

STEAM - Leading with Mathematics 2016 Summer Institute

Please join the team from the Center for Childhood Creativity at the Bay Area Discovery Museum as they present a two-day immersive teacher institute.

Participants will:

- **Implement CCSS math standards in fun, developmentally-appropriate ways**
- **Collaborate to design math lessons that incorporate innovative problem-solving, creativity and STEAM integration**
- **Learn a pedagogical framework—based on the latest learning and brain science—to build student motivation, autonomy and excitement in math**

Cost: \$150 per teacher (includes materials and lunch)

Please select and register for one of the professional development opportunities listed below:

- August 1, 2016 & August 2, 2016 (9:00 a.m. - 3:30 p.m.): **TK - K** (Location: San Jose, CA)
<http://santaclara.k12oms.org/1545-109572>
- August 4, 2016 & August 5, 2016 (9:00 a.m. - 3:30 p.m.): **1st - 2nd** (Location: San Jose, CA)
<http://santaclara.k12oms.org/1545-109574>

*Priority given to teachers from the **East Side Alliance**
Credits will be available for a fee through Dominican University.*
