LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Opportunity Youth Academy
CDS Code: 43104390135087
School Year: 2022-23
LEA contact information:
Phil Morales
Director/Principal
pmorales@sccoe.org
408-573-3261

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called “supplemental and concentration” grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue Opportunity Youth Academy expects to receive in the coming year from all sources.
The total revenue projected for Opportunity Youth Academy is $3,437,749, of which $2,856,485 is Local Control Funding Formula (LCFF), $21,984 is other state funds, $0.00 is local funds, and $559,280 is federal funds. Of the $2,856,485 in LCFF Funds, $565,497 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).
The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Opportunity Youth Academy plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Opportunity Youth Academy plans to spend $5,568,801 for the 2022-23 school year. Of that amount, $1,417,853 is tied to actions/services in the LCAP and $4,150,948 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

General Funds not allocated for LCAP are to include: (a) supplies and materials, (b) human resources, (c) staffing, (d) administrative functions, (e) school operations, (f) facilities and maintenance, and (f) educational programming.

Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Opportunity Youth Academy is projecting it will receive $565,497 based on the enrollment of foster youth, English learner, and low-income students. Opportunity Youth Academy must describe how it intends to increase or improve services for high needs students in the LCAP. Opportunity Youth Academy plans to spend $565,497 towards meeting this requirement, as described in the LCAP.
This chart compares what Opportunity Youth Academy budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Opportunity Youth Academy estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Opportunity Youth Academy's LCAP budgeted $589,589 for planned actions to increase or improve services for high needs students. Opportunity Youth Academy actually spent $589,589 for actions to increase or improve services for high needs students in 2021-22.
Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

Opportunity Youth Academy routinely obtain feedback in five primary ways—surveys, community information meetings, staff meetings, Governance Council meetings, and OYA Board of Governance meetings—to incorporate our educational partners’ beliefs that guide our efforts from program effectiveness to targeted recommendations. All priorities and goals, including LCAP goals and additional funding, were developed within the context of our mission and vision. With additional funding, our needs remain the same but now we can increase efforts through intensity and frequency. Specifically, we met with our educational partners, ELAC, SSC, staff, and students in June and July as we prepared to return to in-person learning. Our educational partners discussed safe, in-person learning and ways to mitigate learning loss. Our educational partners emphasized the need to fund additional professional development opportunities and coaching for instructional support that provide interventions to increase English language proficiency, reading, mathematics, and address social emotional needs for all students.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

We used the additional concentration grant add-on funding to hire two paraeducators dedicated to supporting students in their English Language Development programs, and their curriculum classes such as Math and English Language Arts. We also increased work hours for...
all para educators to support students with their core English and Math courses and develop plans to monitor academic progress and credit accrual. Finally, we extended teacher work hours to support students in credit recovery and learning loss in Math and Reading.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

Efforts have been made to refine and improve our approach to support COVID-19 recovery through the LCAP development process, which includes engagement opportunities organized specifically around gathering feedback for the use of federal funds. We sought the input and feedback of our educational partners from the onset of the pandemic and continuing through the development of the Learning Continuity and Attendance Plan, the 2021-2022 LCAP, and Expanded Learning Opportunities Grant. We used one-time federal funds to support professional development, expanded school programming, credit recovery, mental health and wellness support programs, instructional materials, and one-time technology purchases. The following links indicate how we engaged our educational partners in the use of funds received to support recovery for the COVID-19 Pandemic.

2020-21 Learning Continuity and Attendance Plan

2021-22 Local Control and Accountability Plan
https://drive.google.com/file/d/1AXKY7ela7QqkRQFcbfYlJHsqMtiXryFU/view?usp=sharing

Expanded Learning Opportunities Grant Plan
https://drive.google.com/file/d/13WjynTkHcYU4zepyY7orMbnEwejU1pa4/view?usp=sharing

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

Opportunity Youth Academy did not receive ESSR III funding so this prompt does not apply.
A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.

