GUIDING PRINCIPLES:

1. **Definitions**:

- Administrative Unit (AU): The AU is the agency (County Office of Education) through which the funding passes from the California Department of Education to the districts within the SELPA. The distribution of funds by the AU is guided by the Special Education Local Plan Area (SELPA) Budget Allocation Plan. The AU (or SELPA Office) also has other fiscal and programmatic responsibilities in implementing the Local Plan for Special Education.
- California Department of Education (CDE): The California Department of Education is the agency calculating the funding for each SELPA and distributing the funds to the Administrative Unit of the SELPA.
- Free Appropriate Public Education (FAPE): Derived from the Federal Law (now IDEA '97), Free Appropriate Public Education refers to public schools being responsible to provide free appropriate public education services to disabled students in public schools, private schools, and to suspended or expelled students with disabilities.
- Least Restrictive Environment (LRE): Derived from Federal law (IDEA '97), this term is used to describe how students with disabilities interact with the general education population of students. This term refers to the idea that "to the maximum extent appropriate, children with disabilities are educated with children who are nondisabled and that special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily."
- **Regional Programs**: There are several categories of Regional Programs. For purposes of funding they are identified in three basic categories. The first is programs operated by the County Office of Education with a specific funding mechanism agreed upon by the SELPA being served. The second is a program operated by a district that is designed to serve students from districts within the SELPA. This too has a specific funding mechanism agreed upon by the districts within the SELPA. The third category is a program operated by a district, serving students with low incidence disabilities and is open to all districts within the county.
- SELPA: A Special Education Local Planning Area (SELPA) is a district or group of districts united together to provide a continuum of services for students age birth through twenty-two residing within the geographical area. The SELPA governance structure ensures both fiscal and programmatic support to those educational agencies within the geographical region.
- 2. It is the responsibility of individual districts within each SELPA to assure a Free Appropriate Public Education (FAPE) for each special education pupil residing within it's geographical boundaries. This responsibility shall be met by direct provision of services, establishing an agreement with another public education agency, or contracting with a non-public school or agency.
- 3. Allocation procedures will be fair and equitable to all districts and to the County Office of Education.
- 4. The maximum State Funding will be fully utilized, according to allocation procedures and the budget allocation plan.
- 5. Changes in allocation of funding will be determined according to designated timelines, so districts and the County Office of Education can make fiscal and personnel decisions.
- 6. SELPA Budget Allocation Plans will be developed in accordance with current law.
- 7. Districts should not be financially impacted in a negative way by operating a program for the benefit of the other districts within the SELPA.
- 8. The principles of "Free Appropriate Public Education" (FAPE) and "Least Restrictive Environment" (LRE) shall not be compromised by fiscal consideration.
- 9. Districts shall be accountable for the allocation and reporting of funds in support of programs and services to identified students.
- 10. A uniform method of payment should be established for students served from outside the SELPA.

COMPONENTS OF AGREEMENT:

1. Flow of Funding:

a) State Special Education Apportionments flow from the California Department of Education (CDE) to the Administrative Unit (AU) which is the Special Education Local Plan Area (SELPA) Office at the Santa Clara County Office of Education (SCCOE). The distribution of revenue is managed by the SELPA Office Administrator and allocated in monthly increments according to the formulas agreed upon and specified in this document to San Jose Unified School District and the SCCOE Special Education department in SELPA IV. The SELPA AU will distribute the apportionments immediately upon receipt.

Beginning in 2011-12, a new CDE guideline requires multi-district SELPA AUs to account for all transfers of revenue from SELPA to member LEAs in a Special Revenue Fund (fund 10), outside of the SELPA AU General Fund. Only pass-through revenues will appear in the new fund. SELPA AU and Low Incidence Equipment revenue and expenditures will continue to be accounted for in the General Fund (sub fund 810).

b) County Excess Property Taxes for Special Education will be calculated by the SELPA AU, based on prior year Special Ed pupil count. Each district's share of County Excess Special Education Property Taxes will be reduced by that district's share of the cost of using SCCOE Special Education programs (Appendix B).

Santa Clara County becomes the 5th county in the state with **Special Education "Excess ERAF"** (joining Napa, San Mateo, Marin, and Mono counties). This resulted in a "swap" of SCCOE Special Ed Property Taxes for Special Ed State Aid.

- Prior to 2015-16, the Excess ERAF prior year adjustment "swaps" were done at the SELPA AU level, and affected districts onl y in the delayed transfer of Excess ERAF property tax for the amount of the Special Ed deficit.
- In 2015-16, the Special Education Excess ERAF "swap" for Special Ed State Aid becomes the third funding source for AB 602 Entitlements: 1) SCCOE Special Ed "Excess" Property Tax Transfer; 2) Special Ed State Aid, 3) Special Ed Excess ERAF Property Tax. This is a dollar-for-dollar exchange of Property tax for State Aid, with timing of the cash disbursements being the only difference.
- c) Federal IDEA Grants Awards are sent directly to SELPA office and are distributed to districts as follows (Appendix G):
 - Federal Local Assistance Entitlement (Resource Code 3310)

Beginning 2018-19, Preschool Local Entitlement (Resource 3320) will be consolidated into Federal Local Assistance Entitlement.

The Federal Local Assistance Entitlement is distributed to member districts based on Prior Year December 1 Special Ed Pupil Count.

Beginning 2007-08, Local Assistance to SCCOE will be transferred from districts as partial payment for actual usage of SCCOE programs. (see 3.i Balance to SELPA Level Funding State Aid)

- Preschool Grant (Resource Code 3315) The Federal Preschool Grant is distributed to districts based on prior year April 1 preschool count (ages 3-5). (Data source: SIRAS)
- Preschool Staff Development (Resource 3345) The Preschool Local Entitlement is distributed to districts based on prior year April 1 preschool count (ages 3-5). (Data source: SIRAS)
- Federal Mental Health (see 1.f. Mental Health Funding)

• Alternative Dispute Resolution Grant (Resource 3395)

The Alternative Dispute Resolution Grant is used to pay for attendees of ADR conferences and cost of hiring an independent ADR facilitator.

Federal and state regulations regarding the use of Federal Grant funds will be strictly adhered to. (See also Maintenance of Effort Section of the Components of Agreement.)

In 2013-14, Federal Local Assistance was removed as one of the funding sources for AB 602. Once removed, State Aid will not automatically backfill any decrease in Federal Local Assistance funding.

Districts will submit to the SELPA office quarterly reports and a final expenditure report summarizing their actual expenditures for the fiscal year. The grants are paid as a reimbursement with the amount based on districts quarterly expenditures report. The grant period is extended to 27 months and a budget plan submission is required if districts have not fully expended the grant amount after the 15 month of grant period. Beginning 2015-16, CDE required LEAs to provide the Indirect Cost Rate and total indirect expenses on the Final Expenditure report.

d) Regionalized Services and Program Specialist Revenue

The SELPA Administrative Unit budget, included in this document, is developed by the SELPA AU and approved by the SELPA Representative Council each year.

Beginning 2013-14, Regionalized Services and Program Specialist revenue that was previously used to fund the SELPA AU, were rolled into the AB 602 base calculation. However, beginning 2018-19, the Regionalized Services and Program Specialist Revenue has been reestablished as a separate revenue item using language in AB 1808 Budget Trailer Bill. These are not new funds; they will just be pulled from the AB 602 base. Previously, in the AB 602 base, they were distributed to districts based on ADA, and will continue to be distributed this way in the new revenue calculation.

SELPAS I, II, III, IV and VII share the cost of the SELPA AU by total K-12 ADA using the RS/PS revenue. Any RS/PS balance will be distributed to member districts by total K-12 ADA.

SELPA AU will continue to invoice \$400 per district to cover costs of providing for SELPA Staff Development, in lieu of individual registration fees (ex: Diagnostic Center trainings).

e) Low Incidence Equipment and Service Revenue

San Jose Unified School District's and SCCOE Special Education Department's share of this state funding will be calculated based on prior year December Low Incidence Pupil Count. Districts will request purchases via Low Incidence Requisition Forms throughout the year, through the SELPA AU office. Any amount not spent by SELPA IV will be carried over for that SELPA's use in the subsequent year. The Low Incidence Equipment inventory will be kept by the SELPA AU office.

(Data source: SIRAS)

In 2013-14, Low Incidence Equipment and Low Incidence Services revenue were blended together and can be spent interchangeably. There will no longer be separate grant reporting on Low Incidence Services.

Purchases of Low Incidence Equipment for <u>inter-district transfer students</u> will come entirely from District of Residence LI Equipment funding, except when transfers cross SELPA AU, in which case the District of Service will pay current year per pupil LI Equipment amount and the DOR will pay the balance.

f) Mental Health Funding

ONE-TIME supplemental mental health funding was allocated to LEAs in fiscal year 2005-06 through 2010-11, for the sole purpose of providing pre-referral interventions to students prior to referral for AB 26.5 mental health services. These services could include: counseling and guidance services, psychological services, parent counseling and training, behavioral services and social work services. These were restricted funds; therefore districts had to ensure that they were used <u>only</u> for pre-referral intervention activities. This funding stream no longer applies, and has been folded into other MH funding streams going forward.

- Federal Mental Health Funds (Resource 3327) is distributed to SELPA IV districts based on PY Dec E.D. Pupil Count
- State Mental Health Funds (Resource 6512) is distributed to SELPA IV districts based on PY Dec E.D. Pupil Count

See Appendix H for more detail on guidelines on Mental Health funding.

g) LCI/NPS/SNF Cost Share (Out-of-Home-Care Funding)

SB 1108 (2004-05) provided that the reporting and 100% reimbursement from the state for the cost of NPS tuition for LCI residents became inoperative on June 30, 2004. In place of that, the CDE will calculate annually for each SELPA an amount for "Out-of-Home-Care" funding.

While this funding is intended to help pay the cost of serving a greater population (students living in GH, FFA, SNF, ICF and CCF, served in all types of programs, not just NPS), the estimated amount to be received by Santa Clara County is considerably less than previously received for the 100% reimbursement for the smaller population of LCI/NPS alone.

Because the new funding formula provided less revenue than the previous 100% reimbursement for NPS/LCI, and the cost for these services has not diminished, a deficit in NPS/LCI was anticipated each year which must be shared by all districts in Santa Clara County. The exact method for sharing that deficit was decided by Superintendents representing all the SELPAs in the county.

Beginning in 2010-11, Out of Home Care Funding and Expenditures for NPS/LCI (Paid by SCCOE) are cost shared separately within each SELPA AU. See MOU in Section A. First priority with Out of Home Care revenue remains to reimburse SCCOE for NPS/LCI Tuition expenditures.

2. MOU #1 and MOU #2:

MOU # 1 and MOU # 2 are agreements made between all SELPAs in Santa Clara County during the transition from J-50 to the AB 602 funding model. MOU#1 provides guidelines for distribution of revenue from units reported in SELPA III in the base year for serving pupils in SCCOE programs from all districts in the county. MOU #2 distributes revenue from the base year maximization of J-50 reporting to all SELPAs. (Appendix A)

- In 2005, a consultant was hired to perform an analysis of the two countywide agreements in view of statewide equalization and changes in the use of SCCOE Special Ed programs that have occurred since the agreements were written. Following the study, the (SELPA) Superintendents' Representative Council voted to make <u>no changes</u> to the MOU agreements.
- In 2015-16, a committee consisting of the two SELPA Directors and the two SELPA Fiscal Analysts in NW and SE SELPAs met to assess whether the MOUs still represented a fair re-allocation of AB 602 in the County. The recommendation from the two SELPA AUs was to make <u>no changes</u> at this time.

