

**Introduction:**

Los Altos School District began an Educational Blueprint process in 2010, bringing together teachers, administrators, staff, parents, and community members to discuss long-range goals and strategic objectives for the school district. From that initial meeting, a set of three-year goals with corresponding detailed objectives for each goal were developed and then approved by the LASD Board of Trustees. In 2014, the district continued the Blueprint process, creating an updated set of three-year goals and objectives. The focus on district goals is critical to the success of all students and schools. The opportunity provided by the Local Control Accountability Plan (LCAP) is a way to further focus on the goals and accelerate the success of the school district. It is important to note that because of its Basic Aid status, LASD will not receive new or additional state aid under the new LCAP and Local Control Funding Formula (LCFF).

The development of the LCAP began with soliciting input from a wide range of stakeholders, including the Administrative Council, Curriculum Council, District English Language Advisory Committee (DELAC), Budget Review Committee, and other district committees. Staff and parents have provided important input into the review and update of the LCAP. The district leadership team has analyzed student achievement and other outcomes and has prioritized a list of needs in all schools and in the district. The DELAC reviewed English learner data for students and provided suggestions for the LCAP. The four district LCAP goals include:

1. Meet the individual learning needs of all students.
2. Support teachers in their design of relevant learning experiences for all students.
3. Engage staff, parents and community members as learning partners.
4. Pursue new and effective learning methodologies for implementation in our schools that acknowledge the rapidly changing world in which our students live.

These goals have been shared with parents, teachers, administrators, and the LASD Board of Trustees. The district has identified and developed metrics that will measure the success of the district in meeting each of the goals, including:

- Annual student achievement data from the Smarter Balanced Assessment
- Local assessments in reading and math
- Attendance and suspension/expulsion data
- Student, staff, and parent survey data

Actions and services were developed through the input process in support of the achievement of the four LCAP goals. These actions and services are designed to assist all students, with additional or expanded actions and services provided to support students in the following subgroups: students with disabilities, English learners, socioeconomically disadvantaged students, and foster youth.

Examples of the Actions and Services which will be provided to support the success of LASD students are:

- High quality professional development for LASD teachers

- High quality, standards-aligned instructional materials
- Diagnostic, formative, and summative assessments to inform instruction
- Implementation of social-emotional literacy programs, including Project Cornerstone and Responsive Classroom
- Increased mental health supports for all students
- Implementation of STEM (Science, Technology, Engineering, and Math) curriculum

Stakeholder input and data analysis informed the creation of the LCAP, focusing on the eight state priorities. It reflects the district and school needs, as well as suggestions and recommendations identified by all stakeholder groups throughout the input process. The LASD LCAP will allow the district to achieve its mission: The Los Altos School District will inspire a passion for learning and prepare all K-8 students to thrive in our rapidly changing global community.

**LEA:** Los Altos Elementary

**Contact:** Sandra McGonagle, Assistant Superintendent Curriculum and Instruction, smcgonagle@lasdschools.org, (650)947-1155

**LCAP Year:** 2016-17

### ***Local Control and Accountability plan and Annual Update Template***

*The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.*

*For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.*

*Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.*

*The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.*

*For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.*

### **State Priorities**

*The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.*

#### **A. Conditions of Learning:**

**Basic:** *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

**Implementation of State Standards:** *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

**Course access:** *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

**Expelled pupils (for county offices of education only):** *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

**Foster youth (for county offices of education only):** *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

#### **B. Pupil Outcomes:**

**Pupil achievement:** *performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)*

**Other pupil outcomes:** *pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)*

#### **C. Engagement:**

**Parental involvement:** *efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)*

**Pupil engagement:** *school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)*

**School climate:** *pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)*

## Section 1: Stakeholder Engagement

*Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.*

**Instructions:** Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

### Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP

Parent involvement in the Los Altos School District is high and an asset to the district. This involvement includes both district and school site committees, intentionally comprised of a cross section of parents representing English learners, students with disabilities, low income families, and all significant subgroup populations. The certificated and classified bargaining units, as well as site and district administrators, are also a part of these committees. Those that have provided input into the LASD LCAP include: District English Learner Advisory Council (DELAC), Administrative Council, School Site Councils, the district Curriculum Council, Budget Review Committee, and LASD students.

