

Fractions are a big idea and part of the major clusters in the Common Core State Standards—Mathematics (CCSS-M) for grades 3 - 5. The Santa Clara County Office of Education will be hosting a series of workshops to support teachers with the implementation of fractions in the CCSS-M classroom.

OUTCOMES

- Participants will examine models that can be used to support students' conceptual understanding of fractions in the distance learning environment
- Participants will learn sense-making ways to support students with fraction operations in the distance learning environment
- Participants will understand how context enhances understanding of fraction operations

Dates: Jan. 13, Jan. 27,
Feb. 10, and Feb. 24, 2021
4 to 7 p.m.
