# Overall Effectiveness

Describe the overall effectiveness of the **actions/services** to achieve the articulated goal as measured by the LEA.

ANALYSIS	
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	
Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve the goal as a result of the analysis and analysis of the LCAP Evaluation Rubric, as applicable. Identify where those changes can be found in the LCAP.	

- Impact of actions/services reveals differences in effectiveness for various groups (e.g., *suspensions generally down, but increased for high school; chronic absenteeism impacting K and 9<sup>th</sup> grade*)
- Effectiveness of actions/services includes analysis of specific components of the action (e.g., *attendance specialist services effective in supporting schools, but late hiring and structure for engagement led to less effective outcomes for parent support*)
- Possible reasons for impact identified by stakeholders are noted (e.g., *need for alternatives to suspension for high schools, structure of parent outreach*)

# Material Differences

ANALYSIS  
Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.  
Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubric, as applicable.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	
Describe a brief summary of the action, including outcomes, metrics, or actions and services to achieve the goal as a result of the analysis and analysis of the LCFF Evaluation Rubric, as applicable. Identify where these changes can be found in the LCAP.	

Explain material differences between **Budgeted Expenditures** and Estimated **Actual Expenditures**.

- Differences between the budgeted expenditures and estimated actual expenditures are clearly explained based on implementation of the actions/services (e.g., *salary costs dependent on who filled positions; impact of late implementation of program; need for additional staff to effectively implement the program*)

# Describe Any Changes

The screenshot shows a table with four rows. The first row is titled 'ANALYSIS' and contains instructions: 'Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubric, as applicable.' The second row is 'Describe the overall implementation of the actions/services to achieve the articulated goal.' The third row is 'Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.' The fourth row is 'Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.' The fifth row, which is highlighted with a red circle, is 'Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of the analysis and analysis of the LCFF Evaluation Rubric, as applicable. Identify where those changes can be found in the LCAP.'

Describe any changes made to this **goal, expected outcomes, metrics, or actions and services** to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

- Analysis is clearly described in a transparent and comprehensive manner
- Analysis includes review of multiple data sources including Evaluation Rubric and local indicators
- Changes are directly tied to analysis of effectiveness of actions and services
- Clearly identifies specific changes and where they can be found in the new LCAP

# Table Talk: Annual Update

- How does the analysis in the **Annual Update** support the cycle of continuous improvement?
- How will the district determine the:
  - Status of **overall implementation** of LCAP goals?
  - **Effectiveness** of goals in the LCAP?
  - Services being provided/funded as planned?
  - **Changes** to be made to the goal, expected outcomes or actions and services?

# Goals, Actions and Services Template

## Instructions

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

**School districts and county offices of education:** The LCAP is a three-year plan, which is reviewed and updated annually, as required.

**Charter schools:** The number of years addressed in the LCAP may align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as much.

# New, Modified and Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measureable outcomes for the current LCAP year or future LCAP years are **modified or unchanged from the previous year's LCAP**; or, specify if the goal is new.

<u>EXPECTED ANNUAL MEASURABLE OUTCOMES</u>				
Metrics/Indicators	Baseline	2017-18	2018-19	2019-20

# Expected Annual Measureable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan.

# Expected Annual Measureable Outcomes (cont.)

The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP.

# Expected Annual Measureable Outcomes (cont.)

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year applicable to the type of LEA. For the student engagement priority metrics, LEAs must calculate the rates as described in the LCAP Template Appendix sections (a) through (d).

ACLU of Northern California

Subject: Request for Appeal – Fresno Unified School District  
American Civil Liberties Union, Appellant

Dear Abre' Conner and Ms. Torres-Guillen:

The Local Agency Systems Support Office (LASSO) of the California Department of Education (CDE) is in receipt of your request for appeal received on December 8, 2016. You are appealing the Fresno Unified School District's (District) Decision (Decision) dated November 18, 2016.

## I. BACKGROUND

On September 21, 2016, the ACLU (Appellant) submitted a Uniform Complaint Procedure Complaint to the District regarding alleged failures of the District related to its 2015-2016 Local Control and Accountability Plan (LCAP). The District considered the Complaint, and on November 18, 2016, it issued a written decision in which it determined that the District had not violated applicable law and that the requested remedies would not be granted. The ACLU appealed this decision to the CDE on December 8, 2016. On December 7, 2016, the CDE sent a Notice of Appeal letter to the District per *California Code of Regulations*, Title 5 (5 CCR), Section 4633. On February 8, 2017, the CDE sent a letter to the Appellant and the District indicating it would require additional time to complete its investigation of the Complaint. Following receipt of the District's Investigation file, the CDE reviewed all material received related to the District's complaint investigation, applicable laws and the District's complaint procedures. The CDE finds that the District complied with its complaint procedures.

