Echoes and Reflections and Elie Wiesel’s Night
A Workshop hosted by the Santa Clara County Office of Education

Connecting Students to the Past with Primary Sources and Human Stories

How do we prepare students to read and understand Elie Wiesel’s Night within the larger historical framework of the Holocaust? What are some of the moral and ethical questions that the memoir helps students examine?

Program Goals
- Familiarize participants with the content and pedagogy of Echoes and Reflections through experiential activities.
- Enhance teacher knowledge about the Holocaust.
- Explore Echoes and Reflections multimedia assets including the correlated visual history testimonies and other primary resources and materials.
- Introduce participants to IWitness, an online complement to Echoes and Reflections that includes interactive student-centered activities.

Specifically, for this customized program, participants will explore the following:
- History of antisemitism and the ghettos for context prior to teaching Night.
- Interdisciplinary materials, including art work, photographs, poetry, and personal narratives, for teaching about the “Final Solution.”
- Significant themes of the memoir and additional resources to support the teaching of the text.
