1	Title 5. EDUCATION
2	Division 1. California Department of Education
3	Chapter 14.5. Local Control Funding Formula
4	Subchapter 1. Local Control Funding Formula Spending Regulations for
5	Supplemental and Concentration Grants and Local Control and Accountability
6	Plan Template
7	Article 1. Local Control and Accountability Plan and Spending Requirements for
8	Supplemental and Concentration Grants
9	
10	<u>§ 15494. Scope.</u>
11	(a) This chapter applies to all local educational agencies (LEAs) as defined in
12	section 15495(d).
13	(b) Funding restrictions specified in Education Code section 42238.07 apply to local
14	control funding formula (LCFF) funds apportioned on the basis of unduplicated pupils
15	pursuant to Education Code sections 2574, 2575, 42238.02, and 42238.03.
16	(c) The local control and accountability plan (LCAP) shall demonstrate how services
17	are provided according to this chapter to meet the needs of unduplicated pupils and
18	improve the performance of all pupils in the state priority areas.
19	NOTE: Authority cited: Sections 42238.07 and 52064, Education Code. Reference:
20	Sections 2574, 2575, 42238.01, 42238.02, 42238.03, 42238.07, 47605, 47605.5,
21	47606.5, 48926, 52052, 52060-52077, and 64001, Education Code; 20 U.S.C. Section
22	<u>6312.</u>
23	
24	§ 15495. Definitions.
25	In addition to those found in Education Code sections 2574, 42238.01, and
26	42238.02, the following definitions are provided:
27	(a) "Consult with pupils," as used in Education Code sections 52060, 52066, and
28	47606.5, means a process to enable pupils, including unduplicated pupils and other
29	numerically significant pupil subgroups, to review and comment on the development of
30	the LCAP. This process may include surveys of pupils, forums with pupils, pupil
31	advisory committees, or meetings with pupil government bodies or other groups
32	representing pupils.

1	(b) "English learner parent advisory committee," as used in Education Code sections
2	52063 and 52069 for those school districts or schools and programs operated by county
3	superintendents of schools whose enrollment includes at least 15 percent English
4	learners and at least 50 pupils who are English learners, shall be composed of a
5	majority of parents, as defined in subdivision (e), of pupils to whom the definition in
6	Education Code section 42238.01(c) applies. A governing board of a school district or a
7	county superintendent of schools shall not be required to establish a new English
8	learner parent advisory committee if a previously established committee meets these
9	requirements.
10	(c) "Local control and accountability plan (LCAP)" means the plan created by an LEA
11	pursuant to Education Code sections 47606.5, 52060, or 52066, and completed in
12	conformance with the LCAP and annual update template found in section 15497.5.
13	(d) "Local educational agency (LEA)" means a school district, county office of
14	education, or charter school.
15	(e) "Parents" means the natural or adoptive parents, legal guardians, or other
16	persons holding the right to make educational decisions for the pupil pursuant to
17	Welfare and Institutions Code section 361 or 727 or Education Code sections 56028 or
18	56055, including foster parents who hold rights to make educational decisions.
19	(f) "Parent advisory committee," as used in Education Code sections 52063 and
20	52069, shall be composed of a majority of parents, as defined in subdivision (e), of
21	pupils and include parents of pupils to whom one or more of the definitions in Education
22	Code section 42238.01 apply. A governing board of a school district or a county
23	superintendent of schools shall not be required to establish a new parent advisory
24	committee if a previously established committee meets these requirements, including
25	any committee established to meet the requirements of the federal No Child Left Behind
26	Act of 2001 (Public Law 107-110) pursuant to Section 1112 of Subpart 1 of Part A of
27	Title I of that act.
28	(g) "Prior year" means one fiscal year immediately preceding the fiscal year for
29	which an LCAP is approved.
30	(h) "Services" as used in Education Code section 42238.07 may include, but are not
31	limited to, services associated with the delivery of instruction, administration, facilities,
32	pupil support services, technology, and other general infrastructure necessary to

1	operate and deliver educational instruction and related services.
2	(i) "State priority areas" means the priorities identified in Education Code sections
3	52060 and 52066. For charter schools, "state priority areas" means the priorities
4	identified in Education Code section 52060 that apply for the grade levels served or the
5	nature of the program operated by the charter school.
6	(j) "Subgroup" means the numerically significant pupil subgroups identified pursuant
7	to Education Code section 52052.
8	(k) "to improve services" means to grow services in quality.
9	(I) "to increase services" means to grow services in quantity.
10	(m) "unduplicated pupil" means any of those pupils to whom one or more of the
11	definitions included in Education Code section 42238.01 apply, including pupils eligible
12	for free or reduced price meals, foster youth, and English learners.
13	NOTE: Authority cited: Sections 42238.07 and 52064, Education Code. Reference:
14	Sections 2574, 2575, 42238.01, 42238.02, 42238.03, 42238.07, 47605, 47605.5,
15	47606.5, 48926, 52052, 52060-52077, and 64001, Education Code; 20 U.S.C. Section
16	<u>6312.</u>
17	
18	<u>§ 15496. Requirements for LEAs to Demonstrate Increased or Improved Services</u>
19	for Unduplicated Pupils in Proportion to the Increase in Funds Apportioned for
20	Supplemental and Concentration Grants.
21	(a) An LEA shall provide evidence in its LCAP to demonstrate how funding
22	apportioned on the basis of the number and concentration of unduplicated pupils,
23	pursuant to Education Code sections 2574, 2575, 42238.02, and 42238.03 is used to
24	support such pupils. This funding shall be used to increase or improve services for
25	unduplicated pupils as compared to the services provided to all pupils in proportion to
26	the increase in funds apportioned on the basis of the number and concentration of
27	unduplicated pupils as required by Education Code section 42238.07(a)(1). An LEA
28	shall include in its LCAP an explanation of how expenditures of such funding meet the
29	LEA's goals for its unduplicated pupils in the state priority areas. An LEA shall
30	determine the percentage by which services for unduplicated pupils must be increased
31	or improved above services provided to all pupils in the fiscal year as follows:
32	(1) Estimate the amount of the LCFF target attributed to the supplemental and