## II. SUMMARY OF COMPLAINT AND DISTRICT DECISION

### The Complaint

The Complaint contained the following allegations, summarized by the District in its Decision and restated by the Appellant in the Appeal:

LCAP 2018 Session 2: Goals, Actions and Services

# ACLU Allegations

- The district's LCAP fails to explain how S&C funds will be "principally directed towards, and effective in, meeting the district's goals for its high-need pupils."
- "The LCAP fails to include data that demonstrates specific outcomes for high-need students in the Annual Update."
- "The District fails to offer any meaningful justification for use of S&C funds on police expenditures."

# CDE Response to Fresno Appeal

CDE's response defined how an LEA describes a service is principally directed to meeting the LEA's goals for unduplicated pupils.

## Key Findings:

*There is no description of how the use of funds proposed are "principally directed towards" and "effective in" meeting its goals for unduplicated pupils. The LCAP statement that **the District "had the needs of our unduplicated population in mind"** is a **conclusory statement that fails to provide the required description.***

*While there is some description of how unduplicated students might benefit from each of these actions, there is no description of how the actions are "principally directed toward" unduplicated pupils. **Each generally describes actions that are available to all pupils, and in some cases those actions are required to be available to all pupils who qualify under the Individuals with Disabilities Act (IDEA).** The descriptions are not a sufficient description and justification as principally directed towards and effective in meeting the district's goals for unduplicated pupils as specified in 5CCR 15496(b).*

# Excerpt from CDE Response

An LEA describes how a service is **principally directed** to meeting the LEA's goals for unduplicated pupils when it explains how in its LCAP **how it considered factors such as the needs, conditions or circumstances of its unduplicated pupils, and how the service takes these factors into consideration** (such as, for example, by the service's design, content, methods, or location). In addition, the description must explain how the LEA expects the service to support the LEA's conclusion that the service will be **effective** to meet the LCAP goals for its unduplicated pupils. When properly explained in the LCAP, it will be apparent how the LEA is acting to **increase or improve services** for unduplicated pupils, and why it has determined the **services identified will be effective** to achieve its goals for unduplicated pupils.

*Excerpt from May 5, 2017 California Department of Education response to Request for Appeal of Complaint filed through the Uniform Complaint Process, Fresno Unified School District, American Civil Liberties Union, Appellant*

# CDE Corrective Action

The **CDE will monitor and support the District's progress** in this regard, and is prepared to work in consultation with the District and Fresno County Office of Education to achieve this result.

## B

Goal 5: Action 8 – Nurturing leadership and whole child development of all students in a safe and asset-rich environment through the increase in access to library media resources, particularly for unduplicated students.

This action is principally directed towards low-income students by specifically addressing their **need for increased access to media and technology expressed through stakeholders' input and surveys**. Increasing access to library media resources is key to developing 21<sup>st</sup> century and Common Core competencies; **low income students in our community do now have access to libraries and technology in the community and have limited or no access to computers and internet at home. Only one small public library is available in the community with three computers**. This action will be effective by providing low-income students access to library facilities after school on their own campus enabling them to access online resources and use technology consistently beyond the school day.

## Goal 2: Action 4 – Wellness Initiative

Data from teacher and counselors' student survey reports reveals that one-third of the students in poverty and recent immigrant students in our schools have gone through adverse childhood experiences that impact their ability to fully participate in and benefit from instruction in classroom settings. Creating a trauma informed and trauma sensitive environment for our students in poverty and recent immigrants is critical to providing them with the resources needed to overcome and cope with any adverse childhood experiences (ACES) they may encounter. Research supports that children with a high number of ACES or with even one severe instance have difficulty learning and participating in regular classroom settings without support. ACES are not limited to the 10 typically noted, but also include conditions that EL newcomers and others experience around moving to a new culture/country and experiencing the loss of friends, family, and familiar ways of life. ACES can be attributed to any severe life changing condition that effects one's overall sense of safety, security, consistency, etc. Through counseling support the Wellness Initiative provides low-income students and English learners with the social-emotional support. Through professional development the initiative equips teachers and staff with the skills and strategies to understand trauma and create safe and supportive learning environments. Supporting low-income students and English learners and their families dealing with trauma will prepare students with readiness to access academics.

