Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision within the LCAP Federal Addendum Template.

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA’s LCAP, as it demonstrates the LEA’s efforts to support the state priorities.

The CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA’s responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.
California’s ESSA State Plan significantly shifts the state’s approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state’s Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA’s plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA’s LCAP.

**Strategy**

Explain the LEA’s strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA’s LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA’s broader strategy reflected in the LCAP.

ACE Esperanza (ACE) has developed a comprehensive plan informed by stakeholder input for serving all students at our school – with a focus on supporting our target population of students in the underserved regions of San Jose to realize their extraordinary potential. This plan is reflected across accountability documents – the LCAP, LCAP Federal Addendum, and Element B of the Charter Petitions – to ensure alignment. The seven applicable goal areas are as follows:

**Strategy 1:** Promoting and Instilling a Culture of Optimism

- **Goal 1** - Attracting and retaining students who have been served poorly by the traditional system
- **Goal 2** - Creating an optimistic, celebratory school environment based on ACE values that inspires growth and promotes learning
- **Goal 3** - Engages students and families with the school community and supports them in independently demonstrating an optimistic mindset and college-ready habits and attitudes

**Strategy 2:** Building College-ready Confidence

- **Goal 4** - Delivering rigorous, standards-based instruction based on thoughtful planning and use of data
- **Goal 5** - Enabling previously low-achieving students to make rapid academic growth
- **Goal 6** - Preparing students for college by attaining proficiency in challenging, standards-based course work

**Foundational Goal 7:** Ensuring an Operationally Sound Organization

Specific actions are identified within seven goal areas, with federal funds used to supplement and enhance the base funding levels of actions within each goal area that are aligned with each Federal Program. These primarily occur as follows:

- **Title I, Part A** – Increases the amount of ELA and Math learning time, as well as focused intervention by funding additional teacher salaries.
Title II, Part A – Supports data-driven instruction and targeted professional development for teachers and administrators through external partnerships.

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

ACE Esperanza (ACE) has developed a comprehensive plan informed by stakeholder input for serving all students at our school - with a focus on supporting our target population of students in the underserved regions of San Jose to realize their extraordinary potential. This plan is reflected across accountability documents – the LCAP, LCAP Federal Addendum, and Element B of the Charter Petitions – to ensure alignment. State and Local Funds, as well as Federal Funds, are identified by source in the LCAP Expenditures for each Action they support.

The LCAP process is used on an ongoing process to monitor actions and expenditures in support of goals, including the aligned allocation of all revenue streams.
ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

In addressing these provisions, LEAs must provide a narrative that addresses the provision within this addendum.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement.
