

# The Future of AI in Education

The advancement of technology is a vast landscape, often met with curiosity, caution, and inspiration. As educators and students learn about the risks and benefits of incorporating Artificial Intelligence into learning environments, the Santa Clara County Office of Education remains committed to supporting the pursuit of knowledge and best practices. Below are curated resources to assist with building foundational knowledge about policies, implementation, and practices established thus far regarding artificial intelligence. To view the resources below, please visit [sccoe.to/ai-toolkit](https://sccoe.to/ai-toolkit)

Resource	Description	Organization	
<a href="#"><u>AI Guidance for Schools Toolkit</u></a>	This toolkit is designed to help educators and school leaders create thoughtful guidance to help their communities realize the potential benefits of incorporating artificial intelligence (AI) in primary and secondary education while understanding and mitigating the potential risks.	TeachAI	<a href="https://tinyurl.com/AIGuidanceForSchools">https://tinyurl.com/AIGuidanceForSchools</a> 
<a href="#"><u>Artificial Intelligence in California Learning with AI Learning about AI</u></a>	While Artificial Intelligence (AI) can be a valuable learning tool for educators and students, it must be evaluated according to usage terms, and clear guidelines for data collection should prioritize student safety. In this article, the California Department of Education provides information on how AI might fit within California schools and provides resources on how to develop and utilize AI in schools.	California Department of Education	<a href="https://tinyurl.com/AICAEducation">https://tinyurl.com/AICAEducation</a> 
<a href="#"><u>California School Boards Association Policy 5131.9</u></a>	With academic honesty and personal integrity being fundamental components of a student's education and character development, this document is a sample that can be used to help create an academic honesty policy.	California School Boards Association	<a href="https://tinyurl.com/CSBAPolicy">https://tinyurl.com/CSBAPolicy</a> 
<a href="#"><u>Draft template on Artificial Academic Honesty and Equity</u></a>	This document is a draft template of an educational policy on Academic Honesty and Equity.	Draft Template	<a href="https://tinyurl.com/DraftAIPolicyTemplate">https://tinyurl.com/DraftAIPolicyTemplate</a> 
<a href="#"><u>CSBA AI Research and Policy Brief</u></a>	To better address the impacts of AI, school district and county office of education board members need to know how educators, students, and families are using AI, both inside and outside of the classroom. The CSBA published this article to help improve the understanding of AI in K-12 education and what governance teams should know.	California School Boards Association	<a href="https://tinyurl.com/CSBAArticle">https://tinyurl.com/CSBAArticle</a> 
<a href="#"><u>Artificial Intelligence and the Future of Teaching and Learning Insights and Recommendations</u></a>	This report provides insight and recommendations on AI for educational teaching and learning.	Office of Educational Technology	<a href="https://tinyurl.com/AIUseInEducation">https://tinyurl.com/AIUseInEducation</a>