We consider the LCAP to be the comprehensive planning document that captures the priorities, goals, and actions to improve student outcomes. As such, all additional funds received – Learning Continuity and Attendance Plan and Expanded Learning Opportunities (ELO) grant plan - are viewed through the lens of the LCAP to determine where student needs exist and what services are needed to address those needs. All plans align to the 2021-22 Local Control Accountability Plan and annual Update (LCAP). All funding is to provide both academic and social and emotional support to students including students with special needs, foster and homeless youth, and low-income students.

2021-22 LCAP Goals and Alignment of Plans and Funding

LCAP Goal One: All students will participate in rigorous, relevant, and engaging instruction aligned to 21st century skills to eliminate barriers and promote achievement.
Fiscal resources during 2021-22 align to LCAP Goal One and other plans to include: Expanded Learning Opportunities (ELO) grant and Learning Continuity and Attendance Plan. These fiscal resource supports the core academic program and supplemental programs which provide math and reading intervention and credit recovery as pathways to graduation. ELO grant supplemental funds provide teachers and para educators professional development and coaching in Universal Design for Learning, differentiated instruction, collaborative planning, intervention and extended instructional minutes for students, and credit recovery.

LCAP Goal Two: Increase the performance of English Learners.
Fiscal resources during 2021-22 align to LCAP Goal One and other plans to include: Expanded Learning Opportunities (ELO) grant and the Learning Continuity and Attendance Plan. These fiscal resource supports a well-rounded academic program which leads to high levels of academic language and achievements at all levels of English proficiency. ELO grant supplemental funds provide additional instructional time and para educator support for English Learners.

LCAP Goal Three: : All students will leave prepared for a successful transition to college and/or career as a result of quality programs, services and curriculum.
Fiscal resources during 2021-22 align to LCAP Goal Three and other plans to include the Learning Continuity and Attendance Plan and the Expanded Learning Opportunities (ELO) grant. These fiscal resources ensure students complete a high school diploma and are prepared to transition to college, trade school, or career. ELO grant supplemental funds provide students additional time for credit recovery.

LCAP Goal Four: : In partnership with community and family members, achievement levels will increase by engaging students in a rigorous curriculum in an environment that is culturally responsive and safe. Fiscal resources during 2021-22 align to LCAP Goal Three and other plans to include the Learning Continuity and Attendance Plan and the Expanded Learning Opportunities (ELO) grant. These fiscal resources ensure the OYA community, including staff, students, and parents, establish community outreach and support for student work production as two main areas to be addressed that will increase student achievement levels and create a more culturally responsive school program. ELO grant
supplemental funding provides support for integrated student support to the needs of students with special needs, foster and homeless youth, low-income students and English Learners.

Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA’s educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
• The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA’s 2022–23 LCAP.

Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA’s educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

Prompt 1: “A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).”

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: “A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.”

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: “A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are...
intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils."

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (https://www.cde.ca.gov/fg/cr/relieffunds.asp) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (https://www.cde.ca.gov/fg/cr/) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

**Prompt 4:** "A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation."

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA’s implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

**Prompt 5:** “A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update."

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA’s 2021–22 LCAP. For purposes of responding to this prompt, “applicable plans” include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

Plan Summary [2022-23]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Opportunity Youth Academy (OYA) is a dependent charter school of the Santa Clara County Office of Education. OYA provides educational services for students of ages 16 to 24, who have not yet obtained a high school diploma due to a lack of success in other educational settings. The lack of success can be for a variety of reasons to include, but not limited to, social, economic, emotional, and justice involved. The charter petition was recently renewed by the Santa Clara County Board of Education for an additional 5 years until June 30, 2026.

