Local Control Accountability Plan and Annual Update (LCAP) Template

LEA Name: Mountain View Whisman School District
Contact Name and Title: Cathy Baur
Chief Academic Officer
Email and Phone: cbaur@mvwsd.org
(650) 526-3545

2017-20 Plan Summary
The Story
Describe the students and community and how the LEA serves them.

The Mountain View Whisman School District (MVWSD) serves a diverse group of students with the goal of having "Every student, family, staff, and community member engaged and committed to learning in a collaborative, diverse and innovative partnership." Our student population includes 24% English Language Learners (ELLs) and 35% are classified as Socio-Economically Disadvantaged. Our LCFF unduplicated count is 42%. 71% of our ELL students speak Spanish, but the District also has students who speak many other languages including Russian, Mandarin, and Japanese. Our student population is made up of many ethnicities with the majority of our students (38%) identifying as Hispanic/Latino, 31% White, 15% Asian, 1.0% African American, 1.0% Pacific Islander, and 11.0% are listed as Other. MVWSD serves approximately 5,100 students Pre-K through 8th grade at 10 quality schools: 8 elementary schools (including two choice programs) and 2 middle schools.

LCAP Highlights
Identify and briefly summarize the key features of this year’s LCAP.

Working closely with stakeholders throughout the District to align our Strategic Plan with our LCAP and School Plans, four goals have been identified for focus within the next three years to improve outcomes for all students.

Goal 1: Ensure that all students have access to equitable conditions of learning by providing and investing in highly qualified teachers, leaders, and staff; well maintained facilities and equipment; and standards aligned instructional materials and resources in fiscally responsible manner - State Priority 1 and Strategic Plan Goals 2,4, and 5 - 12 Actions/Services (pp. 77 - 91) $3,209,947

Goal 2: Increase achievement for all students and accelerate learning outcomes for English Language Learners, Socio-Economically Disadvantaged students, and other target groups to close
the achievement gap - State priorities 2 and 4 and Strategic Plan Goals 1 and 2 - 25
Actions/Services (pp. 92 - 123 ) $5,068,944

Goal 3: Provide a broad course of study to ensure that all students are prepared for high school
with the academic skills and mindset necessary for successful citizenship in the 21st century - State
priorities 7 and 8 and Strategic Plan Goal 1 -
12 Actions/Services (pp.124 - 137 ) $2,546,093

Goal 4: Ensure a safe, healthy, and respectful District and school environment to increase
engagement, involvement, and satisfaction of students, staff, parents, and community members -
State Priority 3, 5, and 6 and Strategic Plan Goal 3 -
22 Actions/Services (pp. 138 - 166 ) $1,730,700

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the
LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other
information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that
success? This may include identifying any specific examples of how past increases or improvements in
services for low-income students, English learners, and foster youth have led to improved performance for
these students.

Greatest Progress

This year the percentage of students meeting or exceeding standard on the California Assessment
of Student Performance and Progress (CAASPP) increased by 2 percentage points in mathematics
and maintained the gains from 2016-17 in English Language Arts. In addition, all subgroups had no
gains or minimal gains in English Language Arts and mathematics. The most notable gain was for
Students with Disabilities with 2 percentage point gains in both English Language Arts and
mathematics. The California Dashboard ranked the District as green for English Language Learner
Progress, Suspension Rate, and English Language Arts, and mathematics.

Stakeholder input from parents, staff and students make the continuation of the District Response to
Instruction initiative a priority in order to support continued achievement for students at all academic
levels including those that need additional intervention or remediation and those that need extra
extension and enrichment (See Goal 2, Actions 9/10 pgs. 106 and 107) The District will implement
a new middle school schedule in 2018-19 which will ensure that all students have access to a choice
elective, co-teaching, and response to instruction periods in either English Language Arts or
mathematics (See Goal 3, Action 1, pgs. 126 and 127 )
The District will continue to offer a variety of professional development for all staff (see Goal 1,
Action 5 pgs. 83 and 84) and will also continue the practice of having instructional coaches - 1 at
each elementary site, 1 dedicated elementary math coach and 3.5 to support both middle schools -
(See Goal 2 Action 1 pgs. 96 and 97 )

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which
overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not
Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined
need significant improvement based on review of local performance indicators or other local indicators. What
steps is the LEA planning to take to address these areas with the greatest need for improvement?
Greatest Needs

Overall, the District received green ratings for all students in all areas on the California Dashboard. The district had one subgroup receive an orange rating for suspensions - white students, five subgroups receive orange ratings in English Language Arts - English Language Learners, Homeless students, Socio-economically Disadvantaged students, African American students, and Hispanic/Latino students, and five subgroups receive orange ratings in mathematics - Homeless students, Socio-economically Disadvantaged students, Students with Disabilities, African American students, and Hispanic/Latino students. Based on our Dashboard ratings, the District must continue its focus on accelerating learning outcomes and closing the achievement gap in the coming years.

Research is overwhelming that instructor effectiveness is the key to improving outcomes for all students. Our LCAP invests heavily instructional coaching in content and instructional strategies to improve academic achievement for all students. LCAP Goal 2, Action 1:  pgs. 96 and 97 $1,544,531

The District is also continuing to invest in professional development for teachers in the area of English Language Development. All teachers will continue to receive training in the Sheltered Instruction Observation Protocol (SIOP) in August (LCAP Goal 2, Action 4:  pgs. 100 and 101 $140,000) and the District will implement a new summer school program focused on supporting English Learners - Literacy through Science in 2018-19. LCAP Goal 2 Action 13 - pgs. 111 adn 112  $204,000

The District Response to Instruction Initiative will continue in all elementary schools. The goal of this program is to provide regular time for students to receive intervention or extension instruction based on data each day. LCAP Goal 2, Actions 9 and 10:  pgs. 105 - 108 $1,671,889. In the middle schools, the District will implement a new schedule that incorporates a co-teaching model to better support Students with Disabilities and provide all students access to electives and response to instruction in either English Language Arts or mathematics  LCAP Goal 3 Action 1 :  pgs. 126 and 127  $400,000

The District will continue to have one counselor for each middle school to support student academic and social emotional needs. LCAP Goal 3, Action 12  pg. 137 and 138  $255,000

The District will continue to have sites include a metric in their climate goals for suspension rate and will be reviewing suspension data monthly at Instructional Leadership Team Meetings. LCAP Goal 4 Action 9 and  pgs. 151 and 152 and Action 14 pgs. 156 and 157  $5,000 and will add At Risk Supervisors  LCAP Goal 4, Action 22  pgs. 165-166 $317,202

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

This year all sites continued to have a climate goal in their single plan for student achievement. They were also asked to include a metric for attendance and suspensions and this varied by site. 5 of 10 school plans had a metric for attendance rate and 4 of 10 had a metric for suspension rate. All sites will include these metrics in 2018-19 and sites with red or orange ratings for suspensions will also contain actions to remediate these issues (Huff, Mistral, Castro, and Monta Loma). The District made strides in entering discipline data correctly and the total number of suspensions in the
District has decreased to 133. The District still needs to complete a menu of alternatives to suspensions. To address the gap, MVWSD includes the following actions and services:

The District will continue to have sites include a metric in their climate goals for suspension rate. In addition, the District will continue to provide professional development on alternatives to suspension, and review suspension data monthly at Instructional Leadership Team Meetings. LCAP Goal 4 Actions 9: pgs. 151 and 152 and Action 14: pgs 156 and 157 $5000 Additionally, the District will continue to have one counselor for each middle school to support student academic and socio-emotional needs. LCAP Goal 3, Action 12, pgs. 137 and 138 $255,000 and will add At Risk Supervisors at three schools to better support discipline, school climate, and alternatives to suspension LCAP Goal 4, Action 22: pgs 165 and 166 $317,202

Five subgroups received orange ratings in English Language Arts - English Language Learners, Homeless students, Socio-economically Disadvantaged students, African American students, and Hispanic/Latino students, and five subgroups receive orange ratings in mathematics - Homeless students, Socio-economically Disadvantaged students, Students with Disabilities, African American students, and Hispanic/Latino students.. To address the gap the following actions and services are included:

Continuing instructional coaches to support content areas at all sites (1 per elementary site, 1 dedicated math coach for just the elementary schools, and 3.5 coaches to support the 2 middle schools (1.5 for literacy, 1.0 for math and 1.0 for Science) Goal 2 Action 1 pgs. 96 and 97 $1,544,531

Continue the Response to Instruction initiative to provide dedicated time for targeted instruction each day for all students at the elementary schools Goal 2 Actions 9 and 10 pgs. 105 - 108 $1,671,889

Implement a new middle school schedule that incorporates a co-teaching model to better support Students with Disabilities and provide all students access to electives and response to instruction periods in either English Language Arts or mathematics LCAP Goal 3, Action 1: pgs. 126 and 127 $400,000

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

**Increased or Improved services**

Based on stakeholder feedback including parents, staff, and students and research on effective practices MVWSD is implementing more than 40 LCAP actions/services to improve outcomes for English Language Learners, Socio-Economically Disadvantaged, and homeless students including using a portion of LCFF Targeted Student Support funds for site allocations based on the number of unduplicated youth served to allow sites to implement specific solutions based on unique site needs and site stakeholder input. These actions/services are also designed to support other target subgroups including Students with Disabilities, Hispanic/Latino and African American students.

Continuing the Response to Instruction Initiative to all elementary schools to support students at all academic levels including high-achieving students Goal 2 Actions 9 and 10 (pgs. 105 - 108) $1,671,889

Continuing the allocation of Targeted Student Support Program funds to support supplemental services for target students at all school sites LCAP Goal 2 Action 24 (pg. ) $430,600
Continuing School and Community Engagement Facilitators at each school site. LCAP Goal 4 Action 4 (pg. 146) $970,187
Implementing the new middle school schedule to provide access to electives, co-teaching and response to instruction periods LCAP Goal 3 Action 1: pgs. 126 - 127 $400,000
Continuing Summer Programs LCAP Goal 2, Action 13: pgs 111 and 112 $204,000

Budget Summary
Complete the table below. LEAs may include additional information or more detail, including graphics.

<table>
<thead>
<tr>
<th>DESCRIPTION</th>
<th>AMOUNT</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total General Fund Budget Expenditures For LCAP Year</td>
<td>$74,495,201</td>

<tr>
<td>Total Funds Budgeted for Planned Actions/Services to Meet The Goals in the LCAP for LCAP Year</td>
<td>$12,555,684.00</td>
</tr>
</tbody>
</table>

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

The General Fund expenditures include operational costs that contribute to the schools overall function, such as classroom teacher salaries and benefits, classified staff salaries and benefits, classroom supplies and materials, contracted services with outside vendors for specialized services, and utilities, all combined to total the approximately $60 million in expenditures not included in the LCAP.