1	concentration grants for the LEA calculated pursuant to Education Code sections
2	42238.02 and 2574 in the fiscal year for which the LCAP is adopted.
3	(2) Estimate the amount of LCFF funds expended by the LEA on services for
4	unduplicated pupils in the prior year that is in addition to what was expended on
5	services provided for all pupils. The estimated amount of funds expended in 2013-14
6	shall be no less than the amount of Economic Impact Aid funds the LEA expended in
7	the 2012-13 fiscal year.
8	(3) Subtract subdivision (a)(2) from subdivision (a)(1).
9	(4) Multiply the amount in subdivision (a)(3), by the most recent percentage
10	calculated by the Department of Finance that represents how much of the statewide
11	funding gap between current funding and full implementation of LCFF is eliminated in
12	the fiscal year for which the LCAP is adopted.
13	(5) Add subdivision (a)(4) to subdivision (a)(2).
14	(6) Subtract subdivision (a)(5) from the LEA's total amount of LCFF funding pursuant
15	to Education Code sections 42238.02 and 2574, as implemented by Education Code
16	sections 42238.03 and 2575 respectively, excluding add-ons for the Targeted
17	Instructional Improvement Grant program and the Home to School Transportation
18	program, in the fiscal year for which the LCAP is adopted.
19	(7) Divide the amount in subdivision (a)(5) by the amount in subdivision (a)(6).
20	(8) If the calculation in subdivision (a)(3) yields a number less than or equal to zero
21	or when LCFF is fully implemented statewide, then an LEA shall determine its
22	percentage for purposes of this section by dividing the amount of the LCFF target
23	attributed to the supplemental and concentration grant for the LEA calculated pursuant
24	to Education Code sections 42238.02 and 2574 in the fiscal year for which the LCAP is
25	adopted by the remainder of the LEA's LCFF funding, excluding add-ons for the
26	Targeted Instructional Improvement Grant program and the Home to School
27	Transportation program.
28	(b) This subdivision identifies the conditions under which an LEA may use funds
29	apportioned on the basis of the number and concentration of unduplicated pupils for
30	districtwide, schoolwide, countywide, or charterwide purposes: Pursuant to Education
31	Code section 42238.07(a)(2), an LEA may demonstrate it has increased or improved
~~	a multiple for understand multiple under subdivision (a) of this postion by using funde to

32 services for unduplicated pupils under subdivision (a) of this section by using funds to

1	upgrade the entire educational program of a schoolsite, a school district, a charter
2	school, or a county office of education as follows:
3	(1) A school district that has an enrollment of unduplicated pupils of 55 percent or
4	more of the district's total enrollment in the fiscal year for which an LCAP is adopted or
5	in the prior year may expend supplemental and concentration grant funds on a
6	districtwide basis. A school district expending funds on a districtwide basis shall do all of
7	the following:
8	(A) Identify in the LCAP those services that are being funded and provided on a
9	districtwide basis.
10	(B) Describe in the LCAP how such services are principally directed towards, and
11	are effective in, meeting the district's goals for its unduplicated pupils in the state and
12	any local priority areas.
13	(2) A school district that has an enrollment of unduplicated pupils less than 55
14	percent of the district's total enrollment in the fiscal year for which an LCAP is adopted
15	may expend supplemental and concentration grant funds on a districtwide basis. A
16	school district expending funds on a districtwide basis shall do all of the following:
17	(A) Identify in the LCAP those services that are being funded and provided on a
18	districtwide basis.
19	(B) Describe in the LCAP how such services are principally directed towards, and
20	are effective in, meeting the district's goals for its unduplicated pupils in the state and
21	any local priority areas.
22	(C) Describe how these services are the most effective use of the funds to meet the
23	district's goals for its unduplicated pupils in the state and any local priority areas. The
24	description shall provide the basis for this determination, including, but not limited to,
25	any alternatives considered and any supporting research, experience, or educational
26	theory.
27	(3) A school district that has an enrollment of unduplicated pupils at a school that is
28	40 percent or more of the school's total enrollment in the fiscal year for which an LCAP
29	is adopted or in the prior year may expend supplemental and concentration grant funds
30	on a schoolwide basis. A school district expending funds on a schoolwide basis shall do
31	all of the following:

32 (A) Identify in the LCAP those services that are being funded and provided on a

1	schoolwide basis.
2	(B) Describe in the LCAP how such services are principally directed towards, and
3	are effective in, meeting the district's goals for its unduplicated pupils in the state and
4	any local priority areas.
5	(4) A school district that has an enrollment of unduplicated pupils that is less than 40
6	percent of the schoolsite's total enrollment in the fiscal year for which an LCAP is
7	adopted may expend supplemental and concentration grant funds on a schoolwide
8	basis. A school district expending funds on a schoolwide basis shall do all of the
9	following:
10	(A) Identify in the LCAP those services that are being funded and provided on a
11	schoolwide basis.
12	(B) Describe in the LCAP how such services are principally directed towards, and
13	are effective in, meeting the district's goals for its unduplicated pupils in the state and
14	any local priority areas.
15	(C) Describe how these services are the most effective use of the funds to meet the
16	district's goals for its unduplicated pupils in the state and any local priority areas. The
17	description shall provide the basis for this determination, including, but not limited to,
18	any alternatives considered and any supporting research, experience, or educational
19	theory.
20	(5) A county office of education expending supplemental and concentration grant
21	funds on a countywide basis or a charter school expending supplemental and
22	concentration grant funds on a charterwide basis shall do all of the following:
23	(A) Identify in the LCAP those services that are being funded and provided on a
24	countywide or charterwide basis.
25	(B) Describe in the LCAP how such services are principally directed towards, and
26	are effective in, meeting the county office of education's or charter school's goals for its
27	unduplicated pupils in the state and any local priority areas, as applicable.

