

## TABLE TALK Reopening Schools 7/31/2020

<p>What is your preferred method of reopening if public officials allow in school, hybrid, or distance learning?</p> <p>First choice would be distance learning and second choice would be hybrid.</p> <p>Hybrid would be preferred method</p>	<p>What safety measures need to be in place to enable you to feel safe at work?</p> <p>Personal protection equipment, sanitary environment, screening staff and students protocols in place, scheduling staff and students with reasonable timeline daily.</p> <p>COVID 19 virus is airborne so using dilution, filtration, pressurization, and disinfection for better air quality.</p> <p>I would only feel safe if we (staff and students at sites) are regularly tested for covid.</p>
<p>What tools, training or resources do you need to continue supporting students in hybrid or distance learning?</p> <p>Document camera, online supplemental curriculum.</p> <p>Headphones or a headset</p>	<p>What is most challenging about engaging students in hybrid or distance learning AND what needs to be in place to support students?</p> <p>Special circumstance, non-routine in person check in, for a handful of students for engagement/other issues.</p> <p>School is no longer a priority for many</p>