Annual Update

LCAP Year Reviewed: 2017-18

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Goal 1

Ensure that all students have access to equitable conditions of learning by providing and investing in highly qualified teachers, leaders, and staff; well-maintained facilities and equipment; and standards-aligned instructional materials and resources in a fiscally responsible manner.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 1: Basic (Conditions of Learning)
Local Priorities: Strategic Plan Goals 2, 4, and 5

Annual Measurable Outcomes

<table>

</tbody>
</table>
Expected

17-18
1. Increase to 100% highly qualified teachers  
2. Continue partnership with the Santa Cruz/Silicon Valley New Teacher Center to provide an induction program to Year 1 and 2 teachers and additional program to support new Special Education teachers to clear their credentials
3. List of District groups that received professional development  
4. Convene Social Studies Task Force. Explore new materials available to support Social Studies standards at the middle school level  
5. Implement District On-boarding Process  
6. Partially Implement new evaluation systems  
7. Reserve level of 17% or greater  
8. Implement refined hiring and interview process  
9. Staff retention report used to inform best practices  
10. Access to and use of Lynda.com  
11. Track number of site walkthroughs with principals/maintenance, number of maintenance requests in Service Now, complete Facility Inspection Tool, and increase percentage of students who feel their campus is clean on climate/LCAP survey.

Baseline
1. 99% of teachers are highly qualified  
2. 39 teachers participated in the induction program (37 general education and 2 special education)  
3. Administrators, Coaches, Elementary Teachers, Intervention Teachers, Middle School Teachers, Special Education Teachers, Instructional Assistants, Substitutes, Secretaries/Clerks, School and Community Engagement Facilitators, CELDT Coordinators, Bus Drivers, maintenance staff, and nurses all received professional development  
4. Middle School Teachers do not have materials aligned to the new standards  
5. On-Boarding process has been developed  
6. New Evaluation Systems have been selected  
7. The current reserve level is 25.8%  
8. Hiring and Interview process refined based on research  
9. Initial staff retention report completed  
10. There are 188 active users of Lynda.com who have taken 170 courses  
11. Service Now has been implemented. 63% of students felt that their school campus was clean - a decrease of 7% from 2015-16.

Actual

4. The District decided to wait to convene the Social Studies Task Force since the materials were not approved by the state until late November. The team wanted to be able to review and pilot in the same school year.
5. The District implemented a new on-boarding process  
6. New evaluation systems were implemented for administrators, classified staff, and certificated teachers  
7. The District will have a 17%-20% reserve level in Year 3 of 2017-2018 Second Interim Budget Report  
8. The refined hiring and interview process was implemented  
9. The staff retention report is a living document that is up to date  
10. The District continued to provide access to Lynda.com for both students and staff. Of the active users on the site since July 2017, 40% of those users were students. On average, there were about 35 active users each month with on average 10 hours of viewing each month.  
11. There was a transition in leadership in the Maintenance, Operations, and Transportation Department in the fall of 2017. A new Director took over in February 2018. Monthly walkthroughs (April - June) are scheduled with sites. The Chief Business Officer walked with each site principal 2 times in the interim. 67% of students responded that their school is clean an increase of 4 percentage points from 2016-17. Service Now is up and running. Currently there are 12 open requests in Service Now, 7 pending, 3 in progress and 3 construction related. Since August 12, 2016 the District has completed and closed 3609 requests.

</table>
Imagine Learning

Using technology in the classroom to support instruction

Classified Personnel, teachers, and administrators, as part of the yearly on-boarding process for all employees, completed online web based training on the following topics: Mandated Reporting, blood borne Pathogen Prevention Training, Sexual Harassment Policy and Prevention regarding both staff and students, and Employee Leaves.

All instructional assistants received general training on responsibilities and expectations of instructional assistants in the Fall and de-escalation training in the Spring. Instructional assistants in inclusion settings received training specific to supporting students in general education classes.

On January 2, 2018 all Classified Staff received training on the following topics: First Aid, Culture and Diversity, Advanced Excel Training, CalPers Retirement Planning, Health and Benefits information training. Our District Site Secretaries and Clerks receive monthly training on topics specifically related to their daily responsibilities from various District departments: Technology, Business Services, Human Resources, Student Services.
Administrators also attended the Sheltered Instruction Observation Protocol (SIOP) training in August and January. Administrators had professional development in the areas of crucial conversations and communication, monitoring instruction, discipline entry, alternatives to suspension and attendance practices.

</tr>
</tbody>
</table>

### Action 8
### Action 9

**Planned Actions/Services**
Maintain 17% reserve level and create a list of budget priorities to use for 2018-19 budgeting process

**Actual Actions/Services**
The District will maintain a reserve level of 17% to 20% in year three as indicated in the second interim budget report

**Budgeted Expenditures**
No expenditures - part of regular staff responsibilities $0

**Estimated Actual Expenditures**
No expenditures - part of regular staff responsibilities $0.00

### Action 10

**Planned Actions/Services**
Implement refined hiring and interview process for all staff

**Actual Actions/Services**
The District refined the steps in the hiring process and are using new interview questions to align with the revised process. The Human Resources Department will continue to make adjustments for 2018-19 based on the learnings from the spring 2018 hiring season.

**Budgeted Expenditures**
Program 400 Fund 01 - Resource 0000 - Object 1000/Object 3000 Unrestricted General Fund $1,000

**Estimated Actual Expenditures**
Program 400 Fund 01 - Resource 0000 - Object 2000/Object 3000 Unrestricted General Fund $2,501

### Action 11

**Planned Actions/Services**
Use newly created staff retention report to inform best practices for attracting and retaining teachers and staff

**Actual Actions/Services**
The Human Resources Department has created a document that is consistently revised based on information gained from employees that resign, retire, and/or take leaves of absence. The document is updated regularly so it remains current.

**Budgeted Expenditures**
No expenditures - part of regular staff responsibilities $0

**Estimated Actual Expenditures**
No expenditures - part of regular staff responsibilities $0.00

### Action 11

**Planned Actions/Services**
Continue to provide access to Lynda.com for all staff. Evaluate

**Actual Actions/Services**
The District continued to provide access to Lynda.com for both students and staff. Lynda.com

**Budgeted Expenditures**
Program 570 Fund 01 - Resource 9590 - Object 5000 Shoreline Funding $10,000

**Estimated Actual Expenditures**
Program 580 Fund 01 - Resource 9590 - Object 5000 Shoreline Funding $10,000
usage data to determine continued purchase.

provides thousands of high-quality courses on a broad range of topics, from Microsoft Office to blended learning. While usage was primarily among staff users we did see an increase in the number of students actively using the site. Of the active users on the site since July 2017, 40% of those users were students. On average, there were about 35 active users each month with on average 10 hours of viewing each month.

Analysis

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

**Actions and Services for this goal were implemented as planned.** The District expanded professional development opportunities for all employees. Professional Development offerings were targeted to the needs of groups of employees instead of a one size fits all approach. A new on-boarding and hiring process were implemented along with new evaluation systems for classified staff, teachers, and administrators. The District had a goal to have 100% highly qualified teachers, however two teachers did not meet all requirements and our percentage stayed at 99%. Additionally, the District planned to review Social Studies materials for grades 6-8, however the materials were not adopted by California until late November so the District decided to hold and convene the task force in Fall 2018 instead.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

**MVWSD has overall rankings of green in all areas on the Dashboard.** The District has several subgroups that received received rankings of orange in English Language Arts and mathematics including English Language Learners, Homeless students, Socio-Economically Disadvantaged students, Students with Disabilities, and Hispanic/Latino and African American students. These rankings affirm that the District's focus on hiring highly qualified teachers and providing professional development in an effort to support all staff in continuous improvement should remain a District focus. In addition, the implementation of a new District on-boarding process, evaluation systems, and targeted professional development support the District in retaining highly qualified staff. MVWSD also provided three dedicated New Teacher Support Providers to help our over 50 new teachers work toward obtaining their professional clear teaching credential. Frequent inspections of school sites by District maintenance staff and the continued use of the Service Now work order system have resulted in an increase in the perception of cleanliness of school sites by 4 percentage points. The District will maintain a 17-20% reserve level in the adopted budget.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

**Action 1:** MVWSD had not completed the hiring process when the LCAP was written in spring of 2017. The District anticipated hiring more new teachers for 2017-18 and thus increased the budgeted amount to ensure coverage. While the District did support over 50 year 1 and year 2 teachers, the total number was less than anticipated causing a discrepancy between budgeted and actual expenditures.

**Action 2:** While most new special education teachers qualified for support through the Santa Cruz/Silicon Valley New Teacher Project, none of the District's new teacher support providers had a special education background. Additionally, due to the teacher shortage, the District hired several interns in special education. The District hired a 0.2 FTE special education teacher to provide support to all of these new teachers focused on special education. The cost of the 0.2 FTE exceeded the budgeted amount.

**Action 3:** MVWSD budgeted money to pay teachers to participate on the Social Studies Adoption Task Force. Due to the late approval of the list of materials, the District opted to wait until 2018-19 to convene the Task Force.

**Action 5:** The District expanded professional development opportunities to all staff. Professional development was offered on both regular staff days and after hours. Fewer staff than expected participated in the optional, after hours trainings.
and focus for certificated staff was on the Sheltered Instruction Observation Protocol which is listed in Goal 2, Action 4 causing a difference between the budgeted amount and the actual expenditures.

Action 6: In was anticipated that the new on-boarding process may take extra hours in order to implement, however it did not and staff was able to implement as part of regular staff responsibilities.

Action 7: Certificated staffs at each school site were given the choice to participating in the new evaluation system using Teach Boost, in 2017-18 or waiting until 2018-19. Seven of the District's ten sites opted to participate. The cost of the platform was less than anticipated due to less than 100% participation this year.

Action 9: MVWSD budgeted for certificated staff to implement the refined hiring process although this feel under their regular staff responsibilities. Instead, the District used funding to compensate Classified staff to attend a Saturday Job Fair and a Saturday interview day to support the new process which resulted in the discrepancy between estimated and actual expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Although overall Dashboard rankings were green in all areas, the District sill has several subgroups that are underperforming including English Language Learners, Students with Disabilities, Homeless students, Socio-Economically Disadvantaged students and African American and Hispanic/Latino students. This indicates a need to continue to hire highly qualified staff and provide targeted professional development. The District postponed the Social Studies Adoption Task Force until 2018-19 and plans to adopt materials for the 2019-20 school year (see changes in LCAP Goal 1 Annual Measurable Outcomes, and Action 3).
**Annual Update**

**LCAP Year Reviewed: 2017-18**

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

**Goal 2**

Increase achievement for all students and accelerate learning outcomes for English Language Learners, low-income students, and other target groups to close the achievement gap.

