2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Opportunity Youth Academy (OYA) is a dependent charter school of the Santa Clara County Office of Education. OYA provides educational services for students of ages 16 to 24, who have not yet obtained a high school diploma due to a lack of success in other educational settings. The lack of success can be for a variety of reasons to include, but not limited to, social, economic, emotional, and justice involved. The charter petition was recently renewed by the Santa Clara County Board of Education for an additional 5 years until June 30, 2026.

Opportunity Youth Academy sites are designed as small, individualized, and relevant to today's workforce needs. OYA uses a competency-based approach. Students can enroll in OYA when the student is ready, not just in September when traditional schools are ready. Support staff creates an Individualized Learning Plan, based on student's needs, interests, and academic history that charts an accelerated path to graduation and beyond. No time is wasted, and every student can advance as rapidly as possible. Students stay engaged using an individualized, online curriculum and with the support of Navigators. Students don't have to wait for June to graduate and can complete the program when they have met all the requirements for graduation.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Opportunity Youth Academy operates six sites that are leased within larger facilities or office buildings. The interiors of the classrooms are maintained by the Santa Clara County Office of Education according to the Santa Clara County Office of Education guidelines for safety, cleanliness and adequacy. The exteriors of the classrooms and the buildings are maintained by the Building Manager or Owner according to the Santa Clara County guidelines and codes for safety, cleanliness and adequacy. FIT reports were taken for each of the school sites as follows: (So County Annex 8/17/22 , ConXion, Sobrato, the Hub, and Washington on 8/22/2022, and Snell on 9/3/2022. Each facility received ratings of "good" in all categories with "exemplary" ratings for all sites.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

OYA offers A-G curriculum to better prepare students for post-secondary college and career choices. OYA offers CTE courses in Advanced Manufacturing, Physical Education and Healthcare, Advanced Transportation, Agriculture, and Information Communications Technology. These one-semester courses are intended as a practical, hands-on guide to help familiarize students with the professional skills required in the workplace. These courses focus on success in the workplace. Each unit contains multiple lessons and activities written to CTE and Common Core State Standards. The courses cover essential topics such as Work Ethic, Teamwork, Problem Solving, Employability Skills, and Communication Skills.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents and families are invited to learn about Opportunity Youth Academy and the services we provide. Parents and families receive ongoing communication from their student's teachers, and are invited to family engagement events each year to receive important information about our school program. In addition, parents and families are recruited to serve on the School Site Council, English Learner Advisory Committee, and Governance Council Committee and to participate in the formation of the Local Control Accountability Plan (LCAP) and School Plan Student Achievement (SPSA).

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0	1.28	2.45
Expulsions	0	.01	.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2021-22 Types of Services Funded

Opportunity Youth Academy (OYA) offers students a blended learning program of teacher-directed instruction and online credit accrual and recovery options. The individualized support of teachers, counselors, education navigators, college liaison and access to the services of SCCOE partners from community-based organizations is the hallmark of this unique program. The focus of OYA is to ensure that students leave the program with a high school diploma, and a path to postgraduate college or career. The OYA college liaison and academic counselor regularly provide career and college information to all students through online notices, in-person meetings, or classes. Students have the full support of their case managers/assigned teachers, academic counselor, college liaison, and the administration in helping them make decisions for their futures.

OYA staff and community educational partners worked to build their understanding of the guiding principles and core components underlying high quality college and career readiness pathways and create a team of staff members to collaboratively design plans that develop a system of a high-quality pathways with their context. Types of services funded focused on developing a continuum of work-learning experiences (i.e. informational interviews, job shadowing experiences, and internships), College Liaison position, paid tuition for students to attend courses offered by Silicon Valley Career Technical Education, Career Labs, and dual credit community college courses all focused on industry sector themes.

A full time Mental Health Therapist provides multi-level of mental health services and resources to staff, families, and students. A concentrated effort is made to support students with special needs, Foster Youth, low-income students, and English Learners because of their various challenges.

Professional Development

OYA teachers are provided professional development opportunities geared toward individual experiences as well as site experiences which provide growth to the staff member(s). Through a service contract with SIATech, OYA staff participate in teacher/leadership development programs where educators are supported at every stage in their careers. SIATech and OYA administration developed a high-quality professional development plan through regular content-specific Round Tables (professional development, collaborative trainings) for teachers and staff, onsite trainings, virtual meetings, capacity-building courses, webinars, and technology training in learning conferences. Some professional development focus areas included understanding the college and career opportunities, students' traumatic and chronic stress complications, and growth mindset.

Inter-Office Service Agreements with Inclusion Collaborative provide staff professional development in Universal Design Learning, differentiated instruction, and collaborative planning and problem solving; with School Climate, Leadership & Instructional Services to support building teacher capacity in the area of English Language Development; with Integrated STEAM Career Technical Education Services to support collaborative structures and coach collaborative practices to reinforce linked and wrap-around approaches among site team members and relevant industry partners, and community based organizations; and with Professional Learning & Instructional support to provide professional development, training, and support with implementations of Ethnic and Environmental Studys, and Seal of Civic Engagement.

OYA will continue its work with ConnectEd to create and implement Linked Learning College and Career Pathways. This three year project started in 2019-2020, seeks to move the school's traditional alternative school program of study into a program of study aligned with best practices around getting graduates college and career ready. This will allow OYA to provide its students with viable options for future success by giving them opportunities to enter into aligned college programs and gain a continuum of work-based learning experiences all of which will leave students better positioned and prepped for success.
