### Integration into Practitioner, Organizational, and Community Practices, Policies and Procedures
- Develop a district calendar of topics to facilitate leadership conversation/dialogs dedicated to CCSS.
- Develop a district protocol to be used in program evaluations.

### Staff selection and teacher and administrator supervision and evaluation policies and procedures are aligned to the vision of the implementation of CCSS are implemented throughout the system.

- Implement on-going program evaluation of staff selection and teacher and administrator supervision and evaluation policies and procedures.

### Budget planning, allocation, and monitoring policies and procedures are aligned to the vision of the implementation of CCSS are implemented by all departments and school sites.

### Implement on-going program evaluation of budget planning, allocation, and monitoring policies and procedures.

### Full Implementation of Curriculum, Assessments, and Pedagogy
- Monitor the purchase of curriculum materials, the implementation of assessments, the construction and maintenance of the assessment system, and development of pedagogy.

### Implement teacher and administrator selection and evaluation questions that focus on the use of CCSS aligned curriculum, assessments, and pedagogy.

### Resources:
- Monitor curriculum, assessment, and training expenditures to ensure on-going alignment of to the vision of implementation of CCSS.
- Ensure data system is operational and issues are resolved in a timely manner.

### Infrastructure:
- Ensure data system is operational and issues are resolved in a timely manner.
- Monitor PLC meetings for discussion and sharing of best practices to deliver CCSS.

### For each grade level, identify exemplary models of teaching and learning (such as lesson plans, activities, assessment, and student work products) that align with CCSS and illustrate corresponding practices.

### Monitor curriculum, assessment, and pedagogy implementation through frequent classroom observations using teacher observation rubrics focused on the instructional shifts in pedagogy, curriculum, and assessment.

**Governance**

- Maintain strategic sustained efforts to gain buy-in from and to collaborate regularly with stakeholders.
  (facilitative administrative supports)

  - Monitor systems that allow teachers, administrators, and all stakeholders to provide feedback, suggest refinements, or ask questions regarding CCSS and its implementation, maximizing accessibility to stakeholders and responsiveness by the district.
  (facilitative administrative supports)

**Human Resources**

- Monitor systems that allow classified, certificated, and administration to provide feedback, suggest refinements, or ask questions regarding the infuion of CCSS in the selection, training and supervision and evaluation process, maximizing accessibility and responsiveness by the district.
  (facilitative administrative supports)

**Fiscal**

- Resources:
  - Monitor systems that allow classified, certificated, and administration to provide feedback, suggest refinements, or ask questions regarding the infusion of CCSS in the budgeting process, maximizing accessibility and responsiveness by the district.
  (facilitative administrative supports)

**Curriculum & Instruction**

- Monitor systems that allow classified, certificated, and administration to provide feedback, suggest refinements, or ask questions regarding the implementation of CCSS, (curriculum, pedagogy and assessment systems, training, and coaching protocols) maximizing accessibility and responsiveness by the district.
  (facilitative administrative supports)

  - Create CCSS implementation Web resources that include the following:
    - Example problems, tasks, activities, and strategies related to particular standards or sequences of standards.
    - Explanations of instructional language used in CCSS.
    - Samples of student work illustrating understanding of key standards.
    - Tools and protocols to support instruction, assessments, and evaluation of teaching materials, including rubrics for those purposes.
  (facilitative administrative supports)

**Parent & Community**

- Monitor systems that allow parents, community, and business partners to provide feedback, suggest refinements, or ask questions regarding the implementation of CCSS, maximizing accessibility and responsiveness by school sites and the district.
  (facilitative administrative supports)

  - Collaborate with teacher preparation institutions/programs/alternative providers to align coursework and other requirements to CCSS expectations for student learning.
  (systems intervention)
### Governance

- **Staff is Skillful and Procedures and Processes become Routinized.**
  - Monitor and revise department training and coaching plans to support full implementation of the CCSS.
  - Track progress of principal training focused on instructional leadership for CCSS.
  - Refine and continue training and coaching on staff selection and supervision and evaluation processes for new staff and veteran staff annually and as needed.
  - Resources: Monitor expenditures to ensure ongoing alignment to the vision of implementation of CCSS.
  - Refine and continue training on budget templates, tools, and resources and provide training on the use of templates and tools to support implementation of the CCSS budget planning, allocation, and monitoring for new staff and veteran staff annually and as needed.
  - Develop and deliver on-going differentiated training and coaching to all teaching and administrative staff on curriculum, assessment, the assessment system, and pedagogy. (decisions support data systems)

### Human Resources

- **Monitoring and Measurement of Fidelity**
  - Develop and implement an accountability system to hold all stakeholder groups accountable. (performance assessment)
  - Embed monitoring of CCSS implementation and student assessment results in the administrator meetings and board meeting agenda items. (performance assessment)
  - Review and revise LEA plan and school plans based on implementation data. Make refinements in all systems based on data and feedback. (facilitative administrative support) (performance assessment)
  - Using developed accountability measures, the department holds itself and others accountable for continuous improvement based on feedback. (facilitative administrative support)
  - Resources: Using developed accountability measures, the department holds itself and others accountable for continuous improvement based on feedback. (facilitative administrative support)
  - Model and monitor the use of data systems for measuring and reporting fidelity. (performance assessment) (decision support data systems)
  - Embed monitoring of CCSS implementation and student assessment results in training and department meeting activities. (performance assessment) (decision support data systems)
  - Monitor fidelity to CCSS implementation through frequent classroom observations. (performance assessment) (decision support data systems)
  - Using developed accountability measures, the department holds itself and others accountable for continuous improvement based on feedback. Make adjustments as necessary. (facilitative administrative support)

### Fiscal

- **Staff is Skillful and Procedures and Processes become Routinized.**

### Curriculum & Instruction

- **Staff is Skillful and Procedures and Processes become Routinized.**
  - Develop and deliver on-going differentiated training and coaching to all teaching and administrative staff on curriculum, assessment, the assessment system, and pedagogy. (decisions support data systems)

### Parent & Community

- **Parent and community groups include student assessment results in advisory group and community meetings. (performance assessment) (decision support data systems)**
