint, the Principal shall conclude the investigation and prepare a written report of his/her findings. This timeline may be extended for good cause. If an extension is needed, the Principal shall notify the student who complained and explain the reasons for the extension.

The report shall include the decision and the reasons for the decision and shall summarize the steps taken during the investigation. If sexual harassment occurred, the report shall also include any corrective actions that have or will be taken to address the harassment and prevent any retaliation or further harassment. This report shall be presented to the student who complained, the person accused, the parents/guardians of the student who complained and the student who was accused, and the County Superintendent or designee.

In addition, the Principal shall ensure that the harassed student and his/her parent/guardian are informed of the procedures for reporting any subsequent problems. Such a dress code may be included as part of the school safety plan and must be presented to the County Board for approval. The County Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

Administrative Regulation

Dress and Grooming

AR 5132

Students

In cooperation with teachers, students and parents/guardians, the principal or designee shall establish school rules governing student dress and grooming which are consistent with law, Board policy and administrative regulations. These school dress codes shall be regularly reviewed.

(cf. 0420 - School Plans/Site Councils)

Each school shall allow students to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code 35183.5)

In addition, the following guidelines shall apply to all regular school activities:

1. Shoes must be worn at all times. Sandals must have heel straps. Thongs or backless shoes or sandals are not acceptable.

2. Clothing, jewelry and personal items (backpacks, fanny packs, gym bags, water bottles etc.) shall be free of writing, pictures or any other insignia which are crude, vulgar, profane or sexually suggestive, which bear drug, alcohol or tobacco company advertising, promotions and likenesses, or which advocate racial, ethnic or religious prejudice.

3. Hats, caps and other head coverings shall not be worn indoors.

4. Clothes shall be sufficient to conceal undergarments at all times. See-through or fish-net fabrics, halter tops, off-the-shoulder or low-cut tops, bare midriffs and skirts or shorts shorter than mid-thigh are prohibited.

5. Gym shorts may not be worn in classes other than physical education.

6. Hair shall be clean and neatly groomed. Hair may not be sprayed by any coloring that would drip when wet.

Coaches and teachers may impose more stringent dress requirements to accommodate the special needs of certain sports and/or classes.

(cf. 3260 - Fees and Charges)

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066)
The principal, staff, students and parent/guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities.

**Gang-Related Apparel**

At individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 32282)

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received.

**Uniforms**

In schools where a school wide uniform is required, the principal, staff and parents/guardians of the individual school shall jointly select the specific uniform to be worn. (Education Code 35183)

At least six months before a school uniform policy is implemented, the principal or designee shall notify parents/guardians of this policy. (Education Code 35183)

Parents/guardians shall also be informed of their right to have their child exempted.

The principal or designee shall also repeat this notification at the end of the school year so that parents/guardians are reminded before school clothes are likely to be purchased.

The Santa Clara County Superintendent of Schools or designee shall establish criteria for determining student eligibility for financial assistance when purchasing uniforms.

The County Superintendent or designee shall establish a method for recycling or exchanging uniforms as students grow out of them.

Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting. (Education Code 35183)

Infectious Diseases

BP 5141.22
Students

The Santa Clara County Board of Education desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students. The County Board recognizes that prevention and education are the most effective means of limiting the spread of infectious diseases.

Infectious Disease Prevention

The Santa Clara County Superintendent of Schools or designee shall collaborate with parents/guardians and local health agencies and organizations to develop a comprehensive approach to disease prevention that promotes preventative measures and education of students and staff.

(cf. 1020 - Youth Services)
(cf. 3516 - Emergencies and Disaster Preparedness Plan)
(cf. 5141.21 - Administering Medication and Monitoring Health Conditions) (cf. 5141.26 - Tuberculosis Testing)
(cf. 5141.3 - Health Examinations) (cf. 5141.31 - Immunizations)
(cf. 5141.32 - Health Screening for School Entry) (cf. 5141.6 - School Health Services)

The County Superintendent or designee shall regularly review resources available from health experts to ensure that Santa Clara County Office of Education programs are based on the most up-to-date information.