1	§ 15497. County Superintendent of Schools Oversight of Demonstration of
2	Proportionality.
3	In making the determinations required under Education Code section 52070(d)(3),
4	the county superintendent of schools shall include review of any descriptions of
5	districtwide or schoolwide services provided pursuant to sections 15496(b)(1) through
6	(b)(4) when determining whether the school district has fully demonstrated that it will
7	increase or improve services for unduplicated pupils pursuant to section 15496(a). If a
8	county superintendent of schools does not approve an LCAP because the school district
9	has failed to meet its requirement to increase or improve services for unduplicated
10	pupils as specified in this section, it shall provide technical assistance to the school
11	district in meeting that requirement pursuant to Education Code section 52071.
12	NOTE: Authority cited: Sections 42238.07 and 52064, Education Code. Reference:

§ 15497.5. Local Control and Accountability Plan and Annual Update

Introduction:

LEA: Rocketship Si Se Puede (RSSP) Contact (Name, Title, Email, Phone Number): Heidy Shinn, Principal, hshinn@rsed.org, 719. 330.0868 LCAP Year: 2015-16

Local Control and Accountability Plan and Annual Update

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process		Impact on LCAP
Rocketship Si Se Puede's LCAP was developed including Rocketship Si Se Puede's school lead Rocketship Education's Network staff and boa impact on the LCAP plan are explained to the	lership team, staff, families, students, and ard. The details of this engagement and the	Rocketship Si Se Puede provides regular opportunities for parents to give input on the running of their school. These opportunities include, but are not limited to, monthly coffee chats with the principal, community meetings, and 1:1 meetings with the school leadership team.
The LCAP is grounded in the school's specific instructional program, and community priorit Rocketship Si Se Puede opened in August 200 San Jose. The campus serves K-5 students.	ies.	In all of these engagement opportunities, RSSP encourages parents to comment on the strengths they see in the school and any operational or instructional concerns they may have, which in turn influence the school's plans for LCFF investments. In addition to these regular engagement channels, RSSP held an in-person
Rocketship Si Se Puede Fast Facts (as	of April 2015):	community meeting on April 16, 2015 to understand the components of
Enrollment	584	LCAP (including the state priorities) and to discuss how we could best use the LCFF funds to serve our students and improve services in alignment with the
FRL Population	88.47%	state priorities. In addition to sharing the state's goals, we shared information about services and resources currently offered by the school that
EL Population	68.85%	align with those priorities and initial proposals for additional services and
Special Education Population	4.65%	resources we could offer. Parent representatives from all student subgroups, including Hispanic and Asian student subgroups, attended the meeting.
Population by Ethnicity (as of April 2015): Asian: 9.93% African-American: 0.68% Hispanic: 87.33% White: 0.51% Other: 1.54%		To provide the opportunity for all school stakeholders' voices to be heard, even those who could not attend these in person meetings, Rocketship shared a survey (which was available in English, Spanish, and Vietnamese to reflect our student/family population) with all parents. The survey asked parents to indicate their preferences regarding to which services or resource
	oming students may be several grade level Guided Language Acquisition Design, small the needs of all students in their classroom	meetings and also sent the survey home with students, which was accompanied by a phone call home to remind parents to complete it. In addition to soliciting parental input into the LCAP, we held after school meetings, which school staff could attend to learn about LCFF and give feedback regarding how to use the funds. We also shared a survey with all school staff including school loaders togehore tutors, onrichment staff, o

- **Blended Learning.** Students benefit from access to adaptive online curriculum that provides them content at or slightly above their skill level, as well as the integration of technology into the classroom for project and writing work.
- Data driven instruction. RSSP uses a variety of benchmark, formative and summative assessments to continually ensure that students are making progress towards mastery of the CCSS and receiving instruction that is targeted towards their needs. Teachers gather for quarterly professional development "data days" to analyze the interim assessment data.
- **Response to Intervention (Rtl).** The Rtl framework organizes all of our academic initiatives at RSSP. Rtl is an ongoing process of using student data to make universal and individual instructional and intervention decisions. The ultimate goal of Rtl is for all students to perform at a proficient or advanced level because they have received appropriate instruction, accommodations, and modifications throughout the year.
- **Teacher Specialization.** All of our teachers specialize in either Humanities (ELA / Social Studies) or Math/Science. Advantages for elementary schools that follow the team teaching approach include deeper content knowledge, a team structure allowing better collaborative focus, easier transition to middle school, and more flexibility in student grouping.

Community priorities at RSSP include:

- **Core Values:** All Rocketship campuses share four core values-- respect, responsibility, empathy and persistence—and develop a fifth core value as a community. At RSSP this fifth core value is healthy choices. At Rocketship Sí Se Puede, our students and their families are committed to making healthy choices for their bodies and minds. We supplement our students' learning by exposing them to concepts of food system sustainability, various forms of physical exercise, growing plants, and visiting the nearby community garden.
- Parent Engagement: A core component of Rocketship's theory of action is that parents are essential to the academic success of their student. Through outreach efforts such as conferences, home visits, and community meetings, Rocketship Si Se Puede creates a community and fosters parent engagement as a critical element of a Rocketeer's success.

allocate LCFF funds and which services Rocketship Si Se Puede should offer to best serve our students. We also consulted our charter petition to ensure our LCFF investments mirrored the priorities and approach detailed in Rocketship Si Se Puede's charter application.

Additional groups engaged with during the LCAP process include:

- School Site Council
- School Leadership Team
- Rocketship Education governing board
- Rocketship Education network staff and leadership

Students were also consulted in conversations with teachers during regular classroom community meetings. These efforts focused primarily on third through fifth graders. These students were also surveyed to gather student input on school safety.

The ideas and preferences expressed in parent and staff surveys were totaled and used to influence to what services RSSP will allocate LCFF funds. These services are explained in full in the below sections of the LCAP. RSSP's preferred uses for LCFF funds included:

- maintaining class size reductions (favored by 79% of parents)
- investing in building repairs and custodial services (favored by 66% of parents)
- adding additional support staff (favored by 57% of parents)
- investing in a teacher professional development fund (favored by 54% of parents)

Maintaining class size reduction was also a chief priority for RSSP staff. 84% of surveyed staff indicated this was their top priority for LCFF funds. Staff also strongly favored any initiative that maintained or added new adult capacity on campus such as enrichment center coordinators and support staff.

