BCS has **effective** processes for developing and conducting an annual audit, as evidenced by an annual audit process overseen by a finance committee. There is also collaboration between our Finance Committee and EdTech when it comes to the budgeting process. BCS is **not effective** in tracking budget actuals, as evidenced by site-based staff not having a process for doing so.

BCS is **somewhat effective** in providing facilities conducive to learning. This is evidenced by several spaces designed to provide real-world learning opportunities (FabLab, Woodworking, Cooking, etc.), and there is coordination between our operations staff and the district to address any areas of concern with facilities. However, parent surveys and anecdotes induction that our facilities setup presents challenges.

BCS is **somewhat effective** in maintaining adequate instructional materials and equipment/technology. Our inventories show evidence of access to a variety of textbooks and materials, though resources are not always distributed equitably across classrooms and campuses. While many resources are available on our

Documentary Record 001792

staff intranet, this platform needs constant updating and attention to make it user-friendly.

BCS is **effective** in providing professional learning opportunities throughout the year, as evidenced by August Professional Learning Resources (gender inclusive signs, dimensions of gender slides, ABCs of IEP slides, behavior support slides) and a calendar of trainings. However, BCS is only s**omewhat effective** in nurturing professional development for all of its staff members. While all staff members set professional goals, each year, several staff members seek more clarity on the process of setting and tracking goals and using our continuum. Additionally, our non-teaching staff members do not yet have a fully developed evaluative structure.

A6. Resources Criterion [Charter Schools only]

The governing authority and the school leadership execute responsible resource planning for the future. The school has developed policies, procedures, and internal controls for managing the financial operations that meet state laws, generally accepted practices, and ethical standards. The school is fiscally solvent and uses sound and ethical accounting practices (budgeting/monitoring, internal controls, audits, fiscal health, and reporting).

A6.1. Long-range Financial (and Other Resources) Plan and Stakeholder Involvement: The school regularly involves stakeholders in the review of its long-range plan/capital needs (and other resources) in relation to the school's vision, mission, and schoolwide learner outcomes. Decisions about resource allocation are directly related to the school's vision, mission, and schoolwide learner outcomes.

Findings	Supporting Evidence
The LCAP outlines the allocation of funds in alignment to school goals	LCAP Budget Overview for Parents
LCAP participation included parent and staff groups who provided input on different components of plan; included representation and input from ELAC committee	Parent and staff Padlet #1 Parent and staff Padlet #2 Parent and staff Padlet #3 Parent and staff Padlet #4 ELAC's LCAP Brainstorm Padlet
School leadership, comprised of teacher leaders and administrators, are involved in monthly meetings to provide input on schoolwide decisions	Leadership Team Agenda Screenshot

A6.2. Regular Accounting and External Audit Procedures: The school has written policy that defines internal controls, contracts, regular accounting, and external audit procedures.

Findings	Supporting Evidence
BCS reviews and updates its Financial Policies yearly.	Financial Policy
An external audit happens yearly, overseen by the Finance Committee, a sub-committee of the board.	Fiscal Audit from 2020

A6.3. Processes for Implementation of Financial Practices: The school employs accountability measures to assure that personnel follow fiscal policies and procedures.

Findings	Supporting Evidence
The yearly fiscal audit includes an assessment of personnel accountability measures, gathered via survey from key partners involved in fiscal	Fiscal Audit from 2020

Documentary Record 001793

decisions.	

A6.4. Budgeting Process — Transparency: The school develops and monitors its annual budgeting process to ensure transparency and stakeholder involvement.

Findings	Supporting Evidence
The budget is reviewed at a variety of points throughout the spring, including at board meetings and Finance Committee meetings.	Finance Committee Agenda Minutes Board Meeting Agenda
Site-based staff have limited involvement in the budget setting process	N/A

A6.5. Adequate Compensation, Staffing, Reserves: The school governing body provides adequate compensation to faculty, administrators, and staff; adequate staffing for the school's program; and reasonable accumulation of reserves.

Findings	Supporting Evidence
Annual budget represents a substantial and appropriate amount of funds allotted for compensation	Budget 2021-22 School Year
Teachers salaries have been determined based on a continuum which identifies key areas which our faculty contribute to our program	Continuum with salary bands
FTE counts are foundational in the building of the annual budget	Average salary calculations by FTE
There are some holes in fully staffing the school's program, largely in relation to having one associate teacher per grade level per campus.	Only one grade level this academic year has had a dedicated associate teacher for the full year Teacher shortages documented across the country Greenhouse screenshot - Very few applicants for AT positions

A6.6. Marketing Strategies: The school has marketing strategies to support the implementation of the developmental program, including research and information to help develop future planning.

Findings	Supporting Evidence
The BCS Foundation supports the schools operating budget, providing additional funds aside from state and federal revenue for the school to implement its yearly program.	BCS Foundation website

A6.7. Informing the Public and Appropriate Authorities: The governing authorities and school leaders inform the public and appropriate governmental authorities about the financial needs of the organization.

Findings	Supporting Evidence
LCAP, approved budget, and budget overview are available on our public website as well as shared with our authorizer	LCAP Budget Overview for Parents Budget 2021-22 School Year BCS Public Website

Documentary Record 001794

Strengths/Areas of Growth

	Strengths	Areas of Growth
1	BCS has substantial funds allocated for compensation for faculty, administrators, and staff.	The school's Associate Teacher program is not adequately staffed with one associate teacher per grade level, per campus.
2	BCS has financial policies that are audited, reviewed, and updated yearly.	Site-based staff have limited involvement in the budget setting process
3	Input from staff, parents, and other key stakeholders is collected at various points throughout the year (LCAP and ELAC groups, leadership meetings)	
4	The budget is reviewed at a variety of points throughout the spring and shared at public board meetings	

A6. Prompt: *Evaluate the school's effectiveness in addressing the criterion and each of the above indicators; include supporting evidence.*

BCS is **effective** in involving stakeholders in its review and development of its long-range plans, as evidenced by are focused on learner outcomes and the school mission. The school leadership team also holds monthly meetings to provide input on schoolwide decisions about resources related to learner outcomes.

BCS has **effective** procedures for implementing financial practices and engaging in external audits, as evidenced by having a written policy and yearly external audits overseen by a Finance Committee.

BCS is **somewhat effective** in providing transparency and stakeholder involvement in the budgeting process. The budget is reviewed at a variety of points throughout the spring, including at public board meetings. However, site-based staff have limited involvement in the budget-setting process. Finding ways to incorporate staff input into the budget process would be a good next step.

BCS's governing body is **effective** in providing adequate compensation to faculty, administrators, and staff, as evidenced by an annual budget that has **substantial** funds allotted for compensation. However, BCS has **not been effective** in adequately staffing the school's program. Due to teacher shortages and very limited applicants, BCS has not been able to hire enough associate teachers to fully staff the associate teacher program as it was designed. Continuing to redefine what recruitment and outreach to possible candidates looks like will be an important step moving forward.

BCS **adequately** informs the public and appropriate authorities about the financial needs of the organization, as evidenced by the LCAP, approved budget, and budget overview being shared with our authorizer as well as made readily available on our public website.parent and staff input on the LCAP and participation in the ELAC committee to ensure decisions and resources

CURRICULUM

B1. Rigorous and Relevant Standards-Based Curriculum Criterion

All students participate in a rigorous, relevant, and coherent standards-based curriculum that supports the

Documentary Record 001795

achievement of the schoolwide learner outcomes, academic standards, and the college- and career-readiness standards in order to meet graduation requirements.

B1.1. Current Educational Research and Thinking: The school provides an effective, rigorous, relevant and coherent curriculum based on current educational research and thinking that supports the academic standards.

Findings	Supporting Evidence
Staff engages in professional learning opportunities to keep up to date on changing standards and to support learners.	Schedule of staff meetings (please note August PD and mid-January PD)
Second language education in Mandarin integrates speaking and listening skills and reinforces certain subject area topics	Grade level long term plan example
Some grade levels regularly analyze student performance to inform teaching	3rd grade analysis of S performance
K-8 Reading/Writing Curriculum based on Lucy Calkins Units of Study, which, among other things, utilize outdated "3-cueing" theory of reading. As a result, additional curriculum is needed to supplement reading and writing lessons.	Figurative Language Sort - supplementary material that 5th grade uses to support Lucy Calkins curriculum Intro to Opinion Writing - Samuel Essay - heavily leans on Step Up to Writing curriculum to scaffold literature opinion writing
K-8 grades have access to NGSS & K-5 EEI for Science, Social Studies (Foss updated K-8) and PBLs	Grade 3 Long Term Plan (social studies and science) Makerspace Long Term Plan 6th Grade Long term plan Science Framework (aligned with Next Generation Science Standards) Grade 5 Chen Mixtures and Solutions labs
Grades 6-8 Spanish uses Vista Higher Learning textbook Descubre 1 (online 2017 version)	MS Spanish long term plan
K-5 implements Eureka Math for math curriculum, which has been shown to be effective and rigorous. However, many teachers have to make adaptations to the curriculum to make it relevant for their class.	Eureka Math website

B1.2. Academic and College- and Career-Readiness Standards: The school has defined academic standards and college- and career-readiness indicators or standards for each subject area, course, and/or program that meet or exceed graduation requirements.

Findings	Supporting Evidence
K-8 Long term plans have academic standards defined for each subject area.	5th grade long term plan 6th grade long term plan
6-8 Long term plans have college and career readiness standards integrated into plans	7th Grade Long Term Plan (includes C3 Framework Standards)
5th and 8th grade students at BCS can participate in Biliteracy Pathways and demonstrate global competency	2020-21 Biliteracy Pathways Participation Interest Form
K-8 BCS follows Common Core Standards, which are "a rigorous set of standards" as defined by The Council of Chief State School Officers (CCSSO) and National Governors Association Center for Best Practices (NGA Center)	Middle School Math Geometry Standards

Documentary Record 001796

Report cards are standards-based	5th grade report cards
Co-curriculars are intended to be standards-based, but the fidelity of this is limited	Introduction to birdwatching letter listing standards alignment

B1.3. Congruence with Student Learner Outcomes and Standards: There is congruence between the actual concepts and skills taught, the schoolwide learner outcomes, academic standards, and the college- and career-readiness indicators or standards.

Findings	Supporting Evidence
Focused Learning Goals (FLG) are created for each student, allowing teachers to track and share learner outcomes with families	Example of FLG Conference Sheet
K-8 Staff Long Term Planning documents demonstrate connections and congruence between lessons taught and academic standards	2nd grade long term plans
K-8 Staff analyzes testing data from in-class assessments, NWEA, and CAASPP testing to inform teaching practices	Staff Meeting Slides on NWEA Data Analysis
Data assessment matrix 2020-21 shows that majority of students meet grade level expectations by the end of the year, even during a year disrupted by Covid-19 and distance learning	Data assessment matrix 2020-21 2020-2021 Assessment Matrix
5th grade uses standards-tied quick checks and Eureka assessments to assess students on specific math standards	Standard quick check Embarc site with links to assessments
5th grade and 8th grade students awarded biliteracy pathways certificate	Biliteracy Pathways Certificates
Final projects connect to standards and unit outcomes	Spanish: Family Tree Project Rubric & Ch. 1 and Ch. 2 skit rubric First Grade Moon Phases (slide 2) First Grade plans and Lessons 5th Grade Decimal Diner Project Algebra Polynomial Project

B1.4. Integration Among Disciplines: There is integration and alignment among academic and career technical disciplines at the school.

Findings	Supporting Evidence
8th Grade ELA utilized Makerspace/Fablab teacher support to take part in Cultural Exploration Project with partner school in Japan	Cultural Evolution PBL Planning Doc
Specials offered: Art, Music, Physical Education, Mandarin, Spanish, Drama, MakerSpace The wide range of specials allows students to explore passions. The curriculum is standards-aligned and consistent.	Art, music, drama: 50 mins per week PE: 100 mins per week World Languages: 110+ mins per week Students' Schedules
Schoolwide participation in Hour of Code lets students see what it is like to be a programmer	Hour of Code
Intersession - 6-8 students take on special projects to follow interests and learn technical skills. 7th Grade focuses on Cooking, Sewing, and Woodworking skills.	7th Grade Intersession Planning Document Trimester #3 6th Grade Intersession Planning 6-8 Intersession Competencies
Co-curriculars are standards-aligned classes that tie to global citizenship, math, science, and technology, and performing and visual arts	2021 Fall South Co-curricular sign up choices Fall North Co-curricular sign up choices
Clubs - students develop, pitch, plan, and run School Clubs which allow for	2021 Virtual Clubs Fair

Documentary Record 001797

learning and development of specialized skills & interests.	
PBLs offer students a chance to explore topics in depth in a way that gives them perspective into different career pathways and integrates several different disciplines	5th grade PBL - How do we, as **designers**, create an online learning experience that engages our community with the American Revolutionary era? - integrates SS, reading, writing, art, drama, music, and computer science 5th grade Digital Citizenship PBL integrates reading, writing, and digital citizenship skills 7th Grade Masters of the Renaissance PBL integrates history, art, research, and presentation skills

B1.5. Community Resources and Articulation and Follow-up Studies: The school engages with community partners and resources, articulates regularly with feeder schools, local colleges and universities, and technical schools. The school uses follow-up studies of graduates and others to learn about the effectiveness of the curricular program.

Findings	Supporting Evidence
Leatherback Sea Turtle PBL: 2nd grade students learn about LBST and design model to protect sea turtles from various threats. 6th graders bring the models to Costa Rica with them.	2nd gr. Leatherback Sea Turtle PBL (Art doc) *area for growth: more documentation*
5th grade Environmental Entrepreneurship PBL has students collaborating with local food banks to grow food for people in need	Environmental Entrepreneurship PBL
BCS graduates come back for end of year assembly to share their college plans	The slides from the EoY 2021 assembly. Please note that these are both those who are in the graduating high school and college classes, not just high school.
Summer bridge program supports local free and reduced lunch students over the summer, and some of them eventually come to attend BCS	Bullis Boosters Summer Bridge Camp job posting
7th Grade Intersession involves projects which are meant to benefit local community - including food drives, engineering, and sewing projects	2017-2018 Intersession Schedule Document
Pre-Covid - Junior Olympics - biannual competition with local charter schools run by BCS staff	Torch Relay photos from 2018
World Languages connects with local high schools to see what they cover and what needs to be covered for the students to be ready for Spanish 2 or Mandarin 2 or beyond.	Spanish 1 long term plan from LAHS
There is a missed opportunity to collaborate more with local community colleges, apprenticeship programs and high schools*	Did not find connections BCS has build with local community programs
Though local high schools come to present to 8th grade students, there is no documented structure or plan for this.	No evidence found - except anecdotal

Strengths/Areas of Growth

	Strengths	Areas of Growth
1	Integration among school disciplines is deep and offers a wider range of rigorous and engaging content. There is alignment across K-8.	There is no real evidence of how analysis of student performance on major assessments (NWEA, CAASPP, etc.) aligns with student needs in the classroom and consequent adjustments in curriculum

Documentary Record 001798

2	Congruence with standards and outcomes is sometimes clear, sometimes well documented, and historically successful by school's chosen metrics.	Congruence across grade levels is teacher dependent and fidelity to standards-based curriculum is teacher dependent. Documentation is dependent on teachers.
3	Project Based Learning is widely engaging and rigorous, with diverse and memorable opportunities to make contact with standards	There are relevant, 21st century skills, that are not readily accessible in the curriculum (e.g. computer science standards).
		There is an opportunity to organize more outreach/more community-focused events.

B1. Prompt: *Evaluate the school's effectiveness in addressing the criterion and each of the above indicators; include supporting evidence.*

Bullis' academic curriculum is **somewhat effective** in alignment to national and state standards in most subject areas. For example, **many** Project-Based Learning (PBL) units (K-8) and Middle School Intersession integrate science or social studies with reading, writing and/or math, and **are sometimes** supported by VAPA or World Language specialists. FABLab and MakerSpace also collaborate (and integrate technical standards) with **many** homeroom and middle school teachers throughout the course of the year. However, implementation of some programs and larger assessments interfere with regular student outcomes, and may not align with learners' needs and/or skills.

Bullis Charter School has defined academic standards and college- and career-readiness indicators or standards for **almost all** subject areas, courses, and/or programs that meet or exceed graduation requirements. We **effectively** report on standards and math practices. We **frequently** reevaluate and update our report cards to ensure that the information about our students is **more accessible** to the families. For world languages, we are **not consistent** with reporting out using standards based grading. There is also a missed opportunity to provide key 21st century skills (e.g. Computer Science).

Overall, there is **high congruence** between the actual concepts and skills taught, the schoolwide learner outcomes, academic standards, and the college- and career-readiness indicators or standards. There is **highly effective** integration and alignment among academic and career technical disciplines at Bullis Charter School. We are **less effective** at documenting our collaboration amongst staff and students.

Additionally, we are working towards improving our community outreach. We are **extremely effective** at including our BCS families in learning events, celebrations, and showcases. However, Bullis Charter School **engages only somewhat effectively** with community partners and resources, articulates regularly with feeder schools, local colleges and universities, and technical schools.

B2. Equity and Access to Curriculum Criterion

All students have equal access to the school's entire program and are provided assistance with a personal learning plan to meet the requirements of graduation and are prepared for the pursuit of their academic, personal, and career goals.

Documentary Record 001799

B2.1. Variety of Programs — Full Range of Choices: All students are able to make appropriate choices and pursue a full range of realistic college and career and/or other educational options. The school provides for career exploration, preparation for postsecondary education, and pre-technical training for all students.

Findings	Supporting Evidence
BCS offers Co-Curriculars to all K-5 students, and extra-curricular courses to K-8 students in the field of performing and visual arts, math, science, and technology, and global citizenship. All co-curricular and extra-curriculars are selected by students in collaboration with their parents/guardians.	Co-Curricular Information Extra-Curricular Information
Grade 6-8 Middle school students can lead and choose clubs based on their interests	Virtual Club Fair
Grades K-8 students can choose their personal goals that they wish to demonstrate improvement through the Focused Learning Goal process.	FLG Intranet Link- "We believe that setting, pursuing, and reflecting on goals drives learning. These systematic processes promote ownership of learning, nurture passions and interests, and assist individuals in achieving full potential."
Students in Middle School take part in Intersession three times a year, to explore other learning opportunities.	21-22 Intersession folder and Middle School Open Enrollment Info
BCS offer a rigorous and multifaceted learning environment through Project-Based Learning units	Project-Based learning that spirals throughout the K-8 Curriculum Projects are cross cut through multiple subjects. In second grade the Geostates Project-Based learning unit is a study of creating an ideal community. It is social studies cross cut with math, and art.
BCS offers a world-language program to all students. Mandarin is offered K-8 while Spanish is offered grade 6-8. The Spanish program is not as developed as the Mandarin program.	Mandarin K-8th
K-5 BCS students have access to a Makerspace lab while K-8 students have access to a FabLab.	Makerspace/FabLab Evidence

B2.2. Accessibility of All Students to Curriculum, including Real World Experiences: A rigorous, relevant, and coherent curriculum that includes real world applications is accessible to all students through all courses/programs offered. Course enrollment patterns reflect the diversity of the school's students.

Findings	Supporting Evidence
Students take part in class field trips that are often aligned with the curriculum.	5th grade Tech Museum 4th Grade Field Trip
PBL and other Unit plans	8th Grade PBL Collision (Learning Environment) 4th grade makerspace science unit Kindergarten community helpers 1st Grade Biomimicry PBL Unit Plan
Every grade level incorporates at least 2 Project-Based Learning units in its year-long plans to provide students with authentic, integrated learning	Examples of PBL Units K: Looking at the Weather

Documentary Record 001800

experiences.	1st: 1st Grade Biomimicry PBL Unit Plan 4th: Drought PBL Plan 5th: Cultural Evolution PBL 6th: Early Civilization Design Challenge Long-Term Plans: 1, 2, 3, 4, 5, 6, 7 ELA/History, MS Math,
BCS offers Intersession 3x a year to middle-school students as a way to apply learning to focus on real-world experiences	21-22 Intersession Intersession competencies Woodworking Project Student Slides
Courses do not necessarily reflect diversity of the school students	Co-curriculars are offered based on teacher preference and not specific to diversity of the students Clubs in middle school are chosen and offered based on what students want to do

B2.3. Student-Parent-Staff Collaboration: Parents, students, and staff collaborate in developing and monitoring a student's personal learning plan, including college and career and/or other educational goals.

Findings	Supporting Evidence
Parents, teachers, and students collaborate to create individual FLGs for each student. Monthly FLG monitoring is supposed to be done by teacher, parent, and student (age appropriate differentiation), but is more seen between teacher and student and is missing parent involvement in the monitoring process. There isn't a lot of evidence that these goals are connected to college and career readiness, but they are tied to other educational goals and personal passions.	2nd grade FLG example 4th grade FLG conference sheet 7th grade FLG tracking sheet List of FLG planning resources
RTI intervention is used to support students who need support academically, socially, or emotionally.	BCS RTI Pyramid RT2 Tier 2 Huddle Form
There is a full-time and part-time school counselor onsite to support teachers, students, and families.	Counseling request form
There is often regular email communication with families (both individual as well as whole group emails and newsletters).	MS math email communication with family 4th grade Newsletter 1st Grade Newsletter Bear Essential Newsletter
There are classroom Ambassadors in each K-5 classroom. Classroom Ambassadors are parent volunteers that help facilitate classroom events, field trips, and school wide events.	Ambassador email
ELL learners are identified and their academic progress is tracked throughout K-8	Data Assessment Matrix ELD Resources Guide for Staff
Staff receives some training in Integrated ELD strategies and grade-level teams create subject matter strategy guides. Integrated ELD support is used in classrooms sometimes, and there is not as much evidence of designated ELD support.	Examples: ● ELD Training folder of resources ● Kindergarten ● 1st grade: small group & 1-on-1 ELD

Documentary Record 001801

	● 4th grade ELD strategies

B2.4. Post High School Transitions: The school implements strategies and programs to facilitate transitions to college, career, and other postsecondary high school options and regularly evaluates their effectiveness.

Findings	Supporting Evidence
Bilingual pathway award for 5th and 8th graders and Math Pathways showcase programs that facilitate readiness for future education and career, but there is not evidence of other programs that facilitate this	Bilingual pathway award criteria Math pathway
There is some continued communication with students who have graduated regarding curriculum and experience at BCS that helped them feel prepared for college and career. There is an opportunity to see this used more regularly and effectively.	During 2020-2021 August PD, BCS middle schoolers and graduates spoke to teachers about what parts of their BCS experience and curriculum supported their transition to HS and college and what was missing from their experiences or what they wish they had learned at BCS. Students who are graduating high school or college speak at the end of the year assembly to talk about what they are doing and what part BCS played in that- Look at slide 2
Experts coming into the classroom to discuss their field of work and how they got there	Kindergarten community helpers unit - expert speakers (slides 3 and 4)
Teachers regularly write recommendations for learners who move on from BCS (multi-grade level)	Email recommendation

Strengths/Areas of Growth

	Strengths	Areas of Growth
1	BCS offers a variety of programs that allows for a lot of opportunities and options for students in areas of interest and/or passion.	Strategies and programs to facilitate transitions to college and career are limited and/or not documented.
2	There are many opportunities to apply knowledge of content to solve real world problems spanning throughout all grades and contents.	While there is a standardized FLG process, there is an opportunity for parents, teachers, and students to both assess the content of goals set and align them to career/college readiness, especially in the older grades.
3	There are consistent communication channels between school and families to provide information about what is going on in the classroom and at home.	Course offerings do not necessarily reflect the diversity of the school student population and there is no set cadence by which course content is reviewed and updated.

B2. Prompt: *Evaluate the school's effectiveness in addressing the criterion and each of the above indicators; include supporting evidence.*

Bullis Charter School is highly effective at providing an environment where all students have equal access

Documentary Record 001802

to the school's entire program. The school is mostly effective when it comes to providing assistance with personal learning plans to meet the requirements of graduation and preparing students for the pursuit of academic, personal, and career goals.

Bullis Charter School effectively offers a variety of programs for students from TK-8th grade that allow for many opportunities for students to explore and grow within their areas and interests of passion. However, because course offerings are based on teacher preference, our offerings do not effectively reflect the diversity of the school's student population and/or the passions areas of all students. As this is a less effective area, a suggested next step in this area would be to provide the opportunity to have a variety of student voice in the recommendation process for co-curriculars, extra-curriculars, and clubs.

Bullis Charter school works well by offering opportunities for all students, teachers, and families to work together to create individual learning goals(Reading, Math, Writing, Behavior, and Personal). Students are responsible for updating their progress on their goals weekly on Seesaw and Google Sheet. It is encouraged for families to provide feedback on their learner's growth of their FLGs. However, it is not always consistent throughout all learners and collaboration between families on these goals is not effective. All of the learners have a FLG conference with their teachers and parents to discuss what goals would best suit them to demonstrate improvement. The FLG goals do not necessarily tie into the learner's future career or college path. EL students have an EL goal that is embedded into their FLG goals, which is effective.

Outside of the classroom, the RTI process is somewhat effective as it supports learners who need additional support around social, behavioral, and academic skills.

Although Bullis has made an effort to gather their feedback from former students, there is an area of growth for Bulis to provide a consistent space for students to give feedback on their experience being at Bullis. As Bullis is highly effective in communication with families through Bear Essentials and newsletters from their teachers, there is an opportunity to gather input not only from former students but from families with students who have graduated/left BCS.

LEARNING AND TEACHING

C1. Student Engagement in Challenging and Relevant Learning Criterion

To achieve the schoolwide learner outcomes, academic standards, and college- and career-readiness standards, all students are involved in challenging and relevant learning experiences in an equity-centered learning environment.

C1.1. Results of Student Observations and Examining Work: All students are involved in challenging and relevant work as evidenced by observations of students working and the examination of student work.

Findings	Supporting Evidence
It is evident in the Rising Grade 5-8 Argumentative Writing/Opinion/NonFiction Writing Evidence that challenging and relevant work such as multi-paragraph essay writing occurred whereas the work in the Rising Grades 3-4 Writing Folders included many images or screenshots of writing without context which make it difficult to assess the whole piece without know the topic or purpose or having full access to the documents..	2021 Writing Assessments restricted link

Documentary Record 001803

Example of an engaging and differentiated learning task: These photos show students working on our Decimal Diner project. Students were tasked with ordering food and calculating change for some very picky eaters. Since they got to choose the menu and items, they were highly engaged and the task was learner centered. This was a low floor, high ceiling task, as we were able to differentiate for struggling learners by having them choose fewer items and using graph paper to line up their numbers. For advanced learners, we gave them the challenge of finding different totals or calculating tax.	Decimal Addition and Subtraction - Decimal Diner Project
Anchor charts in classrooms are noticeable and help explain processes, objectives and allow for quick reference for students	Grade 4, Grade 5, Grade 2
Learners are engaged in college and career readiness through co-curriculars and PBLs as evidenced by student feedback provided by student interviews	South Student Interviews Padlet North Student Interviews Padlet
Students are engaged and challenged in math by having regular class work as well as differentiation provided on ipads.	Math Differentiation
It is unclear to show students' examples or instructions in different grade levels in Spanish regarding differentiation.	One student example here.
Drama provides differentiation (options) in the final product for learners with different needs. It also showed differentiation in the lesson plan.	Student monologue example Lesson plan example
Mandarin assesses learners through various tasks, including paper assessments, and performance tasks.	Student Presentations
There is evidence of student-centered learning in pairs and small groups	Grade 3, Grade 4, Grade 5, MakerSpace

C1.2. Student Understanding of Learning Expectations: All students understand the standards/expected performance levels for each area of study in order to demonstrate learning and college and career readiness.

Findings	Supporting Evidence
World Language expectations are clear to the students.	Spanish Dojo Expectations & Mandarin Interview Questions.
Kindergarten visuals, routines, units, parent communication, conferences, SEL lessons, and materials are clearly listed showing easy access to information for teachers, students, and parents.	Table of Contents K
Student Interviews North Grade 3 - 5 answering "How will PBL units, design-thinking units, or other school work prepare you for your future career, for college, and/or for life?" and "How will co-curriculars prepare you for your future career, for college, and/or for life?"	North Grade 3 -5 Student Interviews
Student Interviews South Campus answering "How will PBL units, design-thinking units, or other school work prepare you for your future career, for college, and/or for life?" and "How will co-curriculars prepare you for your future career, for college, and/or for life?"	South Campus Interviews
Art used the standards as the visual aid in the classroom so the learners were aware of it. Clear rubric for the learners to refer to/self-reflect.	Standards poster Visual rubric of craftsmanship Rubric for self-reflect

Documentary Record 001804

Essential Questions, Standards and Lesson Goals presented to students at the **beginning** of lesson to frame objective/outcome	MS 7th History, 8th Grade Science PBL
Specific expectations and criteria are available to students in grades 1-8 **throughout** lessons and units.	5th, 6th Grade PE, Grade 5 writing plans, 4th group work, MS ELA lesson, MS Math Tracking, Grade 1 Checklist
Activities and assignments that encourage students to extend their learning beyond the classroom; examples of skill application in the greater world (career-readiness)	MS Math, 5th Grade, MS Science PBL , Weather PBL, Hands on Exploration Field Trip, 4th grade field trip
Students understand what is expected of them through verbal directions/ reminders	South Interviews
Expectations with PBLs & Co-curriculars inspire and promote learning, college & career readiness	North Interview, South Interviews
Students know what is expected of them by using a writing rubric to self and peer assess writing pieces.	Self/Peer Assessment of Writing
Document explaining all major concepts covered over the course of 6th-8th grade music, arranged in the order in which they are taught.	Middle School Music
In Mandarin, teachers provided timely feedback on Seesaw or Google Classroom so the learners can revise their work and improve.	Feedback

Strengths/Areas of Growth

	Strengths	**Areas of Growth**
1	Evidence including student work and teacher planning notes and documents showed evidence of differentiation based on data, student choice, and learner growth after targeted support was provided.	The majority of the classes do not have standards posted in the classroom for student outcomes or do not include clear written objectives/ expectations/ standards available to students
2	Many manipulatives and visuals are available and utilized to encourage student growth.	Many of the lesson plans or Scope and Sequences do not have the ELD modifications and differentiation explicitly stated.
3	Classes have both vertical and horizontal alignment when discussing students and expectations across the grades, subjects, and standards.	

C1. Prompt: *Evaluate the school's effectiveness in addressing the criterion and each of the above indicators; include supporting evidence.*

Bullis specialists and K-8 grade level subject area teachers provided **extensive evidence** of explaining all major concepts covered over the year, including many project based learning experiences that allows learners to build 21st century learning skills: collaboration, communication, critical thinking, creativity and character. However, many of those documents **had less evidence** of the ELD modifications and differentiation aspects explicitly demarcated. Additionally, Drama, Science, and 3rd grade show **clear evidence** of inclusion and diversity in their lesson plans but there is **no evidence** shown or documented in

Documentary Record 001805

other subjects (not that it doesn't exist, but we did not find it in the available resources). There was **little evidence** that standards or outcomes were accessible to students in the classroom.

Visuals encouraging students growth and class expectations are clear and shown in classrooms for **most subjects across grade levels**. **Many** grade levels and specialists are highly effective in using tools, manipulatives and visuals to encourage student growth as evidenced by kindergarten visuals, writing rubrics in 3rd grade that are used for peer and self assessments, graphic organizers in 4th grade, rubrics for self assessment in art, and pictures in the materials/presentations in Mandarin. However, since the building is lacking space for Languages and P.E. who have to travel, it is challenging for them to display theirs consistently.

There is **great evidence** available that shows that there is intentional collaboration between staff across school, as well as between peers in the classroom. This is evidenced by the data matrix, vertical team meeting and horizontal team meeting agendas.

C2. Student-Centered Instruction through a Variety of Strategies and Resources Criterion

All teachers use a variety of strategies and resources to create an equity-centered learning environment, including technology and experiences beyond the textbook and the classroom, to actively engage students and emphasize creative and critical thinking skills and applications.

C2.1. Teachers as Facilitators of Learning: Teachers facilitate learning as coaches and are current in the instructional content taught and research-based instructional methodologies including differentiation and the integrated use of technology.

Findings	Supporting Evidence
Intersession - Teachers facilitate learning that includes several methods of differentiation and the use of technology	**intersession work in middle school not linked to any folder Overview*
Students in grade 3 are designing a product using technology (kids are collaborating and using technology as a team)	Grade 3: Example
Students engage in activities utilizing a variety of integrated technology in Makerspace and Fab Lab	Makerspace-Speaking opportunities Fab Lab Digital Design
ELD strategies across all content areas, including 1:1 instruction on ELD standard	Grade 1: Special Population 4th grade ELD strategies Word Wall Transition Words Activity(2nd grade) Differentiation within PE lesson plans
Middle school students can exhibit mastery of history content in creative ways, allowing voice and choice	Assignment details 7th grade mastery task parameters Rubric Student Sample 1 Student Sample 2
Teacher uses Kodaly/Orff methodologies for instruction using different modalities to cater to different needs and learning styles of students	Lesson 11 G3
Several tasks ask students to recall content but do not ask them to engage in synthesis or other forms of higher-order thinking	Grade 3 example Grade 3 example

Documentary Record 001806

Students engage in game play to assess understanding	Grade 3 example Multiplication Kahoot
Middle school students created a prototype that would help people during a drought for their Project Based Learning Unit.	MS PBL example
While students engage in a variety of different types of tasks to learn content, evidence is lacking that these tasks are differentiated to meet the needs of individual learners	No evidence that the tasks above are differentiated to meet the needs of different types of learners

C2.2. Creative and Critical Thinking: All students demonstrate creative and critical thinking within a variety of instructional settings, using a variety of materials, resources, and technology beyond the textbook.

Findings	Supporting Evidence
Middle school students can exhibit mastery of history content in creative ways, allowing voice and choice	Assignment details 7th grade mastery task parameters Rubric Student Sample 1 Student Sample 2
After learning about a unit about the Philippines in Music class, students were improvising movements to a Philippine game and performing in canon.	VIDEO: Sagidi Sapopo
Students participate in a project based learning unit aligned with real life circumstances of drought in California	4th Grade Drought PBL
Students at different grade levels engage in Collaborative Team Building Activities.	6th grade team building (PE) 2nd grade team building (PE)
Students utilize a variety of resources to research and learn new content.	Intersession overview 5th Grade: Middle Colonies Fab Lab collaborative coding projects with robots Website design in Fab Lab Makerspace cardboard construction 3rd grade example 3rd grade example #2
Student learning is enhanced by field trips that are tied to grade level standards.	5th Grade Tech Museum 4th Grade YSI Field Trip 6th Grade Egyptian Museum

C2.3. Application of Learning: All students demonstrate that they can apply acquired knowledge and skills at higher levels and depths of knowledge to extend learning opportunities.

Findings	Supporting Evidence
Through math talks, students demonstrate their knowledge of math concepts previously taught with a detailed explanation for their thinking.	3rd grade example
Middle school students engage in guided note taking to learn and explore grade-level content.	Government Exploration Student Work Example
Middle school students are given voice and choice in how they exhibit learning in a creative way.	Video Planning and StoryBoard Doc Student Work Example

Documentary Record 001807

Students take strategies they already know and apply them to more complex scenarios (in this example, multiplication strategies applied to 2x2 multiplication).	Multiplication Inquiry Project
While students engage in a variety of different types of tasks to learn content at a basic level, evidence is lacking that these tasks are differentiated to meet the needs of individual learners or that they possess the level of rigor necessary to promote inquiry and growth for learners at all levels	Tasks reflect attainment of knowledge at a basic, recall level with little variety in quality of student output of learning

C2.4. Career Preparedness and Real World Experiences: All students have access to and are engaged in career preparation activities.

Findings	Supporting Evidence
Students across grade levels engage in PBL units that teach them how to be contributing members to their local community. 8th grade students were able to apply their knowledge of Mandarin to help seniors in their local community	8th grade students who were learning Mandarin had the opportunity to go to the senior center to support them finishing their census form. (We didn't finish this project because of Covid.) Kinder Community Helpers
During Intersession, middle schoolers learn real life skills	7th grade woodworking lesson plan Student work
To promote taking action on topics of interest and passion, middle schoolers engage in a three week project-based learning unit on social activism (Intersession I).	PBL Activism
Students at various grade levels have opportunities to deliver presentations to others.	Fab Lab Innovation Project Student Presentations
Students at the earliest grade levels have class jobs.	Class job system example 4th Kinder Class Jobs

Strengths/Areas of Growth

	Strengths	Areas of Growth
1	Some kids take ownership of their learning from planning, development and research to application. They decide on the product for showing what they know, sometimes using rubrics to guide them.	Offering support for kids so that they can access projects and have autonomy so that growth is maximized. Sometimes, the projects are so open and varied that it makes it impossible for a teacher to support kids who need it.
2	Across grade levels, kids are working together in small groups and collaborating.	Teachers need training in how to design standards-aligned rigorous tasks to meet different students' learning needs in order to maximize growth and promote higher-order thinking for all across K-8
3	In the middle school grades, students engage in career preparation activities related to areas of interest and passion to help their local community.	There are very few examples of productive struggle with students; only evidence of surface level application within content. There is an opportunity to differentiate materials/tasks/resources to meet the needs of all students.

Documentary Record 001808

4	Teachers provide a variety of resources for students to learn content.	

C2. Prompt: *Evaluate the school's effectiveness in addressing the criterion and each of the above indicators; include supporting evidence.*

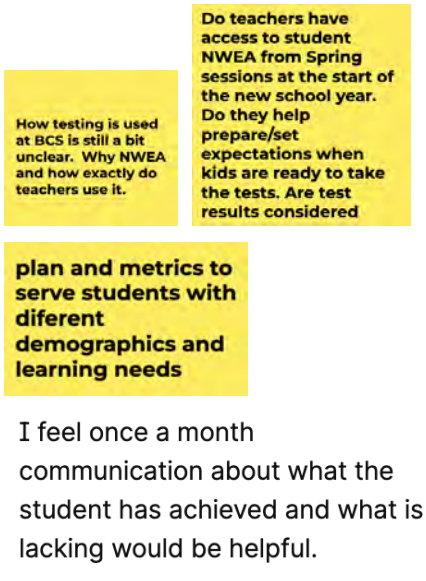
Many teachers provide opportunities for children to learn content from a variety of resources beyond the classroom and textbook as evidenced by Intersession overview, 5th Grade: Middle Colonies, Fab Lab, collaborative coding projects with robots, Website design in Fab Lab, Makerspace cardboard construction, 3rd grade example, and 3rd grade example #2. Teachers across various grade levels provide opportunities for students to be creative through PBL and Design-Thinking units as evidenced by the Intersession. **Some teachers** provide choice in how students exhibit their learning while providing criteria rooted in standards to assess their work as evidenced by PBL Activism and Video Planning and StoryBoard Doc.

BCS is **effective** in providing opportunities for middle school students to gain real-work knowledge and practice skills that will help them in settings outside of the classroom and school. Middle school students learn hands-on real world skills, such as cooking, woodworking, and sewing (Intersession Overview,7th grade woodworking lesson plan) and how to take action on issues about which they are passionate to promote change in the world (PBL Activism).

BCS is **effective** in providing collaborative opportunities for its students. Although there are many opportunities for collaboration amongst students, there is **not much evidence** that suggests that teachers collaborate across grade levels, sites, and content areas that would result in an articulated, aligned K-8 program. Next steps could include redesigning the professional development calendar to provide more opportunities for articulation across grade levels and sites as well as establishing a K-8 continuum of expected learning outcomes and long-term plans based on these outcomes.

BCS is also **not effective** in designing rigorous learning tasks across all grade levels that meet different students' learning needs in order to maximize growth as well as promote higher-order thinking for all. A next step is to provide professional development and training in how to create learning tasks and assessments that are rigorous, aligned to standards, and promote growth in all learners.

ASSESSMENT AND ACCOUNTABILITY



D1. Reporting and Accountability Process Criterion

The school leadership and instructional staff use effective and equitable assessment processes to collect, disaggregate, analyze, and report schoolwide student performance data to the school staff, students, parents, and other stakeholders. The analysis of data guides the school's programs and processes, the allocation and usage of resources, and forms the basis for the development of the schoolwide action plan/SPSA aligned with the LCAP.

D1.1. Professionally Acceptable Assessment Process: The school leadership and instructional staff use effective and equitable assessment processes to collect, disaggregate, analyze, and report student performance data to all stakeholders.

Findings	Supporting Evidence

Documentary Record 001809

All K - 5 Homeroom teachers report benchmark data into the Assessment Matrix	Data Assessment Matrix
All K - 8 students engage in FLG goals-setting conferences	FLG Teacher Resource
All K - 8 students receive report cards 3 times each year	Report cards sent home to families at the end of Trimesters 1, 2, and 3
There are inconsistencies in what is reported out and how it's reported out across K-8 report cards, which makes understanding the information on them difficult to fully understand by staff and families.	Near the beginning of the 2021-22 school year, K-8 report cards were examined by the faculty, and several inconsistencies/issues were reported. Edits were suggested to make things more consistent across K-8 report cards and to make what's reported in them, and we understand that more work needs to be done on report cards
Standardized test data (NWEA, SBAC, CAST) data are communicated at public board meeting	Parent report, board meeting (11/1/21)
ELPAC data is shared with and analyzed by teaching staff to determine instructional strategies to implement in the classroom in order to meet the needs of English Learners.	ELPAC Teaching and Learning PD
Faculty analyzes mid-year NWEA and other mid-year assessment data to identify trends and next steps in order to meet individual learners' needs.	Looking at Student Data Closely 2020 Mid-Year Data Reflection for non-Homeroom teacher Looking at NWEA Data to Inform Instruction: Homeroom teacher example
Families receive NWEA data about their students three times per year	NWEA Family Reports sent home after each administration: Fall, Winter, Spring
Parents have questions about assessment data and how their children are doing.	Comments from Parent Focus Group (screenshots below) 

Documentary Record 001810

D1.2. Basis for Determination of Performance Levels: The school leadership and instructional staff have agreed upon the basis for students' grades, growth, and performance levels to ensure consistency across and within grade levels and content areas.

Findings	Supporting Evidence
There are inconsistencies and issues with the K-8 report cards that we are trying to address.	Report Card Faculty Meeting Doc
Some teams calibrate scoring on assessments, particularly the Grades 7/8 Math team.	CC7/8 Standard Assessment Calibration
There is a common K-8 FLG rubric to communicate progress made in reaching Focused Learning Goals,	FLG Teacher Resource
All grade levels have access to the Units of Study Learning Progressions for Reading and Writing, but they are used inconsistently and for different purposes across the grade levels.	Some teachers use the learning progressions (example below) to pre-assess students at the beginning of the year. Others use them to set learning targets/goals for students. Others use them to assess student work as the year progresses. K-6 Opinion Writing Learning Progression
All teachers in Grades K-5 administer the DRA2 reading assessment. However, it has been reported by members of the leadership team that there are inconsistencies in how the assessments are administered.	Data Assessment Matrix Conversations during RtI meetings question validity of DRA2 results

D1.3. Monitoring of Student Growth: The school has an effective system to determine and monitor all students' growth and progress toward meeting the schoolwide learner outcomes/graduate profile, academic standards, and college- and career-readiness indicators or standards.

Findings	Supporting Evidence
There is a team consisting of admin and teachers (RTI) that meets regularly to discuss next steps for students that are referred by their teachers as perhaps needing extra support.	Snapshot of RTI Form
SPED students are given appropriate goals that are monitored throughout the year by both general education and special education staff working collaboratively.	Communication Between homeroom teacher and SPED Team
Faculty analyzes mid-year NWEA and other mid-year assessment data to identify trends and next steps in order to meet individual learners' needs. However, there isn't follow-up on steps taken.	Looking at Student Data Closely 2020 Mid-Year Data Reflection for non-Homeroom teacher Looking at NWEA Data to Inform Instruction: Homeroom teacher example
Learners have FLG documents to communicate progress on individual goals throughout the year, which are shared with teachers and their families.	5th Grade Student Sample

D1.4. Assessment of Program Areas: In partnership with district leadership, the school leadership and instructional staff periodically assess programs and expectations, including graduation requirements, credits, course completion, and homework and grading policies, to ensure student needs are met through a challenging, coherent, and relevant curriculum.

Findings	Supporting Evidence
The BCS Homework Policy has been revised across the years – most recently in the summer of 2021 – to better support student needs	Student Handbook (p. 8)

Documentary Record 001811

(academic, social-emotional).	
Year-long plans are adapted each year to meet learners' needs. In January of the 2021-22 school year, they were modified to be standards-based, but several teams need more time to complete that work.	Middle School Math Year-Long Plan Grade 4 2021-2022 Long Term Plan Kindergarten 2021-2022 Long-Term Plan
Middle school teams meet to adapt intersessions annually.	8th grade school of the future 19-20 vs 21-22
Curricula used has been evaluated and changed across time with input from staff members.	Adoption of Eureka and EEI (Education and the Environment Initiative) instead of EDM (Every Day Math) and Reflections in the last 2-5 years Foss Workshop
Co-Curriculars are rooted in standards across three categories: Global Citizenship, Math/Science/Technology, Visual & Performing Arts.	Coaches in Training Letter TED Talks Letter
Teachers collaborate annually to improve their content knowledge about PBL and to revise existing PBL units and create new ones in order to provide a relevant, rigorous program to BCS learners.	PBL Resources August PL PBL Slideshow for August 2021 PD

D1.5. Schoolwide Modifications Based on Assessment Results: The school uses assessment results to make changes in the school program, professional development activities, and resource allocations demonstrating a results-driven continuous school improvement process.

Findings	Supporting Evidence
After analyzing CAST data, a push was made to ensure that all K-8 classrooms contain NGSS-aligned materials and that teachers were given time to explore how to use it to provide a high-quality Science program to BCS learners.	Foss Workshop There aren't any benchmark Science assessments at BCS, like there are benchmark ELA and Math assessments.
Based on CAASPP writing data, all K-8 classrooms were required to implement one Reading and Writing Unit of Study during the 2019-2020 school year, and then Reading and Writing Units of Study during the 2020-2021 and 2021-2022 school years	SBAC ELA Analysis
Teachers use assessment data to inform instruction, but there is no follow up to ensure that action plans based on assessment data are implemented.	Looking at Student Data Closely 2020 Mid-Year Data Reflection for non-Homeroom teacher Looking at NWEA Data to Inform Instruction: Homeroom teacher example Teaching and Learning PD (ELD & EL Support)

Strengths/Areas of Growth

	Strengths	Areas of Growth
1	Time is set aside for teachers to engage in analysis of assessment data, overwhelmingly ELA and Math data, and create action plans based on it.	There is no follow-up to ensure that action plans based on assessment data are implemented.
2	Students across K-8 engage in an individualized goal-setting process each year during which progress is monitored across the year, and they are assessed on that progress based on evidence at the end of the year.	K-8 report cards need to be revised so there is alignment in how information is reported out across K-8 and so that they reflect each individual's mastery of grade level standards

Documentary Record 001812

3		CAST data indicates a need to more regularly analyze Science assessment data to promote growth, but there are currently no school-wide benchmark or interim Science assessments.

D1. Prompt: *Evaluate the school's effectiveness in addressing the criterion and each of the above indicators; include supporting evidence.*
BCS is **highly effective** at gathering data for ELA and math, and that data is analyzed at least at the mid-year mark by all teachers. Analysis of data is somewhat effective across content and grade levels since action plans are created at least once per year based on it, but there is no follow-up to ensure that those action plans are implemented. Next steps could be for vertical teams to schedule meetings across the year during which they calibrate scoring on common assessments, look for trends based on the data from them, create action plans based on the data, and are held accountable for implementing those action plans. BCS is **not effective** in gathering data for Science. Currently, the data related to science is lacking, particularly in Grades K-5, to guide instruction. A next step could be to administer interim assessments, perhaps the NWEA Science Test, to inform Science instruction.

The school is **highly effective** in implementing Focused Learning Goals (FLG) across Grades K-8. Students engage in the goal setting process for 4 goals. Goals are monitored throughout the year along with receiving feedback from teachers. Goals are assessed at the end of the year based on evidence provided by learners, families, and teachers.

BCS is **somewhat effective** at reporting student performance data to stakeholders. School-wide assessment data is shared at public board meetings, and report cards are sent to parents at the end of each Trimester. However, based on feedback from parents, there are questions about how assessment data is used at BCS. Also, there are issues with the K-8 report cards that need to be addressed in order to be able to more clearly communicate to parents how their children are doing across the time that they are at BCS. Next steps include improving our K-8 report cards so that there is alignment across the grade levels and so that information on them is clearly understood by parents.

D2. Using Student Assessment Strategies to Monitor and Modify Learning in the Classroom Criterion

Teachers employ a variety of appropriate assessment strategies to evaluate student learning. Students and teachers use these findings to modify the learning/teaching practices to improve student learning.

D2.1. Demonstration of Student Achievement: Teachers use the analysis of formative and summative assessments to guide, modify, and adjust curricular and instructional approaches.

Findings	Supporting Evidence
All K - 5 Homeroom teachers report benchmark data into the Assessment Matrix	Data Assessment Matrix
Staff engage in analysis of student work and data. Specific actions and next steps are planned based on analysis of that data. To what degree, though, are those action plans implemented?	4th Grade Analysis in 2019 Looking at Student Data Closely 2020 Mid-Year Data Reflection for non-Homeroom teacher Looking at NWEA Data to Inform Instruction:

Documentary Record 001813

	Homeroom teacher example Looking at Student Data Closely January 2021 Folder Analysis of SBAC ELA Performance Task Looking at Learner Data 2021 (February 2021) Kinder Analysis & Differentiation for Site Words
Differentiation happens in various subjects across some grade levels based on assessment data. Extra supports are created for students based on assessment data.	Copy of Sight Word Raps Aid helping student with group math w… Notes for Designated ELD in Reader's W… Aid helping student with group …

D2.2. Teacher and Student Feedback: Teachers provide timely, specific and descriptive feedback in order to support students in achieving learning goals, academic standards, college- and career-readiness standards, and schoolwide learner outcomes. Teachers also use student feedback and dialogue to monitor progress and learn about the degree to which learning experiences are understood and relevant in preparing students for college, career, and life.

Findings	Supporting Evidence
Students at various grade levels engage in peer feedback protocols.	5th grade peer feedback protocol on writing (Session 10) Kinder FishBowl Protocol with PBL - Slide 3 Peer feedback on writing.JPG Self and peer assessment of writing.jpg Photo of students collaborating Groups working together
Some teachers provide timely feedback to students that students then use to revise their work after receiving it, but this is not seen across grade	Ariel 1st grade evidence

Documentary Record 001814

levels or subjects.	