</tbody>
</table>

*Mountain View Whisman is a kindergarten through eighth grade district. As such, the District does not need to measure the following:*
- Percentage of students successfully completing A-G courses
- Percentage of students successfully completing Career Technical Education (CTE) sequences of programs of study that align
- Percentage of students passing Advanced Placement exams (3+)

### Actual

1. MVWSD has decreased the percentage of at-risk and LTEL English learners from 6.0% and 4.3% in 2016-2017 to 5.3% at-risk English learners and 3.9% LTELS respectively based on DataQuest information. This reflects a combined decrease of 1.1% in at-risk and LTEL English learners. MVWSD did not meet the targeted goal by a shortfall of .9%

2. The Response to Instruction program was expanded in 2017-18 to include all elementary sites in the District.

3. As a result of grant awards to increase the District's state preschool contract, the addition of a classroom on the Castro/Mistral Elementary School site and the implementation of a fee-based option for families ineligible for state preschool, available preschool spaces increased from 168 in 2016-17 to 224 for 2017-18.

4. The Board of Trustees made a goal that the District use the 2018-19 school year to create a comprehensive plan for science including the transition to NGSS. This plan will be completed by the end of 2018.

5. The District employed 3 additional math teachers in 2017-18 in order to accommodate double blocks of math at each middle school.

6. A co-teaching plan was created.

7. An "I'm Ready Guide" was completed in September 2017 and was distributed to 2018-19 Kindergarten-bound preschool families as well as families enrolling in the District's Kindergarten from outside programs.

8. The Kindergarten Readiness Assessment draft was completed in March 2018. The draft will be shared with Kindergarten teachers for feedback and implementation in Fall 2018.

9. A plan to expand preschool access by modifying the current program to include options for full-day spaces was presented to the Board of Trustees in

Continue to support designated and integrated English Language Development instruction through professional development, coaching, release days, and support from the English Language Development Coordinator.

Integrated English Language Development professional learning has been provided to all teachers grades K-8, in all subject areas this year during Sheltered Instruction Observation Protocol (SIOP) trainings. Two district wide trainings in SIOP were held: A two day SIOP training followed by one full day of planning on August 8-10, 2017 and a one day site specific SIOP training on January 2, 2018 (See Goal 2, Action 4). Designated ELD coaching and training have been provided through coordination of English 3-D training for teachers at select elementary and middle school sites, after school trainings in Imagine Learning and Learning A-Z online designated ELD teacher resources this year. Site coaching support has been provided by the Educational Services EL Coordinator for both integrated and designated English Language Development based on site needs and requests.

Assess implementation of Professional Learning Communities district wide. Assess the structure of leadership team meetings to align with the PLC model. Continue to support teams in their implementation of Professional Learning Communities throughout the year.

Professional Learning Communities are an important part of our district at all levels. Teachers collaborate regularly to analyze data and plan instruction for students. In 2016-17, the structure of leadership team meetings was adjusted to align with the PLC model. This year, the leadership team model has remained constant and administrators meet regularly in their collaborative groups to share best practices and learn from each other. In addition, the PLC structure has expanded to include groups like our instructional coaches and RTI team.

<td>Site administrators will work with the English Language Arts departments, middle school literacy coach, and personnel from feeder high schools to backward map and align expectations for students in 6th - 8th grade English Language Arts with District support.</td>
<td>The Middle School Literacy coach and one English Language Arts teacher participated regularly in the Interdistrict Writing Assessment committee monthly meetings to work on a common reading, writing, and synthesis assessment given to all 8th and 9th grade students, a common rubric, and alignment in the evaluation of student work. Eight teachers from Crittenden and Graham attended this year's IDWA Articulation Day on March 27th, 2018 during which time English Language Arts teachers from grades 6-12 met to score, calibrate and analyze student essays and engage in professional development to improve practices in the areas of reading, writing, and synthesis. This year, the committee expanded its articulation efforts by organizing teacher visits to Mountain View High School and Los Altos High School. During these visits, middle school teachers observed 9th and 10th grade classrooms as a means of sharing and aligning instructional practices. As a result of these visits, our 8th grade ELA teachers have developed a novel unit that aligns to the high school's...</td>

</table>
passage response assessments and rubric.

On the March 19th, 2018 Staff Development Day, all of Crittenden and Graham's English Language Arts, Social Studies, and Resource teachers attended a workshop put on by Esther Wu, a Mountain View High School English Language Arts teacher, with a focus on examining four conditions for effective speaking and listening: community, content, capacity, and continuous practice and aligning this work with the high school. Middle school administrators met regularly with the Literacy coaches to support instructional practices and alignment in the department.

Work is still needed to better align expectations and instruction in grades 6 and 7.

Most of the work was done as part of the regular staff time and responsibilities. The District only had to spend a small amount of money for subs so the estimated actual is less than the budgeted amount.

**Analysis**

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions and services for this goal were generally implemented as planned. Four actions/services were not completed as outlined. The District planned to completed a plan of action to support or Dual Immersion School - Mistral. The District started work on this back in 2016-17 by collecting research on best practices and doing a study of the current state of the program. In 2017-18, the District benchmarked other 6 other dual immersion schools in California and North Carolina. The District held a Board of Trustees Study Session on April 28, 2018. Work will continue on the plan in 2018-19. Progress monitoring of our English Language Learners and Reclassified students happened across the District although monitoring of progress of our Reclassified students was consistently completed and the monitoring of our current English Learners was somewhat inconsistent depending on the school site. This process will be tightened up for 2018-19. District and site administrators, middle school literacy coaches and teachers worked on developing more consistent programming across our two middle schools that will lead to a smoother transition for students to our feeder high school. The focus of the work done in 2017-18 was on 8th grade programming. The District will backwards map from the work done this year and focus on grades 7 and 8 in 2018-19. Lastly, the Kindergarten Readiness Assessment is completed and will be ready for implementation in fall of 2018. The goal was to complete this over the summer of 2017, but the Assessment Task Force was not able to complete this work due to the volume of work done on the District assessments.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Even thought student achievement on the 2016-17 California Assessment of Student Performance and Progress (CAASPP) was flat in English Language Arts and the District saw a 2 percentage point gain in mathematics, the district focus on instructional coaching and release days for professional development and planning continues to be a focus for MVWSD. The work with Professional learning...
Communities, data analysis, and Response to Instruction program has supported the continued work to provide for the needs of all students, especially our English Learners, Socio-Economically Disadvantaged students, Students with Disabilities, and students in need of enrichment or extension. Several subgroups in our District including English Language Learners, Students with Disabilities, Hispanic/Latino, Homeless, and African American students, and Socio-Economically Disadvantaged students have much lower levels of achievement than all students. These groups all had orange ratings on the California Dashboard. To better support our target students, the District expanded its Response to Instruction Program to all elementary sites and has a plan to expand to middle school through our new middle school schedule. The new schedule will allow all students to have at least one choice elective and a Response to Instruction period for intervention or enrichment. Additionally, the new middle school schedule incorporates a plan to provide co-taught classes in English Language Arts and mathematics for students with disabilities.

All teachers were provided 2.5 days of professional development on the Sheltered Instruction Observation Protocol (SIOP) in 2017-18 which is designed to support students, especially English Language Learners during content instruction. The District served over 900 students in summer programs during the summer of 2017 and has worked to revamp its District summer school program to better support English Language Learners. The new program will focus on language development and literacy through science and provide teachers with professional development and coaching on GLAD (Guided Language Acquisition and Design) and Sheltered Instruction Observation Protocol (SIOP) strategies that they can use in their regular classrooms. The District continues work on a plan of action to better support our Dual Immersion school.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

**Action 1:** The increase in estimated costs reflects the correction to the original budget when it failed to include the cost of benefits to the positions and the certificated negotiated increase in compensation of 6.7%.

**Action 3:** Budgeted expenses were higher due to the fact that the District anticipated additional curriculum expenses and expansion of English 3-D to elementary sites. Fewer sites volunteered for the trial so limited additional materials were ordered. In addition, instead of outside consultants providing professional learning, one of the Educational Services Coordinators provided several workshops for teachers.

**Action 4:** An additional consultants was hired and one workshop bundle was added for January 2018 SIOP professional learning due to a change in needs for Gabriela Mistral (separate trainer at their site).

**Action 5:** This initial budget was to cover costs of the online learning Imagine Learning subscription costs. These costs were assumed under our Shoreline technology budget so not expenditures for this action.

**Action 8:** The budgeted expense was to bring back a consultant to further support the district implementation of PLC. With all of the other District initiatives, it was decided to handle supporting sites internally with regular staff

**Action 9:** The District paid a company paid for an outside evaluation of the RTI program at Castro School. The rest of the monitoring of the program was handled through regular staff responsibilities during work hours.

**Action 10:** The increase in estimated costs reflects the correction to the original budget when it failed to include the cost of benefits to the positions, the addition of an RTI Coordinator to the budget, and the certificated negotiated increase in compensation of 6.7%. 

Action 11: This original budget included anticipated additional model visits (domestic travel), meeting costs, meeting supplies, meeting childcare etc. The budgeted costs also included anticipated trials and/or materials. No expenditures were required as the evaluation was handled within an existing committee, Specific Learner Needs Task Force (action 12) and researched by district staff. Action 17: The District allocated funding for the District to research and benchmark other successful Dual Immersion schools. The District did not expend all of the allocation. Planning will continue into 2018-19 Action 20: The District was able to complete the majority of the work as part of regular staff responsibilities. The only costs incurred were for substitute teachers for release time and classroom visits. Action 24: The funds are allocated based on the unduplicated counts in spring of 2017, the counts changed at as of September 30, 2018 and some sites got an increased amount of funding.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

As a result of analysis of the plan, ratings on the California Dashboard, and Stakeholder input the following annual measurable objectives have been modified:
Number 5: Implementing RTI in middle school in 2018-19 and revising and refining the process in 2019-20 The District is ahead in this process and will be implementing RTI periods in middle school in 2018-19.
Number 6: The District will implement a full day option for preschool in 2018-19 so the number of preschool spaces may not increase. The District changed the annual measurable objective to reflect this.
Number 8: The District will develop a science plan during the 2018-19 school year instead of providing professional development on NGSS. In 2019-20 the District will implement the new plan.
Number 14: The District modified the language for 2018-19 and 2019-20 to focus work on grades 6 and 7 in English Language Arts in Middle School. The District focused on grade 8 in 2017-18.

