Prop. 28 Updates

- **Timeline for funding allocations**: First (1st) allocation “will occur later” than normal in 2023-24
  - This is because it won’t be calculated until after the budget act is passed

- **Funding Allocation**: Directly to the LEA and must be distributed in the predetermined amounts to school sites, calculated by CDE. Preliminary estimates, district totals and by school, [here](#).

- **Restrictions for use (so far)**:
  - LEAs with more than 500 pupils must expend at least 80 percent of the funds to employ certificated or classified employees to provide arts education instruction and the remaining funds for training supplies, curriculum, professional learning, materials, and arts educational partnership programs.
  - No more than one percent of Arts & Music in Schools (AMS) funds may be expended on administrative costs.
  - Funds are meant to increase what is already in place -- not to replace the funding.

- **Funds are subject to audit** (EC 41020)

- **Reporting Requirements**: Each school is required to submit an annual board-approved report to be posted on the school district’s and Department of Education’s websites that details the type of arts education programs funded by the program; the number of full-time equivalent teachers, classified personnel, and teaching aides; the number of pupils served; and the number of school sites providing arts education programs with such funds.

LCAP ENGAGEMENT REMINDERS

With whom are charter schools required to consult? (Posted 08-Jan-2018)

As in the case of districts and COEs, statute provides the minimum consultation requirements for charter schools. Charter schools are required to consult with parents (including at least one parent of a SWD), students, principals, teachers, administrators, and other school personnel in accordance with EC Section 47606.5 (e) as part of the development of the LCAP.

Does the charter school governing body need to hold a public hearing to adopt the LCAP and annual update? (Reviewed 08-Jan-2018)

The statute is silent; however, charter schools are required to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP and annual update (EC Section 47606.5(e)). Charter schools are encouraged to follow a process similar to that required for a school district, which is to hold an initial public hearing to solicit recommendations and comments on the LCAP and annual update, followed by a subsequent public meeting for adoption of the plan, before submitting the adopted LCAP to the charter authorizer.
Public Hearing & Adoption

→ **Public Hearing** (if you hold one for LCAP) and **Adoption** must be at separate meetings before June 30

→ **Local indicators** presented at the LCAP Adoption meeting

→ Adopted LCAP due to authorizer within 5 days of adoption

→ **Federal Addendum** does not have a required adoption date but must be updated annually & shared with DELAC
  ♦ NOTE: use of federal funds requires an annually adopted plan
  ♦ the date of adoption is reported in CARS

→ **Application for funding** must be shared with DELAC and approved by local boards before August 31
  ♦ the date of adoption is reported in CARS