The County Superintendent or designee shall ensure that the SCCOE comprehensive health education program provides information about the prevention of infectious diseases, including the nature of bloodborne pathogens and their transmission, as well as information to help prevent the spread of contagious diseases, such as pandemic influenza. He/she shall also ensure that each school has sufficient infection prevention supplies that are easily accessible to staff.

(cf. 6142.1 - Sexual Health and HIV/AIDS Prevention Instruction) (cf. 6142.8 - Comprehensive Health Education)
Universal Precautions

Students and staff shall observe universal precautions in order to prevent exposure to bloodborne pathogens and to prevent the spread of infectious diseases.

(cf. 4119.42/4219.42/4319.42 - Exposure Control Plan for Bloodborne Pathogens) (cf. 4119.43/4219.43/4319.43 - Universal Precautions)

The County Superintendent or designee shall inform students of the precautions to be used in cases of exposure to blood or other body fluids through injury, accident, or classroom instruction.

(cf. 5141 - Health Care and Emergencies) (cf. 6145.2 - Athletic Competition)

Students with Infectious Diseases

The County Superintendent or designee shall exclude students only in accordance with law, Board policy, and administrative regulation. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus, and human immunodeficiency virus (HIV) are not casually transmitted, the presence of infectious conditions of this type is not, by itself, sufficient reason to exclude students from attending school.

(cf. 5112.2 - Exclusions from Attendance)
(cf. 6164.6 - Identification and Education Under Section 504)

Parents/guardians are encouraged to inform the County Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize the child's exposure to other diseases in the school setting. The County Superintendent or designee shall ensure that student confidentiality rights are strictly observed in accordance with law.

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)

The Santa Clara County Superintendent of Schools or designee shall immediately report to the local health officer the presence or suspected presence of any communicable disease. (17 CCR 2508)

Universal Precautions in the Classroom

Before students work with blood, blood products, or other body fluids, the teacher shall explain the potentially hazardous nature of blood and body fluids in the transmission of various agents from one person to another and the specific procedures and safety precautions to be used in the lesson.

The following precautions shall be used when students are working with blood or other body fluids:

1. Before and after exposure to blood or other body fluids, students shall wash their hands with soap and water and cover any existing cut, wound, or open sore with a sterile dressing.
2. Students shall wear gloves or other personal protective equipment as appropriate.
   (cf. 5142 - Safety)

3. Blood typing or similar experiments may be conducted by teacher demonstrations. When being performed individually, students shall work with their own blood or use prepackaged ABO/Rh blood cell kits that have vials of blood previously tested for transmissible agents.
   a. Students shall use individual sterile lancets for finger punctures and shall not reuse them.
   b. Before the finger is punctured, it shall be wiped with a piece of cotton that has been immersed in alcohol.
   c. If bleeding persists after the finger is punctured, the student shall apply a sterile bandage using moderate pressure.
4. Lancets and any other materials contaminated with blood or body fluids shall be discarded into a sharps container.
5. At the end of the class, surfaces shall be wiped with alcohol or a solution of one part bleach to 10 parts water.

Parental Notifications

BP 5145.6
Students

The Santa Clara County Board of Education recognizes that notifications are essential to effective communication between the school and the home. The Santa Clara County Superintendent of Schools or designee shall send students and parents/guardians all notifications required by law, including notifications about their legal rights, and any other notifications he/she believes will promote parental understanding and involvement.

(cf. 5020 - Parent Rights and Responsibilities) (cf. 5022 - Student and Family Privacy Rights) (cf. 6020 - Parent Involvement)

The County Superintendent or designee shall ensure that notifications which must be sent at the beginning of each academic year include a request that the parent/guardian sign the notice and return it to the school. (Education Code 48981, 48982)

Notifications to parents/guardians shall be written both in English and in the family's primary language when so required by law. Whenever an employee learns that a student's parent/guardian is for any reason unable to understand the Santa Clara County Office of Education printed notifications, the principal or designee shall work with the parent/guardian to establish other appropriate means of communication.