As a result of analysis of the plan, ratings on the California Dashboard, and Stakeholder input the following actions have been modified:
Action 1: The District modified the action in 2017-18 and 2019-20 to include a new elementary math coach and an additional 0.5 FTE literacy coach for the middle schools. Action 4: The District is adding support for site administrators to provide specific feedback to teachers to improve instruction using the Sheltered Instruction Observation Protocol in 2018-19. Action 10: The District modified the action in 2018-19 because the District is Implementing RTI in middle school in 2018-19 and revising and refining the process in 2019-20 The District is ahead in this process. Action 11: The District modified the budget for the Early Language Learning Program. The District will not need to spend as much money as projected. Action 14: Due to the implementation of the new middle school schedule, the District will be able to decrease the number of supplemental math teachers by one each year.
Action 17: The District is continuing to develop the plan for the Dual Immersion Program. Work was not completed in 2017-18 so planning will continue in 2018-19 and implementation in 2019-20.

Action 18: The District will be investigating opportunities to add co-taught classes at the elementary level in 2018-19 and will implement in 2019-20 if appropriate. This action is modified based on the work done to implement co-taught classes at the middle school level in 2017-18.

As a result of analysis of the plan, ratings on the California Dashboard, and Stakeholder input the following actions have been added to the LCAP for 2018-19 and 2019-20:

Action 25: The District will be developing a Science plan for implementation in 2019-20.
Annual Update

LCAP Year Reviewed: 2017-18

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Goal 3

Provide a broad course of study to ensure that all students are prepared for high school with the academic skills and mindset necessary for successful citizenship in the 21st century.

State and/or Local Priorities addressed by this goal:

<table>
<thead>
<tr>
<th>State Priorities</th>

</tr>
</thead>
<tbody>
<tr>
<td>1. New middle school schedule</td>
<td></td>
<td>1. A new middle school schedule was developed and approved. It will be implemented in 2018-19 and allows for all students to have a choice elective and co-teaching.</td>
</tr>
<tr>
<td>2. Partial plan for culturally responsive instruction</td>
<td></td>
<td>2. The planning for culturally responsive instruction was pushed to 2018-19 to align with the District Strategic Plan.</td>
</tr>
<tr>
<td>3. Enrichment funding allocation for elementary schools</td>
<td></td>
<td>3. The District maintained enrichment funding for all elementary schools</td>
</tr>
<tr>
<td>4. Art, music, and PE contracts</td>
<td></td>
<td>4. The District maintained Art, Music, and PE for all students in elementary schools</td>
</tr>
<tr>
<td>5. Number of technology devices</td>
<td></td>
<td>5. The District expanded its 1:1 Chromebooks down to 1st grade. The District is now 1:1 Chromebooks for grades 1-8.</td>
</tr>
<tr>
<td>6. Progress on development of Capstone Projects and Portrait of a Graduate portfolio and rubrics</td>
<td></td>
<td>6. The District developed rubrics for the Portrait of a Graduate and two schools worked on the development of the capstone projects (Huff and Stevenson) which are not due to be implemented until 2020-21.</td>
</tr>
<tr>
<td>7. Plan for extended learning opportunities for students</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
**Expected**

17-18
1. Develop equitable middle school schedules that provide access to electives for all students
2. Develop plan for culturally responsive instruction
3. Maintain Enrichment Funding for elementary schools
4. Maintain Art, Music and PE in all elementary schools
5. Expanded use of technology devices and effective use of educational technology during instruction
6. Develop Capstone Projects and electronic Portrait of a Graduate portfolio and rubrics
7. Plan for extended learning opportunities for students

**Baseline**
1. The current middle school schedules do not allow all students to have an elective.
2. The Strategic Plan calls for planning of culturally responsive instruction to take place in 2017-18.
3. District provides enrichment funding for all elementary schools.
4. District currently provides supplemental Art, Music, and PE for all elementary students.
5. Currently, the district has 1:1 Chromebooks for students in grades 2-8.
6. The District has developed a draft rubric to assess the competencies and attributes of its Portrait of a Graduate.
7. The District assessed all of the in school and extended day learning opportunities that are provided across all schools.

**Actual**
7. The District is planning for extended learning opportunities for students after school. A recommendation will be made to the Board of Trustees in June.

**Actions / Services**
Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions and services for this goal were generally implemented as planned. On action/service was not completed as outlined. Action 2 called for the development of a plan to implement culturally responsive instruction. This action is also in our 6 year Strategic Plan although the Strategic plan calls for the planing to occur in 2018-19 with implementation in 2019-20. With all of the other items District staff is working on in both the Local Control Accountability Plan (LCAP) and the Strategic Plan, it was decided to push the planning for culturally responsive instruction in the LCAP to 2018-19 to align with the Strategic Plan.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Meeting the needs of all students including those that need intervention and remediation and those that need enrichment and extension continues to be a challenge for our District. There is a particular need to provide enrichment opportunities for students both during the school day through electives in our middle schools and after school. The Middle School Schedule Task Force recommended a new schedule that was approved by the Board of Trustees in January 2019. The new schedule will be implemented in fall of 2018 and will ensure that all students will get at least one choice elective, have the opportunity for a Response to instruction period for either remediation or enrichment, and include co-teaching in English Language Arts and mathematics for Students with Disabilities. Additionally, the District continued work to find options for providing after school tutorials at all of our schools and plan to take a recommendation to the Board of Trustees in June or August 2018.

MVWSD continues to offer supplemental art and music classes for all students in grades TK-5 and ensures that all 1st - 5th grad students get the minimum number of Physical Education minutes each week with instruction from certificated Physical Education teachers from Rhythm and Moves. The District also provides opportunities for hands-on environmental educational experiences including field trips, classroom programs and lessons, and experiences at the Outdoor Science School at Walden West and NatureBridge in Yosemite. Some of our middle school students come from our K-5 Dual Immersion program or are native readers, writers, and speakers in Spanish. The District has been working to offer these students a content class in Spanish at the middle school to continue their language development. This effort has been hindered by the District inability to to hire single subject, BCLAD
teachers. The new middle school schedule will allow the District to offer increases offerings of Spanish classes and the addition of beginning French.

Developing students 21st century skills is as important and an integral part of developing a student's academic skills. The 21st century competencies and attributes that we want to develop in our students are contained in our Profile of a Graduate. Developing rubrics and capstone projects to measure student progress in developing these skills is part of our Strategic Plan and we are in year 2 of 3 in the planning cycle. This year extensive work was done on the elementary capstone and rubrics with next year focusing on the middle school.

Technology is utilized daily to support instruction and student learning. This year the District continued to expand it's chromebook initiative by one grade level so that now all students in grades 1-8 have 1:1 access. In 6th grade, all students are issued a chromebook to use in class and at home throughout their middle school career in MVWSD. The technology department continues to use the results of the BrightBytes survey data to measure and support the use of technology.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action 1: MVWSD spent more money compensating teachers on the Middle School Schedule Task Force than budgeted. The Task Force met more frequently than expected in the fall of 2017.
Action 2: MVWSD postponed the planning for the implementation of Culturally Responsive Instruction until the 2018-19 school year to align with the District's Strategic Plan. No money was spent.
Action 4: The cost of the Rhythm and Moves contract increased due to the District's focus on having teachers have common preparation periods at our high needs schools (Castro, Theuerkauf, Monta Loma). Also, the costs increased due to the addition of the District's Special Day classes having dedicated classes for Physical Education, Music and Art.
Action 6: The District collected donations from parents to support the Outdoor Science School and NatureBridge which decreased the total cost to the District.
Action 8: The Profile of a Graduate Rubric work was done in house by staff. There was initially funds budgeted to pay teachers to work on this project. This was not necessary this year so no funds were spent.
Action 9: This year, the BrightBytes survey was only administered once instead of twice like in years past and the District was able to get discounted pricing through the Santa Clara County Office of Education therefore lowering our costs and creating the discrepancy between the budgeted and actual expenditures.
Action 11: The position of Educational Services Coordinator was going to be left unfilled so the District allocated funds to have an employee work extra hours on this project. In the fall the position was filled so the work became part of regular staff responsibilities and no funds were expended. The salary and benefits for the Educational Services Coordinator can be found in Goal 2, Action 10.
Action 12: The middle school counselors that were hired at lower cost than expected.
Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The only change made was the postponement of planning for the implementation of Culturally Responsive Instruction until the 2018-19 school year in order to align with the District's Strategic Plan. The changes are reflected in Goal 3, Action 2 in the District's LCAP.
Annual Update

LCAP Year Reviewed: 2017-18

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Goal 4

Ensure a safe, healthy, and respectful District and school environment to increase engagement, involvement, and satisfaction of students, staff, parents, and community members.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 3: Parental Involvement (Engagement)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

Local Priorities: Strategic Plan Goal 3

Annual Measurable Outcomes

### Expected

1. Continue to decrease the suspension rate by 0.5% for all students with a focus on Students with Disabilities, and English Language Learners
2. Maintain 0% Expulsion rate
3. Decrease truancy rate to 10%
4. Decrease chronic absenteeism rate to 4%
5. Increase student attendance rate to 97%
6. Alternatives to suspension menu implemented
7. Sites to continue to include a climate goal and action plan with metrics for suspension and attendance
8. Revised protocols for entering referral and discipline data to reduce the number of errors from 90% to 75%
9. 100% of handbooks updated
10. Increased participation by staff and parents in school and activities and/or district leadership opportunities. Add questions about student participation in activities into new climate survey
11. Continue parent training
12. Maintain School and Community Engagement Facilitators
13. Maintain 0% Middle School dropout rate
14. Review and update District and site Safety plans as needed

6. Alternatives to suspension have been a primary focus at monthly leadership team meetings in September, October and November. A menu of alternatives will be finalized in the summer of 2018.

7. All sites continued to have a climate goal and action plan in their Single Plan for Student Achievement

8. Protocols for entering discipline data have been reviewed and revised with school secretaries and site principals at monthly meetings. There were 133 suspensions entered and only 35% contained at least one error. The District improved the accuracy of suspension entries by 55%.

9. Handbooks have been collected and also reviewed. A list of items that need to be added has been generated. Handbooks will be updated over the course of the 2018-19 school year.

