2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

The Special Education Department of the Santa Clara County Office of Education (SCCOE) provides a variety of instructional programs and services for children and students with severe or low incidence disabilities from birth through 22 years of age. The students are referred from 31 school districts in Santa Clara County and are served by a low student-to-staff ratio and in a highly structured environment. Programs are divided into early education (birth to 3 years), preschool, elementary, secondary and post secondary. The types of programs offered include Deaf/Hard of Hearing, Orthopedically Impaired, Autism Spectrum Disorders, Visually Impaired, Therapeutic, Medically Fragile and Severely Disabled.

The SCCOE is the Local Education Agency (LEA) for special education students residing in Licensed Children's Institutions (LCIs) who attend non-public schools. The Department also provides services to students attending institutional schools, community schools, pediatric skilled nursing facilities and Board-sponsored charter schools.

The SCCOE Special Education Department aims to serve, inspire, and promote student success by creating opportunities for all students to participate in high-quality educational programs which include: appropriate placement options; instruction, curriculum and materials that are developmentally-appropriate, consistently utilized across all classes, and linked to the Common Core State Standards; learning environments that are safe, nurturing, respectful, least restrictive and; collaboration among all educational team members with a focus on student outcomes.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Year and month in which the data were collected: September 2023

Subject	Textbooks and Other Instructional Materials/year of Adoption	From Most Recent Adoption ?	Percent Students Lacking Own Assigned Copy
Reading/Language Arts	Selections of Board-adopted textbooks and instructional materials are based upon each student's learning, processing and physical abilities, as guided by the IEP. Students have access to current textbooks and instructional materials including STAR/LINKS, Unique, N2Y, Edgenuity, IXL, and TouchMath in each core curricular area. Students attending academic programs on district sites have access to the same textbooks that their non-disabled peers utilize. In cases where students' functioning levels limit their ability to access textbooks, staff members use adaptive tools such as computer programs, Alternate/Augmentative Communication (AAC) devices or communication books to help the student gain access to the core curriculum. Students with vision, hearing or orthopedic needs also receive supplementary materials through the California Low-Incidence Program. Students attending special education programs in the Alternative Schools use the same SCCOE board-adopted curriculum as all students in the Alternative Schools.	Yes	0%

School Facility Conditions and Planned Improvements

School Facility Conditions — General Information

The SCCOE Special Education Department, and districts hosting classes on their campuses, work together to set up new programs where they are needed to meet the varying IEP goals of students throughout the County. The host district is responsible for the repair, maintenance, disaster plan and custodial services as delineated in the “SCCOE Special Education Housing Policy” agreement. For SCCOE operated programs that are not on district-hosted sites county principals, in partnership with the SCCOE Facilities Department, oversee the facilities, disaster protocols, maintenance and custodial services.

School Facility Conditions — Results of Inspection and Evaluation

There are four levels of identification of safety hazards: 1) special inspections initiated by an employee; 2) on-going, informal inspections in conjunction with regular duties; 3) initial inspections of new sites and; 4) annual, formal safety inspections of all sites. Uniform Complaint Procedures are posted in each classroom at each site in English, Spanish and Vietnamese.

An annual safety inspection is conducted for all classrooms and sites. “The Annual Safety Inspection Checklist” covers both physical properties as well as work practices of school and office staff. Any corrections needed are noted on the “Annual Safety Inspection Hazard Remediation” form with the responsibility for correction being designated as either the host district or SCCOE. The FIT reports for 2024-25 were completed for all SCCOE sites September of 2024. The most recent FIT report for special education programs showed a final completion on 9/25/24. Special Education is organized into clusters with classrooms operated by the SCCOE as well as local educational agencies. SCCOE facilities aligned to each cluster include: Gateway 9/9/2024, Hester 9/23/24, Oster,9/9/2024, McCollam 9/24/2024, Anne Darling 9/25/2024, Chandler Tripp 9/18/2024, Seven Trees Educational Center 9/19/2024. Gateway, McCollam, Anne Darling, and Seven Trees Educational Center all showed ratings of good with an overall exemplary rating.