Los Altos School District began an Educational Blueprint process in 2010, bringing together teachers, administrators, staff, parents, and community members to discuss long-range goals and strategic objectives for the school district. From that initial meeting, a set of three-year goals with corresponding detailed objectives for each goal were developed and then approved by the LASD Board of Trustees. In 2014, the district continued the Blueprint process, creating an updated set of three-year goals and objectives. In addition, a special needs-finding committee interviewed parents, students, teachers, and classified staff, both current and former, to better understand the needs and wants of our LASD community. As a result of this comprehensive study, seven learning principles were identified as guideposts for teachers to consider when planning instruction. In addition, our mission and vision for learning was validated again.

**LASD Learning Principles:** Connect Experiences; Personalize Learning; Nurture a Growth Mindset; Process and Outcome; Empower Students; Leverage Technology, Act Now

**LASD Mission:** The Los Altos School District will inspire a passion for learning and prepare all K-8 students to thrive in our rapidly changing global community.

**LASD Vision:** Los Altos School District will be a leader in revolutionizing learning for all students.

Annual assessment data is reviewed and analyzed by LASD administrators, teachers, and Board of Trustees. The data include: Suspension and Expulsion data, California Assessment of Student Performance and Progress (CAASPP) assessment results (comprised of California Standards Test in Science [CST], California Modified Assessment [CMA], California Alternate Performance Assessment

Each stakeholder group had an opportunity to submit thoughts and considerations within the 8 state priorities. The LCAP plan is written taking into account the LASD Blueprint goals as well as suggestions from our stakeholders on programs and progress monitoring. Stakeholder groups were particularly concerned about and supportive of increased professional development for teachers, including specialized professional development for EL instruction.

Highlights from the feedback, suggestions, and general input from all constituent groups include the following:

**Goal 1: Meet the individual learning needs of all students.**

- Create individualized plans for EL learners so all constituents understand steps being taken toward Reclassification
- Teachers need greater access to diagnostic and formative assessments

**Goal 2: Support teachers in their design of relevant learning experiences for all students.**

- Teachers want focused professional development on standards based teaching and learning
- Teachers want more time to collaborate with their peers to design learning

**Goal 3: Engage staff, parents and community members as learning partners.**

- Create informative videos for newcomer families, focusing on local school practices
- Rethink Haiku Learning as an LMS - it has not proved to be an effective tool for LASD

**Goal 4: Pursue new and effective learning methodologies for implementation in our schools that acknowledge the rapidly changing world in which our students live.**

- Understand the role of NGSS and its relation to our STEM program - investigate the best use of STEM teachers on elementary campuses
- Desire for the expansion of computer science

[CAPA], and Smarter Balanced Assessment Consortium [SBAC]) , California English Language Development Test (CELDT) data, English Language (EL) reclassification trends, and local assessment measures of student progress (i.e. reading benchmark assessments).

The Assistant Superintendent of Curriculum and Instruction and school principals aligned the goals of each school site's Single Plans for Student Achievement (SPSA) with the goals of the Los Altos Local Control Accountability Plan and the Educational Blueprint. The LCAP plan was created to satisfy state requirements and the priorities determined by all stakeholders. LCAP was taken through an approval process that includes the Budget Review Committees, the District English Learner Advisory Committee, the Curriculum Council, and the LASD Board of Trustees.

The process of gathering input for the Los Altos School District LCAP provides many opportunities for all stakeholders (parents, teachers, classified employees, administrators, and students) to offer input into the LCAP, as well as Single Plans for Student Achievement. The involvement process ensures that, minimally, all statutory requirements are met, and all school and district plans are aligned with common goals, purpose and intent.

#### Meeting Dates and Content:

DELAC - October 19, 2015 and January 28, 2016: Standardized Assessment Results, Language Proficiency Test Results, Reclassification Criteria

Curriculum Council - March 7, 2016: Standardized Assessment Results, Language Proficiency Test Results

Budget Review Committee - March 10, 2016, April 21, 2016, May 26, 2016 - LCAP draft reviews and feedback

#### Annual Update:

The first step in re-authoring the LCAP for the 16-17 school year was to review the current year's LCAP. This annual update process went

Some highlights from the Principal's Exchange audit include:

#### Systems:

- Create an "On Target" Map for all students that defines expectations at various times of the school year. This will require identifying metrics and measures to track progress.
- Develop a Central Data Team at the district level, and a Site Data Team at each school, to review the data at each designated time period to devise a response plan for students not on target.
- Explicitly promote the New California Standards, as measured by the SBAC, as the default expectation for all students in every grade, K-8, as an endorsement for the concept that every student will graduate from high school eligible for a 4 year university.