3. <u>Calculation of Apportionments:</u>

a) Basic Funding Model

As specified in AB 602, the California Department of Education will allocate special education funding to SELPAs based on the SELPA Base Rate per K-12 ADA. The basis for calculation of the SELPA rate is the combined revenue (after deficit) received by all of the districts (and SCCOE) within the SELPA from J-50 reporting of operations in the base year (1997-98). The formula includes a combination of three sources of Special Education Revenue: 1) State Special Education Apportionment, 2) County "Excess" Special Education Property Taxes, and 3) Federal Local Assistance (IDEA Part B). Inter-SELPA unit transfers in the base year were reversed at State-calculated rates to adjust revenue to SELPA-of-Residence. The total of this revenue (in 1997-98) for all member districts of the SELPA Base (Year) Rate-per-ADA. The base year was amended with the filing of the "Maximization of 1997-98 J-50s (see MOU #2). All subsequent years have been built on this base year rate, by adding COLA, State Equalization (if applicable), positive or negative adjustments for Growth (or decline) in total K-12 ADA, and any other additional SELPA revenue per ADA (such as on-going Mandated Cost Settlement to SELPAs, and Federal Augmentation Revenue to SELPAs, and Supplements to the Base.)

Beginning 2013-14 CDE has removed Local Assistance as one of the 3 funding sources of AB 602 entitlements. There will only be 2 funding sources going forward. CDE is reducing the SELPA rates/ADA to reflect only the 2 sources of revenue. Local Assistance will be distributed as a stand-alone grant, similar to all of the other IDEA grants. So, any future decrease in Local Assistance will not need to be reflected in a corresponding increase in Special Ed State Aid.

b) SELPA COLA Funds

COLA for the SELPA is calculated by CDE at a percentage of the bifurcated statewide target. The dollar amount per ADA is distributed to SELPAs based on prior year total K-12 ADA.

c) SELPA Growth Funds

Any SELPA IV Growth adjustments calculated under AB 602 will be allocated to San Jose Unified School District and SCCOE Charter (See Section on Charter Schools) and be built into the base rate per ADA.

d) Equity Adjustments

No State Equalization adjustments have been made to SELPAs since 20-02. See Section on Charter Schools regarding Equalizing Base Rates with SCCOE sponsored Charters.

For transition year 2013-14, in which Local Assistance is removed by CDE as a funding source for AB 602 entitlement, districts agreed to continue to keep Revenue/ADA equalized using all three Revenue Sources for 2013-14.

In 2020-21, the State appropriated \$545 Million to increase SELPA funding base rates. SELPAs below the statewide target rate (STR) of \$625 received base rates increases. SELPAs above the STR were held harmless. SELPA IV was below the STR, and received an increase to the base rate.

e) Unallocated Funds

Any unanticipated or unallocated revenue coming to SELPA IV will be reported to the SELPA Operations/Fiscal Committee for review and recommendation as to allocation. A recommendation from the SELPA Operations Committee to the Executive Council regarding the distribution of unallocated funds will be made.

f) Non-Public School/Agency Costs:

A set aside pool of funds for NPS/NPA will <u>not</u> be implemented at the SELPA level for SELPA IV. Districts will continue to be individually responsible for these costs.

g) LCI/SDC/MTU/Trans Cost Sharing

The cost of LCI students receiving services in SDC programs and in SCCOE programs and are residing in NW SELPAs will be shared by all districts based on percentage of total K-12 ADA. Cost sharing credits to districts for serving LCI residents in district SDC programs is aligned to Inter-district transfer agreements (severe/non-severe). Districts charged for sending LCI students to SCCOE programs will be credited the amount charged.

The following will also be included in the LCI Cost-Sharing Agreement. These costs will be shared by all of the districts in the NW SELPAs by total K-12 ADA.

- Palo Alto USD will receive a credit, at the current SCCOE Housing Policy Facilities Rate per class for four classrooms housing the CCS MTU at Juana Briones beginning 2006-07.
- Sunnyvale SD will receive a credit for that amount per class for two classrooms housing the two CCS Satellites (one at Cherry Chase and one at Vargas) beginning 2006-07.
- The cost of transporting OI students confined to wheelchairs from LCI to district programs

h) Funding for Services provided to students in hospitals, Juvenile Court Facilities

• The cost of serving students who reside in hospitals shall be the responsibility of the district in which the hospital is located.

• The cost of special education services provided by SCCOE for students in Juvenile Court Facilities shall be charged to districts, based on usage of the program. See the section on SCCOE funding. Special Education services for students in district-run Alternative Schools programs shall be the responsibility of the district.

i) Balance to SELPA Level State Aid

A countywide Fiscal Subcommittee was assembled in 2006-07 to analyze the practice of using SCCOE's Federal Local Assistance Grant as an offset to the cost of SCCOE Programs billed back to districts, and the effect of this use of Federal Local Assistance Revenue on the calculation of District Special Education Revenue in the SELPA Revenue Projection spreadsheets, line items "Balance to SELPA Level State Aid", and "Cost of SCCOE programs".

- Beginning in 2007-08, Federal IDEA Local Assistance was not allocated to SCCOE by prior year pupil count, as has been done in the past, and was no longer counted among the "Other Revenue Sources" that offset (reduce) the amount of charge-back to districts by usage. The amount of Local Assistance which would be allocated to SCCOE by the pupil count method, will instead, go to districts (by number of pupils in SCCOE Block Programs) and then, that same amount transferred to SCCOE, for partial payment, by actual usage of SCCOE programs. In this way, Federal Local Assistance Revenue to SCCOE will be used as a method of payment for actual usage of programs by districts, rather than an "off the top" subsidy. This method should not significantly change any district or SCCOE PERS reduction, or MOE calculation.
- Also beginning in 2007-08, the SCCOE column in each SELPA's Revenue Projection Spreadsheet, will no longer calculate an AB 602 Entitlement. By using the Federal IDEA Local Assistance, as an internal transfer of funds from districts to SCCOE for payment of services, by usage, and by allocating the SCCOE ASD ADA to districts within a SELPA, SCCOE will no longer accumulate an entitlement which previously needed to be adjusted in the "Balance to SELPA Level State Aid" line. The only amounts showing in the SCCOE column will be transfers from districts for actual payments by usage of SCCOE programs, and any separate entitlement for SCCOE Charter Schools. SELPA IV will allocate the SCCOE ASD ADA by percentage of Special Education ASD ADA (by district of residence) within SELPA IV.

4. Inter-district Transfers:

It is the intent of the SELPA Budget Allocation Plans that Special Education Funding follows Services.

a) Inter-district Student Transfers (Based on Average Cost)

Dependent upon mutual agreement between districts, the following model for the transfer of Special Education students between districts has been developed, reflecting the estimated average cost of providing Special Education services. A transfer reporting form may be completed by districts and submitted to the SELPA fiscal advisor. The transfer reporting form shall report services provided on December 1 and April 1 to non-district students. The SELPA office will record the information and adjust apportionment distribution to districts accordingly, based on the reporting forms. The cost of serving the transfer pupil will be subtracted from the District-of-Residence's Special Education Apportionment and added to the apportionment for the District-of-Service. (Appendix E)

Responsibility for providing Low Incidence Equipment to a Low Incidence qualified Inter-district transfer student shall, by agreement, fall primarily on the District-of-Residence.

For the complete list of agreements regarding responsible district in Inter-district transfer situations, please refer to the SELPA Inter-district Transfer Policy.

b) Designated Regional Program Student Transfers (Based on Actual Costs)

SELPA Regional Programs, in this context, refer to those programs designated by the SELPA as specialized, requiring full funding to safeguard their existence and operation for the benefit of the SELPA. The funding model for transfer students will be used as the general method to establish costs on a per student basis, however, actual costs rather than average costs should prevail in this model. A listing of Actual Cost Reimbursement Regional Programs appears in the Inter-District Transfers section of this booklet.

****IMPORTANT NOTE****

Districts in SELPAS I, II, III, IV and VII which serve students who reside in SECSE SELPA will contract independently with those districts in SECSE SELPA for Special Education Services provided. <u>In these instances only, apportionments will not be adjusted for the transfers</u>. Any transfer of funds must be made through invoicing and issuance of warrants.

5. <u>Calculation of SCCOE Funding:</u>

a) Santa Clara County Office of Education (SCCOE) Special Education Block Rates

The SCCOE programs have been given high priority for funding purposes. These programs are considered regional programs operated for students requiring very specialized services who reside in various districts within the six SELPAs in Santa Clara County. A "Building Block" model has been developed for the calculation of costs associated with these programs, and is included in Appendix F. Average salaries and costs were compiled as well as additional services required for the more intensive needs programs. The costs have been calculated for the **Foundation (Basic) Block** along with the costs for augmented services (building blocks) for the more intensive needs programs. Block rates have increased and/or been re-benched over the years, as detailed in the exhibits in the SCCOE section (Appendix F).

All county programs are based on an average ratio of one teacher to ten (1:10) students with the exception of the autistic program, which is built on a one to eight (1:8) ratio. The cost of the program (based on the building block model) will be charged to each district according to the percentage of students that a district has in a specific block program for that year. The funding allocation for SCCOE students served in the base year (1997-98) has been adjusted back to districts of residence. Current Year charges will be deducted from the districts' allocation of County Excess Special Education Property Tax.

In 2012-13, Mental Health Services formerly provided by County Mental Health will need to be provided by other sources/agencies in 2012-13. If districts wish to use Mental Health Revenue for Mental Health Services in the ED Block, it will be possible to direct a portion of a district's MH funds to SCCOE in payment of the Mental Health component of the ED Block. Mental Health funds will not go directly to SCCOE (as an allocation), but only in payment of a district's obligation for the Mental Health component for SCCOE E.D. students. All blocks will increase slightly due to increased costs.

In prior years beginning in 2013-14, NW and SE SELPAs have used the December 1 and April 1 census dates, for calculating charges for SCCOE programs. However, effective 2017-18, NW and SE SELPAs will use the average of October to April (7x) block enrollment census dates in the calculation of charges for SCCOE programs.

Also in 2013-14 and 2014-15: CDE switched to LCFF (Local Control Funding Formula) from the Revenue Limit Funding model at P2 2013-14. Approximately \$7.5 million which SCCOE previously received from the County Office Revenue Limit Funds Transfer to help fund the SCCOE Special Ed Block Programs reverted to the Districts of Residence of those students sent to SCCOE Special Ed Block Programs. More Special Ed Revenue gets diverted to SCCOE within each SELPA for those students, to backfill the loss of the \$7.5 million in Revenue Limit, while Districts of Residence keep all of the unrestricted LCFF revenue for those students. See MOU and explanation, Section A-5 through A-7. County Office Funds Transfer MOU extended for 2016-17, and will be reviewed annually.