Opportunity Youth Academy sites are designed as small, individualized, and relevant to today’s workforce needs. OYA uses a competency-based approach. Students can enroll in OYA when the student is ready, not just in September when traditional schools are ready. Support staff creates an Individualized Learning Plan, based on student’s needs, interests, and academic history that charts an accelerated path to graduation and beyond. No time is wasted, and every student can advance as rapidly as possible. Students stay engaged using an individualized, online curriculum and with the support of Navigators. Students don’t have to wait for June to graduate and can complete the program when they have met all the requirements for graduation.

Opportunity Youth Academy enrolls students who come from a variety of backgrounds. Many of our youth are in foster care, justice engaged, pregnant or parenting, homeless, unemployed, and/or economically disadvantaged. The following are details of four significant student groups in OYA:

The Foster or Homeless student population within Opportunity Youth Academy is dynamic with changes occurring monthly. Over the past four years there has been a consistent 8% of youth who are in foster care. OYA works closely with a number of organizations to meet the needs of all students, particularly our foster and homeless youth. Organizations currently supporting our foster and homeless youth include The Bill Wilson Center, Santa Clara County Foster and Homeless Youth Services Department, social workers, probation office, and outreach...
through Seneca and Pivotal. Opportunity Youth Academy teachers work closely with foster and homeless youth and community agencies. Teachers ensure students are linked to the Foster and Homeless Youth liaison and our OYA Navigator. The liaison provides clothing, bus passes, guidance to housing and other resources free of cost. If a student comes to school hungry or in need of clothing, each site is able to meet these immediate needs and connect students to support personnel.

Opportunity Youth Academy currently serves a total of 66 students with an Individualized Education Program (IEP). This population of students make up approximately 18% of our student population. All students with special needs are on a regular diploma track. OYA teachers have been trained in blended learning strategies and all para-educators were trained in Universal Design for Learning (UDL) through the SCCOE Inclusion Collaborative. Para-educators worked with the Inclusion Collaborative on a monthly basis and five of the six para-educators completed training and became certified in UDL practices.

OYA has made a concentrated effort to support students identified as socio-economically disadvantaged by utilizing Title funds to purchase student laptops, internet hotspot devices online math and English supports, and consumable math support workbooks.

Of the total student population at OYA, 21% are identified as English Learners. OYA has a systemic process to address student academic and emotional needs, while making sure each student’s educational and language development progress is measured at least annually to help determine individual growth and schoolwide performance. English Language development is delivered through integrated and designated instructional environments in a full immersion program which includes English Language acquisition and computer assisted programs.

**Reflections: Successes**

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

1. Opportunity Youth Academy obtained Californian Department of Education (CDE) designation as a Dashboard Alternative School Status (DASS) school in October 2020 and is on the CDE's list of DASS schools.

2. California Assessment of Student Performance and Progress (CAASPP):

   Based on English Language Arts (ELA) California Assessment of Student Performance and Progress (CAASPP) scores from 2020-21, 23.53% of English Learner students met or exceeded proficiency in ELA standards. That is an overall gain of 10% from the 2018-19 ELA proficiency rates on the CAASPP. Additionally, the CAASPP ELA data shows positive growth within our Hispanic or Latino student group from 13% in 2019 to 26% in 2021 in the percentage of students scoring at standard met or standard exceeded. This student group represents the majority of our English Learners.

   Based on Mathematics CAASPP scores from 2020-21, 6% met proficiency in Mathematics. That is an overall gain of 6% from 2018-19 Math proficiency rates on the CAASPP. Additionally, the CAASPP Math data shows positive growth within our Hispanic or Latino student group...
from 0% in 2019 to 7% in 2021 in the percentage of students scoring at standard met or standard exceeded. This student group represents the majority of our English Learners.

3. English Language Proficiency Assessments for California (ELPAC):

English language proficiency data is retrieved from ELPAC 2020-21 spring testing. The ELPAC data indicates that 22% of students scored at Level 4 (well developed) and 40% scored at Level 3 (moderately developed). The ELPAC data from 2018-19 indicates that 12% of students scored at Level 4 (well developed) and 25% scored at Level 3 (moderately developed). Analysis of ELPAC scores from 2020-21 reveal 25% of students making progress.

