

Inclusion Collaborative Services

The Inclusion Collaborative believes that every individual regardless of abilities and disabilities has the right to full access to quality inclusive learning and community environments. Enhance the knowledge and skills of your team with professional development, coaching and technical assistance from the Inclusion Collaborative. Whether you need a focused solution, a short-term, or a long-term, tailored strategy, our expert trainers and coaches are ready to help meet all of your professional development, coaching and technical assistance needs. More than 2,000 early childhood providers along with multiple School Districts in California rely on the Inclusion Collaborative evidence-based and competency-based trainings and support each year.

Who We Train

Participants include: Administrators, General Education and Special Education teachers and assistants, Family Child Care Providers, home visitors and parents. The Inclusion Collaborative provides professional development, coaching and technical assistance supporting full access for all children in inclusive learning and community environments in order to improve outcomes for children with and without disabilities. In addition, children without disabilities learn empathy and respect for differences, leading to a decrease in bullying in classrooms.

Customize Services

Our expert trainers and coaches work with school districts, early education programs, Quality Rating and Improvement System (QRIS), and private/ non-profit organizations to help select and design the best program plan for your team. We offer a wide range of services to help maximize your professional development resources and meet the unique requirements of your staff.

Areas of Expertise

The Inclusion Collaborative's effective professional development trainings and coaching align with childhood curriculums and standards, such as-