Strengths/Areas of Growth

	Strengths	Areas of Growth
1	Teachers analyze assessment data and create action plans based on it.	Putting in place structures to implement action plans based on assessment data and analyzing effectiveness of those action plans.
2	Students at various grade levels engage in peer feedback protocols.	All teachers provide actionable, timely feedback that students use to improve their work and promote individual growth.
3	Teachers across various grade levels provide support and differentiated learning tasks for students with different learning abilities.	

D2. Prompt: *Evaluate the school's effectiveness in addressing* ***the criterion*** *and each of the above indicators; include supporting evidence.*

Many teachers at Bullis Charter School engage in analyzing assessment data to monitor and modify learning and create action plans based on that analysis. However, evidence is lacking that indicates that BCS is **not effective** at implementing the action plans based on analyzing assessment data and then reflecting on the effectiveness of those action plans. A next step could be to engage teachers in inquiry cycles that include analyzing student work/assessment data, planning based on that analysis, observation, and reflection.

BCS teachers are **highly effective** in providing opportunities for students to provide peer feedback to each other via structured peer feedback protocols. However, only **some** teachers provide timely, specific, and descriptive feedback for students that they can use to improve upon their work. A next step could be to provide professional development to teachers about providing effective feedback to students across grade levels and subject areas.

SCHOOL CULTURE AND SUPPORT FOR STUDENT PERSONAL, SOCIAL-EMOTIONAL, AND ACADEMIC GROWTH

E1. Parent and Community Engagement Criterion

The school leadership employs a wide range of culturally sensitive strategies to encourage family and community involvement, especially with the learning/teaching process.

E1.1. Parent Engagement: The school implements strategies and processes for the regular involvement of all stakeholder support groups in the learning and teaching process for all students.

Findings	Supporting Evidence
Teacher newsletters and Bear Essentials inform families about what is happening at school.	5th grade parent newsletter MS Newsletter & Upcoming Events Weekly Bear Essentials newsletter from superintendent sent every Thursday

Documentary Record 001815

Parents volunteer in a variety of ways at BCS, which is made possible thanks to the work of the Bullis Boosters Club (BBC), a parent-run organization whose mission is to help the school and its teachers. There has been a push in the last 2 years to engage and recruit more new families to volunteer, especially since the school has increased in size.	Library and Lunch Duty Parent Email Example Email Classroom Volunteer Vax Check BBC Website Parent Volunteer Sign-Up Sheet for Cal Academy Chaperones for Rosicrucian Field Trip 2… Field Trip Volunteer Vax Check Room ambassadors for each class that sends weekly emails to parents BCS New Family Orientation & Reception New Families Fireside Chat Over 100 volunteers for 2021 Walkathon
The governing structure of BCS gives parents a unique opportunity to help shape their child's education and provide input into the school's operations and programs.	Board Meetings
Events occur throughout the year to inform parents about BCS and promote engagement and interest in their students' school lives. There is some involvement from parents of English learners, but BCS needs to take steps to involve these families more.	ELAC Meetings Parent Info Nights Town Halls throughout the 2020-21 and 2021-22 school years
The Focused Learning Goal process invites collaboration between student, teacher, and parents to promote individual growth in all students.	FLG Conferences with students/parents
Parents have opportunities to serve on focus groups and task forces focused on providing a high-quality learning environment for all learners.	CV Task Forces: July 2020
Parents ask for ways that they can best support their learners at home, so there is a need for the school to provide families with guidance.	Appreciation for speaker series events that have taken place and desire for there to be more of them.

Strengths/Areas of Growth

	Strengths	Areas of Growth
1	Parents having a variety of ways to engage in the school community	Getting our new families excited about being involved in the school community by volunteering, especially given the increase in the size of the student body..
2	Parents are a part of the goal-setting process and help to hold students accountable for meeting their FLGs.	Increasing engagement of parents of English learners
3	Parents are informed of happenings in the classroom via homeroom newsletters K-8 and Seesaw.	Workshops or speaker series available to parents to help better support their children inside and outside of the classroom.

E1. Prompt: *Evaluate the school's effectiveness in addressing the criterion and each of the above indicators; include supporting evidence.*

BCS is **highly effective** in providing numerous ways for parents to be involved in the school community:

Documentary Record 001816

volunteering throughout the school day, chaperoning field trips, organizing school-wide events, or helping with fundraisers through the BBC (Bullis Booster Club). This year, there has been a concerted effort to engage new families, particularly those of our youngest students, and this needs to continue. Despite clear communication, the school is struggling to have enough volunteers to meet the needs of our campuses, so the BBC has taken creative steps to recruit new families to get involved and volunteer. It has resulted in getting more new families to volunteer this year, which was particularly seen in the volunteerism at our annual Walkathon.

BCS is also **highly effective** in providing multiple ways for families to stay informed about what is going on at school: teacher newsletters, Bear Essentials, and Town Hall meetings. Another **highly effective** practice is the FLG (Focus Learning Goals) process since it promotes collaboration between the student, teacher, and parents to promote individualized growth in each child. BCS is **somewhat effective** in encouraging involvement of parents of English Learners through ELAC meetings, but this is an **area of growth** for the school.

E2. School Culture and Environment Criterion

The school leadership focuses on continuous school improvement by providing a safe, clean, and orderly place that nurtures learning and developing a culture that is characterized by trust, professionalism, equity, and high expectations for all students.

E2.1. Safe, Clean, and Orderly Environment: The school has existing policies and regulations and uses its resources to ensure a safe, clean, and orderly place that nurtures learning, including internet safety and Uniform Complaint Procedures.

Findings	Supporting Evidence
There is a scope and sequence of lessons that is implemented K-8 to help nurture good digital citizens.	Digital Citizenship Scope and sequence (AUP-Acceptable Use Policy)
There is a school-wide focus on social emotional learning and how to be good and safe citizens inside the classroom and outside the classroom.	• Classroom Norms • 6 Pillars ○ Principal Awards ○ Caught Being Good tickets ○ Bullis Bucks ○ POW/ WOW • 2nd Step • No Bully Program ○ Referral form
Facility specialists and night crew work together to ensure that campus is clean and follows COVID guidelines set by the school community.	BCS COVID-19 Information Maintenance Request Form
There are several processes and procedures to ensure an orderly and just system for resources.	How-To's Reserve tech
Complaint procedures are in place for students and parents. Parents and students are asked to go to the teacher first and then proceed to the principal.	BCS Parent-Student Handbook p.18 BCS Employee Handbook (p. 48)

Documentary Record 001817

Complaint procedures for staff members are unclear. Staff are thought to go to their principal with any concern.	
Fire drills, active shooter drills, earthquake drills, and other prevention drills are put in place and practiced monthly	Emergency/Drill Procedures 2021-22

E2.2. High Expectations/Concern for All Students: The school culture demonstrates caring, concern, and high expectations for all students in an environment that honors individual differences, social emotional needs, and is conducive to learning.

Findings	Supporting Evidence
Students are supported by counselors on both sites who meet with individual students and provide K-8 staff with training to create a safe learning environment for all learners.	Bullying Report Forms K-5 Bullying Report Form Middle School Bullying Prevention
SEL lessons are implemented across all grade levels, K-8.	Second Step Implementation Log SEL expectations
Teachers take time, particularly in middle school, to learn about who their students are and what they need.	Social Emotional Survey, January student survey 6-8 Survey Current Learning Situation - Student (6th-8th) 6-8 gives surveys to students 3 times a year that asks students for chosen name, pronouns, and other information such as learning style and environment.
Clubs, Co-curriculars, Extra- Curriculars to encourage all student interests and student voice and choice.	MS Clubs Roster Elementary extra-curriculars Elementary co-curricular offerings
Curricula, lessons, and classroom libraries are designed to teach students about different communities, especially those who are often marginalized.	MS Advisory Lesson 2/9-2/11 MS Advisory Lesson 1/26, 1/28 Money spent to add books to classroom libraries across K-8 in order to reflect and celebrate diversity

E2.3. Atmosphere of Trust, Respect, and Professionalism: The entire school community has an atmosphere of trust, respect, equity, and professionalism.

Findings	Supporting Evidence
School Character Pillars are posted throughout classrooms and special awards are given out for K-5 students through monthly Principal awards, highlighting each of the character pillars.	Character Pillars
SEL lessons are implemented across all grade levels, K-8.	Second Step Implementation Log
Students in K-8 set the norms for their grade levels and classes. Students and teachers collaborate to create inclusive and fair classroom norms	6th Grade Norms
Harassment, discrimination, intimidation, and bullying prevention policy ensures trust, respect, and professionalism between staff and students.	Encourages appropriate conduct among all BCS individuals and the community.
Weekly grade level team meetings ensure teams are collaborating, learning from one another, and sharing strategies.	5th Grade Team Meeting Collaboration Notes
Bi-weekly advisory meetings allow for discussions around equity and respect	Advisory Slide Deck for 1/19/22

Documentary Record 001818

Beginning of year training to help new teachers and returning teachers understand policies, school environment, and develop curricula and pedagogy.	• New Staff Onboarding • Behavior Workshop • ABCs of IEPs
Middle School advisory activity to help students analyze the difference between equality and equity.	Equality vs. Equity
Schoolwide Bullying prevention and counseling services offered to all students. Teachers are also trained on the school's approach to bully prevention during professional development.	Bullying prevention
August Professional Development-Focuses on building community among staff and learning about our school community. A variety of topics incorporated into PD to help teachers use culturally responsive pedagogy in classrooms.	August Staff PD Agenda
Families that bring up concerns are being addressed by teachers and administration. Creating equity among all families, when meeting needs of students, is being worked on and targeted by the school especially for families who choose not to speak up.	"Ask Me Anything" webinar for BCS Parents
Data on concerns are collected from staff and families. BCS uses Panorama to collect survey information for students at all grade levels to receive feedback on the school learning environment.	Panorama Survey

Strengths/Areas of Growth

	Strengths	**Areas of Growth**
1	SEL program and PBL units, particularly in the upper elementary and middle school grades, that cover a number of social-emotional topics, diversity, equality, anti-racism, and more	Currently lacking lessons related to the role of privilege in society. Some discussion of equality vs. equity but more direct lessons on society and the socio-economic divide could be good for our student population.
2	Comprehensive Professional Development around SEL topics for all teachers and staff before the start of the school year	Recognizing middle school students for exemplifying the six pillars
3	Clear Bully Prevention Plan set in place and presented to all students	Helping meet the needs of families who don't vocalize their concerns as often, including those who may not be able to regularly attend events at school or in the evenings.

E2. Prompt: *Evaluate the school's effectiveness in addressing the criterion and each of the above indicators; include supporting evidence*

Some school programs that are **highly effective** in this area include the middle school advisory and the 5th grade Digital Citizenship PBL which cover a number of SEL topics, diversity, equality, anti-racism, and more. However, we can work more to understand privilege and the socio-economic divide. BCS is also **highly effective** in creating a comprehensive professional development program for all teachers and staff before the start of the school year that covers a variety of SEL topics and this is **highly effective** in preparing staff for the upcoming year. The school is **highly effective** in keeping the six character pillars reinforced through Principal Awards in K-5, but **not effective** when it comes to reinforcing them in Middle School grades. A next step could be to develop a system of recognizing students in Grades 6-8 who exemplify the character pillars that is age-appropriate and appreciated by all. BCS has been **somewhat effective** in getting feedback from those in the community via surveys and community events. A next step would be to find

Documentary Record 001819

ways to get input from more of our stakeholders in order to better evaluate what concerns and information people might be wanting to ask but feel intimidated to do so.

E3. Personal, Social-Emotional, and Academic Student Support Criterion

All students receive appropriate academic, social-emotional and multi-tiered supports to help ensure student learning, college and career readiness and success. Students with special talents and/or needs have access to an equitable system of personal support services, activities, and opportunities at the school and in the community.

E3.1. Academic Support Strategies for Students: School leadership develop and implement strategies and personalized, multi-tiered support approaches to meet academic student needs.

Findings	Supporting Evidence
Response to intervention process - The teacher applies accommodations in the classroom to support students. If these classroom accommodations are not working, they refer to the RTI team to provide a multi-tiered approach to support this student.	Tier 1- Whole class interventions (classroom seating) Tier 2- Small group interventions (check ins, behavior charts) Tier 3- Individual support plan Tier 2 RtI Form on Intranet for teachers to refer for Rti RtI Team (Principals, Supt, Team Leaders, Counselor, Director of SpEd) meet biweekly to discuss referrals and determine action plans for working with teachers to meet students' needs
Across all homeroom and specialist classes different strategies are used to support the needs of learners from diverse backgrounds and with different needs (IEPS, ELs, Advanced/Extensions) Classrooms are providing visual aids, manipulatives, and other support strategies to support student learning.	**Special Populations Evidence:** **Specialist Classes:** Art Drama Music PE Mandarin Spanish Makerspace **Homeroom Classes:** K 1 2 3 4 5 MS ELA/History MS Math MS Science

Documentary Record 001820

FLGs provide personalized learning goals for students based on areas of need and areas that need improvement both in academic areas and in areas of personal interest.	Math, reading, writing and personal goals are set by each student 2nd Grade FLGs on Seesaw Focused Learning Goals Writing: Collaboration with Parents - Posting about students' FLG progress for parents to see evidence of growth / how to continue practicing their FLG Focused Learning Goals Personal FLG Plan: Collaboration with Parents - Students work on their Personal FLGs primarily at home. This action plan helps families have a starting point Focused Learning Goals Class Banner: Collaboration with Parents - Many times students/families forget about Personal FLGs until the end of the year and do it all in a week. The banners remind them of their goal all year long. FLG Conferences with students and parents: Focused Learning Goal document with learner goals, student responsibilities, parent responsibilities, and teacher responsibilities Family Collaboration: Schedule sent to a family on a daily basis to prime a student who needs schedule in advance ● Collaboration document between SPED team, teacher and parents to track behavior on a daily basis ● Example of communication between parent and teacher to support a student ● Copy of the bi-weekly newsletter ● Classroom ambassadors
Clubs in Grades 6-8 allow students voice and choice by proposing and leading recruitment and activities for Clubs of their choosing. In Grades 2-5, students choose their own co-curricular courses. Intersession provides project-based learning around social activism. This unit encourages 8th grade	Intersession: Activism Project Based Learning

Documentary Record 001822

students to build empathy through researching real-world problems,and interacting with them by completing a social activism project which they identify and develop.	
Counseling services provided to students are supporting social and emotional well being of students in regard to their personal lives and transitioning back into the classroom after COVID and online learning.	Students who are identified as needing emotional support are able to meet one on one or in a group setting with a counselor or school psychologist.

E3.3. Multi-Tiered Systems of Support and Impact on Student Learning and Well-Being: The school leadership and staff assess the effectiveness of the multi-tiered support system and its impact on student success and achievement.

Findings	Supporting Evidence
The RtI team and process was restructured this year, but its overall effectiveness hasn't been assessed yet.	RtI team consists of superintendent, three principals, counselor, Dir. of SpEd, and two team leaders. RtI team discusses referrals made by teachers and other staff, both academic and behavioral. There have been 36 referrals to RtI this year. Team meets biweekly, but those outside the team don't really know what the team does and there hasn't been any type of mechanism to assess impact on student success and achievement beyond updates from those on the team.

E3.4. Co-Curricular Activities: The school ensures there is a high level of student involvement in curricular and co-curricular activities that link to schoolwide learner outcomes, academic standards, and college- and career-readiness standards.

Findings	Supporting Evidence
Weekly co-curriculars give students the opportunity to choose activities that they enjoy to learn about for a semester, but lack of evidence to support that they are truly standards-based and help students develop college- and career-readiness.	Co Curriculars Document of our co-curricular schedule
Clubs in Grades 6-8 allow students voice and choice by proposing and leading recruitment and activities for Clubs of their choosing. In Grades 2-5, students choose their own co-curricular courses. Strengths/Areas of Growth

	Strengths	Areas of Growth
1	There are multiple opportunities across all grade levels for students to engage in activities and learn about subjects that are interesting to them and connect them to the community. (Co-Curricular Classes, Extra Curricular Classes, PBLs, SEL Lessons).	Multi-tiered support systems and their impact on student learning and well-being - not a lot of explicit evidence showing how we are assessing how those academic supports are actually supporting student success.
2	The school provides a vertically aligned curriculum across all grade levels TK-8 to support students in social and emotional learning.	Co-curriculars don't necessarily address college and career readiness or academic standards.
3	Students take ownership of their learning through the FLG process. This also targets the individual needs of all learners.	FLGs - Each class creates and evaluates goals differently. Is there a way to streamline FLGs so it is a similar process across the school? (Ex: a master document to refer to)
4	Comprehensive bullying education, reporting and response system in place which students utilize. The Solution Team method of addressing bullying not only addresses the dynamics of a bullying situation, but teaches members of the team problem-solving, empathy and leadership skills.	

E3. Prompt: *Evaluate the school's effectiveness in addressing the criterion and each of the above indicators; include supporting evidence*.

BCS is **highly effective** in providing multiple opportunities across all grade levels for students to engage in activities that allow them to take ownership over their learning as well as learn about subjects that are interesting to them and connect them to the community. Some examples of these opportunities are students taking ownership of their learning through the FLG process to meet the individual needs of all learners. Despite the number of offerings, however, there is a **lack of evidence** that courses like co-curriculars are standards-aligned or deepen students' career- and college-readiness. A next step could

Documentary Record 001825

be to develop a vetting process to assure that co-curriculars are rigorous enough and meet these guidelines.

Although FLGs are **effective** in promoting personalized growth, how they are documented and communicated to families varies from teacher to teacher. it would be good to find a way to streamline how evidence is pushed out to families and students about their progress. By having a master document that includes examples of goals for each grade level, we would be able to be more vertically aligned throughout the school. We could also have an allotted time set aside for FLG work-time, similar to how we structure houses.

BCS is also **highly effective** in providing a vertically-aligned SEL curriculum across all grade levels, TK-8, to support students in social and emotional learning. This emphasis on social-emotional learning helps support the whole child so all students have all of their needs met.

BCS's RTI process is **somewhat effective**. The process exists, which is good, but it is still unclear and confusing schoolwide. A next step to address this area of growth is to have professional development time to go through each level of the RTI process and have a system in place to evaluate its effectiveness in promoting student success, which could be reported out to the staff.

Prioritized Areas of Growth Needs from Categories A through E

Because we had each Focus Group focus on one Criterion instead of an entire Category, we analyzed the Areas of Growth to look for trends. Based on that work, our growth areas are prioritized below:

- An established cadence of data analysis that includes assessment, reflection, action planning and evaluation of effectiveness
- Intentional and frequent teacher training to ensure alignment, content mastery, and rigor within all classrooms
- Alignment of curriculum and assessment practices across sites, grade levels, and content areas
- Ensuring all learners - particularly our sub-populations - have additional support to access content and develop the agency needed to engage in rigorous tasks

Chapter IV: Summary from Analysis of Identified Major Student Learner Needs

After working with Home Groups, Focus Groups, and reviewing the strengths and growth areas for Categories A-E, we identified the following strengths at Bullis Charter School:

- A well-informed and involved parent community
- Engaging content and a variety of opportunities offered to students
- Multiple opportunities for students to take ownership over their own learning
- Resources available for teachers to provide a variety of learning experiences for students

Prior to the work of Focus Groups, we anticipated our major student learner needs would be the following:

- How can we provide more socio-emotional support -- especially during a time when students have faced a lot of uncertainty in structures the past 2+ years, both inside and outside of school?
- Given CAASPP and NWEA MAP Growth data, what steps can we take to improve opportunities for our EL students and students with disabilities?

Documentary Record 001826

Based on identified growth areas for Categories A-E, we have adjusted our major student learner needs to be the following:

- An established cadence of data analysis that includes assessment, reflection, action planning and evaluation of effectiveness
- Intentional and frequent teacher training to ensure alignment, content mastery, and rigor within all classrooms
- Alignment of curriculum and assessment practices across sites, grade levels, and content areas
- Ensuring all learners - particularly our sub-populations - have additional support to access content and develop the agency needed to engage in rigorous tasks.

We recognize the continued importance of socio-emotional support, especially after the previous two years of the pandemic, and we believe that many of the targeted growth areas above will directly impact our learners' social-emotional well-being.

These identified growth areas will directly inform how we seek to create the scope and sequence of our professional development calendar, specifically looking for opportunities to provide teacher training and support in effective classroom practices. Additionally, there is a need for us to analyze long-term plans and incorporate assessment cycles, data collection, and learner-centered pedagogy within them.

Documentary Record 001827

SUMMARY FROM ANALYSIS OF IDENTIFIED MAJOR STUDENT LEARNER NEEDS

	A: Organization	B: Curriculum	C: Learning & Teaching	D: Assessment & Accountability	E: School Culture & Student Support
Strengths	•Mission-driven with learner outcomes rooted in mission •Various stakeholders involved in strategic planning process •Board meeting agendas & minutes promptly posted & publicly visible •Governance questions & Uniform Complaint Procedures are publicly available on website •Regularly scheduled, intentional meetings times for staff to collaborate on various teams •Systems to update staff on regular cadence •Staff Intranet that is accessible to staff at all times •Jobs posted on a variety of platforms to attract high-quality staff •With support from school leaders, teachers set professional goals each year based on learner outcomes and collect evidence for their goals throughout the year •2 weeks of professional learning before start of each school year •Specialized spaces that support a rigorous, innovative program •Teachers have access to a wide variety of materials, resources, and technologies •Ample funds allocated for compensation •Financial policies that are audited, reviewed, and updated annually •Input from various stakeholders (staff, parents, etc.) re: long-range plans throughout	•Integration among school disciplines is deep and offers a wide range of rigorous and engaging content across K-8 •Congruence with standards & outcomes is sometimes clear, sometimes well document, and historical successful given chosen metrics •PBL is widely engaging and rigorous, tied to standards •BCS offers a variety of programs that provide opportunities for students in areas of interest and/or passion •Many opportunities across grade levels to apply knowledge of content to solve real-world problems •Consistent communication channels between school and families to provide information about what is happening in classroom & at home	•Evidence of differentiation based on data and student choice that resulted in growth •Use of manipulatives and visuals utilized to encourage growth •Vertical and horizontal alignment around student expectations and standards •Some students take ownership of their learning by deciding on product based on expectations •Across K-8, students are working in small groups and collaborating •In Grades 6-8, students engage in career preparation activities related to areas of interest and passion to help their local community •Teachers provide a variety of resources for students to learn content	•Time set aside a few times each year for teachers to engage in analysis of assessment data, mostly ELA & Math data, and create action plans based on it •Students across K-8 engage in an individualized goal-setting process each year •Students at various grade levels engage in peer feedback protocols •Teachers across various grade levels provide support and differentiated learning tasks for students with different learning abilities.	•Parents have a variety of ways to engage in school community •Parents are part of the goal-setting process & help hold students accountable for meeting FLGs •Parents are informed of happenings in classroom via homeroom newsletters K-8 & Seesaw •SEL program & PBL units that cover a variety of social-emotional topics, diversity, equality, anti-racism, etc… •Comprehensive PD around SEL for all staff before start of each school year •Clear Bully Prevention Plan in place and presented to all students •Multiple opportunities for students across all grade levels to engage in activities and learn about subjects that are interesting to them & connect them to their community •Vertically aligned TK-8 SEL curriculum •Students take ownership over their learning through FLG process

Documentary Record 001828

	year •Budget reviewed throughout spring & shared @ public Board meetings				
Growth Areas	•Changes in leadership have stalled strategic planning process •Involving student voices & more parents of ELs in schoolwide decision-making & planning •Increase involvement of individuals outside parents community to be invited as candidates to Board of Directors •Some in parents community are unsure of extent of Board's role & its position on issues •More time allocated for staff to analyze data & plan interventions based on data •More time to implement CADIE chart •Staff needs more time at regularly scheduled intervals to analyze data & plan instruction •More data needs to be collected to determine effectiveness of professional learning on producing positive student outcomes & how to best meet needs of all teachers •BCS lacks site-based staff to track budget actuals •Teachers need more clarity on process for using the Continuum and setting/monitoring professional goals •Need a fully developed evaluative structure for non-teaching staff •Resources not always reading accessible or distributed equitably across classrooms and campuses •Staff members have limited involvement in budget-setting	•Aligning NWEA & CAASPP data with student needs in classroom •Congruence across grade levels, fidelity of standards-based curriculum, and assessing student performance is teacher-dependent: lack of consistency from teacher to teacher •Some relevant 21st century skills not covered in curriculum •Organizing more outreach/community-focused events •Strategies & programs to facilitate transitions to college and career are limited and/or not documented •Align FLGs to college/career readiness, especially in the older grades •Provide course offerings that are reflective of the diversity of the student population •Create cadence by which course content is reviewed and updated	•Posting standards in classroom and/or making objectives/expectations/ standards visible for students •Including explicit ELD modifications and differentiation in lesson plans and Scope & Sequences •Offering support for kids so that students can have the autonomy they need to develop agency so that growth is maximized when engaging in projects •Training teachers how to design standards-aligned rigorous tasks to meet different students' learning needs in order to maximize growth and promote higher-order thinking across K-8 •Going beyond surface level application of content by designing learning experiences that foster productive struggle by differentiating materials/tasks/resources to meet the needs of all students.	•No follow-up to ensure that action plans based on assessment data are implemented and whether those action plans are effective •K-8 report cards need to be revised so that there is alignment between them and so they reflect each child's mastery of grade level standards •CAST data indicates a need to more regularly analyze Science assessment data to promote growth; need school-wide benchmark or interim Science assessments •All teachers provide actionable, timely feedback that students use to improve their work and promote individual growth	•Getting new families excited about volunteering in school community •Increasing engagement of parents of ELs •Providing workshops or speaker series to help parents better support their children inside & outside classroom •Lack lessons related to role of privilege in society •Recognizing middle school students for exemplifying six pillars •Meeting needs of families who don't vocalize concerns as often including those not able to regularly attend school events •Assessing impact of MTSS on student learning & wellbeing •Rigor of Co-curriculars •Streamlining FLGs so process is similar across the school

Documentary Record 001829

	process •AT program not adequately staffed with one AT/grade level @ each campus •Site-based staff have limited involvement in budget-setting process				
Next Steps	•Involve current students in strategic planning process •Involve students & more parents of ELs in decision-making process •Bring back annual strategic planning updates •Invite candidates outside parent community to join Board •Increase Board member visibility within school community, like with Meet & Greets or Q & A Sessions •Revise calendar to allow time at regular intervals throughout year for staff to analyze data & plan instruction that provides needed supports and improves student outcomes •Continue to formally outline roles & responsibilities of staff members to provide clarity for Leadership Team & streamline operations •Collect more data to evaluate the effectiveness of professional learning: meeting needs of teachers & contributing to improved student outcomes? •Engage broader range of staff members in resource allocation to provide more insight into budget setting process •Develop a clear, fully fleshed out evaluative structure	•Build in regular times throughout the year to calibrate on assessing student work and collaborate on planning instruction to create more alignment between teachers •Capitalize on relationships built with experts who have been part of PBL units to foster relationships with community partners and resources •Allow students to have a voice in deciding which co-curriculars and extracurriculars are offered •Older students could create a "Career-readiness" or "College-readiness" FLG •Engage in consistent alumni relations outreach to gather input and feedback from alumni and their families	•Provide PD around planning with ELD standards in mind and including those standards in daily, unit, and long-term plans' •Create clear observation protocols around making standards, objectives, learning outcomes visible to students •Redesign PD calendar to provide more opportunities for articulation across grade levels and sites and to establish a K-8 continuum of expected learning outcomes and long-term plans based on these outcomes •Provide PD and training in how to create learning tasks and assessments that are rigorous, standards-aligned, and promote growth in all learners	•Administer interim Science assessments, perhaps NWEA Science Test, to inform Science instruction •Redesign K-8 report cards to create alignment across grade levels and so that information on them is clearly understood by parents •Engage teachers in inquiry cycles that include analyzing student work/assessment data, planning based on that analysis, observation, and reflection •Provide PD to teachers about providing effective feedback to students across grade levels and subject areas	•Recruit more parents of ELs to take part in ELAC meetings as springboard to increase engagement of families of ELs •Develop and implement lessons on role of privilege in society and the socio-economic divide •Develop a system of recognizing students in Grades 6-8 who exemplify character pillars that is age-appropriate & appreciated by all •Find additional ways for families to share concerns, particularly those who don't speak up often or don't regularly attend school events •Develop a vetting process to ensure that co-curriculars are rigorous enough by being standards-aligned and increase students' college- and career-readiness •Streamline how FLG evidence is pushed out to families & students about progress •Have an allotted time set aside for FLG work-time, similar to House Meeting time •PD for staff around MTSS •Create a method to evaluate effectiveness of MTSS in promoting student success & report out results to staff

Documentary Record 001830

Chapter V: Schoolwide Action Plan

Goal 1: Develop and implement an established cadence of data analysis that includes assessment, reflection, action planning and evaluation of effectiveness.

Actions	Correlation to LCAP or Strategic Plan	Timeline Across 6 year cycle	Progress Monitoring (could merge multiple rows)
Provide data analysis training to all staff members.	**LCAP Goal #2:** All teachers will engage in professional learning that increases their instructional knowledge and practice to serve all students	At least every August and January, starting in August 2022	PD calendar will show that data analysis training happens at least twice per year Feedback from staff will indicate that PD provided has positively affected their practice
Develop a school calendar that builds in designated "data days" where teachers have protected time to analyze data.	**LCAP Goal #1:** All students will achieve growth and academic success **LCAP Goal #2:** All teachers will engage in professional learning that increases their instructional knowledge and practice to serve all students	By June of each year, starting 2022	2022-23 Calendar contains Data Days, which may be revised annually based on need and efficacy Action plans based on work done on these days produce positive results (i.e. an increase each year in % of students who meet NWEA growth projections)
Evaluate and refine the assessments given at each grade level to ensure alignment with standards.	**LCAP Goal #2:** All teachers will engage in professional learning that increases their instructional knowledge and practice to serve all students	Benchmarks assessments refined by August 2024, re-evaluate in depth every 2	Each grade level has a series of standards-aligned benchmark assessments that are

Documentary Record 001831

		years Other assessments developed, evaluated and refined,	used across all classrooms Assessment tasks aligned to each standard across each grade level and specialist team
Develop and use a system for writing, tracking, and reflecting upon action plans based on analysis of assessment data	**LCAP Goal #1:** All students will achieve growth and academic success	Develop by Spring 2023 Use each trimester at a minimum	Each teacher will complete at least 1 full assessment cycle (including analysis & reflection) during the 2022-23 school year, and that will increase by at least 1 full assessment cycle each year for 3 years until each teacher completes at least 3 each year

Goal 2: Ensure that there is alignment, content mastery, and rigor within and across all classrooms by providing intentional and frequent professional development on curriculum design.

Actions	Correlation to LCAP or Strategic Plan	Timeline Across 6 year cycle	Progress Monitoring (could merge multiple rows)
Complete long-term plans rooted in standards and aligned across K-8	**LCAP Goal #1:** All students will achieve growth and academic success **Strategy II:** We will define, measure, and promote student success consistent with the BCS mission.	August 2022 continued analysis, with all long-term plans fully updated by the start of 2023-24 school year.	All grade levels and specialist teams have long-term plans aligned to content standards that are adjusted to meet the needs of learners

Documentary Record 001832

		All plans revised/updated annually and mid-year each year	
Provide professional development on assessment design	**LCAP Goal #1:** All students will achieve growth and academic success **LCAP Goal #2:** All teachers will engage in professional learning that increases their instructional knowledge and practice to serve all students **Strategy III:** We will attract, support, and develop a diverse, world-class staff of professionals who are entrusted and empowered to execute the BCS mission.	Quarterly, starting in Fall 2022	All grade levels and specialists teams design/improve upon, implement, and calibrate scoring on at least 3 assessments each year, starting with a minimum of one calibration in 2022-23.
Provide professional development on designing learner-centered instruction	**LCAP Goal #1:** All students will achieve growth and academic success. **LCAP Goal #2:** All teachers will engage in professional learning that increases their instructional knowledge and practice to serve all students **Strategy I:** We will build innovative education programs and spaces that inspire the individual student, enrich the learning experience, and provide a model of what is possible in public education. **Strategy III:** We will attract, support, and develop a diverse, world-class staff of professionals who are entrusted and empowered to execute the BCS mission.	Quarterly, starting in Fall 2022	All teams will design and implement at least one lesson per trimester during the first year and then design at least 1 unit per year after that
Design observation protocol and observation schedule that allow teachers to observe and give/get feedback to improve and calibrate their practice across teams	**LCAP Goal #1:** All students will achieve growth and academic success **Strategy III:** We will attract, support, and develop a diverse, world-class staff of professionals who are entrusted and	Start in Fall 2022 Monthly observations by principals, school leaders, and/or peers	Growth in practice will be seen based on feedback and progress towards goals based on that feedback

Documentary Record 001833

	empowered to execute the BCS mission.		Assessment data will show an increased level of student growth and achievement as a result of this work Evaluation tool will be utilized across all classrooms by Fall 2023

Goal 3: Ensure alignment of curriculum and assessment practices across sites, grade levels, and content areas.

Actions	Correlation to LCAP or Strategic Plan	Timeline Across 6 year cycle	Progress Monitoring (could merge multiple rows)
Communicate specific curriculum use expectations across sites, grade levels, and content areas.	**LCAP Goal #1:** All students will achieve growth and academic success **Strategy II:** We will define, measure, and promote student success consistent with the BCS mission. **Strategy III:** We will attract, support, and develop a diverse, world-class staff of professionals who are entrusted and empowered to execute the BCS mission.	Beginning of August each year, starting in 2022, revisiting each school year	Leadership Team will share expectations and monitor throughout the year through their vertical team meetings
Providing opportunities in vertical team meetings to calibrate assessments and share strategies around curriculum.	**LCAP Goal #1:** All students will achieve growth and academic success **Strategy II:** We will define, measure, and promote student success consistent with the BCS mission. **Strategy III:** We will attract, support, and develop a diverse, world-class staff of professionals who are entrusted and empowered to execute the BCS mission.	Monthly, starting in August 2022	Admin and Team Leads will create agendas for teachers to share and analyze data at an established cadence

Documentary Record 001834

Develop a shared communication system with students/families that provides assessment performance at regular intervals to all families.	**LCAP Goal #1:** All students will achieve growth and academic success **LCAP Goal # 4:** We will engage all parents in joyful, active partnership to support their children and the BCS mission. **Strategy IV:** We will engage all families as essential, active partners to support the continued vitality of the BCS community, its students, staff, and programs.	Review current system for 2022-23 school year and make adjustments Revisit each Fall and Spring thereafter	Review family survey data in the Winter and Spring each year to data to measure effectiveness of communication structure

Goal 4: Create programs and opportunities that ensure all learners – particularly our sub-populations – have additional support to access content and develop the agency needed to engage in rigorous tasks.

Actions	Correlation to LCAP or Strategic Plan	Timeline Across 6 year cycle	Progress Monitoring (could merge multiple rows)
Recruit more parents of ELs to take part in ELAC meetings as springboard to increase engagement of families of ELs	**LCAP Goal #1:** All students will achieve growth and academic success **LCAP Goal # 4:** We will engage all parents in joyful, active partnership to support their children and the BCS mission. **Strategy IV:** We will engage all families as essential, active partners to support the continued vitality of the BCS community, its students, staff, and programs.	Plan new parent gathering to have parents learn about and sign up for volunteer opportunities either in August or September of 2022 and conduct annually	Students are tested within the first 30 days of school. Admin reaches out to families to participate in the first ELAC meeting in November.
Develop additional feedback loops for families to provide feedback on school programs	**LCAP Goal # 4:** We will engage all parents in joyful, active partnership to support their children and the BCS mission. **Strategy IV:** We will engage all families as essential, active partners to support the continued vitality of the BCS community, its students, staff, and programs.	Beginning and mid-year parent check-in and opportunities to volunteer for upcoming events.	Surveys sent out Winter and Spring will show an increase in the percentage of responses from the parent community year upon year

Documentary Record 001835

Train teachers to design standards-aligned rigorous tasks to meet different students' learning needs in order to maximize growth and promote higher-order thinking across K-8	**LCAP Goal #1:** All students will achieve growth and academic success **LCAP Goal #2:** All teachers will engage in professional learning that increases their instructional knowledge and practice to serve all students	PD in August, starting in 2022 Trainings for leadership team each year, including school site visits	Specific tasks created for each grade-level/content area to align assessment CAASPP and NWEA sub-population metrics show an increase in growth and achievement
Build in regular times throughout the year to calibrate on assessing student work and collaborate on planning instruction to create more alignment between teachers	**LCAP Goal #1:** All students will achieve growth and academic success **LCAP Goal #2:** All teachers will engage in professional learning that increases their instructional knowledge and practice to serve all students **STRATEGY II:** We will define, measure, and promote student success consistent with the BCS mission.	Monthly, starting in 2022-23 school year	Team data and planning meetings will be scheduled and documented, including the results that come from them Observational data will indicate that plans based on assessment data are implemented
Review current SEL curriculum implementation across all grade levels and provide training to staff on implementation	**LCAP Goal #3:** Bullis Charter School will create a school climate where all students on all campuses feel included, safe, and accepted for who they are. - **I.** School budget
- **J. Glossary of terms unique to the school**

FLGs (Focused Learning Goals)	FLGs are meant to help each student achieve their full potential based on where they are each year and to realize individual talents, passions, and interests. Goals don't always have to be in an area of weakness. Some of the best goals come from areas of strength/passion. Each child in Grades TK-8 have at least 4 FLGs per year, which are set during an FLG Conference in October.
Co-Curriculars	Co-Curricular classes provide an opportunity for children in Grades 1-5 to dive more deeply into California State Standards. These standards-based classes provide an opportunity for students to learn and apply content in a more integrated manner and with students they may otherwise not have a chance to work with. There are three categories of co-curricular classes: math, science, and technology; performing and visual arts; global citizenship. Students take classes in two of the three categories each semester. They take place during the regular school day: on Wednesday afternoons at the South Campus and on Friday afternoons at the North Campus.
Extra-Curriculars	Extra-Curricular Classes take place after school from 3:30-4:15pm on Mondays, Tuesdays, and Wednesdays. Some activities, like choirs, bands, and plays/musicals take place at other times throughout the week and are also considered part of our Extra-Curricular Program. Classes take place in 2 semesters (Fall and Spring) and generally have 10-13 meetings per semester. These, unlike Co-Curriculars, are not necessarily standards-based.
Houses	Each student in Grades TK-5 and each teacher of Grades TK-5 is a member of a House, and each House is made up of children in Grades TK-5. There are monthly House meetings during which there is an activity members of each House complete collaboratively. Students can earn House points by showing school spirit and by winning House competitions/contests, like the annual Chalk Mural Contest. Below are

Documentary Record 001837

	the names of the Houses: North Campus: Monkeys, Wolves, Dolphins, Penguins, Tasmanian Devils Snow Leopards, Hawks South Campus: Monkeys, Wolves, Monkeys, Wolves, Dolphins, Penguins, Tasmanian Devils Snow Leopards
Clubs	Clubs take place for our middle schoolers during one period each week. Every middle schooler is a member of a club. Clubs are proposed and led by students, and each is advised by a middle school teacher.
Intersessions	Intersessions are two- or three-week blocks of time during which middle schoolers don't attend their regular classes but dive deeply into a project instead with other members of their grade level with whom they don't necessarily work during their regular classes. They take place three times per year.
Six Pillars	These are the Six Pillars of Character: Caring, Respect, Responsibility, Trustworthiness, Citizenship, and Fairness. These form the basis of the Character Education Program at BCS.
POW/WOW	Each week, there is a Word of the Week (WOW) related to one of the Six Pillars. There is a Proverb of the Week (POW) that goes with each WOW. At each Friday assembly, one of the TK-5 classes presents the POW/WOW to the rest of the school. Each child in the class is part of its POW/WOW presentation.
Principal's Awards	Each month, Principal's Awards are given to students in TK-5 who exemplify an attribute related to the Six Pillars. Each teacher names 1-3 students who should receive an award each month. These students are recognized during a Friday assembly in front of the whole school.
BBC (Bullis Boosters Club)	The Bullis Boosters Club is BCS's parent-led volunteer organization. Its mission is to unify the school community around the BCS mission and support the school, its students, and staff in various ways.

SELF-STUDY VISITING COMMITTEE REPORT

ACCREDITING COMMISSION FOR SCHOOLS, WESTERN ASSOCIATION OF SCHOOLS AND COLLEGES

CALIFORNIA STATE DEPARTMENT OF EDUCATION

FOR

BULLIS CHARTER SCHOOL

102 W. Portola Ave

Los Altos, CA 94022

May 1 - 4, 2022

Visiting Committee Members

Elisa McCutcheon
Co-administrator and Teacher, Antioch Charter Academy II

Adam White
Assistant Principal, Leadership Public Schools, Hayward

Edna Heller
Co-administrator and Teacher, Antioch Charter Academy

John Bosselman
Director of Innovation and Rigor, Latitude 37.8 High School

Jeff Kirchner
Principal/Superintendent, Hume Lake Charter School

Documentary Record 001839

Preface

Bullis Charter School involved all teachers, leadership, parents, and students in the WASC process. There is a strong commitment of all stakeholders to support student achievement that is evident throughout the self study.

BCS has a strategic plan that is directly tied to their mission which guides the schoolwide learner outcomes and development of goals for LCAP. The student learner outcomes include academic achievement as well as goals leading to a well-rounded global citizen:

- All students will self-advocate, take agency, and become active listeners.
- All students will achieve academic success.
- All students will discover and pursue individual talents and interests.
- All students will model the six character pillars.
- All students will become self-confident contributors to the global society and demonstrate understanding of the interconnectedness of people and their environment.

Leadership, teachers, parents, the board, and students are involved in gathering and analyzing data about students and student achievement in one form or another. Data is analyzed at a school level, grade level, class level, and individual level. All stakeholders are included in both LCAP planning and strategic planning. Time is included throughout the year for staff to look at data to inform their instruction. Parents and students K-8 participate with teachers in setting and monitoring individual progress towards Focus Learning Goals, which include academic, life skill, and personal goals.

All teachers and leaders participated in gathering and evaluating evidence related to schoolwide learner outcomes, academic standards, and ACS WASC criteria. Teachers observed peers, shared evidence of student work, and gathered an abundance of artifacts to reflect work done in horizontal and vertical team meetings. Each teacher participated in one of the Focus Groups, which analyzed the data collected and then created strengths and growth areas for their section. The Leadership Team then analyzed the sections to identify the trends that had the most impact on learner outcomes, identified student learner needs, discussed those trends with staff and parent focus groups, and drafted goals for the action plan.

The schoolwide action plan is directly tied to the LCAP and the strategic plan, which is good because there are clear processes in place for reviewing and updating the actions and goals tied to these plans.

The involvement and collaboration of stakeholders in the self-study reflects a thorough, accurate description and analysis of what currently exists at the school, as well as aligned schoolwide prioritized areas of strength and growth.

Visiting Committee Rating (select one): **Highly Effective** Effective Somewhat Effective Ineffective

Narrative Rationale:

The school thoroughly involved all stakeholders in the self-study process. The visiting committee agreed that the self-study report and conversations with leaders, parents, and focus groups included transparent analysis of what currently exists at the school. Focus groups identified areas of strength and growth with which the visiting committee concurred

Documentary Record 001840

from the evidence provided before and during the visit.

Chapter 1: Progress Report

Significant Developments

Since the last full visit in 2015, Bullis Charter School has grown from a school of 712 K-8 learners to a school of 1,067.. Most of the growth since 2015 occurred during the 2019-20 school year when seven new classes were added: two classes of TK/K and one class each of Grades 1-5. In addition to the growth in the number of learners, the physical footprint of Bullis Charter School has increased in size. There is now the K-8 North Campus site, still co-located with Egan Jr. High, which serves K-8 learners, and there is the K-5 South Campus site, co-located with Blach Jr. High, which serves K-5 learners. This means that the K-5 teams are split across two campuses. As a result of the addition of seven new classes in the 2019-20 school year, the Middle School Quad of twelve classrooms was added adjacent to the North Campus site. Since 2015, the number of teachers has increased from 68 to 89. New staff positions have also been added, including Director of Human Resources, Director of Special Education, Director of Operations, Facilities Lead, Director of Teaching and Learning, and Director of Technology.

The administrative team has been reorganized since the last full visit, and new people are serving in all administrative roles. Bullis Charter School's Founding Superintendent stepped away from the role in the 2019-20 school year and now serves as the Founding Superintendent, Emeritus. There was an Interim Superintendent during the 2019-20 school year, and a new Superintendent started in July 2020. In 2015, there was one Principal and one Assistant Principal. Now, there are three Principals – North Campus K-5, South Campus K-5, and Middle School – who were new to their roles in the 2020-21 school year. All three were members of the BCS teaching staff for over a decade before becoming Principals, which is good because they bring knowledge of school history and culture as well as relationships with staff to their roles.

The COVID pandemic had a major impact on the school. Bullis Charter School shifted to 100% remote learning across all grade levels on March 17, 2020, one day after school was closed on March 16. BCS started the 2020-21 school year 100% remotely and began bringing back some cohorts for in-person instruction on September 30, 2020. By early December 2020, cohorts of learners across all grade levels, K-8, had returned to campus for in-person instruction. In grades K-3, in-person instruction happened 5 days per week, and in grades 4-8, in-person instruction happened 2 days per week. Concurrently, a 100% remote learning program was running. The final group of in-person K-8 learners was welcomed to each campus in March, at which point about half of the learners had returned for in-person instruction. All families were able to choose whether their student was remote or part of the in-person program. Professional learning priorities shifted to focus on best practices for remote and hybrid learning while operations priorities shifted to focus on health and safety protocols. Each time new learners returned to campus for in-person instruction, rosters changed, creating the need to synchronize across each grade level as much as possible.

Multiple task forces, involving parents and teachers, worked throughout the summer of 2021 to help provide insight and oversight in creating the best possible learning environment for students, both in-person and remotely. All students returned to campus to start the 2021-22

Documentary Record 001841

school year. The school worked to address student socio-emotional needs since many of the students had not been in a formal school setting for over 18 months. Amidst these challenges, the school re-implemented many of the components important to the BCS program, including co-curriculars, extracurriculars and student celebrations and assemblies to rebuild connection and community within the school.

Progress on Schoolwide Action Plan

BCS has made progress in meeting its action plan goals since 2015.

Goal 1: *Continued support of diverse learners through effective implementation of Common Core State Standards and California English Language Development Standards with an emphasis on differentiation.*

Since the last Self-Study, a major focus of professional learning for teachers has been on analyzing school-wide data to meet each learner's individual needs through effective implementation of standards, including the CCSS and CA ELD standards.

BCS uses data to drive the content of professional development. Since 2016, there has been a school-wide focus set for each year based on analysis of data. In 2016-17, the school-wide focus was on the differentiated curriculum, particularly for ELs. In 2017-18, the school-wide focus was using data to improve listening and speaking skills for all learners because when analyzing the 2017 CAASPP data, there was a relative weakness in the Speaking and Listening claim. In 2018, the school-wide focus was differentiation based on assessment data. The school began administering the NWEA MAP Growth assessments across all classes at each grade level in the 2018-19 school year. Based on analyzing that year's growth data the focus in 19-20 was growth in literacy for all learners. In 2020-21, as a result of the COVID pandemic, the focus was differentiating instruction to meet the needs of all learners, regardless of remote, hybrid, or in-person. The foci for the 2021-22 school year are re-engaging the community, given that many in the community hadn't been to in-person school sites for 1.5 years and based on constituent survey data, and individual growth/achievement for all learners given NWEA MAP Growth assessment data.

BCS staff used NWEA Growth Data to analyze the instructional program, and particularly the growth data for English Learners. Fall 2019-Winter 2020 data indicated that the program was promoting growth in English Learners, particularly in Reading. The EL data for Math and Language were more variable, with ELs meeting or exceeding growth projections in the early primary and middle school grades. The data also indicated a relative strength in meeting the needs of the Special Education learners in Reading, more than in Math and Language Usage. NWEA Growth Data from Fall 2020-Winter 2021 showed that the ELs met or exceeded their growth projections at a rate greater than the overall population of the school on Reading, Math, and Language Usage, although some of the students took the test remotely and others on-site. NWEA Growth Data from Winter 2021-Spring 2021 showed that the ELs met or exceeded their growth projections at a rate less than the overall population on the Math and Reading tests. The gap is much greater for Reading than Math. Despite lower NWEA MAP Growth data for the ELs in Spring 2021, the majority of the returning ELs were reclassified in Fall 2021 based on Spring 2021 Summative ELPAC data. In the Fall of 2021, there were 81 English Learners who were at BCS the year prior. Of those 81 returning ELs, 48 were reclassified by September 29, 2021 based on Spring 2021 Summative ELPAC data.

Documentary Record 001842

Goal 2: *We will build on teachers' strengths to develop teacher leaders to impact professional and student learning within Bullis Charter School and the larger educational community.*

Because of the unique culture and learning environment at BCS, the majority of annual Professional Learning in August and January is conducted by members of the staff. The Director of Teaching and Learning provides the framework for professional learning each year. Each year, professional learning incorporates Team Leads as facilitators of small group and grade level discussions. Other key members of the faculty (including Special Education staff) have the opportunity to lead presentations and/or facilitate conversations around continued support for students.

Many Bullis teachers present at local, state, and national conferences including the Project-Based Learning STEAM Practicum, Mandarin team's presentation at the National Association for Bilingual Education, California Association for Bilingual Education, and the National Chinese Language Conference, the MakerSpace team presenting at the California Science Teachers Association conference, the California STEAM Symposium, and the National Science Teachers Association conference.

There is support for teachers' growth as teacher leaders through leadership opportunities including being a vertical team lead (K-2 team lead, 3-5 team lead, 6-8 team lead, and specialist team lead), being an associate teacher guide (a 1:1 support for each associate teacher), and working as an Induction mentor to support new teachers in their first two years of teaching.

What has not been done is analyze the impact of this work on students. There is a need to set metrics to be able to gauge the degree to which there are positive student outcomes as a result of it.

Goal 3: *Implement the Next Generation Science Standards (NGSS) and STEAM (science, technology, engineering, arts, mathematics) strand in all K-8 homeroom and specialist classes.*

Since 2015, all staff have received training in the NGSS. The NGSS are now being implemented in all grade levels, K-8. K-8 NGSS-aligned FOSS materials have been purchased to facilitate implementation. The NGSS are embedded within K-8 PBL and design-thinking units as well as middle school intersessions.