#### Instructional Program:

Provide site administrators and classroom teachers with professional development opportunities on the following:

- Strategies for differentiating instruction for students in a heterogeneous classroom-focus on needs of Socio Economically Disadvantaged students in regular classroom
- Designated and integrated English Language Development for EL students

#### Direction:

- Use the model of the 504 Plan cases to address lower-performing students.
- Direction from the district about minimal program design requirements expected at each school that will support lower-performing students

#### Annual Update:

The impact from stakeholder feedback and the achievement audit recommendations on this year's LCAP is significant when looking

through the same committees mentioned above. In addition, parents and teachers completed surveys related to reporting and the use of Haiku Learning as a Learning Management System (LMS) at the end of January 2016. There were 940 parent responses and 123 teacher responses. Teachers also completed the Learning Forward survey for professional development in December of 2015, with 217 responses. In addition to constituent input, LASD worked with Principals Exchange, a California state approved provider to conduct an achievement audit in October of 2015. They visited three schools, interviewed teachers, shadowed students, and looked into available data. The goal was to provide recommendations for closing the achievement gap. Recommendations ultimately fell into one of three categories: Systems, Instructional Program, and Direction. LASD staff worked in collaboration with the SCCOE staff this year to ensure adherence to the CA Education Code and audit requirements.

through the lens of the eight state priorities.

#### 1. Conditions of Learning (Implementation of Common Core State Standards, Basic Services, Course access):

- Increased focus on professional development around the Next Generation Science Standards (NGSS), standards based teaching and learning, Fountas and Pinnell literacy benchmark assessment, and social-emotional literacy with Responsive Classroom
- Implementation of a new placement process for math courses in 6th - 8th grades, ensuring equal access
- Focus on an acceleration model, as opposed to a remediation model, for support, including a systematic way to support all learners
- Coordination of cohesive and clearly communicated standards and formative and diagnostic assessments in math and English language arts at all grade levels
- Professional Learning Communities as a framework for delivering a high quality guaranteed curriculum to all students

#### 2. Pupil Outcomes (Pupil achievement, Other pupil outcomes)

- Establishment of baseline achievement levels on SBAC in Math and ELA for students in grades 3-8
- Establishment of baseline data for district literacy benchmark assessment
- Establishment of assessment protocol for local math assessments, including understanding performance tables, reporting of scores, and using data to inform instruction and provide differentiated instruction
- Establishment of individual EL plans - action plans for reclassification

#### 3. Engagement (parental involvement, pupil engagement, school climate)

- Improve communication with EL families, including translated written materials and videos in Mandarin and Spanish
- Survey students more often
- Increased communication from elementary and middle school teachers about student progress and non-academic behaviors
- Maintain or increase school attendance rates

- Maintain or decrease suspension rates and expulsion rate
- Increase proactive support for students' social-emotional well-being and mental health

## Section 2: Goals, Actions, Expenditures, and Progress Indicators

### Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

**Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.**

**Goal:** Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and

subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

**Related State and/or Local Priorities:** Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

**Identified Need:** Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

**Schools:** Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

**Applicable Pupil Subgroups:** Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

**Expected Annual Measurable Outcomes:** For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

**Actions/Services:** For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

**Scope of Service:** Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

**Pupils to be served within identified scope of service:** For each action/service, identify the pupils to be served within the identified scope of

service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

**Budgeted Expenditures:** For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

**Guiding Questions:**

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA’s goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA’s budget?

