

STATE PRESCHOOL PROGRAM

State Preschool, operated by the Santa Clara County Office of Education since 1971, provides a stimulating, nurturing environment for toddler and preschool children.

Mission Statement

The State Preschool Program is committed to providing quality early childhood education services that promote the potential of the children and families it serves.

Parent Education and Involvement

Parent involvement is encouraged through participation in workshops, Committees, events and volunteering in classrooms.

Health/Social Services

State Preschool services include health screenings and referrals for medical and dental care.

Enriching Educational Experiences

State Preschool offers quality curriculum that fosters a child's social, emotional, cognitive, and physical growth leading to school readiness.