Using CAST data, 82.2% of students met or exceeded standards in 2018-2019, and 80.58% of students met or exceeded standards in 2020-2021. Based on feedback from teachers teaching remotely during the 2019-20 and 2020-21 school years, implementing instruction aligned to the NGSS remotely, particularly in Grades K-5, was a challenge. The school devoted time in August 2021, before the start of the 2021-22 school year, for K-5 teachers to explore all of the NGSS-aligned FOSS materials and plan units of instruction for the year aligned to the NGSS during a FOSS & Science Exploration Day (K-5) in an effort to have a positive effect on CAST data for 2021-2022 school year.

Goal 4: *We will strengthen our students' global competency through our foreign language program and the Biliteracy Pathway Awards program.*

There continue to be challenges with implementing a successful World Language Program. The staffing issues that existed in 2015 still exist, particularly for the Spanish program. Despite these challenges, BCS continues to have learners receive the Biliteracy Pathway Award (Grade 5) and

Documentary Record 001843

the Middle School Biliteracy Attainment Award each year.

For the 2021-22 school year, the approach to Mandarin instruction in Grades 4-8 changed to meet the variety of needs that exist for those grade levels. Instead of making Mandarin instruction optional before school for Grades 4 and 5, which it had been prior, all students in Grades 4 & 5 receive instruction during the regular school day. Also, to address the fact that students have mastered Mandarin at a variety of levels in Grades 4-8, including those who are new to BCS in those grade levels and those who study Mandarin outside of school, the schedules for the Mandarin teachers were adjusted so that multiple sections of Mandarin for each of those grade levels occur simultaneously, allowing them to group students across classes to meet the needs of the wide range of proficiency levels in each cohort. Data from Parent Surveys from 2018 to 2020 suggest that despite the challenges of implementing a successful World Language program, there has been some improvement in how effective parents perceive it to be, particularly the Mandarin program. The Grade 5 Conversational Spanish Course received some of the lowest scores on the survey across this time period. As a result, it was eliminated due to its ineffectiveness. Now, Spanish instruction at BCS starts in Grade 6.

Schoolwide Growth Areas for Continuous Improvement

Three suggested growth areas for continuous improvement were incorporated into goal 1 above, including “individual and small group differentiation by process and product and support students’ language development”, “align curriculum & assessments to standards, including ELD standards”, and “develop long-term goals based on school-wide students achievement data and use data to inform school-wide practices and PD plans.”

Additional growth areas for continuous improvement include:

Secure Facilities That Will Fully Support the BCS Program

BCS continues to work with the Los Altos School District to determine what long-term facilities structures may look like for Bullis. In 2020 (due to the pandemic) the current facilities agreement was extended until 2023. Although all stakeholders would find it beneficial to be located at one campus rather than two, the school is only able to get the facilities offered to them by the local school district through the Prop 39 agreement.

Engage Parents of Growing EL Population

Supporting all students is a key part of the BCS mission and model. With higher percentages of EL students joining the school in TK/K, the school is focused on providing support with ELA standards and individualized learning goals for students. In 2021, BCS reached out to all EL families to gauge interest in participating on the ELAC committee for Bullis, and established parental involvement in the committee that will help drive decisions for the LCAP and student support for all ELs. There is a need to continue to find other ways to engage members of the EL community.

Responsibilities and Protocols More Clearly Defined and Systematized With such large growth in the student population in 2019-2020 and a transition to an all new administration team in 2020-2021, the need to continue to codify systems and processes is relevant and necessary. With the pandemic affecting school operating procedures for 2020-21, BCS focused on systems that need immediate attention/updates (e.g. arrival and dismissal procedures, visitor protocols) and states that it will continue to analyze necessary protocols and processes moving forward.

Documentary Record 001844

The use of prior accreditation findings and other pertinent data to ensure high achievement of all students and drive school improvement.

Visiting Committee Rating (select one): **Highly Effective** Effective Somewhat Effective Ineffective

Narrative Rationale:

BCS is highly effective at using data to ensure high achievement for all students and to drive school improvement. Since 2018, all teachers have been part of annual data gallery walks to identify trends, gaps, and needs based on NWEA assessment data as well as surveys of parents and students. These identified trends are used to create a school-wide focus for professional development and for teachers to set goals for their learners and professional goals for themselves.

Chapter 2: School and Student Profile and Supporting Data

School and Student Profile

Bullis Charter School ("BCS") is a single school serving 1,067 students split across two campuses – one K-8 and the other K-5 – in Los Altos, CA. The North Campus (K-8) shares the facilities of the Egan Junior High School campus, and the South Campus (K-5) shares the facilities of the Blach Intermediate. The school was created 18 years ago by a group of families aiming to build a better neighborhood school and to expand on traditional public school models. BCS draws students from across the Los Altos School District, including the cities of Los Altos, Los Altos Hills, and Mountain View, which is a community that highly values education and has high expectations of the schools that serve it.

BCS serves a diverse population that speaks over 33 languages, including Spanish, Vietnamese, Cantonese, Hebrew, Polish, Russian, Mandarin, and Turkish, and possesses a diverse range of academic, social, and emotional needs. Currently, 25% of the students were classified as Initially Fluent English Proficient, 6% of the population are English Learners, and 14% are Reclassified ELs. A high percentage of students are Asian (57%), with 20% white, 16% two or more races, and 4% Hispanic or Latino. There are small percentages of African American, Filipino, and Pacific Islander, each totaling less than 1%. 7% are students with disabilities, and less than 2% of students qualify for free or reduced lunch. In Fall of 2021, the county board who authorizes the BCS charter approved two new enrollment preferences (#2 and #7) as part of that lottery that provides priority to students from families who qualify for free or reduced priced meals (FRPM). This priority extends to students both in district and out of district. The school started outreach in hopes of increasing the number of students who qualify for FRPM.

There are 79 credentialed general education teachers on staff, which includes 35 Homeroom Teachers in Grades K-5, 16 K-5 Specialists (Art, Drama, Music, Mandarin, Physical Education, Makerspace), 23 Grades 6-8 Specialists (ELA/History, Math, Science, Art, Drama, Music, Physical Education, FabLab), and 5 Associate Teachers. There is also a full-time Induction mentor, who was a former Homeroom Teacher at BCS. The staff also includes one Drama and one Dance teacher who work under an independent contract with the school. There are also three K-5 Flex teachers who provide support. The school has two counselors who work with students

Documentary Record 001845

for whom there are social and/or behavioral concerns. The Special Education Staff includes 1 Director of Special Education, 2 School Psychologists, 1 Speech and Language Specialist, 3 Resource Teachers, and 1 Occupational Therapist, a Board Certified Behavior Analyst, and behavior techs to support in classrooms. Some of the Special Education staff are in-house, while some are contracted through the SELPA. The administrative staff includes a full-time Superintendent/Principal and 3 full-time Principals: 1 K-5 Principal on each site and a Middle School Principal at the North site. The full-time classified staff includes a Registrar, Director of Technology, Director of Operations, Director of Human Resources, Office Support, Finance Coordinator, 2 Health Assistants (one on each site), and 3 Custodians.

School Programs

All students in grades K-8 receive instruction in English Language Arts, Mathematics, Social Studies/History, Science, Physical Education, World Language (Mandarin in K-5 and Spanish or Mandarin in 6-8), Drama, Music, and Art. All students in Grades K-5 explore making and design thinking in MakerSpaces, and students in Grades 6-8 do the same in the FabLab, which contains laser cutters, power tools, and 3D printers. All students in Grades 1-5 experience co-curriculars, which are multi-grade standards-based electives in the areas of Global Citizenship; Math, Science, and Technology; and Performing Arts. Co-curriculars are designed to help students explore passions they already have and to discover new ones. All students in Grades 6-8 take part in intersessions. During these 2-3 week intersessions, regular instruction is suspended as middle schoolers take deep dives into experiential, project based, and/or design thinking units.

Students also have access to extra-curricular activities that take place after school hours, Monday through Friday. There are over 30 current options for students to choose from, and over 40% of 1-5 grade students participate in at least one extra-curricular activity throughout the course of the year.

Students who are classified as EL participate in the English Learner program. This program includes daily designated ELD instruction, integrated ELD instruction, and an individualized Focused Learning Goal (FLG) in an area of English language development. Students in Grades K-5 receive their designated ELD time from their classroom teachers, either 1-1 or in a small group with other ELs. This time is built into the regular school day. All teachers, including specialists, integrate language development supports and strategies into instruction across content areas. Each of the learners in the EL program work with their teacher to set a focused learning goal that targets their language development. Progress toward each child's goal is monitored throughout the year by the teacher, parent, and child.

As a single site charter, BCS has been partnered with the Santa Clara County of Education for Special Education support, with Santa Clara serving as the SELPA for Bullis. Since 2015, the school has developed an in-house Director of Special Education position to oversee the support of all students and serve as the main conduit with families and with the SELPA. Additionally, they are bringing more Special Education positions "in house," hiring service providers directly in lieu of through the county. An additional School Psychologist and part-time school counselor was added to the staff in the 2021-22 school year, in order to support additional assessment and counseling needs that have emerged during the pandemic and with the return to in-person learning. School counselors support Special Education students with IEP counseling minutes as well as the general population.

In the 2021-22 school year, BCS revised the process for identifying and supporting students who

Documentary Record 001846

may need Tier 2 and Tier 3 support. They created a team that would convene biweekly to review and discuss those students identified by their teachers as perhaps needing more support as well as identify others who may need more support based on assessment data. That group is composed of the following: Superintendent/Principal, three principals, Director of Teaching and Learning, Director of Special Education, School Counselor, and K-2 Team Leaders who had experience in intervention strategies. There is a plan in place to check in on a regular basis with students identified for RTI and their teachers, but during the visit teachers explained that this is not always happening yet.

School Mission, Vision, & Learner Outcomes

Mission: Bullis Charter School offers a collaborative, experiential learning environment that emphasizes individual student growth. As a model of educational innovation, BCS inspires children, faculty and staff to reach beyond themselves to achieve full potential. Using a global perspective to teach about the interconnectedness of communities and their environments, the BCS program nurtures mutual respect, civic responsibility and a lifelong love of learning.

BCS is a mission-driven organization. Embedded in the mission are the schoolwide learner outcomes. “We strive to develop students who are critical, reflective thinkers; collaborators, and problem solvers; who feel personally empowered; who act responsibly in all areas: personally, socially, globally, and who love learning. We believe that all students can achieve academic success; families and the school must work together to serve the whole child; and that teacher/staff passions, collaboration and love of learning are central to student success”.

In the spring of 2021, the Strategic Planning Team convened to review and update the 2015-2020 Strategic Plan. The group of staff members, leadership team members, parents, and community stakeholders worked with the Cambrian Group to create a list of recommended draft strategies that was presented to the BCS Board in June. The BCS Board provided recommended adjustments to the proposed objectives and strategies and approved a final version in July of 2021.

LCAP Goals and Metrics

Using analysis of the data above and the information gathered from stakeholders, BCS created LCAP goals and metrics which dovetail with WASC implications with respect to student performance and student learner needs.

Goal #1: All students will achieve growth and academic success

Need: Individual student growth for all, particularly Special Education and EL students.

Metrics: California dashboard for Math and ELA will be all green and blue (standard & above), 100% of teachers’ long-term plans reflect the CCSS and are reviewed annually

Goal #2: All teachers will engage in professional learning that increases their instructional knowledge and practice to serve all students.

Need: With new teachers joining the BCS staff each year, and a particularly high number of new staff who joined in the 2019-20 school year due to growth, there is a need to align the entire staff around high expectations when it comes to teaching and learning. There is a need to dive deeply into assessment structures and expected learning outcomes to ensure there is alignment and rigor

Documentary Record 001847

across and within all grade levels.

Metrics: 100% of teachers who teach EL students will plan for and implement daily integrated and designated ELD, 100% of teachers will identify one new strategy they've implemented to support students with disabilities and provide evidence to back that up, principals will complete 3-5 observations each year of all teaching staff to review integration of new strategies learned during Professional Learning, 90% of teachers agree/strongly agree that professional learning opportunities at BCS contribute to their professional growth

Goal #3: BCS will create a school climate where all students on all campuses feel included, safe, and accepted for who they are.

Need: Especially at a time when students are returning to campus after learning remotely, reintegration into and connection to the BCS community must be a priority.

Metrics: 100% of all BCS students feel a sense of community at the school, 100% of all BCS students feel respected by peers and teachers, Maintain an average ADA of 97%

Goal #4: We will engage all parents in joyful, active partnership to support their children and the BCS mission.

Need: Coming off of a period of hybrid and remote learning, we must ensure that we are reconnecting our families to our mission and evaluating new opportunities and ways in which we can connect with our families and community.

Metrics: 100% of parents feel as though they are connected to the BCS community

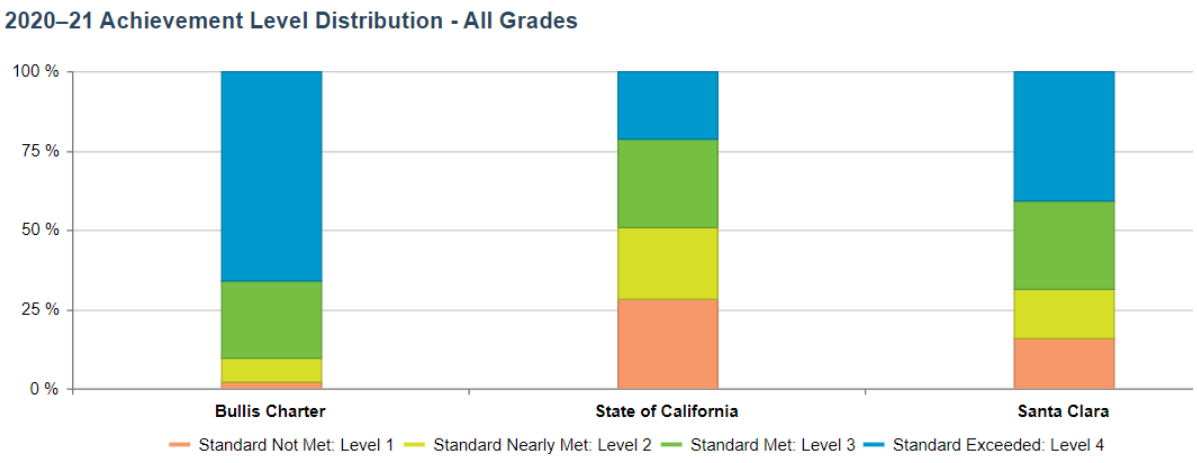
Data on addressing the Eight State Priorities

LCFF Priority 1 - Basics 79 teachers are credentialed and appropriately assigned. All teaching staff participate in professional learning each week and all certificated and non-certificated staff participate in select professional learning during in-service and at other designated times. The most recent Facility Inspection Tool (FIT) report in June 2021 included inspected systems rated "Good" and the overall facilities rating of "Good."

LCFF Priority 2 - Implementation of Academic Standards To focus on planning with the standards in mind, in 2018, all teachers received training from Marie Alcock on how to engage in curriculum mapping. She returned the following year to help continue the process, with an emphasis on standards-based assessments.

LCFF Priority 3 - Parent Engagement The school attributes its success in part to the community of parents who contribute to the school community and daily operating systems. Parent volunteers support and organize community events. The parent group (known as the Bullis Booster Club - BBC) supports new families who join the community each year through new family activities and assigning a "Bear Guide," an established family at Bullis Charter School who is available to answer questions and help them build connections with other families. Volunteer parents from the BBC help run a daily hot lunch program and staff libraries so students and classrooms have access on a daily basis. In a typical year, BCS utilizes parents within the classroom to serve as Room Ambassadors and to organize communication with other families, spending time in the classroom reading to students, running centers, etc., or offering their expertise in support of specialist classes or productions. Parents also play an integral role in the school governance structure, including seats on the Board of Directors (as mandated in by laws),

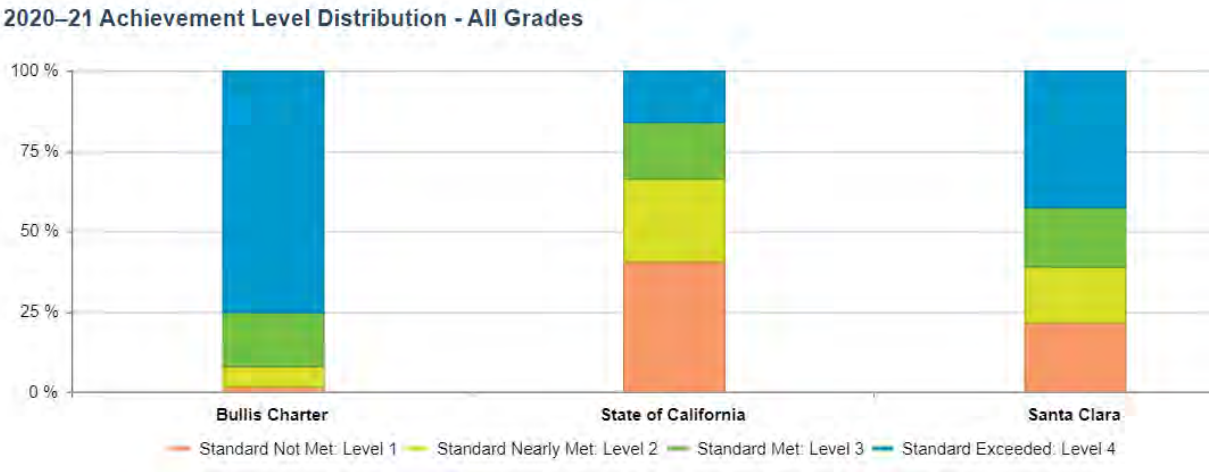
Documentary Record 001848



membership on the Finance Steering Committee, ELAC committee, and Strategic Planning Team.

LCFF Priority 4 - Performance on Standardized Tests

California Assessment of Student Performance and Progress (CAASPP) data from the last three available years show that a significant percent of BCS students overall, and specific groups of students, perform above state grade-level standards for English Language Arts (ELA) and Mathematics. BCS as a whole and its subgroups perform higher than both the California state average and the Santa Clara county average.



ENGLISH LANGUAGE ARTS/LITERACY

▼ Data Detail - All Students (accessible data)

MATHEMATICS

▼ Data Detail - All Students (accessible data)

Documentary Record 001849

SBAC Data

	2020-21	2018-19	2017-18	2016-17
All students, meet or exceed ELA	90.18%	90.07%	92.98%	94.21%
exceed ELA	65.9%	*66.33%*	*70.68%*	*71.66%*
All students, meet or exceed Math	91.84%	90.90%	93.33%	93.81%
exceed Math	75.23%	*76.73%*	*80.00%*	*78.64%*
English Learners meet or exceed ELA	34.78%	30.76%	72.73%	70.37%
English Learners meet or exceed Math	56.52%	38.46%	72.72%	85.19%
Reclassified Fluent English Proficient meet or exceed ELA	93.08%	96.71%	100%	100%
Reclassified Fluent English Proficient meet or exceed Math	92.31%	95.56%	98.51%	100%
Students with disabilities meet or exceed ELA	64.58%	70.59%	75.00%	77.15%
Students with disabilities meet or exceed Math	64.58%	70.59%	79.55%	74.28%
SED meet or exceed ELA	NA privacy	NA privacy	NA privacy	NA privacy
SED meet or exceed Math	NA privacy	NA privacy	NA privacy	NA privacy
Asian meet or exceed ELA	91.41%	93.01%	94.87%	97.30%
Asian meet or exceed Math	95.57%	95.08%	97.22%	99.10%
Black or African American meet or exceed ELA	NA privacy	NA privacy	NA privacy	NA privacy
Black or African American meet or exceed Math	NA privacy	NA privacy	NA privacy	NA privacy
Hispanic or Latino meet or exceed ELA	84.62%	89.48%	79.17%	80.77%
Hispanic or Latino meet or exceed Math	80.77%	78.95%	79.17%	73.08%
White meet or exceed ELA	83.01%	84.67%	91.04%	94.25%
White meet or exceed Math	79.25%	83.44%	88.97%	89.93%
Two or more races meet or exceed ELA	88.33%	93.11%	96.43%	95.79%
Two or more races meet or exceed Math	90.76%	95.69%	95.54%	97.90%

Although the school outperformed the state and county in both ELA and math, the percentage of both students with disabilities and EL students who meet or exceed standards on CAASPP declined beginning in 2018-2019.

The school utilized NWEA MAP Growth data to analyze growth data by grade and subgroups since the pandemic began. It shows at which grades learners showed more or less growth than projected. Across the 2020-21 school year, in all grade levels except Grades 7 & 8, observed growth fell short of projected growth. The school concluded that growth for all learners must be a focus moving forward.

Documentary Record 001850

8	5.2	8	5.4	6

LCFF Priority 5 - Pupil Engagement Chronic Absenteeism

Overall chronic absenteeism rate was in the highest level (Blue) of the California Dashboard for 2018 and 2019 reporting years, indicating low levels of chronic absenteeism (1.5% and 1.3%, respectively). Tracking this metric has been more challenging in the previous two school years (2020 and 2021) with the reality of quarantining and COVID restrictions.

Average ADA Per the facilities agreement with the local district (Los Altos School District) Bullis is committed to maintaining a daily ADA above 96%. It consistently met and exceeded this expectation prior to the beginning of the pandemic.

LCFF Priority 6 - School Climate

The suspension rate at BCS was less than 1% in 2017-2018, 2018-2019, and 2019-2020. There

Documentary Record 001851

were no suspensions at Bullis during the 2020-2021 school year and no expulsions at Bullis in the previous three school years (2018-2021).

BCS has a robust co-curricular and extra-curricular program. The co-curricular program is built into the school day, and all 1st-5th grade students participate in two co-curricular classes of their choice once a week. Students also have access to over 30 extra-curricular activities that take place after school hours, Monday through Friday.

Besides academic data, BCS gathers constituent survey data related to school climate. Given the unique nature of the 2020-21 school year, they focused on gathering data around School Belonging and School Engagement. Overall, the data show that these are areas of growth for the 2021-2022 school year, particularly when it comes to engagement. The School Counselor and team worked with 87 students during the 2020-21 school year, including 38 students who were new referrals.

LCFF Priority 7 - Access to a Broad Course of Study - Not applicable

LCFF Priority 8 - Other Pupil Outcomes

Funding is always a critical part of school operations, and BCS has a sub-committee of the board (the Finance Committee) that plays a critical role in helping support this process for the school. Though BCS does not receive Title I funds, BCS does have an external foundation, the Bullis-Purissima Elementary School Foundation, that supports in raising money to help account for the funding gap that often exists between charter and district schools, in the case of BCS due to the Basic Aid funding formula. It maintains its own volunteer Board and staff.

PERCEPTION DATA

As indicated in the 2019-2021 LCAP Annual Update, families took part in task forces and town halls during which they were able to ask questions and provide input on decisions being made. In the spring of 2020, families had the opportunity to join online focus groups around key areas for consideration as the school planned for future years, particularly during the pandemic. At the end of the 2020-21 school year parents were provided with a survey to provide feedback and express interest in joining future planning groups moving forward. Also in the spring of 2020, BCS engaged stakeholders – staff members, parents, and community members – in the strategic planning process, during which members analyzed the school's vision and identified strategies for the school to focus on for the next 3-5 years. Staff members also took surveys twice during the 2020-21 school year and met 1:1 with their principals to provide feedback and input about moving forward. Staff members also had the opportunity to participate in planning groups during the summer of 2021. The ELAC committee met multiple times to review historic LCAP goals and make recommendations for future actions.

Additionally, BCS increased the frequency of parent and student surveys. For the 2021-22 school year, they updated the cadence of the parent/guardian survey, changing from a yearly survey to a twice-yearly survey with updated questions, specifically focusing on decreasing the questions asked to account for more actionable questions with opportunities for qualitative commentary and possible follow-up. Student surveys are administered twice a year.

Staff have opportunities for input in a variety of ways, whether through surveys administered

Documentary Record 001852

after professional development, through vertical meetings with their Team Leads, by joining task forces or working groups within the school, and through a staff survey administered at least twice a year.

Summary of Profile

Based on the data, BCS identified the following as the major student learner needs:

- How can we provide more socio-emotional support -- especially during a time when students have faced a lot of uncertainty in structures the past 2+ years, both inside and outside of school?
- Given CAASPP and NWEA MAP Growth data, what steps can we take to improve opportunities for our EL students and students with disabilities?

Questions for Focus Groups (especially for teachers/families who are underrepresented):

- How are we meeting the needs of special education students, EL students, and other groups?
- How can we improve social-emotional learning and growth opportunities, including for key groups of students?
- How do we create learning environments where students feel included, engaged, and motivated to learn?

Chapter 3: Quality of the School's Program

CATEGORY A. ORGANIZATION: VISION AND PURPOSE, GOVERNANCE, LEADERSHIP, STAFF, AND RESOURCES

A1. Vision and Purpose Criterion

Visiting Committee Comments

Bullis Charter has a clear, coherent mission for student achievement that is shared by all stakeholders. The mission of Bullis Charter School is the cornerstone and foundation of the decision making process at the school and has changed very little since the school began 18 years ago. The visiting committee noted that board members, teachers, teacher leaders, principals, and the superintendent were aligned in understanding the mission and in fully supporting the mission of the school. Observations of classrooms uncovered the mission statement and six pillars clearly posted in classrooms.

Bullis Charter School uses a strategic planning process to regularly evaluate actions and ensure alignment with the mission. The strategic plan is reviewed at key points throughout the year and findings are shared out to various groups, including the Board. The school has a developed process for reviewing and updating the strategic plan. The refinement process or strategic planning process which included all stakeholders was recently conducted and a recommendation for updates were brought to the board for approval. The visiting committee found that the results from the strategic planning process which engaged teachers, administrators, and board members were rescinded and not confirmed by the board, with the board choosing to revert back to a

Documentary Record 001853

previous version of the strategic plan. The visiting committee noted that an area of growth would be to identify the key areas in the process that need adjusting to ensure successful strategic planning processes in the future.

BCS leadership and board demonstrate a clear understanding and commitment to the mission of the school. The school clearly has committed leadership to ensuring that all students meet learner outcomes as evidenced by interviews. The visiting committee noted that an area of growth would be in fully developing channels of collaboration among staff in regards to meeting the needs of curriculum and instruction of the school's special population (i.e. SPED, and English Learner or ELD).

Eighth grade students demonstrate understanding of and commitment to the mission and schoolwide learner outcomes in culminating presentations, as evidenced by student interviews. The visiting committee did not see evidence of equality of rigorous instruction across all classrooms during observations. Discussions with home groups indicated defining and showcasing rigor for teachers was a challenge they wanted to address in the future. Rigor is noted in curriculum, learning and instructional practices, but understanding evidence of rigor was varied depending on who the visiting committee spoke with. Involving more student voices in decision making, discussion on rigor, and planning is an area of growth.

The school's LCAP processes are thorough and transparent for stakeholders at BCS as evidenced through documentation. BCS involves staff and family members through ELAC and LCAP committees, noting that a limited number of parents attend such sessions. Involving more parents in this process was noted as a possible goal for BCS leadership by the visiting committee.

Vision and Purpose **that supports high achievement for all students. Defining of the school's vision and purpose through schoolwide learner outcomes/graduate profile and academic standards.**

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

Bullis Charter School has been highly effective in creating and maintaining a mission for student achievement.

BCS has been somewhat effective in engaging stakeholders in the process of reviewing, refining, and maintaining schoolwide learner outcomes as evidenced by their strategic planning process.

Students illustrate success in academics, self-advocacy, individual talents, character development, and as contributors to a global society as evidenced by the use of focused learning goals and as evidenced by documentation review, a highly effective practice.

A2. Governance Criterion

Visiting Committee Comments

The visiting committee met with several members of the governing board finding many items that work well for the organization. Board meeting agenda and minutes are publically available to the public via the school website. Governance documents are available for public view as

Documentary Record 001854

evidenced by viewing the school's website. Bullis Charter School has a functioning relationship between the school's governing board and the leadership team which is good because together they guide the school towards meeting the current strategic plan objectives and strategies of the mission. Interviews with parents and staff indicated a desire to see more board members with an educational background.

The school LCAP is aligned with the school's learner outcomes and it fully supports academic standards and student achievement. New faculty members are introduced to the Board of Directors. The role of the board supports student achievement through hiring a highly qualified leadership team and teaching staff. The board monitors and addresses questions about governance on the school's website. Board agendas and minutes are accessible and clearly posted on the school's website and available to parents. Parent group responses and visiting team interviews with parents indicated they need more information and education to fully understand the role of the Board and its position on issues concerning student achievement.

The Uniform Complaint Procedures are understood by leadership and are made available to families on the school website. Families are informed of the Uniform Complaint Procedure in the family handbook each school year.

Governance **that supports high achievement for all students.**

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

The Board is the primary decision making body of the school and the visiting committee observed evidence of their dedication to the school's success in meeting the academic standards for learners.

Bullis Charter has a fully developed LCAP, which is highly effective at supporting student achievement aligned with the learner outcomes and the school's mission.

BCS has an effective governance structure with clear lines of authority and responsibility that involves all the stakeholders.

Universal Complaint Procedures are understood and visible to the community.

BCS's families understand the role of the board, how to be involved with the board, and where to find information about initiative's guiding the work of the school.

A3. Leadership: Data-Informed Decision-Making and Continuous School Improvement

Visiting Committee Comments

BCS is in the beginning stages of developing a process for continuous improvement for students. The leadership team is new and has been in place for less than two full years and during that time the school community experienced a pandemic which shifted their focus. There is a strong desire by staff in creating more opportunities for collaboration and for using assessment data and analysis of current systems to determine needs for all areas of the school. Leadership has begun developing management processes and is looking for support of suggested initiatives from the Board. Instructional intervention analysis and student data analysis requires time, which the staff

Documentary Record 001855

need more of in the future.

Bullis Charter School's strategic planning process regularly evaluates actions taken by staff making sure they align with the mission. Although staff report that a recent strategic planning that involved various stakeholders from the community was not approved by the board and the board reverted to a past version of the strategic plan. LCAP participation includes parent and staff groups with padlets which allow for input from stakeholders and attendees. These sessions allow for continuous review and improvement.

Staff analyzes and reviews student work at various points throughout the school year to identify needs and next steps, but this analysis can be surface level and not a deep dive. Allowing for more staff collaboration time to engage in more analysis would help the staff meet student needs and to plan more effectively.

The school developed a CADIE project management chart in 2021-2022 to provide clarity on the distribution of roles and responsibilities throughout the school. It is still under development, but shows which person or group is to be consulted, accountable, decision-maker, informed, or executors of events over the course of the year.

Internal communication is effective and regular which allows for intentional collaboration and sharing of important resources. The school's intranet supports staff by providing information and resources regularly which leads to effective communication among all staff. The school has created a system that supports communication among staffing teams. This allows for staff members to review and understand expectations and plan for contingencies.

Leadership: Data-Informed Decision-Making and Continuous School Improvement **that supports high achievement for all students.**

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

Bullis Charter School is effective in creating inclusive, collaborative, and broad-based planning processes for continuous improvement. This process supports high achievement for all students through regular and intentional meetings focused on mission alignment.

BCS is somewhat effective at assessing data to determine student needs and monitoring results that impact student success. Teacher leaders support the implementation of programs and collaborate to support student learning in monthly meetings. This allows for teachers to discuss some student data, including RtI and SPED data, deeply understanding this data has the potential to lead to even higher student achievement.

School leadership and staff are highly effective at feeling there is a shared responsibility to take action for implementing services, practices, and programs that support student learning. The school is effective at continuous improvement for all students, but the visiting committee noted that the lack of time to analyze data and review instructional practices throughout the school year is limiting leadership's ability to monitor results and the impact on student growth.

Internal communication is effective and regular which allows for intentional collaboration and sharing of important resources. The school's intranet supports staff by providing information and resources regularly which leads to effective communication among all staff.

Documentary Record 001856

A4. Staff: Qualified and Professional Development Criterion

Visiting Committee Comments

The staff at BCS is highly qualified and dedicated. It is composed of certificated teachers, specialists, associate teachers, and led by four adminstrators. BCS has processes in place to assign staff members to the appropriate position and administrators are able to provide instructional support and coaching to teachers as evidenced by conversations and meeting minutes of grade level, vertical grade level, and administration meetings.

Bullis focuses on how to best attract new staff members through highlighting effective attributes successful to contributing to student success at the school. Potential candidates' qualifications are vetted through an online job posting process that ensures Bullis Charter school staff is qualified, and that they meet certain attributes important to promoting student success.

Professional development is provided by BCS heavily during the beginning of the school year and scantily throughout the school year. The staff engages in ten days of professional learning prior to the school year. This builds community culture and highlights priorities and goals for student success for the upcoming year. Time is provided weekly for minimal learning and supporting student achievement discussion The visiting committee noted the staff is in transition with BCS evaluation processes for all staff members. Leadership and staff need the resource of time to set and review professional goals that are aligned to the school mission and strategic plan.

This focus on attracting the best candidate, along with the development of a professional goal cycle, supports student achievement. The professional goal cycle is communicated to staff to support them in developing, implementing, and evaluating performance, yet the visiting committee would like to see more time from leadership and staff devoted to fully developing an evaluation system that is clearly aligned with the professional development and Mission and that is understood by all staff.

Focusing staff on professional goals develops them in ways that contribute to student success throughout the school.

BCS has an intranet that allows for staff to walk through all school policies and procedures during professional development. Staff is updated regularly through email communication, which is archived.

Bullis Charter is somewhat effective with their supervision and evaluation structure. Site administration shared that the school is currently in transition when it comes to evaluation of teachers. They acknowledge that that previous system, while it provided for opportunities to receive bonuses based on meeting their goals, was inconsistently implemented and not calibrated across the individuals completing the evaluation process. The school is currently implementing a new salary schedule that is based on years of experience and pairing that with a bonus structure linked to how teachers perform on their personalized goals. The administration reported that they are engaging various stakeholder groups to find an evaluation rubric that is values aligned with the teaching and learning they would like to see in the school.

Bullis Charter staff needs more time to meet regularly to analyze data and plan instruction around current professional development. Staff needs to collect more data to determine if current professional development contributes to student outcomes. The staff lacks time to regularly meet

Documentary Record 001857

and reflect on the effectiveness of professional development. This lack of reflection may or may not be effecting improving student achievement outcomes. The staff would like more time to look at data and to evaluate the effectiveness of professional development.

***Staff: Qualified and Professional Development* that supports high achievement for all students.**

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

BCS is effectively ensuring that leadership and staff are qualified based on background, training, and preparation. The school's onboarding process supports staff in understanding the structures of the school, and its mission. The visiting committee noted that teachers need time throughout the school year in order to maximize staff professional growth in relation to supporting student growth on the mission of the school.

Bullis Charter school is effectively supporting professional development of staff, advocating personnel, material, and fiscal resources toward professional learning prior to the start of the school year. The visiting committee noted that the staff needs more time to adequately prepare staff around analysis of data and instructional practices to meet the desired student outcomes stated in the mission of the school.

The school is somewhat effective with their processes of adequately measuring the effect of that professional development on teacher practice and the school is somewhat effective at measuring the impact the professional development has on student performance.

BCS is effective at communicating school policies and procedures and has a clear system to communicate written policies, handbooks, and procedures that define operational practices and relationships of staff and leadership. The visiting committee noted that the leadership and staff need time to calibrate the evaluation processes for all staff at the school.

A5. Resources Criterion

Visiting Committee Comments

Financial resources are allocated sufficiently at Bullis and funds are utilized effectively. There is a school leadership team that are involved in monthly meetings providing input on schoolwide decisions. LCAP participation includes parents and staff. Site-based staff have little to no involvement in the budget setting process and there is no process in place to track budget actuals for site-based staff, although the superintendent cited that she has held meetings with staff to educate them on school finance and bring them into the budgeting process. Auditors conduct annual audits–2020 audit supplied and the visiting term confirmed 2020/21 audit. The facilities meet the needs of Bullis' unique programs. This allows for collaboration, high-quality project-based learning which promotes creativity and design thinking, which aligns with the school's mission and learning objectives.

Facilities are safe, functional and adequately meet the students' learning needs and include specialized middle school spaces to support the unique program offered by the school. Operations staff work in coordination with the authorizing District facilities staff to develop and

Documentary Record 001858

address facility conditions. Maintaining adequate materials using inventories allow for staff to access a variety of textbooks and materials that support student achievement. Resources are shared and staff is supported in receiving material needs with interviewed evidence of minor work needed in creating an equitable and timely system of distribution of materials to staff.

***Resources* that supports high achievement for all students.**

Visiting Committee Rating (select one): Highly Effective Effective Somewhat Effective Ineffective

Narrative Rationale:

Bullis Charter School is somewhat effective at involving all stakeholders in resource allocation decisions. The leadership team discusses decisions regularly, but they have a limited involvement in the budget setting process. The resources are sufficient and utilized effectively as evidenced by audit reports occurring each year.

BCS staff is effective at maintaining adequate facilities and materials that support student achievement, including an abundance of technology in all classrooms, a system for maintaining and recycling materials, and multiple shared facilities on two campuses.

A6. Resources Criterion [Charter Schools only]

Visiting Committee Comments

Written policies of internal controls exist at Bullis and reviewed and updated yearly. A yearly external audit is conducted and results are shared with stakeholders in a variety of ways. This allows for accountability and transparency of the schools' fiscal resources. Bullis developed and adopted a Financial Policy in 2021 that defines internal controls and external audit procedures. The budget is reviewed throughout the school year at board meetings and financial committee meetings.

Bullis Charter has clearly outlined and aligned the allocation of funds to school goals in the LCAP. Participation in the process includes parents, staff, and school leadership. The decisions directly affect student outcomes and student achievement and are aligned directly to the school's mission and vision. The visiting committee noted in home group and leadership meetings that BCS does not have a system in place to educate and inform staff of the budgeting process.

The school employs accountability measures to ensure that personnel follow fiscal policies and procedures. The annual budgeting process is monitored to ensure transparency and stakeholder involvement. Resource allocation decisions are directly related to the school's purpose and critical academic needs of the students. As evidenced by interviews, site based staff have limited involvement in the budget-setting process. Incorporating staff into the budget-setting process is a recommendation of the committee. BCS is somewhat effective in involving school leadership and staff members in allocation decisions.

Bullis Charter has substantial funds allocated for compensation for faculty, administrators, and staff. However, adequate staff of the school's program has been a challenge due to limited applicants.

Documentary Record 001859

The school has marketing strategies to support the implementation of the developmental program, including research and information to help develop future planning. This is evident on the school's website and in internal documentation and the fact that the school has a healthy number of students interested in enrolling.

***Resources* that supports high achievement for all students. [CHARTER SCHOOLS ONLY]**

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

BCS has effective policies and procedures for implementing financial practices and engaging external audits allowing for transparency in budgeting practices. BCS is somewhat effective in tracking budget actuals with staff members not having an understanding of the budgeting process. Developing a process for site-based staff to develop understanding of the budgeting process is recommended by the visiting committee.

BCS has a governing body and processes that use the funds allocated and raised through their foundation to provide adequate compensation to faculty, administration, and staff. BCS is effective in providing compensation and staffing.

BCS has been somewhat effective in adequately staffing the school program, due to limited applicants BCS has been unable to fully staff the program. Leadership may need to look at the compensation model moving forward to attract the staff needed to fully run the desired programs at the school.

Incorporating staff into the budget-setting process is a recommendation of the committee. BCS is somewhat effective in involving school leadership and staff members in allocation decisions.

BCS effectively informs the public, through the LCAP process, the website, and participation in the ELAC of the financial needs of the organization.

CATEGORY A: ORGANIZATION: VISION AND PURPOSE, GOVERNANCE, LEADERSHIP, STAFF, AND RESOURCES

Areas of Strength for Organization: Vision and Purpose, Governance, Leadership, Staff, and Resources (if any):

- BCS has a clear mission and a dedicated board and staff.
- There is a shared responsibility to take action for implementing services, practices, and programs that support student learning.
- The strategic planning process brings together different stakeholders to regularly evaluate actions to be aligned with mission. The mission drives all decisions and programs. Learner outcomes are rooted in the mission.
- Various stakeholders from the staff, parent, and community at-large communities are involved in the strategic planning process.
- Governance questions and Uniform Complaint Procedures are publicly available on the school website. Board meeting agendas and minutes are posted and publicly visible.
- Systems are in place to update staff on a regular cadence (i.e. Morning Updates, Friday

Documentary Record 001860

FYIs, etc.), allowing for staff collaboration.

- A staff intranet is present which includes important information and resources, and is accessible to staff members at all times.
- A systematic approach to continuous improvement is in place, through a goal cycle communicated to staff which provide support for drafting, implementation, and evaluation of professional growth.
- Teachers have access to a wide variety of specialized spaces, materials, resources, and technologies.
- Substantial funds exist and are allocated for compensation for faculty, administrators, and staff.
- BCS financial policies are audited, reviewed, and updated yearly.
- The leadership team is making the systems and policies of the school more transparent than the past. They are engaging staff members in the process of evaluating and constructing those new systems and policies. (e.g salary, budget, evaluation).

Growth Areas for Continuous Improvement for Organization: Vision and Purpose, Governance, Leadership, Staff, and Resources (if any):

- Staff evaluations need to be fully developed and fully aligned to current practice and current need.
- There needs to be more transparency of budgeting and financial information for all stakeholders.
- There needs to be a clear process for reviewing and understanding the strategic planning process to reach board approval.
- Staff needs the resources (time, etc.) to develop leadership roles, responsibilities, to support teaching staff in continuous improvement of PBL; to strengthen it and confirm its effectiveness to student achievement and the school's mission.
- Staff needs more time to implement the CADIE chart to define PD, leadership and staff responsibilities in monitoring and implementing school plans.
- Budget process, decision making, tracking and understanding of the role of the board needs to be articulated to families and staff to build understanding and participation.
- Staff needs the resource of time to collect, review, and analyze data to determine effectiveness of current programs and to plan interventions and to develop understanding of strengths and weaknesses in current program
- More data needs to be collected to determine effectiveness of professional learning on producing positive student outcomes & how to best meet the needs of all teachers.

Important evidence from the self-study and the visit that supports these strengths and growth areas for continuous improvement include the following:

- Strategic plan and notes
- Board agendas and minutes
- 8th grade culmination project
- Student work
- Mission

Documentary Record 001861

- BCS bylaws
- Uniform Complaint Procedures
- LCAP
- CADIE Chart
- Leadership, Teaching Teams agendas
- BCS Intranet
- Morning updates, Friday FYIs, and Monday Memos
- BCS Website
- Professional Learning Spreadsheet
- Team meeting notes
- Interviews and Observations
- Goal Evaluation Timeline
- Staff Evaluation Template

CATEGORY B. CURRICULUM

B1. Rigorous and Relevant Standards-Based Curriculum Criterion

Visiting Committee Comments

Bullis Charter School provides an effective rigorous, relevant, and coherent curriculum based on current educational research that supports the academic standards. Research-based curricula includes Eureka math (K-5), College Preparatory Math (CPM) (6-8), Lucy Calkins Units of Study for Reading and Writing (K-8), Step Up to Writing, FOSS Science units, California Education and the Environment Initiative (EEI) in K-5, TCI History Alive (6-8), Vista Higher Learning Descubre 1 for Spanish, Better Chinese and FLES Mandarin, and Second Step SEL curriculum. Project Based Learning units created from PBL trained teachers and gleaned from PBL World are implemented K-8. There is a robust professional development plan in place for teachers which includes 10 days in summer to plan collaboratively and for professional learning. During focus group meetings, staff shared that they were interested in a different science curriculum than the Foss curriculum because it is difficult to use and not as aligned to the NGSS as they had hoped it would be.

Bullis Charter School has defined academic standards for almost all subject areas, courses, and/or programs. All K-8 grade levels use long-term planning to align curriculum to Common Core Standards for ELA and Math, Next Generation Science Standards, and Social Studies Standards, although in general the plans of K-5 teams show more specific alignment to standards than do the middle school long-term plans. Planning includes Project Based Learning (PBL) units in grades K - 8 and Middle School Intersessions, which integrate science or social studies with reading, writing and/or math, and are sometimes supported by VAPA or World Language specialists. FABLab and MakerSpace teachers also collaborate (and integrate technical standards) with many homeroom and middle school teachers throughout the course of the year. Reports cards are standards-based for all subject areas, with the exception of “specials” and World Languages. All grade levels incorporate lessons in social emotional learning, the 6 pillars of character education, digital citizenship, and participate in Hour of Code. Although in the self-study document BCS does not specifically reference these skills as college and

Documentary Record 001862

career-readiness indicators, the visiting committee agreed that especially for K-8 students, there is evidence of preparing students for the next phase of education and life.

Overall, there is high congruence between the actual concepts and skills taught, the schoolwide learner outcomes, academic standards, and the college- and career-readiness indicators. There is highly effective integration and alignment among academic and career technical disciplines at BCS through PBL, intersessions, and collaboration with FabLab and Maker Space teachers. All levels have time at the beginning of the year to create a year-long plan and meet weekly to share resources and plan units and lessons together. Each student in grades K-8 participates in Focus Goal setting, in conjunction with teachers and parents. Each student sets at least two goals based on academic standards, one goal related to life skills, and one personal goal, and English Learners set an additional Language goal if one of the academic goals is not Language-based. Throughout the year, students track progress towards their goals with evidence from their own work, and they conference with teachers and parents. Data for Focus Goals and assessment scores for Reading, Writing, and Math are tracked school-wide in a Data Assessment Matrix.

BCS is extremely effective at including BCS families in learning events, celebrations, and showcases. Bullis Charter School engages effectively with community partners and resources, including a Leatherback Sea Turtle connection, local field trips, and Junior Olympics with local charter schools. Although the world language teachers connect with a local high school to see what they cover and what students need to have to be ready, there is no evidence of regular articulation with schools that BCS feeds into. There is no evidence of follow-up studies of graduates or their families to learn about the effectiveness of the curricular program.

Rigorous and Relevant Standards-Based Curriculum **that supports high achievement for all students.**

Visiting Committee Rating (select one): **Highly Effective** Effective Somewhat Effective Ineffective

Narrative Rationale:

Bullis is highly effective at providing a rigorous and relevant standards-based curriculum that supports high achievement for all students because teachers are allocated days before the beginning of the school year to create by grade level or by subject a plan that is aligned to the academic standards and school wide learner outcomes, using adopted curriculum, PBL units, and teacher created supplements. There is integration and alignment among academic and career technical disciplines through PBL, intersessions, and collaboration with FabLab and Maker Space teachers.Throughout the year, teachers collaborate weekly in horizontal teams to plan content and share resources. Selected student outcomes, including reading, writing, math and focus learning goals, are tracked school-wide K-8 in a Data Assessment Matrix.

B2. Equity and Access to Curriculum Criterion

Visiting Committee Comments

Bullis Charter School is highly effective at providing students with a full range of choices in a variety of programs. All students in grades K - 5 participate in two co-curriculars of their choice per semester in the fields of performing and visual arts; math, science, and technology; or global citizenship. Students in grades K-8 may take extra-curricular courses of their choosing, and about 40% of the students choose to take at least one per year. Grade 6 - 8 middle school

Documentary Record 001863

students can lead and choose clubs based on their interest. Each K-8 student chooses their own personal goal as part of the Focused Learning goal process. BCS offers a world-language program to all students, including Mandarin in grades K-8 and Spanish in grades 6-8. One area mentioned in the self study and in conversations with focus groups as an area for growth is allowing students to voice recommendations for co-curriculars and extra-curriculars, since currently these class offerings are chosen by teacher preference.

BCS is effective at providing opportunities for students to explore careers. Kindergarten students explore community helpers and have guest experts such as dentists and doctors visit the classroom to share what they do. All students participate in FabLab and Makerspace throughout their time at Bullis where they explore technical and construction skills. Students in Middle School take part in Intersession nine times per year over the course of three years, choosing to go in depth in learning woodworking, sewing, or cooking, passion projects, film/stage production, eco-tourism design, engineering design, and architectural design. All students participate in Hour of Code to experience what it is like to computer code.

The school is highly effective at creating a rigorous, relevant, and coherent curriculum that includes real world applications and is accessible to all students through all courses offered. Every grade level incorporates at least two Project-Based Learning units in its year-long plans to provide students with authentic, integrated learning. Middle School intercessions per year, provide students with a way to apply learning to focus on real-world experiences. During the visit, there was evidence of rigorous curriculum in student work samples and classroom visits. Multiple classrooms in K-5 had Readers and Writers workshops. Many classrooms had evidence of PBL units with guiding questions to connect students to a topic. During the visit, the visiting committee observed students collaborating to compose musical motifs in preparation for an intercession in which 7th grade students produce *Midsummer Night's Dream*, participating in Socratic Seminars in 6th grade, and saw student work samples from many projects over the course of the year.

Bullis Charter school is highly effective at offering opportunities for all students, teachers, and families to collaborate in developing and monitoring a student's personal learning plan. Teachers, parents, and students create individual Focus Learning Goals (FLGs) (Reading, Math, Writing, Behavior, and Personal). EL students have a Language goal that is embedded into their FLG goals. Students are responsible for updating their progress on their goals weekly on Seesaw and Google Sheets. Families are encouraged to provide feedback on their learner's growth of their FLGs. All of the learners have a FLG conference with their teachers and parents to discuss what goals would best suit them to demonstrate improvement. Teachers' weekly newsletters to families are highly detailed about class content and concepts students are learning, with suggestions for how families can help their child at home. Parents volunteer to be Classroom Ambassadors in each K-5 classroom to help facilitate classroom events, field trips, and school wide events. Staff collaborate to support students with academic, social, behavioral, and language needs through the Response to Intervention (RTI) process. They collaborate to create subject matter ELD strategy guides to support individual EL student learning. Regular horizontal team meetings and vertical team meetings encourage teacher collaboration between sites and levels.

Bullis is somewhat effective at implementing strategies and programs to facilitate transitions to high school and does not regularly evaluate their effectiveness. 5th grade students at South

Documentary Record 001864

Campus are bussed to North Campus for a day to see the middle school campus and get a sneak peek at what to expect when they transition to 6th grade. World Languages and Math classes are designed to transition students to high school with advanced coursework if applicable. Graduates are welcomed back to speak at an end of the year assembly to talk about what they are doing and how BCS played a part in that, but there is not a documented structure or plan for this.

