No known threats to Santa Clara County Schools

The Santa Clara County Office of Education is monitoring the situation regarding the Los Angeles Unified School District school closures today due to “credible threats” of violence, and we can assure parents and our community of the following:

- We are unaware of any threats to our schools at this time.
- Our office is carefully monitoring the situation and continuing our close relationship with law enforcement to ensure the safety of our campuses.
- Every school in our community has established a safety plan and lockdown procedures that contribute to maintaining a safe learning environment for our students. In the wake of this incident, school personnel will be reviewing those plans and continuing our ongoing relationship with law enforcement to ensure we do everything we can to maintain the safety and security of our students.

We will provide updates as available and appreciate the ongoing work of educators, law enforcement and community members to keep our students safe.