10. The District had 38 parents involved on three District committees. In 2016-17 537 parents attended Parent University offerings and to date 463 have attended in 2017-18 with one more event to go. The District will be revising offerings for 2017-18.

11. The District increased to 8 Parent University offerings in 2017-18. There were 7 in 2016-17.

12. The District maintained School and Community Engagement Facilitators at all sites except Castro and Graham. Those sites had a decrease to a 0.5 FTE Facilitator due to having additional support through School Linked Services.
Baseline
1. Suspension Status - CA Dashboard  All = 2%, English learners = 2.1%, Students with Disabilities = 5.6%, SocioEconomically Disadvantaged = 3.7%, White and Two or More Races = 1.5%
2. 0% expulsion rate
3. Truancy rate 11.12%
4. Chronic Absenteeism rate 5%
5. Attendance rate
   16-17
   Bubb  96.86
   Castro  96.25
   Crittenden  96.62
   Graham  96.97
   Huff  96.79
   Landels  95.90
   Mistral  96.92
   Monta Loma  96.19
   Stevenson  96.94
   Theuerkauf  95.44

6. No current Alternatives to suspension menu
7. All sites have a climate goal and action plan
8. 90% of the 191 suspensions entered into PowerSchool had at least 1 error that had to be corrected
9. Handbooks have been collected but not updated
10. In 2015-16 School and Community Engagement Facilitators collected parent and staff participation in school and District activities by school. At the end of June 2017, they will compile the data into an aggregate for the District and will also compile the data for the 2016-17 school year so a comparison can be made and targets can be set.
11. The District developed Mountain View Parent University and held 7 parent education sessions
12. 1.0 FTE at 8 schools and 0.5 FTE at 2 schools
13. 0% middle school dropout rate
14. Site Safety plans were updated in spring of 2017. The District plan was reviewed and no changes were needed.

Actual
13. The District maintained it's 0% dropout rate
14. Safety plans were reviewed and updated by sites and school site councils

<td>No expenditures - part of regular staff responsibilities $0.00</td>
</tr>
</tbody>
</table>
Continue implementation of the School Attendance Review Team (SART) and fully implement the District School Attendance Review Board (SARB) protocols. Add monthly communications about the importance of attendance in school and District newsletters. Add attendance as a metric in school climate goals. Review attendance data monthly at Instructional Leadership Team meetings.

Attendance Review Board (SARB). The District has not had to conduct any SARB meetings to date.

5 of 10 school plans had a specific metric for attendance rate and the District goal is that all sites will maintain or increase to 97% Average Daily Attendance. All sites will include an attendance metric in their site plan in 2018-19.

The District has a webpage dedicated to attendance and also sent information in site and District newsletters. The District also extended it’s process of sending truancy letters to remind families of the importance of regular attendance.

Attendance data was reviewed at District Leadership meetings in October and December and sent site specific information out to site administrators monthly.

Analysis
Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions and Services for this goal were generally implemented as planned with few exceptions. While the District did provide training for administrators on alternatives to suspension, the menu of alternatives was not completed and will be done over the summer of 2018. School handbooks are still a work in progress although a list of items that needs to be added has been created. Suspension data was monitored at District Leadership meetings and through email communication and the District made great strides in decreasing the number of suspensions entered with errors. The District has a completed process for School Attendance Review Teams and the District School Attendance Review Board meetings. No SARB meetings were held in 2017-18. The District reinstated the process of sending monthly reminders about attendance in newsletters and has a dedicated webpage for attendance. Attendance rates do exceed the state requirement, but declined slightly and no schools are meeting the District goal of 97%. School and Community Engagement Facilitators continued work to increase parent engagement. Mountain View Parent University held 8 sessions, an increase of one over 2016-17.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

This year all sites continued to have a climate goal in their single plan for student achievement. They were also asked to include a metric for attendance and suspensions and this varied by site. 5 of 10 school plans had a metric for attendance rate and 4 of 10 had a metric for suspension rate. All sites will include these metrics in 2018-19 and sites with red or orange ratings for suspensions will also contain actions to remediate these issues (Huff, Mistral, Castro, and Monta Loma). The District made strides in entering discipline data correctly and the total number of suspensions in the District has decreased to 133. The District still needs to complete a menu of alternatives to suspensions. Due to a change in leadership in the Student Services Department, school handbooks were not revised and this action will be completed in 2018-19. The District has a webpage about attendance and send reminders in newsletters about the importance of school attendance. Additionally, site leadership reviewed data, but the District's truancy rate went up instead of down. The District has a goal of having each school have attendance rates of 97%. Based on data collected in April no school had an attendance rate of 97%, but all by one had rates at 96% or better except Theuerkauf which was at 95.45. All schools exceed the state expectation for attendance. Mountain View Parent University had 8 sessions this year compared to 7 in 2016-17 and will end up with similar attendance rates. Like last year, the topics will be reviewed and adjusted for 2018-19. School and Community Engagement Facilitators continue to work to engage parents and families at each site.

Stakeholder survey results indicate parent and student respondents generally have a positive perception of their/their child’s school environment. Roughly 90 percent of parent respondents agree that their child trusts teachers and staff, is safe at school, has friends at school, and is respected at school. Similar percentages of student respondents agree that they trust their teachers, feel safe at school, are encouraged by teachers on a regular basis, and trust their principal.

School and Community Engagement Facilitators (actions 4 and 5) are also an important part of helping the District reach this goal. Stakeholder survey results indicate that parent respondents express comfort participating in school activities and satisfaction with
parent events and school organizations. Nearly 90 percent of parent respondents indicate that their child’s school encourages parental involvement and that they feel comfortable participating in school activities and eighty percent of staff respondents agree that school and community engagement facilitators are effective in encouraging parent/guardian involvement at their school. Both parent and staff respondents indicate that providing parents with more information on how to support students at home is the best way to increase parental involvement in schools. More convenient times for participation, more information on involvement opportunities, and more communication between the school and parents are other strategies to encourage parental involvement, according to parents and staff.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action 2: Sites use several funding sources for their climate goals: Enrichment Funds and Targeted Student Support Program (TSSP). Theses funds are already listed in the LCAP under the following actions: LCAP Goal 2, Action 24 - Targeted Student Support Program, LCAP Goal 3, Action 3 - Enrichment Funding

Action 3: The District allocated $20,000 for emergency supplies. The District ordered water, ration bars and radios and only needed to spend $17,000 approximately.

Action 4: The District decreased by one School and Community Engagement Facilitator due to support form School Linked Services

Action 5: School and Community Engagement Facilitators attended local trainings and were less expensive and did not include travel, which created a discrepancy between budgeted and actual expenditures

Action 6: All of the steps in action 6 were able to be handled during regular staff hours.

Action 7: This action was not completed this year. It will be completed in 2018-19.

Action 8: Training for site administrators and support staff took place during regular staff hours.

Action 9: While work was done on the alternatives to suspension menu, it was done during regular staff hours.

Action 10: The District budgeted to pay the cost of presenters for the 8 parent university sessions. The majority of the presenters waived their fees so there was a difference between budgeted and actual expenditures.

Action 11: The District included the cost of the salary and benefits for the Public Information Officer which was not included before.

Action 12: The District budgeted to pay staff to attend the different meetings. The actual costs were less than anticipated due to having less committees/Task Forces and less meetings.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

In Goal 4 Actions 7 and 9 were not completed in 2017-18. Action 7 was to revise school handbooks. Due to changes in leadership in the Administrative Services Department, this item was overlooked. This action will be completed during the 2018-19 school year and the action has been update in the LCAP. Additionally, action 9 was also not completed as scheduled. The District and site leadership spent considerable amount of time discussing discipline and alternatives to suspension, however a menu of alternatives was not completed. This item will be worked on again over the summer of 2018 and revised with site administrators in 2018-19. Action 9 has been updated in the LCAP. The District did a great job decreasing the number of discipline events that were entered with errors so
the District adjusted the Annual Measurable Objectives for 2018-19 and 2019-20. The California Dashboard indicates that 4 schools have overall ratings of orange for suspensions and 8 of ten schools have at least one subgroup in orange or red. The District will be adding At Risk Supervisors to additional schools to help with discipline and suspensions in 2018-19.

The District adjusted Action 4 to include the maintain or increase the number of School and Community Engagement Facilitators in case the District does not have Support from School Linked Services in 2018-19. The District increased it's efforts to decrease truancy, however our truancy rate increased. The Annual Measurable Objectives were adjusted for truancy rate for 2018-19 and 2019-20. While the sites were asked to send home attendance information monthly, it was not consistent at all sites. The District will continue to message to the parents and community, the importance of regular school attendance (See action 6).

Action 12 was adjusted for 2018-19 to list the Task Forces/Committees/Work groups for 2018-19. Additionally, the District did not convene a Budget Advisory Committee or an Innovative and Best Practices Committee in 2017-18 and that was noted. The District is adding new Task Forces: Social Studies Task Force and Dual Immersion Task Force.

Stakeholder feedback indicated a need for the District to focus on Social Emotional learning. The District is addressing this is already established actions in the LCAP including the Health and Wellness Committee, Parent University, and Project Cornerstone. The Health and Wellness Committee will be working on developing recommendations for professional development and programs in this area.

Based on Stakeholder Feedback and/or the California Dashboard the following actions were added:

Action 15: The District will use its Service Now platform to give a survey to parents after they have an Individualized Education Plan (IEP) meeting to gather feedback to improve the process.
Action 16: The Special Education Department will hold focus groups with parents and staff to gather feedback to inform improvements to Special Education processes and services.
Action 17: The Special Education Department will develop and implement a Welcome Binder to give to new families during the initial IEP process. The binder will include parent resources, a parent handbook, and organizational strategies for handling IEP paperwork.
Action 18: To better support two-way communication, the District will implement "Let's Talk". This is a monthly series of videos and in-person meetings that cover school-related topics of interest for parents.
Action 19: The District will continue to update websites at the District, elementary, and middle schools.
Action 20 and 21: The District was able to revise it's Memorandum of Understanding and maintain it's partnership with School Linked Services. Actions 20 and 21 have been added to reflect our work together to support students and families.
Action 22: Currently 4 schools have At Risk Supervisors who support sites with discipline and climate. Based on Dashboard ratings the District will add At Risk Supervisors to the following schools: Monta Loma, Landels, Huff, and Mistral.
Stakeholder Engagement

LCAP Year: 2018-19

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

MVWSD is committed to the idea that meaningful stakeholder engagement is an integral part in developing an effective LCAP. The Mountain View Whisman School District Strategic Plan 2021 was developed in 2015-16 in tandem with the District LCAP. The Strategic Plan is a six year plan that guides the work of the District and provides a roadmap for the LCAP along with stakeholder input and feedback. An update on the progress toward the goals and actions of year one of the Strategic Plan and LCAP as well as current LCAP expenditures was created in English and Spanish in order to provide information to staff and community and solicit input and feedback from all stakeholders. The presentation was delivered by the Superintendent and cabinet members at the meetings listed below with Spanish interpreters available as needed. Stakeholders were provided the opportunity to give input to the district during the meetings and/or by completing a survey. All input was collected for review by the District strategic plan/LCAP team and District Leadership Team.