Annual Update:	Annual Update:
Rocketship Si Se Puede welcomed two new assistant principals in 2014-15. Since these two members of the leadership team were largely new to the school community, a chief priority for the team was building strong relationships with RSSP families and the local community. The results of that engagement are included in the section to the right.	RSSP gathered input from a wide range of stakeholders in determining investments for next year and the use of LCFF funds in particular. Given the preferences of schools staff and families, Rocketship Si Se Puede will make the following investments aligned with the state priorities:
RSSP ended the 2013-14 school year with 74% of 2 nd -5 th grade students proficient or advanced in mathematics and 53% of 2 nd -5 th grade students proficient or advanced in literacy. In order to move more students to these top two performance quintiles, the campus developed a "flex block" program. In this program, each grade level of students has a dedicated block of time, typically 30-45 minutes, for leveled, targeted instruction. All students in the grade level are assigned to different classrooms during this time to receive personalized instruction from classroom teachers, Individualized Learning Specialists, Special Education staff, and dedicated flex block staff. RSSP hired additional flex block staff for this purpose in order to keep class sizes small during this flex block. The flex block is one of many school innovations to drive personalized learning at Si Se Puede.	 maintaining class size reductions investing in school staffing including support staff, enrichment center coordinators, the Business Operations Manager and Office Manager positions investing in additional curricular resources including classroom libraries, instructional supplies, core curriculum, leveled libraries, and online learning programs supporting technology efforts at the school, including an investment in additional student computers and technology support making necessary building repairs investing in teacher professional development through a new PD fund subsidizing the cost of student field trips to provide all students with access to enriching opportunities The sections below have been updated to reflect these new priority investments. Some of these, such as class size reduction and support staff, are consistent with 2014-15 investments. Parents and staff believed it was critical to maintain these investments. Others, such as the professional development fund, are new initiatives aligned with the evolving priorities of the campus.

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Actions/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to "ALL."

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

GOAL:		have access to Common Core standards aligned c tent areas taught by appropriately assigned teach		nnology and enroll in courses covering a broad	Related State and/or I 1_x_ 2_x_ 3 4 5_ COE only: 9_ Local: Specify	67 <u>_x</u> 8 10
Identified	With the transition to CCSS in full swing, it is essential that we are providing students with aligned curriculum and material. Rocketship Si Se Puede recently adopted a CCSS Math aligned curriculum and Writing program. These programs are in their first year of implementation. Si Se Puede is now working to leverage technology as a means of personalizing education for students and building students' technical fluency and invest in science and social studies curricula. Metrics: (i) Schools using standards-aligned instructional materials and curriculum (ii) Teachers participate in professional development focused on standards-aligned instruction. (iii) Percent of full-time teachers with appropriate credentials

 A-1. The Rocketship Si Se Puede curriculum follows the California adoption of the Common Core State Standards ("CCSS") for the subject areas of: English/Language Arts (includes Writing), and Mathematics, as well as the state standards for Social Studies, Art and Music and the Next Generation Science Standards. Rocketship has established ELA and Math focus standards – the most rigorous CCSS at each grade level – as the most important markers of success in order to prioritize the focus of instruction while also ensuring that all grade-level standards are addressed in every course. Rocketship Si Se Puede operates an inclusion model and therefore this core curriculum will benefit all students including Special Education students. For EL students, Rocketship Si Se Puede will provide additional small group instruction in both math and ELA in order to build language acquisition and to pre-teach or preview content. 	School-wide	_x_ALL OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	\$7,200 (Other)

Budget Allocation: Core Curriculum			
A-2. To ensure that our students are ready for success on the CAASPP, Rocketship Si Se Puede transitioned to computer based, Common Core aligned benchmark assessments. Consistent with our model of data driven instruction, the results of these benchmarks will be used to adjust instruction to ensure that all students are moving towards mastery of the Common Core standards. All students will use these assessments, with appropriate modifications and accommodations provided to qualifying students.	School-wide	<u>_x_ALL</u> OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	\$27,573 (Other)
Budget Allocation: Assessment Software & Materials A-3. Rocketship Si Se Puede students will be provided access to a broad array of content areas. Science and Social Studies instruction will be embedded in either Humanities or Math instruction through the use of thematically integrated, standards-based Understanding by Design (UbD) units. These thematic units provide an anchor for EL students, rooting math and ELA skills in common content. This approach has been shown to build vocabulary and schema among EL students. In accordance with the ELL framework and CCSS, these thematic units will also provide research opportunities to students to perform receptive tasks such as reading research, analytical tasks such as synthesizing sources and productive language functions such as presenting their findings. While all students will benefit from these units, EL students will receive additional support, such as previewing vocabulary and extra preparation for oral presentations, as needed. Students will have access to Physical Education and the Arts through an Enrichment block, as well as adaptive online curriculum and tutoring during their time in the Learning Lab.	School-wide	_x_ALL OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	\$24,060 (Other)
Budget Allocation: Certification Costs A-4. Increase classroom libraries that align to Common Core Rocketship Si Se Puede utilizes a Balanced Literacy approach for ELA instruction with a significant focus on Guided Reading. Expanding the breadth and depth of our classroom libraries will ensure that all students have access to a wide variety of texts to meet the different genre requirements in Common Core, as well as ensuring that all students have access to books at their appropriate reading level. Additionally, we will invest in culturally relevant literature to ensure our libraries are both accessible and engaging to students of all backgrounds and at all reading	School-wide	x_ALL OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	\$34,890 (Supplemental and Concentration Funds)

 levels. For EL students, this can be particularly motivating and a useful strategy to engage reluctant or struggling readers. These expanded libraries will also enable us to loan out books for students to take home, so that parents can support reading and language acquisition efforts at home. Budget Allocation: Classroom Libraries A-5. Increase instructional supplies that assist in the instruction of Common Core Rocketship Si Se Puede has invested in Common Core aligned materials for Math and ELA. With our Math curricula we will focus on teaching math reasoning and logical thinking as well as emphasizing visual learning as a way to help students deeply understand the conceptual underpinnings behind mathematical algorithms. Our ELA curricula will support a deeper focus on the three main genres of narrative, opinion and informational reading and writing while also providing a clear K-5 continuum for craft, language skills, and genre study. All students, including those with an IEP, will access this ELA and math curriculum, with general education and Special Education staff providing appropriate modifications and accommodations to enable students to access this content. Students now need access to additional instructional supplies, such as workbooks, manipulatives and more to complement this existing curriculum and enrich their learning experience. 	School-wide	x_ALL OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	\$34,090 (Supplemental and Concentration Funds)
A-6. Increase technology support In order to better leverage technology to address the Common Core and technical skills required in the writing and speaking & listening portions of the new standards, Rocketship Si Se Puede will be increasing the number of computers in the classroom. In Humanities, this integration will focus heavily on the Common Core writing, research and communication standards. In math/science, this integration will focus on fact fluency, mathematical reasoning and justification and problem- solving. Budget Allocation: Student Computer Equipment	School-wide	<u>_x_ALL</u> OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	\$63,650 (Supplemental and Concentration Funds)

