

Planning for School Return *Setting the Tone for the Return to* *Campus*

Purpose

- Develop protocols to welcome all students and staff to return to campus
- Plan a return to school that considers the social-emotional and academic needs of students after the extended school closure

Highlights

- Apply PBIS and MTSS tiers of support to plan a return to campus
- Consider how to partner with community agencies to provide services to students and families

Takeaways

- Incorporate community trauma response practices into your Back-to-School planning
- Consider how to leverage school site, district, and community-based resources to support students' return to campus