In 2020-21, the Basic and Autism Block program were merged into Specialized Academic Instruction (SAI) program, while the Emotional Disturbance (ED) program was renamed to Therapeutic Block program.

Re-benched block rates are presented to SELPAs annually. In 2020-21, SELPA I has approved to use the re-benched Block Rates. (See Appendix F on SCCOE Block Rates for details).

Any difference in revenues collected and actual cost of SCCOE programs, after closing the current year will be adjusted in the subsequent year. SCCOE may carry over a reserve of Special Education revenue, which does not exceed 2% of its Special Education Expenditures for the year, for the purpose of rate stabilization to districts. Any reserve in excess of 2% will be returned to districts on a rate-per-pupil-attending-SCCOE-programs basis.

The funding model for DIS services will be based on the actual salary and benefits plus travel for DIS staff, such as Visually Impaired, and Adaptive Physical Education. (VI Program has a recommended standard of 120 hours per teacher per month).

b) Special Education Services in Alternative Schools

Beginning in 2002-03, Special Education services for students in SCCOE Alternative School Programs are charged back to districts by usage, in a formula similar to the block formula described above. This process replaces the previous method of charging each SELPA a percentage of the cost for these services "off the top" of the SELPA funds. Students can be enrolled in SCCOE Community Schools Programs only with a written agreement between the district and the SCCOE.

<u>Beginning in 2013-14:</u> With the P2 change to LCFF funding from Revenue Limit Funding, the amount of LCFF Base Funding received directly by SCCOE for Special Ed (SDC) in Court Schools ADA, will partially offset any costs to districts of residence for SCCOE Special Ed in Alt Ed.

c) SCCOE Facilities Policy

All SELPA Executive Councils in Santa Clara County have approved a policy to cover housing for programs operated by the SCCOE Special Education Department on district operated sites. Each school district has the responsibility for providing classroom space for the number of resident students enrolled in SCCOE Special Education programs. This housing policy specifies that when a district provides less space than its obligation, a housing fee will be added to the estimate of cost of SCCOE programs for that district. A housing compensation will be issued to the district in the form of a cash journal when district provides more space than its obligation. The SELPA facilities committee each year will recommend the value to be used in the calculation of the housing fee or compensation. (Appendix F).

Starting with 2016-17, the custodial and utilities costs incurred at the 5 "SCCOE New Construction Sites" will be removed from the blocks costs and put into Facilities costs. Another change to Facilities Policy is for district that provides space for SCCOE classroom, if they are unable to provide custodial, utilities and associated supplies, they will pay the actual cost for SCCOE to provide them.

Pending results of Facilities Study, conducted by the School Services of California, the SELPA agreed to use the same facilities rates used in 2018-19 (keep rates at status quo).

d) SCCOE Special Ed Transportation

SCCOE transports LCI (and similarly, SNF) residents to SCCOE programs. Districts transport LCI students to District Programs, with the one exception that the SELPA I cost of transporting wheelchair pupils from LCI to District Programs is rolled into the NW SELPAs LCI/SDC cost share. Starting 2009-10, SCCOE Special Ed covered the Transportation deficit. Future discussion will need to address payment of these costs as the Transportation deficit continues to rise.

6. <u>Maintenance of effort (E.C. 56841):</u>

Federal funds for special education should be used to supplement and not supplant state and local funds (E.C. 56841). The specifics of the federal regulations translate this into an MOE calculation, based on expenditures for special education (Sections 300.203-300.205 of Title 34 of the Code of Federal Regulations [CFR]).

The general rule under the MOE requirement is that LEAs must spend at least the same level of state and local funds (or local funds only) on special education as in the prior year, either in terms of total or per-capita expenditures. If an LEA fails this initial test, the federal regulations allow an exempt reduction Under 34 CFR Section 300.204:

- a. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
- b. A decrease in the enrollment of children with disabilities.
- c. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
 - i. Has left the jurisdiction of the agency;
 - ii. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated;
 - iii. No longer needs the program of special education.
- d. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
- e. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

The eligibility standard in Section 300.203(a) requires that, in order to find an LEA eligible for an IDEA Part B subgrant for the upcoming fiscal year, the CDE must determine that the LEA has budgeted for the education of children with disabilities at least the same amount of local, or state and local funds, as it actually spent for the education of children with disabilities during the most recent fiscal year for which information is available.

The compliance standard in Section 300.203(b) prohibits LEA from reducing the level of expenditures for education of children with disabilities made by the LEA from local, or state and local, funds below the level of those expenditures from the same source for the preceding fiscal year.

Beginning 2016, MOE for LEAs must meet the "subsequent-year rule" where if an LEA fails to meet the MOE test in one year, the LEA is required in subsequent fiscal years to maintain effort at the level prior to the failure. Thus, the LEA must calculate its level of effort on the most recent fiscal year in which the MOE test was met.

In order to receive and keep Federal IDEA Funding:

- If the SELPA fails to pass the SEMB (Budget) software test, no Federal IDEA funds will flow to the SELPA in the current year.
- If the SELPA fails to pass the SEMA (Actuals) software test, the amount that the SELPA is short of meeting the requirement, will be returned to the CDE. Those LEAs which failed to meet the MOE requirements in the Actuals to Actuals test will be responsible for the loss. The amount recovered by the CDE will be deducted from the revenue received by those districts.
- If the SELPA passes, but a district fails to meet MOE, federal IDEA funds will be redistributed within the SELPA pursuant to SELPA policy.

7. <u>Charter School Policy – Excerpts related to fiscal issues:</u>

Funding for special education services, participation in the governance structure and responsibility for provision of services shall be based on the categorization of the individual Charter School (operating as a public school of its chartering entity or functioning as an LEA). Schools chartered by a LEA shall negotiate their charter and MOU with the school district from which they are seeking the charter. Charter schools may also elect to be deemed a Local Educational Agency (LEA) by providing verifiable written assurances that the Charter School will participate as a LEA in a SELPA for purposes of the provision of special education services.

a) <u>Public School within a District</u> will participate in the State and Federal funding in the same manner as other schools within the chartering district. The chartering district will be responsible for ensuring that all children with disabilities enrolled in the Charter School receive special education and related services in a

manner that is consistent with all applicable provisions of State and Federal law. The district will be responsible for funding appropriate special education services in the Charter School, even though the student may live anywhere in the State of California. The district and Charter School may enter into agreements whereby the Charter School is billed for excess costs associated with providing special education services to identified students, including the administration of special education programs. The Charter School may also be held fiscally responsible through the MOU for a fair share of any encroachment on the district's general fund that is created by the provision of special education services throughout the district.

- b) Public School within the County Office will participate in the State and Federal special education funding in the following manner: (1) the SELPA where the charter school is located will distribute special education funding to the SCCOE pursuant to the SELPA Budget Allocation Plan; (2) the SCCOE will use these funds to fund the actual cost of special education services provided by the Charter School up to the total amount generated; (3) any unused funds will be returned to the SELPAs in the same proportion in which they were received. The SCCOE and the Charter School may enter into agreements whereby the Charter School is billed for excess costs, based on the SELPA-Wide average rate of local support per ADA associated with the provision of special education services to identified students, including the administration of special education programs.
- c) <u>Charter School as a LEA within the SELPA</u> A Charter School may apply to become a LEA for the provision of special education services. Application must be made to the respective SELPA by February first of the school year preceding the school year in which the Charter School anticipates operating as a LEA within the SELPA. The Executive Council of Superintendents will determine whether the Charter School has provided the requisite assurances. Once deemed a LEA, the Charter School, like all other members of the SELPA will...receive State and Federal funding for the special education in the same manner as other districts within the SELPA...be responsible for all costs incurred in the provision of special education services.

Any return of COE Charter school funds in SELPA IV will go to SJUSD.

SCCOE Charter Schools within the SELPA will receive the same AB 602 Entitlement per ADA as the equalized districts within the SELPA.

For the complete SELPA Charter School Policy, please refer to SELPA Policy and Procedures Manual.

8. Interest on SELPA Pass-through Revenues:

Distribution to districts of interest accrued on SELPA revenues will be calculated as a percentage of district Special Education State Aid to total Special Education State Aid distributed to all districts by the SELPA AU, at the end of any fiscal year.

9. <u>Amendment to Prior Year Budget Allocation Plan:</u>

None.

10. District Financial Reports for the Budget year: as required,

By SACS goal and function are summarized in the MOE Reports by district and by SELPA, and will be kept at the SELPA AU and be available to the public. The Annual Budget Plan as required by E.C. 56205, appears in this document, Appendix D.

11. SELPA AU Fiscal Responsibility to districts in SELPAs I, II, III, IV and VII:

- a) Apportionment (Sp. Ed. State Aid) calculation and distribution
- b) County Special Ed(Excess Tax) Calculation and distribution
- c) Federal IDEA Part B Grant Calculation, Distribution and Expenditure reports
- **d)** Low Incidence

- e) Fiscal Record keeping per (E.C. 56195.7)
- f) Apportionment adjustments for MOUs, Inter-district transfers within five SELPAs and SCCOE program costs.
- g) Apportionment adjustments for LCI/MTU Cost-sharing
- h) Prior Year apportionment adjustments, and distribution of any carryover funds at year end
- i) Distribution of Interest on SELPA Pass-through funding
- **j)** Annual preparation/distribution to districts of SELPA Fiscal Documentation:
 - SELPA Budget Allocation Plan
 - o SELPA Year End Closing, Calculations for revenue distribution
 - SELPA MOE reporting

12. SCCOE Special Ed Department Fiscal Responsibilities:

- a) With the fiscal separation of SELPAs V and VI in 2001-02, SCCOE per agreement will complete the infant and NPS/LCI "J-50" reports for the CDE
- **b)** Completion of Part C Federal Grant Applications and Expenditure Reports
- c) Prepares estimate of increase in students and classes for subsequent year
- d) Provides Block Enrollment information
- e) Provides 1:1 Aide use information

13. Hughes Bill Mandate Settlement:

In response to legislation (AB 2586 Hughes Bill), the State Board of Education in 1993 adopted regulations requiring LEAs to develop BIPs (Behavior Intervention Plans) for special education students who exhibit serious behavioral problems. The regulations imposed detailed and costly requirements that exceed federal law. Test Claim CSM-4464 was tied up in the mandate reimbursement process and in the courts for over 14 years. A settlement was finally reached with Education Legal Alliance, working on behalf of San Diego USD and Butte and San Joaquin COEs. CSBA and the Education Legal Alliance had responsibility for securing approval of the proposed settlement. In order for the settlement to take effect, 85 percent of LEAs representing 92 percent of the statewide ADA had to waive their rights to file additional mandated cost claims on the current Hughes Bill statute and regulations. Resolutions and waivers were taken to School Boards for approval and returned to CSBA in February 2009. The Settlement is currently awaiting legislation AB 661 (Torlakson) to Estimated payment schedule is included, for reference, should the Mandate Settlement be implement. implemented through legislation. At this writing, the Hughes Bill Mandate Settlement (on-going increase to AB 602 Base Rates) is not yet included in Special Ed Revenue Projections from SELPA AU, following advice of School Services. Funding for the Mandate was not included in the 2009-10 State Budget, and indications are that it would be difficult to fund, given the current State Fiscal Crisis. Still no Funding in 2010-11, and 2011-12, and 2012-13.

