This Professional Learning Network is designed to deepen TK-12 teachers’ and coaches’ understanding of the 2014 ELA/ELD Framework. Using the Integrated and Designated English Language Development Toolkit for All Teachers, participants will work collaboratively (face-to-face and online) to develop plans that include explicit English language development for both integrated and designated ELD for a total of seven (C1) or five (C2) sessions. Teachers and coaches will:

- Examine applications to lesson and unit planning using both content and ELD Standards
- Explore methods of formative assessment and analyze student work to drive instructional decisions
- Reflect on their instructional practices and the impact on student learning
- Become model leaders in integrating ELD Standards in instruction
