This two-day workshop is intended for educators who did not attend a statewide NGSS Rollout III. The workshop focuses on using state developed tools to shift instruction to the 3-Dimensionality of the Next Generation Science Standards. Sessions about Statewide Science Assessment, “5 E” Instructional Sequences, Environmental Principles & Concepts (EP&C’s), and Evidence Statements will be presented.

Other sessions include: Administration, Crosscutting Concepts, Integration in Middle School, High School Models, and Engineering in Life Science.