A-7. In addition to increasing student computer equipment, RSSP will be making an investment in support to ensure that the technology is working smoothly for students.Budget Allocation: Technology Support	School-wide	_x_ALL OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	\$29,700 (Supplemental and Concentration Funds)
A-8. Professional Development Fund Rocketship Si Se Puede has a number of veteran Rocketship teachers who express a strong desire to continue honing their craft and developing as professionals. RSSP will establish a professional development fund to reward high-performing teachers with additional learning opportunities and to incentivize experienced teachers to continue working at Rocketship where their development is made a priority. With eligible topics including Spanish language study, teaching in an inclusion model, and the Teachers College Reading And Writing Institute, students are sure to benefit from this additional training their teachers will have received. Budget Allocation: PD Fund	School-wide	_x_ALL OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	\$24,000 (Supplemental and Concentration Funding)
A-9. Teachers receive professional development in using standards for curricular planning and instructional practice. Once per week, teachers and administrators have an early release day for professional development, planning, and analyzing student mastery of standards. Teachers work in grade-level teams and in content areas across the school to develop as professionals in using textbooks and integrating standards-aligned instructional materials into their lesson plans. Budget Allocation: Weekly PD	School-wide	_x_ALL OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	\$64,837 (Supplemental and - Concentration Funding)
A-10. RSSP will adopt a new Special Education staffing model. In this new model, RSSP will hire an additional Integrated Special Education Specialist. This will lower the caseloads for each ISE Specialist, enabling them to provide increased services to Special Education students. In addition, the Rocketship network is increasing shared services across all campuses, including additional school psychology, speech, and occupational therapy services. These services that we provide at RSSP exceed the school's allocation for Special Education services. Therefore, the balance must be paid from the general education budget as determined by the per pupil allocation. C-1. As described in support of Goal A above, Rocketship Si Se Puede's instructional model will be grounded in research based, Common Core aligned curriculum. It is through the combination of these standards and curriculum with key instructional strategies that we will move all of our students towards proficiency in key content areas. As described in section 1, RSSP's key instructional practices include personalization, blended learning, data-driven instruction, Response to Intervention and teacher specialization. All students, including our Special Education students, access and benefit from this instructional model as Rocketship Si Se Puede operates an inclusion model. In particular, our Special Education students benefits from our Rtl model in which they receive additional Tier II and Tier III tutoring from the general education, special education, Learning Lab and paraprofessional staff. In addition, our adaptive Online Learning Programs are able to adapt to each student's level, ensuring that all aspects of our instructional program are appropriately differentiated for our Special Education students.	School-wide	_x_ALL OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	\$66,053 (Supplemental and Concentration Funds)
Budget Allocation: Core Curriculum, Leveled Libraries, Online Learning Programs, Response to Intervention C-2. Our goal is to help our EL students make rapid progress out of levels 1 and 2 and into levels 3 and higher on the CELDT Assessment. We believe that the most effective instructional approach for a school with a high EL population is to embed ELD principles in all aspects of the curriculum and to teach explicit ELD during a portion of the day. To embed ELD principles across all subjects, we work with Project GLAD (Guided Language Acquisition Design) to teach our teachers methods to provide additional instructional support to EL students. Our explicit ELD will focus on developing oral language, grammatical constructs and academic vocabulary in English. This period will take place during the Humanities block when EL students may be leveled by English fluency and provided with explicit ELD instruction. In the Rtl tutoring program,	School-wide	ALL OR: Low Income pupils _x_English Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	\$16,555 (Other)
ELs who are not making Significant Gains may receive Literacy instruction as well as ELD as appropriate. Special Education students who are also ELs may have a particularly challenging time acquiring English language. In these cases, we provide Tier II and Tier III tutoring in small group or 1:1 settings. Budget Allocation: Staff Training (GLAD)			

 C-3. Maintain Class Size Reduction Teachers are the most critical ingredient for success at Rocketship. Students receive personalized instruction through targeted small group instruction and effective whole group instruction led by highly qualified teachers. In order to deepen the impact of our teachers and further personalize instruction, we will be maintaining class size reductions originally initiated in the 2014-15 school year. This class size reduction enables teachers to pull even smaller groups for small group instruction. The reduction will also be particularly beneficial for our Special Education and English Learner populations who will have more frequent access small group instruction and will learn in even smaller, more targeted group settings. Our explicit ELD will focus on developing oral language, grammatical constructs and academic vocabulary in English. This period will take place during the Humanities block when EL students may be leveled by English fluency and provided with explicit ELD instruction. In the Rtl tutoring program, ELs who are not making Significant Gains may receive Literacy instruction as well as ELD as appropriate. Special Education students who are also ELs may have a particularly challenging time acquiring English language. In these cases, we provide Tier II and Tier III tutoring in small group or 1:1 settings. In addition to our core instructional strategies, we employ a number of essential actions in unique service of our EL students. Many of these actions, such as the GLAD professional development, are specifically designed to ensure EL students attain English proficiency and meet the same challenging content as other students. Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

This test proved challenging for students as they adjusted to the computerized adaptive assessment and teachers invested significant time in evaluating and norming on open-ended responses. Though this transition was difficult, we feel confident that this test better prepared all students for the CAASPP. Further, watching our Special Education and EL students take this test provided great insights into the additional preparation these students will need to be successful on the CAASPP and the appropriate modifications available to them. The difference in budgeted vs. actual costs is due to the cost of individual student accounts for assessment materials.		\$25,979 (Other)

