Type	Action Item (Consent)
Recommended Action	Request Approval of Educator Effectiveness Funds Expenditure Plan

Background

The Educator Effectiveness funding may be used to support professional learning for certificated teachers, administrators, paraprofessional educators, and certificated staff to promote educator equity, quality, and effectiveness. The Opportunity Youth Academy will receive \$50,732. The funds must be spent on specific professional learning priority areas during the 2021–2026 fiscal years.

The funding will be allocated to the following professional learning focus areas:

1. Coaching and mentoring of staff serving in an instructional setting and beginning teacher or administrator induction, including, but not limited to, coaching and mentoring solutions that address a local need for teachers that can serve all pupil populations with a focus on retaining teachers, and offering structured feedback and coaching systems organized around social-emotional learning, including, but not limited to, promoting teacher self-awareness, self-management, social awareness, relationships, and responsible decision-making skills, improving teacher attitudes and beliefs about one's self and others, and supporting learning communities for educators to engage in a meaningful classroom teaching experience.
2. Programs that lead to effective, standards-aligned instruction and improve instruction in literacy across all subject areas, including English language arts, history-social science, science, technology, engineering, mathematics, and computer science.
3. Practices and strategies that reengage pupils and lead to accelerated learning.
4. Strategies to implement social-emotional learning, trauma-informed practices, suicide prevention (Kognito Training), access to mental health services, approaches that improve pupil well-being, and a partnership with SCCOE Youth Health and Wellness supports and services.
5. Strategies to improve inclusive practices, including, but not limited to, universal design for learning, best practices for early identification, and development of individualized education programs for individuals with exceptional needs.
6. Instruction and education to support implementing effective language acquisition programs for English learners, which may include integrated language development within and across content areas, and building and strengthening capacity to increase bilingual and biliterate proficiency.

Fiscal Implications

OYA will receive \$50,732 to support professional learning for certificated teachers, administrators, paraprofessional educators, and certificated staff.

Student Impact

Educator Effectiveness funds directly impact all OYA students. These funds will be used to support professional learning for certificated teachers, administrators, paraprofessional educators, and certificated staff who work directly with students in all of our programs.