Cyberbullying can be a carryover of verbal or physical bullying that occurs in the school or workplace environments.

Cyberstalking means to engage in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through the use of electronic mail or electronic communication, directed at or about a specific person, causing substantial emotional distress to that person and serving no legitimate purpose.

Harassment means any threatening, insulting, or dehumanizing gesture, use of technology, computer software, or written, verbal or physical conduct directed against a student or school employee that:

• Has the effect of substantially negatively impacting a student's or employee's emotional or mental well-being; or

• Has the effect of substantially disrupting the orderly operation of a school and/or school district work environment.

Sexual Harassment as defined by the U. S. Equal Employment Opportunity Commission means unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature. Sexual harassment exists when submission to such conduct is made, explicitly or implicitly, a condition of employment; when submission to or rejection of such conduct is used in employment decisions affecting an individual; or when such conduct unreasonably interferes with an individual's work performance or creates an intimidating, hostile, or offensive working environment.

Bullying Cyberbullying and/or Harassment also encompass:

• Retaliation against a student or employee by another student or employee for asserting or alleging an act of bullying, harassment, or discrimination.

• Reporting a baseless act of bullying, harassment, or discrimination that is not made in good faith.

• Perpetuation of conduct listed in the definition of bullying, harassment, and/or discrimination by an individual or group with intent to demean, dehumanize, embarrass, or cause emotional or physical harm to a student or employee by incitement or coercion; accessing or knowingly and willingly causing or providing access to data or computer software through a computer, computer system, or computer network within the scope of the school or COE system; or acting in a manner that has an effect substantially similar to the effect of bullying, harassment, or discrimination.

Policy adopted: SANTA CLARA COUNTY OFFICE OF EDUCATION
October 20, 2010 San Jose, California
The Santa Clara County Board of Education (County Board) recognizes the link between student health and learning and desires to provide a comprehensive program promoting healthy eating and physical activity for Santa Clara County Office of Education (SCCOE) students. The Santa Clara County Superintendent of Schools (County Superintendent) or designee shall coordinate and align SCCOE efforts to support student wellness through health education, physical education and activity, health services, nutrition services, psychological and counseling services, and a safe and healthy school environment. In addition, the County Superintendent or designee shall develop strategies for promoting staff wellness and for involving parents/guardians and the community in reinforcing students’ understanding and appreciation for the importance of a healthy lifestyle.

To encourage consistent health messages between the home and school environment, the County Superintendent or designee may disseminate health information to parents/guardians through SCCOE or school newsletters, handouts, parent/guardian meetings, the SCCOE or school web trainings site, and other communications. Outreach to parents/guardians shall emphasize the relationship between student health and academic performance.

School Wellness Council
The County Superintendent or designee shall encourage parents/guardians, students, food service employees, physical education teachers, school health professionals, Board members, school administrators, and members of the public to participate in the development, implementation, and periodic review and update of the SCCOE's student wellness policy. (42 USC 1758b; 7 CFR 210.30)

Nutrition Education and Physical Activity Goals
The Superintendent shall adopt goals for nutrition education, physical activity, and other school-based activities that are designed to promote student wellness in a manner that the SCCOE determines appropriate. (42 USC 1758b; 7CFR 210.30)

(cf. 0000 - Vision)
(cf. 0200 - Goals for the SCCOE)

The SCCOE nutrition education and physical education programs shall be based on research, consistent with the expectations established in the state's curriculum frameworks and content standards, and designed to build the skills and knowledge that all students need to maintain a healthy lifestyle.

(cf. 6011 - Academic Standards) (cf. 6143 - Courses of Study)

The nutrition education program shall include, but is not limited to, information about the benefits of healthy eating for learning, disease prevention, weight management, and oral health. Nutrition education shall be provided as part of the health education program and, as appropriate, shall be integrated into other academic subjects in the regular educational program, before- and after- school programs, summer learning programs, and school garden programs.

All students shall be provided opportunities to be physically active on a regular basis. Opportunities for moderate to vigorous physical activity shall be provided through physical education, recess, school athletic programs, extracurricular programs, before- and/or after-school programs, and other structured and unstructured activities.

