INTRODUCTION

This report summarizes the 2015 findings of specific monitoring responsibilities of the County Superintendent of Schools as identified by the Williams Settlement and subsequent legislation in four key areas:

1. **Instructional materials** – Students must have sufficient access to standards aligned materials or textbooks;
2. **Facilities maintenance** – Schools must be in “good repair” (safe, clean, and functional);
3. **Teacher credentialing** – Teachers must have proper certification or training, especially for classes with 20% or more English Learners (EL); all classes must be assigned a permanent teacher of record; and
4. **Public reporting** – School Accountability Report Cards (SARC) must include information on Williams; non-compliance with Williams must be incorporated in Uniform Complaint Procedures and classroom posting of notices.

Teacher credentialing was monitored during the 2014-15 school year and teacher vacancies were monitored during the first semester of the 2015-16 school year.

All instructional materials and facilities monitoring was conducted during fall 2015 based upon a list of Deciles 1-3 schools according to 2012 Base API scores as provided by the California Department of Education.

SUMMARY OF FINDINGS

Based upon the 2012 Base API results, there were 44 schools in 11 school districts that were subjected to instructional materials and facilities monitoring that required physical inspections. The 44 schools had a combined 2014-15 enrollment of 31,998, almost 12% of the total 2014-15 enrollment in Santa Clara County (n = 276,689). The type of school (elementary, middle or high) is designated by (E), (M), or (H) in the table below.

District Name	School Name (N = 44 schools)	2014-15 Enrollment*	2012 API Decile Ranking

Instructional Materials

Students must have sufficient access to standards aligned materials or textbooks.

All Decile 1-3 schools must be visited within the first four weeks of the school year. A sampling methodology is used, in which at least one in every five classes in every section, by grade and/or by subject, is visited by a Williams monitor to determine that each student has a district adopted, standards aligned textbook for use in class and at home.

In the fall of 2015, staff from the Santa Clara County Office of Education (SCCOE) visited 808 classrooms. Williams monitoring was first implemented in the spring of 2005. In that first year, 19 of the 40 (48%) schools monitored had classrooms that were found to be deficient. In the fall of 2011, 8 of the 51 (16%) schools monitored had deficiencies. In the fall of 2012, 5 of the 51 (10%) schools monitored had deficiencies. In the fall of 2013, 14 of the 49 (29%) schools monitored had deficiencies. In the fall of 2014, 4 of the 49 (8%) schools monitored had deficiencies. In the fall of 2015, 5 of the 44 (11%) schools monitored had deficiencies. Twenty (20) classrooms (2%) in those 5 schools were found to have insufficient textbooks during the initial inspection. Two of the 5 schools were unable to correct the deficiencies within the allotted 5 day period.

2015 Instructional Materials Summary					
Number of Districts Visited	Number of Schools Visited	Number of Classrooms Visited	Number of Classrooms with Insufficient Books (initial inspection)	Number Textbooks Needed (initial inspection)	Number of Textbooks Needed (final)
11	44	808	20	232	72

Facilities Maintenance

Schools must be in “good repair” (safe, clean, and functional).

All Decile 1-3 schools are subject to facility inspection by staff from the SCCOE. The inspections are conducted by teams using the Facilities Inspection Tool (FIT), developed by the California Department of Education’s Office of Public School Construction to determine if a school is in “good repair” as defined by Education Code Section 17002(d) and to provide a rating of its condition. The FIT was first used in 2007 and was revised in 2009. The FIT evaluates school facilities in 15 areas and an overall “good repair” rating is determined according to the following standards:

Rating	Overall Score
Exemplary	99% – 100%
Good	90% – 98.9%
Fair	75% – 89.9%
Poor	0% – 74.9%

The 15 areas of facility review are:

- Gas Leaks
- HVAC Mechanical Systems
- Windows/Doors/Gates/Fences
- Interior Surfaces
- Hazardous Materials
- Structural Damages
- Fire Safety
- Electrical
- Pest/Vermin Infestation
- Drinking Fountains
- Restrooms
- Sewer System
- Roofs
- Playgrounds/School Grounds
- Overall Cleanliness

The 44 schools monitored in fall 2015 received an average rating of “Good” with an average score of 96.1%.

Year	Santa Clara County Average Score	Rating
2007	98.4%	Good
2008	96.3%	Good
2009	95.4%	Good
2010	93.0%	Good
2011	93.0%	Good
2012	93.6%	Good
2013	94.6%	Good
2014	97.0%	Good
2015	96.1%	Good

Teacher Credentialing

Teachers must have proper certification or training, especially for classes with 20% or more English Learners; all classes must be assigned a permanent teacher of record.

Staff from the SCCOE Credentials Department monitors all visited Williams schools to ensure that teachers are appropriately credentialed for their assignment, including authorization for teaching students who are designated English Learners. This monitoring is conducted over the course of the school year, and the findings of the 2014-15 monitoring are presented in this report.