<b>GOAL:</b>	1. Meet the individual learning needs of all students.	Related State and/or Local Priorities: X 1 X 2 X 3 X 4 X 5 X 6 X 7 X 8 Local: All
<b>Identified Need:</b>	<p>LASD students, like all students, have a variety of needs. Many students score above the average in multiple measures academically, while there are also students who continue to struggle academically and show inadequate growth in academic measures year to year. This goal ensures that teachers are meeting all students where they are, whether high performing, struggling, or on target. Some items to consider:</p> <ul style="list-style-type: none"> <li>• Ensure meaningful formative feedback is included as a constant in student/teacher interactions.</li> <li>• Develop a communication process that allows teachers, students and parents to utilize actionable feedback about each child's learning.</li> <li>• Regularly incorporate small group instruction as a method for meeting individual student needs.</li> <li>• Design learning opportunities that allow for student choice and passion.</li> </ul>	
<b>Goal Applies to:</b>	<b>Schools:</b>	All Schools
		Grades: TK, K, 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th
	<b>Applicable Pupil Subgroups:</b>	All
<b>LCAP Year 1</b>		

Expected Annual Measurable Outcomes:	Metrics:			
	<ul style="list-style-type: none"><li>• CAASPP (SBAC, CST, CAA) results - increase the number of students exceeding or meeting standards in ELA and Math by 5%</li><li>• CELDT results - 75% of English Learners will make annual progress and 40% of students will become English proficient in less than five years</li><li>• Local assessment results (Fountas and Pinnel, iReady math and reading assessments) - 90% of 3rd grade students will be on grade level by the end of the school year according to the Fountas and Pinnell assessment; 90% of all students will be on grade level in ELA and Math using the iReady placement tables</li><li>• EL Reclassification rates - we will increase our reclassification rate by 5%</li><li>• Surveys - using the professional development survey, 50% of teachers will see success using personalized data practices (up 25%)</li><li>• Williams Report - 100% teacher credential compliance</li><li>• Less than 4% opt out rate for SBAC</li><li>• 100% use of new standards-based year-end reporting document in TK - 8.</li><li>• Research, field test, and administer consistent formative and diagnostic assessments which yield actionable data to meet the needs of all LASD students.</li><li>• Successful implementation of the Academic Summer School Academy for students in grades K - 6, using focused criteria for qualification and identified teaching strategies for targeted impact. Students one or more years below grade level in reading according to Fountas and Pinnell.</li><li>• Provide daily systematic time for designated English instruction for EL learners as outlined in the ELA/ELD framework.</li><li>• Maintain 100% Williams Compliance.</li></ul>			
Actions/Services		Scope of Service	Pupils to be served within identified scope of service	Budgeted Expenditures

<p>1. LASD teachers will be provided with high quality professional development on the new reporting system. Students and parents will have access to formative feedback related to identified essential standards and non-academic indicators.</p> <p>1.1 Report out formally three times per year this year to parents and students while we build our online reporting skills.</p> <p>1.2 Gather feedback from stakeholders regarding new reporting system and reporting document.</p>	<p>All</p> <p>Grades: TK, K, 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th</p>	<p>X All</p> <p>-----</p> <p>_ Foster Youth _ American Indian or Alaska Native _ Hispanic or Latino _ Two or More Races _ Low Income Pupils _ Redesignated fluent English proficient _ Asian _ Native Hawaiian or Pacific Islander _ English Learners _ Black or African American _ Filipino _ White _ Students with Disabilities _ Homeless _ Other</p>	<p>1. <b>GOAL:</b>	2. Support teachers in their design of relevant learning experiences for all students.		Related State and/or Local Priorities: X 1 X 2 _3 _4 X 5 _6 _7 _8 Local: N/A
<b>Identified Need:</b>	Teacher professional development needs to be relevant and personalized in order to best help them meet student needs. Going away from a one size fits all model is imperative. LASD is assessing teacher needs frequently and values choice and personal learning plans. The feedback from assessments indicates that professional learning opportunities must be based on student learnign outcomes, differentiated and personlaized.		
<b>Goal Applies to:</b>	<b>Schools:</b>	All	
		Grades: All	
	<b>Applicable Pupil Subgroups:</b>	All	
<b>LCAP Year 1</b>			
<b>Expected Annual Measurable Outcomes:</b>	<p>Expand on the LASD Roadmap for professional development to address CCSS and NGSS curriculum, literacy in all subject areas, differentiated instruction, and instructional shifts in math, English language arts, social science, and science which is consistent with our LCAP and Educational Blueprint. We will include three workshops for teachers in these areas.</p> <p>Improvement on the Standards Assessment Inventory professional development survey: the Average Standard Value in the areas of DATA and OUTCOMES will increase by 1 full point each per school. (ex. 2.2 to 3.2)</p> <p>Implement a Teachers Teaching Teachers professional development support model. Offer 3 courses per trimester throughout the school year.</p> <p>Implement Phase 2 of the LASD NGSS Implementation Plan - 95% of teachers will be trained</p>

### Annual Update

**Annual Update Instructions:** For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

#### Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

<b>Original Goal from prior year LCAP:</b>	1. Meet the individual learning needs of all students includes targeted instruction for individual academic and social emotional growth.		Related State and/or Local Priorities: _1 X 2 _3 X 4 _5 X 6 X 7 X 8 Local:

<b>What changes in actions, services, and expenditures</b>	We are putting a badging system in place as a way for us to track teacher participation for professional development. We are also including more feedback on quality, implementation, and needed support.	

