Equity calls us to action on the commitment to disrupt patterns of implicit bias in ourselves, our organizations, and in the education field to contribute to equitable outcomes for all students. The sessions lead to brave conversations in school communities so we can listen, lead, and teach equitably.

Session 1: Introducing Bias

Create a shared definition of bias and an understanding of how it manifests inside and outside of your school.

Session 2: Historical Perspective About Race in America

Examine the historical implications of race and how it has influenced your school culture.

Session 3: Bias in our Schools

Explore the lenses with which we view others and how that shapes your school environment.