Increase classroom libraries that align to Common Core Rocketship Si Se Puede utilizes a Balanced Literacy approach for ELA instruction with a significant focus on Guided Reading. Expanding the breath and depth of our classroom libraries will ensure that all students have access to a wide variety of texts to meet the different genre requirements in Common Core, as well as ensuring that all students have access to books at their appropriate reading level. Additionally, we will invest in culturally relevant literature to ensure our libraries are both accessible and engaging to students of all backgrounds and at all reading levels. Budget Allocation: Classroom Libraries	\$26,550 (Other)	RSSP purchased classroom library sets from Schoolwide, providing each literacy teacher with hundreds of new texts spanning a variety of reading levels. These expanded libraries ensure that all students, including those reading well above or below grade level, have access to high-interest and relevant reading material. Half of these books were non-fiction titles, in line with the CCSS shift towards a balance between narrative and informational texts. Classroom libraries came in significantly under budget as RSSP chose to place a smaller order than originally anticipated. The fourth and fifth grade had large existing libraries and therefore did not require a significant investment in 2014-15.		\$18,068 (Other)

Increase instructional supplies that assist in the instruction of Common Core Rocketship Si Se Puede will be investing Common Core aligned materials for Math and ELA. With our Math curricula we will focus on teaching math reasoning and logical thinking as well as emphasizing visual learning as a way to help students deeply understand the conceptual underpinnings behind mathematical algorithms. Our ELA curricula will support a deeper focus on the three main genres of narrative, opinion and informational reading and writing while also providing a clear K-5 continuum for craft, language skills, and genre study. All students, including those with an IEP, will access this ELA and math curriculum, with general education and Special Education staff providing appropriate modifications and accommodations to enable students to access this content. Budget Allocation: Instructional Supplies	\$35,325 (Other)	aligned mathematics pro foundational tool for the Standards. In addition to signature math strategie Common Core. Increase technology support In order to better leverage technology to address the Common Core and technical skills required in the writing and speaking & listening portions of the new standards, Rocketship Si Se Puede will be increasing the number of computers in the classroom. In Humanities, this integration will focus heavily on the Common Core writing, research and communication standards. In math/science, this integration will focus on fact fluency, mathematical reasoning and justification and problem-solving. Budget Allocation: Student Computer Equipment	\$36,677 (Other)	Rocketship Si Se Puede purchased replacement computers to replace broken devices and purchased new Chromebooks for use in the classroom. These Chromebooks are used in a variety of ways including highly-personalized center activities powered by RAZkids, MyON and other programs. They are also used for whole class activities such as publishing writing pieces, conducting research and participating in the Hour of Code campaign. Actual expenses were less than expected as RSSP placed a large computer order at the end of 13-14, which meant that 14-15 expenses were lower than projected. However, RSSP anticipates student computers to be a significant expense in the 15-16 school year.	\$15,871 (Other)

In addition to increasing student computer equipment, RSSP will be making an investment in support to ensure that the technology is working smoothly for students. Budget Allocation: Technology Support	\$29,700 (other)	RSSP transitioned to a computer-based, Common Core-aligned benchmark assessment provided by Key Data Systems. We experienced technical difficulties with having so many students simultaneously take a computerized benchmark. This required additional technical support. Luckily, RSSP identified these technical difficulties early and invested in additional wireless capacity to facilitate the smooth administration of online assessments. This ensures that RSSP is well-prepared for the CAASPP which will run under similar conditions.	\$27,217 (Other)

Scope of School-wide School-wide service: _x_ALL OR: Low Income pupils English Learners Low Income pupils English Learners _Foster Youth ___Redesignated fluent English proficient _Foster Youth __Redesignated fluent English proficient _Other Subgroups:(Specify)_ _Other Subgroups:(Specify)_ Over the past two years, Rocketship Si Se Puede has invested a great deal of time and resources into fully-transitioning to the Common Core. This has included investment in Common Core-aligned curricula and corresponding training on these programs. This has built teachers' and school leadership's knowledge of the Common Core and developed their facility with using and adapting curricula. Now that RSSP has a strong curricular foundations, we will invest more heavily in instructional supplies to ensure our students have access to high-quality and age-appropriate material. In addition, RSSP will focus on developing teacher-created ELA units and unit assessments that build upon the Calkins curriculum. Teacher coaching will focus primarily on coaching and training support around reading comprehension and implementation of Singapore Math & instructional strategies that support CCSS. What changes in actions, services, and expenditures will be made as a RSSP also invested in the addition of new technological devices in the classroom for all students in general and for Special result of reviewing past progress Education students in particular. This has increased our teachers' abilities to provide highly personalized instruction due to and/or changes to goals? the wealth of leveled and adaptive online learning technologies available to students via Chromebooks. We will continue to invest in this area and further lower our student to computer ratios from 3:1 to 5:2. We expect to continue on this trajectory

for several years.

Increase support staff (arrival, dismissal, hourly) In order to continue to strengthen our systems and operations we have decided to invest in additional staff to support daily transition points such as arrival, dismissal, lunch and recess. These transitions represent a significant percentage of behavior issues on campus. By increasing support staff during these transitions, the school will ensure that students are provided with a safe and welcoming environment throughout the day. Students with behavior support needs will benefit from calmer and quieter transitions and additional supervision during this time will enable staff to quickly deescalate any outbursts that occur during this time. Budget Allocation: Support Staff Salaries	\$115,415 (Supplemental and Concentration Funding)	Additional support staff have been a critical investment at RSSP, providing the necessary staffing for our universal breakfast program, lunch, arrival and dismissal. Support staff are posted at strategic locations around the campus to ensure no one gains entry to the school without an appropriate pass, that all student walkers are accompanied by an adult, and that all cars obey the arrival and dismissal procedures, thereby ensuring greater safety for our students. They also provide a consistent and friendly presence for students and parents during these key interactions. RSSP exceeded the allocation for this budget item. At times, RSSP paid overtime hours to support staff, thereby driving up the cost of this budget line item. Next year, RSSP has allocated significantly more dollars to support staff and is budgeting for many more support staff hours.		\$125,302 (Supplemental and Concentration Funding)