(cf. 6142.7 - Physical Education and Activity)

SCCOE shall encourage staff to serve as positive role models. He/she shall promote and may provide opportunities for regular physical activity among employees. Professional development may include instructional strategies that assess health knowledge and skills and promote healthy behaviors.

(cf. 4131 - Staff Development) (cf. 4231 - Staff Development) (cf. 4331 - Staff Development)

In order to ensure that students have access to comprehensive health services, the SCCOE may provide access to health services at or near SCCOE schools and/or may provide referrals to community resources.

The County Board recognizes that a safe, positive school environment is also conducive to students' physical and mental health and thus prohibits bullying and harassment of all students, including bullying on the basis of weight or health condition.

(cf. 5131.2 - Bullying)
(cf. 5145.3 - Nondiscrimination/Harassment)

SCCOE prohibits the marketing and advertising of non-nutritious foods and beverages through
signage, vending machine fronts, logos, scoreboards, school supplies, advertisements in school publications, coupon or incentive programs, or other means.

(cf. 1325 - Advertising and Promotion)

Nutritional Guidelines for Foods Available at School

For all foods and beverages available on each campus during the school day, the SCCOE shall adopt nutritional guidelines which are consistent with 42 USC 1758, 1766, 1773, and 1779 and federal regulations and which support the objectives of promoting student health and reducing childhood obesity. (42 USC 1758b)

In order to maximize the SCCOE's ability to provide nutritious meals and snacks, all SCCOE schools shall participate in available federal school nutrition programs, including the National School Lunch and School Breakfast Programs and after-school snack programs, to the extent possible. When approved by the California Department of Education, the SCCOE may sponsor a summer meal program.

(cf. 3550 - Food Service/Child Nutrition Program) (cf. 5141.27 - Food Allergies/Special Dietary Needs) (cf. 5148 - Child Care and Development)
(cf. 5148.3 - Preschool/Early Childhood Education)

The Superintendent or designee shall provide access to free, potable water in the food service area during meal times in accordance with Education Code 38086 and 42 USC 1758, and shall encourage students' consumption of water by educating them about the health benefits of water and by serving water in an appealing manner.

The SCCOE believes that all foods and beverages sold to students at SCCOE schools, including those available outside the SCCOE’s reimbursable food services program, should support the health curriculum and promote optimal health. Nutritional standards adopted by the SCCOE for all foods and beverages sold to students, including foods and beverages provided through the SCCOE food service program, student stores, vending machines, fundraisers, or other venues, shall meet or exceed state and federal nutritional standards.

(cf. 3312 - Contracts)
(cf. 3550 - Food Service/Child Nutrition Program) (cf. 3554 - Other Food Sales)
(cf. 5148 - Child Care and Development)
(cf. 5148.3 - Preschool/Early Childhood Education)

The SCCOE shall encourage school organizations to use healthy food items or non-food items for fundraising purposes. The SCCOE shall also encourage school staff to avoid the use of non-nutritious foods as a reward for students' academic performance, accomplishments, or classroom behavior.

School staff shall encourage parents/guardians or other volunteers to support the SCCOE nutrition education program by considering nutritional quality when selecting any snacks which they may donate for occasional class parties and by limiting foods or beverages that do not meet nutritional standards to no more than one such food or beverage per party. Class parties or celebrations shall be held after the lunch period when possible.
Guidelines for Reimbursable Meals

Foods and beverages provided through federally reimbursable school meal programs shall meet or exceed federal regulations and guidance issued pursuant to 42 USC 1758(f)(1), 1766(a), and 1779(a) and (b), as they apply to schools. (42 USC 1751 Note)

In order to maximize the SCCOE ability to provide nutritious meals and snacks, all SCCOE schools shall participate in available federal school nutrition programs, including the National School Lunch and School Breakfast Programs, to the extent possible.

