

Santa Clara County Office of Education- iSTEAM Science Elementary Support Series

October 5th, 12th, 19th and 26th

Santa Clara County Office of Education is dedicated to supporting elementary school educators and the many challenges of Distance Learning.

This one-hour weekly series will be for elementary teachers to network, learn, and share strategies for successful NGSS instruction in your current setting. The meeting will start as a whole group session and we will break out into grade-level teams. We will share resources, lessons, and units that can be adapted to distance learning. We will provide Next Generation Science Standards and 3-Dimensional Science Support. Everyone is welcome.