# Table Talk: Increased or Improved Services

- How is the service increased or improved compared to what is provided for all pupils?
- How did the LEA consider factors such as the **needs**, **conditions**, or **circumstances** of its unduplicated pupils, and how does the service take these factors into consideration?
- How is the service principally directed to and effective in meeting its goals for unduplicated pupils?

# The Story Example

## THE STORY

Briefly describe the students and community and how the LEA serves them.

The Justice for All Unified School District serves a diverse group of students with the goal of: *"Preparing every student to thrive in a global society."* We strive to provide a positive environment where children can be successful learners and productive contributing citizens. Our student population is 51.2% English learner (EL) and 48% are classified as Low Income, our LCFF Unduplicated count is 54.8% and 83% of our EL students speak Spanish, additional languages include Vietnamese, Mandarin, Arabic, Tagalog, Punjab and Hmong. Our student population is made up of many ethnicities with the majority of our students 51% identifying as Hispanic Latino, 28% White, 8% Asian and 5% African American.

We serve approximately 21,000 students Pre-K through 12<sup>th</sup> grade at 22 quality schools: 4 traditional high schools, 5 middle schools, 2 continuation high schools, 1 alternative school of choice, and 10 elementary schools. The district also authorizes four charter schools that are required to create their own LCAP.

# LCAP Highlights

## LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

Key features of  
the LCAP

# LCAP Highlights: Example 1

Working closely with stakeholders throughout the district, four goals have been identified for focus within the three-year LCAP.

**GOAL 1 – High-quality Academics:** JFAUSD will provide a high-quality and comprehensive instructional program that produces college and career ready students. 13 Actions/Services (pp. 20-36)

**GOAL 2 – Broader Community and Family Supports:** JFAUSD will ensure students, staff, parents and the community are satisfied and engaged in our schools and programs. The district will build strong relationships with students, families, and the community to increase involvement with school events while providing opportunities for input by all stakeholders. 12 Actions/Services (pp. 37-50)

**GOAL 3 – Safe and Welcoming Learning Environments:** JFAUSD will provide all students and staff a healthy, safe and secure environment that supports learning. The district will ensure students' sense of safety and meet the students' social and emotional needs. 10 Actions/Services (pp. 51-65)

**GOAL 4 – Learning Conditions for Students:** JFAUSD will provide an exemplary work force, standards-based materials and facilities for all staff and students. 6 Actions/Services (pp. 66-72)

This example provides linkage to the goals and where to find more detail within the LCAP.

# LCAP Highlights: Example 2

## LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP

Through analysis of our state and local data and input from staff and stakeholders we identified our focus areas to be addressed to achieve our vision: *"All graduates would be prepared for college and career, empowered to thrive in a global society."* Based on this process, the actions and services in the LCAP fell into the following areas of influence:

1. Improving connections and achievement in the classroom,
2. Meeting and supporting parents and students in navigating through high school and toward college and career.
3. Supporting students emotionally and academically outside of classroom and/or the school day when they struggle.

Key LCAP actions to support these areas are: professional development and academic coaching in mathematics strands (page 34), Positive Behavioral Intervention and Support (PBIS), additional counseling support at all sites (page 45), and targeted support services to address our high needs students (page 59).

This example includes several key components: reference to the engagement process, tie to vision, and areas of influence, and listing of key actions.

# Review of Performance

## REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

### GREATEST PROGRESS

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

### GREATEST NEEDS

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

LCAP 2018 Session 2: Goals, Actions and Services

# Greatest Progress Example

## Greatest Progress

This year the percentage of students that scored a 3 or above on the Advanced Placement (AP) tests rose 5.6% to 61.4%. Additionally the percentage of historically under-represented subgroups enrolled in AP classes and attempting the AP exams rose enough to reflect the demographics of the district, Hispanic/Latino participation rose 18%, and African American participation rose 14%.