4. Graduation Rate:
Based on the California School Dashboard, the graduation rate for 2020-21 was 47% of a one year senior cohort. That is a gain of 18% from 2019-20 graduation rate. Additionally, the graduation rate shows a positive growth within our student groups, most especially in Students with Disabilities and English Learners.

Reflections: Identified Need
A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Opportunity Youth Academy takes great pride in its accomplishments. However, we are constantly striving to improve, and know there are critical needs that must be addressed. The following are key areas OYA is working to address:

1. English Learner Reclassification:
OYA has been focused on how to best serve our EL population (currently ) and ensure timely reclassification of students. The goal is to develop an EL program to ensure that English Learners are provided a well-rounded academic program which leads to high levels of academic language and achievements at all levels of English proficiency and addresses the basic academic needs and literacy for students who receive English Learner services. Additionally, provide support for staff collaboration on best teaching practices and implementation of academic programming as well as additional coaching and support for teaching and learning.

2. College and Career Readiness:
This indicator on the California DASS shows a need to increase OYA’s student college and career readiness. To increase college/career readiness rates, we shifted from a credit recovery high school completion program to a college and career going culture. Additionally, students will graduate college and career ready with a wide array of work-based learning opportunities (dual enrollment, career technical education courses, internships, job training) and a student success plan.

3. Math and Language Development:
Indicators in CAASPP results in Math and English Language Arts and Renaissance STAR Assessments indicate a need to support the needs of students who are below grade level in Math and ELA. As such, we have developed an action plan to help students improve their Math and English Language skills. OYA teachers will collaborate in Professional Learning Communities (PLCs). In their PLCs, teachers will meet regularly, share expertise, and work collaboratively to improve teaching skills and discuss the academic performance of students. Teachers will also identify and assign students to specific Math or English cohorts based on student needs. Cohorts are held at each site and led by teachers with the aid of OYA para-educators. Cohorts are designed to run twice a week for one hour over the course of 10-12 weeks. In addition, students will meet quarterly with their teachers to discuss academic performance and progress in Math and English Language development.

**LCAP Highlights**

A brief overview of the LCAP, including any key features that should be emphasized.

The 2022-23 LCAP goals support the Santa Clara County Office of Education Educational Services Division students which includes Opportunity Youth Academy. LCFF funds are utilized to support increased and improved services for students enrolled in Opportunity Youth Academy to include: foster youth, economically disadvantaged youth, and English Learners. Opportunity Youth Academy receives funding from Title I, Title III, and Title IV. Highlights of the 2022-23 LCAP include:

The LCAP is tied to WASC Action Plan and recommendations included in the Charter Petition which are the following goals:

Goal 1. All students will participate in rigorous, relevant and engaging instruction aligned to 21st century skills to eliminate barriers and promote achievement.
Goal 2. Increase the performance of English Learners.
Goal 3. All students will leave prepared for a successful transition to college and/or career as a result of premier programs, services and curriculum.
Goal 4. In partnership with community organizations and family members, achievement levels will increase by engaging students in a rigorous curriculum in an environment that is culturally responsive and safe.

Highlights of the 2022-2023 LCAP include continued emphasis on college and career readiness, English Learner support, math and reading support, and work-based learning programming to support pathways to post-secondary education.
## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Opportunity Youth Academy facilitate the Comprehensive Support and Improvement (CSI) Plan to support student needs as determined by analysis of: (a) the California Dashboard Alternative School Status (DASS) data, (b) local surveys and needs assessments to include alignment with needs generated from the COVID-19 pandemic, and (c) information obtained during stakeholder engagement processes.

### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Comprehensive Support and Improvement (CSI) planning is aligned with OYA's annual update to the Local Control Accountability Plan (LCAP) and School Plans for Student Achievement (SPSA). As a dependent charter school of the SCCOE, OYA also benefits from support from the SCCOE Division of Continuous Improvement and Accountability. Areas of support include: (a) a focus on student engagement and climate, (b) processes to support a well-rounded academic program with an emphasis on Career Technical Education and college and career readiness, and (c) processes to support student graduation and transition. Although funding supports all students, programming to support: (a) Students with Disabilities, (b) English Learners, and (c) foster and homeless youth remains a priority.

Educational partner engagement is a priority for decision making regarding plans and budget allocations. OYA utilizes data and inquiry to support planning through a continuous improvement process. OYA involves parents, students, staff and community partners in the planning process.

Special attention is given to student needs and any inequities in allocating resources. Funds are distributed for CSI plans according to state requirements. The OYA educational partners analyzes need and also analyzes the combined use of other state and federal funds to ensure equity for student needs and best use of funding for student groups.

### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Opportunity Youth Academy will monitor the implementation and effectiveness of the Comprehensive Support and Improvement (CSI) plan through identified six-eight week monitoring cycles and provide an annual analysis for implementation progress and impact on student learning.
Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

Opportunity Youth Academy provides opportunities for educational partners engagement in conjunction with the LCAP planning. Educational partner meetings are held in March as a means to share data with parents, students, staff and community partners and obtain input into goals and needs for students. The primary source of educational partner engagement is supported through the annual LCAP Survey. This survey is distributed via email to: (a) parents and guardians, (b) classified and certificated staff, (c) students, and (d) community partners. The December 2021 survey garnered 45 responses. That included 29 students, 12 staff, and 4 parents.

A consultation meeting with Special Education Plan Area (SELPA) was held on 5/10/2022 to discuss areas of support and services for students with disabilities.

A summary of the feedback provided by specific educational partners.

Educational partner groups responded as follows. The major LCAP priorities as indicated by educational partners included: (a) school safety, (b) social, emotional, or mental health well-being services (c) teaching and learning, and (d) health services. 100% of respondents believe there is timely response to parent-student communication, students expected to meet academic standards, everyone’s culture is respected at school, and students are treated with respect and dignity. Additionally, educational partners emphasized continued support for college readiness, career readiness, and student access to technology.

The feedback provided by Special Education Plan Area (SELPA) was based on the decreased graduation rate of students with disabilities. A Special Education Plan (SEP) was developed to identify the strategies/activities that address the root cause and provide the required details regarding implementation. Three strategies were discussed: counselor works collaboratively with teachers and administration to ensure students and parents are aware of pathways to receiving a high school diploma and continuing to college or career; OYA will work to incorporate quarterly meetings with students and parents to review student progress toward graduation; and students are placed in a grade level based on credits earned and not on age.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

Aspects of the LCAP influenced by educational partner input include a focus on supports in career and graduation pathways, improve Math and Reading proficiency, reclassification of English Learners, and social and emotional support for students which contribute to a positive and quality learning environment and career transition. The 2022-23 LCAP also includes support for English Learners, foster youth, and low socio economic students in the areas of acquisition of materials, services, and quality instruction.

Actions to increase graduation rates for students with disabilities are reflected in Goal 1 Action 1.3, Action 1.4; Goal 3 Action 3.1, Action 3.3, Action 3.4, Action 3.5; Goal 4 Action 4.1, Action 4.2, Action 4.3
Goals and Actions

</table>

An explanation of why the LEA has developed this goal.

Goal One is developed in order to ensure that students are provided a well-rounded academic program which leads to high school graduation and prepared for college and career. Goal One addresses the basic academic needs of all students and also specifies services to support and assess the needs of students who receive English Learner services, students with special needs, low income students, and Foster Youth. Goal One addresses support for staff collaboration on best teaching practices and implementation of academic programming as well as additional coaching and training for teaching and learning.

Measuring and Reporting Results

### Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.
A description of any substantive differences in planned actions and actual implementation of these actions.