Since there is a transition happening between K-5 and 6-8 within the school, an area of growth would be to invite middle school students to share what could be done to help facilitate their transition. The school could develop onboarding procedures for both students new to Bullis Charter School in middle school, as well as students coming from the South Campus to attend middle school. Additionally, the school could create a process of asking alumni to share what could have been done to better facilitate their transition to high school, if anything.

***Equity and Access to Curriculum* that supports high achievement for all students.**

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

Bullis is highly effective at providing students with a full range of choices in a variety of programs because students have many options for co-curricular, extra-curricular, and club activities.

BCS is effective at providing opportunities for students to explore careers because students experience performing arts, Makerspace, FabLab, intersessions, and Project Based Learning units which offer them the chance to see what interests them.

The school is highly effective at creating a rigorous, relevant, and coherent curriculum that includes real world applications and is accessible to all students through all courses offered because of at least 2 complex Project Based Learning units per grade level K-8 and integration of writing across subject areas.

Bullis Charter school is highly effective at offering opportunities for all students, teachers, and families to collaborate in developing and monitoring a student's personal learning plan through the process of Focus Learning Goals K-8.

Bullis is somewhat effective at implementing strategies and programs to facilitate transitions to high school and does not regularly evaluate their effectiveness.

CATEGORY B: CURRICULUM

Areas of Strength for Curriculum (if any):

All students have access to a rigorous, relevant, and coherent standards-based curriculum where they are required to complete complex projects and write across subject areas.

In addition to strong academic components, all K-8 students participate in world language programs, SEL activities, and performing and visual arts. 6-8 grade students apply learning to real-world experiences such as woodworking, cooking, and sewing through intersession programs.

Students are given a variety of choice in a full range of programs, including co-curriculars in

Documentary Record 001865

grades K-5, extra-curriculars K-8, and clubs in 6-8.

Teachers, parents, and students collaborate to develop and monitor each student's personalized learning plan through the use of Focus Learning Goals in K-8.

Teachers integrate supports for ELs into all subject areas through the use of SDAIE techniques including graphic organizers, sentence stems, visuals, anchor charts, word walls, and more, especially at the elementary level.

Growth Areas for Continuous Improvement for Curriculum (if any):

Leadership Team develop and implement a process for students to share feedback and offer suggestions for co-curriculars and extra-curriculars.

Leadership Team develop and implement a process to provide a consistent structure for alumni and their families to give feedback on their experience being at Bullis, the impact attending Bullis had on student success in high school, and how to improve the process of transitioning from BCS to high school.

Leadership team provide opportunities for teachers to create or adopt an English Learner curriculum so designated EL time is consistently provided for all ELs.

Important evidence from the self-study and the visit that supports these strengths and growth areas for continuous improvement include the following:

- Schedule and content of staff meetings and professional development
- Grade level year long plans
- Biliteracy pathway interest form and list of student recipients of Biliteracy award
- Copies of report cards
- Co-curricular descriptions and schedule
- Extra curricular course descriptions and schedule
- Student-run club list and participant list
- Focus Learning Goal conference sheet; planning resources; student samples of FLG and portfolios
- Data assessment matrix
- Intersession unit plans
- Project Based Learning unit samples and planning documents
- End of year assembly slides with alumni guest speakers
- School website
- Makerspace Lab visit
- RTI pyramid, counseling request form
- Sample newsletters from teachers
- ELD training resources
- Classroom visits
- Conversations with teachers, students, leadership

CATEGORY C. LEARNING AND TEACHING

C1. Student Engagement in Challenging and Relevant Learning Experiences Criterion

Documentary Record 001866

Visiting Cmmittee Comments

Bullis Charter School employs both specialist (subject-specific) and generalist (grade specific) teachers along with teachers who are involved with non-core subjects. In addition to covering all required content, teachers at Bullis also engage students in project-based learning and exposure to real-world experiences, including developing skills necessary for the 21st century. Despite the extensive opportunities for students to learn and develop character, the inclusion of modifications made for English learners and differentiation was more inconsistent in the documentation. It was more noticeable in drama, science, and many lesson plans, but was not clear across all grade levels in the written plans. During observation of classrooms, there was a noted effort and awareness of the needs of all learners, including those needing extra support. It was also notable that despite a self-identified area of growth from the self-study of consistently including visual learning expectations and standards in classrooms, observations made by the committee included that these were indeed present, often in the form of "I can…" statements. Teachers identify instructional supports that may benefit students across the continuum of learners, and add or remove these supports (such as sentence stems) as needed. There is also an intentional time built into the schedule in 3rd grade at South Campus for EL students from different classes to meet together to work on fluency with peers working on the same skills. Teachers also indicated, which was also clear from the evidence, that one method of differentiation in classrooms in general is to allow choice to students with projects and other assignments. This is used to help all types of learners, focusing on options that relate to language development, advancement, remediation, and growth.

Teachers have indicated that they do not often explicitly include the levels of differentiation in lesson plans, but it is evident with guidance. Instructional staff discuss the needs of exceptional learners in their team meetings and utilize Associate Teachers within a grade level team to address similarities, differences, and strategies among the classrooms. As part of these meetings, support is given to less experienced teachers as needed, requested, or identified by team leaders and the administration. While this is clear in the instructional theory and design, there is an emphasis on flexibility of the teachers to offer instruction in a way that works best for them. This leads to some teachers struggling to find ways to support their students, especially those with exceptional circumstances. This appears to be addressed by mentors, particularly induction coaches, but not in the context of team levels. The schedule has been designed in such a way that Specialists can teach at the same time to allow for movement of students to work in peer groups of similar ability to promote growth.

The use of visuals and other tools, such as manipulatives, is a strength of Bullis Charter School. While most grade levels and most subjects used these visual and tactile aids effectively and extensively, some classrooms were even more effective. The challenge faced by Bullis is facility-based, where some teachers are required to travel during the day, leading to no available space for these teachers, namely PE and languages, to post visual aids.

This is also an area in which the school has benefited from lessons learned during the COVID-19 pandemic. One area that appears consistently is the use of Google Classroom. While some teachers were using this tool on a limited basis, now most use it as the primary repository of information and resources. This is also used to consistently reinforce learning objectives,

Documentary Record 001867

Focused Learning Goals (FLGs), and various additional tools available to students to help engage. There are multiple different educational technology tools used by teachers, but there is also a renewed emphasis on written instructions and visual representations of expectations, both academically and behaviorally. Students are also reminded frequently of how the curriculum and instruction relate to their FLGs, both verbally and using visual aids.

There are also clear differences between the elementary level students and middle school students. As students continue at Bullis Charter School, there is a greater emphasis on independent learning as teachers play more of a facilitator role in the classroom. This is linked to some of the FLGs identified by students, but also allows students to work on the same objective in different ways. Whether it is a project combining multiple skills learned in the FabLab or a lesson designed to assess reading comprehension, students are given expectations and boundaries and then work diligently within them. With this wide variety of options comes the challenge of higher level assessment and critical thinking across the board, but also allows opportunities for differentiation.

In meeting with the focus groups, it is clear that teachers seek to incorporate student needs and goals identified in their FLGs in the instruction on a consistent basis. They are also making decisions with scheduling to help address the needs of their exceptional students. They are most proud of the fact that they are given the flexibility to implement the curriculum as they see fit, and appreciate that they are trusted to do so effectively. They also note the desire to increase the professional development time and adjust the cadence throughout the year devoted to instructional practices.

Parents indicated that the school provides multiple avenues through which students can show success and that their students have access to many different experiences and resources. They also appreciate that education is tailored, to a degree, to each individual student.

Student work demonstrates that teachers are providing them with foundational skills that will continue to serve them well, even into and beyond high school. As they get older, the amount of independent work is increased, but this helps to build responsibility. Their work also shows that they are achieving at high levels, even at young ages. There is also a continuum that exists for students to exhibit growth throughout their time at BCS at a pace appropriate for their development.

Student Engagement in Challenging and Relevant Learning Experiences **that supports high achievement for all students.**

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

BCS offers a wide range of challenging courses in addition to real-world experiences. They also realize the shortcomings in their curriculum and program and work to bridge those gaps. It is evident that all students are supported in their individual endeavors as each student's focused learning goals are developed. There is a clear desire to support exceptional learners in a variety of ways, but growth can be made in explicitly stating these methods in lesson plans, unit plans, and strategic goals. BCS effectively engages students in challenging and relevant learning experiences that support high achievement for all students, but desire to grow in this area.

Documentary Record 001868

C2. Student-Centered Instruction through a Variety of Strategies and Resources Criterion

Visiting Committee Comments

Teachers show a great deal of intentionality in collaborating with their colleagues, both horizontally (within grade levels or subject areas) and vertically (across grade levels). This process also includes the identification of many resources beyond the textbook. This consistent use of extra tools and project-based learning across grades is evident. This also leads to many relevant experiences for students in non-classroom settings. This collaboration, however, is not supported by evidence that a well-aligned, articulated curriculum is created, only that unique learning opportunities are created. Teachers have also expressed a desire for professional development to be allocated during the year to allow adjustments to be made for current learners, rather than just at the beginning of the year, which is temporarily removed from learning and is based on the experiences of previous students.

There is also a need to increase the rigor of the instructional program, particularly in the older grades. Teachers and administration shared what their view of rigor is, and while they all focused on stretching, challenging, and engaging students, there was also a great deal of inconsistency in answers. While creating relevant learning experiences is important, ensuring that these experiences meet the needs of the students and help them maximize their potential is also necessary. Teachers must also promote higher-level thinking in the students. This can be accomplished through increased professional development focusing on articulation (both horizontal and vertical) related to instruction, increasing rigor, and encouraging growth. The developed curriculum shows the potential for a great deal of rigor to be consistently implemented within all classrooms, but the lack of standardization with instruction, while beneficial for teachers at a personal level, leaves inconsistency in the instructional program. Teachers are given the freedom to go beyond the written curriculum in their instruction and determine their own daily instructional schedules, there is a desire to increase consistency of instructional support and the extent to which it is student-centered.

Teachers have indicated that students are given multiple opportunities to show what they have learned and they are supported by multiple methods and resources. This is also reflected in teachers being encouraged to take risks and try new things. Teachers then adopt this same approach, especially in the elementary grades, to allow freedom and flexibility to learners.

The use of data to drive the instructional program is not only evident, but valued by the staff. Teachers will use assessment data (standardized, local, formative, summative, formal, and informal) to drive instruction. This is also done through student conferences and the use of pre- and post-assessments. They also find ways to implement students' learning goals identified in FLGs into the instructional day. While these goals do not drive instruction, the instruction is used to inform and support progress related to FLGs. Staff has adopted the mindset that failure is not the end, but a jumping off point for identifying the next steps if goals are not met…yet. One positive consequence of FLGs in the instructional program is that increased differentiation is created out of need to help students meet their wide variety of goals.

Documentary Record 001869

The intersession opportunities afforded to students in 6-8 require that teachers implement a program that is developed by teachers to help students meet their FLGs and support the project-based learning model. The instruction component of this aspect of the program is not given sufficient time for planning, and teachers have expressed that more professional development can be given to improve the existing program. Teachers specifically mentioned the desire to have more time to make adjustments to unit plans throughout the year, more time to plan intersession at the middle school level, and to be able to work on calibration of benchmarks and other shared assessments.

Students enjoy the opportunities provided to them through project-based learning and group collaboration. They also appreciate the opportunities provided to work with new people and learn how to navigate group work. There is also joy from students related to identifying and working towards accomplishing goals that they have developed for themselves.

The BCS school board discussed that they are proud of the ways that teachers empower students to advocate for themselves through classroom instruction, improve student ability to learn how to think, and teach life skills. They also have observed that students are given multiple opportunities to build skills and how to be leaders in the community.

Student-Centered Instruction through a Variety of Strategies and Resources **that supports high achievement for all students.**

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

Staff is given time for collaboration, but needs more focus on alignment and articulation. It seems that students use the technology to access, process, and present their learning, including extensive use of Google Classroom (several teachers commented about this being a major shift coming out of the pandemic), creating Google Slides presentations, and even Ted Talks Students are given freedom in their learning, but seemingly at the cost of rigor and focus. Bullis Charter School is effective at providing student-centered instruction through a variety of strategies and resources that support high achievement for all students, but have identified that they can grow in this area through increased opportunities to plan and implement the instructional practices associated with the curriculum.

CATEGORY C: LEARNING AND TEACHING

Areas of Strength for Learning and Teaching (if any):

- Staff is able to provide sufficient differentiation based on data, student choice, and learner growth to make sure that all students have complete access to the curriculum.
- Teachers employ consistent and extensive use of manipulatives and visual aids to offer extra support to all students and focus on learning objectives.
- There are intentional opportunities for teachers to engage in vertical and horizontal alignment, both in content and expectations, and teachers value this time to discuss instruction and how to better deliver curriculum to their students.
- Students demonstrate ownership of their learning by choosing how to display understanding and this translates into meeting their focused learning goals.

Documentary Record 001870

- Teachers use small group instruction and collaboration among students to improve problem-solving and critical-thinking skills.
- There is clear engagement in real-world learning based on student interest to help them become lifelong learners.
- There is a large variety of resources made available to students, and this complements the current instructional program to better meet student needs.

Growth Areas for Continuous Improvement for Learning and Teaching (if any):

- Teachers include SPED, EL, and advanced-learner modifications and differentiation in written lesson plans to ensure the needs of all students are met.
- Teachers may focus projects more to increase rigor and improve teacher support, especially in the middle school grades, to help students reach their potential growth.
- The leadership team may consider increased professional development over the course of the year related to how to foster student learning and outcomes in order to maximize growth and higher-level thinking as identified by staff input and learner needs.

Important evidence from the self-study and the visit that supports these strengths and growth areas for continuous improvement include the following:

- project-based learning and group collaboration
- Focused Learning Goals
- writing assessments
- project examples
- anchor charts
- Padlets
- student work/presentations
- lesson plans
- co-curricular activities
- class websites
- parent interviews
- BCS school board interviews
- instructional staff interviews
- student interviews
- classroom observations
- rubrics
- field trip information
- syllabi
- ELD strategies

CATEGORY D. ASSESSMENT AND ACCOUNTABILITY

D1. Reporting and Accountability Process Criterion

Visiting Committee Comments

Bullis Charter is effective at and has a professionally acceptable set of assessment practices, has a system for organizing that data and has a timeline to review the data with various stakeholders. Teachers report benchmark data from various sources into the assessment matrix [K-5], and 6-8 reports NWEA data only. Grade band leads and teachers described the assessment matrix as a

Documentary Record 001871

tool to track student progress. It was reported and affirmed that this was a tool that teachers use to get a snapshot of where students are at in the school and that they use this to identify supports for students. This data is disaggregated and analyzed appropriately. The school regularly presents and reflects upon NWEA data to various stakeholders, including parents, board members and classroom instructors. A board member noted in a focus group meeting that they review data as presented to the board by the leadership team and are trained to engage appropriately with this work. Bullis Charter recognizes that further work can be done in this area to include and educate parents in the assessment data from NWEA and how this is used to support the practice of the classroom instruction. The self study and conversations with staff revealed that the school could use more time and structure to support the progress monitoring of interventions that are identified in response to the data.

Bullis Charter is aware that they need to do further work to consistently agree upon the basics for students' grades, growth and performance levels and is somewhat effective in this area. All teams have access to units of study and some staff members use learning progressions to pre-assess students throughout the year. Some teams, particularly grades 7/8 in the math team, do calibrate their scoring on assessment, but this practice is not standardized across the school. Teachers in focus groups cite that time would be needed to move this work forward and that opportunities to calibrate would be helpful to support their development in this area. While teachers in grades K-5 administer the DRA2 reading assessment, it is not necessarily administered consistently and teaching staff question the validity of the results from these scores.In focus group interviews, staff members described the DRA2 is extremely time intensive and to implement appropriately, staff need opportunities for continued training in this area, as well as additional staff resources to test students individually (I.e. the assessment takes 30 minutes to individually administer). There is disconnect amongst teachers regarding what each of the grading scale (1, 2, 3, 4, 5) means on the K-5 report card which leads to confusion of parents and students, so an area of growth would be to work to agree on the criteria for those scores.

Bullis Charter is effective at the monitoring of student growth. The school has a team that meets regularly (RTI) to discuss supports that may be needed for students that need additional support, although staff report that their referrals to RTI are not always addressed. Some staff report that they see action through RTI, but those students have IEPs, while other staff members said that they did not always receive action steps from the referral process. The school writes in its self-study that faculty analyze mid-year NWEA and other mid-year assessment data in order to identify trends and to meet students' individual needs. In a focus group with teachers, they reported that the most recent round of testing (winter NWEA testing) was followed up and reviewed by staff members. January 2021 data day is evidence of how staff are tracking intervention and more time should be built for this work. While follow up steps are identified in this process, those steps are not always taken and staff report that they would benefit from a designated data day to review and then a universal template for progress monitoring across the school. It was also pointed out that the special education department had resources in this area but that they may be underutilized as a resource in the school for training and sharing of resources in this space for general education. The school does present FLG documents to communicate progress on individual goals throughout the year and these are shared with teachers

Documentary Record 001872

and families and this was verified by all stakeholder groups as a strength of the school. Staff use the continuum and evidence provided by the student, family and artifacts of student work to track progress in this area. The school reports that special education students are given appropriate goals that are monitored throughout the year by both general education and special education staff. This was affirmed by the visiting committee's review of progress reports and IEP goals that have appropriate baselines that are grounded in data.

Bullis Charter regularly reviews and assesses its policies such that student needs are met through a challenging, coherent, and relevant curriculum and is effective in this category. In the self-study the school reports that the BCS homework policy has been revised across the years to better support student needs. Teachers and administration acknowledge that academic and social emotional needs of students are reflected on and revised based on student data. The school's self-study identified that co-curriculars are rooted in standards across global citizenship, math/science/technology, and visual and performing arts. This was affirmed in documents provided to the visiting committee, as well as in a student focus group. Student perception data demonstrates that students are less engaged and excited in middle school than in elementary school. The middle school principal described that staff have responded to this by revising their advisory program at the middle school to respond to the adult / student relationship piece, but that they have not yet addressed the excitement and engagement piece. The visiting committee notes that further exploration into this area and how the school's program could be refined may be an area of growth.

The school uses data results to adapt and modify the work that they do to continuously improve the school and is effective in this category at the elementary level and somewhat effective at the middle school level. This was demonstrated in the shifts that were made to use NGSS aligned material as well as reading and writing units of study. The school's SBAC analysis and evidence provided from the Foss Workshop show that they need to continue to analyze science benchmark data to move forward in their analysis of the implementation of NGSS, although this work needs to be further developed. While this is an area for development, the site's administration and leadership team are well positioned to lead their team in this work, as long as they leverage the support of the science expertise on the team.

Using Assessment to Analyze and Report Student Progress **that supports high achievement for all students.**

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

Bullis Charter has a professionally acceptable set of assessment practices, has a system for organizing that data and has systems to review the data with various stakeholders. The school is working on developing a practice to determine performance levels, and more calibration and communication of this is needed. The school has a strong RTI (response to intervention) program that could monitor student growth, but it is not always implemented. The school could use more time to track the progress monitoring of interventions that are identified in response to the data. The school has a strong practice of regularly reflecting on program areas

Documentary Record 001873

and continues to make adjustments to the school's design through the strategic planning process.

D2. Using Student Assessment Strategies to Monitor and Modify Learning in the Classroom Criterion

Visiting Committee Comments

Bullis Charter is effective at demonstrating student achievement. It should be noted that the school's achievement data on NWEA is in the 99th percentile and while growth may fluctuate, the school should be acknowledged for this benchmark data. The self-study reports that staff engage in an analysis of student work and data and that specific actions are planned based on the analysis of this data. The visiting committee's review of the evidence suggests that this is completed and that this data is often actionable. The self-study also questions whether these action plans are implemented and staff report that further support could be provided in this area. The school regularly uses exit tickets and other formative assessment to guide the use of small groups and other specific interventions across various classes and grade levels. It was also observed that intervention groups were led in classes by teachers and associate teachers. Extra supports such as sight word raps, and designated ELD supports for EL students in reader's workshop were observed in some classrooms but designated ELD was not observed across all grade levels.

Bullis Charter is effective at supporting students to provide peer feedback to each other in a structured way. This was confirmed by work samples in classroom observations. Students reported that they often give feedback to their peers and that they often receive feedback from their teachers. Students also reported that they receive feedback from their teachers that is actionable and supportive of the work that they need to refine. Students reported in a focus group that they thought report cards needed to be refined to better communicate their progress and administration, teachers and the self-study report that this is also an area to develop cohesion and calibration. The self-study reports that only some teachers provide timely and descriptive feedback to improve student work. The self-study identified that professional development in this area would support various grade levels and subject areas in providing this feedback.

Using Student Assessment Strategies to Monitor and Modify Learning in the Classroom **that supports high achievement for all students.**

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

Bullis Charter has very strong achievement data on benchmarking data, NWEA, as well as SBAC data for all students with few sub-groups not meeting achievement expectations. English Language learners are not meeting standard at the same rate as their peers, but student growth data on NWEA in addition to the rate of reclassification of ELs shows that these students are making progress. SBAC test trends show that a higher percentage of students with

Documentary Record 001874

disabilities are not meeting achievement results, but yet are still outperforming the same sub-group across the state. Teachers provide students with feedback in an appropriate time and work samples show that this feedback is appropriate.

CATEGORY D: ASSESSMENT AND ACCOUNTABILITY

Areas of Strength for Assessment and Accountability (if any):

1. Student achievement is extremely high across all grade bands of the school and most sub-groups.
2. Time is set aside for teachers to engage in analysis of assessment data, particularly ELA and math data.
3. Leadership team reports that they are receiving more time on the school calendar for SY 22/23 to use for data review
4. Students across K-8 have a strong individualized goal setting process that they complete each year. Progress on this goal is monitored and assessed based on evidence at milestone points throughout the year
5. Students at various grade levels engage in peer feedback protocols
6. Teachers across various grade levels provide support and differentiated learning tasks for students with different learning abilities
7. Staff are provided with specific data on their students who are EL with specific subscores and other details/information regarding the students

Growth Areas for Continuous Improvement for Assessment and Accountability (if any):

1. The school's governing board is encouraged to resource and provide the staff with more time (e.g. half-days, full day, shift some beginning of year days to later in the year) to allow for a more timely review of student data and for follow up on the progress.
2. The school leadership may want to define and find ways to measure student success that is consistent, clear and valued by the student teacher, the family and the community at large. This measure of student success could be included into student evaluations.
3. The school is encouraged to convene a cross role team to identify an appropriate benchmarking assessment to track student growth in the sciences that aligns to the NGSS and future California assessments.
4. The school's administration is recommended to put structures in place to implement RTI action plans that are based on assessment data and analyze the effectiveness of those action plans.
5. Leadership convenes a group of stakeholders to work to revise report grades so that they reflect each individual student's mastery of grade level standards in a clear, consistent way that is understandable to all.
6. The school could benefit from a more transparent RTI system that involves the referring party, thus minimizing the potential for referrals for special education that are initiated by parents and supports teachers to feel supported with feedback to improve their intervention.

Important evidence about student learning from the self-study and the visit that supports these strengths and growth areas for continuous improvement include the following:

Documentary Record 001875

- Data assessment matrix
- FLG teacher resources
- ELPAC Results
- NWEA Data
- Professional development around NWEA Data
- October 28 Teacher and Learning Session: Support our English Language Learners
- Foss Workshop
- SBAC Analysis
- focus groups with teachers, administrators, students, board members, parents
- Classroom observations
- Student work
- Report card faculty meeting document

CATEGORY E. SCHOOL CULTURE AND SUPPORT FOR STUDENT PERSONAL, SOCIAL-EMOTIONAL, AND ACADEMIC GROWTH

E1. Parent and Community Engagement

Visiting Committee Comments

Families are very much involved in the community at BCS, as evidenced by the WASC report and the Parents/Guardians group conversation. Families take pride in BCS, and how the school is supporting their child's growth and learning. Families mentioned that the Bear Essentials Newsletter, as well as classroom newsletters, were important in understanding the happenings on campus. Parents and guardians also noted that the Bear Guide program was an integral part of connecting with the BCS community.

Bullis Charter is somewhat effective in involving families of English learners in the community through the attendance of the ELAC meetings, or through community-wide family meetings.

Parent and Community Engagement **that supports high achievement for all students.**

Visiting Committee Rating (select one): **Highly Effective** Effective Somewhat Effective Ineffective

Narrative Rationale:

Bullis Charter School is highly effective in engaging families in their school community through numerous opportunities, such as volunteering throughout the school day, chaperoning field trips, organizing school-wide events, or helping with fundraisers through the BBC (Bullis Booster Club). Further, the consistent "Bear Essential" newsletters from the Superintendent and the regular grade level updates keep parents engaged with the school. Additionally, the FLG (Focus Learning Goals) process is highly effective since it promotes collaboration between the student, teacher, and parents to promote individualized growth in each child. Lastly, the Bullis Booster Club supports new families who join the community each year through new family activities and assigning a "Bear Guide."

E2. School Culture and Environment Criterion

Visiting Committee Comments

Documentary Record 001876

Bullis Charter School is split into different campuses, the North and South Campus. The North Campus has two sites spread out featuring the K-5th grades, and the 6th-8th grades. The South Campus is closer together, featuring K-5th grades. At both campuses, there is an atmosphere of trust, respect, and professionalism amongst staff members, as well as between parents/guardians and staff members. The school culture at both sites is built around challenging students to grow, as well as high expectations, both academically and socio-emotionally. The learners at BCS are encouraged to take risks, and are provided with a safe and brave space to feel that they can take risks in order to grow.

The school features a comprehensive Bullying Prevention education program, as well as easy-to-access reporting systems for bullying. Moreover, students are aware of who to report bullying to when they see different types of bullying. Students from grades K-5 indicated that they feel comfortable with reporting bullying. However, in grades 6-8, some students indicated that they feel uncomfortable with reporting bullying due to fear of retaliation or escalation since it would be obvious who was reporting.

The bullying prevention program is connected to the socio-emotional curriculum, which teaches students about bullying, and how to stop bullying. The Visiting Committee observed that Socio-Emotional Learning is prevalent in all grade levels, and is at the root of the community at BCS. The SEL lessons and curriculum create a shared language, and understanding for all members in the community, which allows for students to process information, and self-regulate. Additionally, the shared language allows students to participate in conflict mediation, restorative justice circles, and call out perceived unfairness.

Furthermore, the school is effective in teaching socio-emotional strategies through the Character Counts and Second Step SEL curriculum. In terms of an atmosphere of trust, respect, and professionalism, BCS is also highly effective in creating a comprehensive professional development program for all teachers and staff before the start of the school year that covers a variety of SEL topics and this is effective in preparing staff for the upcoming year. The content of staff professional development appears to align with the priority for socio-emotional learning this school year. Further, the collaboration time, and clear evidence of collaboration appears to support teachers in engaging in conversation on supporting students.

The school culture is built around building relationships with, and getting to know students. Teachers at BCS build learning partnerships with students, and students look up to their teachers with admiration. Teachers are seen as facilitators of learning, mentors, and community leaders. As a result, students easily engage with their classes. Staff is responsive to student needs, and take student feedback into consideration during decision making.

Observations through all classrooms demonstrate that there are high expectations in each classroom through the six character pillars, especially K-5. In grades 6-8, high expectations are present, as the six character pillars are expected, and not necessarily celebrated or promoted. Thus, the pillars are embedded in the school culture, as BCS honors student choice, student autonomy and differentiation.

Staff members also embody and model the six character pillars in their interactions with each other and students. This demonstrates the atmosphere of trust, respect and professionalism. Students are at the center of every decision made at BCS.

During classroom observations, there were learning targets on the board in most classes based on

Documentary Record 001877

the goal for the particular content or subject matter that the class was covering on that day. In some classes, students reflected on the daily learning targets.

School Culture and Environment **that supports high achievement for all students.**

Visiting Committee Rating (select one): **Highly Effective** Effective Somewhat Effective Ineffective

Narrative Rationale:

Bullis Charter School is highly effective in holding a safe, clean and orderly environment. This is evident through the shared Classroom Norms, Safety Procedures, and equitable access to technology. There are also clear and uniform complaint procedures for bullying, harassment, and other topics of concern. For other concerns, staff members can openly converse with the principals at each site.

In terms of high expectations/concern for students, BCS is highly effective in driving a rigorous school culture that embeds content knowledge, character building and Socio-Emotional Learning within their advisory units, as well as Socio-Emotional Learning within the elementary classrooms. With the focus on relationship building, and community, students are held to a high standard of embodying the six character pillars inside and outside of school. Within classroom observations, students were all engaging in high level content in a variety of instructional ways. At BCS, every learner is seen through their assets and individual differences. Furthermore, the school is highly effective in teaching socio-emotional strategies through the Second Step SEL curriculum.

BCS is highly effective in upholding the six character pillars in all facets of the community. Through holding the six character pillars dear, staff members model the pillars for students. Thus, BCS has an atmosphere of trust, respect, professionalism, and a sense of equity towards all staff, students and families. Moreover, the school board, school leadership and families view teachers as professionals, and as a result, the entire community views teachers as professionals and facilitators of learning.

E3. Personal, Social-Emotional, and Academic Student Support Criterion

Visiting Committee Comments

Student choice and student autonomy is prevalent at BCS. Students are able to choose essay topics, co-curricular activities, and are heard on campus. In the student subgroup, students mention that they are heard by adults on campus when they have concerns or wants. Additionally, with the SEL curriculum that is covered once a week, students are able to learn how they should interact with the world around them, as well as develop their personal views and voice. As a result, students feel safe in the BCS community to share concerns, point out perceived injustices, and grow to reach their personal and academic goals.

During classroom observations, teachers used a variety of strategies in order to support students based on their assessed needs. For example, teachers would check in with students, reword questions, and use inquiry to ask students questions to check for understanding. During the Special Education/Counselors meeting, staff members mentioned how they support students with chunking of tasks in order to scaffold processes.

The Multi-Tiered Support System at BCS is effective in supporting students inside and outside of

Documentary Record 001878

the classroom. BCS features a substantial set of Tier 1 supports across all classrooms because of the strong school community. In terms of tiered interventions in the classroom, teachers voiced that they would like professional development on proper toolkits to support developing learners. On that note, some teachers are unsure as to how the Tier 2 process begins, but know to talk with a member of the student support team to investigate further. There is an active form online where staff members can refer students for tiered interventions. From there, students of discussion are identified, and intervention strategies are implemented. However, teachers mentioned that sometimes students who they report using this form are not investigated as a student of concern. Teachers mentioned that parents/guardians oftentimes have to get involved in order to initiate the RTI process. With that said, once the RTI process is initiated, tiered interventions are personalized, and connect to the academic and socio-emotional needs of students.

The tiered strategies and interventions in the MTSS are highly effective in supporting students and student learning within all classroom settings at BCS.

BCS is somewhat effective in collecting data on tiered interventions, assessing, reflecting on data and creating next steps in terms of closing feedback loops in connection to the effectiveness of the Multi-Tier Support System.

BCS is highly effective in promoting student voice and student autonomy. Students are given a variety of choices in a full range of programs, including co-curriculars in grades K-5, extra-curriculars K-8, and clubs in 6-8. In grades 6-8, students are able to form their own clubs, as long as they have a teacher-advisor for the club. These all allow students to deepen their sense of self and make personal connections with others, and deepen their sense of their community. Moreover, with the restorative justice policies for conflict mediation on campus, students feel that they can share their concerns with each other, and adults on campus.

Personal, Social-Emotional, and Academic Student Support **that supports high achievement for all students.**

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

In terms of academic support strategies for students, Bullis Charter School is highly effective in promoting student-driven goals for improvement. Evidence from observations indicated that most classes involved students setting goals at the beginning of class, and reflecting on the goals at the end of class. There is also evidence of a Response To Intervention process. BCS excels in promoting students take ownership of their learning through the Focused Learning Goals, and metacognitive reflections. Student groups were excited to share their many goals with the WASC Visiting Team.

In terms of support for learners with IEPs, collaboration between classroom teachers and the Special Education Team is evident in the support of their neurodiverse learners. There are individualized lessons and comprehensive assessments based on student goals. Through observation trends in classrooms, and pull out supports, BCS has a highly effective support program for students with IEPs.

In terms of support for multilingual learners/English Learners, BCS is effective in supporting developing English learners, especially in the elementary school. Based on observations, and conversations with teacher subgroups, support for English Learners is evident. However, ELD

Documentary Record 001879

strategies are utilized in most classrooms, and grade levels.

In terms of promoting student voice, BCS features an exceptional and highly effective co-curricular program for the elementary school, and a comprehensive club offering list for the middle school. Additionally, through intersession, clubs, and other advisory activities, students are learning to build empathy and understanding for the world around them. With the number of offerings, and the development of the whole-child, there is evidence that these activities do indeed develop and reinforce students' high school careers, and long term career- and college-readiness.

The Multi-Tiered Support System is highly effective in supporting students who may benefit from interventions, as evidenced by the conversations with the Group E stakeholders, parents, and Counselors/SPED department. The impact of the MTSS on student learning is evident within students' FLGs, as well as in classroom observations. BCS is somewhat effective in evaluating the impact of the MTSS on student success and achievement.

CATEGORY E: SCHOOL CULTURE AND SUPPORT FOR STUDENT PERSONAL, SOCIAL-EMOTIONAL, AND ACADEMIC GROWTH

Areas of Strength for School Culture and Support for Student Personal, Social-Emotional, and Academic Growth (if any):

1. There are multiple opportunities across all grade levels for students to engage in activities and learn about subjects that are interesting to them and connect them to the community (Co-Curricular Classes, Extra Curricular Classes, PBLs, SEL Lessons).
2. The school provides a vertically aligned curriculum across all grade levels K-8 to support students in social and emotional learning, that provides shared language and strategies to promote restorative practices, conflict resolution and self-regulation.
3. Students at BCS take ownership of their learning through the FLG process, Project Based Learning, and other engaging teaching strategies used on campus.
4. The FLG process includes important stakeholders, and differentiates the learning experience for students.
5. School leadership organizes comprehensive Professional Development for staff members around SEL topics over the two weeks before the start of the school year.
6. Support systems for learners who may need accommodations, and students with IEPs are effective in supporting students to reach grade level.
7. Student choice in assessment and topics are evident in all classrooms on campus, allowing students to explore their own interests.

Growth Areas for Continuous Improvement for School Culture and Support for Student Personal, Social-Emotional, and Academic Growth (if any):

1. Leadership team develops and implements systems to measure the impact of the multi-tiered support systems on student learning and well-being.
2. Teacher leaders are encouraged to collaborate with grade level teams to provide targeted communication with parents/guardians of English Learners, and students with IEPs to support these specific learners' needs at home.

Documentary Record 001880

3. The leadership team could refine the RTI system to include teacher stakeholders in meetings with their students in order to implement and measure interventions used with learners.
4. The leadership team is encouraged to provide space for grade level and school wide professional development, collaboration, and curriculum in supporting English language learners in the classroom.
5. The leadership team, in coordination with student support services, develops and implements a consistent RTI system and process that provides Tier 2 support when learners are identified as needing interventions. Leadership team develops and implements a system to close the feedback loop on RTI assessment data through reflection, action planning, and evaluation of effectiveness. This would provide meaningful feedback on improving student support systems at BCS.

Important evidence about student learning from the self-study and the visit that supports these strengths and growth areas for continuous improvement include the following:

- 5th Grade Parent Newsletters, and other Weekly Newsletters - Bear Essentials
- Chaperones and parent/guardian volunteers for school activities
- Parent Focus Group meeting quotes
- Focused Learning Goal (FLG) Conferences and Procedure
- Metacognitive reflections from students demonstrating reflection of self-made goals.
- Digital Citizenship
- Advisory lessons on socio-emotional learning
- Elementary School Lessons on socio-emotional learning.
- Conversations with students.
- Advisory lessons and focus on social justice
- Professional development series at the beginning of the school year
- PD series through the school year
- Emergency drill procedures
- Collaboration time
- Clubs and co-curricular activities
- Classroom observations
- Focus Group E meeting.
- Office staff meeting
- Focus Group A meeting
- Student work
- Meetings with Counselor/SPED Department

Documentary Record 001881

Chapter 4: Synthesis of Schoolwide Strengths and Growth Areas for Continuous Improvement

Schoolwide Strengths.

The visiting committee identified the following specific schoolwide strengths and their rationale for the identification:

1. Stakeholders are strongly committed to the mission of the school, and use it to drive all decisions and programs. Learner outcomes are rooted in the mission. The strategic planning process brings together different stakeholders to regularly evaluate actions to be aligned with mission.

2. All students have access to a rigorous, relevant, and coherent standards-based curriculum where they are required to complete complex projects and write across subject areas which leads to high student achievement across all grade bands of the school and most sub-groups as evidenced by CAASPP and NWEA data.

3. The school implements a K-8 SEL curriculum and instruction which provides students and staff with shared language to promote restorative practices, conflict resolution, and self-regulation.

4. Teachers, parents, and students collaborate to develop and monitor each student's personalized learning plan through the use of Focus Learning Goals in K-8, which provide student choice and agency and connect to the mission of the school. Goal progress monitoring based on evidence happens over the course of a year for all students school-wide, which increases the importance of the goals and the likelihood that the students will achieve them.

5. The strong facilitation and leadership from teacher leaders, along with time for curriculum planning before the school year begins, supports horizontal alignment of curriculum in classrooms that ensures content and skills are consistently standards-based while still enabling teachers to maintain autonomy of instructional practices.

6. The overall community is strong at BCS, with involvement from staff, families and students, which creates a sense of belonging and supports student learning and achievement inside and outside of the classroom.

7. Teachers provide numerous opportunities for students to choose what they learn, as well as how they explore content within the curriculum which allows students to take ownership of their learning, as well as makes learning fun. Students are given a variety of choices in a full range of programs, including co-curriculars in grades K-5, extra-curriculars K-8, and clubs in 6-8 which promotes student voice and autonomy.

Documentary Record 001882

8. Stakeholders value the development of the whole child, as evidenced by all K-8 students participating in robust performing and visual arts programs, world language classes, real-world connections through multiple PBL units each year, FabLab and MakerSpace classes, and 6-8 grade students apply learning to real-world experiences such as woodworking, cooking, and sewing through intersession programs, which positively impacts school culture.

9. Strong parent support of the school is evident across all aspects of the school's program including onboarding new parents (Bear guide program), serving school lunch, fundraising, and school committees.

10. The leadership team is making the systems and policies of the school more transparent than the past. They are engaging staff members in the process of evaluating and constructing those new systems and policies. (e.g salary, budget, evaluation).

11. The strategic use of professional learning time before the school year starts, allows for the high quality implementation of the school's various programs (e.g. intersession, PBL, SEL, curriculum alignment).

12. The teachers differentiate and use small group instruction to provide all learners with access to grade level material (leveled texts, FLG development, co-curricular choice, Step up to writing, etc.)The school provides programmatic opportunities for students to take different courses if aligned to their learner needs when in the middle school (e.g. math)

Schoolwide Growth Areas for Continuous Improvement

The visiting committee <u>concurs</u> with the school's identified growth areas for continuous improvement that are outlined in the schoolwide action plan. The school's growth areas for continuous improvement are explained below:

<u>Goal 1:</u> The Leadership Team and staff will develop and implement an established cadence of data analysis that includes assessment, reflection, action planning for implementing strategies based on the data, and evaluation of effectiveness of the actions taken to support the continued growth of all learners.

<u>Goal 2:</u> The Leadership Team and staff will ensure that there is alignment, content mastery, and rigor within and across all classrooms by providing intentional and frequent professional development on curriculum design and instruction to support the growth of all learners.

<u>Goal 3:</u> The Leadership Team and staff will ensure alignment of curriculum and assessment practices across sites, grade levels, and content areas to support the growth of all learners.

Documentary Record 001883

Goal 4: The Leadership Team and student support staff will create programs and opportunities that ensure all learners - particularly sub-populations such as ELs, students with special needs (IEP, 504, SST, Tier 2 of MTSS) - have additional support to access content and develop the agency needed to engage in rigorous tasks.

In addition, the visiting committee has identified areas to be added to the action plan to strengthen what the school has already identified, which include:

In support of Goal 1:

The school's governing board is encouraged to resource and provide the staff with more time throughout the school year to allow for a more timely review of student data and for follow-up evaluation of actions taken to support student learning.

In support of Goal 2:

The leadership team is encouraged to devote professional development time for training on research-based instructional strategies for teachers to implement in classrooms at all grade levels to support diverse learners.

In support of Goal 4:

Leadership team provides opportunities for teachers to create or adopt an English Learner curriculum so **designated** EL time is consistently provided for all ELs.

In addition, the visiting committee has identified additional concrete, specific growth areas that need to be addressed

1. The Leadership Team and student support staff develops and implements a transparent and consistent RTI system and process for providing Tier 2 support when learners are identified as needing intervention, that involves the referring party, thus minimizing the potential for referrals for special education that are initiated by parents and supports teachers with feedback to improve their intervention. The school needs continuous monitoring of whether or not interventions are effective at supporting student growth.

2. The Leadership Team will continue the work of creating, practicing, and promoting a consistent definition of student success aligned with the mission, in a way that is clear to, and valued by, the student, the teacher, the family, and the community at-large, and incorporate it into student evaluations.

3. Staff will develop a cohesive culture between elementary and middle schools to help students achieve at all levels, experience individual growth, and support the mission of experiential and collaborative learning.

Documentary Record 001884

Chapter 5: Ongoing School Improvement

BCS developed an action plan with four goals, each of which has specific actions attached to it.

Goal 1: Develop and implement an established cadence of data analysis that includes assessment, reflection, action planning, and evaluation of effectiveness.

Goal 2: Ensure that there is alignment, content mastery, and rigor within and across all classrooms by providing intentional and frequent professional development on curriculum design.

Goal 3: Ensure alignment of curriculum and assessment practices across sites, grade levels, and content areas.

Goal 4: Create programs and opportunities that ensure all learners – particularly our sub-populations – have additional support to access content and develop the agency needed to engage in rigorous tasks.

Acceptable progress by all students toward clearly defined schoolwide learner outcomes/graduate profile (major student learner needs), academic standards, and other institutional and/or governing authority expectations.

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

BCS is effective in making acceptable progress by all students towards the school's learner outcomes. This is evident in the statewide SBAC assessment data, NWEA data, ELPAC data, writing assessment scores, and school defined learner outcomes. Bullis is clearly meeting academic standards and has an effective way to measure personal growth, SEL growth and other areas of student development school-wide. The visiting team found that further work can be done to broaden and clarify the school's understanding of its definition of success for students.

The alignment of a long-range schoolwide action plan to the school's areas of greatest need to support high achievement for all students.

Visiting Committee Rating (select one): Highly Effective **Effective** Somewhat Effective Ineffective

Narrative Rationale:

BCS is effective because the schoolwide action plan is in alignment with the greatest needs to support high achievement for all students. The action plan includes tangible action items to move each goal forward, in addition to a timeline and individuals responsible. The school should be commended for the detailed progress monitoring outlined in the action plan. Some re-organization of the schoolwide action plan may be warranted to put a stronger focus on instruction rather than on curriculum.

The capacity to implement and monitor the schoolwide action plan/SPSA.

Visiting Committee Rating (select one): **Highly Effective** Effective Somewhat Effective Ineffective

Documentary Record 001885

Narrative Rationale:

BCS is highly effective in terms of the capacity to implement and monitor the school wide action plan/SPSA. The school has effective, established processes in place for reviewing its strategic plan on a regular basis, as well as its LCAP goals and metrics, both which are aligned to the school mission and to the WASC action plan. The leadership team is well positioned and suited to lead the staff in the next phase of the school development. With the guidance of the new superintendent, the three principals have a wealth of institutional knowledge, relational trust and shared sense of purpose to bring the school forward. The superintendent has the knowledge and skills to build the organizational enabling conditions (project management, vision, resource allocation, etc) to support the school in partnership with the board of directors. The school possesses all of the resources needed to implement the world-class education system they envision. They have the monetary, people, curriculum, instructional tools, assessments and the community support to meet the school's mission and to continue the cycle of improvement.

Documentary Record 001886

Accreditation Status Factors Summary

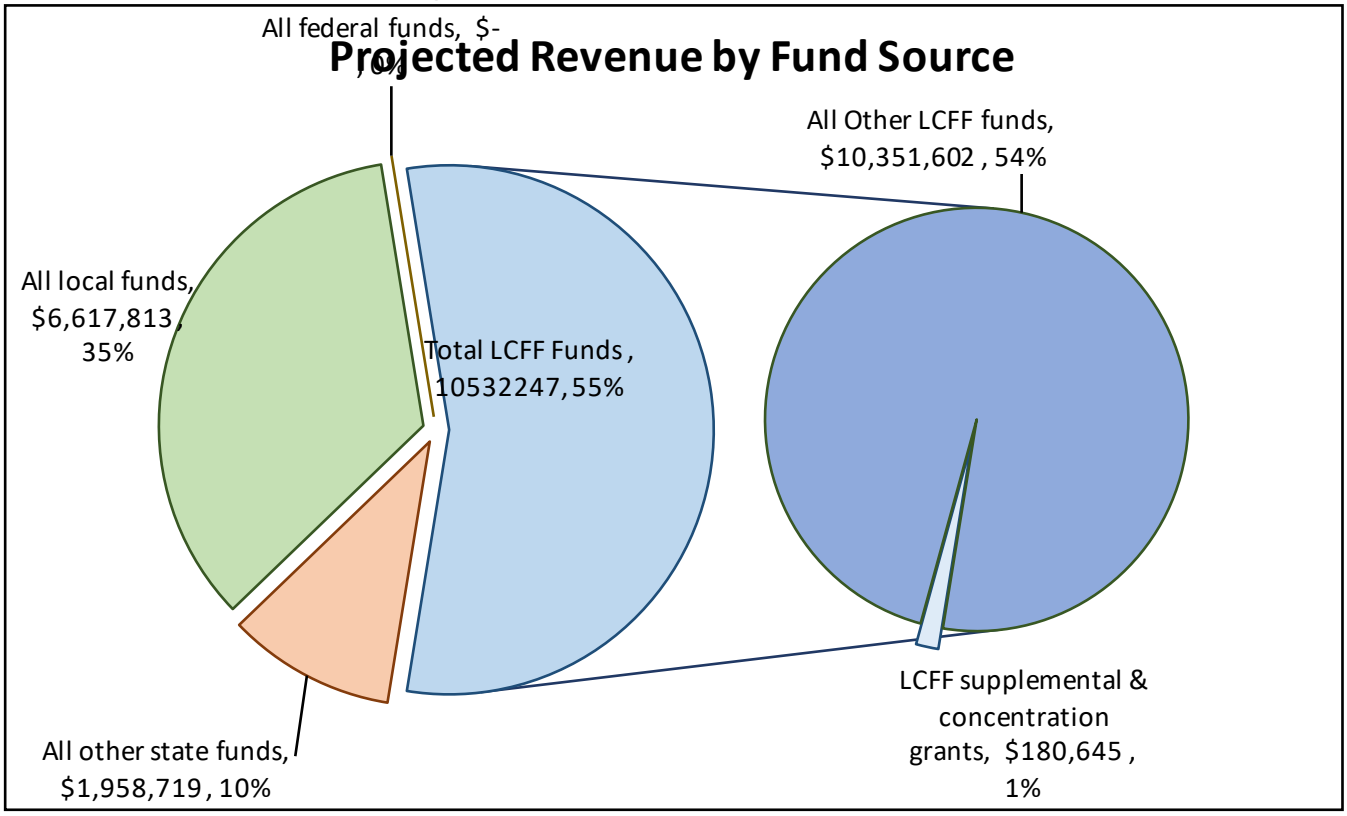
Documentary Record 001887

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Bullis Charter School



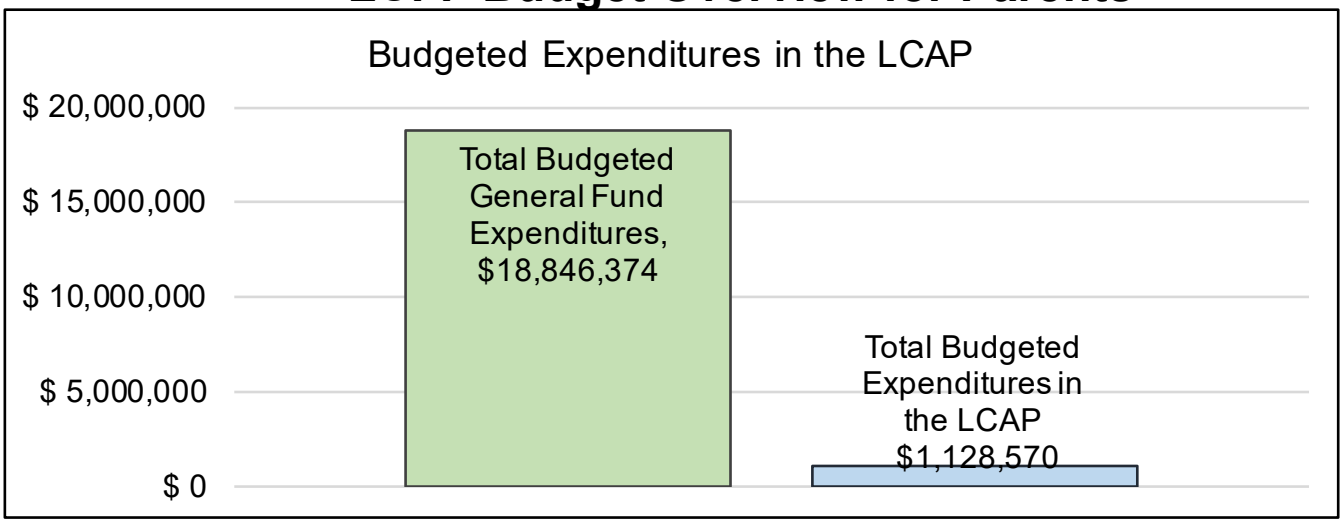
CDS Code: 43 10439 0106534

School Year: 2022 – 23

LEA contact information: Maureen Israel - Superintendent/Principal misrael@bullischarterschool.com

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022 – 23 School Year



This chart shows the total general purpose revenue Bullis Charter School expects to receive in the coming y from all sources.

