

SCCOE VISION

Transforming education through leadership, service, and advocacy

DATA INFORMED DECISION-MAKING

Enable data informed decision-making in support of the SCCOE Vision

POLICIES AND PROCESSES

Create structured accountability by defining roles and responsibilities, and by establishing organization-wide processes in data governance program areas with a focus on equity and ethics

PROGRAM AREA 1: DATA PRIVACY

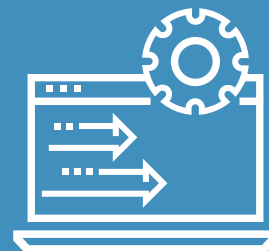

Comply with data privacy laws around data access, use, and sharing

PROGRAM AREA 2: DATA SECURITY

Protect data within the technology infrastructure

PROGRAM AREA 3: DATA INTEGRATION

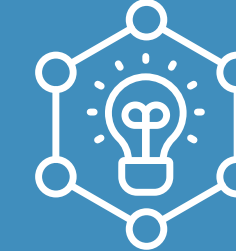

Make data accessible through integration of systems

PROGRAM AREA 4: DATA QUALITY

Ensure data is accurate, timely, and consistent

PROGRAM AREA 5: DATA LITERACY

Turn data into useful information

PEOPLE & TECHNOLOGY

Ensure SCCOE employees are provided resources to effectively communicate and coordinate with internal and external partners in supporting the initiatives, projects, and environments that enable data informed decision-making

SCCOE VALUES & CORE PRINCIPLES

Values: Students First ♦ Collaboration ♦ Innovation ♦ Service ♦ Strengths-Based
Core Principles: Diversity, Equity, Inclusion, and Partnership

Data Governance Framework

The purpose of the SCCOE Data Governance Program is to create a system of management and a culture of responsibility that ensures data is collected, used, and shared responsibly, securely, and equitably with internal and external partners