SBAC scores for 11<sup>th</sup> graders continue to increase, from 54 points to 69 points above level 3 from 2015 to 2017. There has been ongoing staff development in writing across the curriculum that has led to all content teachers instructing writing in high school. See: *Goal 3 (page 38)*

The addition of the Naviance college planning software to our high schools and the growth of our Advancement Via Individual Determination (AVID) program in our middle schools has helped focus students on college readiness. This year we will expand Naviance to middle school to assist students and their families in planning for high school success. See: *Goal 1 (page 18), Goal 2 (page 25), Goal 3 (page 31)*

## PERFORMANCE GAPS

# Greatest Need: Example 1

Example with "red" or "orange" data points

## Greatest Need

Overall performance in mathematics and graduation rate is in the Orange performance level. The LCAP indicates actions including: increasing the academic counselors, Summer Learning programs and after school tutoring at school sites to address learning gaps. The high schools are also adding periods to the instructional day to increase student access to support classes, credit recovery and access to electives. These actions focused on improving the graduation rate are identified for the elementary, middle and high schools in Goal One beginning on page 30.

Additionally, upon deeper analysis, the district recognized that support for ELs and low-income pupils must begin at the early stages. Therefore, transitional kindergarten programs are being expanded to develop school readiness, intentionally focused on building foundational, academic skills.

Goal Two, beginning on page 40, identifies districtwide professional development and coaches that will support teachers to reflect on and refine teaching practices in mathematics. This support will expand effective practices in the district where schools are achieving improved math scores.

# Greatest Need: Example 2

## Greatest Need

If no "red" or "orange" data points, select area of greatest need.

The district performance level was "Yellow" for "all students" based on the 2017 CAASPP Mathematics results. 53% of the district scored standard met or standard exceeded in mathematics. Third grade students scored the lowest among all grades with 39% meeting or exceeding the standard.

An analysis of the research is overwhelming that instructor effectiveness is the key to improving outcomes for all students, so our district invests in instructional coaching in content and culturally relevant pedagogy to improve academic outcomes for all students. *LCAP Goal 1 (page 32)* We are also continuing to invest in professional development for teachers regarding implementation of common core curricula and pedagogy. *LCAP Goal 1 (page 45)*

We will continue to invest in targeted support and intervention programs to meet the instructional needs of at-risk students at all grade levels. *LCAP Goal 1 (page 51)*

# Performance Gaps Example

REFERRING TO THE LCFF EVALUATION RUBRICS ADDRESS ANY STATE INDICATOR FOR WHICH PERFORMANCE OF ANY GROUP WAS TWO OR MORE LEVELS BELOW THE "ALL STUDENT" PERFORMANCE. WHAT STEPS IS THE LEA PLANNING TO TAKE TO ADDRESS THESE PERFORMANCE GAPS.

## Performance Gaps

English learner achievement on CAASPP mathematics and English language arts is two levels below the "all student" performance. To address the gap, the LCAP includes the following actions and services:

- Professional development to improve ELD in content area subjects *LCAP Goal 1 (pg. 15)*
- Adding classes of ELD content support at middle and high school for EL level 1 and EL level 2 students *LCAP Goal 1 (pg. 17)*
- Summer School program with targeting classrooms *LCAP Goal 2 (pg. 24)*

Suspension Rate data shows that African American and Hispanic/Latino students are two levels below the "all student" performance. To address the gap the following actions and services are included:

- Positive Behavioral Interventions & Supports will be implemented at all sites *LCAP Goal 2 (pg. 25)*
- 2 coaches to provide professional development and model an "equity emphasis" and culturally relevant pedagogy *LCAP Goal 1 (pg.18)*

# Increased or Improved Services

If not previously addressed, identify two or three most significant ways the LEA will increase or improve services to low-income, English learner, or foster youth.

Based on staff and stakeholder feedback and research on effective practices, we are implementing more than 20 LCAP Actions/Services to improve services principally directed toward low-income, English learner and foster youth. Three significant actions to improve services are:

- Provide additional materials and staff to support English learners in sheltered content classes at all middle and high schools. See LCAP Goal 1 (pg. 35)
- Additional college and career counseling for the highest poverty schools to meet the needs of English learners, migrant, low-income, and foster youth. See LCAP Goal 2 (pg. 45)
- Community Specialist support at all schools with high concentrations of low-income, English learner, and foster youth. See Goal 3 (pg. 51)