The text description for the above chart is as follows: The total revenue projected for Bullis Charter School is $19,108,779.00, of which $10,532,247.00 is Local Control Funding Formula (LCFF), $1,958,719.00 is other state funds, $6,617,813.00 is local funds, and $0.00 is federal funds. Of the $10,532,247.00 in LCFF Funds, $180,645.00 is generated based on the enrollment of high needs students (foster youth, English learner, an low-income students).

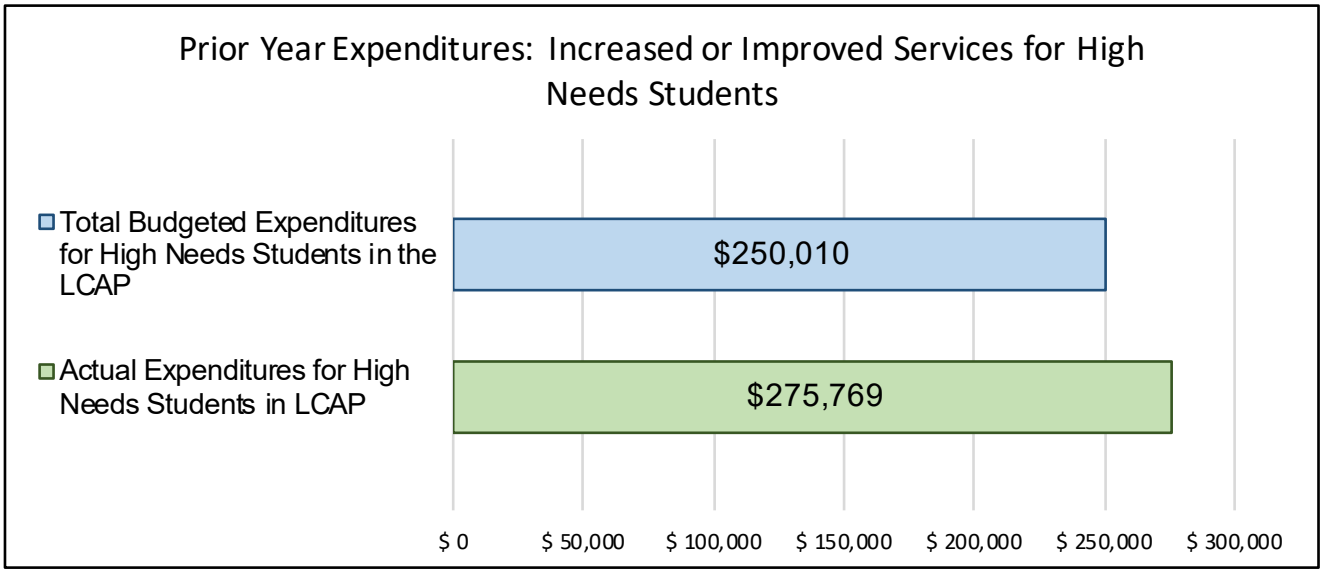
The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school distri must work with parents, educators, students, and the community to develop a Local Control and Accountabi Plan (LCAP) that shows how they will use these funds to serve students.

Documentary Record 001888

LCFF Budget Overview for Parents

This chart provides a quick summary of how much Bullis Charter School plans to spend for 2022 – 23. It sho how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Bullis Charter School plans to spend $18,846,374.00 fo the 2022 – 23 school year. Of that amount, $1,128,570.00 is tied to actions/services in the LCAP and $17,717,804.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP w be used for the following:



All additional general fund expenditures for the school year will contribute to teacher/staff salaries and to additional supplies/resources, professional learning, etc needed to keep the school operating on a daily bas

Increased or Improved Services for High Needs Students in the LCAP for the 2022 – 23 Sch Year

In 2022 – 23, Bullis Charter School is projecting it will receive $180,645.00 based on the enrollment of foste youth, English learner, and low-income students. Bullis Charter School must describe how it intends to increase or improve services for high needs students in the LCAP. Bullis Charter School plans to spend $615,510.00 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2021 – 22

This chart compares what Bullis Charter School budgeted last year in the LCAP for actions and services th contribute to increasing or improving services for high needs students with what Bullis Charter School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021 – 22, Bullis Charter School's LCAP budgeted $250,010.00 for planned actions to increase or improve services for high needs students. Bullis Charter Sch actually spent $275,769.00 for actions to increase or improve services for high needs students in 2021 – 22

Documentary Record 001890

Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Bullis Charter School	Maureen Israel – Superintendent/Principal	misrael@bullischarterschool.com 650-947-4100

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2021–22 Local Control and Accountability Plan (LCAP).

Entering the 2021-22 school year, Bullis Charter School received additional funding through the Extended Learning Opportunities grant (ELO) and the Educator Effectiveness Grant. Input on use of funds from a variety of education partners. This including reviewing questions, trends, and recommendations received from families during numerous town halls during the Spring of 2021. Our ELAC committee reviewed current supports for EL students and brainstormed opportunities for additional supports that could be beneficial.

Teachers identified curricula and classroom needs through monthly vertical team meetings and our Director of Teaching and Learning reviewed current curricular inventory to make recommendations and adjustments, in collaboration with our Director of Special Education.

Reviewing trends in parent and student referrals, our School Counselor provided suggestions on training and additional resources that could be beneficial for students.

On May 3, 2021, an ELO draft was reviewed by the board and public were able to comment.

On November 1, 2021, a public hearing was held on the Educator Effectiveness Grant.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

Documentary Record 001891

Bullis did not receive any concentration grant add-on fund.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

As noted above, Bullis has had multiple opportunities to engage educational partners in determining how best to spend additional funding to support students. Parents were offered the opportunity in the spring to join focus groups and provide input on priorities, including their child(ren) experience during distance learning. Multiple meetings were held with the English Learner Advisory Committee (ELAC) to identify additional supports that may be necessary for students. As the 2021-22 school year has started, there have been additional opportunities for families to provide input during town halls, ELAC meetings, parent focus groups, and the family survey. This input continues to help provide adjustment to programming for students.

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

Bullis did not receive ESSER funds this year.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update.

Additional funds from the Extended Learning and Opportunity Grant (ELO) were aligned with the 2021-22 LCAP goals.

LCAP Goal 1: All students will achieve growth and academic success and LCAP Goal 2: All teachers will engage in professional learning that increases their instructional knowledge and practice to serve all students. The ELO includes additional training for staff on ELD and Special Education supports, professional development for instructional leaders, and the ability to support students with extended instructional time outside of the classroom. It also includes additional curricula supports, including software programs, to provide extension work and practice for students.

LCAP Goal 3: BCS will create a school environment where all students feel included, safe, and accepted for who they are. The ELO designates funding for additional mental health support for students, as well as training for staff on suicide prevention and additional behavior needs.

All Educator Effectiveness Grant funding was determined to be used in out years, beginning in 2022-23.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Bullis Charter School	Maureen Israel – Superintendent/Principal	misrael@bullischarterschool.com 650-947-4100

Plan Summary [2021-22]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Bullis Charter School (BCS) is an open-enrollment, K-8 public charter school serving almost 1,100 students from in and around the Los Altos School District. As a mission driven school, BCS provides a collaborative learning environment, focused on individual student growth and helping each student and staff member reach their full potential. BCS has a diverse student population, with dozens of languages spoken including English, Spanish, Farsi, Vietnamese, Hindi, Korean, Mandarin, Cantonese, Arabic, Hebrew, and Russian. Bullis Charter School serves all students, including Special Education students, Socio-economically disadvantaged students, and English Language learners.

Bullis Charter School focuses on student-led instruction aiming to meet the needs of all students, regardless of skill level or learning style. All learners benefit from a highly individualized approach, focusing on small group practice/instruction. Many of our classrooms have associate teachers who support homeroom teachers with this small group support and project-based learning experiences. Special programs and accommodations are available for students who require extra support, whether enrichment or remediation. The Special Education team (Director of Special Education, Resource Specialists, Speech and Language Pathologist, Occupational Therapist, Board Certified Behavior Analyst, and Psychologist) help teachers implement Individualized Education Programs to ensure all students are growing and achieving. A Response to Intervention (RTI) team provides recommendations for additional support at Tier 2 and Tier 3 levels to teachers. Designated and integrated ELD time in all English-learner classrooms ensure that students are able to access the material and continue to build their language skillset.

BCS provides multiple opportunities for students to explore and discover interests and passions within the school-day curriculum. All students take part in Mandarin, Art, Drama, Physical Education, and Music classes starting in Kindergarten and continuing all the way through 8th grade, with the addition of access to Spanish classes in middle school. A Makerspace and Fabrication Lab (Fab Lab) allow teachers and students to have access to hands-on learning experiences that are aligned and integrated into the classroom curriculum. Elementary school students have access to co-curricular programs during the school day, allowing opportunities for students to explore new interests and skills. A student council allows for students in multiple grade levels to be represented and have voice in school spirit days and school climate/activities. Other co-curriculars vary depending on student interest and staff experience. These may include such things as Coding, Lego Robotics, 3D Modeling, Origami, Choir, Concert Band, Broadway Dance, American Sign Language, etc. Extended-day extra-curricular activities offer still more opportunities for students to explore interests: yoga, running club, creative journaling, chess club, book club, homework assistance, and drama, including performance opportunities and tech crew opportunities. These co-curricular and extra-curricular activities change and adapt each year, as new interests are discovered by both students and teachers.

Documentary Record 001893

In the middle school, students have access to similar opportunities to continue to explore passions, with a greater emphasis on leadership. All middle schoolers take part in clubs once a week, that are designed and run by students, with teachers serving as facilitators. Club options include calligraphy, crocheting, cooking, scriptwriting, and video editing. Middle school students also participate in extra-curricular activities.

Woven within all classroom instruction is a focus on character development, to incorporate a valued-based education to all students. An SEL curriculum is incorporated into classrooms in K-5 and advisories in middle school. Trained student conflict managers enable students to contribute to the atmosphere of the school by participating and leading Solutions Teams, monthly Principal Awards recognize K-5 students who uphold the character pillars, and cross-grade "Houses" provide opportunities for students to build friendships and find commonalities while working together on school-wide activities. BCS aims to create a community of inclusivity and safety through these experiences throughout the school day.

As the BCS mission states, the school aims to offer a collaborative, experiential learning environment that emphasizes individual student growth. As a model of innovation, Bullis Charter School inspires children, faculty and staff to reach beyond themselves to achieve full potential. Using a global perspective to teach about the interconnectedness of communities and their environments, the BCS program nurtures mutual respect, civic responsibility, and a lifelong love of learning.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

As students have transitioned back to in-person learning this year, we recognize that instructional and socio-emotional needs may be different as students began to reengage in spaces and with peers that some of them had not been part of for almost two years. While a focus on a rigorous academic experienced was consistent throughout the year, there was a consistent additional emphasis on socio-emotional skills regarding peer engagement, social interactions, self-behavior management, etc. Our school counselors and school psychologist supported students and staff with the transition of students back into classroom amidst new protocols and structures in classrooms. We anticipate continued, heightened socio-emotional support needed as we move into the 2022-23 school year.

While there has not been a California dashboard for the most recent school years, we are able to look at SBAC data from 2020-21 and local data to assess student success and progress at BCS. A table noting BCS overall performance compared to the state of California is below. It is worth noting that in 2020-21, not all schools took the SBAC tests due to the pandemic.

In all measurable performance areas, students performed well above the overall state results, with significantly more students meeting and exceeding standards, even in subpopulations, such as English-Learners and Special Education. These subpopulations continue to be a focus area for BCS, though, as the desire to increase outcomes for all students is a priority.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Though we continue to see high performance of students in the SBCA results from 2020-21, we continue to want to improve our student outcomes for all student groups, ensuring all students are receiving the most appropriate individualized instruction allowing them to grow. We have provided additional professional development for our staff around ELD strategies and ways to individualize support for our Special Education students. We continue to make adjustments to these learning opportunities for staff and anticipate having additional space in our school calendar next year to analyze student achievement data on a consistent cycle and make adjustments to instruction and support as a result.

As noted above, we know that students will continue to need socio-emotional support/strategies and skill-building opportunities embedded in the classroom as we continue to emerge from the pandemic. Staff training around classroom structures and strategies to support the whole child will be necessary to start the school year and to continue to create inclusive, supportive classroom environments that allow all students to engage appropriately with their peers and with content.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

When we crafted our goals and actions for the LCAP for 2021-2024, we recognized the uncertainty of being in a pandemic and the need to have adjustments throughout the course of the 2021-22 school year, as we understood more about what needs students had. This year we also had the opportunity to engage in the WASC accreditation process, allowing us to do a deep dive into curriculum, instruction, and culture, and to align recommended actions with our LCAP goals and actions. We continue to revise our WASC action plan (a six-year action plan) to align with the intended actions and outcomes of the LCAP. We have made adjustments based on recognized needs from the 2021-22 school year that were not as easily predicted as we transitioned back from distance learning. For example, while we had predicted and budgeted for additional student socio-emotional support services (e.g. an additional part-time counselor, restorative practices in classrooms, etc.) we have discovered additional needs with targeted groups of students and ages since returning in-person and have tailored our approach for the 22-23 school year, as noted in updated actions below. A large part of this is building community within classroom spaces and also building community within our school families, through school traditions, resources, and learning opportunities.

Additionally, we have focused on student outcomes, specifically thinking through the training of our teachers and instructional leaders to develop skill sets in the classroom to account for differentiated learning and support of all students. We are developing data review cycles and building capacity in teacher leaders to help support all staff members with analysis and action. The adjustment of our school calendar for the 2022-23 school year has provided more opportunities for staff to have dedicated professional development time together, to focus on these actions and outcomes.

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

There were multiple opportunities to engage with educational partners during the 2021-22 school year to gather feedback on input on action steps aligned to our LCAP. Going through the WASC Accreditation process this school year as well, there were additional opportunities for partner involvement and – since the accreditation process seeks alignment with the LCAP and strategic plan – we were able to gain additional insight and direction.

Coming out of the pandemic, while we were able to hold meetings in place, we continued to find success in providing options and access, holding some meetings in person and providing an opportunity to meet online as well, recognizing this may better meet scheduling needs for invested parties.

Our school leadership team – composed of teachers and principals – provided input and reviewed goal performance throughout the school year, with key meetings happening on January 10, February 2, and March 14.

Our parents were invited to participate in both online input meetings (January 18 and February 8) and an in-person feedback meeting (February 9). A parent survey was also sent out to all community members in Winter 2022.

Finally, our students participated in focus groups on February 9 and a survey was also distributed to students in Spring 2022.

The LCAP public hearing was held on April 4th, 2022 and the LCAP was brought for adoption to the board on June 6, 2022.

A summary of the feedback provided by specific educational partners.

Our teachers and principals focused on providing input around the alignment of support and training for all teachers (especially those new to BCS and new to the field of education) in order to provide the most rigorous instruction to all students and to ensure that all student needs are getting met at the level they are at. Actions were adjusted below, specifically focused on reviewing data and providing targeted professional development.

Our families aligned around opportunities to rebuild engagement in the community and ensure that new families felt connected to the school, recognizing the challenges that the pandemic has placed in building authentic connection opportunities. Along with this, much discussion focused on communication opportunities for families to better engage with and understand student performance metrics, particularly thinking about gaps that may have emerged as a result of the pandemic and how as a school we could ensure we were identifying these academic gaps and providing the appropriate support.

Finally, our students dove into similar topics, recognizing the need to continue to build connection amongst students and within the school community, after being apart for almost 2 years. They provided similar trends around feedback loops from teachers and making sure they had the most up to date information on their performance in the classroom and how they could improve.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

All goals are aligned to concepts and ideas that came out of the surveys and sessions with educational partners, and adjustments have been made to specific actions as a result of feedback receive during the 2021-22 school year. Particularly, family feedback influenced actions in Goal #4, student feedback influenced actions in Goal #3, and staff feedback influenced actions in Goal #2 and Goal #3.

Documentary Record 001899

Goals and Actions

	Description
Goal #1	**All students will achieve growth and academic success in a school environment conducive to learning.**

An explanation of why the LEA has developed this goal.

We are proud of the legacy of academic excellence we have established as a school and yet recognize there is always a need to continue to ensure we are providing the most rigorous, aligned, personalized instruction possible for all students, regardless of experience or prior performance. After a year in which students had access to different methods of instruction (remote, hybrid, in-person), ensuring we are focused on individual student growth and performance will be critical moving forward. This is a shared priority not only for our teachers but also for our parents, especially our parents of Special Education and EL students.

This goal allows us to focus on the following state priorities: 1 Basic Conditions of Learning; 2 State Standards; 4 Pupil Achievement; 7 Course Access; 8 Other Student Outcomes

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
# of core teachers that are appropriately credentialed and not misassigned	100% of teachers (as of 2020 SARC)	SARC assignment data N/A for 21-22			100% of core teachers are appropriately credentialed and not misassigned
Overall average of Math and ELA performance on the California dashboard	Data from 20-21: **2020-21** **All students, meet or exceed ELA** 90.18% ***exceed ELA*** 65.9% **All students, meet or exceed Math** 91.84% ***exceed Math*** 75.23%	Data In progress and can be updated in Fall 2022			BCS's maintains an overall average of Math and ELA performance above standard on the California dashboard (green and blue)

School facilities meet standard of "good repair"	Good Repair Status (SARC 2020-21)	Overall Good Rating (SARC 2021-22) – Fit Report performed May 2021			Maintain "Good Repair" status as defined by the FIT Report on the SARC
% of EL students reclassified	34.2% reclassified in 19-20 and 61.7% reclassified in Fall 2021.	52.5% reclassified in Spring 2022.			Maintain an average of 50% of EL students reclassified each school year
Consistent implementation of school curriculum across classrooms	No data source that to review fidelity of curricular implementation	100% of teachers met with grade level teams twice during the 21-22 school year to formally review and update long-term plans.			100% of teacher long-term plans reflect CCSS and are reviewed on a yearly basis
% of students with access to standards-aligned instructional materials	100% (SARC 2020-21)	100% (SARC 2021-22)			100% of students maintain access to standards-aligned instructional materials

Documentary Record 001901

# of TK-5 students that have access to co-curriculars (standards-based) and # of 6-8 students that have access to intersession (standards-based)	2020-21 students had limited access to co-curriculars; 100% of middle school students participated in intersession	100% of 1-5 grade students have had access to co-curriculars and intersession. (moved action to Goal 3)	N/A	N/A	100% of TK-5 students have access to co-curriculars (standards-based) and all 6-8 students have access intersession (standards-based)

Actions

Action #	Title	Description	Total Funds	Contributing
Action #1	Credentialed Teachers	Recruit, hire, and retain only appropriately credentialed teachers for core positions on a yearly basis, including partnering with credentialing programs.	35,000	N
Action #2	*Instructional Training*	*Instructional leaders are trained on observation best practices and observation cycles and revisiting norming opportunities on a yearly cadence.* ***(moved action to Goal #2)***	*10,000*	*N*
Action #3	*Instructional Observation*	*Instructional leaders observe implementation of standards-based instruction on a monthly cadence* ***(moved action to Goal #2)***	*175,500*	*N*
Action #2	Long Term Plan Review	Instructional leaders review long term plans on a yearly cadence and provide feedback at predetermined intervals to teachers	N/A	N
Action #3	Grade Level Team Alignment	Grade level teams engage in the process of creating long term plans during professional development days before the start of the school year and during key intervals of the school year	16,000	N
Action #4	Data Review	Principals works with teachers to develop shared skills in reviewing and analyzing local assessment data, MAP data, and CAASPP data at predetermined intervals throughout the school year	N/A	N
Action #5	Subgroup Data Review	Principals work with staff to review and analyze subgroup data on a predetermined cadence, providing necessary coaching and support to teachers as a result.	N/A	N
Action #6	Course Offering Review	Review all student course offerings, course sign-ups, and scheduling on a yearly basis to ensure access and choice for students	N/A	N

Documentary Record 001902

Action #7	Focused Learning Goals	Students – in collaboration with families - create and monitor progress on their focused learning goals (in developmentally appropriate ways)	N/A	N
Action #8	Technology	Ensure all students have technology needs met and access to reliable internet and computer usage while on site and at home, if necessary	45,000	Y
Action #9	Associate Teachers	Continue to hire and train Associate Teachers to specialize in classroom supports for small groups of students (4 associate teachers)	300,000	Y
Action #10	ELD Curriculum	Determine an ELD curriculum for implementation across all K-5 classrooms and available for small group support in upper grades, as necessary	40,000	Y
Action #11	Reading Specialist	Hire a Reading Specialist to support teachers with small-group instruction, implementation of SDAIE strategies for emergent learners	90,000	Y
Action #12	Extended Care Coordinator	Hire two Extended Care Coordinators to support TK/K students who qualify for free/reduced priced meals in a longer K program that extends after the school day ends.	150,000	Y

Goal Analysis for LCAP Year 2021-22

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Overall, the actions designated for the 2021-22 school year were implemented with the exception of developing a monthly cadence of instructional observation and determining a cadence of subgroup data review to provide necessary coaching and support for teachers. BCS saw success in ensuring credentialed teachers were hired for the year and that time was devoted in team meetings to begin a process of reviewing long-term plans to align on curricular resources and instructional strategies both across grade levels and vertically across the school. The principals attended the Relay School of Education Instructional Leader Professional Development program, building their skill set in how to support teachers in reviewing data and making adjustments to instruction as a result.

However, the pandemic continued to present challenges for implementation of all actions. Much time of leadership continued to be focused on logistics and safety needs for students both in and out of classrooms. With the constant pull towards logistics, as much time as possible was not able to be utilized on instructional support in the classrooms, specifically in developing clear structures for analyzing data with teachers. Additionally, the loss of our Director of Teaching and Learning mid-year adjusted the workload for many members of leadership and resulted in our need to pause some actions. Finally, with the teacher shortage coming out of the pandemic, we were not able to hire as many associate teachers to support in classrooms as anticipated.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Documentary Record 001903

Action 1.2: We spent $30,000 in instructional training for principals, principal managers, and the Director of Special Education. This was instructional leadership training to support data analysis and coaching support in the classroom for teachers. This was more than the initial $10,000 budgeted.

Action 1.3: We were not able to provide as much instructional observation support as desired with the need to shift focus consistently to health needs and logistics around COVID procedures throughout the year. We spent $127,162.50 of the anticipated $175,000 here.

Action 1.5: We were not able to provide as much support with grade level team alignment as desired with the need to shift focus consistently to health needs and logistics around COVID procedures throughout the year. We spent $7,060.03 of an anticipated $16,000.

Action 1.10: We started the year anticipating we would need additional technology needs for remote instruction and – while we did not need as much remote instruction support as predicted in Spring 2021 - we did exceed our anticipated amount of $45,000, spending $75,494, to ensure students had consistent access to platforms and technology in the classroom.

Action 1.11: We brought in an additional AT for support in March of 2022, as current ATs were supporting classrooms with extended leaves of absence. This increased our anticipated costs of $214,500 to $252,044.10.

An explanation of how effective the specific actions were in making progress toward the goal.

Though there is no reported metric from the 21-22 SARC around hiring credentialed teachers, we know that no teachers who are misassigned for the 21-22 school year.

We have moved actions around instructional observation and training, moving them to Goal #2, in order to support professional development and data analysis for teachers.

Staff professional development days in August and again in January supported Actions #4 and #5, allowing 100% of grade level teams to make adjustments to long-term plans, in order to ensure aligned implementation of school curriculum and ensuring 100% of students had access to standards-aligned instructional materials.

We have added actions #12, #13, and #14 for the 22-23 school year.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We have adjusted some key actions for the 2022-23 school year, most notably adding additional instructional supports to our staff, in order to provide targeted support for sup-groups and for teacher training (the addition of a Reading Specialist). While SDAIE strategies are observed in classrooms (as evidenced by our WASC review, noting SDAIE strategies as a strength), we recognize the need for a shared ELD curriculum we can utilize across grade levels for designated ELD time; we have added an action to implement a curriculum in the 2022-23 school year. With this, we have added additional metrics and desired outcomes around sup-population growth on internal NWEA metrics and reclassification rates. With the initial steps taken towards aligning long-term plans and curricula across all grade levels, we will continue to monitor student access to standards-aligned materials (State Priority 2). Finally, the addition of two extended day coordinators (Action #14) will provide additional support to our low-income students and families through the extension on the TK/K school day and in alignment with the movement towards the ELO-P.

Documentary Record 001904

	Description
Goal #2	**All teachers will engage in professional learning that increases their instructional knowledge and practice to serve all students**

An explanation of why the LEA has developed this goal.

Though we have had targeted, aligned professional learning for teachers each and every year – both at the start of the school year and during monthly meetings throughout the year – we recognize that there is a need to reinvigorate our professional learning focus, especially after the learnings of being remote for 1+ years. Additionally, with new teachers joining Bullis each year, we'd like to ensure there is an expected and aligned "teacher curriculum" to bring new teaching staff up to speed on Bullis expectations and learning, as well as to provide a space for all Bullis team members to dive into aligned training together. Finally, we would like to utilize this opportunity to dive deeply into assessment structures and outcomes to ensure alignment and rigor across and through all grade levels.
This goal is in alignment with the following priorities:

I Basic Conditions of Learning; 2 State Standards; 4 Pupil Achievement; 8 Other Student Outcomes

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
# of teachers who teach EL students are incorporating integrated and designed ELD into daily lesson planning	No established baseline metric	100% of teachers with EL learners observed incorporated SDAIE strategies in the classroom.			100% of teachers who teach EL students are incorporating integrated and designed ELD into daily lesson planning
% of students with disabilities and EL learners who exhibit growth on local assessments	EL MAP Growth Data: Not available for the 20-21 school year SpEd MAP Growth Data: Not available for the 20-21 school year	EL MAP met/exceeded growth projections: **Math:** 57.9% (57.5% all students) **Reading:** 61.1% (54.7% all students) **Language:** 58.3% (59.1% all students) SpEd MAP met/exceeded growth projections:			Special populations growth on local assessments is equivalent to or greater than the general population growth on local assessments.

Documentary Record 001905

		Math: 58.6% (57.5% all students) **Reading**: 58% (54.7% all students) **Language:** 54.4% (59.1% all students)			
Principals complete observations of all teaching staff to review incorporation of professional learning strategies	Principals observe teachers but without a set number of expected observations	All staff observed a minimum of 2 times; no formal evaluation process developed but a steering committee created			Principals will complete at least 3-4 observations each school year of all teaching staff to review integration of new strategies learned during professional learning
# of teachers who find professional learning topics applicable and important to their professional growth	No data currently collected	96% of teachers agree/strongly agree they have had opportunities to learn and grow at BCS this year. (Q12 Data)			90% of teachers agree/strongly agree that professional learning opportunities at Bullis contribute to their professional growth
% of ELs scoring a 3 or 4 on the ELPAC	93.6% (20-21 school year)	88.14% scored a 3 or 4 on the Summative ELPAC for 21-22			Maintain 90%+ of students who score a 3 or 4 on the ELPAC

Action #	Title	Description	Total Funds	Contributing
Action #1	Professional Learning: ELD	Professional learning around integrated and designated ELD will be provided to teachers during in-service at the start of the school year and at key points throughout the school year	35,510	Y
Action #2	Professional Learning: Special Education	Professional learning around special education strategies and supports will be provided to teachers during in-service at the start of the school year and at key points throughout the school year	34,860	N

Documentary Record 001906

Action #3	Peer Collaboration	Teachers will engage in peer evaluation protocols and peer observations throughout the school year in order to continue to develop their practice inside the classroom	N/A	N
Action #4	Long-Term Plan and Assessments	Instructional leaders review long term plans on a yearly cadence and provide feedback at predetermined intervals to teachers, along with the review of formative and summative assessments. (multi-year action)	N/A	N
Action #5	Professional Learning Cadence	A professional learning menu of sessions will be codified for all new to Bullis staff	9,100	N
Action #6	Online Integration	Instructional leaders will conduct an assessment of all online platforms to determine long-term usage of effective software and programs	20,000	N
Action #7	Instructional Training	Instructional leaders are trained on observation best practices and observation cycles and revisiting norming opportunities on a yearly cadence.	25,000	N
Action #8	Instructional Observation	Instructional leaders observe implementation of standards-based instruction on a monthly cadence	175,500	N
Action #9	Evaluation Working Group	Staff members construct an evaluation tool for classroom observation and data analysis	10,000	N

Goal Analysis for LCAP Year 2021-22

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Overall, the actions designated for the 2021-22 school year were implemented at a baseline level. Professional learning at the start of the school year integrated both ELD training and Special Education Training. School leaders attended SCCOE EL training throughout the year in order to continue to provide consistent training and support to teachers. School administration also participated in regional instructional professional development with the Relay Graduate School of Education and were able to begin implementation of observation practices in classrooms.

With COVID precautions in place for much of the school year, we had limited abilities to establish a consistent peer observation structure, though all teachers did observe multiple teachers' classrooms outside of their own grade level and content in Fall/Winter 2021, in preparation for the WASC self-study. While principals began to establish observation cycles, additional needs during the course of the year – including COVID support – limited the ability to create a recurring cadence. This will be a focus moving into the 22-23 school year.

Documentary Record 001907

The departure of our Director of Teaching and Learning in January limited our ability to continue full implementation of some desired actions, including the development of a professional learning cadence. Additionally, while there were initial steps taken to integrate online program components into the current curriculum structure, we anticipate this will take additional time to fully come to fruition.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 2.1: As professional development timing shifted throughout the course of the year and our Director of Teaching and Learning no longer was overseeing professional development, we made adjustments to intended plans, spending less here than anticipated ($15,468 instead of $35,510).

Action 2.2: As professional development timing shifted throughout the course of the year and our Director of Teaching and Learning no longer was overseeing professional development, we made adjustments to intended plans, spending less here than anticipated ($14,592 instead of $34,860).

Action 2.5: No money was spent towards developing a professional learning cadence as our Director of Teaching and Learning transitioned out of her role in January 2022 and was unable to complete the project.

An explanation of how effective the specific actions were in making progress toward the goal.

Actions #1 and #2 of professional learning around ELD and Special Education have been successful, as evidenced by the percentage of students who exhibited growth on the local MAP assessments over the course of the year and the % of EL students scoring a 3 or 4.

Action #3 and Action #8 regarding instructional observation and peer collaboration were successful as evidenced by 96% of teachers who agreed/strongly agreed they had the opportunity to learn and grow this past year.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We have moved Actions #7 and #8 over from Goal #1, as we believe they align closer with the desired professional development output. We have adjusted a metric around measuring the implementation of strategies to support student with disabilities by changing it to measuring the percentage of students with disabilities who show growth on local assessments (currently NWEA data). We recognize many of the actions within this goal are multi-year actions and are aligning the roll-out of these actions to our six-year WASC action plan. The hiring of a Chief of Academics will support with the implementation and tracking towards this goal and will begin the creation of an evaluation tool for classroom observations (added Action #9).

Documentary Record 001908

	Description
Goal #3	Bullis Charter School will create a school climate where all students on all campuses feel included, safe, and accepted for who they are.

An explanation of why the LEA has developed this goal.

We recognize that in order for students to be able to take risks in their learning and push their potential, they must feel safe and supported in their school environment. Our campus character pillars are an important place where this work begins, but we recognize that there are opportunities interwoven both within and outside of the classroom where creating a safe and inclusive environment for all students will allow us to live up to our mission of supporting the whole student. This becomes especially important as students return to school after being involved in only distance learning for the 20-21 school year. Reintegration and connection to the Bullis community continues to be an important priority.

This focuses on the following priorities: 5 Pupil Engagement; 6 School Climate

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
% of students who agree/strongly agree they feel part of the BCS community	Previous survey questions captured components of this question but we will reset with a baseline for the 21-22 school year	% of students who agree/strongly agree that they feel like they belong at BCS Elementary: 65% Middle School: 51% [Panorama Survey Data, Spring 2022]			100% of all BCS students feel a sense of community at the school/like they belong at BCS
% of students who agree/strongly agree they feel respected by peers and teachers	Previous survey questions captured components of this question but we will reset with a baseline for the 21-22 school year	Elementary: Respect by teachers: 81% Respect by peers: 50% Middle School: Respect by teachers: 57% Respect by peers: 45%			100% of all BCS students feel respected by peers and teachers

Documentary Record 001909

		[Panorama Survey Data, Spring 2022]			
Student Attendance Rate and Chronic Absentee Rate	97.3% attendance before the 20-21 school year and .6% chronic absentee rate (7 students)	21-22 school year: (P2 data)			Maintain an average of 97% ADA
Student Suspension Rate and Expulsion Rate	0% for the 20-21 school year	2021-22 Suspension Rate: .005% 2021-22 Expulsion Rate: 0%			Maintain a suspension and expulsion rate in the blue on the California dashboard.
# of TK-5 students that have access to co-curriculars (standards-based) and # of 6-8 students that have access to intersession (standards-based)	2020-21 students had limited access to co-curriculars; 100% of middle school students participated in intersession	100% of 1-5 grade students have had access to co-curriculars ; 100% of middle school students have access to intersession.			100% of TK-5 students have access to co-curriculars (standards-based) and all 6-8 students have access intersession (standards-based)

Actions

Action #	Title	Description	Total Funds	Contributing
Action #1	School Counselor	Continue to employ and additional part-time counselor to support with school programming and individual/class student needs	$50,000	N
Action #2	No Bully Program	Continue the implementation of the No Bully Program, including training of Solution Teams	$11,100	N
Action #3	Restorative and Supportive Practices	Implement and codify restorative and supportive practices in all classrooms and determine professional learning opportunities to teach and revisit these practices with new and returning teachers	16,500	N
Action #4	MS Advisory	Analyze and review the current content and structure of MS advisory; develop observation cycles and teacher training opportunities	N/A	N

Documentary Record 001910

Action #5	Second Step	Review the Second Step implementation log for all elementary school teachers and provide appropriate training and collaboration opportunities as necessary	10,000	N
Action #6	Teacher Training	Continue to provide teacher training around inclusive learning environments and supporting students to develop a sense of belonging	25,000	N
Action #7	Goal Creation and Tracking	Set Team Lead and Principal goals around student survey metrics and administer the survey twice a school year (Fall and Spring) for comparative data.	5,000	N
Action #8	Cultural Programming	Develop a yearly cadence of school-wide programming to support student voice and involvement	N/A	N

Goal Analysis for LCAP Year 2021-22

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Overall, the majority of actions designated for the 2021-22 school year were implemented successfully. A part-time counselor was hired to support the current school counselor and part-time school psychologist. The addition of this part-time counselor provided more opportunities for the implementation of the No Bully program, though it was quickly realized that additional socio-emotional supports would be necessary to support all students returning to the classroom after being online for 1.5 years. While initial restorative practices and teacher training took place, the need to continue to provide additional training in upcoming school years is apparent. With the transition of the Director of Teaching and Learning, a full review of Second Step and MS advisory structures was not completed; this is work the new Chief of Academics is expected to oversee in the coming years.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 3.3: With an adjustment in our focus or professional development due to pandemic needs, we were not able to implement the anticipated programming here ($2,009.72 of $16,500 spent).

Action 3.5: With an adjustment in our focus or professional development due to pandemic needs, we were not able to review the program as anticipated.

Documentary Record 001911

An explanation of how effective the specific actions were in making progress toward the goal.

Action #1 and Action #2 have been successful, as evidenced by the suspension and expulsion rate. We would like to see increased numbers in the student survey as a result of Actions #1 and #2 and will continue working towards those in out years.

Actions #2 and #3 contributed to the attendance rate, even amidst students needing to go out for excessive lengths of time for quarantining, as well as to the low number of suspensions.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We have added Action #7 and #8, in order to better align to our outcome around co-curricular access and to aim to increase the overall student results from the student survey. As noted above, the addition of the Chief of Academics will allow us to focus more closely on Actions #4 and #5 in the upcoming school years.

Documentary Record 001912

	Description
Goal #4	**We will engage all parents in joyful, active partnership to support their children and the BCS mission**

An explanation of why the LEA has developed this goal.

A key part of the BCS culture has been parent involvement and participation in the greater school community. After lots of time being remote and unable to be at events together, we recognize the importance of ensuring we are connecting our families back into our mission and our school and using this opportunity to evaluate new opportunities and ways in which we can connect with our families and community.

This focuses on the following priorities: 3 Parental Involvement

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
% of parents who feel as though they are connected to the BCS community	Previous survey questions captured components of this question but we will reset with a baseline for the 21-22 school year	**Question:** Overall, BCS has a positive and motivating culture – 87% of responding families agree/strongly agree (386 families participated)			100% of parents who feel as though they are connected to the BCS community
% of families who persist year over year at BCS	No baseline data from 20-21 school year	21-22 persistence data will not be fully measured until the start of school in Fall 2022			90% of families persist year to year at BCS
% of parents who agree/strongly agree that communication is sufficient	No baseline data for the 20-21 school year	New action – no baseline from 21-22			90% of parents who agree/strongly agree with communication structures

Actions

Action #	Title	Description	Total Funds	Contributing

Documentary Record 001913

Action #1	Community Traditions	In collaboration with our parent organization, staff will review, revisit, and reinstate community traditions for the BCS community	N/A	N
Action #2	Parent Workshops	Parent workshops will be provided to the greater BCS community at key intervals over the course of the year, both from internal and external stakeholders. Workshop content will be developed in collaboration with staff and with parent input	$20,000	N
Action #3	Communication Tools	We will conduct an internal review and analysis of communication tools (including website, weekly newsletters, teacher newsletters) to ensure we are providing the best possible access to all families	$25,000	N
Action #4	Supporting New Families	In collaboration with our parent organization, staff will develop a cadence of activities and touchpoints with newly enrolled family members	N/A	N

Goal Analysis for LCAP Year 2021-22

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

We took some concrete steps towards this goal this year, although we continued having to pivot to make logistical adjustments due to COVID-19, which limited some of our ability to enact actions all the way through. Initially, we had to pause and adjust many of our community traditions at the school and community level, as we were unable to fully bring people together in person. This included traditions such as assemblies (adjusted to occur outside), bringing parents into classrooms for projects/presentations, etc. We were able to make some adjustments to allow traditions to happen (for example, our annual middle school musical occurred outside instead of on the stage in the MPR). However, having to focus on these changes limited our ability to do a full review of all traditions.

While we did take some steps to adjust communication tools (particularly focusing on the website initially), we have more work to do around localized communication such as teacher newsletters; we received input from families via the family survey and anticipate using this moving forward.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 4.2: With an adjustment in our focus on COVID protocols and needs, we were unable to work on crafting programming and workshops as predicted.

An explanation of how effective the specific actions were in making progress toward the goal.

Action #1 was initially successful, though not implemented fully, as evidenced by the % of parents who identified a positive culture at BCS.

Documentary Record 001914

Action #3 was just begun at the end of the 21-22 school year, so no real data detailing progress towards goals. We did add an additional metric (noted below) to measure progress in the 22-23 school year.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Action #4 was added this year, specifically thinking about focusing on new families to BCS and ensuring they are connected and feel part of the community, as well as ensuring they persist year over year. We will be able to disaggregate the parent survey questions by time at BCS, which will allow us to look at this subgroup of parents.

Additionally, the metric around communication structures was added and will be measured in 22-23 via the family survey.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Documentary Record 001915

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students for LCAP Year 2022

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
$180,645	$0

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
2%	0%	$0	0%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

After assessing the needs of our low-income students, we noted that many families who join BCS in kindergarten (which is the typical entry point for new students) identify the half-day kindergarten as a potential barrier to persistence at BCS. In order to accommodate for unduplicated pupils (low-income and EL students) who enter BCS in kindergarten, we are establishing an extended day program to support the needs of families who may be unable to provide transportation or after-school care otherwise. Goal 1, Action #14 was built to address this.

Additionally, we want to continue to ensure that our low-income and EL students receive the in-class supports necessary for growth and academic performance at a rate equivalent to their peers. Goal #1, Actions 11 and 13 will focus on staff members (Associate Teachers and a Reading Specialist) who will prioritize the support of small group instruction for EL students and sub-populations (e.g. low-income students) who may not be achieving at the same levels as their peers. Through small group support and targeted instruction, we anticipate to see an increase in sub-pop performance on the local MAP assessment, as well as maintenance of the percentage of EL students reclassified each school year.

Finally, we know technology can be a barrier for families, as well as access to resources outside of the classroom that may allow them to continue to practice skills and show growth. We will continue to invest in technology and platforms as noted in Goal #1, Action 8 to provide support for all students outside of the classroom, but with a particular focus on sub-populations.

Documentary Record 001916

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Goal 1, Action #10: A focused curriculum for ELD support in classrooms will continue to allow targeted instruction for EL learners in all grade levels.

Goal 1, Action #11: A salaried employee to support teachers with the implementation of ELD strategies and to provide additional small group/1-on-1 support for EL students will continue to increase student performance

Goal 1, Action #12: Additional staff to extend the day for TK/K students, with a focus on student who qualify for free/reduced price meals, will allow for students to get additional academic support and enrichment opportunities.

Goal 2, Action #1: Professional learning for staff around ELD implementation in the classroom will continue to support EL learners.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Not applicable

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	Classified staff to student ratio: 1:15	Not applicable
Staff-to-student ratio of certificated staff providing direct services to students	Certificated staff to student ratio: 1:83	Not applicable

Documentary Record 001917

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

    - Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

Documentary Record 001923

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Documentary Record 001924

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category or any local indicator where the LEA received a "Not Met" or "Not Met for Two or More Years" rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student*"* performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools**: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness**: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

Documentary Record 001925

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: https://www.cde.ca.gov/re/lc/.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

> **Local Control and Accountability Plan:**
> For county offices of education and school districts only, verify the LEA:
>
> a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
>
> b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.
>
> c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
>
> d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
>
> e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: "A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP."

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt

Documentary Record 001926

must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

Prompt 2: "A summary of the feedback provided by specific educational partners."

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: "A description of the aspects of the LCAP that were influenced by specific input from educational partners."

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, "aspects" of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated students
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Documentary Record 001927

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Documentary Record 001928

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics. 474

Required Goals

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA's eligibility for Differentiated Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.

- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.

Documentary Record 001929

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.
- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the "**Measuring and Reporting Results**" part of the Goal.

Documentary Record 001930

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2022–23**. Leave blank until then.	Enter information in this box when completing the LCAP for **2023–24**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25**. Leave blank until then.	Enter information in this box when completing the LCAP for **2021–22** or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

Documentary Record 001931

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

***Projected Percentage to Increase or Improve Services for the Coming School Year*:** Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Documentary Record 001932

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 *CCR* Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

> After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])
>
> In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the

Documentary Record 001933

importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided

Documentary Record 001934

on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Documentary Record 001935

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.

Documentary Record 001936

- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #**: Enter the LCAP Goal number for the action.

- **Action #**: Enter the action's number as indicated in the LCAP Goal.

- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.

- If "Yes" is entered into the Contributing column, then complete the following columns:

    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

Documentary Record 001937

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Documentary Record 001938

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Documentary Record 001939

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
    - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
    - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
    - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)
- 7. Total Estimated Actual Expenditures for Contributing Actions
    - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)

Documentary Record 001940

  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)

- 5. Total Planned Percentage of Improved Services (%)
  - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
  - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- 13. LCFF Carryover — Percentage (12 divided by 9)
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

BULLIS CHARTER SCHOOL
Family/Student Handbook

BULLIS
charter school

2023-2024 School Year

Documentary Record 001942

BULLIS charter school

Superintendent/Principal	Maureen Israel
Elementary Principal - North Campus	Dr. Keri Montesino Stewart
Elementary Principal - South Campus	Lisa Stone
Middle School Principal - North Campus	Dan Gross

Dear Families and Students,

We are so excited for you to be with us for the 2023-24 school year at Bullis Charter School (BCS)! We expect a great year ahead with lots of opportunities to learn, grow, develop community, and celebrate success. Our families commitment and connection to BCS help develop our school community, and we are grateful for your partnership in this work.

Ensuring you are aware of our expectations for students and families is important to the overall success of our program. This handbook provides a comprehensive overview of our school norms and expectations. You will also find information on services provided to support all of our students' needs.

Please take time to read this handbook carefully and familiarize yourself with all school policies and procedures. Your principal will be able to answer any questions you may have.

Looking forward to a great year ahead!

Sincerely,

Lisa, Dan, Dr. Keri, and Maureen
Bullis Charter School

Please note that the information contained in this handbook is relevant to our operating under normal circumstances. We recognize there are differences in processes and protocols that may result in adjustments in policies or procedures, and will provide updates to families as the need arises.

DAILY SCHEDULE

TK/Kindergarten:	Grades 1-5:	Grades 6-8:
8:15 am - 3:05 pm	8:35 am - 3:15 pm	8:00 am - 3:29 pm
Breakfast: 8:00 am - 8:10 am	Breakfast: 8:10 am - 8:30 am	Breakfast: 7:50 am - 8:00 am
Lunch: 12:00 pm - 12:30 pm	Grs. 1-2 Lunch: 12:20 pm - 12:40 pm	Lunch: 12:55 pm - 1:25 pm
	Grs. 3-5 Lunch: 12:45 pm - 1:05 pm	

*Extra-Curricular Classes/Activities may occur before or after school hours, depending on the day of the week.
**On designated early release days, dismissal is at 12:30 pm; lunch is served 30 minutes prior to dismissal.

MAIN OFFICE HOURS

Monday – Friday 7:45 am – 4:00 pm

DROP OFF & PICK UP PROCEDURES

The safety of our students is a primary concern. To provide the safest environment during the drop-off and pickup of children, we ask for your cooperation in following these procedures:

1. PLEASE clarify arrangements with your child about after-school plans each morning to avoid confusion after dismissal. The office is not always able to get messages to students.
2. Students are to be **dropped off and picked up in the designated pick-up/drop-off zones ONLY** (Yellow Curb @ North Campus, **Red Curb @ South Campus**) and not in the middle of the parking lot/street. Kindergarten parents should park in a designated space in the parking lot and walk their child(ren) to and from their classroom.
3. Students must enter and exit on the curbside of the vehicle at all times unless a staff member is available to support them.
4. Students who walk or ride bikes or scooters should cross at the crosswalk. Bike and scooter riders must walk their bikes and scooters once on the school grounds.
5. The school provides two colored car signs per student containing student name, grade, and teacher for each student. These should be displayed clearly in the front window of the vehicle in which a student is going home. If you need additional signs for other adults who will be regularly picking up your child, please reach out to our office staff.
6. **After school supervision ends at 3:30 pm.** All students not attending extracurricular classes/activities who have not been picked up by this time will be brought to the office and should then be picked up there. If students are not picked up by parents within 15 minutes of dismissal, the office will first contact parents followed by authorized persons* on the emergency contact list to confirm pick-up arrangements for the student.

*If parents or guardians are planning to travel, it is imperative that the student's teachers and the front office be informed in writing of any changes in plans, guardianship, carpooling, contact information, etc. Please be aware that students will only be released to adults who have been authorized.

Documentary Record 001946

Parking Lot Guidelines

The parking lot is very congested before and after school. Please follow these guidelines to ensure the safety and well-being of our entire community:

- Always enter the parking lot through the entrance and leave through the exit driving slowly (no faster than 5 mph), cautiously, and courteously
- Please make sure your student(s) name card is visible in the passenger window (Grades 1-5 Only)
- Pull forward all the way to the end of pick-up/drop-off zones when there are no cars in front of you
- Never leave your car unattended while in the pick-up/drop-off zones or drive-through lanes
- Park your car in a designated parking space only (please do not park in the reserved Auction/Benefit Winner spots)
- Ensure your student is ready for drop-off as you enter the parking lot (having backpack, sunscreen on, etc).
- Stay with all students until the designated times when campus adults are present
- Use the crosswalk at all times when crossing to/from the parking lot
- At pick-up, please instruct your child to be ready to enter your car when they see you arrive curbside. For safety/security reasons, students are to wait in the designated pick-up zones only, and not in front of the gym (North) or Blach MPR (South).
- Please be sensitive to the concerns of the residents and avoid blocking driveways as much as possible
- Be a good role model by being courteous to fellow parents/drivers and always following the instructions of parking lot safety volunteers and staff members

Leaving School Premises During the School Day

Students are not permitted to leave the school premises unless they are signed out and in the company of a parent/guardian. The office should be notified in writing by a parent/guardian when a student will be picked up during the school day and who will pick up the child. The authorized adult picking up the child must come to the school office to sign the student out, and the student will be called from class by office staff. The adult will also need to be prepared to present government-issued identification for staff to verify that the student can be released. These precautions are for the safety of all students.

If you know that your student will be regularly signed out by someone other than a parent or authorized guardian (including drivers from an after-school program), this person's information should be added as an authorized school pick-up for the student in PowerSchool.

Documentary Record 001947

ATTENDANCE POLICIES

Absences

Please inform the school before 9 am each day that your child is going to be absent or tardy by emailing attendance@bullischarterschool.com or leaving a message on the Attendance Line (650-947-4100, ext. 2) with the following information:

- Child's first and last name
- Teacher's name
- Your relationship with the child
- Reason for absence or tardy

If your child is marked absent and you have not contacted us with all of the information above, the office will contact you for verification and the reason for the absence. Illnesses, medical appointments, religious holidays/celebrations will be considered excused absences/tardies. **All other absences - even if the school is notified in advance - are considered unexcused absences.** A written note or email confirming the reason should be provided to the office for each of your child's absence or tardy. For medical appointments, a doctor's note confirming the appointment should also be provided upon your child's return to school.

Tardies

Please help us support each child's learning by making sure your child(ren) arrives on time to school. Students who arrive at school after their designated start time MUST come to the office, sign in, and take a tardy slip to their teacher. A student who arrives late to campus after an appointment must still come to the front office and get a tardy slip; this allows the school to update attendance records appropriately.

Sequence of Consequences for Absenteeism

Though all absences and tardies will show up on a student's report card, unexcused absences and unexcused tardies may have additional consequences:

1. 3rd unexcused tardy or absence within a trimester – Parents will receive a first notice letter from the school highlighting the importance of regular attendance and providing practical tips.
2. 6th unexcused tardy or absence within a trimester – Parents will receive a second letter from the school reiterating the importance of regular school attendance. Additional outreach from administrators and/or other school support staff could occur for the purpose of developing a plan to help improve attendance.
3. If a continued pattern of absenteeism continues following the receipt of a second letter, School administrators will reach out to parents/guardians requesting a meeting to discuss attendance and create a plan to help support the student/family in reaching attendance goals.

We recognize that some tardiness and absences are unavoidable due to some circumstances, but we also know that when students miss too much school – regardless of the reason – it can cause them to fall behind academically. Per state law, excessive unexcused absences or chronic tardies is considered habitual truancy and could put the student at *risk for retention*. We understand some families may face a lack of resources; we are here to help. Please contact Veronica Blajine at vblajine@bullischarterschool.com for more information or support.