District Strategic Plan/LCAP Update and Input Meetings:
January 16: SP/LCAP for District Leadership Team
February 15: SP/LCAP Overview for Board of Trustees
February 2 - March 6: SP/LCAP Survey open for parents and staff
March 6: SP/LCAP for District Advisory Committee
February 12: SP/LCAP for District English Learner Advisory Committee
February 28: SP/LCAP with all Middle School staff (am) and all Elementary School Staff pm. These meetings were for all certificated and classified union members with time provided to take the District survey.

In addition to the District led meetings, all site principals delivered the Strategic Plan/LCAP presentation and survey at a variety of meetings at their school sites.

Site Strategic Plan/LCAP Update and Input Meetings:

Bubb Elementary School
January 22: School Site Council, English Learner Advisory Council, and Parent Teacher Association

Castro Elementary School
January 17: Parent Teacher Association
January 30:  English Learner Advisory Council
February 7:  School Site Council

Crittenden Middle School
January 24:  English Learner Advisory Council, Parent Teacher Association, School Site Council

Graham Middle School
February 12: English Learner Advisory Council, Parent Teacher Association, School Site Council

Huff Elementary School
February 15: Parent Teacher Association
February 15: School Site Council
February 27: English Learner Advisory Council

Landels Elementary School
February 1: School Site Council
February 8: English Learner Advisory Council, Parent Teacher Association

Mistral Elementary School
February 20: School Site Council,
February 26: English Learner Advisory Council
March 2: Parent Teacher Association

Monta Loma Elementary School
February 6:  English Learner Advisory Council, Parent Teacher Association, School Site Council

Stevenson Elementary School
February 6: Foundation and Parent Teacher Association
February 14: English Learner Advisory Council and School Site Council

Theuerkauf Elementary School
January 24:  Parent Teacher Association
February 7:  School Site Council
February 13: English Learner Advisory Council

Input Review
March/April 2016 - Input collected from meetings was organized along with data collected from surveys. The data was reviewed with the District SP/LCAP Team.
District Survey
Last year the District contracted with Hanover Research to develop the SP/LCAP survey for parents/community and students. This year, the District continued its partnership with Hanover Research for the SP/LCAP survey. Surveys were created for parents, staff and students. The parent survey was translated into Spanish and paper copies were available at all school sites for parents without access to the internet. The surveys were open between February 2 and March 6. The links were posted on the District website and advertised through District and site newsletters, and the District auto dialer/auto-mail system. A total of students, staff and parents completed the survey; The District received 1, 126 parent responses, 2,190 student responses, and 338 staff responses. The parent response totals were decreased from 2016-17. The decline may be due to the fact that MVWSD implemented a new climate survey as well and there may be some survey fatigue.

Draft LCAP
May 10, 2018: Draft of LCAP posted to District Website for public review and feedback
May 14, 2018: Draft of LCAP presented to District English Learner Advisory Committee
May 9, 2018: Draft of LCAP presented to District Advisory Committee
May 17, 2018: Update to District Board of Trustees
Week of May 21st: Written responses for District Advisory Committee and District English Learner Advisory Committee posted
May 31, 2018: LCAP and Annual Update public hearing
June 14, 2018: LCAP and Annual Update Approval

Impact on LCAP and Annual Update
How did these consultations impact the LCAP for the upcoming year?

The District Strategic Plan/LCAP survey continued to have good response rates although they were lower than in 2016-17 due to the implementation of a new District Climate Survey. This year, the District received a total of 3,654 students, staff and parents surveys. The District received 1,126 parent responses, 2,190 student responses, and 338 staff responses. 65 families completed paper copies of the survey (53 Spanish and 12 English). The major findings from the survey are as follows:

CONDITIONS OF LEARNING

In general, parent respondents report high levels of satisfaction with their child’s learning environment. Eighty-six percent “agree” or “strongly agree” that students are provided access to standards-aligned instructional materials and 86 percent agree that school facilities are clean. In addition, three-quarters of parent respondents are satisfied with the quality of education their child is currently receiving.
Student respondents are highly satisfied with nearly all aspects of their learning environment at school. Nearly 90 percent of respondents agree with eight of the nine positive statements regarding their school’s learning environment, such as that grading at their school is fair and their school provides a good education to students. However, approximately one-third of students do not think that their school is clean although the percentage of students who believe their school is clean increased 4 percentage points from 2016-17.

STUDENT ACHIEVEMENT AND EDUCATIONAL EFFECTIVENESS

Respondents generally perceive the ELL education in their school positively. For example, 81 percent of ELL parent respondents indicate their child receives the resources and support they need as an ELL student, and more than 90 percent of ELL student respondents agree that their teacher helps them learn English and that their school gives positive encouragement. In addition, 67 percent of staff respondents indicate ELL students receive the resources and support they need. While parents’ perceptions of special education at MVWSD improved significantly in 2017, in 2018 the percentage of parents rating teachers and administrators as “very helpful” or “extremely helpful” decreased from above 70 percent to around 60 percent. Additionally, only about half of parent respondents believe special education students receive the resources and support they need which is a decrease from 61 percent in 2017.

Parent respondents are generally satisfied with school-sponsored programs. The most commonly attended school-sponsored programs are after-school clubs or activities. Around 90 percent of parent respondents are at least “moderately satisfied” with summer school and with after-school clubs.

21ST CENTURY SKILLS, COLLEGE AND CAREER READINESS

Parents, students, and staff all report frequent use of technology in schools. Eighty-nine percent of parent respondents indicate their child uses technology regularly as part of school instruction and almost all students (98 percent) report using technology at school at least a few times per week. Over Ninety percent of staff respondents report that students have access to technology at school and 95% percent (an increase of 11 percentage points from 2017) indicate they themselves regularly use technology in their classroom instruction. The percentage of student respondents who report using technology at school more than once a day has decreased somewhat since 2017, from 57 percent to 51 percent.

Nearly all student respondents indicate their school provides activities in music, art, or other languages. Furthermore, 89 percent of 8th grade students feel on track for success in high school, an increase of 1 percentage point from 2017).

SCHOOL ENVIRONMENT

Parent and student respondents generally have a positive perception of their/their child’s school environment. Roughly 90 percent of parent respondents agree that their child trusts teachers and staff, is safe at school, has friends at school, and is respected at school.
Similar percentages of student respondents agree that they trust their teachers, feel safe at school, have friends at school, are encouraged by teachers on a regular basis, understand the rules at school, and trust their principal.

Nearly 20 percent of staff respondents do not believe that students receive the social-emotional support they need. Similarly, more than a third of staff respondents do not believe that teachers, administrators, and other staff enforce school rules fairly and consistently. By contrast, more than 90 percent of staff respondents believe that teachers and staff encourage students on a regular basis.

### SCHOOL ENGAGEMENT

Nearly 90 percent of parent respondents indicate that their child’s school encourages parental involvement and that they feel comfortable participating in school activities. Eighty percent of staff respondents agree that school and community engagement facilitators are effective in encouraging parent/guardian involvement at their school. A similar percentage of staff respondents believe parents/guardians support student learning. Nearly all parents are at least moderately satisfied with parent events and school organizations (90%). Similar to 2017, Back to school night is the most commonly attended event among parents, as about three-quarters of parent respondents have participated in the event. Around 40 percent of parents have participated in the PTA, and just over a third have attended Principal's Tea or Coffee. Both parents and staff indicate that providing parents with more information on how to support students at home is the best way to increase parental involvement in schools. More convenient times for participation, more information on involvement opportunities, and more communication between the school and parents are other recommended ways to encourage parental involvement.

The Parents and staff surveys also gave the opportunity for additional comments. We received 346 open response comments from parents and 205 open response comments from staff which were reviewed and analyzed by the District SP/LCAP team, cabinet members and the Instructional Leadership Team. The District identified the following themes from the open responses:

**Parents:**

- Increase/improve after school programming
- Continue to provide professional development and support for teachers especially with differentiation
- Information and resources for supporting students at home
- Improved communication with parents from principals and teachers

**Staff:**
Continue to provide professional development with a focus on English Language Learners, supporting students with disabilities in the classroom, and differentiation strategies to support the needs of all students

Increased oversight from District leadership specifically for English Language Development, Sheltered Instruction Observation Protocol (SIOP), and Special Education

More oversight from site leadership with SIOP and instructional strategies with specific feedback to help teachers improve practice

Based on the survey results the following will be added or continued under each goal:

Goal 1: Conditions of learning - The district will continue to provide ongoing professional development to support the needs of all learners. The District maintenance department will continue to do site walkthroughs to focus on site safety and cleanliness especially at sites that will be impacted by construction.

- Goal 2: Student achievement and educational effectiveness - The district will be again expanding the response to instruction program to include middle schools. Students will have the opportunity to have a Response to Instruction period focused on either intervention or enrichment. In addition, a co-teaching model will be implemented at the middle schools to better support students with disabilities. The District will continue with year two of teacher training in the Sheltered Instruction Observation Protocol (SIOP) specifically to support English Language Learners throughout the school day and create better systems for oversight and feedback from site and District administrators. The District will maintain instructional coaches at each site to support teachers in improving practice across content areas. In addition, the District is adding an action to create a District plan for Science including implementation of the Next Generation Science Standards.

- Goal 3: 21st Century skills - The district will continue to support the use of technology in the classrooms and will expand the number of devices available to students at the sites. The technology department will continue to support teacher training on the effective use of technology in the classroom. The district will continue to support students with access to a broad range of academic and enrichment activities The District will continue to have a counselor for each middle school to support both academic and social emotional success for students.