In 2014-15 a total of 17 teacher misassignments were identified (three in East Side Union High School, two in Franklin-McKinley Elementary School District, three in San Jose Unified School District, five in Mount Pleasant Elementary School District, two in Alum Rock Union Elementary School District, and two in Sunnyvale Elementary School District). All seventeen were corrected within 30 days of being identified. Details regarding teacher misassignments are included in the monitoring of findings by school district later in this report.

The Credentials Department also monitors teacher vacancies in visited Williams schools. A vacancy is defined as existing when a permanent, credentialed teacher has not been assigned for the school year. In the first semester of 2015, fifteen (15) teacher vacancies were found in the 44 schools (six in Alum Rock Union School District, two in East Side Union High School District, one in Mount Pleasant Elementary School District, and six in San Jose Unified School District).

2015 Williams Teacher Monitoring Summary			
Number of Districts Monitored (First Semester 2015)	Number of Schools Monitored (First Semester 2015)	Misassignments (2014-15)	Vacancies (First Semester 2015)
11	44	17	15

Public Reporting

School Accountability Report Cards (SARC) must include information on Williams; non-compliance with Williams must be incorporated in Uniform Complaint Procedures and classroom posting of notices.

The Williams Settlement requires school districts to establish procedures for notifying parents, teachers, students, and community members of their rights and to make complaints regarding compliance with Williams requirements for instructional materials, teacher qualifications and vacancies, and facilities. Districts are required to post notices of these rights in all classrooms and to establish procedures for responding to and resolving the complaints. Additionally, districts are required to report to their elected boards on the number, type of complaint (i.e., textbooks, teachers, or facilities), and status (resolved/unresolved) of complaints on a quarterly basis.

The districts are also required to submit these quarterly reports to the County Superintendent of Schools. Since 2008, compliance with the Valenzuela Settlement (regarding the provision of supplementary support and instruction to students who had not passed the California High School Exit Exam – CAHSEE) was included in the reporting requirements. A summary of the number and type of complaints for Santa Clara County (all 31 districts and Metropolitan Education District and the Santa Clara County Office of Education) is presented in the following table.

Williams & Valenzuela Complaints Summary 2014-15				
District	Textbooks	Vacancies & Misassignments	Facilities	CAHSEE Instruction
Cupertino Union School District			1	
East Side Union High School District		3	10	
Franklin-McKinley School District			2

FINDINGS BY SCHOOL DISTRICT

Alum Rock Union School District

Instructional Materials:

During the first four weeks of the 2015-16 school year, staff from the SCCOE conducted visits to four schools in Alum Rock. No insufficiencies were identified.

2015 Alum Rock Union School District Instructional Material Inspection Results		
School	Number of Textbooks Needed (initial inspection)	Number of Insufficiencies after 5 days of Initial Inspection
A.J. Dorsa (E)	0	0
Joseph George (M)	0	0
Lee Mathson (M)	0	0
Lyndale (E)	0	0
District Total	0	0

School Facilities:

During the fall of the 2015-16 school year, staff from the SCCOE conducted visits to four schools in the district. All four schools were rated "Good".

2015 Alum Rock Union School District Facilities Inspection Results		
School	Facility Inspection Tool (FIT)	
	Score	School Rating
A.J. Dorsa (E)	92.3%	Good
Joseph George (M)	96.0%	Good
Lee Mathson (M)	93.4%	Good
Lyndale (E)	91.4%	Good
District Average	93.3%	Good

School Accountability Report Card:

The School Accountability Report Cards were determined to include the required Williams elements.

Teacher Misassignments and Teacher Vacancies:

The SCCOE Credentials Department collected information on teacher vacancies at schools subject to Williams monitoring at the beginning of the first semester of 2014-15. Two misassignments and six vacancies were identified.

Alum Rock Union School District Teacher Misassignments 2014-15

District Totals	0	0

School Facilities:

During the first four weeks of the 2015-16 school year, staff from the SCCOE conducted a visit to one school in the district. The facility inspection was conducted using the CDE Facility Inspection Tool (FIT), and the school was rated "Good".

2015 Campbell Union High School District Facilities		
School	Facility Inspection Tool (FIT)	
	Score	School Rating
Del Mar (H)	97.2%	Good
District Average	97.2%	Good

School Accountability Report Card:

The School Accountability Report Card was determined to include the required Williams elements.

Teacher Misassignments and Teacher Vacancies:

The SCCOE Credentials Department collected information on teacher vacancies at the school subject to Williams monitoring at the beginning of the first semester of 2015-16. No misassignments or vacancies were identified.

Complaints:

The required Williams Complaint Notices were posted in classrooms and public places inspected during the visits. The district has submitted the required quarterly reports on Williams Complaints received within the district. No complaints were filed in 2014-15.

East Side Union High School District

Instructional Materials:

During the first four weeks of the 2015-16 school year, staff from the SCCOE conducted visits to six schools in the district. Insufficiencies were found at four schools and two were not remedied within five days.