Documentary Record 001948

Assignments

If your child will be out more than two days, please contact your child's teacher to request any missing work. Teachers provide assignments and materials for students who are out ill for more than two days. Students have two days to complete and turn in work to their teachers upon their return from the absence. In some scenarios your student may be eligible for short-term independent study (more information linked in section below).

Vacation and Extended School Leaves

Vacation time is provided within the school calendar. **BCS requests that families refrain from removing their children from school for vacations.** If there are extenuating circumstances and it is necessary to miss school for a non-medical situation, the parent/guardian must contact the school a minimum of 10 days in advance of the intended absence to allow time for the school to explore the option for an Independent Study Agreement. Independent study options will not be granted as a means of extended, scheduled school breaks, unless in extreme circumstances. (All extended medical leaves will qualify for a version of independent study - please contact your principal if a situation arises). More information about the independent study process, including the request process, can be found here as part of our independent study policy on the BCS Website. Please reach out to independentstudy@bullischarterschool.com with any additional questions regarding the independent study process.

STUDENT POLICIES

TK-5 Student Dress Code

Students are expected to come to school in neat, clean, appropriate clothing and closed-toe shoes suitable for active participation in P.E. and playground activities. Mini skirts, short shorts, and spaghetti straps are not appropriate clothing for school. Clothing should be comfortable, be of proper fit, and not revealing or otherwise disruptive to learning. Pants must fit at the waist; shirts must come to the waist. Hats, hoods, and sunglasses may not be worn inside classrooms or school buildings.

Middle School Dress Code

Purpose: To create an environment conducive to learning in which everyone feels safe.

Clothing Must Fit

- Pants, shorts, or skirts must fit at the waistband without a belt
- Shirts must come down to at least the waistband of skirts, shorts, or pants, even with arms raised
- Underwear must never show, whether standing, sitting, bending down, or bending forward
- Shoes must be comfortable enough that you should be able to walk anywhere on campus at any time

Clothing Must Be Appropriate for School Setting

- There must be no sexual or racist remarks on any article of clothing
- No sunglasses may be worn inside the classroom
- No hats or hoods may be worn inside the classroom
- No images of or related to drugs, weapons, alcohol, or tobacco may be on any article of clothing

Documentary Record 001949

Homework Policy

Homework at BCS is meant to provide additional learning opportunities connected to the standards and tasks occuring in the classroom. There will be a gradual increase in homework throughout a child's time at BCS. Weekly expectations for homework may include independent reading and completing extra math practice. Your child's teacher(s) can provide general guidelines and expectations for when to expect homework throughout the week and/or when major projects may require additional outside-of-class time.

Grading Policy

In Grades TK-5, teachers monitor and evaluate progress towards mastery of the California Common Core State Standards in Language Arts and Mathematics for each grade level. These, as well as the standards for Social Studies and Science, are measured using a rubric, 1-5, at the end of each trimester:

5: Advanced 4: Proficient 3: Approaching 2: Below 1: Far Below

These numbers do not correspond to 'A', 'B', and 'C' letter grades (nor should they be translated into them). Rather, they reflect a child's current level of mastery in relation to end-of-year expectations for each standard as measured through on-going formal and informal assessments.

For Grades TK-5, Physical Education, Art, Drama, Music, Mandarin, and Technology programs as well as Lifelong Learning Skills are assessed and reported out each trimester using the following evaluations:

O: Outstanding S: Satisfactory N: Needs Improvement

In Grades 6-8, English Language Arts, History, Math, Science, Physical Education, Visual and Performing Arts, and World Language are measured using a letter grade, A-F:

A+/A/A- (90-100%) B+/B/B- (80-89%) C+/C/C- (70-79%) D+/D/D- (60-69%) F (0-59%)

Grades reflect a child's proficiency level in relation to mastery of school and state standards for each of the subject areas as measured through on-going formal and informal assessments. Grades are updated at least every other week in PowerSchool throughout the trimester and are shared on the report card at the end of each trimester.

Technology

The use of computers, the internet, and other technology tools is a privilege for all BCS students, and unacceptable use will result in revocation of those privileges and/or disciplinary action. To use any technology at BCS, students, their guardians, and their homeroom teachers must sign an Acceptable Use Policy (AUP). As outlined in the AUP, students are responsible for the following:

- Students are responsible for their computers, digital devices, and email accounts
- Students are responsible for using appropriate language in email messages, online postings, and other digital communications with others
- Students are responsible for treating others appropriately and will not engage in online bullying, harassment, or other such behaviors while in school or out of school
- Students are responsible for their use of the internet and the BCS server and will not engage in inappropriate behavior
- Students are responsible for their conduct on ALL online sites and understand that what they do on social networking websites should not negatively impact the school learning environment and/or their fellow students, teachers, and administrators

Documentary Record 001950

- Students are responsible for being honest while online
- Students are responsible for protecting the security of BCS' network and will not attempt to bypass security settings
- Students are responsible for protecting school property and understand that this includes, but is not limited to accessing, modifying, or destroying equipment, programs, files, or settings on any computer or technology device
- Students are responsible for following school rules, including copyright laws, whenever they publish anything online
- Students are responsible for all electronic devices they bring to school and school-sponsored events and will follow all school rules and expectations for any devices
- Students are responsible for all their actions and understand that they will be held accountable for any violations

The main scope of BCS' oversight of students' acceptable use is during the school day. However, violations of acceptable use outside of school hours can negatively affect BCS and members of its community. **Violations of the AUP outside of school that come to the attention of the BCS staff may be treated in a disciplinary manner.**

In addition, at school and school-sponsored events, students may not use any personal electronic devices during the school day without the permission of a BCS teacher. Approved devices must be kept out of sight and turned off during the school day and at school-sponsored events, except when otherwise directed by a BCS teacher or staff member. Electronic devices include, but are not limited to, laptop computers, mp3 or audio/video players, iPads, Kindles or other electronic book readers, and cameras.

Cell Phones and Smartwatches

Cell phones must be turned off and out of sight during the school day, before and after school extra-curricular classes, and during school-sponsored events. During the school day and at school-sponsored events, students who need to call their parents must ask permission from a supervising teacher. Middle School students may have the opportunity to use their phones during the school day, at designated times, and in designated locations. Students who need to call for a ride home at the end of the day may use their cell phones in the pickup area ONLY. The school is NOT responsible for any damage to or loss of a cell phone. Students are responsible for their personal property.

If a phone is taken away from the student, it will be turned in to the office and the student's homeroom teacher will be notified. The first time a student misuses a cell phone, the phone will be taken away, the teacher will call home, and a parent will need to come to the office to retrieve the phone after school. After multiple offenses, a student may be unable to have a cell phone at school.

While smartwatches are allowed at school, teachers will require students to remove smartwatches for any assessments. Additionally, if the watch is a distraction during class time, teachers may require the student to remove the watch. Any continued distractions may result in a call home and the inability for a student to wear their smartwatch.

Lost and Found

Many valuable articles of clothing and other items are turned into the "Lost and Found." Several times during the year, all unclaimed articles are donated to charity. Please reach out to the front office if your student has lost an item, and they can direct you to the lost and found.

Documentary Record 001951

Wheels on Campus

Skateboards, roller blades, scooters, bicycles, and similar wheeled devices may not be ridden while on campus, although they may be ridden to school. These items must be kept in the bike rack or the classroom during school hours**.** Bikes should be walked on campus and locked in the bike rack upon arrival.

BEHAVIORAL EXPECTATIONS / CHARACTER PILLARS

BCS's expectations are based on the Six Pillars of Character. The entire staff at BCS is committed to modeling and supporting a safe, respectful and caring school environment. We believe that in such an environment, students will be able to learn and perform to the best of their ability.

CARING
Be kind, helpful, and understanding.
Be thankful.
Forgive others.

TRUSTWORTHINESS
Be honest.
Never lie, cheat, or steal.
Do what you say you will do.

FAIRNESS
Play by the rules.
Take turns.
Share.
Be a good listener.

RESPECT
Treat other people like you would like them to treat you.
Use good manners.
Understand that all people are different and have feelings.

RESPONSIBILITY
Do what you are supposed to do.
Keep trying and always do your best.
Think before you act.
Make good choices.

CITIZENSHIP
Do what you can to make your school and neighborhood better.
Cooperate with others.
Be friendly.
Protect the environment.
Obey the laws.

One component of the support network needed to maintain a caring school culture where all students feel they belong is developing individual and group responsibility. The goal of the behavior expectations at BCS is to teach children to be responsible citizens. Teachable moments within the classrooms and playground are utilized so students will learn to apply the concepts of the Six Pillars to everyday situations.

We value school/home partnerships. We see this partnership as an essential component in the social, emotional, and behavioral development of our students. We encourage you to model these pillars with your children and use them in your daily lives as well.

Students are also expected to behave in accordance with the Six Character Pillars.

Caring / Respect / Fairness

- Listen and follow the directions given by adults in charge
- Play and participate in activities fairly, with no bullying, threatening actions, or fighting
- Remain seated at assigned lunch tables until dismissed
- Refrain from name-calling and inappropriate/derogatory comments or gestures
- Refrain from wearing clothing with inappropriate language or pictures

Responsibility / Citizenship / Trustworthiness

- Arrive on time to school and be prepared for class
- Refrain from bringing chewing gum to school
- Respect school and personal property

Documentary Record 001952

- Display appropriate classroom behavior, as determined by the teacher
- Participate in keeping the campus clean and litter-free
- Remain on the school campus during the school day, unless prior permission has been granted

To keep our school community safe, students should never bring the following items to school:

- Dangerous objects (such as pocket knives, laser pointers, etc.) or models of dangerous objects
- Alcohol, drugs, drug paraphernalia, or controlled substances (any student medications should be brought immediately to the school health office and not carried on the student)
- Objects which may be a distraction to the child or disruptive to the class

Behavior expectations are reinforced with fair and consistent consequences. Behavior concerns are handled by the classroom teacher through whole group, small group, and individual support and/or consequences.

To uphold these specific expectations as well as more general ones contained within the Six Pillars, consequences for not meeting them may include a restorative conversation; warning; time out; parent contact; referral to the principal; restitution for defaced, damaged, lost, or stolen property; confiscation of an object; loss of privileges; suspension and/or expulsion. The principal has the final discretion for all consequences. Students are expected to responsibly and respectfully accept consequences for inappropriate behavior. When a violation(s) of the school expectations occurs, parents/guardians will be contacted and may be asked to attend a one-on-one conference.

Students are also expected to abide by the BEARS expectations.

Be Empathetic
Encourage Others
Act Safely
Ready to Learn
Solve Problems

Below are the BEARS classroom expectations for all students in all academic settings

Be Empathetic

- Use kind words and actions
- Wait your turn to speak
- Follow directions
- Take care of materials and technology

Encourage others

- Listen to the ideas of others
- Help classmates
- Celebrate the effort of others
- Collaborate

Act Safely

- Keep hands, feet, and objects to yourself
- Be responsible for actions
- Move calmly; be aware of others
- Own and fix mistakes

Ready to Learn

- Get materials out right away
- Participate in discussions/classwork
- Give your best effort
- Stay on task

Solve Problems

- Take risks
- Try it on your own first
- Ask for help, when needed
- Ask for a brain or body break

Documentary Record 001953

Classroom Expectations

The teacher and the class will discuss and apply the BEARS expectations and the Six Pillars as they establish expectations for behavior and consequences for inappropriate behavior within the class. These will be shared and discussed at Back-to-School Night, during regular class meetings, as well as in small group and individual conferencing for the purpose of clarifying expectations and resolving conflicts/problems.

In the event of a serious behavior problem, the student will be sent directly to the office to meet with the principal or designee. The parent will be contacted and procedures will be followed as stated in the BCS discipline procedures, in conjunction with the State of California Education Code.

Lunch Expectations

During lunchtime, students will sit with their grade level at designated tables. TK-5 students are expected to stay seated until they are excused by a lunch duty staff member/volunteer. When students finish eating, they must discard their own trash. Nut-Free or Dairy Free spaces are available for students with severe food allergies. Students are expected to behave in a courteous and responsible manner to their peers and all adults.

Students that wish to participate in the hot lunch program line up at the servery window with their lunch order label (distributed daily to students who pre-order) in an orderly fashion and wait for their turn at the window to receive their entree. Once they have their entree, they should take *at least* one (1) fruit or vegetable and milk, if desired. They should then proceed to the meal team staff to drop their lunch ticket containing their student barcode so that it can be scanned/counted. Students who do not have pre-ordered lunches can also proceed through the lunch line as indicated above, choosing their entree at the window, taking their sides/milk, and dropping their lunch ticket with staff.

NOTE: Please make sure that your child is aware if they have a pre-ordered lunch on any given day so that they know to go through the line to get their food. The School has to cover the cost of any unclaimed food as it is considered non-reimbursable per state and USDA guidelines.

Playground Procedures

1. Balls are only to be thrown as part of a game. They are not to be thrown, kicked, or batted toward others or buildings. No pegging or dodgeball types games are allowed unless organized by a teacher or as part of an organized event.
    a. Kicking stray balls or running through games is not permitted
    b. Hard balls, tennis balls, or balls smaller than a tennis ball may not be used
    c. Bats may only be used during P.E. periods, under the supervision of an adult
2. Sticks, rocks, and tanbark may not be thrown.
3. Tackling other students is not permitted.
4. Students should stay in the designated playground area during lunch and recess.
5. When the recess warning bell rings, students are to stop playing and walk directly and quietly to their classroom or where they have been instructed to meet their teacher.
6. Food is to be eaten only at designated eating areas, not in the play area. Students are to put the trash into the cans provided.
7. Students should never climb or hang on the fences.

Documentary Record 001954

Slide

- 1 person goes down at a time
- No jumping off of the slide
- Students must go down the slide feet first
- Get off of the slide at the bottom and move 5 steps away from it
- Wait for the person ahead of you to move away before sliding
- Do not walk up or down the slide

Monkey Bars

- You must travel in only one direction
- One person may travel on the bars at a time
- You may not engage in any activity on top of the bars
- No hanging for long periods of time
- No running underneath bars when in use
- Hang only by hands on the bars

Dome Rules

- One person per hammock
- No pushing/ rough play
- No hanging upside down
- Only 15 people on the outside at a time
- Only 15 people climbing inside at a time
- 5-minute limit if there is a line
- No standing on the hammock
- No eating on or inside the dome
- No jumping on or off the dome
- One line for hammock, and one for dome

Poles

- Slide down only
- Slide feet first

FAMILY POLICIES & PROGRAMS

Family Responsibilities

Educating children is a complex and difficult task requiring close cooperation and understanding between home, school, and child. As parents, you can help the school do its job by:

- Providing a quiet place and time for homework to be completed
- Making certain your child has sufficient sleep and complete, nutritious meals
- Making certain your child arrives at school on time
- Supporting the school's expectation that students uphold the Character Pillars

Change of Address and Telephone Number

It is essential that we have your most current address and phone number for our records. Please ensure that your most current residential address is on file for your child(ren) with our main office. If you need to make a change, please email our registrar, Lisa Panken, at lpanken@bullischarterschool.com so that she can follow up with any additional information needed, including supporting residency proofs.

Student Information Update

Please ensure that the School is kept up to date with essential information for your child at all times. This includes parent contact information, emergency contact names and numbers, health conditions/situations, custody changes, and/or temporary guardianship. This can be done either by emailing office@bullischarterschool.com or inputting directly into the appropriate form (i.e. Emergency Contact) in the PowerSchool Parent Portal. It is important that our faculty and staff have the most updated information for your child at all times in the case of an emergency.

Documentary Record 001955

Registration of Visitors/Guests

While all BCS parents are welcome to visit and/or volunteer at the school, for the safety of the students, BCS is a closed campus. All visitors must receive prior permission from the school administration and must sign in at the front office before coming on campus or entering classrooms. We respectfully request that all approved visitors and volunteers follow the policies and procedures outlined in the Board Registration of Visitors/Guests policy:

1. **REGISTER AT THE CAMPUS MAIN OFFICE**, providing their name, age (if under 21 years old), the reason for visiting, and proof of identification (government-issued ID).
2. **OBTAIN SCHOOL-ISSUED IDENTIFICATION** in the form of a printed name badge to be worn at all times while on School premises. This identification should be visible.
3. **REFRAIN FROM DISTURBING** student safety, instruction, and/or property. The Principal/site administrator has the authority to revoke a visitor's registration if disruptions occur.
4. **BE ON THE LOOKOUT** for strangers and those exhibiting suspicious behaviors. If you see something, including a visitor without the school-issued identification, please say something!
5. **FOLLOW THE LAW** and respect school leadership. Any visitor found in possession of unauthorized dangerous instruments, weapons, or devices on school grounds will be reported immediately to the Principal/site administrator and, possibly, to the appropriate local law enforcement agencies. The same is true with any visitors refusing to register or leave upon staff member request.

Forgotten Items

Forgotten lunches, books, homework, etc. may be dropped off in the school office. Please be certain your child's full name and classroom teacher are written on the item. **Please do not go to your child's classroom to drop off items;** the front office will reach out to the teacher. Please refrain from bringing outside lunch to your student each day; only home lunches that have been forgotten should be brought to the office.

Meals at School

BCS participates in California's Universal Meal Program and provides free breakfast and lunch to any student that requests a meal at school. Participation in this Program is voluntary, but free for any student who is on campus during designated meal times. Breakfast is available for students beginning at least 10 minutes before the morning bell (see specific grade level times on page 4 of this Handbook). Students wishing to receive breakfast should plan to arrive at the servery no later than 5 minutes before their morning bell. Lunch is distributed to students from the servery at their designated lunch time by meal team staff and parent volunteers.

Students are expected to bring their own lunches or participate in the free-lunch program offered by BCS. The purpose of the lunch program is to provide nutritious, USDA-compliant lunches for students, at no cost to families. Families are requested to register their child with our lunch vendor and select meals in advance, in order to ensure all dietary needs and choices are met. *NOTE: This needs to be done at least a week in advance.* Additional information on the school lunch program can be found on our website at bullischarterschool.com/schoolmeals.

For safety and USDA compliance reasons, we cannot allow families to utilize alternative lunch vendors (including DoorDash, UberEats, etc). In the event your student has forgotten a lunch, please utilize the school procedures around Forgotten Items (see above).

Documentary Record 001956

Celebrating Birthdays

Teachers and grade-level teams may have structures in place in their classrooms to celebrate students on their birthdays. We ask all parents/guardians to refrain from bringing food or outside items from the home to distribute on their student's birthday. This helps ensure alignment with campus safety policies and recognizes that all families may not celebrate student birthdays and/or may not be able to afford to purchase items for all classmates.

Procedures for Family Concerns

It is in the interest of both families and staff to address concerns as quickly as possible. To facilitate this process, the following procedures have been established:

1. Parents/Guardians are expected to bring their concerns directly to the school employee for discussion and resolution.
2. When a written or oral concern is received by an administrator, the administrator shall first inform the parent/guardian of this policy and encourage them to speak directly to the employee.
3. If the concern is not resolved at this level, the parent shall bring the concern to the employee's supervisor.
4. All written communications to an administrator regarding a particular staff member will be shared with the staff member unless anonymity is requested. If a parent/guardian expresses a concern in writing and also requests anonymity, the administrator will respect the parent's/guardian's request but will also share the general content of the letter with the staff member.

Additionally, see the Uniform Complaints Procedure Policy for more information on the process of filing a formal complaint with the BCS Board of Directors.

Bullis Boosters Club (BBC)

There are many opportunities for parents to be involved at BCS! Our volunteers are essential to the enriched program that is offered. The volunteer program operates under the direction of the BBC, and opportunities to serve are available in a multitude of areas including lunch program, Fall Family Dinner, Walkathon, and many more! We encourage all BCS parents to be involved in some manner at the school. We hope you will attend BBC Coffees and sign-up as a volunteer for your choice of activity. Visit the BBC website at www.bullisboostersclub.org for information on programs, volunteering, and much more.

SCHOOL HEALTH AND SAFETY

Illness

If your child has been absent due to any illness, they must be free of fever (under 100 degrees Fahrenheit) without fever-reducing medication and episodes of vomiting, nausea, stomach cramps, or diarrhea for at least 24 hours before returning to school. If your child has a rash, please do not send them to school until your health care provider has provided documentation confirming that your child is not contagious.

NOTE: If your child is absent from regular school day activities due to illness, they may not participate in after-school extracurricular activities such as rehearsals or practices on absent days.

BCS continues to monitor and follow all county and public health guidelines regarding student wellness, including all guidelines related to COVID-19. If your child has any of the COVID-19 symptoms listed by the CDC, please keep them home. The school will call home and ask parents to pick up a student exhibiting any

Documentary Record 001957

symptoms. As guidelines and recommendations may change frequently, the school requests all families to reference email communication from the school to review updated guidelines.

Student Medication

All student medication and medical needs should be on file with the front office. No student should carry any medication on their person at any time. Children requiring administration of any medication during the regular school day, both prescribed by a doctor and not, must have a current and complete Authorization to Administer Medication form on file with the school office. Medications may be administered by the school health assistant and other designated school personnel or self-administered by the student if the school has the appropriate supplemental form on file.

Head Lice

If you discover head lice on your child, it is important that you notify the school. If school personnel observe live lice or nits on your child's head, you will be notified immediately and your student will need to be picked up from school. Your child may return to school after initial treatment AND the removal of ALL nits from the hair. Our health staff also checks any students with confirmed cases before returning to class to ensure they are no longer infested. In cases where there appears to be significant spread throughout a particular classroom/cohort, families are notified and strongly encouraged to perform self checks at home. These policies are consistent with current CDPH recommendations on lice school exposures.

Please don't hesitate to reach out if you have questions or concerns regarding your child's health. Our health team can be reached by calling the main offices during school hours or by emailing health@bullischarterschool.com.

SCHOOL POLICIES & PROGRAMS

Harassment, Discrimination, Intimidation, and Bullying Prevention

Discrimination, harassment, intimidation, or bullying based on the following characteristics, whether actual or perceived: race, religious creed (including religious dress and grooming practices), color, national origin (including language use restrictions), immigration status, citizenship status, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex (including pregnancy, childbirth, breastfeeding and medical conditions related to pregnancy or childbirth), gender, gender identity, gender expression, age, sexual orientation, military, and veteran status, or association with a person or group with one or more of the aforementioned characteristics or any other legally protected category is unlawful and will not be tolerated. This applies to anyone on campus or those attending School sponsored activities. Additionally, any form of retaliation against anyone who has complained or formally reported discrimination, harassment, intimidation, or bullying or against anyone who has participated in an investigation of such a complaint, regardless of whether the complaint relates to the complaining person or someone else, will not be tolerated and violates this policy and the law.

Reporting Discrimination, Harassment, Intimidation, Bullying or Retaliation

Any student who believes that they have been the victim of discrimination, harassment, intimidation, bullying, or retaliation prohibited by this policy, or any student who has witnessed such discrimination, harassment, intimidation, bullying, or retaliation, should immediately report the circumstances following the procedure set forth below. The School will investigate any conduct that violates this policy, even in the absence of a complaint, and take remedial action where appropriate.

Documentary Record 001958

A student may make a complaint, written or oral, to any of the individuals listed below:

- Their teacher, school counselor, or other school personnel
- The principal of the school

Complaints may be also be submitted to the school counseling team by any of the following methods:

- Electronically via the "No Bully" online Solution Team Referral forms - Grs. K-5 | Grs. 6-8
- By phone at (650) 947-4100
- By email at principal@bullischarterschool.com
- By mail at 102 West Portola Avenue, Los Altos, CA 94022

Any teacher, school counselor, or other school employee that receives any complaints of misconduct or personally observes, learns about it from others, or reasonably suspects it has occurred is expected to report it to the Principal so that the School may attempt to resolve the claim internally. Any School personnel who witness an act of discrimination, harassment, intimidation, bullying, or retaliation shall take immediate steps to intervene when it is safe to do so.

For details on what defines discrimination, harassment, intimidation, or bullying as well as more information about the investigation and disposition of related complaints, please read our board policy.

Assemblies

To foster school spirit and a sense of community, all TK-5 learners come together on Friday mornings at 8:40am for assemblies at both the North and South campuses. During these assemblies, individual classes present the weekly Word of the Week and Words of Wisdom (WOWs). Families will be invited to watch their students' classes make these presentations. Once a month, there is a Principal's Awards assembly, during which children from each class are recognized for emulating one of the BCS Character Pillars. Families will be informed if their students are receiving a Principal's Award, and they will be invited to attend the Principal's Awards assembly during which they'll be recognized.

Field Trips

Program vs. Non-Program

Individual classes may take trips several times during the year in support of the school's educational program. These trips, known as Program Field Trips, are provided free of charge to all students by the school. Students may also choose to participate in additional optional field trips, known as Non-Program Field Trips, offered by the school that are not part of the curriculum. These trips are not mandatory, are not part of the school's curriculum, and do not count toward course credit. Additionally, participation in such trips often requires a fee. For more information on student fees, please reference the BCS Board policy here.

Parental Permission

Before each trip, the teacher will notify parents/guardians and distribute a permission slip that must be completed by a parent/guardian and submitted to the school. If you do not want your child to go on a particular trip, your child may remain at school where supervision and classroom activities will be provided

Documentary Record 001959

Testing

CAASPP

Each spring, all BCS students in grades 3 through 8 take part in the state-mandated Common Core State Standards-aligned California Assessment of Student Performance and Progress (CAASPP) in English language arts and mathematics. Additionally, students in grade 5 and grade 8 will take the California Science Test (CAST) in science. The results of these tests compare our students' performance with other students in the state.

ELPAC

The English Language Proficiency Assessments for California (ELPAC) is the successor to the California English Language Development Test (CELDT). The ELPAC is the required state test for English language proficiency (ELP) and must be given to students whose primary language is a language other than English. State and Federal law require that local educational agencies administer a state test of ELP to eligible students in kindergarten (or year one of a two-year kindergarten program, sometimes referred to as "transitional kindergarten") through grade twelve. The ELPAC is aligned with California's 2012 English Language Development Standards, and is comprised of two separate ELP assessments:

1. Initial Assessment (IA)—an initial identification of students as English learners
2. Summative Assessment (SA)—an annual summative assessment to measure an English learner's progress in learning English and to identify the student's ELP level

For more information about ELPAC, visit:

- *California Department of Education ELPAC Resource Page for state questions and answers*
- *California Department of Education's Page for a Parent Guide to Understanding the ELPAC*

NWEA MAP Assessments

Three times per year, students in grades kindergarten through grade 8 participate in Northwest Evaluation Association (NWEA) MAP (Measure of Academic Progress) Growth Assessments. NWEA MAP Growth Assessments are standards-based, computer-adaptive tests designed to measure a student's academic growth over time. NWEA MAP is not a standardized test. Rather than asking all students the same questions, NWEA MAP adjusts to the performance of each individual student. Like other formative benchmark assessments administered at BCS, the information gained from NWEA MAP assessments is used by homeroom teachers, other staff, and school administration to design curriculum and learning experiences to meet the individual needs of our learners. Teachers may use NWEA MAP data to develop individualized learning goals, create small groups for instruction, or identify other learning needs of students. Questions about a student's testing performance may be directed to the classroom teacher or the Principal.

STUDENT SUPPORT AND SERVICES

Multi-Tiered Systems of Support (MTSS)

MTSS is a comprehensive framework of evidence-based, systemic practices developed to support all students' strengths and needs. A MTSS team composed of school personnel meets regularly to review data and classroom instruction and to provide support and assistance to classroom teachers and parents/guardians. This may include supporting students who are experiencing behavioral, emotional, or academic needs. Regular members of our staff who may serve on the MTSS team include the Principal, School Counselor, Director of Special Education, Chief of Academics and Educational Services and classroom teachers(s). Other persons who may participate include the student and appropriate support professionals from the community. Through collaboration and

Documentary Record 001960

dialogue, a specific plan is developed for meeting the student's particular needs, in collaboration with the parent/guardian. This plan may include data-driven interventions for use in the classroom, allowing the teacher to track and monitor student progress.

English Learner (EL) Program

The goal of the EL program at BCS is to facilitate English language acquisition that will allow students still learning English to perform comparably with their English only peers, to have access to the core curriculum and all other programs, and to maintain their self-esteem and cultural identity. EL student needs are addressed through differentiated teaching methods in the general education classroom by highly qualified homeroom teachers. EL students take part in the ELPAC test each year, described above.

Special Education Program

When testing indicates that a student qualifies for Special Education services, an IEP team including the parents/guardians, Director of Special Education, teacher(s), Resource Specialist, Psychologist, and Principal convenes. The student's areas of need are determined and the special education staff develops an Individual Education Plan (IEP), working with the classroom teachers to adapt instruction and assignments, and coordinate support programs as necessary. Reviews of the progress of IEP goals occur each trimester, new goals are developed yearly, and formal assessment occurs every three years. Parents, classroom teachers, or other staff may request a review of the IEP at any time to update and modify the plan before the annual review.

All students with special needs are taught through a collaboration of staff efforts. Students may be seen on a pullout basis, addressing the issues in their IEP and/or on a collaborative basis in the classroom working on assignments within the classes.

BCS employs a Director of Special Education, Resource Specialists, a Speech and Language Pathologist, an Occupational Therapist, and a Psychologist. Parent authorization is required before the testing of a child.

School Counselors

BCS employs counselors to provide mental health and behavior support services for students. The services may consist of: consultation with teachers concerning student support issues, proactive school programming, direct therapeutic intervention with children, small group support, and referral to outside agencies, if appropriate. Our Counselors' expertise and guidance are also utilized on the school's MTSS Team, Individual Education Plans, and Crisis Team. School counseling services are not meant to address student needs for long periods of time. In the event a school counselor determines that extensive counseling services outside of the school setting are recommended for a student's progress, the counseling team will meet with the family to discuss access to outside agencies.

Documentary Record 001961

SCHOOL COMMUNICATION

The following outline opportunities for the school to connect with families both in person and at a regular cadence throughout the school year. The list below is not exhaustive.

Summer Socials and Back-to-School Night

These annual events are held before the start of school and in the fall and are an opportunity for parents to meet their child's teacher(s), meet the entire school faculty, and hear about our programs and expectations. It is not a conference time, but rather a time to receive general school and classroom information.

Classroom Communication

Each teacher will send a newsletter home regularly (typically twice a month) to inform parents of classroom accomplishments and scheduled events. TK-5 students will also bring information home in blue folders. These folders may contain documents to be signed and returned and should be checked regularly.

Focused Learning Goals (FLGs)

FLGs are an essential tool by which teachers, parents, and students use to communicate and focus their work to ensure the needs of every student are being met. The goals for FLGs are aligned to the BCS Strategic Objectives and are developed at the October Parent Conferences (see below). FLGs are developed using data from our school assessments as well as input from our learners and their families. Learners will participate in the process in developmentally appropriate ways. The FLG document will also delineate the parties responsible for implementing, monitoring, and evaluating each goal. FLGs increase in responsibility and rigor throughout a learner's journey at BCS. FLGs for TK/K include one personal goal, 1st and 2nd include one central academic goal (Reading, Writing, Speaking, or Math/Mathematical Practice) and one personal goal. In grades 3-8, the FLGs are developed for academic goals (Reading, Writing, Speaking, or Math/Mathematical Practice), lifelong learning and personal.

Progress on FLGs will be monitored throughout the year:

- Teachers and students will regularly review FLGs
- Updates on the progress of the FLGs will be provided by the end of the 2nd trimester
- Parents/Guardians may meet with teacher(s) during the optional March FLG after school meetings
- All FLGs will be given a rubric score at the end of the year and a year-end Summative Report. All goals receiving a score of 3 or less will be revisited next year as part of the goal setting process.

October Parent/Guardian Conferences

We strongly encourage every parent to come to Bullis' scheduled conferences in the fall. It is during this conference that your child's Focused Learning Goals (FLGs) will be developed for the year. The conference dates are available on the BCS school calendar. Additional conferences can be arranged by contacting your child's teacher(s). Please note, your child may be present during any conference.

March FLG Conferences

These FLG Conferences are short optional conferences designed to specifically address one or two Focused Learning Goals. Signup forms will be sent home by the classroom teacher in advance of the conferences.

Documentary Record 001962

Report Cards

Parents/Guardians will receive report cards after or at the end of each trimester (three times throughout the year). These allow parents/guardians to understand how their child(ren) is(are) progressing as measured against the California Common Core State Standards or other relevant standards. Parents/Guardians of children who are not making adequate progress will be contacted during the trimester. If you have any questions about your child's grades, please contact your child's teacher(s).

Email Communications

Schoolwide emails will be sent regularly via the "Bear Essentials", our electronic school newsletter, as well as periodically from leadership/administrators. To receive these communications, parents/guardians must have a current email address in PowerSchool. Parent emails can be updated in the PowerSchool parent portal.

Below is a list of notable BCS email addresses and description of who can be reached at each:

- communications@bullischarterschool.com - Bear Essentials sent weekly from here
- north | southoffice@bullischarterschool.com - Office staff members at each campuses
- principals@bullischarterschool.com - K-8 principals

INTRODUCTION TO HANDBOOK

This Handbook is designed to help employees get acquainted with Bullis Charter School (hereinafter referred to as "BCS" or the "School"). It explains philosophies and beliefs and describes employment guidelines in general terms. Although this Handbook is not intended to be an exclusive or comprehensive policies and procedures manual, it will serve as a useful reference document for employees throughout their employment at the School. Employees should understand, however, that this Handbook is not intended to be a contract (express or implied), nor is it intended to otherwise create any legally enforceable obligations on the part of the School or its employees. In no way does the Handbook replace any official plan documents (e.g., health insurance, retirement plan, etc.) or insurance contracts, which will govern in all cases. This Handbook supersedes and replaces all previous personnel policies, practices, and guidelines.

Because the School is a growing and changing organization, it reserves full discretion to add to, modify, or delete provisions of this Handbook or the policies and procedures on which they may be based, at any time, without advance notice. BCS also reserves the right to interpret any of the provisions outlined in this Handbook in any manner it deems appropriate.

No individual other than the Board of Directors has the authority to enter into any employment or other agreement that modifies School policy. Any such modification *must* be in writing.

This Handbook is the property of the School, and it is intended for personal use and reference. Employees must digitally acknowledge having received and read this Handbook, providing the School with a record that each Employee is aware of all policies and protocols contained herein.

CONDITIONS OF EMPLOYMENT

BCS is an equal opportunity employer. Per applicable law, the School provides equal employment opportunities to all employees and applications for employment and prohibits discrimination against any employee or applicant for employment without regard to race, color, religion, age, sex, national origin, disability status, genetics, protected veteran status, sexual orientation, gender identity or expression, reproductive health decision-making, or any other characteristic protected by federal, state or local laws. Such aspects of employment include, but are not limited to, recruitment, hiring, promotion, demotion, transfer, layoff, termination, compensation, and training.

To comply with applicable laws ensuring equal employment opportunities to qualified individuals with a disability, the School will make a good faith effort to provide reasonable accommodations for the known physical or mental limitations of an otherwise qualified applicant or employee with a disability, unless undue hardship would result to the School. An applicant or employee who believes they require an

Documentary Record 001968

accommodation to perform the essential functions of the job should contact Human Resources and request such an accommodation, specifying what accommodation they need to perform the job. The School will analyze the situation, engage in an interactive process with the individual, and respond to the individual's request.

Employment At-Will

Except if stated expressly otherwise by the employment contract, it is the policy of the School that all employees are considered "at-will" employees of the School. Accordingly, either the School or the employee can terminate this relationship at any time, for any reason, with or without cause, and with or without advance notice.

Nothing contained in this Handbook, employment applications, School memoranda, or other materials provided to employees in connection with their employment shall require the School to have "cause" to terminate an employee or otherwise restrict the School's right to release an employee from their at-will employment with the School. Statements of specific grounds for termination outlined in this Handbook or elsewhere are not all-inclusive and are not intended to restrict the School's right to terminate at-will. No School representative, other than the Board of Directors or its designee, is authorized to modify this policy for any employee or to make any representations to employees or applicants concerning the terms or conditions of employment with the School that are not consistent with the School's policy regarding "at-will" employment.

This policy shall not be modified by any statements contained in this Handbook or employee applications, School memoranda, or any other materials provided to employees in connection with their employment. Further, none of those documents whether singly or combined, or any employment practices, shall create an express or implied contract of employment for a definite period, nor an express or implied contract concerning any terms or conditions of employment.

Child Abuse/Neglect and Sexual Abuse Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in their professional capacity or within the scope of their employment whom they know or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

BCS will provide annual training on the mandated reporting requirements, using the online training module provided by CharterSAFE to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in county jail, by a fine of one thousand dollars ($1,000), or by both imprisonment and a fine.

Documentary Record 001969

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of that employee's employment.

Consequences

Staff members who have violated this policy will be subject to appropriate disciplinary action and, where appropriate, will be reported to authorities for potential legal action.

By acknowledging receipt of this Handbook, employees acknowledge they are child care custodians and are certifying that they have knowledge of California Penal Code section 11166 and will comply with its provisions.

Identification of Child Abuse and Neglect

It is important that individuals working with and around children be able to know what constitutes child abuse or child neglect and know how to identify potential signs.

Child Abuse and/or Child Neglect Can Be Any of the Following

- a physical injury inflicted on a child by another person other than by accidental mean
- the sexual abuse, assault, or exploitation of a child
- the negligent treatment or maltreatment of a child by a person responsible for the child's welfare under circumstances indicating harm or threatened harm to the child's health or welfare. This is whether the harm or threatened harm is from acts or omissions on the part of the responsible person
- the willful harming or endangerment of the person or health of a child, any cruel or inhumane corporal punishment, or any injury resulting in a traumatic condition

One does not have to be physically present or witness the abuse to identify suspected cases of abuse, or even have definite proof that a child may be subject to child abuse or neglect. Rather, the law requires that a person have a "reasonable suspicion" that a child has been the subject of child abuse or neglect. Under the law, it is reasonable for a person to entertain a suspicion of child abuse or neglect, based upon facts that could cause a reasonable person, in a like position, drawing on prior training and experience, to suspect child abuse or neglect.

Red flags for abuse and neglect are often identified by observing a child's behavior at school, recognizing physical signs, and observations of dynamics during routine interactions with certain adults. While the following signs are not proof that a child is the subject of abuse or neglect, they should prompt one to look further.

Warning Signs of Emotional Abuse in Children

- excessively withdrawn, fearful, or anxious about doing something wrong

Documentary Record 001970

- showing extremes in behavior (extremely compliant or extremely demanding; extremely passive or extremely aggressive)
- lack of attachment to the parent or caregiver
- acting either inappropriately adult-like (taking care of other children) or inappropriately infantile (rocking, thumb-sucking, throwing tantrums)

Warning Signs of Physical Abuse in Children

- frequent injuries or unexplained bruises, welts, or cuts,
- watchful and "on alert" as if waiting for something bad to happen
- injuries appearing to have a pattern such as marks from a hand or belt
- shying away from touch, flinching at sudden movements, or afraid to go home
- wearing inappropriate clothing to cover up injuries, such as long-sleeved shirts on hot days

Warning Signs of Neglect in Children

- clothes are ill-fitting, filthy, or inappropriate for the weather
- hygiene is consistently bad (unbathed, matted, and unwashed hair, noticeable body odor)
- illnesses and physical injuries are untreated
- frequently unsupervised or left alone or allowed to play in unsafe situations and environments
- frequently late or missing from school

Warning Signs of Sexual Abuse in Children

- trouble walking or sitting
- displays knowledge or interest in sexual acts inappropriate to age
- making strong efforts to avoid a specific person, without an obvious reason
- doesn't want to change clothes in front of others or participate in physical activities
- exhibiting a sexually transmitted disease (STD) or pregnancy, especially under the age of fourteen
- running away from home

When you have a suspicion that a child is being harmed

If a student indicates that they might be being intentionally harmed, staff members are legally required to make a report to Child Protective Services (CPS) sometimes known as the Department of Children and Family Services (DCFS). Listen carefully to what the student says and, if it feels appropriate, ask a few clarifying questions. Recognize that asking too many questions might stress the student and could interfere with an investigation.

It is not the employee's job to investigate. As a mandated reporter, it is the employee's responsibility to make a report if you have any suspicion that a child might be being harmed.

Inform the counselor and principal as soon as possible. Any staff member uncomfortable making the report, should reach out to the counselor or principal for support through the process. A completed

Documentary Record 001971

report includes this form, BCIA 8572, Suspected Child Abuse Report, and a phone call to Child Protective Services at 650-493-1186. Complete the form prior to making the call so all required information is at hand. The social worker who takes the call will provide a code which will then be added to the BCIA 8572 Form. Email the form to ssa_canc_efax@ssa.sccgov.org, copying the principal and the counselor.

Do not inform the student's parents that you have made the report. If there is an investigation resulting from the submitted report, the family will not be informed who made the report. It is critical that confidentiality is maintained for the student and their family. Conversations about the report should only be had with the school counselor or principal.

A letter will be sent within three weeks, providing information on the outcome of the report. This letter should be given to the principal, who will store it with the copy of the form. All questions should be directed to the school counselor and/or principal.

Suicide Prevention Policy

The BCS Board recognizes that suicide is a leading cause of death among youth and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. To attempt to reduce suicidal behavior and its impact on students and families, the School Principal or designee shall develop measures and strategies for suicide prevention, intervention, and post-prevention.

The purpose of this policy - accessible here - is to protect the health and well-being of all district students by having procedures in place to prevent, assess the risk of, intervene in, and respond to suicide.

In developing measures and strategies for use by the School, the School Principal or designee may consult with school health professionals, school counselors, school psychologists, school social workers, administrators, other staff, parents/guardians, students, local health agencies, mental health professionals, and community organizations.

Such measures may include, but are not limited to:

- maintaining a safe school environment designed to prevent violence, bullying, and the abuse of alcohol and other drugs
- staff development on suicide awareness and prevention
- creating a protocol for the response for staff to assist students at risk of suicide
- instruction to students in problem-solving and coping skills to promote students' mental emotional and social health and well-being, as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others
- designing programs to promote a positive school climate that enhances students' feelings of

Documentary Record 001972

connectedness with the school
- strategies to engage parents/guardians, including the provision of information regarding risk factors and warning signs of suicide, the severity of the youth suicide problem, basic steps for helping suicidal youth, and/or school and community resources that can help youth in crisis

As appropriate, these measures and strategies shall specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning youth.

Harassment, Discrimination, Intimidation and Bullying Prevention Policy

It is the policy of Bullis Charter School to create and maintain a learning environment where students and employees are treated with dignity, decency, and respect. It is also the policy of Bullis Charter School to maintain an environment that encourages and fosters appropriate conduct among all persons and respect for individual values. Accordingly, the School is committed to enforcing this Harassment, Discrimination, Intimidation, and Bullying Prevention Policy at all levels in order to create an environment free from all forms of discrimination, harassment, intimidation, and bullying. All BCS employees have a responsibility for keeping our work environment free of harassment, discrimination, retaliation, and abusive conduct in accordance with this policy.

This policy protects all employees of the School as well as interns, volunteers, and potential employees (applicants). All employees of the School are required to abide by this policy, regardless of position or status. In addition, this policy prohibits unlawful harassment by third parties, including students, parents, vendors, or other third parties, who have workplace contact with our employees.

Retaliation against an individual for reporting harassment, discrimination, or for participating in an investigation of a claim of such conduct is a serious violation of this policy and, like harassment or discrimination itself, will be subject to disciplinary action. Acts of retaliation should be reported immediately and will be promptly investigated and addressed.

BCS strongly encourages reporting of all perceived incidents of discrimination, harassment, abusive conduct, or retaliation, regardless of the offender's identity or position, and including; Verbal conduct such as flirting, epithets, derogatory jokes or comments, voicemails, slurs or unwanted sexual advances, sexually suggestive innuendos, conversations regarding sexual activities, invitations, or comments (including, but not limited to, threats of deportation against applicants and employees and family members of applicants and employees, derogatory comments about immigration status or disability, or mockery of an accent or a language or its speakers) Disrespectful or unprofessional conduct based on any of the protected categories listed above ("hostile work environment" harassment). Comments or conduct that consistently target one gender, even if the content is not sexual ("hostile work environment" harassment). Visual conduct such as derogatory and/or sexually oriented posters, photography, cartoons, drawings, gestures, text messages, posts, social media, instant messages, e-mails, letters, pictures, or gifts

Documentary Record 001973

("hostile work environment" harassment). Physical conduct such as assault, unwanted touching, intentionally blocking normal movement, or interfering with work because of any protected basis ("hostile work environment" harassment). Threats and demands to submit to sexual requests or sexual advances as a condition of continued employment or to avoid some other loss and offers of employment benefits in return for sexual favors ("quid pro quo" harassment). Communication via electronic media of any type that includes any conduct that is prohibited by state and/or federal law and/or school policy. Sexually harassing conduct does need not to be motivated by sexual desire to be unlawful or to violate this policy and may include situations that began as reciprocal relationships but later ceased to be reciprocal.

Individuals who believe that they have been subjected to such conduct should immediately discuss their concerns with their immediate supervisor or Human Resources. All employees who witness potential violations of this policy are required to immediately report such incidents to their immediate supervisor or Human Resources. Supervisors must report any and all conduct of which they are made aware, which violates, or may violate, policies regarding discrimination, unlawful harassment, or retaliation to the Superintendent and Human Resources as appropriate. Supervisors who fail to report alleged violations may be subject to disciplinary action, up to and including termination. There is no requirement to report your complaint to any designated supervisor within BCS. Select the individual supervisor with whom you feel the most comfortable discussing your complaint. Do not report your complaint to any individual who has allegedly engaged in the inappropriate behavior that is the subject of your complaint.

Every effort will be made to keep such reports as confidential as possible, although confidentiality cannot be guaranteed. BCS is serious about enforcing its policy against discrimination, harassment, and retaliation; however, BCS cannot resolve potential violations that it does not know about. Therefore, employees are responsible for bringing any such problems to the School's attention so it can take whatever steps are necessary to correct the problems.

All complaints submitted under this policy can be done in writing or verbally. Your complaint should be specific and should include the names of the individuals involved, the names of any witnesses, and any supporting documentation. Employees may choose to submit their complaints anonymously.

Investigation/Complaint Procedure

All complaints of unlawful harassment, discrimination or retaliation will be promptly investigated.

BCS encourages the prompt reporting of complaints or concerns so that rapid and appropriate remedial action can be taken before relationships become irreparably strained. Therefore, while no fixed reporting period has been established, early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment.

BCS's investigation methods will vary depending on the nature of the complaint, the allegations, the witnesses, and other factors. The investigation may include individual interviews with the parties involved and, where necessary, with individuals who may have observed the alleged conduct or may have other relevant knowledge. Confidentiality will be maintained throughout the investigatory process to the extent possible and consistent with adequate investigation methods and appropriate corrective actions. The

Documentary Record 001974

School has a compelling interest in protecting the integrity of its investigations. In every investigation, the School has a strong desire to protect witnesses from harassment, intimidation, and retaliation, to keep evidence from being destroyed, to ensure that testimony is not fabricated, and to prevent a cover-up. If the School reasonably imposes a confidentiality requirement and you do not maintain such confidentiality, you may be subject to disciplinary action up to and including immediate termination.

All employees are required to fully cooperate with BCS's investigation, which includes, but is not limited to, providing all pertinent information in a truthful manner, submitting pertinent documents in their possession, not interfering with the investigation in any manner, and maintaining an appropriate level of discretion regarding the investigation. Failure to do so may result in disciplinary action, up to and including termination.

During the investigation, BCS will provide regular progress updates, as appropriate, to those directly involved. BCS will strive to complete its investigation as efficiently as possible in light of the allegations and will reach any conclusions based on the evidence collected and the credibility of the witnesses.

BCS may investigate conduct in the absence of a formal complaint if the School has reason to believe that an individual has engaged in conduct that violates BCS policies or applicable law. Further, BCS may continue its investigation even if the original complainant withdraws their complaint during the investigation.

Any conduct which BCS believes constitutes harassment, discrimination, abusive conduct, or retaliation in violation of this policy will be dealt with appropriately. Corrective action may include, training, referral to counseling, and/or disciplinary action such as a warning, reassignment, temporary suspension without pay or termination, as BCS believes is appropriate under the circumstances. Due to privacy protections, the School may not be able to fully disclose its entire decision regarding corrective action to the complainant. False and malicious complaints of harassment, discrimination, abusive conduct, or retaliation as opposed to complaints, which, even if erroneous, are made in good faith, may be the subject of appropriate disciplinary action.

If you believe you have experienced discrimination or harassment you may file a California Civil Rights Department ("CRD") or Equal Employment Opportunity Commission complaint. For information contact the CRD or EEOC. You may find their phone numbers online at www.eeoc.gov and www.calcivilrights.ca.gov, respectively.

Criminal Background Checks

As required by law, Education Code section 47605 [b][f] states that "each employee of the school furnish the school with a criminal record summary." Live Scan fingerprinting will be required of all job applicants and employees as required by California and federal law. No condition or activity will be permitted that may compromise the School's commitment that the safety and the well-being of students take precedence over all other considerations. Conditions that may preclude working at the School include conviction of a controlled substance, sex offense, or a serious or violent felony. Additionally, should an employee, during

Documentary Record 001975

their employment with the School, be convicted of a controlled substance, sex offense, or serious or violent felony, the employee must immediately report such a conviction to the Principal and the HR department.

These background checks are performed through a fingerprinting service coordinated by the California Department of Justice (DOJ) and the Federal Bureau of Investigation (FBI). Any and all information obtained by the School may be taken into consideration in evaluating one's suitability for employment, promotion, reassignment, or retention as an Employee. All fingerprint and background information must be completed and the results in the possession of the School before the first day of employment. Failure to complete this process will delay the employee's ability to begin work.

The School shall also request subsequent arrest notification from the Department of Justice and take all necessary action based upon such further notification.

Bullis Charter School may occasionally find it necessary to investigate current employees, where behavior or other relevant circumstances raise questions concerning work performance, reliability, honesty, trustworthiness, or potential threat to the safety of coworkers, students, or others. Employee investigations, where appropriate, may include credit reports and investigations of criminal records, including appropriate inquiries about any arrest for which the employee is out on bail. If a background check is conducted, the School will comply with the federal Fair Credit Reporting Act and applicable state laws, including providing the employee with any required notices and forms. Employees subject to an investigation are required to cooperate with the School's lawful efforts to obtain relevant information and may be disciplined up to and including suspension without pay and/or termination for failure to do so.