Districts filed Hughes Bill Mandated Cost Prior Years Reimbursement Claim forms with CDE in 2013/2014. Still no funding has been appropriated to pay claims in 2013-14.

The BIP mandate is the focus of a CSBA lawsuit challenging the State's failure to pay what has already been determined to be a reimbursable cost. They are working on their submission to the court, hoping to overturn the statute requiring that special education apportionments offset districts' BIP claim. (*Per inquiry from School Services of California, February 2015*)

The \$4 billion owed to schools for unpaid mandate claims is part of the "wall of debt" and includes BIP. The Governor's Budget proposes to provide about \$180/ADA in unrestricted funds in 2015-16 to all local education agencies, including charter schools. The Budget also proposes that for LEAs with outstanding mandate claims, the dollars received be counted against their claims.

14. Parentally-Placed Student in Private School:

The LEA where the parentally-placed children with disabilities in private schools are *located* is responsible for child find and providing special education and related services. LEAs must use a proportionate share of their Individuals with Disabilities Education Act (IDEA) 611, Part B funds, Resource 3310 to provide special education and related services to parentally-placed children with disabilities enrolled in private schools and who attend private schools *located* in the LEA. There is no exception for out-of-state parentally-placed children with disabilities must be included in the group of parentally-placed children with disabilities whose needs are considered in determining which parentally-placed private school children with disabilities will be served and the types and amounts of services to be provided.

15. Excess Cost Calculation:

Amounts provided to an LEA under Part B of the Act may be used only to pay the excess costs of providing special education and related services to children with disabilities. Excess costs are those costs for the education of an elementary school or secondary school student with a disability that are in excess of the average annual per student expenditure in an LEA during the for an elementary school or secondary school student, as may be appropriate. An LEA must spend at least the average annual per-student expenditure on the education of an elementary school or secondary school child with disability before funds under Part B of the IDEA are used to pay the excess costs of providing special education related services.

COE Operations in Base Year Calculations (March, 2000)

Implementation in 98/99 of the new Special Education Funding Formula mandated by AB 602, illuminates some critical issues which would be best served by written policy agreement between all SELPAs.

Background

County Office of Education Special Education programs were, under the J-50 Funding Model (which ended in fiscal year 97/98), reported in SELPA III. AB 602 specifies a formula for determining SELPA revenue for all future years according to the revenue which was generated by district J-50's within the SELPA in the base year (97/98). The AB 602 formula provides a means to adjust revenue back to SELPA of residence in the base year for all unit transfers between SELPAs. There are, however, some elements of County Office Special Education Funding which cannot be adjusted to SELPA of Residence via the unit transfer formula. This revenue remains in SELPA III, but clearly does not belong solely to the districts in SELPA III. It is the amount and disposition of this revenue which is being addressed in this document.

1) The 24.27 Frz Units in SELPA III identified by Paul Goldfinger, of School Services as funding for COE programs which serve all of the districts in the county. This is over and above what would be considered SELPA III's share of COE funding based on pupils in COE programs.

Revenue transfer from SELPA III Base Funding	\$2,040,125	(transfer to COE)
18.45 SDC 1 Aide x \$89,516 = \$1,651,570		
5.82 DIS x \$66,762 = \$388,555		
Calculated at CDE posted Transfer Rates		
2) COE Base Year (97/98) Extended Year Funding	\$3,039,659	(transfer to COE)
Revenue transfer from SELPA III Base Funding		
From 97/98 Annual J-50 COE SELPA III		
3) COE NPS/NPA Column A, B Base Year Reimbursements	\$ 952,300	(transfer to COE)
base yr SELPA II OT Louise Faulker contract reimbursement	\$ 50,050	(transfer to SELPA II Reg.Serv)
base yr SELPA III OT Pediatric Interv. contract reimbursement	\$ 103,690	(transfer to SELPA III Reg.Serv)
Revenue transfer from SELPA III Base Funding	\$ 1,106,040	-
From 97/98 Annual J-50 COE SELPA III		
4) COE Alternative Schools Grant	\$116,625	
Total	\$6,302,449	

Policy Agreement

By agreement of all seven SELPA Executive Councils, **\$6,148,709**, which is included in the base funding of SELPA III, will be transferred from SELPA III to the COE to fund programs serving all districts in Santa Clara County. This transfer of **\$6,148,709** (less deficit) will occur every year. The COE will calculate the cost of operating Special Education Programs and the above amount will be transferred to the COE to partially fund those programs. These revenues will be used to offset the final cost of COE programs which will be charged to districts based on actual usage of those programs. In addition **\$50,050** will be transferred from SELPA III's base funding to SELPA II's Regionalized Services Budget, and **\$103,690** will be transferred from SELPA III's base funding to SELPA III's Regionalized Services Budget, as indicated above. These latter two amounts were paid with SELPA Regionalized Services funds and reported and reimbursed through the COE's J-50 (in SELPA III) in the base year.

MAXIMIZATION in Base Year Calculations (March, 2000)

Recertification of the AB 602 Base Year J-50s (97/98) in February of 2000, revealed an uneven distribution among the seven SELPAs of the gains realized by Paul Goldfinger's (School Services) Countywide Maximization of Revenues. **Background**

The Paul Goldfinger "Maximization" of Revenue for fiscal year 97/98 generated a prior year adjustment of \$1,997,738 in shared gain for Santa Clara County. An additional \$203,852 was generated as a result of specific operational changes to district J-50s. As in past practice the shared \$1,997,738 gain will be distributed to districts based on pupil count, see attached schedule, as a one-time prior year adjustment in 99/00. The \$203,852 will go to the districts which generated those funding changes by correcting the reporting of their operations for that year.

Maximization in the Base Year of AB 602 funding

Because 97/98 is the Base Year for calculation of all future SELPA funding under AB 602, it is important to look at the fair distribution of this shared Countywide increase in funding as it rolls into the SELPA base rates. When the Maximized J-50s were rolled into the SELPA Base Rates by the California Department of Education, the gain from Maximization fell unevenly among the seven SELPAs.

Policy Agreement

By agreement of all seven SELPA Executive Councils, \$1,997,738, representing the net shared benefit of Countywide Maximization of 97/98 Base Year Revenue, will be adjusted each year, beginning with 98/99 to roll the original distribution by pupil count into each of the SELPA Bases. For the purpose of Revenue Projection, the full amount in Col. {a} will appear in the SELPA Appendix B Base Year calculation, line #3. For each current year adjustment of revenue, the amount in Column C will be multiplied times that current year base entitlement proration factor, example in Column {d}.

Office of Education Santa Clara County

Memorandum of Understanding Between Santa Clara County Office of Education SELPA and the South East Consortium for Special **Education SELPA**

The Administrative Units of the SELPAs in Santa Clara County have met to determine Agreements concerning the funding of Non-Public Schools and Licensed Children's Institutions (LCI) in the County. Items to be addressed herein include revenue and expenses in 2009/10 and carryover dollars from the current NPS/LCI account.

The SELPAs agree that:

The revenue and expenses will continue in 2009/10 to be based on income as charted over time, including the revenues from bed count, revenue limits for NPS/LCI, and any forthcoming adjustments from CDE. Costs from those funds will continue to be for NPS/LCI tuition and actual costs of serving any SNF students.

To provide an insurance that no district or AU will be hurt this year unexpectedly and the carryover dollars of \$673,553 will be used to balance costs in 09/10. If there is any remaining balance, the balance will be distributed by ADA to the AUs to use as they see fit. If excess costs in both AUs exceed revenue and the carryover, those costs will also be split by collecting the difference on an ADA basis. If only one AU has a deficit beyond the carryover, that AU will be responsible for the difference.

For the future, beginning in 2010/11, earned income will continue to be from the current sources, but will be separated by AU for each group's costs.

County Office Funds Transfer (formerly Revenue Limit), for SCCOE Special Education ADA under LCFF

(District-funded pupils attending County Office Special Education Programs)

In March of 2014, SCCOE held a countywide meeting to address the issue of the discontinuance of the County Office (Revenue Limit) Funds Transfer under the new LCFF funding formula. CDE had requested that each County Office develop its own agreement with districts sending pupils to County Office Programs, to fill the funding gap for County Office programs no longer receiving the Revenue Limit funding for Sp Ed pupils served. One great difficulty in developing an agreement was the complexity and variation between districts of the LCFF Base and LCAP-Supplemental and Concentration Grant formula. Some counties developed elaborate calculations for moving LCFF funds from district of residence to the County Programs where those students were served. In our county, districts in each SELPA signed an MOU, saying that for 2013/2014 and 2014/2015, Districts-of-Residence would keep the LCFF funds generated by the COE Sp Ed ADA, but more Sp Ed revenue within each SELPA would follow those pupils from District-of-Residence to COE to make up for the loss of Revenue Limit funding for those students. As a result, Districts-of-Residence of SCCOE pupils receive less Sp Ed revenue, but keep more unrestricted LCFF funds. Total revenue to COE for serving Sp Ed pupils is unchanged by this agreement.

As 2013/2014 came to an end, the California Department of Education began posing questions as to whether we should be looking at a consistent approach to this issue statewide. When the new **Principal Apportionment Data Collection** software came out in December, 2014, CDE offered a new **OPTION**. In reporting attendance: **If both** District and COE agree **and** each selects the OPTION in reporting P1 Attendance, **and** COE provides an agreed-upon dollar amount to transfer (for each district), CDE will then do an automatic LCFF funds transfer from the district to the County Office in 2014/2015. This option can only be designated at P1, and will be available for selection annually at P1. The P1 2014/2015 attendance reporting deadline was January 15, 2015. If no selection was made under this OPTION, no automatic transfer of LCFF funds from District-of-Residence to COE will happen in 2014/2015.

After careful review, it was the recommendation of SCCOE and the SELPA Administrative Units that for 2014/2015, we abide by our MOU through this year, and do <u>not</u> select this OPTION in 2014/2015

Santa Clara County $\frac{\delta}{\nabla}$ Office of Education

Memorandum of Understanding between Santa Clara County Office of Education and Santa Clara County School Districts

For District-funded pupils attending Santa Clara County Office of Education Special Education Programs under Local Control Funding Formula

Background:

Beginning in July 2013, the State of California implemented a new funding model for education of students in public schools. This model is known as Local Control Funding Formula (LCFF). As a result of this model, some significant changes were made in the funding of programs operated by county offices of education.

Prior to July 2013, Revenue Limit for ADA for students with disabilities who attended county programs was diverted at state level and sent directly to the county offices of education as the general education share of the cost of county special education programs. This funding stream was known as County Office Revenue Limit Transfer (RLT). Under LCFF, this funding stream from the California Department of Education (CDE) to county Offices no longer exists. Instead, the funding for the Santa Clara County Office of Education Special Education programs (SCCOE) ADA will go directly to the resident school districts.

For the fiscal year 2013-2014, even though the LCFF model was in place, appropriations were made based upon the previous funding model. The Revenue Limit Transfer money was sent directly to the county offices of education, just as it had been done in the past. As the California Department of Education (CDE) and districts begin to actually implement LCFF at the P2 certification of 2013/14, reconciliations in the funding streams will need to be made before year end closing. Therefore, the Revenue Limit Transfer funding stream will be returned to districts of residence. However, these (approximately \$7.5 million) Revenue Limit Transfer dollars were committed toward the operation of the county special education programs.