- Goal 4: School environment/engagement - Sites and the district will continue to provide various opportunities for parents to participate in leadership opportunities, site events, parent training, and school and district committees. The Health and Wellness Committee will continue its work on suicide prevention and expand to include work on developing programs for social emotional learning. Sites will continue to provide climate goals in their plans to continue to build and support positive environments for students which will include metrics for attendance and suspension. Additionally, the District will continue to focus on improving two way communication. The District is in process of updating the District and site websites and will work on completing upgrades to the elementary school websites in 2018-19 and the middle schools in 2019-20 while working on the District website. The District will also launch Let's Talk in 2018-19. Let's Talk is a series of video and in-person meetings that cover school-related topics of interest for parents. The effort is meant to engage parents in two-way communication on
these important topics. Topics will include items highlighted in the LCAP survey like "Understanding Special Education." The Special Education department will also hold a series of parent and staff focus groups to gather feedback to improve programs and services and also develop and implement a survey to be given to parents after Individualized Education Plan meetings to make improvements to the process.

On May 31, 2018 the District held the Public Hearing for the Local Control Accountability Plan. Five parents made comments during the public hearing. The majority of the comments were directly related to discipline issues at Graham Middle School. The District posted responses to the public comments on June 4, 2018 on its website. While no changes were made in the LCAP based on these comments, the District has several initiatives already in place to support discipline across the District including regular reviews of discipline data, tighter accountability for sites to input data, dedicated budgets for site supervision, the addition of Spanish speaking counselors, and an active Health and Wellness Committee dedicated to supporting social emotional learning and health for students and families. Graham Middle School has a School and Community Engagement Facilitator, an At Risk Supervisor, a counselor, and two assistant principals. Graham Middle School will have a new principal beginning July 1st and the District will be working with him on how to best utilize his resources and staff to improve the school climate and culture.
Goals, Actions, & Services

Strategic Planning Details and Accountability
Complete a copy of the following table for each of the LEA’s goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

| Unchanged Goal |

Goal 1

Ensure that all students have access to equitable conditions of learning by providing and investing in highly qualified teachers, leaders, and staff; well-maintained facilities and equipment; and standards-aligned instructional materials and resources in a fiscally responsible manner.

State and/or Local Priorities addressed by this goal:

| State Priorities: Priority 1: Basic (Conditions of Learning) |
| Local Priorities: Strategic Plan Goals 2, 4, and 5 |

Identified Need:

1. Increase the percentage of teachers who are highly qualified
2. Continue to provide an induction program to support Year 1 and Year 2 teachers to obtain clear credentials and program to support new Special Education teachers to obtain clear credentials
3. Continue to provide professional development to all members of the organization
4. Materials to support the new social studies standards and Framework
5. Implement and continue to develop On-boarding process
6. Implement new evaluation systems
7. Maintain a reserve level of 17% or greater
8. Implement refined hiring and interview process
9. Continue to create staff retention report
10. Maintain access to Lynda.com. Review and monitor usage to determine renewal
11. Continue to maintain schools facilities
### Expected Annual Measurable Outcomes

## Goals, Actions, & Services

Strategic Planning Details and Accountability
Complete a copy of the following table for each of the LEA’s goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

<table>
<thead>
<tr>
<th>Unchanged Goal</th>
</tr>
</thead>
</table>

### Goal 2

Increase achievement for all students and accelerate learning outcomes for English Language Learners, low-income students, and other target groups to close the achievement gap.

### State and/or Local Priorities addressed by this goal:

<table>
<thead>
<tr>
<th>State Priorities:</th>
<th>Priority 2: State Standards (Conditions of Learning)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Priority 4: Pupil Achievement (Pupil Outcomes)</td>
</tr>
</tbody>
</table>

| Local Priorities: | Strategic Plan goals 1 and 2 |

### Identified Need:

1. Increase proficiency in English Language Arts and Math for all students with a focus on English Learners, Low Income students, Students with Disabilities, and Foster Youth in order to decrease the achievement gap.
2. Socio-Economically Disadvantaged, Students with Disabilities, African American, and Hispanic Latino students are 2 levels below all students in math on the CA dashboard
3. English Learners, Socio-Economically Disadvantaged, Students with Disabilities, African American, and Hispanic Latino students are 1 level below all students in English Language Arts on the California dashboard
4. Increase English proficiency for all English learners
5. Increase the Reclassification rate
6. Decrease the number of long term English Learners
7. Expand the Response to Intervention (RTI2) plan to reach the academic needs of all students
8. Maintain or expand Preschool
9. Transition plan for elementary schools for Next Generation Science Standards
10. Maintain additional middle school math teachers to support Middle School Math Program
11. Co-teaching plan
12. Kindergarten Readiness Assessment
13. Plan for access to early childhood/Pre-K services for all students
13. Align expectations for students in 6th - 8th grade English Language Arts with District support.

### Expected Annual Measurable Outcomes

Implement Sheltered Instruction Observation Protocol (SIOP) to support language acquisition and content learning to decrease the number of Long Term English Learners and increase the reclassification rate. Continue to support Long Term EL intervention through the use of blended learning and English 3-D curriculum. All teachers (K-8) will receive 2 days of training in August 2017.

Assess effectiveness of the Sheltered Instruction Observation Protocol (SIOP) program to support language acquisition and content learning to decrease the number of Long Term English Learners and increase the reclassification rate and revise as necessary. Better support site administrators to provide feedback to improve teacher practice. Continue professional development. Continue to support Long Term EL intervention through use of blended learning and English 3-D curriculum (See Annual Update Goal 2)

### 2017-18 Actions/Services

Continue to provide funding for school-wide programs at Castro and Theuerkauf schools to support additional intervention programs, materials, and resources. This will utilize a combination of Title I ($185,000 each) and District Resources ($65,000 each). The allocation is $250,000 per site to be used at their discretion.

### 2018-19 Actions/Services

Continue to provide funding for school-wide programs at Castro and Theuerkauf schools to support additional intervention programs, materials, and resources. This will utilize a combination of Title I and District Resources. One school continues to receive a flat amount of $250,000 (Title I - $180,524 and Unrestricted $65,000) and the other only receives a flat amount of $180,524 of Title I funds.

### 2019-20 Actions/Services

Continue to provide funding for school-wide programs at Castro and Theuerkauf schools to support additional intervention programs, materials, and resources. This will utilize a combination of Title I and District Resources. The two schools share a flat amount of $180,524 each to be used at their discretion.

### Goals, Actions, & Services

**Strategic Planning Details and Accountability**
Complete a copy of the following table for each of the LEA’s goals. Duplicate the table as needed.

<table>
<thead>
<tr>
<th>(Select from New Goal, Modified Goal, or Unchanged Goal)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unchanged Goal</td>
</tr>
</tbody>
</table>

#### Goal 3

Provide a broad course of study to ensure that all students are prepared for high school with the academic skills and mindset necessary for successful citizenship in the 21st century.

#### State and/or Local Priorities addressed by this goal:

<table>
<thead>
<tr>
<th>State Priorities:</th>
<th>Priority 7: Course Access (Conditions of Learning)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Priority 8: Other Pupil Outcomes (Pupil Outcomes)</td>
</tr>
<tr>
<td>Local Priorities:</td>
<td>Strategic Plan Goal 1</td>
</tr>
</tbody>
</table>

#### Identified Need:

1. Middle school schedules that provide access to electives for all students

2. Plan to implement culturally responsive instruction and communication

3. Maintain Art, Music and PE in all elementary schools

4. Expanded use of technology devices to enhance instruction and effective use of educational technology during instruction

5. Eighth grade Graduate Profile

6. Capstone Projects

#### Expected Annual Measurable Outcomes

<table>

### 2017-18 Actions/Services
Maintain Spanish content area classes at Graham Middle School (grades 6 and 7) and add an option for Spanish content area classes at Crittenden Middle School to allow students from Dual Immersion to continue to attain proficiency in Spanish. Assess the success of the program and consider options for expansion.

### 2018-19 Actions/Services
Maintain or expand Spanish content area classes at Graham and Crittenden Middle Schools to allow students from Dual Immersion to continue to attain proficiency in Spanish.

### 2019-20 Actions/Services
Maintain or expand Spanish content area classes at Graham and Crittenden Middle Schools to allow students from Dual Immersion to continue to attain proficiency in Spanish.

Goals, Actions, & Services
Strategic Planning Details and Accountability
Complete a copy of the following table for each of the LEA’s goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

<table>
<thead>
<tr>
<th>Goal 4</th>
</tr>
</thead>
<tbody>
<tr>
<td>Ensure a safe, healthy, and respectful District and school environment to increase engagement, involvement, and satisfaction of students, staff, parents, and community members.</td>
</tr>
</tbody>
</table>

State and/or Local Priorities addressed by this goal:

State Priorities:  
Priority 3: Parental Involvement (Engagement)  
Priority 4: Pupil Achievement (Pupil Outcomes)  
Priority 5: Pupil Engagement (Engagement)  
Priority 6: School Climate (Engagement)

Local Priorities: Strategic Plan Goal 3

Identified Need:

1. Continue to decrease the suspension rate for all students with a focus on Students with Disabilities, and English Language Learners  
2. Maintain 0% Expulsion rate  
3. Decrease in truancy rate  
4. Decrease in chronic absenteeism  
5. Maintain or Increase in student attendance  
6. Alternatives to suspension menu implemented  
7. Continue to support sites with maintaining positive school climates  
8. Protocols for entering referral and discipline data  
9. Updated handbooks with current district policies  
10. Increase participation by staff and parents in school and district activities and leadership opportunities  
11. Continued parent training  
12. Maintain School and Community Engagement Facilitators  
13. Maintain 0% middle school dropout rate  
14. Review District and site Safety plans

</tbody>
</table>
8. 90% of the 191 suspensions entered into PowerSchool had at least 1 error that had to be corrected.
9. Handbooks have been collected but not updated.
10. In 2015-16 School and Community Engagement Facilitators collected parent and staff participation in school and District activities by school. At the end of June 2017, they will compile the data into an aggregate for the District and will also compile the data for the 2016-17 school year so a comparison can be made and targets can be set.
11. The District developed Mountain View Parent University and held 7 parent education sessions.
12. 1.0 FTE at 8 schools and 0.5 FTE at 2 schools.
13. 0% middle school dropout rate.
14. Site Safety plans were updated in spring of 2017. The District added questions about student participation in activities into new climate survey.

11. Continue parent training.
13. Maintain 0% Middle School dropout rate.
14. Review and update District and site Safety plans as needed.
Plan was reviewed and no changes were needed.

Select from New, Modified, or Unchanged for 2019-20

### 2017-18 Actions/Services

- This is a new action for 2017-18. See Annual Update Goal 4

### 2018-19 Actions/Services

- Utilize the District's Service Now Platform to create a survey to administer to parents after Individualized Education Plan (IEP) meetings in order to gather feedback on the IEP process (see Annual Update Goal 4)

### 2019-20 Actions/Services

- Use data collected from surveys to revise and refine IEP processes.

