My Name, My Identity: Creating Community Challenge

Building an Inclusive and Respectful School Community
The My Name, My Identity initiative is a partnership between the Santa Clara County Office of Education (SCCOE) and the National Association for Bilingual Education (NABE). It is intended to help create a culture of respect and inclusiveness in school communities across the nation by asking students, educators, parents, and community members to take the pledge to pronounce student names correctly and to honor their identities.

The impact of this affirming practice has been felt worldwide, and has positively contributed to realizing a sense of community, growth, and learning both inside and outside the classroom.
Welcome Back!
A New School Year

A great way to welcome back students to the new academic year is creating a welcoming school that builds on positive relationships, a sense of belonging, a culture of respect, and values of diversity.

The SCCOE created the My Name, My Identity: Creating Community Challenge with the intent to promote and celebrate equitable and innovative practices. Santa Clara County schools and classrooms that submit artifacts responding to the three themes: Welcoming School, Building Community, and Celebrating Diversity by January 31 will be recognized at the Santa Clara County Bilingual/Multilingual Learner Advocacy Month Showcase in April. Schools and districts that are outside of Santa Clara County are also welcome to submit artifacts. Selected artifacts will be posted on the My Name, My Identity website.
