

The Food Education FELLOWSHIP

I have greatly enjoyed my time with Pilot Light and feel it has made me a better educator to be so consciously focused on food. Even more important, my students greatly enjoy the lessons and have become more conscious of their food choices as well as the world around them”

—PILOT LIGHT FELLOW

Pilot Light seeks highly motivated Pre-K through 12th grade teachers across the country with an interest in connecting to their students and communities and implementing Pilot Light food education lessons consistently in their classrooms.
