

# Disruptive Numbers: The Chaos Numbers Bring to Uncover Hidden Stories

In a world increasingly powered by data, data literacy is as important as literacy itself. “The illiterate of the 21st century will not be those who cannot read and write, but those who cannot learn, unlearn, and relearn.” The sessions challenge our mental models to use disruptive numbers to unleash the power of learning mathematics.

**Dates:** Jan 13, Jan 27,  
and Feb 10, 2021  
3:45 to 5:15 p.m.

**Grade Levels**  
5-12

**Cost**  
Free

**Location**  
Online

**Registration**