Employees with adverse background information (such as certain specific criminal convictions) may be ineligible for employment with Bullis Charter School.

Subsequent Arrest Notification

All employees are subject to "Subsequent Arrest Notification Service" by the DOJ once they have been fingerprinted for Bullis Charter School. Any time an employee is arrested after their initial background clearance for the school, the DOJ will notify the school's HR department and send the school the new Criminal Offender Record Information (CORI). The HR department will evaluate the new information and determine whether it justifies any action, including the potential of suspension or termination of the individual's employment. At the discretion of the Superintendent, counsel can be sought from the BCS Board and/or legal counsel in closed session to determine suitability for continued employment. After the evaluation has taken place and a decision has been made regarding the individual's suitability to continue employment, the CORI records received from the DOJ will be destroyed. Applicants will receive confidential notification of their suspension or termination. Those individuals who are suspended or terminated can make a one-time appeal to the HR department for reconsideration if they feel there has been an error in the review of their record. After this point, the decision of the administrative team is final.

Documentary Record 001976

Credential Requirements

All newly credentialed staff members must provide copies of valid credentials, authorizations, official transcripts, and test scores during the onboarding process meeting or before the first day of actual work. Failure to provide these documents may delay or void the ability to begin work.

Employees are also responsible for keeping required certificates, authorizations, credentials, and registrations current and in good standing, for paying the costs associated with renewal, and for providing the HR department with verification of renewals. Failure to provide these updated documents to the school may result in suspension without pay until such time as the necessary documentation has been provided or termination.

If a credential, certificate, registration, or required course deadline expires or passes, or if recertification, training, or testing are failed, the School is required to remove the employee from the work schedule until the requirements are met or the credential is renewed. The employee may not be paid during this time.

Tuberculosis Test

All new employees of the School must submit written proof from a physician of a risk assessment examination for tuberculosis (TB) within the past sixty (60) days as described in Education Code 49406. If TB risk factors are identified, a physician must conduct an examination to determine whether the employee is free of infectious TB. The examination for TB consists of an approved TB test, which, if positive, will be followed by an x-ray of the lungs, or in the absence of skin testing, an x-ray of the lungs. All employees will be required to undergo TB risk assessments and, if risk factors are found, the examination at least once every four (4) years. Volunteers are required to undergo a TB examination as necessary. The TB risk assessment and, if indicated, the examination is a condition of initial employment with the School and the cost of the exam will be borne by the applicant. All employees and volunteers shall submit proof of their TB clearance before the start of employment.

The current physician's statement or Risk Assessment must be on file in the office before the first day of employment. Failure to provide documentation on time may result in the delay of the employee's ability to begin work or termination.

Results of these tests are strictly confidential. TB Clearance is good for four years and it is the employee's responsibility to remain in compliance and ensure the school has a valid certificate on file.

Food handlers may be required to have annual TB exams. Documentation of employee and volunteer compliance with TB risk assessments and examinations will be kept on file in the office. This requirement also includes contract food handlers, substitute teachers, and student teachers serving under the supervision of an educator. Any entity providing student services to the School will be contractually required to ensure that all contract workers have had TB testing that shows them to be free of active TB before conducting work with School students.

Documentary Record 001977

If TB clearance expires and an employee fails to be in compliance, the School is required to remove the employee or volunteer from the work schedule until requirements are met.

Immigration Compliance

BCS will comply with applicable immigration law, including the Immigration Reform and Control Act of 1986 and the Immigration Act of 1990. As a condition of employment, every individual must provide satisfactory evidence of their identity and legal authority to work in the United States. However, BCS will not check the employment authorization status of current employees or applicants who were not offered positions with the School unless required to do so by law.

The School shall not discharge an employee or in any manner discriminate, retaliate, or take any adverse action (*e.g.*, threatening to report the suspected citizenship or immigration status of an employee or a member of the employee's family) against any employee or applicant for employment because the employee or applicant exercised a right protected under applicable law. Further, the School shall not discriminate against any individual because they hold or present a driver's license issued per Vehicle Code § 12801.9 to persons who have not established their federally authorized presence in the United States.

Staff/Student Interaction Policy

BCS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

California prohibits anyone working in a public school from using corporal punishment on a child. The law defines corporal punishment as purposefully causing physical pain, but that doesn't include any pain a student experiences while voluntarily participating in school sports. (Cal. Educ. C § 49001). Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff, or other persons or to prevent property damage.

For clarification purposes, the following permitted examples are offered for direction and guidance of School personnel:

- stopping a student from fighting with another student
- preventing a pupil from committing an act of vandalism
- defending yourself from physical injury or assault by a student
- forcing a pupil to give up a weapon or dangerous object
- requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills

Documentary Record 001978

- engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities

Examples of PROHIBITED actions:

- hitting, shoving, pushing, or physically restraining a student as a means of control
- making students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment
- paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when unsure if certain conduct is acceptable, is for the employee to ask themselves, *"Would I be engaged in this conduct if my family or colleagues were standing next to me?"*

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent's point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations, and intentions.

Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, they must report the matter to a principal and the HR department. All reports shall be confidential. It is the duty of the administrator to thoroughly investigate the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Documentary Record 001979

Unacceptable Staff/Student Behaviors (Violations of this Policy):

- giving gifts to an individual student that are of a personal and intimate nature (including photographs) or items such as money, food, outings, electronics, etc. without the written pre-approval of the Principal. It is recommended that any such gifts be filtered through the administration team along with the rationale therefore
- kissing of any kind
- any type of unnecessary physical contact with a student in a private situation
- intentionally being alone with a student at or away from the school
- making or participating in sexually inappropriate comments or jokes
- seeking emotional involvement with a student for your benefit
- listening to or telling stories that are sexually oriented
  discussing inappropriate personal troubles or intimate issues with a student
- becoming involved with a student so that a reasonable person may suspect inappropriate behavior
- massage [Note: Prohibited in athletics unless provided by a massage therapist or other certified professional in an open public location. Coaches may not perform massages or rub-down. Permitted in special education only as instructed under an IEP or 504 plan.]
- full frontal or rear hugs and lengthy embraces
- sitting students on one's lap (grades 3 and above)
- touching buttocks, thighs, chest, or genital area
- wrestling with students except in the context of a formal wrestling program
- tickling or piggyback rides
- any form of sexual contact
- furnishing alcohol, tobacco products, or drugs or failing to report knowledge of such
- "dating" or "going out with" a student
- remarks about physical attributes or physiological development of anyone. This includes comments such as "Looking fine!" or "Check out that [body part]."
- taking photographs or videos of students for personal use or posting online
- undressing in front of a student
- leaving campus alone with a student for lunch
- sharing a bed, mat, or sleeping bag with a student
- giving students a ride to/from school or school activities without the express, advance written permission of the administration team and the student's legal guardian
- being alone in a room with a student at school with the door closed and/or windows blocked from view
- allowing students at your home and/or in rooms within your home without signed parental permission for a pre-planned and pre-communicated educational activity which must include another educator, parent, or designated school volunteer
- staff mirroring the immature behavior of minors

Documentary Record 001980

- sending emails, text messages, social media responses, making phone calls, or sending notes or letters to students if the content is not about school activities. Communication via private social media accounts is not acceptable

Cautionary Staff/Student Behaviors:

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence before or immediately after the occurrence.)

- remarks about the physical attributes or development of anyone
- excessive attention toward a particular student
- sending emails, text messages, or letters to students if the content is not about school activities
- friending current or former students and/or parents on social media accounts

Acceptable and Recommended Staff/Student Behaviors:

- pats on the shoulder or back
- handshakes
- "high-fives" and hand slapping
- touching face to check the temperature
- placing TK through second-grade students on one's lap for purposes of comforting the child for a short duration only
- holding hands while walking with small children or children with significant disabilities
- assisting with toileting of small or disabled children in view of another staff member
- touch required under an IEP or 504 Plan
- reasonable restraint of a violent person to protect self, others, or property
- obtaining formal written pre-approval from the administration team to take students off school property for activities such as field trips or competitions, including parent's written permission and waiver form for any sponsored after-school activity whether on- or off-campus
- emails, text messages, phone conversations, and other communications to and with students, if permitted, must be professional and pertain to school activities or classes (communication should be initiated via transparent [non-private] school-based technology and equipment)
- keeping the door wide open when alone with a student
- keeping reasonable and appropriate space between you and the student
- stopping and correcting students if they cross your personal boundaries, including touching legs or buttocks, frontal hugs, kissing, or caressing
- keeping administration informed when a significant issue develops about a student, such as a change in demeanor or uncharacteristic behavior
- keeping after-class discussions with a student professional and brief
- immediately asking for advice from senior staff or administration if you find yourself in a difficult situation related to boundaries

Documentary Record 001981

- involving your supervisor in a discussion about boundaries situations that have the potential to become more severe (including but not limited to: grooming or other red flag behaviors observed in colleagues, written material that is disturbing, or a student's fixation on an adult)
- taking detailed notes about an incident that in your best judgment could evolve into a more serious situation later
- recognizing the responsibility to stop unacceptable behaviors of students and/or co-workers
- asking another staff member to be present, or within close supervisory distance, when you must be alone with a student after regular school hours
- prioritizing professional behavior during all moments of student contact

Whistleblower Policy

BCS requires its directors, officers, employees, and volunteers to observe high standards of ethics in the conduct of their duties and responsibilities within the School. As representatives of the School, such individuals must practice honesty and integrity in fulfilling all responsibilities and must comply with all applicable laws and regulations. The purpose of this policy is to create an ethical and open work environment, to ensure that the School has a governance and accountability structure that supports its mission, and to encourage and enable directors, officers, employees, and volunteers of the School to raise serious concerns about the occurrence of illegal or unethical actions within the School before turning to outside parties for resolution.

All employees and volunteers of the School have a responsibility to report any action or suspected action taken within the School that is illegal, unethical, or violates any adopted policy of the School, or local rule or regulation. Anyone reporting a violation must act in good faith, without malice to the School or any individual at the School, and have reasonable grounds for believing that the information shared in the report indicates that a violation has occurred. A person who makes a report does not have to prove that a violation has occurred. However, any report which the reporter has made maliciously or any report which the reporter has good reason to believe is false will be viewed as a serious disciplinary offense. No one who in good faith reports a violation, or who, in good faith, cooperates in the investigation of a violation shall suffer harassment, retaliation, or adverse employment action. Further, no one who in good faith discloses, who may disclose, or who the School believes disclosed or may disclose, information regarding alleged violations to a person with authority over the employee or another employee who had responsibility for investigating, discovering, or correcting the purported violation shall suffer harassment, retaliation, or adverse employment action.

BCS is committed to maintaining a workplace where employees are free to raise good faith concerns regarding certain business practices, specifically: (1) reporting suspected violations of law, including but not limited to federal laws and regulations; (2) providing truthful information in connection with an inquiry or investigation by a court, agency, law enforcement, or other governmental body; and (3) identifying potential violations of BCS policy, specifically the policies contained in BCS's Employee Handbook.

Documentary Record 001982

An employee who wishes to report a suspected violation of law or BCS policy may do so by contacting the Superintendent/Principal and Human Resources.

BCS expressly prohibits any form of retaliation, including harassment, intimidation, adverse employment actions, or any other form of retaliation, against employees who raise suspected violations of law, cooperate in inquiries or investigations, or identify potential violations of BCS. Any employee who engages in retaliation will be subject to discipline, up to and including termination.

Any employee who believes that they have been subjected to any form of retaliation as a result of reporting a suspected violation of law or policy should immediately report the retaliation to the Superintendent and Human Resources. Any supervisor or supervisor that receives complaints of retaliation must immediately inform the Superintendent/Principal and Human Resources.

Reports of suspected violations of law or policy and reports of retaliation will be investigated promptly and in a manner intended to protect confidentiality to the extent possible, consistent with a full and fair investigation. Information will be disclosed only as it is necessary to complete the investigation and resolve the matter. The Superintendent/Principal and Human Resources will conduct the investigation or designate other internal or external parties to conduct the investigation. The investigating parties may notify the concerned individuals of their findings as appropriate.

Drug, Alcohol, and Tobacco-Free Workplace

BCS is committed to providing a drug, alcohol, and tobacco-free workplace and promoting safety in the workplace, employee health and well-being, and a work environment that is conducive to attaining high work standards. The use of drugs, alcohol, and tobacco by employees, whether on or off the job, jeopardizes these goals since it adversely affects health and safety, security, productivity, and public confidence and trust. The use of cigarettes or e-cigarettes (vaping) is not permitted on campus at any time.

Should any employee be found to have brought, have been under the influence of, or in possession of, any illegal drug, controlled substance, or alcohol, whether or not engaged in any school or school-related activity, and the behavior of the employee, if under the influence, is such that it is inappropriate for a school employee, the employee may be subject to discipline, up to and including termination.

Any employee convicted of any state or federal law relating to the possession, use, or distribution of illegal drugs, other controlled substances, or drug paraphernalia, shall be recommended for termination.

Any employee who must take prescription medication at the direction of the employee's physician, and who is impaired by the prescription medication such that they cannot properly perform their duties shall not report for work and will contact their immediate supervisor.

Drug Testing

Employees shall be drug and alcohol-free from the time the employee is required to be ready to work until the employee is relieved from the responsibility for performing work and/or any time they are performing a

Documentary Record 001983

safety-sensitive function. Employees shall submit to drug tests as required by law and/or regulation. Testing includes, and/or is triggered by, but is not limited to:

- testing in conjunction with a work injury
- driving a vehicle to and from a school-related activity or school-sponsored event
- reasonable suspicion

The Gun-Free School Zone Act of 1995

Penal Code 626.9 PC contains California's Gun-Free School Zone Act. This California firearms law prohibits anyone from possessing or discharging a firearm in a school zone. An area is a "school zone" if it is within 1,000 feet of public or private school grounds.

Possession of Firearms and Weapons

The School's number one priority is the health and safety of students, staff, volunteers, guests, and the community. Everyone has the right to feel safe and secure on campus, at any school-related event, or school-sponsored event. BCS prohibits any person other than authorized law enforcement or security personnel from possessing weapons, imitation firearms, or dangerous instruments of any kind in school buildings, on school grounds or buses, or at any school-related or school-sponsored activity in or away from school, or while going to or coming from school.

Mandatory Compliance Trainings for Staff

All BCS employees are required to complete yearly/bi-annual trainings, as mandated by state and federal regulations, in the areas of:

- Mandated Reporter: Child Abuse and Neglect
- Student Sexual Abuse Prevention
- Making Schools Safe and Inclusive for LGBTQ Students
- Sexual Harassment: Policy and Prevention
- Youth Suicide (Grades 6-8 Faculty and Staff Only)
- Sexual Harassment
- Drug-Free Workplace
- Bloodborne Pathogens: Exposure Prevention
- Slips, Fall, and Trips
- Back Injury and Lifting
- Office Ergonomics
- Illness and Injury Prevention Program
- Work Violence: Awareness and Prevention
- Handling of Hazardous Chemicals

Additional trainings may be added at the discretion of the School.

Documentary Record 001984

Confidential Information

All information relating to students, personal information, schools attended, addresses, contact numbers, and progress information is confidential and may not be shared with or distributed to unauthorized parties. All records concerning special education pupils shall be kept strictly confidential and maintained in separate files. Failure to maintain confidentiality may result in disciplinary action, up to and including release from employment.

Conflict of Interest

All employees must avoid situations that result in actual or even potential conflicts of interest. Personal, social, and economic relationships with competitors, suppliers, customers, parents, or co-employees that may impair an employee's ability to exercise good judgment on behalf of the School or which give the appearance of such impairment create an actual or potential conflict of interest. For example, romantic or personal relationships between a supervisor and subordinate employee can lead to supervisory problems, claims of harassment, and morale problems.

Any employee involved in such situations or relationships must immediately and fully disclose the nature of the situation or relationship to HR and their immediate supervisor so a determination can be made as to whether an actual or potential conflict exists, and if so, how to correct the situation.

THE WORKPLACE

School Hours

School hours are normally 8:00 am - 4:30 pm, Monday through Friday. Office hours are normally 7:45 am - 4:30 pm., Monday through Friday.

Work Schedule

The regular workday schedule for non-exempt employees is eight (8) hours. Exempt employees are expected to be present during business hours and to commit whatever additional time is necessary to satisfactorily complete all job requirements.

Teachers are required to participate in BCS activities that may be held outside school hours. These activities include but are not limited to staff meetings, parent-teacher-student conferences, parent meetings, community meetings, certain BCS Board meetings, trainings, open house, and culmination ceremonies. Teachers will support and participate in the school day and overnight field trips, workshops, and other learning activities that involve students on their caseload.

Prep Periods

Teachers may use preparation periods to write lesson plans, grade papers, analyze student data, research a lesson topic, meet with parents or colleagues, or do other professional work of their choice. Prep periods

Documentary Record 001985

are self-directed; teachers determine what to do during their prep periods. On occasions, teachers may be asked to provide teaching coverage during their prep.

Meal and Rest Periods

Non-exempt employees who work at least five (5) hours per day are provided with a thirty (30) minute meal period, to be taken approximately in the middle of the workday. An employee may waive this meal period if the day's work will be completed in no more than six (6) hours, provided the employee and BCS mutually consent to the waiver.

Non-exempt employees are also provided with a ten (10) minute rest period for every four (4) hours worked which should be scheduled towards the middle of the four (4) hour work period as practicable. An employee's supervisor may schedule meal/rest periods.

Employees are expected to observe assigned working hours and the time allowed for meal and rest periods. Employees may leave the premises during rest and meal periods.

Nursing Accommodation

BCS accommodates nursing employees by providing a reasonable amount of break time to any employee who has this need. The break time shall, if possible, run concurrently with any break time already provided to the employee.

BCS will make reasonable efforts to provide employees who need nursing accommodation with the use of a room or other private location that is located close to the employee's work area. Employees with private offices may be required to use their offices as a private location. Employees who desire accommodations should contact their supervisor to arrange timing and accommodations. The School will engage with the employee in an interactive process to determine when and where lactation breaks will occur, and will respond accordingly, generally within two business days. The School reserves the right to deny an employee's request for a lactation break if the additional break time will seriously disrupt operations.

Attendance and Tardiness

The presence or absence of each employee is of critical importance to the successful operation of the School. Regular attendance and punctuality are considered an essential function of each position. Therefore, employees are expected to report to work as scheduled, ready to begin work at the beginning of their day and to work the full allotted time they are assigned each day.

All employees, whether exempt or non-exempt, are expected to arrive at work consistently and on time. Absenteeism and tardiness negatively affect the School's ability to implement its educational program and disrupts consistency in students' learning.

If it is necessary to be absent or late, employees must notify their immediate supervisor and office staff via email, text, or telephone as soon as possible but no later than one-half (1/2) hour before the start of the workday. If an employee is absent from work longer than one (1) day, they are expected to keep the

Documentary Record 001986

Principal/manager sufficiently informed of the situation. Absences longer than three (3) days may require additional documentation at the discretion of the Principal/manager.

More than three instances of tardiness by an employee during any school calendar period are considered excessive. If an employee fails to report for work without any notification to the Principal or HR and the absence continues for a period of three (3) business days, the School will determine that the job has been abandoned and voluntarily terminate employment.

As noted in the section of this Handbook concerning prohibited conduct, excessive or unexcused absences or tardiness may result in disciplinary action up to and including release from at-will employment with the School. Absences for more than three (3) consecutive days without notifying the Principal will be considered a voluntary resignation from employment. Absences protected by local/state/federal regulations not counted as violation(s).

Timesheet Approval and Submission

By law (29 CFR Part 516), BCS is obligated to keep accurate records of the time worked by non-exempt employees through timesheets submitted by the employee. Such employees are also required to utilize the School's sign-in system to sign in and out for arrival and departure.

Non-exempt/hourly employees must submit timesheets bi-monthly and must be submitted promptly in compliance with the current payroll schedule. A delay in submitting timesheets in accordance with the payroll schedule may result in a delay in pay. Timesheets must reflect their time worked and record their meal break for each day, as this is the only way the payroll department knows how many hours each employee has worked and how much each employee is owed. Work performed before/after a regular work schedule must be approved in advance. Non-exempt employees are solely responsible for ensuring accurate information on these timesheets and remembering to record time worked. Errors in time record should be reported immediately to the HR department, to make the correction, and such correction must be signed by both the employee and the Principal or their supervisor, with final approval by the Superintendent/Principal.

Any employee who does not accurately record their time off records may be subjected to disciplinary action, up to and including release from at-will employment with the School.

Use of Email, Voicemail, and Internet

BCS will permit employees to use its electronic mail, voicemail systems, and internet access subject to the following:

- minimal personal use as long as it does not interfere with timely job performance and is consistent with law and appropriate protocols
- the email system and internet access is not to be used in any way that may be disruptive, offensive to others, or harmful to morale. for example, sexually explicit images, ethnic slurs, racial epithets, or anything else that may be construed as harassment or disparagement of others based on their

Documentary Record 001987

race, national origin, sex, sexual orientation, age, religious beliefs, or political beliefs may not be displayed or transmitted
- employees should not attempt to gain access to another employee's personnel file or email or voicemail messages without the latter's express permission

School staff will not enter an employee's BCS email account or voicemail unless there is a business need to do so. System security features, including passwords and delete functions, do not neutralize the School's ability to access any message at any time. Employees must be aware that the possibility of such access always exists.

Cell Phones

Employees may use personal cellular phones and other such electronic devices for emergency conditions and between class times, during lunch break, other scheduled breaks, and/or recess periods as long as it does not interfere with their employment responsibilities and instructional time of students.

Cell phones should never be used to send pictures of students outside of Bullis without prior permission or used to record classroom instruction without permission.

Communication

Social Media

If an employee decides to make online postings on a personal blog, Facebook, Instagram, Tik Tok, etc. that discusses any aspect of their workplace activities, the following restrictions apply:

- employees are not to post, comment, browse on social media during work hours unless approved by the superintendent, principal, or their designees
- school equipment, including School computers and electronics systems, may not be used for these purposes outside of work
- student and employee confidentiality policies must be strictly followed
- student photographs or identifying student names or characteristics should not be posted
- employees must make clear that the views expressed are their own and not those of the School
- employees may not use the School's logos, trademarks, and/or copyrighted material and are not authorized to speak on the School's behalf
- employees are not authorized to publish any confidential or proprietary information maintained by the School
- employees are prohibited from making discriminatory, defamatory, libelous, or slanderous comments when discussing the School, the employee's supervisors, co-workers, and competitors
- employees must comply with all School policies, including, but not limited to, rules against unlawful harassment and retaliation

Employees should also be aware that participation in social media, even in a private setting, may not remain private and posts may become public knowledge and/or be reported to the School.

Documentary Record 001988

The School reserves the right to take disciplinary action against any employee whose internet postings violate this or other School policies.

Personal Letters, Articles, and Public Affairs

When writing articles for publication or when participating in public affairs, staff members are cautioned to avoid inappropriate or compromising situations. Personal letters are not to be written on the organization's letterhead. Any individuals involved in endorsements, testimonials, publications, and participation in public forums or affairs should make it known that they are acting and speaking in a personal capacity and not as a representative of the organization. Reporters seeking information about BCS must be referred to the Superintendent/Principal.

Personal Appearance

BCS employees serve as role models to the School's students. All employees should therefore maintain professional standards of dress and grooming. Just as overall attitude and instructional competency contribute to a productive learning environment, so do appropriate dress and grooming.

Employees are encouraged to wear clothing that is neat and will add dignity to the educational profession, will present an image consistent with their job responsibilities, and will not interfere with the learning process. Accordingly, all employees shall adhere to the following standards of dress:

- clothing and jewelry must be safe and appropriate to the educational environment. All clothing must be clean and in good repair. Tears in pants or other articles of clothing are not permitted
- head coverings, including hats of any kind, except those worn for religious or safety reasons, are not to be worn inside school buildings including assemblies, classrooms, labs, and offices. Hats may be worn outside for sun protection (Cal. Ed. Code § 35183.5). All hats are to be removed upon entering school buildings
- slacks and shorts are to be worn on the waist with no portion of an undergarment showing
- skirts and dresses should be the appropriate length
- all tops must be appropriate to the work environment, and should be clean, neat, and provide proper coverage with no undergarments showing
- clothing or jewelry with logos that depict and/or promote gangs (as defined in Cal. Ed. Code § 35183), drugs, alcohol, tobacco, sex, violence, illegal activities, profanity, or obscenity are not permitted;
- appropriate shoes must be worn at all times

The Principal/Manager will be the final decider of what is considered to be inappropriate attire. Employees may be required to return home to change clothing if deemed necessary. Non-exempt employees will not be paid for time away from work to change attire.

Continuing Education

BCS is committed to supporting the professional growth of its employees. BCS staff members are required to keep their credentials current and to keep their professional training and knowledge up-to-date through ongoing educational experiences that may include travel, retreat, university courses, workshops,

Documentary Record 001989

and other means, which will further their personal growth and enhance their teaching skills. Reimbursement or time-off for educational experiences must be approved in advance by the Principal/Manager.

School Facilities

BCS seeks to provide a clean, orderly and comfortable working environment for all employees. Comments and suggestions for improving any part of the working environment are encouraged and should be communicated to the Principal. Employees are responsible for cleaning up after themselves at all times in School facilities. The effort and commitment of all employees to keep the facilities clean and well maintained, both inside and out, are greatly appreciated by the School.

Recycling

BCS supports environmental awareness by encouraging recycling and waste management in its business practices and operating procedures. This includes a commitment to purchase, use, and dispose of products and materials in a manner that best uses natural resources, minimizing any negative impacts on the environment. Employees are encouraged to commit to recycling and to serve as role models to the students. Any questions and ideas on recycling should be brought to the Principal.

Health and Safety

Everybody's health, safety, and wellness is BCS's top priority, and BCS is committed to providing and maintaining a healthy and safe work environment for all employees.

Employees are required to know and comply with the School's General Safety Rules and to follow safe and healthy work practices at all times. Employees are required to report immediately to the Principal any potential health or safety hazards, and all injuries or accidents.

In compliance with Proposition 65, the School will inform employees of any known exposure to a chemical known to cause cancer or reproductive toxicity.

COVID-19 Protocols

In compliance with the Santa Clara Public Health Department, the California Public Health Department, and the Center for Disease Control, the School will follow all mandated policies and procedures, including but not limited to vaccine requirements, testing requirements, mask requirements, etc. Updated information will be shared with the staff as received and will supersede previous expectations, when applicable.

Security Protocols

BCS has developed guidelines to help maintain a secure workplace. Be aware of unknown persons loitering in parking areas, walkways, entrances, exits, and service areas. Report any suspicious persons or activities to the Principal. Employees' desks or offices should be secured at the end of the day. When an employee is called away from their work area for an extended length of time, valuable or personal articles

Documentary Record 001990

should not be left around a workstation or classroom that may be accessible. The security of facilities, as well as the welfare of employees, depends upon the alertness and sensitivity of every individual to potential security risks. Employees should immediately notify the Principal when keys are missing or if security access codes or passes have been breached.

Occupational Safety

BCS is committed to the safety of its employees, students, parents, visitors, vendors, contractors, and the public and to providing a clear safety goal for management.

The prevention of accidents is the responsibility of every School supervisor. It is also the duty of all employees to accept and promote the established safety regulations and procedures. Every effort will be made to provide adequate safety training. If an employee is ever in doubt about how to perform a job or task safely, assistance should be requested. Unsafe conditions must be reported immediately.

It is the policy of the School that accident prevention shall be considered of primary importance in all phases of operation and administration. The School is required to provide safe and healthy working conditions for all employees and to establish and require the use of safe practices at all times. Failure to comply with or enforce School safety and health rules, practices, and procedures could result in disciplinary action up to and including possible termination.

Accident/Incident Reporting

It is the duty of every employee to immediately, or as soon as it is practical, report any accident or injury occurring during work or on School premises so that arrangements can be made for medical or first aid treatment, as well as for investigation and follow-up purposes.

Reporting Fires and Emergencies

It is the duty of every employee to know how to report fires and other emergencies quickly and accurately. Employees should report any such emergency by calling 911 and then the office.

Employee Wages And Health Benefits

Payroll Withholdings

As required by law, the School shall withhold Federal Income Tax, State Income Tax, Social Security (FICA), and State Disability Insurance from each employee's pay as follows:

- Federal Income Tax Withholding: the amount varies with the number of exemptions the employee claims and the gross pay amount
- State Income Tax Withholding: the same factors which apply to federal withholdings apply to state withholdings

Documentary Record 001991

- Social Security (FICA): the Federal Insurance Contribution Act requires that a certain percentage of employee earnings be deducted and forwarded to the federal government, together with an equal amount contributed by the School
- State Disability Insurance (SDI): this state fund is used to provide benefits to those out of work because of illness or disability
- Cal State Teachers Retirement Services (CalSTRS): for eligible credentialed staff members

If a wage garnishment order is received by the School for one of our employees, the School is obligated by law to comply with the demand. The affected employee will receive notice from the HR department as soon as possible regarding their wage garnishment.

A written, signed authorization is required for mail delivery or delivery of an employee's paycheck to any other person. If an automatic deposit has been instituted for paychecks, funds will be deposited to the financial institution requested by the end of business on the scheduled payday. While an automatic deposit may be credited to an account before the actual "payday," the School is not responsible for automatic payments or withdraws dated before the actual payday, and employees should not depend on early deposits of pay.

Every deduction from an employee's paycheck is explained on the check voucher, which can be accessed on the Paylocity platform. If an employee does not understand the deductions, they should ask the HR department for further information.

If an employee believes an error has been made in their pay or deductions the School will work in good faith to resolve errors as soon as possible. The employee should notify the HR department of any errors in pay or deductions withheld within seven (7) days from the date paid.

Employees may change the number of withholding allowances claimed for Federal and State Income Tax purposes at any time by completing a new W-4 or DE 4 form and submitting it to the HR department. The HR department maintains a supply of these forms.

At the end of the calendar year, a "withholding statement" (W-2) will be prepared and forwarded to each employee for use in connection with the preparation of income tax returns. The W-2 shows Social Security information, taxes withheld, and total wages.

Paydays

Paydays are scheduled bi-monthly. A semi-monthly payroll is paid twice a month, usually on the 15th and the last workday of the month. If one of these pay dates falls on a weekend, the payroll is instead paid out on the preceding Friday. Employees not set up with a direct deposit as payment election will receive a live check that will be distributed to them or will be mailed to the address of record on payday. Upon an employee's termination/resignation/final workday, they will be paid on the next available pay date, unless requested differently in writing.

Documentary Record 001992

Before a new employee can start and be paid, they must have on file the following:

- a withholding tax form
- copy of Social Security Card
- valid photo I.D. (example: driver's license)
- clear criminal background check as required by state and federal law and the California Education Code section 45125.1
- clear tuberculosis (TB) test within the past sixty (60) days as described in California Education Code Section 49406

Overtime Pay

Employees will not work beyond their regular work schedule unless requested by their supervisor or overtime work is pre-authorized by the supervisor. Whether an employee is exempt from or subject to overtime pay will be determined on a case-by-case basis. Generally, teachers, licensed staff, directors, and administrators are exempt. Non-exempt/hourly employees may be required to work beyond the regularly scheduled workday or workweek as necessary. Only actual hours worked in a given workday or workweek can apply in calculating overtime for non-exempt employees. BCS will attempt to distribute overtime evenly and accommodate individual schedules. All overtime work will require advanced pre-approval and must be authorized by their supervisor. BCS provides compensation for all overtime hours worked by non-exempt employees in accordance with state and federal law as follows:

For employees subject to overtime, all hours worked in excess of forty (40) hours in one workweek shall be treated as overtime. Compensation for hours in excess of forty (40) for the workweek or in excess of eight (8) and not more than twelve (12) for the workday, and for the first eight (8) hours on the seventh consecutive day in one workweek, shall be paid at a rate of one and one-half times the employee's regular rate of pay. Compensation for hours in excess of twelve (12) in one workday and an excess of eight (8) on the seventh consecutive workday of the workweek shall be paid at double the regular rate of pay.

Exempt employees may have to work hours beyond their normal schedules as work demands require. No overtime compensation will be paid to these exempt employees.

Stipends

At times, based on scope of work outside contracted job descriptions, employees may qualify for additional stipend compensation. Potential stipends are outlined below, though this list is not exhaustive:

Stipend Description	Amount	Eligibility	Notes
Team Lead	5,500	Team Leaders	
MS Teaching Staff	$75 per pay period	MS Teachers	Working 1.25 hours longer per week

Documentary Record 001993

Professional Learning As Designated	$30 per hour	All staff, when applicable	May be used throughout the year for additional planning needs outside of the school day (as designated by the principals and/or Superintendent) and for onboarding of new employees in a school year
FMLA Extended Coverage	$100 per week up to $1600	FMLA coverage of 3+ weeks	Compensation for additional coverage assignments will be handled on an individual basis
Extended Program Stipend	$30 per hour, up to $2000 per semester	All staff, when applicable	Compensation for additional student-run activities after 4:30pm. All activities must be approved by the site principal. Stipends will be paid out at the end of each semester.

Expense Reimbursement

Employees shall be reimbursed for any necessary school materials or supplies, personal and/or travel expenses incurred while performing duties or attending workshops or other employment-related functions incurred while on assignments away from the normal work location. All material purchases, travel, and related expenses must have the prior approval of the Principal or Superintendent for reimbursement purposes and must also be within the parameters of the School's policy. To receive reimbursements for any approved purchases/expenses, the employee must submit a form provided by the School to the finance department, along with ALL accompanying receipts and/or invoices.

Wage Attachments and Garnishments

Under normal circumstances, the School will not assist creditors in the collection of personal debts from its employees. However, creditors may resort to certain legal procedures such as garnishments, levies, or judgments that require the School, by law, to withhold part of an employee's earnings in their favor.

Employees are strongly encouraged to avoid such wage attachments and garnishments. If the School is presented with a second garnishment request concerning an employee, the HR department will discuss the situation with the employee.

Medical Benefits

Eligibility

An employee is eligible for full medical coverage if they are a regular employee working for the School at least thirty (30) hours per week.

Coverage starts on the first day of the month following an employee's start date. For example, if the start date is August 3, health benefits coverage will begin on September 1st.

Documentary Record 001994

Employees who go from part-time to full-time employment become eligible for full benefits on the first day of the month following the effective date of the change.

COBRA Benefits

When coverage under the School's medical and/or dental plans ends, employees or their dependents can continue coverage for eighteen (18) or thirty-six (36) months, depending upon the reason benefits ended. To continue coverage, an employee must pay the full cost of coverage – the employee contribution and the School's previous contribution plus a possible administrative charge.

Medical coverage for an employee, their spouse, and eligible dependent children can continue for up to eighteen (18) months if coverage ends because:

- employment ends, voluntarily or involuntarily, for any reason other than gross misconduct; or
- hours of employment are reduced below the amount required to be considered a full-time employee or part-time, making an employee ineligible for the plan

This eighteen (18) month period may be extended an additional eleven (11) months in cases of disability subject to certain requirements. This eighteen (18) month period may also be extended an additional eighteen (18) months if other events (such as a divorce or death) occur subject to certain requirements.

An employee's spouse and eligible dependents can continue their health coverage for up to thirty-six (36) months if coverage ends because:

- the employee dies while covered by the plan
- the employee and their spouse become divorced or legally separated
- the employee becomes eligible for Medicare coverage, but their spouse has not yet reached age sixty-five (65)
- the employee's dependent child reaches an age that makes them ineligible for coverage under the plan

Rights similar to those described above may apply to retirees, spouses, and dependents if the employer commences a bankruptcy proceeding and those individuals lose coverage.

BCS will notify employees or their dependents if coverage ends due to termination or a reduction in work hours. If an employee becomes eligible for Medicare, divorced or legally separated, dies, or when a dependent child no longer meets the eligibility requirements, the employee or a family member is responsible for notifying the School within thirty (30) days of the event. BCS will then notify the employee or their dependents of the employee's rights.

Health coverage continuation must be elected within sixty (60) days after receiving notice of the end of coverage or within sixty (60) days after the event causing the loss, whichever is later.

There are certain circumstances under which coverage will end automatically. This happens if:

- premiums for continued coverage are not paid within thirty (30) days of the due date

Documentary Record 001995

- the employee (or the employee's spouse or child) become covered under another group health plan which does not contain any exclusion or limitation with respect to any pre-existing condition the employee (or the employee's spouse or child, as applicable) may have
- BCS stops providing group health benefits
- the employee (or the employee's spouse or child) become entitled to Medicare
- the employee extended coverage for up to twenty-nine (29) months due to disability and there has been a final determination that the employee is no longer disabled

Direct or non-direct hired temporary/short-time employees, including consultants, do not receive any of the following benefits:

- Medical
- Dental
- Vision
- Pension

Personnel Evaluation and Record-Keeping

Employee Review and Evaluation

Certificated employees will receive periodic performance reviews conducted by the Principal or their designee. Classified employees will receive periodic performance reviews conducted by their supervisors. Principals and Directors will receive periodic performance reviews conducted by the Superintendent/Principal.

Performance evaluations will be conducted annually. The frequency of performance evaluations may vary depending upon the length of service, job position, past performance, changes in job duties, or recurring performance problems.

Performance evaluations may review factors such as the quality and quantity of the work performed, knowledge of the job, initiative, work attitude, and attitude toward others. The performance evaluations are intended to make employees aware of their progress, areas for improvement, and objectives or goals for future work performance. Favorable performance evaluations do not guarantee increases in salary or promotions. Salary increases and promotions are solely within the discretion of the School and depend upon many factors in addition to performance. After the review, an employee may be required to sign the evaluation report simply to acknowledge that it has been presented to them, that they have discussed it with the Principal or their designee, and that they are aware of its contents.

Salary and potential for advancement will be based largely upon job performance. Periodically, the Principal will review employee job performance with an employee to establish goals for future performance and to discuss the current performance. BCS's evaluation system will in no way alter the at-will employment relationship.

Documentary Record 001996

Personnel Files and Access

At the time of employment, a personnel file is established for each employee. Please keep the HR Department advised of changes that should be reflected in the personnel file. Such changes include change in address, telephone number, marital status, number of dependents, and person(s) to notify in case of emergency. Prompt notification of these changes is essential and will enable the School to contact employees should the change affect other records.

Employees have the right to inspect certain documents in their personnel file, as provided by law, in the presence of a School representative, at a mutually convenient time. Employees also have the right to obtain a copy of their personnel file as provided by law. Comments may be added to any disputed item in the file. BCS will restrict disclosure of the personnel file to authorized individuals within the School. A request for information contained in the personnel file must be directed to the HR department. Only the HR department, Superintendent/Principal, or Principal is authorized to release information about current or former employees. Disclosure of information to outside sources will be limited. However, the School will cooperate with requests from authorized law enforcement or local, state, or federal agencies conducting official investigations or as otherwise legally required.

Credible complaints of substantiated investigations into or discipline for egregious misconduct will not be expunged from an employee's personnel file unless the complaint is heard by an arbitrator, administrative law judge, or the BCS Board and the complaint is deemed to be false, not credible, unsubstantiated or a determination was made that discipline was not warranted.

Holidays, Vacations, and Leaves

Holidays

The BCS calendar reflects all holidays observed by the School. The following holidays are generally observed by public entities, including public schools in the state of California:

- New Year's Day
- Martin Luther King Jr. Day
- President's Day
- Lincoln's Birthday
- Memorial Day
- Juneteenth
- Independence Day
- Labor Day
- Veteran's Day
- Thanksgiving
- Friday after Thanksgiving
- Christmas Eve
- Christmas Day

Documentary Record 001997

Eligible employees will receive time off with pay at their regular rate of pay on the School-observed holidays listed above. When a holiday falls on a Saturday or Sunday, it is usually observed on the preceding Friday or following Monday. However, the School may close on another day. Holiday observance will be announced in advance. The School reserves the right to change this policy at any time, with or without notice

Holiday hours do not count as hours worked for purposes of calculating overtime. For example, if an employee receives eight (8) hours of holiday pay on Monday and works 40 hours Tuesday-Saturday (8 hours/day), they will not be eligible for overtime.

Other days during the school year, such as days during the School's calendared breaks, may not be paid time for non-exempt employees in active status. Recognized religious holidays may be taken off by an employee whose religion requires observance of the particular day. Employees must request the day off thirty days in advance by submitting their request on the School's leave management system. The employee will be paid if the religious holiday is taken as an earned paid leave day (i.e. personal necessity day if applicable). The employee will not be paid if the religious holiday is taken as unpaid leave. Employees on any leave of absence do not earn holiday pay.

To qualify for holiday pay, all employees must work the last scheduled day before and the first scheduled day after the holiday unless the employee is absent:

- at the Supervisor's request/approval
- due to the closure of schools because of inclement weather
- due to sickness with a doctor's note verifying the need for absence
- before or following Jury Duty or Bereavement Leave
- due to a previously scheduled and approved vacation

Leave Submission and Absence Tracking

All employees, whether exempt or non-exempt, are expected to put all absences (either full day or partial) into the leave management system called Paylocity.

In addition to absence for personal reasons, employees are also expected to submit for any absences that are related to school business or professional development. All leave is to be submitted into the leave management system in increments of 30 minutes or more. Employees are also required to indicate all relevant details about substitute coverage needed when submitting for leave (i.e., whether a sub is needed or not, time coverage is needed, detailed sub plans, and instructions on how to take daily attendance). All planned leave is expected to be submitted for approval a minimum of five business days in advance of the requested day(s). Requests for planned leave that occur around, immediately before, or after a planned holiday/time off or professional development day on the calendar must be submitted 30 days in advance for approval.

Documentary Record 001998

Ultimately, a principal or supervisor will make the final decision regarding approving leave, based on performance, needs of the school, prior approved leave, etc. Sick leave is a benefit and the School will utilize its best judgment in ensuring that the needs of the School are met prior to approving time off.

Employees can view all submitted leave at any given time as well as the current balance of accrued and unused sick leave through the leave management system. Additionally, employees will receive pay stubs that detail all leave taken, accrued, and carried over during that year. Employees are responsible for keeping and managing their own time.

Sick Leave

To help prevent loss of earnings that may be caused by accident or illness, or by other emergencies, the School offers paid sick leave to its employees. Sick leave may be taken to receive preventive care (including annual physicals or flu shots) or to diagnose, treat, or care for an existing health condition. Employees may also use sick leave to assist a family member (i.e., children, parents, spouses/domestic partners, grandparents, grandchildren, or siblings. An employee is limited to one (1) designated person per 12 month-period. A "designated person" is any individual the employee identifies at the time the employee requests Sick Leave.) who must receive preventative care or a diagnosis, treatment, or care for an existing health condition. Sick leave must be taken by eligible employees in increments of thirty (30) minutes.

If an employee is absent longer than three (3) days due to illness, the medical evidence of the illness and/or medical certification of fitness to return to work satisfactorily should be provided to the School. The School will not tolerate abuse or misuse of sick leave privilege. If the School suspects abuse of sick leave, the School may require a medical certification from an employee verifying their absence.

Sick leave is available to all School employees who work at least thirty (30) days within the span of a single calendar year from the commencement of employment. All eligible, full-time employees will accrue sick leave at the rate of eight (8) hours per full month worked. Eligible part-time employees will accrue sick leave on a prorated basis. All eligible employees shall be credited with forty (40) hours of sick leave at the beginning of each work year, provided that at least five (5) months remain in that particular year. Accrual of any remaining sick leave will occur distributed evenly throughout the remainder of the year. Accrued sick leave carries over from year to year into a restricted leave fund, but BCS does not pay employees in place of unused sick leave.

Once an employee has exhausted sick leave, the employee may continue on an unpaid medical leave depending upon the facts and circumstances of the employee's basis for leave beyond accrued sick leave. Employee requests for unpaid medical leave must be approved in advance by the School. Unused sick leave can be restored upon returning to BCS within 12 months from the previous separation.

Unpaid Leaves of Absence

BCS recognizes that special situations may arise where an employee must leave their job temporarily. At its discretion, the School may grant employees leaves of absence. Any unpaid leave of absence must be

Documentary Record 001999

approved in advance by the School.

The granting of a leave of absence always presumes the employee will return to active work by a designated date or within a specific period.

If the employee is currently covered, medical, and dental coverage will remain in force during a medical or worker's compensation leave of absence, provided the appropriate premiums are paid by the employee. Benefits are terminated the day any other type of leave begins. If an employee fails to return from a leave and is subsequently terminated, the employee will be required to reimburse the School any and all medical, dental, and vision coverage received while on leave.

Family Care and Medical Leave

This policy explains how the School complies with the federal Family and Medical Leave Act ("FMLA") and the California Family Rights Act ("CFRA"), both of which require the School to permit each eligible employee to take up to twelve (12) workweeks (or twenty-six (26) workweeks where indicated) of FMLA leave in any twelve (12) month period for the purposes enumerated below. For purposes of this policy, all leave taken under FMLA or CFRA will be referred to as "FMLA leave."

Employee Eligibility Criteria:

- employed by the School
- have worked 1,250 hours during the 12 months before the start of leave
- have worked for the School for a total of at least 12 months

Events That May Entitle an Employee To FMLA Leave:

An Eligible employee is eligible for up to a total of 12 work weeks (480 hours of unpaid, job-protected leave in a 12 month period (July 1-June 30 fiscal calendar year) or (or twenty-six (26) workweeks where indicated) for one or more of the following reasons:

- for the birth of a child
- to care for a newborn child or a child placed with the employee for adoption or foster care. Leaves for this purpose must conclude twelve (12) months after the birth, adoption, or placement. If both parents are employed by the School, they will be entitled to a combined total of twelve (12) weeks of leave for this purpose
- because of the employee's own serious health condition that makes the employee unable to perform any one or more of the essential functions of their job (other than a disability caused by pregnancy, childbirth, or related medical conditions, which is covered by the School's separate pregnancy disability policy)
    - a "serious health condition" is an illness, injury (including, but not limited to, on-the-job injuries), impairment, or physical or mental condition of the employee or a child, parent, or spouse of the employee that involves either inpatient care or continuing treatment, including, but not limited to, treatment for substance abuse.

Documentary Record 002000

- to care for an immediate family member (spouse, minor child, dependent adult child, adult child, child of domestic partner, parent, domestic partner, grandparent, grandchild, and sibling) with a serious health condition. (Note: adult child, child of a domestic partner, grandparent, grandchild, or sibling only applies to CFRA with a limit of one (1) designated person per 12 month-period.)
- to care for a spouse, domestic partner, child, or parent with a serious health condition or military service-related injury. When an employee is providing care to a spouse, son, daughter, parent, or next of kin who is a covered Armed Forces service member with a serious injury or illness, the employee may take a maximum of twenty-six (26) weeks of FMLA leave in a single twelve (12) month period to provide said care.
- for any "qualifying exigency" because the employee is the spouse, son, daughter, parent, or domestic partner of an individual on active military duty, or an individual notified of an impending call or order to active duty in the National Guard, Reserves, or Armed Forces.

For CFRA only, a "family member" includes the employee's spouse, parent, child of any age, registered domestic partner, grandparent, grandchild, sibling, parent-in-law, and a "designated person." A "designated person" is someone else with a blood or family-like relationship with the employee. The employee may identify this person at the time the employee requests a CFRA leave. The employee is limited to one (1) designated person per 12-month period for purposes of a CFRA leave.

Amount of FMLA Leave Which May Be Taken

FMLA leave can be taken in one (1) or more periods, but may not exceed twelve (12) workweeks total for any purpose in any twelve (12) month period, as described below, for any one, or combination of the above-described situations. "Twelve workweeks" means the equivalent of twelve (12) of the employee's normally scheduled workweeks. For a full-time employee who works five (5) eight-hour days per week, "twelve workweeks" means sixty (60) working and/or paid eight (8) hour days.

The "twelve-month period" in which twelve (12) weeks of FMLA leave may be taken is the twelve (12) month period immediately preceding the commencement of any FMLA leave.

If a holiday falls within a week taken as FMLA leave, the week is nevertheless counted as a week of FMLA leave. If, however, the School's business activity has temporarily ceased for some reason and employees are generally not expected to report for work for one or more weeks, such as the Winter Break, Spring Break, or Summer Vacation, the days the School's activities have ceased do not count against the employee's FMLA leave entitlement. Similarly, if an employee uses FMLA leave in increments of less than one (1) week, the fact that a holiday may occur within a week in which an employee partially takes leave does not count against the employee's FMLA entitlement unless the employee was otherwise scheduled and expected to work during the holiday.

Pay during FMLA Leave

An employee on FMLA leave because of their own serious health condition must use all accrued paid sick leave at the beginning of any otherwise unpaid FMLA leave period. If an employee is receiving a partial

Documentary Record 002001

wage replacement benefit during the FMLA leave, the School and the employee may agree to have School-provided paid leave, such as sick time, supplement the partial wage replacement benefit unless otherwise prohibited by law.

An employee on FMLA leave for child care or to care for a spouse, domestic partner, parent, or child with a serious health condition may use any or all accrued sick leave at the beginning of any otherwise unpaid FMLA leave.

If an employee has exhausted their sick leave, leave taken under FMLA shall be unpaid leave.

The receipt of sick leave pay or State Disability Insurance benefits will not extend the length of the FMLA leave. Sick pay accrues during any period of unpaid FMLA leave only until the end of the month in which unpaid leave began.

Health Benefits

The provisions of the School's various employee benefit plans govern continuing eligibility during FMLA leave, and these provisions may change from time to time. The health benefits of employees on FMLA leave will be paid by the School during the leave at the same level and under the same conditions as coverage would have been provided if the employee had been continuously employed during the leave period. When a request for FMLA leave is granted, the School will give the employee written confirmation of the arrangements made for the payment of insurance premiums during the leave period.

If an employee is required to pay premiums for any part of their group health coverage, the School will provide the employee with advanced written notice of the terms and conditions under which premium payments must be made.

BCS may recover the health benefit costs paid on behalf of an employee during their FMLA leave if:

- the employee fails to return from leave after the period of leave to which the employee is entitled has expired. An employee is deemed to have "failed to return from leave" if they work less than thirty (30) days after returning from FMLA leave
- the employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to FMLA leave, or other circumstances beyond the control of the employee

Job Position

An employee on FMLA leave remains an employee and the leave will not constitute a break in service. An employee who returns from FMLA leave will return with the same position or similar position they had when the leave commenced.

