Network Objectives

• Provide professional networking opportunities for AAPI educators;
• Learn about trending topics related to AAPI students and educators;
• Discuss issues and challenges related to AAPI students and educators; and
• Encourage AAPI educators to aim for leadership roles
First meeting was held in July 2015
In 2021, the Santa Clara County Office of Education in collaboration with the Asian American and Pacific Islander Educators Network developed a **Statement of Solidarity** for Asian American and Pacific Islander Students and Communities
2021-22 Goals

• develop broader and deeper knowledge of the local Asian American and Pacific Islander history and community
• develop a toolkit for educators (teachers and administrators) to support them in the education and identity development of Asian American and Pacific Islander students
2021-22 Meeting Topics

1. Immigration and Diaspora: History and Now
2. Local Geography/Physical and Community Space (Nov 1)
3. Education (February 3)
4. Identity (May 9)

Land Acknowledgment

We acknowledge that Santa Clara County schools and districts occupy the unceded territory of the Muwekma Ohlone Nation, the sovereign nation and original people of the skies, land, and waters where we work. It is vitally important that we not only come to understand the history of this land, but that we recognize that the Muwekma Ohlone people are living and flourishing within Santa Clara County communities.
The Santa Clara County Office of Education (SCCOE) in collaboration with the Asian American and Pacific Islander Educators Network affirms its commitment to...

- creating inclusive, affirming, and equitable school environments for each and every Asian American and Pacific Islander student, family, and staff of our Santa Clara County schools. This statement thus provides rationale and a foundation for operationalizing equity and social justice at the systems level for the Asian American and Pacific Islander students, families, and staff who make up our school communities.

- recognizing that the broad categories of “Asian American” and “Pacific Islander”, when disaggregated, encompass a diversity of cultures, languages, religions, histories, geographical ties, immigration status, socio-economic backgrounds, and generations among over 50 ethnic groups, comprising almost 90,000 K-12 students (35.3%) across Santa Clara County.

Statement of Solidarity
Statement of Solidarity

- taking appropriate action to disrupt and dismantle the stereotypes that create barriers to full expressions of humanity for Asian American and Pacific Islander students. We recognize that such stereotypes lead to bullying, harassment, and violence as well as invisibility and dismissal of individual student’s needs in school environments.

- nurturing and cultivating the social, emotional, and academic development of all Asian American and Pacific Islander students so that each student’s full humanity is recognized and actualized.

- providing the institutional supports for Asian Americans and Pacific Islanders that are responsive to their unique experiences and needs.

In this spirit, the SCCOE proudly re-affirms its commitment to Asian American and Pacific Islander students, families, and staff as part of its ongoing practice as a leader in educational equity and social justice for all based on SCCOE’s non-discrimination policy, and its goals.

our approach to the curricular toolkit

- **Constructivist**: co-exploring stories and experiences (questions are as important as facts)
- Based in the rich local histories, experiences, and knowledge held within the AAPI community across Santa Clara County
- Knowledge and wisdom (expertise) come from experience, practice, and reflection: non-hierarchical
- Collecting and sharing resources that have been of use to community members
- Building toward a truthful, additive, multidimensional, & humanizing curriculum: transformative

2 Centuries of U.S. Immigration

From 1820 to 2013, 79 million people obtained lawful permanent resident status in the United States. This map visualizes all of them based on their prior country of residence. The brightness of a country corresponds to its total migration to the U.S. at the given time.

1 dot = 10,000 people

Source: Here is Everyone Who Has Emigrated to the United States Since 1820 (Metrocosm, 2016)
This map shows net migration (inflows minus outflows) by country of origin and country of residence between 2010 and 2015.

Blue circles = positive net migration (more inflows). Red circles = negative net migration (more outflows). Each yellow dot represents 1,000 people.

What do you observe?

Why start with immigration and diaspora?

We are people who were/are...

- Part of major waves of immigration history.
- Displaced and forced out by imperialism, colonialism, and other forms of violence.
- Seeking certain forms of freedom.
- Emigrating to places spanning the world (diasporic).

50+ ethnicities

60+ languages
Today, **28.2 percent** of immigrants in the United States are AAPI

- **In raw numbers:** Over **12 million** Asian American and **220,000** Pacific Islander immigrants live in the U.S.
- **2/3** of the total population of people who are AAPI are immigrants (born outside of the U.S.)

AAPI students, CA & SCC

California: Asian American and Pacific Islander (AAPI) students make up about 12 percent of the state’s nearly 6.2 million students.

Santa Clara County: Has the highest proportion of AAPI students, with 93,485 of its 272,132 students identified as AA or PI (35 percent).

take note: tensions within the category

- There is little shared understanding about the reasons for the racial category that entwines “Asian American” with “Pacific Islander” (AAPI).
- When we consider the forces that impact the two groups, we understand that there are major differences, including experiences of colonialism & imperialism, treatment in schools, and stereotypes.
- Within the categories “Asian American” and “Pacific Islander”, we understand that there are major ethnic and cultural differences.
- We understand that to be inclusive and equity-minded, we must contend with these tensions.

This topic will be taken up more fully in the February 3rd meeting.
Why might it be valuable to think of the peoples making up the AAPI category as *diasporic*?

How can telling and learning about personal and family histories impact our work in schools?

Breakout Conversations

1. What is something you heard tonight that excited you?

2. Thinking about your role, what is one thing you can apply to your school context? How would you do it?

3. How does telling and hearing stories about family histories change the narrative about AAPI communities that exists in schools (and beyond)?

For your discussions:

- Use the note catcher.
- Assign a notetaker. (This will help us to capture YOUR stories and insights.)
- Be sure that each person has a chance to speak.
- Listen with heart.
SHARE-OUT
in closing

Thank you for participating in the co-construction of our constructivist transformative AAPI studies curricular toolkit.

Special thanks to our panelists: An Bùi; Dr. Funie Hsu, & Sofia Fojas!

Next steps:

- If you’d like to contribute a story or testimonial, reach out to Dr. Yee Wan.
- We will collate notes from discussion and panelist contributions to create the first phase of the toolkit.
- We will share the toolkit.