2021-22 Actions and Services for Goal One were implemented as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material difference between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved services for this goal or action services.

An explanation of how effective the specific actions were in making progress toward the goal.

Actions are making progress toward meeting the goal that all students will participate in rigorous, relevant and engaging instruction aligned to 21st century skills to eliminate barriers and promote achievement. Core curriculum, programs, and professional development were implemented in student achievement. Proficiency levels for students in math and reading have increased as is evident in quarterly Ren STAR assessments. Barriers to eliminate student achievement for English Learners have been addressed through implementation of Edge curriculum and professional development and this has resulted in increases on the ELPAC assessment.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

2022-23 Goal One has a few additions in actions and services. Priorities will continue to focus on providing a broad course of study for students with supplemental programs to support math and reading proficiency, assessment, Ethnic and Environmental studies, civic engagement, and training for staff to implement programming. Programs will continue to focus on needs of low income, English Learners, and foster youth.
A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

<tr>
<td>2</td>
<td>Increase the performance of English Learners</td>
</tr>
</tbody>
</table>

An explanation of why the LEA has developed this goal.

Goal two is developed in order to ensure that English Learners are provided a well-rounded academic program which leads to high levels of academic language and achievements at all levels of English proficiency. Goal Two addresses the basic academic needs and literacy for students who receive English Learner services. Goal Two provides support for staff collaboration on best teaching practices and implementation of academic programming as well as additional coaching and support for teaching and learning.

Goal Analysis [2021-22]
An analysis of how this goal was carried out in the previous year.
A description of any substantive differences in planned actions and actual implementation of these actions.

Actions and services for this goal were generally implemented as planned. Professional development opportunities were offered for teachers and para educators provided by trainers from SCCOE School Climate, Leadership & Instructional Services. Professional development offerings were targeted to the needs of English Learners and implementation of the Edge EL core curriculum. ELLoquence supplemental materials were not implemented and funds were reallocated and used to support training in Edge curriculum and instructional strategies in English Language acquisition.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Funds not expended for Actions 2.1 ELLoquence Supplemental Curriculum. Funds were used to provide staff training and professional development in English Learner instructional strategies, Edge curriculum training, and IOSA with SCCOE Professional Learning & Instruction Services.

An explanation of how effective the specific actions were in making progress toward the goal.

Actions are making progress toward meeting the goal that increase the performance of English Learners. Edge Core curriculum, programs, and professional development were implemented in EL progress. Proficiency levels for EL students in math and reading have increased as is evident in quarterly Ren STAR assessments. Barriers to eliminate student achievement for English Learners have been addressed through implementation of Edge curriculum and professional development and this has resulted in increases on the ELPAC assessment.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

2022-23 Goal Two has a few additions in actions and services. Priorities will continue to focus on providing an EL core curriculum for students with supplemental programs to support math and reading proficiency, ELPAC assessment, and training for staff to implement programming.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.
A description of any substantive differences in planned actions and actual implementation of these actions.

Actions and services were implemented as planned, with exception of Naviance. Funds were reallocated and used to purchase materials to support career technical education.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material difference between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved services for this goal or action services.

An explanation of how effective the specific actions were in making progress toward the goal.

Actions related to college and career readiness were effective in making progress toward the goal of students leaving prepared for a successful transition to college and/or career as a result of quality programs, services and curriculum.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The 2022-23 LCAP has a new action service. OYA staff and community educational partners worked to build their understanding of the guiding principles and core components underlying high quality college and career readiness pathways and create a team of staff members to collaboratively design plans that develop a system of a high-quality pathways with their context. This year the work focused on developing a continuum of work-learning experiences (i.e. informational interviews, job shadowing experiences, and internships), and dual credit community college courses all focused on industry sector themes. The next phase of work is implementing a work-based learning
system that will support the implementation of the full continuum. To accomplish this work, a Work-Based Learning Coordinator will be hired to combine and coordinate the efforts of many individuals, assuring that work-based learning experiences effectively and efficiently help students develop knowledge, skills, attitudes, and work habits so they can move successfully into post-secondary opportunities.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.
Goals and Actions

Goal

**Goal Analysis [2021-22]**

An analysis of how this goal was carried out in the previous year.
A description of any substantive differences in planned actions and actual implementation of these actions.

