Dear Santa Clara County Community,

While the new year can bring new changes and intentions for some, our commitment to championing the interests of our students, teachers and school communities remains.

We look to this new year as an opportunity to build upon our efforts to foster the growth and development of our teachers and educators. By being intentional with our investments in systems and partnerships that not only benefit our staff, but ultimately impact the success of our students, we can continue to take our commitments to new heights.
