

Santa Clara County  Office of Education

AAPI

Asian American & Pacific Islander

Educators Network

The Asian American and Pacific Islander (AAPI) Educators Network is committed to supporting inclusive, affirming, and equitable school environments for each and every AAPI student, family, and staff of our Santa Clara County districts and schools.

We encourage you to participate in this network as an opportunity to connect with other AAPI educators; learn about trending topics related to AAPI students and educators; discuss issues, challenges, and supportive actions related to AAPI students and educators; and to find out more about aiming for leadership roles.

The network supports AAPI educator development by providing professional learning opportunities that are culturally responsive.

For more information, please visit <https://www.sccoe.org/sclis/aapi>