As described in support of Goal A above, Rocketship Si Se Puede's instructional model will be grounded in research based, Common Core aligned curriculum. It is through the combination of these standards and curriculum with key instructional strategies that we will move all of our students towards proficiency in key content areas. As described in section 1, RSSP's key instructional practices include personalization, blended learning, data-driven instruction, Response to Intervention and teacher specialization. All students, including our Special Education students, access and benefit from this instructional model as Rocketship Si Se Puede operates an inclusion model. In particular, our Special Education students benefits from our Rtl model in which they receive additional Tier II and Tier III tutoring from the general education, special education, Learning Lab and paraprofessional staff. In addition, our adaptive Online Learning Programs are able to adapt to each student's level, ensuring that all aspects of our instructional program are appropriately differentiated for our Special Education students. Our goal is to help our EL students make rapid progress out of levels 1 and 2 and into levels 3 and higher on the CELDT Assessment. We believe that the most effective instructional approach for a school with a high EL population is to embed ELD principles in all aspects of the curriculum and to teach explicit ELD during a portion of the day. To embed ELD principles across all subjects, we work with Project GLAD (Guided Language Acquisition Design) to teach our teachers methods to provide additional instructional support to EL students. Our explicit ELD will focus on developing oral language, grammatical constructs and academic vocabulary in English. This period will take place during the Humanities block when EL students may be leveled by English fluency and provided with explicit ELD instruction. In the Rtl tutoring program, ELs who are not making Significant Gains may receive Literacy instruction as well as ELD as appropriate. Special Education students who are also ELs may have a particularly challenging time acquiring English language. In these cases, we provide Tier II and Tier III tutoring in small group or 1:1 settings. Budget Allocation: Staff Training (GLAD)		\$2,013 (Other)	RSSP continues to partner with Project GLAD to ensure all teachers are trained on the GLAD strategies for ELD instruction and are familiar with the new ELD framework developed by the CDE. These practices are embedded in all parts of instruction so that the more than 68% of RSSP students who are ELs always engage in appropriate and accessible instruction. Rocketship Si Se Puede provides GLAD training to any new staff members who have not already attended the 6 day training. As RSSP had a number of new staff in 2014-15, the campus exceeded its allocation for this budget item.		\$12,139 (Other)

Teachers are the most critical ingredient for success at Rocketship. Students receive personalized instruction through targeted small group instruction and effective whole group instruction led by highly qualified teachers. In order to deepen the impact of our teachers and further personalize instruction, we will be reducing class sizes. This class size reduction will enable teachers to pull even smaller groups for small group instruction. The reduction will also be particularly beneficial for our Special Education and English Learner populations who will have more frequent access small group instruction and will learn in even smaller, more targeted group settings. Budgetary Impact: Reducing Class Size		\$183,148 (Supplemental and Concentration Funding)	RSSP reduced class sizes by an average of 2 students per class. We accomplished this by admitting fewer new students and by refraining from backfilling departures in the upper grades. This has resulted in more personalized attention for students, more targeted small group groupings and created less congestion during peak events such as the morning launch ritual, hallway transitions, lunch, recess and enrichment. This has reduced friction between students and we have seen fewer instances of misbehavior during these times. RSSP is committed to maintaining class size reductions in the 2015-16 school year. The budgetary impact was much greater than projected; we have updated our 2015-16 budget to reflect this.		\$223,207 (Supplemental and Concentration Funding)

 Enrichment Coordinators Enrichment is a critical component of a students' education at Rocketship. In addition to aligning with CCSS standards, time spent in the Enrichment Center provides students with fun and engaging activities that increase their focus and commitment during core instruction. The Enrichment Center Coordinators provide students with the opportunity to engage in physical education, art, and various other enrichment activities. The Coordinators play a critical role in strengthening school culture. Importantly, enrichment also provides an opportunity for students to excel and show off talents that may not be immediately apparent in a general education setting. For our Special Education students, this can be an especially motivating and engaging portion of their day. Budget Allocation: Enrichment Coordinators 	\$121,805 (Other)	Rocketship Si Se Puede offered a variety of enrichments in 2014-15 including physical education, art, gardening, and science. Having additional enrichment coordinators not only adds greater variety and creates a more well-rounded learning experience for students, but it also means each enrichment center has fewer students. This ensures that all students receive adequate attention and that students are safe at all times. This has been particularly critical where physical education is concerned. Students also report being more engaged due to the variety of enrichment courses.		\$121,880 (Other)

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$1,149,466
--	-------------

Rocketship Si Se Puede is located in Alum Rock School District where the enrollment of unduplicated pupils is above 55%. As a result, RSSP qualifies for supplemental and concentration funding. RSSP is expected to have an unduplicated pupil population of 93.75%. RSSP's estimated supplemental and concentration grant for 2015-16 is expected to be \$1,149,466. Rocketship Si Se Puede plans to expend these funds on maintaining class size reductions; investing in school staffing including support staff, enrichment center coordinators, the Business Operations Manager and Office Manager positions; investing in additional curricular resources including classroom libraries, instructional supplies, core curriculum, leveled libraries, and online learning programs; supporting technology efforts at the school, including an investment in additional student computers and technology support; making necessary building repairs; investing in teacher professional development through weekly PD and a new PD fund; and subsidizing the cost of student field trips to provide all students with access to enriching opportunities.

The majority of the school's population is low income, where many of these school-wide initiatives will be a great benefit to these low income students. The use of LCFF supplemental and concentration grant funds, while school-wide initiatives, are particularly beneficial for Rocketship Si Se Puede's unduplicated population as follows:

• Class size reduction. Rocketship Si Se Puede's instructional model is built on the foundation of personalization. We believe that targeted small group instruction and 1:1 tutoring are the most effective ways to ensure that all students are moving towards proficiency. For our unduplicated

population, and particularly our EL students and Special Education students, targeted small group instruction ensures that a student is able to receive specific language instruction and they are able to further develop their language proficiency through re-tells, explicit vocabulary lessons, and a small group focus on letters, word patterns, spelling, blends, sounds, etc. In addition, during small group guided reading time, staff will provide an EL center, which will be focused on specific language activities (picture cards, writing, vocabulary development, etc.) that are targeted to specific categories of students based on level of progress. By reducing class size, we will ensure that our unduplicated population receive even smaller group instruction and increased attention from their highly qualified teacher.

