OTHER EDUCATIONAL INSTITUTIONS

-
- **The California Dream Act** allows undocumented students to apply for and receive state financial aid; Financial Aid offices and the California Student Aid Commission are two resources.
 - **Mobile Applications:** Two apps. designed to help undocumented students find out about college scholarships available to them. Each was developed by an undocumented student who wanted to make the experience easier for their peers:
 - **Dreamers Roadmap:** lists scholarships and helps students keep track of application deadlines. It also lets anyone suggest a scholarship that should be added to the database. It's available for both Apple and Android devices. You can read about Sarahi Espinoza Salamanca, the DACA recipient who created DREAMer's Roadmap, in a recent profile by the San Francisco Chronicle.
 - **DACA Scholars:** an app that lists scholarships, provides deadline notifications and includes articles about undocumented students and the Deferred Action for Childhood Arrivals program. It's available for Apple and Android devices.
