

Santa Clara County Office of Education

Mary Ann Dewan, Ph.D.
County Superintendent of Schools

Dear Parent and Families,

The Santa Clara County Office of Education has undertaken a study to examine the continuum of services for students with disabilities. Part of the study includes the development of a Task Force consisting of a variety of stakeholders from districts, community, parents groups and agencies throughout Santa Clara Valley. As part of their work, the Task Force helped to develop the included survey that is going out to districts, parents and community agencies.

We are asking for your assistance in completing the included survey on the services available for students with disabilities. The Santa Clara County Office of Education recognizes the important role that parents and families play in the education of their children. We are seeking your input as part of the countywide study through this survey and in input sessions. The survey should take no more than 15 minutes of your time. The information from this survey and the input sessions will remain anonymous and will only be used in an aggregated format.

The input sessions will be held January 15-17, 2019 at the Santa Clara County Office of Education 1290 Ridder Park Drive, San Jose, CA 95131. The sessions will last about an hour. There will be three opportunities for you to share your input: January 17, 2019 at 9:35 AM and two evening sessions which will be held on January 16th and 17th from 6:00 PM to 7:30 PM.

There is a link provided at the end of the survey for you to sign-up for the input sessions. Thank you for your support and we look forward to your survey responses and input for the study.

Sincerely,

A handwritten signature in blue ink that reads "Anna Marie Villalobos".
