At SOMOS Mayfair we have been working to address the newly emerging needs of our community. While we will continue to conduct as much of our core work as possible, we are shifting some projects to ensure that we are able to provide COVID-19 rapid response relief to our community. We are doing this in a way that allows us to uphold the health of our staff and community, while remaining flexible to the highly evolving situation in which we currently find ourselves.

Over the past 8 weeks we have been able to provide:

- **938 FAMILIES** with diaper boxes each month
- **130 FAMILIES** with baby formula each month
- **4,500 MEALS** served every day, in partnership with the Alum Rock School District
- **248 FAMILIES** with direct financial assistance

**Mutual Aid Support**
We’ve organized a peer to peer mutual aid program in which community members are helping one another and sharing resources. We have connected with over 300 families and neighbors.

**Virtual Programming**
Our Family Resource Team has started virtual home visits, and have been safely distributing calming kits, kids’ activities, books, and other resources to families.

As we’ve nimbly worked to bring all of our organizing, education, and leadership work online, we’ve also provided tech assistance to help set families up for virtual learning.

Through our mutual aid network, we have received 603 requests in the past 8 weeks.

The greatest need is for financial assistance, but many families are also looking for student resources, food access, and more.