Hester received a fair rating for interior and electrical, Oster received a fair rating for electrical, and Chandler Tripp received a poor rating for safety.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

2023-24 Career Technical Education Programs

All special education students, ages 16 to 22 years old, have a transition plan as part of their IEP. The transition plan addresses the best ways for the student to enter the workforce and is initially developed, and then reviewed annually, by the IEP team. Middle school students and families explore transition planning and future program placement options. High school special day class programs focus on career exploration, service learning, school-based projects and independent living skills training. Students exit their high school programs more prepared to successfully participate in Post Secondary education. The Workability I Program (WAI) provides placement and support in the workplace for Post Secondary students from 18 to 22 years old with more significant disabilities. Students develop a transition portfolio which is a pictorial and written summary of vocational, recreational, and independent living activities. Students' portfolios also include a resume, work history, a commendations page, and letters of recommendation. Students who have the ability to participate in classes hosted at Silicon Valley Career Technical Education are encouraged to do so as part of their four year high school graduation plan.

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents are involved in the education of their child through the Individualized Educational Program (IEP) process. As an IEP team member, each parent/guardian participates in the development of annual academic, behavioral and social/emotional goals for their child. Parents also receive quarterly communication regarding their child's goal progress, at the same time that their non-disabled peers receive progress reports. Parents are invited and encouraged to communicate with their teachers regularly, especially with regards to concerns or information that may be essential to the overall success of their child. A variety of collaboration strategies are used by program staff to encourage parents and families to be actively involved in their child's transition planning. This includes transitions from program to program (e.g. preschool to elementary) or to the workforce. Parents and staff work together to make changes occur as seamlessly as possible for students. Parents are encouraged to be involved in their child's education by attending school-sponsored events, parent engagement workshops, school site open houses and special events.

Parents of students in SCCOE Special Education programs are invited to attend Community Advisory Committees (CAC) in their geographical areas. The CAC is a group of parents, administrators and special educators that are hosted by the SELPAs (Special Education Local Planning Areas). The CACs work to keep parents informed of special education issues and information through workshops and newsletters. Parents are also invited to participate on SCCOE Special Education School Site Council, which meets quarterly, to monitor the Department's School Plan for Student Achievement, as well as provide feedback regarding the improvement of programs and services. In addition, parents are invited to form part of the SCCOE Parent Advisory Committee (PAC) and provide input on the Local Control and Accountability Plan (LCAP). The LCAP survey is forwarded to all parents of SCCOE students to elicit input and specific actions the Department will take to achieve its vision and goals.

Lastly, the Department supports parent involvement by facilitating engagement opportunities throughout the school year. These include monthly "family fun nights," coffee with the principal, and training on Board-adopted curriculum. These programs are provided to increase communication between the Department/school sites and families.

2024-25 School Safety Plan

Education Department are located on district school sites which allows students to receive the services included in their IEPs in classrooms as close to their homes as possible. The districts and SCCOE work closely to ensure that classrooms are safe, clean and that opportunities for interaction with non-disabled peers is provided. All program staff members receive specialized training on safety guidelines and protocols, disaster procedures, universal precautions, and specialized health care procedures included in the IEPs of their students. The SCCOE has developed and implemented an Emergency Preparedness Plan to expedite communication, ensure appropriate responses are carried out and to delineate responsibilities in an emergency situation (www.sccoe.org). The Assistant Superintendent of Educational Services is the Liaison Officer to the outlying schools. In the event of an emergency, schools have plans to continue specialized health care procedures and student care until transportation services can be safely arranged for students to return to their homes. The Department updates the "Special Education Comprehensive School Safety Plan" each year. Since the onset of COVID-19, ongoing training on health and safety procedures have been provided to all staff.

Fiscal Year 2023-24 Types of Services Funded

Early Start Program: Birth to 36 months

The Early Start Program, in collaboration with San Andreas Regional Center, provides coordinated assessment and early intervention services for children with at-risk medical conditions or who demonstrate developmental delays.

Preschool: Ages 3-5

At age 3, some students transition into preschool programs within the SCCOE Special Education Department, while some return to their district of residence. The Department continues to provide services for 3-5 year old students in accordance with their IEP.

Ages 6 to 17 years old

The SCCOE Special Education Department provides services for 6-17 year old students, according to their IEPs, within one of the programs offered (Deaf/Hard of Hearing, Orthopedically Impaired, Autism Spectrum Disorders, Visually Impaired, Emotionally Disturbed, Medically Fragile, and Severely Disabled).

Post Secondary: Ages 18 to 22

After their senior year in high school, students may participate in college, community and work programs. The Workability I Program (WAI) provides placement and support in the workplace for Post Secondary students from 18 to 22 years of age with more significant disabilities. This program is expanding to meet the needs of county districts that do not offer Post Secondary programs.

English Learners: K-12

All teachers are trained to provide English Language Development to support students in the special education program who are non-fluent English speakers.
