## 2024-2025 School Accountability Report Card

### (Published During the 2025-2026 School Year)

## General Information about the School Accountability Report Card (SARC)

### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2025-26 School Description and Mission Statement

### Alternative Education Department (AED) Goal

To treat the needs of the whole youth ensuring that they grow in our programs with an enhanced academic and social skills set, a belief in their ability to succeed, and the knowledge that they have a team to support them.

### AED Mission

Our students will learn in a personalized environment that fosters human dignity and promotes academic, social, emotional, and personal success.

### AED Services

The Alternative Education Department (AED) provides educational services for students, grades 6-12 who have been referred due to court placement, expulsion from local school districts, or referrals from local school districts for specialized academic support. Students receive instruction while incarcerated at Osborne Juvenile Hall or the William F. James Ranch facility. Expelled and other referred students receive academic and social emotional services at Sunol Community School or South County Community School. An independent study program is available for students referred by home school districts for specialized instruction. Students are provided a broad course of study aligned to California Academic Standards with specialized courses to support college and career readiness and career technical education. The AED department in collaboration with Probation and other community partners focuses on successful transition of students through graduation, post-secondary placement and support, or return to district. Santa Clara County Office of Education Alternative Education Department is fully accredited by the Western Association of Schools and Colleges (WASC) and is committed to providing an educational environment that promotes the development of literacy, 21st century skills, resiliency and appropriate social skills that will enable students to have a successful life.

## School Facility Conditions and Planned Improvements

The Santa Clara County Court Schools are located at Juvenile Hall in downtown San Jose and William F. James Ranch in suburban Morgan Hill. Facilities inspections are conducted by Probation department also.

The facilities are maintained with coordination between Santa Clara County Juvenile Probation Department and the Santa Clara County Office of Education. FIT inspections were held as follows: Osborne Juvenile Hall (September 8, 2025) with a rating of good in all categories and good overall. Blue Ridge School at William F. James Ranch on September 29, 2025 with a rating of "good" in all categories and an overall rating of "good".

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

Mathematics (grades 3-8 and 11)	0	0	43	46	35	37

### 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## 2024-25 Career Technical Education Programs

Career Technical Education (CTE) brings together students, educators and employers to develop and strengthen the relationship between what's being taught in the classroom and its application in the workplace. The primary goal of the career technical education program is to prepare students for college and career readiness through career exploration and certifications. A series of courses grouped together integrate academic and technical training to provide students with a pathway to postsecondary education and careers. Students enrolled in the Santa Clara County Court School program participate in career preparation programs to include: (a) career exploration, (b) career counseling and surveys, and (c) career pathways in culinary arts and welding and construction, (d) digital music production, (e) Horticulture. Students also participate in the ICVE, a Career Readiness Through Skills Validation program which provides opportunity for students to gain certification and certificates in career areas such as food handling and construction trades and have options for enrollment in online college courses after graduation. Court School students are provided opportunity to dual enroll with community college partners.

## 2024-25 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	30

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2025-26 Opportunities for Parental Involvement

Parent/guardian involvement to support student's success in school is crucial and energetically solicited. The School Site Council works collaboratively with staff, students and administration to assist in the development of the school plan and budget and to monitor progress. All parents/guardians are invited to planning meetings as approved by Probation. Parents/guardians of English Learners are invited to the District English Learner Advisory Committee. Parents/guardians of incarcerated students

## 2025-26 Opportunities for Parental Involvement

are also provided information regarding community resources and parents/guardians are invited to intake appointments and multi-disciplinary team meetings.

## C. Engagement

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

## Professional Development

The Alternative Education Department uses data to drive decision making and identify priorities. The current focus of the Alternative Education Department is to provide a solid academic program for students with support for English Learners and Students with Disabilities. In addition, the Alternative Education Department provides a focus on aligning instructional practices and student work through Professional Learning Communities. Other areas of professional development include a focus on Universal Design for Learning, Positive Behavior Intervention Supports (PBIS) and student engagement. Professional development is embedded in the work year and includes early release days on Wednesdays. Teachers are mentored by professional coaches in the areas of math, science, social studies, and ELA/ELD. Job alike teams meet to collaborate regarding career technical education and servicing students with disabilities. Teachers and staff are supported through data sharing, coaching, and peer collaboration.