Purpose:

It is the purpose of this Memorandum of Understanding (MOU) to resolve two issues in regards to funding special education programs in Santa Clara County Office of Education.

- a) For 2013-2014, resolve the issue of the Revenue Limit Transfer dollars that were sent directly to Santa Clara County Office of Education (SCCOE) under the old funding formula and will now be redistributed to school districts (LEAs) at the end of the fiscal year at the state level.
- b) For 2014 -2015, resolve the issue of how to fund, under LCFF, the Special Education programs that are operated by the SCCOE.

County Office Funds Transfer MOU_4304 - Page 1 of 2

Agreements:

- 1) For the 2013 2014 fiscal year, the Revenue Limit Transfer dollars continue going to SCCOE through the Advance Apportionment until the California Department of Education certifies LCFF funding for the first time at the P2 certification of 2013/14 in July 2014. After the P2 apportionment certification in July 2014 as the fiscal year is closing, CDE will redistribute the RLT funds as LCFF funds, taking them back from SCCOE and distributing them to districts of residence. South East Consortium and North West Santa Clara County SELPA Administrative Units (AUs) will adjust Special Education revenue distributions so that a recalculated amount (i.e., an amount including the approximately \$7.5 million RLT) will be transferred from LEAs to SCCOE for the cost of students attending Santa Clara County Office of Education Special Education programs.
- 2) For the 2014 -2015 fiscal year, Southeast Consortium and North West Santa Clara County SELPA AUs will adjust Special Education Revenue distribution from LEAs and transfer that amount to SCCOE for students attending SCCOE Special Education programs.
- 3) SCCOE will provide a general description of services provided to SCCOE Special Education pupils that can be referenced by all districts in their Local Control and Accountability Plans. (LCAP).

County Office Funds Transfer MOU 4304 - Page 2 of 2

Amendment to the Memorandum of Understanding between Santa Clara County Office of Education and Santa Clara County School Districts

For District-funded pupils attending Santa Clara County Office of Education Special Education Programs under Local Control Funding Formula

Agreement:

Southeast Consortium and North West Santa Clara County SELPA AUs will adjust Special Education Revenue distribution from LEAs and transfer that amount to SCCOE for students attending SCCOE Special Education programs. Districts of Residence will receive and keep LCFF funds for Special Education students attending the SCCOE Block Programs. This agreement shall be renewed annually unless an overriding policy is enacted by the California Department of Education.

APPENDIX C FEDERAL MAINTENANCE OF EFFORT

Federal funds for special education should be used to supplement and not supplant state and local funds (E.C. 56841). The specifics of the federal regulations translate this into an MOE calculation, based on expenditures for special education (Sections 300.203-300.205 of Title 34 of the Code of Federal Regulations [CFR]).

The general rule under the MOE requirement is that LEAs must spend at least the same level of state and local funds (or local funds only) on special education as in the prior year, either in terms of total or per-capita expenditures. If an LEA fails this initial test, the federal regulations allow an exempt reduction Under 34 CFR Section 300.204:

- a. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
- b. A decrease in the enrollment of children with disabilities.
- c. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
 - i. Has left the jurisdiction of the agency;
 - ii. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated;
 - iii. No longer needs the program of special education.
- d. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
- e. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

The eligibility standard in Section 300.203(a) requires that, in order to find an LEA eligible for an IDEA Part B subgrant for the upcoming fiscal year, the CDE must determine that the LEA has budgeted for the education of children with disabilities at least the same amount of local, or state and local funds, as it actually spent for the education of children with disabilities during the most recent fiscal year for which information is available.

The compliance standard in Section 300.203(b) prohibits LEA from reducing the level of expenditures for education of children with disabilities made by the LEA from local, or state and local, funds below the level of those expenditures from the same source for the preceding fiscal year.

Beginning 2016, MOE for LEAs must meet the "subsequent-year rule" where if an LEA fails to meet the MOE test in one year, the LEA is required in subsequent fiscal years to maintain effort at the level prior to the failure. Thus, the LEA must calculate its level of effort on the most recent fiscal year in which the MOE test was met.

In order to receive and keep Federal IDEA Funding:

- If the SELPA fails to pass the SEMB (Budget) software test, no Federal IDEA funds will flow to the SELPA in the current year.
- If the SELPA fails to pass the SEMA (Actuals) software test, the amount that the SELPA is short of meeting the requirement, will be returned to the CDE. Those LEAs which failed to meet the MOE requirements in the Actuals to Actuals test will be responsible for the loss. The amount recovered by the CDE will be deducted from the revenue received by those districts.
- If the SELPA passes, but a district fails to meet MOE, federal IDEA funds will be redistributed within the SELPA pursuant to SELPA policy.

APPENDIX D STATE REQUIRED REPORTING

Annual Budget Plans (E.C. Section 56205)

Each local plan submitted to the superintendent under this part shall also contain all the following:

An annual budget plan that shall be adopted at a public hearing held by the special education local plan area. Notice of this hearing shall be posted in each school in the local plan area at least 15 days prior to the hearing. The annual budget plan may be revised during any fiscal year according to the policymaking process established pursuant to subparagraph (D) and (E) of paragraph (12) of subdivision (a) and consistent with subdivision (f) of Section 56001 and Section 56195.9. The annual budget plan shall identify expected expenditures for all items required by this part which shall include, but not be limited to, the following:

- a) Funds received in accordance with Chapter 7.2 (commencing with Section 56836).
- b) Administrative costs of the plan.
- c) Special education services to pupils with severe disabilities and low incidence disabilities.
- d) Special education services to pupils with non-severe disabilities.
- e) Supplemental aids and services to meet the individual needs of pupils placed in regular education classrooms and environments.
- f) Regionalized operations and services, and direct instructional support by program specialists in accordance with Article 6 (commencing with Section 56836.23) of Chapter 7.2.
- g) The use of property taxes allocated to the special education local plan area pursuant to Section 2572.

D. Budget Plan

Each special education local plan area (SELPA) must have a responsible local agency or an administrative unit (RLA/AU), which is the legal entity that receives funds and is responsible for seeing that every eligible child receives appropriate services.

Public Hearing Notice Posting Date: May 28, 2020

The Budget Plan was adopted at a SELPA public hearing on (date):

Projected special education budget funding, revenues, and expenditures by local educational agencies (LEAs) are specified in **Attachments II–V.** This includes supplemental aids and services provided to meet the needs of students with disabilities as defined by the Individuals with Disabilities Education Act (IDEA), as well as those who are placed in regular education classrooms and environments, and those who have been identified with low incidence disabilities who also receive special education services. Table 3: Federal, State, and Local Revenue Summary

Using the fields below, identify funding by revenue jurisdiction and percent of total budget.

Revenue Source	Amount	Percentage of Total Funding
State Special Education Revenue	22,097,536	26.43%
Federal Revenue	\$7,163,889	8.57%
Local Contribution	54,351,621	65.00%
Total Revenue From All Sources	83,613,046	100.00%

Using the form template provided in **Attachment IV**, provide a complete distribution of revenues to all LEAs participating in the SELPA by federal and state funding source.

Special Education Local Plan Area Funding Distribution

Describe the basic premise of the SELPA Allocation Plan for distributing dollars as closely as possible to how they are earned.

• State Special Education Apportionments flow from the California Department of Education (CDE) to the Administrative Unit (AU) which is the Special Education Local Plan Area (SELPA) Office at the Santa Clara County Office of Education (SCCOE).

 The distribution of revenue is managed by the SELPA Office Administrator and allocated in monthly increments according to the formulas agreed upon and specified in the budget allocation plan to San Jose Unified School District and the SCCOE Special Education department in SELPA IV.

• As specified in AB 602, the California Department of Education will allocate special education funding to SELPAs based on the SELPA Base Rate per K-12 ADA.

• The basis for calculation of the SELPA rate is the combined revenue (after deficit) received by all of the districts (and SCCOE) within the SELPA from J-50 reporting of operations in the base year (1997-98).

• The total of this revenue in the base year, plus annual adjustments, including COLA, and adjustments for Growth/decline, divided by the total K-12 ADA for all member districts of the SELPA, constitutes the SELPA Base Rate per ADA that is distributed to member districts of the SELPA.

4304 - Santa Clara Area 4 SELPA 2020-21 SELPA Fiscal Year

Describe how the SELPA distributes IDEA revenues to the LEAs, including the models used to provide services to member LEAs:

Federal IDEA Grants Awards flow from the California Department of Education (CDE) to the Administrative Unit (AU) and are distributed to districts as follows: • Distribution of Federal Local Assistance (Resource Code 3310): Prior Year Special Ed Pupil Count Distribution of Federal Preschool (Resource Code 3315) & Preschool Staff Development (Resource Code 3345): Prior Year April 1 Preschool Count (Ages 3-5) • Distribution of Federal Mental Health Grants (Resource Code 3327): Prior Year Emotional Disturbance (ED) Pupil Count

SPECIAL EDUCATION INTER-DISTRICT TRANSFER PROCEDURE

1. INTRODUCTION

As part of the Special Education Local Plan Areas I's, II's, III's, IV's, and VII's efforts to coordinate the provision of a full continuum of special education and related services options, and as a means of ensuring that students with disabilities receive a free and appropriate public education (FAPE) in the least restrictive environment, districts may enter into agreements whereby students can be placed in other district special education programs where the IEP team deems it appropriate ("IEP Team referrals"). In addition, students receiving special education services may seek to attend school in a district other than their district of residence via a parent request ("inter-district transfers"). A uniform method of handling these IEP Team referrals and inter-district transfers among member districts will promote a fast, efficient and fair functioning of the inter-district school attendance system in Santa Clara County; which benefit will accrue to the affected students.

It is the intent of the parties to this policy that students with disabilities are treated in a manner equal to their non-disabled peers in the administration of special education referrals and related inter-district attendance agreements.

- 2. DEFINITION OF TERMS
- 2.1 District of Attendance: The District to which a transfer is sought ("DOA").
- 2.2 District of Residence: The District of the Parent(s) resident ("DOR").
- 2.3 Parent: The student's parent(s) or legal guardian(s).
- 3. TRANSFER OF PUPILS UNDER THE PROVISIONS OF EDUCATION CODE SECTION 46600 (i.e., inter-district attendance at parents request for reasons other than employment).
- 3.1 PROCEDURE
 - 3.1.1 All requests for transfer shall first be approved by the DOR which will also include approval of payment of costs required to be paid to the DOA under this policy.

- 3.1.2 All requests for transfer shall be submitted to potential DOA's representative on the basis of available classroom space and other criteria determined by the DOA.
- 3.1.3 School assignment shall be designated by the DOA's representative on the basis of available classroom space and other criteria determined by the DOA.

3.2 ACCEPTANCE/DENIAL CONSIDERATIONS

- 3.2.1 Nothing in these procedures requires a district to admit a student under an inter-district transfer. However, denial of an inter-district transfer request cannot be based upon race, ethnicity, sex, disability, parental income, scholastic achievement or other arbitrary consideration. Non-arbitrary considerations, such as class/program space or availability, are proper considerations for the acceptance/denial decision.
- 3.2.2. A pupil who has been determined by personnel of either the DOR or DOA to have been the victim of an act of bullying, as defined in subdivision (r) of Section 48900, committed by a pupil of the DOR shall, at the request of the person having legal custody of the pupil, be given priority for interdistrict attendance.