<th>Estimated Supplemental and Concentration Grant Funds</th>
<th>Percentage to Increase or Improve Services</th>
</tr>
</thead>
<tbody>
<tr>
<td>$3,292,539</td>
<td>8.38%</td>
</tr>
</tbody>
</table>

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Based on staff and stakeholder feedback and research on effective practices we are implementing 4 Actions/Services to increase or improve services for low socio-economically disadvantaged, English Learner and Foster Youth. Targeted support for these students in provided as part of each of our LCAP goals. Stakeholder feedback supporting continuing or expanding current targeted supports is validated by the results from the California Dashboard. While the District maintained overall ratings of green in all areas, the orange ratings for English Learners and Socio-Economically Disadvantaged students indicate a need to continue to provide programs to target support to these groups. The unduplicated count is decreasing in Mountain View Whisman. As an example, the unduplicated count in August of 2015 was 47.3%, in 2016 in fell to 41% and for 2017 fell again to 39.9%.

Stakeholder feedback indicates a continued need to meet the needs of all students in both academics and social emotionally. The District is implementing the following actions/services to directly serve unduplicated students:

Expanding the Response to Instruction Initiative to all elementary schools and implementing Response to Instruction periods at the middle schools to support students at all academic levels. Goal 2 Actions 9 and 10 (pgs. 79 and 80) $1,671,889

Expanding the Response to Instruction initiative to include students at the middle schools and maintain the elementary programs to support students at all academic levels. At the elementary sites, additional Response to Instruction teachers support during each grade level's RTI block. While all students receive targeted instruction to meet their needs from intervention to enrichment, the additional teachers allow sites to lower class size for our most challenged learners which are our English Learners and Socio-Economically Disadvantaged students. Our new middle school schedule will allow the District to implement Response to Instruction periods beginning in 2018-19. Each student will be scheduled for a Response to Instruction period that will be dedicated to supporting the student’s specific learning needs.
Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

**Continuing the allocation of Targeted Student Support Program funds to support supplemental services for target students at all school sites LCAP Goal 2 Action 24 (pgs. 94 and 95) $430,600**

Sites are allocated funding based on their unduplicated count. Funding is used by sites primarily to provide services and supports for English Learners and Socio-Economically Disadvantaged students. However, TSSP funds can be also used to support other target groups identified in the California Dashboard.

**Provide Targeted Summer Programs LCAP Goal 2, Action 13 (pgs. 111 and 112) $204,000**

MVWSD's Strategic Plan calls for the District to provide high quality extended learning opportunities for students. One way we achieve this goal is by offering summer programs. The District offers a variety of summer programs either through partnerships or District created for English Language Learners and or Socio-Economically Disadvantaged students. The programs include the following:

- Literacy and Language through Science
- ALEARN
- Elevate
- Valdes Math
- Stretch to Kindergarten

Research demonstrates that when parents are active partners with their child(ren) and the school then student outcomes are improved. The district growth data in academics and engagement supports the research conclusions. The District is implementing the following actions/services to directly serve unduplicated students:

**Continuing School and Community Engagement Facilitators at each school site. LCAP Goal 4 Action 4 (pg. 146) $970,187**

School and Community Engagement Facilitators work with staff students and parents to develop plans and strategies to maximize student and parent attendance, engagement, and connectedness to their school, district, and community with a specific focus on English Learners and Socio-Economically Disadvantaged students and families. The District plans to increase FTE so that all site have a full time facilitator for 2018-19.
Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Demonstration of Increased or Improved Services for Unduplicated Pupils

**LCAP Year:** 2017-18

<table>
<thead>
<tr>
<th>Estimated Supplemental and Concentration Grant Funds</th>
<th>Percentage to Increase or Improve Services</th>
</tr>
</thead>
<tbody>
<tr>
<td>$3,247,500</td>
<td>8.62%</td>
</tr>
</tbody>
</table>
Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Based on staff and stakeholder feedback and research on effective practices we are implementing 4 Actions/Services to increase or improve services for low socio-economically disadvantaged, English Learner and Foster Youth. Targeted support for these students in provided as part of each of our LCAP goals. Stakeholder feedback supporting continuing or expanding current targeted supports is validated by the data showing year to year growth and results from the California Dashboard.

Stakeholder feedback indicates a continued need to meet the needs of all students in both academics and social emotionally. The District is implementing the following actions/services to directly serve unduplicated students:

Expanding the Response to Instruction Initiative to all elementary schools to support students at all academic levels including high-achieving students Goal 2 Actions 9 and 10 (pgs. 79 and 80) $1,163,000

Adding a middle school counselor for each middle school Goal 3 Action 12 (pg. 108 and 109) $250,000

Continuing the allocation of Targeted Student Support Program funds to support supplemental services for target students at all school sites LCAP Goal 2 Action 24 (pgs. 94 and 95) $908,000

Continuing the allocation of funds to provide release days for teachers to review data and plan instruction with support from site coaches LCAP Goal 2 Action 2 (pg.72) $108,000

Research demonstrates that when parents are active partners with their child(ren) and the school then student outcomes are improved. The district growth data in academics and engagement supports the research conclusions. The District is implementing the following actions/services to directly serve unduplicated students:

Continuing School and Community Engagement Facilitators at each school site. LCAP Goal 4 Action 4 (pg. 115) $831,019
Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).
Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies’ (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school’s budget, typically one year, which is submitted to the school’s authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school’s charter petition.
For questions related to specific sections of the template, please see instructions below:

**Instructions: Linked Table of Contents**

Plan Summary  
Annual Update  
Stakeholder Engagement  
Goals, Actions, and Services  
Planned Actions/Services  
Demonstration of Increased or Improved Services for Unduplicated Students

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE’s Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

**Plan Summary**

The LCAP is intended to reflect an LEA’s annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year. When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP. In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under EC Section 52064.5.

**Budget Summary**

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year**: This amount is the LEA’s total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the California School Accounting Manual [http://www.cde.ca.gov/fg/ac/sa/](http://www.cde.ca.gov/fg/ac/sa/). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)

- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year**: This amount is the total of the budgeted expenditures associated with
the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.

- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to EC sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by EC sections 42238.03 and 2575 for the LCAP year respectively.

**Annual Update**

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year’s* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

**Annual Measurable Outcomes**

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

**Actions/Services**

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the actual actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

**Analysis**

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.

- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.

- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided
in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

**Stakeholder Engagement**

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

**Instructions:** The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

**School districts and county offices of education:** Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA’s local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

**Charter schools:** Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

**Goals, Actions, and Services**

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

**School districts and county offices of education:** The LCAP is a three-year plan, which is reviewed and updated annually, as required.

**Charter schools:** The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school’s authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.
New, Modified, Unchanged
As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year’s LCAP; or, specify if the goal is new.

Goal
State the goal. LEAs may number the goals using the “Goal #” box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities
List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. (Link to State Priorities)

Identified Need
Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes
For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the LCAP Template Appendix, sections (a) through (d).

Planned Actions/Services
For each action/service, the LEA must complete either the section “For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement
Students to be Served
The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering “All”, “Students with Disabilities”, or “Specific Student
Group(s). If “Specific Student Group(s)” is entered, identify the specific student group(s) as appropriate.

Location(s)
Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served
For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service
For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, enter “Limited to Unduplicated Student Group(s)”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)
Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.
**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

**Actions/Services**
For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

**New/Modified/Unchanged:**
- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

**Note:** The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

**Charter schools** may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

**Budgeted Expenditures**
For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by EC sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.
If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted expenditures are aligned.
Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the “Demonstration of Increased or Improved Services for Unduplicated Students” table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to California Code of Regulations, Title 5 (5 CCR) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows. For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities.

- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are the most effective use of the funds to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.
For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.
State Priorities

Priority 1: Basic Services addresses the degree to which:
A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:
A. The implementation of state board adopted academic content and performance standards for all students, which are:
   a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
   b. Mathematics – CCSS for Mathematics
   c. English Language Development (ELD)
   d. Career Technical Education
   e. Health Education Content Standards
   f. History-Social Science
   g. Model School Library Standards
   h. Physical Education Model Content Standards
   i. Next Generation Science Standards
   j. Visual and Performing Arts
   k. World Language; and
B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:
A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
B. How the school district will promote parental participation in programs for unduplicated pupils; and
C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:
A. Statewide assessments;
B. The Academic Performance Index;
C. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
D. The percentage of English learner pupils who make progress toward English proficiency as measured by the California English Language Development Test (CELDT);
E. The English learner reclassification rate;
F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:
A. School attendance rates;
B. Chronic absenteeism rates;
C. Middle school dropout rates;
D. High school dropout rates; and
E. High school graduation rates;
Priority 6: School Climate as measured by all of the following, as applicable:
   A. Pupil suspension rates;
   B. Pupil expulsion rates; and
   C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:
   A. A broad course of study including courses described under EC sections 51210 and 51220(a)-(i), as applicable;
   B. Programs and services developed and provided to unduplicated pupils; and
   C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under EC sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:
   A. Working with the county child welfare agency to minimize changes in school placement
   B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
   C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
   D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:
   A. Local priority goals; and
   B. Methods for measuring progress toward local goals.
APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under EC sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

(1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in 5 CCR Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

(1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

(1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(f) “Expulsion rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, Education Code. Reference: Sections 2574, 2575, 42238.01, 42238.02, 42238.03, 42238.07, 47605, 47605.6, 47606.5, 48926, 52052, 52060, 52061, 52062, 52063, 52064, 52066, 52067, 52068, 52069, 52070, 52070.5, and 64001.; 20 U.S.C. Sections 6312 and 6314.
APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?

2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to EC Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?

3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?

4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?

5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?

6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in EC Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?

2) How have stakeholders been included in the LEA’s process in a timely manner to allow for engagement in the development of the LCAP?

3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?

4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA’s engagement processes?

5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to EC sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in EC Section 42238.01?

6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR Section 15495(a)?
7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”: Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?

2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”: Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?

3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement”: Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?

4) What are the LEA’s goal(s) to address any locally-identified priorities?

5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?

6) What are the unique goals for unduplicated pupils as defined in EC Section 42238.01 and groups as defined in EC Section 52052 that are different from the LEA’s goals for all pupils?

7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?

8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?

9) What information was considered/reviewed for individual school sites?

10) What information was considered/reviewed for subgroups identified in EC Section 52052?

11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to EC Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?

12) How do these actions/services link to identified goals and expected measurable outcomes?

13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA’s budget?

Prepared by the California Department of Education, October 2016