Any complaint, by or on behalf of a homeless student as defined in 42 USC 11434a, alleging SCCOE noncompliance with any requirement applicable to the student regarding the award of credit for coursework satisfactorily completed in another school or district or the grant of an exemption from Board-imposed graduation requirements (Education Code 51225.1, 51225.2) (cf. 6173 – Education for Homeless Youth)

9. Any complaint alleging retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy

10. Any other complaint as specified in a SCCOE Board policy

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process to reach a resolution to the complaint that is acceptable to all parties. ADR such as mediation may be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The County Superintendent or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

The SCCOE shall protect all complainants from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. As appropriate for any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the County Superintendent or designee shall keep confidential the
identity of the complainant and/or the subject of the complaint if he/she is different from
the complainant, as long as the integrity of the complaint process is maintained.

(cf. 4119.23/4219.23/4319.23 – Unauthorized Release of Confidential/Privileged
Information)
(cf. 5125 – Student Records)
(cf. 9011 – Disclosure of Confidential/Privileged Information)

When an allegation that is not subject to the UCP is included in a UCP complaint, the
SCCOE shall refer the non-UCP allegation to the appropriate staff or agency and shall
investigate and, if appropriate, resolve the UCP-related allegation(s) through the
SCCOE’s UCP.

The County Superintendent or designee shall provide training to SCCOE staff to ensure
awareness and knowledge of current law and related requirements, including the steps
and timelines specified in this policy and the accompanying administrative regulation.

(cf. 4131/4231/4331 – Staff Development)

The Superintendent or designee shall maintain records of all UCP complaints and the
investigations of those complaints in accordance with applicable law and district policy.

Non-UCP Complaints

The following complaints shall not be subject to the SCCOE’s UCP but shall be referred to
the specified agency: (5 CCR 4611)

1. Any complaint alleging child abuse or neglect shall be referred to the County
Department of Social Services, the County Protective Services Division, and the
appropriate law enforcement agency.

2. Any complaint alleging health and safety violations by a child development
program shall, for licensed facilities, be referred to Department of Social Services and

Department of Fair Employment and Housing and the compliance officer shall notify the
complainant by first class mail of the transfer.

   b. A pupil does not have access to textbooks or instructional materials to use at home or after school. This does not require two sets of textbooks or instructional materials for each student.
   c. Textbooks or instructional materials are in poor or unusable condition, have missing pages, or are unreadable due to damage.
   d. A student was provided photocopied sheets from only a portion of a textbook or instructional materials to address a shortage of textbooks or instructional materials.

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

2. Teacher vacancy or misassignment

(cf. 4112.22 - Staff Teaching Pupils of Limited English Proficiency)

   c. A teacher is assigned to teach a class for which the teacher lacks subject matter competency.

Teacher vacancy means a position to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one semester course, a position to which a single
designated certificated employee has not been assigned at the beginning of the semester for an entire semester. (Education Code 35186; 5 CCR 4600)

Beginning of the year or semester means the first day classes necessary to serve all the pupils enrolled are established with a single designated certificated employee assigned for the duration of the class, but not later than 20 working days after the first day pupils attend classes for that semester. (5 CCR 4600)

Misassignment means the placement of a certificated employee in a teaching or services position for which the employee does not hold a legally recognized certificate or credential or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold. (Education Code 35186; 5 CCR 4600)

Under the power granted to the County Board to maintain order and discipline in the schools and to protect the safety of students, staff, and the public, any school employee is authorized to confiscate a weapon, dangerous instrument, or imitation firearm from any student on school grounds.

(cf. 4158/4258/4358 - Employee Security)

Unless he/she has obtained prior written permission as specified below, a student possessing or threatening others with any weapon, dangerous instrument, or imitation firearm shall be subject to suspension and/or expulsion in accordance with law, Board policy, and administrative regulations.

The student shall also submit a written explanation from the staff person responsible for the school-sponsored activity or class.

If the principal grants such permission, he/she shall provide the student and staff person with a written explanation regarding any limitations and the permissible duration of the student's possession.

When the principal or designee grants permission, he/she shall take all necessary precautions to ensure the safety of all persons on school grounds, including, but not limited to, inspecting a firearm to verify that no live ammunition is present.