3.3 DURATION/RENEWAL

- 3.3.1 Transfers under this Section are for a maximum duration of one year, and parents of students seeking such an inter-district transfer must reapply each year for the requested transfer. However, a DOR or a DOA shall not rescind existing transfer permits for pupils entering grade 11 or 12 in the subsequent school year.
- 3.3.2 Individual transfer agreements may stipulate terms and conditions established by the DOR and DOA under which the permit may be revoked, in compliance with law.

3.4 INTER-DISTRICT RESPONSIBILITIES

- 3.4.1 Except as enumerated in Education Code §46607, the DOA shall receive credit for the average daily attendance of students transferred to it under this section.
- 3.4.2 All costs for special education students, (over and above ADA), shall be the responsibility of the DOR, and the DOA shall bill the DOR pursuant to the SELPA Cost Calculation Formula.
- 3.4.3 Any and all costs for special education assessment of a student not previously identified as a student with a disability under the IDEA, 20 U.S.C. §1400 et seq., required by the student shall be the primary responsibility of the DOA.

- 3.4.4 The DOR shall be notified with regard to any assessment of the student, and shall be notified of the IEP team meeting in a timely manner.
- 3.4.5 If a student is deemed eligible and in need of special education and related services, the DOA will provide special education and related services for the remainder of the school year. The DOA will bill the DOR for services provided pursuant to the SELPA Cost Calculation Formula. Any decision to place in a non-public school or other out of DOA placement such as COE shall include the DOR, and any resulting such placement shall be the responsibility of the DOR.

3.5 DENIAL NOTIFICATION

- 3.5.1 Upon denial of an inter-district transfer request, the student shall have appeal rights pursuant to Education Code §46601. Student should be informed of these appeal rights.
- 4. TRANSFER OF PUPILS UNDER THE PROVISIONS OF EDUCATION CODE SECTION 48204 (i.e., inter-district attendance based upon employment-related reasons).
- 4.1 PROCEDURE
 - 4.1.1 The student's parent must provide acceptable verification of employment within the boundaries of the potential DOA. Employment must be for a minimum of 10 hours during the school week.
 - 4.1.2 All requests for transfer shall first be approved by the DOR.
 - 4.1.3 All requests for transfer shall be submitted to potential DOA's director of special education for review and action.
 - 4.1.4 School assignment shall be designated by the DOA's representative on the basis of available classroom space and other criteria determined by the DOA.
 - 4.1.5 The parents of a student accepted for transfer under this section must immediately notify the DOR and DOA administrators of the termination of his/her employment within the boundaries of the DOA. This shall result in the expiration of any transfer agreement. The parent may request continuance of the attendance in the DOA on an Education Code §46600 basis for the remainder of the current school year.

4.2 ACCEPTANCE/DENIAL CONSIDERATIONS

4.2.1 Nothing in these procedures requires a district to admit a student claiming residence based upon parental employment to its schools. The district may not, however, refuse to admit students based upon race, ethnicity, sex, disability, parental income, scholastic achievement or other arbitrary consideration.

- 4.2.2 A request may be denied based upon inadequate employment verification.
- 4.2.3 A request may be denied based upon inadequate classroom space.
- 4.2.4 Either the DOA or the DOR may prohibit the transfer if the governing board determines that the transfer would negatively impact the district's court-ordered or voluntary desegregation plan.
- 4.2.5 The DOA may prohibit the transfer if there is a determination that the cost of educating the pupil would exceed the amount of additional state aid received as a result of the transfer.
- 4.2.6 The DOR may prohibit the transfer if the transfer would exceed specified percentages of average daily attendance for the district as enumerated in Education Code §48204(b)(6).

4.3 DURATION/RENEWAL

4.3.1 The decision to admit a student pursuant to this section is a matter of discretion, as enumerated above. However, if a transfer pursuant to this section is granted, the student is deemed a resident of the DOA. Consequently, so long as a parent remains employed in the DOA, the student has the right, should he so desire, without reapplication, to attend school in the DOA through the twelfth grade.

4.4 INTER-DISTRICT RESPONSIBILITIES

- 4.4.1 Except as enumerated in Education Code §46607, the DOA shall receive credit for the average daily attendance of students transferred to it under this section.
- 4.4.2 Any and all costs for special education services required by the student shall be the primary responsibility of the DOA, which is also deemed the DOR.

4.5 DENIAL NOTIFICATION

4.5.1 The District that prohibits the transfer of a student under this section is encouraged to identify, and communicate in writing to the student's parents, the specific reasons for that determination.

Santa Clara County $\underbrace{\underbrace{\delta}}_{\mathbf{T}}$ Office of Education

SANTA CLARA COUNTY SELPAs

SCCOE SPECIAL EDUCATION HOUSING POLICY

This policy covers housing for programs operated by the SCCOE Special Education Department on district operated sites. The policy shall apply to programs operated by SCCOE for three (3) to twenty-two (22) year old students and does not pertain to Regional Programs operated by districts. The policy shall remain in effect unless modified and approved by all SELPA Executive Councils in Santa Clara County.

I. INTRODUCTION

The districts of the Santa Clara County SELPAs are committed to the provision of special education services to all students with disabilities in the least restrictive environment as required by State and Federal law. It is the districts' obligation to assure that when it is not possible for students with disabilities to be educated in their home schools, they receive the services specified in their IEPs in classrooms located as close to their homes as possible. This goal is intended to fulfill the SELPA's purpose that the students and staff be included to the greatest extent possible as a part of the school community. To fulfill this commitment, the districts shall provide classroom space for all special education students in Santa Clara County.

Each school district accepts the ultimate responsibility for providing classroom facilities, or the financial resources to provide classroom facilities, for the special education students residing within its boundaries. A district may join with other districts in its area to provide classroom space or the financial support to house their students. The classroom needs of all students, both general and special education must be considered in all decisions regarding the allocation of classroom space. There may be times when a school district offers classroom space, which is not utilized by SCCOE (see page 2, item #7).

Maximum effort will be made to avoid the over representation of special education classes on an individual school site. In addition, classrooms should be located to promote natural opportunities for students with disabilities to participate with chronologically age-appropriate, general education students in academic, non-academic and extra-curricular activities to the maximum extent appropriate for the needs of both the special and general education students.

II. POLICIES AND PROCEDURES

The Santa Clara County SELPAs will be responsible for the implementation and monitoring of this policy. The SCCOE Special Education Department will assume responsibility for determination of classrooms owed and provided by each district, and will collaborate with the SELPA offices in the calculation and collection of housing fees and disbursement of housing compensation.

III. PROVISION OF CLASSROOM SPACE BY DISTRICTS

A. Calculation of Projected Classroom Space Needed by Districts

Classroom space needed for those programs specified in this policy will be calculated using the following procedure:

- 1. The SCCOE Special Education Department's May 1st enrollment projections for the following year will serve as the basis for estimating the classroom space owed by each district in the subsequent school year.
- 2. Actual determination of housing obligations will be based on current year December-April average enrollment in SCCOE Special Education programs.
- 3. The number of pupils constituting one classroom for the purpose of the Housing Policy will be recommended each year by the Facilities Rate Setting Committee and approved in the SELPA Budget Allocation Plans along with Rate per class and percentage credit for land-only.
- 4. When the Santa Clara County Office of Education owns or leases a portable classroom located on district operated site, that classroom will generate partial credit toward the calculation of the district's housing obligation.
- 5. Each district will have two options for fulfilling its housing obligation.
 - The provision of classroom space. This is the preferable option.
 - In the event that a district does not provide the obligated classroom space, it will be charged a housing fee.
 - A SELPA may exercise the option of "pooling" member district obligations and/or compensation for space.
- 6. When a district exceeds its housing obligation by providing additional classroom space, the district will be paid the approved housing compensation rate.
- 7. Classroom space offered by the district must not only meet the standards specified in this policy, but must also be appropriate to the needs of the program operator.

Criteria for appropriateness include the following:

- the classroom offered provides for interaction with nondisabled peers
- usage of the classroom offered does not result in unusual additional costs to the SCCOE Special Education program
- usage of the classroom minimizes transportation time and cost
- there should be a sufficient population projections to sustain the classroom for at least three years
- there shall be minimal disruption or displacement for students in existing programs.

B. Contracts for Provision of Classroom Space

- 1. By February 28 of each year, districts will notify the SCCOE-Special Education Department of their intention to reclaim classroom space.
- 2. Negotiations between the SCCOE Special Education Department and districts for new contracts or other arrangements to provide classroom space shall be completed by May 30th of each year.
- 3. Contracts <u>for</u> classroom space shall be for a specific classroom site and it is recommended that it be for a minimum of three (3) years. The use of classrooms for Extended School Year programs is included in the contracts. The relocation of classrooms for Extended School Year programs shall be negotiated between the district and SCCOE Special Education Department by April 15.
- 4. Termination of contracts prior to their expiration date shall be by mutual consent of the district and SCCOE Special Education Department.

C. Standard for Classrooms

Classrooms provided by district, as a means of fulfilling their housing obligations shall meet the following standards, as appropriate:

- 1. One classroom (approximately 960 square feet) will be provided in accordance with established State and Federal standards (i.e., applicable Americans with Disabilities Act accessibility standards, Health and Safety Codes, fire alarm requirements, and Field Act standards, or a waiver of Field Act standards.
- 2. Running hot water will be provided in all classrooms where the availability of water within the classroom is necessary to meet the health and safety needs of the students, as determined by the SCCOE Special Education Department. Example: An accommodation for hot water could be an instant hot water heater.
- 3. Heat and Air Conditioning will be provided in all classrooms where the availability of heat and air conditioning within the classroom is necessary to meet the health and safety needs of the students, as determined by the SCCOE Special Education Department.
- 4. In-class toilet facilities will be provided as appropriate for the age and the needs of the students and as determined by the SCCOE Special Education Department with the approval of the district.

Students will have access to toileting facilities on campus available to all other students.

It is the intent of this policy to respect the privacy rights of special education students, which accord them with basic human dignity.

The toilet and/or changing area shall be large enough to accommodate personal hygiene activities.

- 5. Any site modifications, if needed, will be negotiated between the SCCOE Special Education Department and the district prior to modifications taking place.
- 6. The site will provide internet access in each classroom. SCCOE Special Education classrooms need comparable Internet access, as do the host site classrooms. SCCOE will be provided with one static IP

address and one live Ethernet jack in each Special Education classroom to set up VPN technology in each classroom.

D. Custodial Services

Custodial service, including daily classroom cleaning for all classrooms, including portables, whether district or SCCOE owned, shall be the responsibility of the district. <u>Occasionally, there may be situation when the district is not able to provide custodial services and COE is required to provide it. Districts that don't provide Custodial and Utilities will pay actual cost to COE for providing them.</u>

The SCCOE Special Education Department will provide information regarding recommended daily classroom cleaning as identified in the State publication, "<u>State Guidelines and Procedures for Meeting the Specialized Physical Health Care Needs of Pupils</u>.", and designated by level of need of classroom. (see attached).