- Increased support staff. We know that our unduplicated population, and particularly our socio-economically disadvantaged students, can benefit from a high level of engagement with positive adult relationships throughout their school day. This investment in additional support staff will ensure that during critical transition points such as arrival, dismissal, lunch and recess, our unduplicated population is supported by adults who are ensuring they are provided with a safe and welcoming environment throughout the day.
- Enrichment coordinator. Enrichment is a critical component of our unduplicated students' education. In addition to aligning with CCSS standards, time spent in the Enrichment Center provides students with fun and engaging activities that increase their focus and commitment during core instruction. The Enrichment Center Coordinators provide students with the opportunity to engage in physical education, art, and various other enrichment activities that our unduplicated students may not otherwise be able to access. The Coordinators play a critical role in strengthening school culture.
- Business Operations Manager. The BOM oversees the daily operations of the school and oversees key processes such as breakfast, lunch, arrival and dismissal. As such, the BOM interacts with all students and families at the school and therefore plays a critical role in setting and upholding the culture of the school. The BOM is also responsible for maintaining the safety and positive culture of all common spaces. All students, including unduplicated students, benefit from a school environment that is safe, welcoming, and efficiently run.
- Office Manager. The OM interacts with all students and families at the school and is at the center of coordinating all parent outreach and communication, including our parent volunteer program, community meetings, and school events. The OM also coordinates many translation services at the campus, ensuring that our unduplicated students and their families all have access to timely, relevant, and accessible information about their child's progress and the running of the school.
- **Classroom libraries.** Rocketship Si Se Puede invests in culturally relevant literature to ensure our libraries are both accessible and engaging to students of all backgrounds and at all reading levels. For EL students, this can be particularly motivating and a useful strategy to engage reluctant or struggling readers. These expanded libraries will also enable us to loan out books for students to take home, so that families who cannot afford

at-home reading material can support reading and language acquisition efforts at home.

- Instructional supplies. We provide many instructional supplies to students who are not able to afford these items for themselves. In addition, we use these funds to purchase classroom supplies such as math manipulatives and materials for art class, which allow our unduplicated students to enjoy a rich learning experience that includes many modes of learning.
- Student computers and technology support. Additional technology in the classroom will help ensure that our unduplicated population, and particularly our EL students, are receiving the supports they need to meet the technical skills required in the writing, speaking and listening portion of the Common Core standards. With increased access to computers, our unduplicated students will have increased opportunities to practice and improve fluency during their Humanities class where technology integration will focus heavily on the Common Core writing, research and communication standards. This investment in new and replacement devices will ensure that all unduplicated students have access to functioning properly at all times.
- Field trips. Field trips provide an important opportunity to both deepen students' learning and increase engagement. Many of the field trips taken will be science and/or social studies related, enabling teachers to integrate the learning into their thematic units back in the classroom. In addition, parents often attend field trips with their students, thereby increasing parental engagement as well. Importantly, field trips provide real-life experiences that our unduplicated students may not otherwise experience, enriching their education and creating engaging learning opportunities.
- Building repairs and custodial services. Students need a safe, clean, and welcoming school environment that functions well so that staff's energy is put towards providing an excellent education and not towards mitigating challenges with the facility. By making strategic investments to repair damages to the building, invest in upgrades and increase custodial services, our unduplicated students will enjoy a school that runs smoothly and efficiently and preserves time for instruction.
- **Teacher professional development.** All students benefit from highly trained and highly motivated teachers. RSSP will establish a teacher professional development fund for experienced educators to continue driving their own development and translate the knowledge and skills gained in professional development into classroom practice. All students, including unduplicated students, benefit from this investment. Further, these professional development opportunities are geared towards content most relevant to our unduplicated population, including Spanish language immersion, teaching in a special education inclusion model, and advanced EL instruction. Further, RSSP devotes three hours every week to professional development. The costs for this additional PD time is covered by supplemental and concentration funds.
- Special education encroachment. Rocketship Si Se Puede will add greater capacity to their Integrated Special Education team. The new ISE Specialist will reduce the caseload for each ISE teacher on campus, thereby increasing the personalized attention and frequency of services for

Special Education students on campus, including more frequent Tier III tutoring, co-teaching and 1:1 services. As the costs of these services exceeds RSSP's Special Education budget, this will be funded using LCFF supplemental and concentration funds.

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

28 %

Si Se Puede's supplemental and concentration grant expenditures in 2014-15 is expected to be \$650,412. The estimated supplemental and concentration grant funding for RSSP in 2015-16 is estimated to be \$1,149,466 which is a 77% increase from this year or \$499,054 in additional funding for our unduplicated pupils. Services for unduplicated students must increase by 28%.

Maintaining class size reduction and staffing investments are the primary contributors in increased services as a result of increased funding. In 2013-14 classes were taught at a ratio of approximately 30:1, however, with the increased LCFF funding, class size ratios have been decreased to an average of 28:1. We will maintain this 28:1 ratio. Rocketship Si Se Puede's instructional model is built on the foundation of personalization. We believe that targeted small group instruction and 1:1 tutoring are the most effective ways to ensure that all students are moving towards proficiency. For our unduplicated population, and particularly our EL students, targeted small group instruction ensures that a student is able to receive specific language instruction and they are able to further develop their language proficiency through re-tells, explicit vocabulary lessons, and a small group focus on letters, word patterns, spelling, blends, sounds, etc. In addition, during small group guided reading time, staff will provide an EL center, which will be focused on specific language activities (picture cards, writing, vocabulary development, etc.) that are targeted to specific categories of students based on level of progress. By reducing class size, we will ensure that our unduplicated population receive even smaller group instruction and increased attention from their highly qualified teacher. Additionally, RSSP will invest in our enrichment center coordinators, support staff, business operations manager and office manager, to ensure greater oversight of student activities, leading to a safer and more welcoming environment for all students. In addition, students will have access to greater selection of enrichment offerings. Our investments in classroom libraries, instructional supplies, student computers, and field trips are of particular benefit to our unduplicated students, as they would typically not be able to access such materials or experiences on their own. Many of our unduplicated students do not have access to robu

NOTE: Authority cited: Sections 42238.07 and 52064, Education Code. Reference: Sections 2574, 2575, 42238.01, 42238.02, 42238.03, 42238.07, 47605, 47605.5, 47606.5, 48926, 52052, 52060-52077, and 64001, Education Code; 20 U.S.C. Section 6312.

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
 - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
 - (3) Divide (1) by (2).
- (b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.
- (c) "High school dropout rate" shall be calculated as follows:
 - (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (d) "High school graduation rate" shall be calculated as follows:
 - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).

- (e) "Suspension rate" shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
 - (3) Divide (1) by (2).
- (f) "Expulsion rate" shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
 - (3) Divide (1) by (2).