<b>Original Goal from prior year LCAP:</b>	Engage staff, parents and community members as learning partners.		Related State and/or Local Priorities: _1 _2 X 3 _4 _5 _6 _7 _8 Local:
Goal Applies to:	Schools:	All	
		Grades: All	
	Applicable Pupil Subgroups:	All	

Expected Annual Measurable Outcomes:	Improvement in key performance indicators including parent participation and satisfaction survey results.  actual: There were 940 parent responses and 123 teacher responses to a survey on Haiku Learning and Standards Based Reporting. Based on the feedback from both groups, we have researched and found a new reporting tool for communicating student learning progress to parents. Teacher survey results from the same survey, as well as from the Learning Forward survey on professional development indicated that the district could use a more transparent, outcome oriented, and needs focused professional development plan for teachers. With this in mind, an LASD roadmap that includes professional learning and curriculum goals and a needs based PD survey were developed. <b>What changes in actions, services, and expenditures</b>		Looking at professional learning communities as way to provide a structure for collaboration around building units of instruction that balance skill building and innovative methods.			

### Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

<b>Total amount of Supplemental and Concentration grant funds calculated:</b>	788408
-------------------------------------------------------------------------------	--------

Based on the district's unduplicated pupil count (14% of total district enrollment), the calculated amount of supplemental and concentration grant funding for 2016-17 is \$788,408. The district is providing services to these students in excess of this amount? The services include the following:

‡ Our needs-based Summer School program provides remedial instruction and learning, particularly for the sub- set of students identified as unduplicated pupils. (see Goal 1, Action/Services 2; p. 14; \$100,000)

‡ Our before- and after-school intervention classes at schools with larger populations of English Learners supports the school-day learning for these students. (see Goal 1, Action/Services 5.2; p. 16; \$50,455)

‡ Certificated and classified staff who are specialists in English Language Development provide support and instruction, particularly at our schools with the highest concentration of EL students. (see Goal 1, Action/Services 5.3; p. 16-17; \$450,000)

‡ Some of the supplemental grant funding is used in conjunction with funds from our local foundation (Los Altos Educational Foundation—LAEF), to provide services for all students but which provide significant and particular benefit to our unduplicated students.

- We have added computer science offerings in the upper elementary and junior high grades. (see Goal 4, Action/Services 2.1; p. 43; \$155,000)
- We have expanded the STEM program at all schools, utilizing a dedicated teacher at each elementary school and a STEM coordinator to assist the science and math teachers at the junior highs. (see Goal 4, Action/Services 1.1 and 1.2; p 43; \$995,000)

District-wide actions used to support all students and which are the most effective use of funds to meet our goals for unduplicated pupils include the following:

1. Professional development for our teaching staff on differentiated instruction and learning.
2. Literacy aides in the primary grades to enable reading instruction tailored to fit each student's needs.
3. Data mining for relevant information to assist teachers in developing individualized learning strategies.

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

2.42

%

The services we have identified in our LCAP demonstrate more than 2.42%% increased or improved services to unduplicated students as compared to the services provided to all pupils in the 2016-17 school year. The increase in services is shown below.

- Additional staffing to assist English Learner and at-risk students.
- Professional development designed around differentiated instruction for all types of learners, with an emphasis on at-risk students.
- Acquisition of instructional materials relevant to English Learner students, including Rosetta Stone.
- A four-week intensive remedial summer school program provides a significant boost for at-risk and struggling English Learners.
- Increased training on cultural diversity and acceptance for teachers, administrators, and students.
- Additional intervention activities to assist struggling EL and low income students.
- The use of relevant assessment data to identify those students who are struggling and follow-up with individualized learning strategies to help them succeed.

### **LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX**

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.

(3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

(1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(f) “Expulsion rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).