E. Maintenance

Maintenance service shall be the responsibility of the owner of the facility. This includes regularly scheduled and preventative classroom maintenance such as filter replacements, carpet cleaning, floor polishing, light bulb replacements, etc.

F. <u>Repairs</u>

Classroom repair due to normal wear for such items as plumbing, windows, locks, roofs, ,cooling and heating systems, etc. shall be the responsibility of the owner of the facility.

Repairs of the facility for any damage caused by the program staff and/or students and repairs of the personal property owned by the program shall be the responsibility of the SCCOE Special Education Department.

G. <u>Relocation of Classrooms</u>

In the event a district has to relocate a SCCOE Special Education Department classroom due to planned renovations, fire, natural disaster, vandalism or other emergency situations when the classroom is unsuitable for housing students, the district remains responsible for providing adequate temporary housing until repairs can be completed. The district will make every effort to house the students on the same school site.

With respect to moving costs for COE classrooms, the following will apply:

- Fire or natural disaster: Insurance will be billed. If no insurance, cost will be borne centrally.
- Renovation by district: Cost will be borne centrally.
- COE moves class during ESY for safety: Cost will be borne centrally.
- District decision to consolidate classrooms for summer: Cost will be borne by district or district will move class.

IV. <u>PROVISION OF NEW CLASSROOMS BY THE DISTRICT OR SCCOE SPECIAL EDUCATION</u> <u>DEPARTMENT ON DISTRICT PROPERTY</u>

A. New Construction by COE on District Property Requiring 40 Year Lease. The housing policy section concerning new construction (40 year leases): shall be reviewed every two years beginning with the 2007-08 school year.

Option 1

COE provides the custodial and utilities. District receives 45% credit times current agreed upon facilities housing rate times the number of actual classrooms provided.

Option 2

COE provides utilities and district provides custodial. District receives 71% credit times current agreed upon facilities housing rate times the number of actual classrooms provided.

B. When constructing new classrooms or acquiring a new portable, not requiring a 40 year lease, the SCCOE Special Education Department and the district will meet to negotiate any one-time cost.

For example:

- Site preparation
- Water and sewer hook-up
- Architectural and other fees

Classrooms provided by new construction shall meet all of the requirements specified in Section IIIC, Standards for Classrooms.

V. <u>RESPONSIBILITY FOR PORTABLE CLASSROOMS PLACED BY THE SCCOE SPECIAL EDUCATION</u> <u>DEPARTMENT ON DISTRICT PROPERTY</u>

When the SCCOE Special Education Department brings a portable onto district property, the following shall apply:

- 1. SCCOE Special Education Department shall be responsible for all requirements specified in Section IIIC (Standards for Classrooms).
- 2. Custodial service, including daily classroom cleaning for all classrooms, shall be the responsibility of the district or negotiated between the district and SCCOE Special Education Department. The SCCOE Special Education Department will provide information regarding daily classroom cleaning as identified in the State publication, "<u>State Guidelines and Procedures for Meeting the Specialized Physical Health Care Needs of Pupils</u>."
- 3. Whenever possible, actual maintenance/repair shall be provided by the local school district. Cost for maintenance service, classroom repair due to normal wear and tear or any site improvements should be the responsibility of the SCCOE Special Education Department or negotiated between the SCCOE Special Education Department and the district.

VI. <u>FINANCIAL ARRANGEMENTS</u>

- 1. Districts are obligated to provide classroom space (or financial resources to provide classroom space) for the number of resident students enrolled in SCCOE Special Education Department operated programs. This obligation includes classroom space, utilities, custodial services and such maintenance and repair as specified in this document.
- 2. The SELPA facilities committee each year will recommend the value to be placed on classrooms provided, which are over or under a district's obligation. The value placed will be in consideration of the following factors: average cost of utilities, average cost of custodial services and routine maintenance/repair, average cost of a leased portable, and reasonable lease rate for classroom space on an open school campus. The value placed on classrooms, and the fraction thereof allowable for land (utilities and custodial/maintenance service) shall be pending approval of all SELPA Executive Councils in the county.
 - a) The Facilities Rate Setting Committee will meet prior to March of each year to recommend and finalize the rate/number of pupils per class and percentage of credit for land-only for the following year. The rate suggested at the December 2010 meeting will stay in effect for the 2011-2012 year.
 - b) The committee will be comprised of district special education program and fiscal representatives. The intention of the committee is to reach agreement using the following priorities:
 - Consensus of all present at the Facilities Rate Setting Meeting with a quorum consisting of representation from all SELPAs and a minimum of five fiscal and/or program administrators from Southeast and five fiscal and/or program administrators from Northwest SELPAs.
 - Dispute resolution (SELPA Directors, and an outside mediator)
 - c) The SELPA AU Directors and SCCOE Special Education staffs are not members of the committee that decides consensus.
- 3. Housing fees for the number of spaces that a district is short of its obligation will be added to the estimate of cost of COE programs for that district. Housing compensation for the number of spaces that a district provides, which are over its obligation, will be estimated, but not credited against, the district's cost of COE programs. This amount will be a Revenue Transfer for Housing Compensation at the end of each year.
- 4. SELPA Fiscal Advisors will assess the Excess or Deficit in revenue resulting from the Housing Policy at the end of each year looking only at the year to either refund any excess or collect from districts any deficit when the excess or deficit is greater than or equal to the current facilities rate for a COE classroom. In that case, the entire excess will be distributed or deficit charged back based on current pupil count used in facility cost calculations. This process began in 2008-2009 and will continue annually thereafter. Included in the assessment will be other contract costs related to Facility costs, moving expenses, set-up and remodel fees and indirect costs. Also included will be other lease revenue collected by SCCOE Special Education.

OVERSIGHT COMMITTEE

- 1. An Oversight Committee will be established that is composed of SELPA Directors and SCCOE Director of Special Education.
- 2. The Oversight Committee will be responsible for the following:
 - the SELPA Directors and COE Director will meet with district directors to review needs and availability of classroom space; and
 - the Oversight Committee will meet, if necessary, to review appropriateness of offers submitted by districts for use of classrooms.

IDEA, Part B, federal funds support the expense of educating identified students with disabilities.

Local Assistance Entitlements (PCA 13379/Resource Code 3310)

This grant is one portion of the federal subgrants to LEAs. The subgrants are based on a three-part formula: a base amount, a percentage of population, and a percentage of poverty. All Special Education Local Plan Areas (SELPA)s receive a base amount of \$323,428,031 statewide, divided by December 1999 pupil count. Of the funds in excess of the base amount, 85 percent are allocated on the basis of the relative number of children enrolled in public and private elementary and secondary schools within each SELPA's jurisdiction, and 15 percent on the basis of the relative number of children living in poverty using free and reduced price meal participation as the indicator of poverty. Adjustments to the base amount are required if a new SELPA is created, if one or more SELPAs are combined, or if SELPA geographical or administrative boundaries change. Districts must account for these funds as expenditures for pupils with an individualized education program (IEP) and for the provisions of the special education.

This grant is allocated for students five through twenty-one years of age. Two other grants comprise of the total subgrants to LEAs: 1) State Institutions (13008) and 2) Preschool Local Entitlements (13682).

Federal Preschool Program (PCA 13430/Resource Code 3315)

The federal Preschool Instructional Programs provide funding for special education and services to children with disabilities ages three through five. This funding comes from IDEA, Part B, § 619.

Preschool Staff Development (PCA 13431/Resource Code 3345)

Preschool Staff Development funds provide for local staff development opportunities for those who work in infant and preschool programs. The funds are disseminated on a pro-rata basis based on the prior year December student count, ages three through five. The minimum grant per SELPA is \$1,000. The source of funds is the federal Preschool Grant (IDEA, Part B, § 619).

Alternate Dispute Resolution (PCA 13007/Resource Code 3395)

Alternate Dispute Resolution (ADR) grants are funded through the IDEA, Part B. The CDE finds that the ADR process is a desirable and effective practice that supports the positive interaction and collaboration among parents and educators and promotes in assisting parents and educational agencies in the implementation of the use of conflict resolution throughout the state.

The CDE awards these grants to regional consortia that include LEAs and county offices. Selected LEAs will train and implement an ADR process in responding to and resolving local complaints and concerns regarding the implementation of the IDEA, Part B and relevant state laws. · CODE 20 – Student is parentally placed at a private school, qualifies for special education services and is receiving special education services at the public school through an ISP.

1. The proportionate share must be spent for the group of parentally placed children in private schools. This amount must be reported under Resource 3311. · CODE 70 – Student is parentally placed at a private school, qualifies for special education services but NOT receiving services at the public school.

2. The CDE is requiring the submission of a budget plan that provides estimated expenditures and an explanation of the intent to expend funds by September 30, 2021, in order to ensure the districts are fully expending federal funds within the grant award period. The Budget Plan will be sent out to the districts on the Expenditure Report # 1. Failure to submit a Budget Plan with the Expenditure Report # 4 will result in a delay of future poyments to the SELPA.

**Significant Fiscal Impact of being identified as Significant Disproportionality (SIGDIS) **

Under 34 Code of Federal Regulations (CFR) §300.646(b)(2), districts that are identified by the State Education Agency as having significant disproportionality based on race and ethnicity in identification, placement, or disciplinary actions must use fifteen percent (15%) of Individuals with Disabilities Education Act (IDEA) funds (Re 3310 & Re 3315) for CEIS next fiscal year.

Resource Code 3318: Resource code established to separately track expenditures of IDEA Part B funds used for early intervening services provided to pupils not identified as special education. Make a contribution from Resource 3315 using Object 8990 in the amount of expenditures incurred. Record expenditures using the pupil's normal goal, not a Special Education goal.

Mental Health Average Daily Attendance (PCA 15197/Resource Code 3327)

The Mental Health Average Daily Attendance (ADA) grants are funded through Individuals with Disabilities Education Act (IDEA), Part B. Grant funds shall be available only for the purpose of providing educationally-related mental health services, including out-of-home residential services for emotionally disturbed students, required by an Individualized Education Plan (IEP) pursuant to the federal IDEA of 2004 (20 USC Sec. 1400 et seq.) and as described in Section 56363 of the *Education Code* (*EC*). The grant awards allocated to each Special Education Local Plan Area (SELPA) are calculated on the basis of prior year P-2 ADA.

Special Education Mental Health Services (Resource Code 6512)

The purpose of these funds is to provide educationally related mental health services, including out-of-home residential services for emotionally disturbed student(s), required by an individualized education program pursuant to the federal Individuals with Disabilities Education Act and as described in Section 56363 of the California Education Code (EC).

ASSEMBLY BILL 114: RELATED SERVICES UNDER THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT

With the changes to state statute outlined in Assembly Bill 114 (Chapter 43, Statutes of 2011), which relieved county mental health agencies of the responsibility to provide mental health services to students with disabilities, local educational agencies (LEAs) must rely on the Individuals with Disabilities Education Act (IDEA) for guidance on the requirements for providing related services, including those that may have previously been provided by county mental health agencies (CMHAs). Related services under IDEA are defined in Section 300.34 of Title 34 of the *Code of Federal Regulations (CFR)*:

34 CFR 300.34(a)

Related services means transportation and such developmental, corrective, and other supportive services as are required to assist a child with a disability to benefit from special education, and includes speech-language pathology and audiology services, interpreting services, psychological services, physical and occupational therapy, recreation, including therapeutic recreation, early identification and assessment of disabilities in children, counseling services, including rehabilitation counseling, orientation and mobility services, and medical services for diagnostic or evaluation purposes. Related services also include school health services and school nurse services, social work services in schools, and parent counseling and training.