2021-22 Actions and Services were implemented as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material difference between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved services for this goal or action services.
An explanation of how effective the specific actions were in making progress toward the goal.

| Actions are making progress to ensure that the OYA community, including staff, students, and parents, establish community outreach and support for student work production as two main areas to be addressed that will increase student achievement levels and create a more culturally responsive school program. The graduation rate for 2020-21 increased by 18% from 2019-20. Additionally, the graduation rate shows a positive growth within student groups, most especially in Students with Disabilities, English Learners, and Foster Youth. |

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

| The 2022-23 LCAP does not contain major changes in this goal. |

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.
Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Through a coordinated process of examining data, needs assessments and engagement sessions, Opportunity Youth Academy prioritized the needs of English Learners, foster youth, and low income students when allocating funding in the LCAP. Most actions meet the needs of students school wide and some actions were directed specifically for English Learners, foster youth, or low income students.

Goal One relates to a well-rounded academic program, support student academic growth, and professional development for staff.

Action 1.3 supports professional learning communities for teachers to share content expertise and work collaboratively to develop Math and English plans and strategies to support students. The action is school wide but also is targeted to support English Learners, Foster Youth, and Low Income students.
Action 1.4 implements a progress monitoring plan to track student progress toward graduation, review performance data, attendance and overall academic performance. The action is school wide but also is targeted to support English Learners, Foster Youth, and Low Income students.

Goal Two relates to a well-rounded academic program which leads to high levels of academic language and achievement at all levels of English proficiency. It addresses the basic academic needs and literacy for students who receive English Learner services.

Action 2.4 supports professional development in the areas of blended learning strategies, Universal Design for Learning, differentiated instruction, and collaborative planning and problem solving. Special attention will be given to differentiation strategies for teachers to use with English Learners.

Goal Four relates to engagement and community outreach and support for student work production, student achievement levels, and create a more culturally responsive school program.

Action 4.1 supports the social-emotional health and well being by providing a multi-tiered level of mental health services and resources to staff, families, and students. A concentrated effort will be made to support students with special needs, Foster Youth, low income students and English Learners.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Opportunity Youth Academy is required to increase and improve service for English Learners, Foster Youth, and Low Income students by % which is equal to $ as shown above. This increased percentage is met by actions and services included in the Local Control Accountability Plan. The following actions described below are increased or improved and meet and/or exceed the totality of the required percentage increase as compared to services for all students.

Actions in the Local Control Accountability Plan
In the plan you will see the following actions marked as contributing which are include as part of the increased percentage:
Goal 1 Action 1.8 Access to a broad course of study - will contribute to operations and personnel costs to support broad course of study for 85% of unduplicated students.

Goal 3 Action 3.7 Addressing Access to Post Secondary - Work Based Learning Coordinator provides support and guidance on complete of a work basing learning program.

Goal 4 Action 4 Addressing School Climate - Foster Youth liaison provides resources and supports to Foster Youth.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

OYA has an enrollment of unduplicated student groups greater than 55%. 85% of our students qualify as low-income students, English Learners, and Foster Youth. We use the additional concentration grant add-on funding to partially fund two para educators dedicated to support students in their English Language Development programs, and their curriculum classes such as Math and English Language Arts. We will also increase work hours for all para educators to support students with their core English and Math courses and develop plans to monitor academic progress and credit accrual.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA’s programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
  - Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

**Plan Summary**

**Purpose**
A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA’s community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA’s LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year’s LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.

- **Support for Identified Schools**: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness**: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners
Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE’s website: [https://www.cde.ca.gov/re/lc/](https://www.cde.ca.gov/re/lc/).

