

Math Curriculum Evaluation Toolkit Overview

The California State Board of Education has released a list of recommended Common Core State Standards- Mathematics (CCSS-M) aligned instructional materials for grades K-8. The California County Superintendents Educational Services Association (CCSESSA) has created the **Math Curriculum Evaluation Toolkit** to support districts with the selection of a new mathematics program. This document is designed to be a tool that guides and facilitates the process teams of educators will use to evaluate materials designed to teach, explain, and demonstrate the CCSS-M.

Overview Outcomes:

- Understand the structure of the **Math Curriculum Evaluation Toolkit**
- Understand how the **Math Curriculum Evaluation Toolkit** can be used to support the selection of a new mathematics program

Please select one of the following dates and locations:

February 5, 2014