Section 300.34 of Title 34 of the *CFR* further defines individual related services terms. The following list represents some of the services that may be appropriate when addressing the emotional and behavioral needs of students with disabilities (refer to 34 *CFR* Section 300.34 for the complete list of individual related services terms):

Counseling Services (34 CFR 300.34(c)(2))

Counseling services means services provided by qualified social workers, psychologists, guidance counselors, or other qualified personnel.

Parent Counseling and Training (34 CFR 300.34(c)(8))

(i) Parent counseling and training means assisting parents in understanding the special needs of their child;

(ii) Providing parents with information about child development; and

(iii) Helping parents to acquire the necessary skills that will allow them to support the implementation of their child's individualized education program (IEP) or individualized family service plan (IFSP).

Psychological Services (34 CFR 300.34(c)(10))

Psychological services includes:

(i) Administering psychological and educational tests, and other assessment procedures;

(ii) Interpreting assessment results;

(iii) Obtaining, integrating, and interpreting information about child behavior and conditions relating to learning;

(iv) Consulting with other staff members in planning school programs to meet the special educational needs of children as indicated by psychological tests, interviews, direct observation, and behavioral evaluations;

(v) Planning and managing a program of psychological services, including psychological counseling for children and parents; and (vi) Assisting in developing positive behavioral intervention strategies.

Social Work Services in Schools (34 CFR 300.34(c)(14))

Social work services in schools includes:

(i) Preparing a social or developmental history on a child with a disability;

(ii) Group and individual counseling with the child and family;

(iii) Working in partnership with parents and others on those problems in a child's living situation (home, school, and community) that affect the child's adjustment in school;

(iv) Mobilizing school and community resources to enable the child to learn as effectively as possible in his or her educational program; and

(v) Assisting in developing positive behavioral intervention strategies.

Residential Placement is not listed as a related service in Section 300.34 of Title 34 of the *CFR*. However, residential placement is addressed elsewhere in the IDEA:

Residential Placement (34 CFR 300.104)

If placement in a public or private residential program is necessary to provide special education and related services to a child with a disability, the program, including non-medical care and room and board, must be at no cost to the parents of the child.

In addition, the list of related services in the IDEA is not exhaustive or finite. The IEP team must decide what related services are necessary to

provide a free appropriate public education (FAPE) to each student with a disability. The federal Office of Special Education Programs (OSEP) provides further guidance in the "Analysis of Comments and Changes" section of the final IDEA regulations, pertaining to Section 300.34 (excerpt below):

Comment

We received numerous requests to revise § 300.34 to add specific services in the definition of related services. A few commenters recommended including marriage and family therapy. One commenter recommended adding nutrition therapy and another commenter recommended adding recreation therapy. A significant number of commenters recommended adding art, music, and dance therapy. One commenter recommended adding services to ensure that medical devices, such as those used for breathing, nutrition, and other bodily functions, are working properly. One commenter requested adding programming and training for parents and staff as a related service. A few commenters requested clarification on whether auditory training and aural habilitation are related services. One commenter asked whether hippotherapy should be included as a related service. Other commenters recommended adding language in the regulations stating that the list of related services is not exhaustive. A few commenters asked whether a service is prohibited if it is not listed in the definition of **related services**.

Discussion (Response from OSEP)

Section 300.34(a) and Section 602(26) of the Act state that related services include other supportive services that are required to assist a child with a disability to benefit from special education. We believe this clearly conveys that the list of services in § 300.34 is not exhaustive and may include other developmental, corrective, or supportive services if they are required to assist a child with a disability to benefit from special education. It would be impractical to list every service that could be a related service, and therefore, no additional language will be added to the regulations.

Consistent with §§ 300.320 through 300.328, each child's IEP team, which includes the child's parent along with school officials, determines the instruction and services that are needed for an individual child to receive FAPE. In all cases concerning related services, the IEP team's determination about appropriate services must be reflected in the child's IEP, and those listed services must be provided in accordance with the IEP at public expense and at no cost to the parents. Nothing in the Act or in the definition of related services requires the provision of a related service to a child unless the child's IEP team has determined that the related service is required in order for the child to benefit from special education and has included that service in the child's IEP.

A child is eligible for special education and related services if they are evaluated in accordance with state and federal law and it is determined the child meets the definition of a "child with a disability," pursuant to Section 300.8 of Title 34 of the *CFR* and/or the definition of an "individual with exceptional needs," pursuant to Section 56026 of the California *Education Code*. To the extent that the IEP team determines that a child with a disability needs a related service to address a mental health need in order to benefit from special education, the service should be provided in accordance with the IEP. There has been some confusion regarding whether or not a student with a disability must meet the criteria for an "emotional disturbance," pursuant to Section 300.8(c)(4) of Title 34 of the *CFR*, before he/she is eligible for mental health services as part of his/her IEP $^{\perp}$. Though mental health needs may be a significant consideration when developing an IEP for a child who meets the criteria for an "emotional disturbance," eligibility for related services is not contingent on a particular disabling condition and should be determined based on an assessment that reveals an individualized need for the service. Similarly, a mental health diagnosis or designation as "seriously emotionally disturbed," pursuant to Section 5600.3(a)(2) of the *Welfare and Institutions Code*, does not automatically indicate eligibility for special education and related services.

If you have any questions regarding this subject, please contact the Policy and Program Services Unit of the Special Education Division by phone at 916-323-2409.

Sincerely,

Original signed by Fred Balcom. Hard copy of the signed document is available by contacting the Special Education Division's Director's Office at 916-445-4602.

ASSEMBLY BILL 114: USE OF MENTAL HEALTH FUNDS IN THE BUDGET ACT OF 2011–12

The purpose of this letter is to provide background and guidance regarding the use of funds authorized in the Budget Act of 2011–12 restricting the use of certain funds to "educationally related mental health services."

General Funds

Pursuant to Assembly Bill (AB) 114, Section 54 (Chapter 43, Statutes of 2011), and provisions 18 and 26 of Item 6110 161-0001 of the Budget Act of 2011–12 funds must be used for:

... educationally related mental health services, including out-of-home residential services for emotionally disturbed pupils, required by an individualized education program pursuant to the federal Individuals with Disabilities Education Act (IDEA) of 2004 (20 U.S.C. Sec. 1400 et seq.) and as described in Section 56363 of the California *Education Code (EC)*. The State Superintendent of Public Instruction shall allocate these funds to special education local plan areas in the 2011-12 fiscal year based upon an equal rate per pupil using the methodology specified in Section 56836.07 of the *EC*.

These provisions have been assigned Resource Code 6512, which differentiates these funds from Resource Code 6500, special education general fund programs. These funds shall be exclusively available for these services only for fiscal year (FY) 2011–12 and FY 2012–13.

Federal Funds

Pursuant to AB 114, Section 54 (Chapter 43, Statutes of 2011), provision 9 of Item 6110 161 0890 of the Budget Act of 2011–12, funds shall be available only for the purpose of providing:

 \dots educationally related mental health services, including out-of-home residential services for emotionally disturbed pupils, required by an individualized education program pursuant to the federal IDEA of 2004 (20 U.S.C. Sec. 1400 et seq.) and as described in Section 56363 of the *EC*.

These funds were allocated to special education local plan areas (SELPAs) on a one-time basis in the 2011–12 fiscal year using data available from the California Special Education Management Information System (CASEMIS) as of December 1, 2010. If funds are appropriated for the purpose of providing the educationally related mental health services for the 2012–13 fiscal year, they will be allocated based on an equal rate per pupil using a methodology specified in Section 56836.07 of the *EC* and using average daily attendance for the 2011–12 fiscal year.

Definition of Educationally Related Mental Health Services

As noted in the provisions above, educationally related mental health services are described in 30 *EC* Section 56363. Section 56363 defines the term "designated instruction and services" to mean "related services" as that term is defined in Section 1401(26) of Title 20 of the *United States Code* and Section 300.34 of Title 34 of the *Code of Federal Regulations (CFR)*.

Related services under IDEA are defined in Section 300.34 of Title 34 of the CFR:

Related services means transportation and such developmental, corrective, and other supportive services as are required to assist a child with a disability to benefit from special education, and includes speech-language pathology and audiology services, interpreting services, psychological services, physical and occupational therapy, recreation, including therapeutic recreation, early identification and assessment of disabilities in children, counseling services, including rehabilitation counseling, orientation and mobility services, and medical services for diagnostic or evaluation purposes. Related services also include school health services and school nurse services, social work services in schools, and parent counseling and training. (34 *CFR* 300.34(a))

Section 300.34 of Title 34 of the *CFR* further defines individual related services terms. The following list represents some of the services that may be appropriate when addressing the emotional and behavioral needs of students with disabilities:

• Counseling services (34 CFR 300.34(c)(2)) and California EC 56363(b)(9)

- Parent counseling and training (34 CFR 300.34(c)(8)) and California EC 56363(b)(11)
- Psychological services (34 CFR 300.34(c)(10)) and California EC 56363(b)(10)
- Social work services in schools (34 CFR 300.34(c)(14)) and California EC 56363(b)(13)

Refer to 34 *CFR* Section 300.34 for the complete list of individual related services terms. Residential placement is not listed as a related service in Section 300.34 of Title 34 of the *CFR*. However, residential placement is addressed elsewhere in the IDEA:

If placement in a public or private residential program is necessary to provide special education and related services to a child with a disability, the program, including non medical care and room and board, must be at no cost to the parents of the child (34 *CFR* 300.104).

In addition, the list of related services in the IDEA is not exhaustive or finite. The individualized education program (IEP) team must decide what related services are necessary to provide a free appropriate public education (FAPE) to each student with a disability.

To maintain clear and understandable terminology based upon existing statute, the California Department of Education (CDE) will be using the term "related services for students who have emotional and behavioral needs" in place of "educationally related mental health services."

Frequently Asked Questions

What limitations are on the use of state and federal funds provided in the Budget Act of 2011–12 for educationally related mental health services?

The legislature was clear that these funds are targeted for related services and that the funds are made available to local educational agencies (LEAs) to provide services formerly provided by the County Mental Health agencies and the Department of Social Services. The funds **cannot** be spent on educational services that have historically been provided by LEAs for students with emotional or behavioral needs.

What are allowable uses of the state and federal funds due to the term "educationally related mental health services"?

These funds may be used for:

The salaries of certificated supervisors and administrators; and clerical, technical, and office staff salaries associated with administering related services for students with emotional or behavioral needs.

The room and board cost of residential placement if it is included in the student's IEP.

Professional and consulting service (e.g., case management, medical services, day treatment, individual therapy, family therapy, group therapy, group rehabilitation, therapeutic behavior services, assessment, psychological services, and residential placement) costs for students with emotional or behavioral needs.

Rental and/or lease of office space to provide professional and consulting services for students with emotional or behavioral needs.

Transportation costs of student to receive related services from a provider.

Books and supplies related to providing related services.