Requirements and Instructions

Below is an excerpt from the 2018–19 Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

**Local Control and Accountability Plan:**
For county offices of education and school districts only, verify the LEA:

a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.

b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.
c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.

d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.

e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

Prompt 2: “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
• Inclusion of action(s) as contributing to increased or improved services for unduplicated services
• Determination of effectiveness of the specific actions to achieve the goal
• Determination of material differences in expenditures
• Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
• Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose
Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions
LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

• Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

• Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

• Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.
Focus Goal(s)

**Goal Description:** The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

**Goal Description:** Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

**Goal Description:** Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Explanation of why the LEA has developed this goal:** Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

**Consistently low-performing student group(s) criteria:** An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at [https://www.cde.ca.gov/fg/aa/lc/](https://www.cde.ca.gov/fg/aa/lc/).

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated Assistance.
Goal Description: Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA’s eligibility for Differentiated Assistance.

Explanation of why the LEA has developed this goal: Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the “All Students” student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

Low-performing school(s) goal requirement: A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.

Goal Description: Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.

Explanation of why the LEA has developed this goal: Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:
For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.
Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.
- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “Measuring and Reporting Results” part of the Goal.

<td>Enter information in this box when completing the LCAP for 2021–22 or when adding a new metric.</td>
</tr>
</tbody>
</table>

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

**Actions:** Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (Note: for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in California Code of Regulations, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

**Actions for English Learners:** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in EC Section 306, provided to students and professional development activities specific to English learners.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

**Goal Analysis:**

Enter the LCAP Year.
Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

### Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

#### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

#### Requirements and Instructions

**Projected LCFF Supplemental and/or Concentration Grants:** Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.
Project Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;

- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and

- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.
Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions are the most effective use of the funds to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:
School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

**For schools with 40 percent or more enrollment of unduplicated pupils:** Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

**For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils:** Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:
An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

**Action Tables**

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
• Table 2: Contributing Actions Table (for the coming LCAP Year)

• Table 3: Annual Update Table (for the current LCAP Year)

• Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)

• Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table
The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

• LCAP Year: Identify the applicable LCAP Year.

• 1. Projected LCFF Base Grant: Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

• 2. Projected LCFF Supplemental and/or Concentration Grants: Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.

• 3. Projected Percentage to Increase or Improve Services for the Coming School Year: This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

• LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

• Total Percentage to Increase or Improve Services for the Coming School Year: This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —
Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action’s number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?**: Type “Yes” if the action is included as contributing to meeting the increased or improved services; OR, type “No” if the action is not included as contributing to meeting the increased or improved services.

If “Yes” is entered into the Contributing column, then complete the following columns:

  - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  
  - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  
  - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
• **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

  o **Note**: For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

• **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

• **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

• **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.

• **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

• **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

  o As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

### Contributing Actions Table
As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

**Annual Update Table**

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

**Contributing Actions Annual Update Table**

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants**: Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

**LCFF Carryover Table**

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).
• 10. Total Percentage to Increase or Improve Services for the Current School Year: This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables
To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table
• 4. Total Planned Contributing Expenditures (LCFF Funds)
  o This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
• 5. Total Planned Percentage of Improved Services
  o This percentage is the total of the Planned Percentage of Improved Services column
• Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
  o This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table
Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

• 6. Estimated Actual LCFF Supplemental and Concentration Grants
  o This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
• 4. Total Planned Contributing Expenditures (LCFF Funds)
  o This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)
7. Total Estimated Actual Expenditures for Contributing Actions
   - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)

Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
   - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)

5. Total Planned Percentage of Improved Services (%)
   - This amount is the total of the Planned Percentage of Improved Services column

8. Total Estimated Actual Percentage of Improved Services (%)
   - This amount is the total of the Estimated Actual Percentage of Improved Services column

Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
   - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
   - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
   - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
   - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

   The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
• 13. LCFF Carryover — Percentage (12 divided by 9)
  
  o This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