Medical Certifications

All serious health conditions require medical certification and should be obtained within fifteen (15) calendar days of request. Examples of serious health conditions that qualify for FMLA/CFRA leave are:

Documentary Record 002002

- conditions requiring an overnight stay in a hospital, hospice, or other medical care facilities
- conditions that incapacitate the employee or a family member (for example, unable to work or attend school) for more than three consecutive days and have ongoing medical treatment (either multiple appointments with a health care provider or a single appointment and follow-up care such as prescription medication)
- chronic conditions that cause occasional periods when the employee or a family member are incapacitated and require treatment by a health care provider at least twice a year
- pregnancy (including prenatal medical appointments, incapacity due to morning sickness, and medically required bed rest)

An employee requesting FMLA leave because of their own or a relative's serious health condition must provide medical certification from the appropriate health care provider on a form supplied by the School. Absent extenuating circumstances, failure to provide the required certification promptly (within fifteen (15) days of the School's request for certification) may result in denial of the leave request until such certification is provided.

The School will notify the employee in writing if the certification is incomplete or insufficient, and will advise the employee what additional information is necessary to make the certification complete and sufficient. The School may contact the employee's health care provider to authenticate or clarify information in a deficient certification if the employee is unable to cure the deficiency.

If the School has reason to doubt the medical certification supporting a leave because of the employee's own serious health condition, the School may request a second opinion by a health care provider of its choice (paid for by the School). If the second opinion differs from the first one, the School will pay for a third, mutually agreeable, health care provider to provide a final and binding opinion.

Recertifications are required if leave is sought after the expiration of the time estimated by the health care provider. Failure to submit required recertifications can result in termination of the leave.

Procedures for Requesting and Scheduling FMLA Leave

- an employee must inform their immediate supervisor/HR department of their leave and request FMLA leave by completing a Request for Leave of Absence form and submitting it to the HR department. An employee asking for a Request for Leave must notify their immediate supervisor at least 30 days in advance of their leave or in case of an emergency, provide notice as soon as practicable. The employee will meet with the HR department to complete the Request for the Leave of Absence Report form and will be given literature on their leave
- employees must provide at least thirty (30) days' notice for foreseeable childbirth, placement, or any planned medical treatment for the employee or their spouse, domestic partner, child, or parent. Failure to provide such notice is grounds for denial of a leave request, except if the need for FMLA leave was an emergency or was otherwise unforeseeable
- where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations

Documentary Record 002003

- if FMLA leave is taken because of the employee's own serious health condition or the serious health condition of the employee's spouse, domestic partner, parent, or child, the leave may be taken intermittently or on a reduced leave schedule when medically necessary, as determined by the health care provider of the person with the serious health condition
- if FMLA leave is taken because of the birth of the employee's child or the placement of a child with the employee for adoption or foster care, the minimum duration of leave is two (2) weeks, except that the School will grant a request for FMLA leave for this purpose of at least one day but less than two (2) weeks' duration on any two (2) occasions
- if an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment for the employee or a family member, the employee may be transferred temporarily to an available alternative position for which they are qualified that has equivalent pay and benefits and that better accommodates recurring periods of leave than the employee's regular position
- the employee must utilize a minimum of two weeks of unused sick leave (if available) in conjunction with FMLA/CFRA leave
- all LOA must be approved by the employee's supervisor and HR department and be in writing
- all medical leave will require a medical certification
- if an employee does not provide either a complete and sufficient certification or an authorization allowing the health care provider to provide a complete and sufficient certification to the employer, the employee's request for FMLA/CFRA leave will be denied
- if the request is denied, time-off will not be considered and protected under FMLA/CFRA, instead will be considered unpaid leave
- the School will respond to an FMLA leave request no later than five (5) days of receiving the request. If an FMLA leave request is granted, the School will notify the employee in writing that the leave will be counted against the employee's FMLA leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them

Return to Work_

Upon timely return at the expiration of the FMLA leave period, an employee (other than a "key" employee whose reinstatement would cause serious and grievous injury to the School's operations) is entitled to the same or a comparable position with the same or similar duties and virtually identical pay, benefits, and other terms and conditions of employment unless the same position and any comparable position(s) have ceased to exist because of legitimate business reasons unrelated to the employee's FMLA leave.

When a request for FMLA leave is granted to an employee (other than a "key" employee), the School will give the employee a written guarantee of reinstatement at the termination of the leave (with the limitations explained above).

Before an employee will be permitted to return from FMLA leave because of their own serious health condition, the employee must obtain and submit a medical certification work status report from their health care provider that they can return to work. The employee will not be able to return to work without a medical certification work status report form.

Documentary Record 002004

If an employee returns to work with limitations or restrictions, the employee must provide sufficient documentation such as a work status report or certification letter from their treating physician or health care provider. The School will evaluate those limitations and, if possible, will make a reasonable effort to accommodate the employee as required by law. If the accommodation cannot be made, the employee will be medically separated from the School. If the employee does not return to work on the first workday following the expiration of an approved FMLA/CFRA leave, the employee may be deemed to have resigned from employment.

Employees are responsible for making a reasonable effort to schedule treatments, doctor appointments, etc. at times that do not disrupt the School's operations.

Limitations on Reinstatement

BCS may refuse to reinstate a "key" employee if the refusal is necessary to prevent substantial and grievous injury to the School's operations. A "key" employee is an exempt salaried employee who is among the highest-paid 10% of the School's employees within seventy-five (75) miles of the employee's worksite.

A "key" employee will be advised in writing at the time of a request for, or if earlier, at the time of commencement of, FMLA leave, that they qualify as a "key" employee and the potential consequences concerning reinstatement and maintenance of health benefits if the School determines that substantial and grievous injury to the School's operations will result if the employee is reinstated from FMLA leave. At the time it determines that refusal is necessary, the School will notify the "key" employee in writing (by certified mail) of its intent to refuse reinstatement and will explain the basis for finding that the employee's reinstatement would cause the School to suffer substantial and grievous injury. If the School realizes after the leave has commenced that refusal of reinstatement is necessary, it will give the employee at least ten (10) days to return to work following the notice of its intent to refuse reinstatement.

Employment during Leave

No employee, including employees on FMLA leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without the School's written permission will be deemed to have resigned from employment at the School.

Reproductive Loss Leave

Any person who would have been a parent if the reproductive event had been successful is entitled to reproductive loss leave. Reproductive Loss event definition includes, miscarriage (including suffered by surrogate,) stillbirth, unsuccessful assisted reproduction, failed surrogacy or failed adoption, a total of 5 unpaid days granted. Reproductive Loss Leave must be taken within 3 months of the reproductive loss event, unless the employee is on or chooses to take another leave entitlement such as California Family Rights Act, and then reproductive loss leave must be taken within 3 months of the end date of other leave. Employees can use existing paid time off such as Sick leave to cover the loss time.

Documentary Record 002005

Pregnancy Disability Leave

This policy explains how the School complies with the California Pregnancy Disability Act, which requires the School to give each female employee an unpaid leave of absence of up to four (4) months per pregnancy, as needed, for the period(s) of time a woman is actually disabled by pregnancy, childbirth, or related medical conditions.

Employee Eligibility Criteria

To be eligible for pregnancy disability leave, the employee must be disabled by pregnancy, childbirth, or a related medical condition and must provide appropriate medical certification concerning the disability.

Events That May Entitle an Employee to Pregnancy Disability Leave

The four (4) month pregnancy disability leave allowance includes any time taken (with or without pay) for any of the following reasons:

- the employee is unable to work at all or is unable to perform any one or more of the essential functions of the job without undue risk, the successful completion of pregnancy, or because of any medically recognized physical or mental condition that is related to pregnancy or childbirth (including severe morning sickness)
- the employee needs to take time off for prenatal care

Duration of Pregnancy Disability Leave

Pregnancy disability leave may be taken in one or more periods, but not to exceed four months total. "Four months" means the number of days the employee would normally work within four months. For a full-time employee who works five (5), eight (8) hour days per week, four (4) months means 693 hours of leave (40 hours per week times 17 1/3 weeks).

For employees who work more or less than forty (40) hours per week, or who work on variable work schedules, the number of working days that constitutes four (4) months is calculated on a pro rata or proportional basis. For example, for an employee who works twenty (20) hours per week, "four months" means 346.5 hours of leave entitlement (20 hours per week times 17 1/3 weeks).

At the end of depletion of an employee's pregnancy disability leave, an employee who has a physical or mental disability (which may or may not be due to pregnancy, childbirth, or related medical conditions) may be entitled to reasonable accommodation. Entitlement to additional leave must be determined on a case-by-case basis, taking into account several considerations such as whether an extended leave is likely to be effective in allowing the employee to return to work at the end of the leave, with or without further reasonable accommodation, and whether or not additional leave would create an undue hardship for the School. The School is not required to provide an indefinite leave of absence as a reasonable accommodation.

Pregnancy disability leave does count against and runs concurrently with Family Care and Medical Leave (FMLA).

Documentary Record 002006

Pay during Pregnancy Disability Leave

California's Pregnancy Disability Leave (PDL) Law allows eligible employees to take up to four (4) months of leave for any physical or mental disability related to pregnancy or childbirth. Such a disability must be substantiated by a medical professional. Employees are eligible upon their date of hire if they work for an employer with 5 or more employees.

PDL is itself unpaid. However, individuals who qualify for PDL also typically qualify for California Disability Insurance (DI) during that same period. PDL provides certain job protections and benefits continuation rights for the duration of their leave, while DI provides at least partial wage replacement. An employee on pregnancy disability leave must use a minimum of two weeks accrued paid sick leave and may use any or all accrued vacation time at the beginning of any otherwise unpaid leave period.

The receipt of sick leave pay, or state disability insurance benefits, will not extend the length of pregnancy disability leave.

Sick pay accrues during any period of unpaid pregnancy disability leave only until the end of the month in which the unpaid leave began.

Employees are required to exhaust the use of their sick time before they are eligible to apply for SDI. Employees can not legally receive their regular wages while receiving SDI. After employees have utilized all of their unused accrued sick leave, they are eligible to apply for SDI (Short Term Disability Insurance) through the State. They are responsible for applying for the benefit. Please note that the application and benefits are processed by the State and not BCS. The State and not BCS will approve or deny benefits.

Health Benefits

BCS shall provide continued health insurance coverage while an employee is on pregnancy disability leave consistent with applicable law. The continuation of health benefits is for a maximum of four (4) months in a twelve (12) month period. BCS can recover premiums that it already paid on behalf of an employee if both of the following conditions are met:

- the employee fails to return from leave after the designated leave period expires.
- the employee's failure to return from leave is for a reason other than the following:
    - the employee is taking leave under the California Family Rights Act
    - there is a continuation, recurrence or onset of a health condition that entitles the employee to pregnancy disability leave
    - there is a non-pregnancy related medical condition requiring further leave; or
    - any other circumstances beyond the control of the employee

Job Position

An employee on pregnancy disability leave remains an employee of the School and a leave will not constitute a break in service. When an employee returns from pregnancy disability leave, they will return with the same position held when the leave commenced.

Documentary Record 002007

Medical Certifications

An employee requesting a pregnancy disability leave must provide medical certification from a healthcare provider on a form supplied by the School. Failure to provide the required certification promptly (within fifteen (15) days of the leave request) may result in a denial of the leave request until such certification is provided.

Recertifications are required if leave is sought after the expiration of the time estimated by the healthcare provider. Failure to submit required recertifications can result in termination of the leave.

Requesting and Scheduling Pregnancy Disability Leave

An employee asking for a Request for Leave must notify their immediate supervisor at least 30 days in advance of their leave or in case of an emergency, provide notice as soon as practicable. The employee will meet with the HR department to complete the Request for the Leave of Absence Report form and will be given literature on their leave.

Failure to provide such notice is grounds for denial of the leave request, except if the need for pregnancy disability leave was an emergency and was otherwise unforeseeable.

Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations.

Pregnancy disability leave may be taken intermittently or on a reduced leave schedule when medically advisable, as determined by the employee's healthcare provider.

If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment, the employee may be transferred temporarily to an available alternative position for which they are qualified, which has equivalent pay and benefits that better accommodates recurring periods of leave than the employee's regular position.

In most cases, the School will respond to a pregnancy disability leave request within five (5) days of acquiring knowledge that the leave qualifies as pregnancy disability and, in any event, within ten (10) days of receiving the request. If a pregnancy disability leave request is granted, the School will notify the employee in writing, and the leave will be counted against the employee's pregnancy disability leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

Return to Work

Upon timely return at the expiration of the pregnancy disability leave period, an employee is entitled to the same position unless the employee would not otherwise have been employed in the same position at the time reinstatement is requested. If the employee is not reinstated to the same position, they must be reinstated to a comparable position unless one of the following is applicable:

Documentary Record 002008

- the employer would not have offered a comparable position to the employee if they would have been continuously at work during the pregnancy disability leave
- there is no comparable position available, to which the employee is either qualified or entitled, on the employee's scheduled date of reinstatement or within sixty (60) calendar days thereafter. The School will take reasonable steps to provide notice to the employee if and when comparable positions become available during the sixty (60) day period.

A "comparable" position is a position that involves the same or similar duties and responsibilities and is virtually identical to the employee's original position in terms of pay, benefits, and working conditions.

When a request for pregnancy disability leave is granted to an employee, the School will give the employee a written guarantee of reinstatement at the end of the leave (with the limitations explained above).

In accordance with BCS policy, before an employee will be permitted to return from a pregnancy disability leave, the employee must obtain a certification from a healthcare provider that they can resume work. An employee will not be able to return to work without a medical certification work status report from their physician.

If the employee can return to work with limitations, the School will evaluate those limitations and, if possible, will accommodate the employee as required by law. If the accommodation cannot be made, the employee will be medically separated from the School. If the employee does not return to work on the first workday following the expiration of an approved FMLA/CFRA leave, the employee may be deemed to have resigned from employment.

Employment during Leave

No employee, including employees on pregnancy disability leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without written permission will be deemed to have resigned from employment.

Industrial Industry Leave (Workers Compensation)

BCS, in accordance with State law, provides insurance coverage for employees in case of work-related injuries. Workers' compensation covers income and medical care if an employee is injured or becomes ill as a direct result of the job. It does not cover illness or injury that occur off the clock or are unrelated to job duties. The workers' compensation benefits provided to injured employees may include:

- medical care
- cash benefits, tax-free to replace lost wages
- vocational rehabilitation to help qualified injured employees return to suitable employment

To ensure an employee receives any worker's compensation benefits to which they may be entitled, they will need to:

- immediately report any work-related injury to their immediate supervisor
- complete a written Employee's Claim Form (DWC Form 1) with their immediate supervisor

Documentary Record 002009

- seek medical treatment and follow-up care if required
- provide the School with a certification from their health care provider regarding the need for workers' compensation disability leave as well as the ability to return to work from the leave

It is the School's policy that when there is a job-related injury (within the employee's scope and performance of their job duties), the first priority is to ensure that the injured employee receives appropriate medical attention. BCS, with the help of its insurance carrier, has selected medical centers to meet this need. The following are additional points related to worker's compensation benefits:

- if an employee is injured on the job, they are to go or be taken to an approved medical center for treatment. If injuries are such that they require the use of emergency medical systems ("EMS") such as an ambulance, the choice by the EMS personnel for the most appropriate medical center or hospital for treatment will be recognized as an approved center
- all accidents and injuries must be reported to the immediate supervisor and to the HR department responsible for reporting to the School's insurance carrier. Failure by an employee to report a work-related injury by the end of their shift could result in loss of insurance coverage for the employee. An employee may choose to be treated by their personal physician at their own expense, but they are still required to go to a School approved medical center for evaluation. All job-related injuries must be reported to the appropriate State Workers' Compensation Bureau and the insurance carrier
- if the injury or illness developed over time, the employee should report it as soon as they learn or believe it was caused by their job
- reporting promptly helps prevent problems and delays in receiving benefits, including medical care that may be needed. If the School does not learn about the injury within 30 days and this prevents the School from fully investigating the injury and how it occurred, the employee may lose their right to receive workers' compensation benefits. When there is a job-related injury that results in lost time, the employee must have a medical release from the School's approved medical facility before returning to work
- any time there is a job-related injury, the School's policy may require drug/alcohol testing along with any medical treatment provided to the employee
- for the initial doctor's visit (the day of injury), time-off will not be deducted. Subsequent doctors visits will be deducted from sick leave. If the employee does not have sick leave available, time-off will be unpaid
- if a doctor states the employee cannot perform any part of their job due to work-related injury or illness, the employee is entitled to temporary disability (TD). The payments will not begin until the employee has missed three days, and if they are off work for more than fourteen (14) days or if the employee is hospitalized. (Cal. Labor Code § 4652 (2020).)
- TD benefits are meant to replace only some of the employee's lost wages. During the time that the employee is considered temporarily disabled and unable to perform the necessary functions of their job, the employee will generally receive two-thirds of their average weekly wages—although there are maximum and minimum amounts. The average weekly wage is the pre-tax gross amount that the employee was earning at the time of the injury, including overtime, the market value of job perks, and wages from multiple jobs. (Cal. Labor Code §§ 4453(c)(2), 4454, 4653 (2020).)

Documentary Record 002010

Military Leave and Military Spouse

BCS shall grant a military leave of absence to any employee who must be absent from work due to service in the uniformed services per the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"). All employees requesting military leave must provide advance written notice of the need for such leave unless prevented from doing so by military necessity or if providing notice would be impossible or unreasonable.

If military leave is for thirty (30) or fewer days, the School shall continue the employee's health benefits. For service of more than thirty (30) days, employees shall be permitted to continue their health benefits at their option through COBRA. Employees are entitled to use accrued vacation or paid time off as wage replacement during time served, provided such vacation/paid time off accrued before the leave.

Except for employees serving in the National Guard, BCS will reinstate those employees returning from military leave to their same position or one of comparable seniority, status, and pay if they have a certificate of satisfactory completion of service and apply within ninety (90) days after release from active duty or within such extended period, if any, as required by law. For those employees serving in the National Guard, if they left a full-time position, the employee must apply for reemployment within forty (40) days of being released from active duty, and if they left part-time employment, the employee must apply for reemployment within five (5) days of being released from active duty.

An employee who was absent from work while fulfilling their covered service obligation under the USERRA or California law shall be credited, upon their return to the School, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. Exceptions to this policy will occur wherever necessary to comply with applicable laws.

BCS shall grant up to ten (10) days of unpaid leave to employees who work more than twenty (20) hours per week and who are spouses of deployed military servicemen and servicewomen. The leave may be taken when the military spouse is on leave from deployment during a time of military conflict. To be eligible for leave, an employee must provide the School with (1) notice of intention to take military spousal leave within two (2) business days of receiving official notice that the employee's military spouse will be on leave from deployment, and (2) documentation certifying that the employee's military spouse will be on leave from deployment during the time that the employee requests leave.

Bereavement Leave

Employees are entitled to a leave of up to five (5) days without loss of pay due to a death in the immediate family (parent, spouse, son/daughter, sister/brother, parents-in-law, son/daughter-in-law, grandparents, grandchild). Bereavement pay will not be used in computing overtime pay.

Documentary Record 002011

Jury Duty or Witness Leave of Court Appearance

For all exempt employees, the School will pay for time off if an employee is called to serve on a jury provided the employee continues to perform work duties as assigned. For example, if an employee were absent for a full week and did not do any work from home or at the courthouse during downtime, the School will not pay the employee for that week; the employee will need to use personal time off to get paid.

For all non-exempt employees, the School will pay for up to ten (10) days if they are called to serve on a jury. BCS will offset any such payments by the amount received by the non-exempt employee for jury duty.

Jury Duty

- upon receipt of a juror summons, the employee must immediately present the notice to their supervisor and HR department
- if the employee is called to serve on the jury, the employee must immediately notify their supervisor and HR department
- upon completion of jury service, the employee shall submit documentation from the courts of completed service
- time-off will not be deducted from employee's sick leave for up to 10 days for non-exempt employees
- time off will not be deducted from employee's sick leave for exempt employees

Court Appearance

- an employee who is a victim of a felony; whose spouse, registered domestic partner, child, stepchild, sibling, stepsibling, parent, or stepparent is a victim of a felony; or who takes time off to appear in court in response to a subpoena or other court order as a witness in any judicial proceeding or if the employee who is a victim of domestic violence, sexual assault, or stalking for taking time off to obtain relief, including a restraining order or other injunctive relief, to help ensure the health, safety, or welfare of the victim or of their child shall provide their supervisor and HR department documentation of their summons to appear in court or subpoena
- after the employee's court appearance, the employee shall provide verification to the HR department of the summons to subpoena, notice of proceedings, court order, or other evidence from the court or prosecuting attorney that the employee appeared in court
- if the employee cannot give notice, the employee must provide certification to the HR department, within a reasonable time after returning to work, that employee took time off for these reasons. This might include a court order, police report, or documentation from a health care provider
- employees will utilize available sick leave for time-off. If sick leave is not available, time-off will be unpaid. Employees may be entitled to FMLA leave for some situations

Documentary Record 002012

Voting Time Off

California Elections Code section 14000 allows employees up to two hours off, without a loss of pay, to vote if they do not have enough time to do so in their non-work hours.

If an employee does not have sufficient time outside of working hours to vote in an official state-sanctioned election, the employee may take off enough working time to vote. Such time off shall be taken at the beginning or at the end of the regular working shift, whichever allows for more free time and the time taken off shall be combined with the voting time available outside of working hours to a maximum of two (2) hours combined. When possible, an employee requesting time off to vote shall give the School at least two (2) days' notice.

School Appearance and Activities Leave

As required by law, BCS will permit an employee who is a parent or guardian (including a stepparent, foster parent, or grandparent) of school children, from kindergarten through grade twelve (12), or a child enrolled with a licensed child care provider, up to forty (40) hours of unpaid time off per child per school year (up to eight (8) hours in any calendar month of the school year) to participate in activities of a child's school or child care. If more than one (1) parent or guardian is an employee of BCS, the employee that first provides the leave request will be given the requested time off. Where necessary, additional time off will also be permitted where the school requires the employee(s) appearance.

The employee requesting school leave must provide reasonable advance notice of the planned absence. The employee must use accrued but unused sick time to be paid during the absence. If the employee does not have any unused sick leave, the time off will be unpaid.

When requesting time off for school activities, the employee must verify participation in an activity as soon as practicable. When requesting time off for a required appearance, the employee(s) must provide a copy of the notice from the child's school requesting the presence of the employee.

Bone Marrow and Organ Donor Leave

As required by law, eligible employees who require time off to donate bone marrow to another person may receive up to five (5) workdays off in a 12-month period. Eligible employees who require time off to donate an organ to another person may receive up to thirty (30) workdays off in a twelve (12) month period.

To be eligible for bone marrow or organ donation leave ("Donor Leave"), the employee must have been employed by the School for at least ninety (90) days immediately preceding the Donor Leave.

An employee requesting Donor Leave must provide written verification to the School that they are a donor and that there is a medical necessity for the donation of the organ or bone marrow.

Documentary Record 002013

An employee must first use their earned but unused sick leave for bone marrow donation and two (2) weeks worth of earned but unused sick leave for organ donation. If the employee has an insufficient number of sick days available, the leave will be considered unpaid.

Employees returning from Donor Leave will be reinstated to the position held before the leave began, or to a position with equivalent status, benefits, pay, and other terms and conditions of employment. The School may refuse to reinstate an employee if the reason is unrelated to taking a Donor Leave. A Donor Leave is not permitted to be taken concurrently with an FMLA/CFRA Leave.

Domestic Violence/Sexual Assault/Stalking Leave

If you are a victim of domestic violence, sexual assault, and/or stalking, you may take time off to obtain or attempt to obtain judicial relief, such as obtaining restraining orders, to help ensure your health, safety, or welfare or that of your child(ren). Employees may use available sick leave (if applicable); otherwise, the time off is unpaid. All employees can take time off from work to get medical attention or services from a domestic violence shelter, program, or rape crisis center, or receive psychological counseling or safety planning related to domestic violence, sexual assault, or stalking. Domestic violence, sexual assault, and stalking victim's leave for medical treatment do not exceed or add to the unpaid leave time that FMLA/CFRA allows.

The employee must give their supervisor/HR department reasonable notice unless advance notice is not feasible, and provide certification noting seeking such assistance.

Certification may be sufficiently provided by any of the following:

- a police report indicating that the employee was a victim of domestic violence, sexual assault, or stalking
- a court order protecting or separating the employee from the perpetrator of an act of domestic violence, sexual assault or stalking, or other evidence from the court or prosecuting attorney that you appeared in court
- documentation from a medical professional, domestic violence advocate, health care provider, or counselor that you are undergoing treatment for physical or mental injuries or abuse resulting in victimization from an act of domestic violence, sexual assault, or stalking

Employees have the right to ask the School for help or changes in their workplace to make sure they are safe at work. The School will work with its employees to see what changes can be made. Changes in the workplace may include changing shifts or phone numbers, transferring or reassigning the employee, or help with keeping a record of what happened to the employee. The School may ask the affected employee for a signed statement certifying that this request is for a proper purpose and may also request proof showing the need for an accommodation.

The School will, to the extent allowed by law, maintain the confidentiality of an employee requesting leave under this provision. The School will not discharge, discriminate or retaliate against an employee who exercises their rights under this law.

Documentary Record 002014

BCS is committed to ensuring employees are not treated differently or retaliated against because of any of the following:

- the employee is a victim of domestic violence, sexual assault, or stalking
- the employee asked for time off to get help
- the employee asked BCS for help or changes in the workplace to ensure safety at work

If any employee believes that they have experienced retaliation or discrimination as a result of conduct protected by this policy, the employee may file a complaint with their supervisor and/or the Labor Commissioner's Office.

Interactive Meeting

The Interactive Process is a timely and good faith meeting between an employee/applicant, supervisor, and/or HR department. The meeting is held to discuss a request or, if the disability is known, for an accommodation and to determine whether reasonable accommodation can be made for the employee/applicant. A timely, good faith interactive process is mandated by state and federal law and must occur whether or not the process would result in an obligation to provide a reasonable accommodation. The interactive process obligation applies to both workers' compensation and non-industrial-related injuries or illnesses. The interactive process is ongoing and will be reinstated if there is a change to the accommodation or if the accommodation is not effective.

The parties will discuss precise limitations resulting from the disability to determine if the employee can be accommodated in returning to their usual role/ position or some other type of work. The parties may agree that a certain aspect of the position can be modified or alternative work found to accommodate the employee's change in capacity.

Any effective adjustment or modification will be made to accommodate the known physical or mental limitations of an employee/applicant with a disability, provided such accommodation does not impose an undue hardship on the School. Individuals with disabilities seeking employment with the School may request reasonable accommodations during the application process.

Unless the disability and the need for accommodation are obvious (for example, the employee/applicant is in a wheelchair and requests accessibility), the employee/applicant shall provide medical documentation to support their request for reasonable accommodation within fifteen (15) calendar days after the employee's initial request. The School has the right to request additional medical information if the information submitted by the employee/applicant does not clearly explain the nature of the disability, the need for reasonable accommodations or does not clarify how the requested accommodation will assist the employee/applicant in the performance of the essential job functions. The request for additional medical information must be specific to the disability for which the employee/applicant is requesting a reasonable accommodation and the functional limitations caused by the disability and shall be provided within fifteen (15) calendar days after the employer's initial request. A sufficient medical certification describes the nature, severity, and duration of the limitation, the activities that the impairment limits, the extent to

Documentary Record 002015

which the impairment limits the ability to perform job duties, and substantiates why the requested accommodation is needed.

The Employee's Role In The Interactive Process

- provide documents requested by the employer to support the request for accommodation, such as medical certification from a physician identifying work restrictions within fifteen (15) calendar days after the employee's initial request
- provide suggestions of possible reasonable accommodations
- participate and engage in a good-faith dialogue with their supervisor and HR department to discuss all possible accommodations
- update the school of their status or if there is any change in their accommodation

School's Role

- participate and engage in a good-faith dialogue with employee/applicant to discuss all possible accommodations
- review the job description with the employee and determine what essential functions the employee cannot perform without a reasonable accommodation
- discuss possible accommodations (tools or equipment that can be provided, adjusting the job functions, adjusting a work schedule, or any other possibilities)

The School will make the final decision about the type of accommodation to offer or if the School is not able to accommodate, the School will notify the employee in writing within ten (10) business days. The School will monitor the effectiveness of the accommodation and will follow up with the employee, as necessary.

DISCIPLINE AND TERMINATION OF EMPLOYMENT

Rules of Conduct

The following conduct is prohibited and will not be tolerated by the School. This list of prohibited conduct is illustrative only and applies to all employees of the School; other types of conduct that threaten security, personal safety, employee welfare, and the School's operations also may be prohibited. Further, the specification of this list of conduct in no way alters the at-will employment relationship for employees of the School. If an employee is working under a contract with the School which grants procedural rights before termination, the procedural terms in the contract shall apply:

- insubordination - refusing to perform a task or duty assigned or act in accordance with instructions provided by an employee's supervisor or proper authority
- inefficiency - including deliberate restriction of output, carelessness or unnecessary wastes of time or material, neglect of job duties or responsibilities
- unauthorized soliciting, collecting of contributions, distribution of literature, written or printed matter is strictly prohibited on School property by non-employees and by employees. This rule does not cover periods of time when employees are off their jobs, such as lunch periods and break

Documentary Record 002016

times. However, employees properly off their jobs are prohibited from such activity with other employees who are performing their work tasks

- damaging, defacing, unauthorized removal, destruction, or theft of another employee's property or School property
- fighting or instigating a fight on School premises
- violations of the drug and alcohol policy
- using or possessing firearms, weapons, or explosives of any kind on School premises
- gambling on School premises
- tampering with or falsifying any report or record including, but not limited to, personnel, absentee, sickness, or production reports or records, specifically including applications for employment and time cards
- recording the hours on the timesheet, when applicable, of another employee or permitting or arranging for another employee to record your hours on the timesheet
- theft of time
- use of profane, abusive, or threatening language in conversations with other employees and/or intimidating or interfering with other employees
- conducting personal business during business hours and/or unauthorized use of telephone lines for personal calls
- excessive absenteeism or tardiness excused or unexcused
- posting any notices on School premises without the prior written approval of management, unless posting is on a School bulletin board designated for employee postings
- immoral or indecent conduct
- conviction of a criminal act
- engaging in sabotage or espionage (industrial or otherwise)
- violations of the sexual harassment policy
- failure to report a job-related accident to the employee's supervisor or failure to take or follow prescribed tests, procedures, or treatment
- sleeping during work hours
- release of confidential information without authorization
- any other conduct detrimental to other employees or the School's interests or its efficient operations
- refusal to speak to supervisors or other employees
- dishonesty
- failure to possess or maintain the credential/certificate required of the position
- posting and being on social media during work hours

For employees who possess an employment contract that provides for other than at-will employment, the procedures and process for termination during the contract shall be specified in the contract.

Off-Duty Conduct

While the School does not seek to interfere with the off-duty and personal conduct of its employees, certain types of off-duty conduct may interfere with the School's legitimate business interests. For this

Documentary Record 002017

reason, employees are expected to conduct their personal affairs in a manner that does not adversely affect the School or its own integrity, reputation, or credibility. Illegal or immoral off-duty conduct by an employee that adversely affects the School's legitimate business interests or the employee's ability to perform their work will not be tolerated.

While employed by the School, employees are expected to devote their energies to their jobs with the School. For this reason, second jobs are strongly discouraged. The following types of additional employment elsewhere are strictly prohibited:

- additional employment that conflicts with an employee's work schedule, duties, and responsibilities at the School
- additional employment that creates a conflict of interest or is incompatible with the employee's position with the School
- additional employment that impairs or has a detrimental effect on the employee's work performance with the School
- additional employment that requires the employee to conduct work or related activities on the School's property during the employer's working hours or using the School's facilities and/or equipment
- additional employment that directly or indirectly competes with the business or the interests of the School

Employees who wish to engage in additional employment that may create a real or apparent conflict of interest must submit a written request to the School explaining the details of the additional employment. If the additional employment is authorized, the School assumes no responsibility for it. BCS shall not provide workers' compensation coverage or any other benefit for injuries occurring from or arising out of additional employment. Authorization to engage in additional employment can be revoked at any time.

Termination of Employment

Should it become necessary for an employee to terminate at-will employment with the School, the employee should notify their supervisor and the HR department regarding the intention as far in advance as possible. At least two (2) weeks' notice is expected whenever possible.

When at-will employment is terminated, any employees participating in the medical and/or dental plan will be provided information on their rights under COBRA.

INTERNAL COMPLAINT REVIEW

The purpose of the "Internal Complaint Review Policy" is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the Superintendent or BCS Board to express their work-related concerns.

Documentary Record 002018

Specific complaints of unlawful harassment are addressed under the School's policy against unlawful harassment.

Internal Complaints

(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a coworker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Superintendent or designee:

- the complainant will bring the matter to the attention of the Superintendent as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate
- the complainant will reduce their complaint to writing, indicating all known and relevant facts.
- the Superintendent or designee will then investigate the facts and provide a solution or explanation
- if the complaint is about the Superintendent, the complainant may file their complaint in a signed writing to the BCS Board Chair, who will then confer with the BCS Board and may conduct a fact-finding or authorize a third party investigator on behalf of the BCS Board. The BCS Board Chair or investigator will report their findings to the BCS Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express concerns and the need for resolution without fear of adverse consequences to employment.

Complaints Against Employees

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a non-employee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Superintendent or BCS Board Chair (if the complaint concerns the Superintendent) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should outline in detail the factual basis for the complaint.

In processing the complaint, Superintendent (or designee) shall abide by the following process:

- the Superintendent (or designee) shall use their best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint

Documentary Record 002019

- if the Superintendent (or designee) finds that a complaint against an employee is valid, the Superintendent (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Superintendent (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures
- the Superintendent's (or designee's) decision relating to the complaint shall be final unless it is appealed to the BCS Board. The decision of the BCS Board shall be final.

General Requirements

Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances, absolute confidentiality cannot be assured.

Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.

Resolution: The BCS Board (if a complaint is about the Superintendent) or the Superintendent or designee will investigate complaints appropriately under the circumstances and according to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

AMENDMENTS TO EMPLOYEE HANDBOOK

This Employee Handbook contains the employment policies and practices of the School in effect at the time of publication.

BCS reserves the right to amend, delete or otherwise modify this Handbook at any time provided that such modifications are in writing and duly approved by the employer.

Any written changes to the Handbook will be distributed to all employees. No oral statements can in any way alter the provisions of this Handbook.

Documentary Record 002020

APPENDIX A - HARASSMENT COMPLAINT FORM

It is the policy of the School that all of its employees be free from harassment. This form is provided for you to report what you believe to be harassment, so that the School may investigate and take appropriate disciplinary or other action when the facts show that there has been harassment.

If you are an employee of the School, you may file this form with the Superintendent, HR department, or Board Chair.

Please review the School's policies concerning harassment for a definition of harassment and a description of the types of conduct that are considered to be harassment.

BCS will undertake every effort to handle the investigation of your complaint in a confidential manner. In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged harasser.

In signing this form below, you authorize the School to disclose to others the information you have provided herein, and information you may provide in the future. Please note that the more detailed information you provide, the more likely it is that the School will be able to address your complaint to your satisfaction.

Charges of harassment are taken very seriously by the School both because of the harm caused to the person harassed, and because of the potential sanctions that may be taken against the harasser. It is therefore very important that you report the facts as accurately and completely as possible and that you cooperate fully with the person or persons designated to investigate your complaint.

EMPLOYEE HANDBOOK ACKNOWLEDGEMENT

By my signature below, I acknowledge that I have received a copy of Bullis Charter School Employee Handbook, on the date indicated below and agree to my at-will employment as described below. I acknowledge that it is my responsibility to read and review the Employee Handbook carefully. I also acknowledge that it is my responsibility to ask for clarification if I do not understand any of the policies included in the Employee Handbook.

I also acknowledge that I have received a copy of Bullis Charter School Harassment, Discrimination and Retaliation Prevention Policy which is in the Employee Handbook. I understand and agree that it is my responsibility to read and familiarize myself with this policy and all the provisions of the Employee Handbook. I understand that BCS is committed to providing a work environment that is free from harassment, discrimination and retaliation. My signature below certifies that I understand that I must conform to and abide by the rules and requirements described in this policy.

I understand that the Employee Handbook contains important information regarding Bullis Charter School expectations, policies and guidelines and that I am expected to comply with these expectations, policies and guidelines at all times. I understand that the Employee Handbook does not provide a binding contract, but provides guidelines for personnel concerning some of BCS' policies.

Just as I am free to terminate the employment relationship with Bullis Charter School at any time, BCS, in its sole discretion, also reserves the right to modify or terminate the employment relationship with me at any time for any or no reason and with or without notice. Further, there is no agreement, express or implied, written or verbal, between the employee and BCS for any specific period of employment, for continuing or long-term employment, or for guaranteed terms and conditions of employment. No one other than the Superintendent of BCS, with the approval of the Board of Directors, has the authority to alter my employment at-will status, to enter into an agreement for employment for a specified period of time, or to make any agreement contrary to this policy. Further, any such agreement must be in writing and must be signed by the Superintendent. This is the entire agreement between Bullis Charter School and me regarding this subject. All prior or contemporaneous inconsistent agreements are superseded. If I have an individually negotiated written employment agreement with BCS, then the terms and conditions of that agreement will prevail to the extent it differs from the policies in this Handbook.

Bullis Charter School reserves the right to modify, alter, add to or delete any of the policies, guidelines or benefits contained in this handbook at any time with or without notice.

School Safety Plan: 2023-24

Comprehensive School Safety Plan (CSSP) Purpose:
The California Education Code (sections 32280-32288) outlines the requirements of all schools to write and develop a school safety plan relevant to the needs and resources of the particular school. This plan should include strategies aimed at educating stakeholders about and preventing circumstances of potential incidents involving crime and violence on school campuses.

What originally began as Senate Bill 187, was restructured In 2004 when the California Legislature and Governor restructured the Comprehensive School Safety Plan provisions in SB 719 and AB 115. School Safety Plans are required to contain, but not be limited to, the following elements:

- Assessment of school crime committed on school campuses and at school-related functions;
- Strategies and programs to maintain a high level of school safety, namely:
  - Child abuse reporting procedures,
  - Disaster procedures,
  - Suspension and expulsion policies,
  - Procedures to notify teachers of dangerous pupils,
  - Discrimination, harassment, bullying, sexual harassment and hate crime policies,
  - School-wide dress code policies,
  - Procedures for safe ingress and egress,
  - Policies enacted to maintain a safe and orderly environment conducive to learning,
  - Rules and procedures on school discipline,
  - Procedures for conducting tactical responses to criminal incidents,
  - Procedures to assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted or threatened to be conducted at the school,
  - Protocol for a pupil suffering or reasonably believed to be suffering from an opioid overdose.
- Guidelines for Mental Health Support
- Parental Notification on Firearm Safety Laws

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year, and key components will be included in the annual school accountability report card (SARC).

Last Date of Adoption: January 29, 2024

Last Date of Update: January 25, 2024

Last Date of Review by Safety Plan Committee: January 2024

Last Date of Review by Law Enforcement: February 2024

Last Date of Review by Fire Authority: February 2024

Documentary Record 002025

I. OVERVIEW

At Bullis Charter School (BCS), our mission focuses on creating a collaborative learning environment that nurtures mutual respect and civic responsibility. The school safety plan is critical to upholding these components of the mission, allowing for all learners and staff to feel supported, protected, and safe. A key part of creating a safe learning environment for all is embedded within the six character pillars: caring, trustworthiness, fairness, respect, responsibility, and citizenship. The BCS staff is committed to modeling these pillars and integrating their presence into decision-making frameworks and classroom activities to promote a safe and inclusive environment. Along with the aforementioned focus on the learning environment, the school safety plan outlines key procedures and policies to follow in the event of emergency events or situations.

II. PLAN ORGANIZATION & IMPLEMENTATION

Safety Plan Evaluation and Revision Process

To serve the needs of the school and community, this CSSP is updated at least yearly. Amendments have been made where appropriate and will continue to be assessed throughout the school year, as necessary.

The Safety Plan Committee has reviewed the information provided and made revisions as necessary for 2023-2024, with input from staff regarding emergency drill procedures. Safety Plan Committee members are listed below:

Safety Plan Committee Members

Name	Title
Maureen Israel	Superintendent/Principal
Karsten Stampa	Chief of Staff
Charles Morgan	Director of Operations
Lisa Stone	Principal
Savannah Lunsford	Lead Teacher
Binita Patel, N.D.	Health Assistant
Cassie Huang	Parent

The Safety Plan Committee will consult and engage with additional stakeholder groups as needed and on a case-by-case basis to ensure that all relevant aspects and perspectives are being considered in their reviews.

Incident Command System (ICS)

In the event of an emergency, individuals below have been notified of their role and trained in accordance with the Incident Command System. Description of roles and responsibilities as outlined by FEMA can be found here.

Role	North Campus Lead	South Campus Lead
Incident Commander	Dr. Keri Montesino Stewart (Principal)	Lisa Stone (Principal)
Public Information	Maureen Israel (Superintendent/Principal)	Maureen Israel (Superintendent/Principal)
Liaison	Karsten Stampa (Chief of Staff)	Karsten Stampa (Chief of Staff)
Safety	Binita Patel (Health Team)	Nissan Swoboda (Health Team)
Operations	Elika Frederickson (Chief of Academics)	Charles Morgan (Operations Director)
Planning	Khim Del Rosario (Front Office)	Sandra Snyder (Front Office)
Logistics	Roberto Magana (Facilities)	Joe Williams (Facilities)
Finance	Kitty Chiu (Finance Clerk)	Kitty Chiu (Finance Clerk)

Documentary Record 002026

III. PLAN COMPONENTS

Assessment of School Safety and Crime

Each year, the school administration, in consultation with fire and other emergency agencies, reviews the School Safety Plan to ensure that protocols and procedures are updated and appropriate. Information on school safety, including suspension and expulsion data, can be found here, in the annual School Accountability Report Card (SARC). Suspension and expulsion procedures are accessible here on the BCS website.

Child Abuse Reporting Procedures

As required under the Child Abuse and Neglect Reporting Act (PC 11164), all staff members are considered "mandated reporters" and are required by law to report any suspected child abuse to Child Protective Services. This report should be provided to the designated agency via both telephone and a written report within 36 hours. The phone number and report can be found here. Bullis Charter School provides annual training on mandated reporting requirements using an online training module provided by CharterSAFE.

Disaster Procedures

BCS is committed to the safety and welfare of all students, employees, and staff, and so procedures have been established to provide a safe and coordinated response to emergencies. All emergency plan responses adhere to the federally mandated National Incident Management System (NIMS), State-mandated Standardized Emergency Management System (SEMS), and are compliant with the Incident Command System (ICS). These response policies and procedures detail procedural steps necessary to protect lives, outline coordination requirements (including with Los Altos School District, when applicable), and provide a basis for unified training and response exercises to ensure compliance. BCS is prepared to coordinate with the American Red Cross to provide shelters following a disaster - when deemed necessary - as part of the federal statute and state regulation.

BCS staff and students are trained in disaster procedures, and these are practiced as appropriate with students and staff at designated times. Fire drills are practiced monthly as well as inspected/observed by the local fire department annually. Similar drills for both earthquakes and intruders on campus are conducted annually. Detailed plans for specific disaster situations can be found here. At each campus, proper signage is posted, The Director of Operations - in coordination with emergency response personnel - ensures procedures are complete and adapted, as necessary. These procedures also include provisions for students with disabilities, including students with physical disabilities, and the training of staff to assist those with such disabilities. Students who have an IEP and/or a 504 plan that require support in safety evacuations have these specifics addressed in the IEP/504 plan documentation. The IEP / 504 plan further explicitly permits students, student parents or guardians, and school employees to bring forth concerns to school principals about an individual student's access to disaster safety procedures outlined in the CSSP. If the principal determines there is merit to a concern, they shall direct the school safety planning committee to modify the CSSP.

Emergency Evacuation Maps

The Emergency Evacuation Maps detail the ingresses and egresses on each campus in the case that evacuation from onsite buildings is necessary. Additionally, maps to designated off-site evacuation locations (see below) are disseminated to all staff. All maps and evacuation routes can be found here.

North Campus

Primary	
Organization	Santa Rita Elementary School
Address	700 Los Altos Ave, Los Altos
Secondary	
Organization	Los Altos High School
Address	201 Almond Ave, Los Altos

South Campus

Primary	
Organization	Saint Francis High School
Address	1885 Miramonte Ave, Mountain View
Secondary	
Organization	Loyola Elementary School
Address	770 Berry Ave, Los Altos

Procedures for Reunification

Reunification is a coordinated and systematic hand-off of students to their parents after an evacuation or emergency took place. Through a structured reunification, we maintain a safe environment and help reduce anxiety and stress once these situations are dissolved. The safety planning committee defines an orderly process for reuniting parents with children, keeping track of where students are and with whom they left during an evacuation or emergency.

School Suspension and Expulsion Policies

In accordance with EC 48900, Bullis Charter School has a suspension and expulsion policy that exists to promote learning and the safety and well-being of all students, teachers, and staff, both at school and during all school

Documentary Record 002027

activities. This policy is reviewed annually and is accessible here on the BCS website.

Procedures to Notify Employees of Dangerous Pupils

In accordance with EC 49079, Bullis Charter School provides all classroom teachers with notification of students who have engaged in or are reasonably suspected of engaging in certain suspendable or expellable acts within the last three years (except for the usage of tobacco and nicotine products). This information is shared in a confidential manner with classroom teachers, as appropriate. All staff receive training in progressive discipline structures to promote a safe learning environment in and outside of classrooms.

Discrimination, Harassment, Bullying, Sexual harassment and Hate Crime Policies

In accordance with the Safe Place to Learn Act, Bullis Charter School is committed to creating and maintaining a learning environment where students and staff are treated with dignity, decency, and respect. Bullis Charter School commits to enforcing the Harassment, Discrimination, Intimidation, and Bullying Prevention Policy at all levels in order to create an environment free from all forms of discrimination, harassment, intimidation, and bullying. This also includes appropriate response and intervention to any hate crimes that take place on campus or during school-sponsored activities. The policy in its full form is accessible here on the BCS website.

In accordance with AB 2291, Bullis Charter School annually provides bullying/cyberbullying training to all certificated school employees and those who have regular interaction with students and provides access to the CA Department of Education's Online Bullying Training Module and Bullying presentation. In addition, the on-site school counselor supports students with any identified potential bullying situations and collaborates with administrators on potential next steps. The Bullying Prevention policy in its full form is accessible here on the BCS website.

Sexual Harassment is not permitted at Bullis Charter School. All staff receive training via CharterSAFE on the sexual harassment zero-tolerance policy. Additional information can be found in the Employee Handbook, Family/Student Handbook and as part of the school harassment prevention policy accessible here on the BCS website.

School-Wide Dress Code Policies

In accordance with EC 35183, the Family/Student Handbook outlines appropriate dress code attire to ensure all students feel safe and included. Any clothing that is deemed to be inappropriate or includes gang-related material is not permitted.

Procedures for Safe Ingress and Egress

Safety is a priority for Bullis Charter School, and this includes ensuring safe ingress to and egress from campus for all students, families, and staff. It is the responsibility of Bullis Charter School to ensure that all pathways to and from school buildings, hallways within school buildings, and emergency exits are clear from obstruction and allow for the flow of foot and vehicle traffic before, during, and after school hours. Crosswalks and sidewalks are also used for safe passage for bike riders and student walkers. Additionally, all visitors are required to check-in at the main office of each campus, as stated in the board policy on visitors located here as well as in the Family/Student Handbook.

Policies Enacted to Maintain A Safe and Orderly Environment Conducive to Learning

Bullis Charter School is committed to creating and maintaining a safe and orderly environment for all students and staff at the school. Many of the procedures and processes outlined below, including information on the school character pillars which dictate the tenet of the school environment, can also be found in the Family/Student Handbook which is accessible here on the BCS website.

Rules and Procedures on School Discipline

The procedures and procedures related to school discipline, including behavioral expectations and a sequence of consequences, can be found in the Family/Student Handbook.

Procedures for Tactical Responses to Criminal Incidents

In accordance with AB 1747, BCS has procedures for conducting tactical responses to criminal incidents, including procedures involving individuals with guns on campuses and/or at school functions. These procedures focus on preparation for active shooters and the necessary steps for staff and students to take in the event of such an emergency. These procedures have been developed following law enforcement guidelines and are practiced each year with staff and students. More information on the procedures for tactical responses can be found here.

Procedures to Assess and Respond to Homicidal or Perceived Threats

In accordance with EC 49393 and SB 671, any Bullis Charter School staff who observe or is made aware of a threat or

Documentary Record 002028

perceived threat that a student is going to "commit a homicidal act related to school or school activity" is required to immediately report such threat to law enforcement while also informing a school administrator or their immediate supervisor. All staff receive training in identifying violence in the workplace as well as ways to promote a safe learning environment in and outside of classrooms.

Protocol for Responding to an Opioid Overdose

As a direct response to an opioid overdose on campus, Bullis Charter School staff will assess their condition and activate/engage EMS. In accordance with EC 49428.16, Bullis Charter School will further work to prevent pupil opioid overdoses with Fentanyl education for the purposes of outreach, collaborating with local health agencies, building awareness and providing safety advice for school staff, pupils, and parents or guardians of pupils, on how to prevent an opioid overdose.

Mental Health Support

Bullis Charter School recognizes the importance of providing mental health support for students, staff, and family members and provides clear guidelines for the roles and responsibilities of mental health professionals, community intervention professionals, and school counselors. A School Psychologist and School Counselor are employed by Bullis Charter School and trained/available to provide support in times of crisis and trauma, as well as to support pupils who have witnessed a violent act at any time. They are further engaged, together with School's Leadership Team, to develop and implement primary strategies to prioritize mental health and intervention services, restorative and transformative justice programs, and positive behavior interventions and support.

Additionally, a Crisis Response Team exists to respond to and support students who demonstrate a potential risk for suicide and provide additional recommendations for support, if necessary.

Parental Notification on Firearm Safety Laws

Section 48986 has been added to the California Education Code (EC) and requires that beginning on July 1, 2023, Bullis Charter School shall annually inform parents and guardians of California's child access prevention laws and laws relating to the safe storage of firearms at the beginning of the first semester or quarter of the regular school term. This parental notification is mandatory and shall prevent crimes and accidents involving an improperly stored or misused gun found in the home of children.

i	Special Education/SELPA	Evidence	Addressed in Petition	Page
❒	Identifies whether or not in an independent LEA for special education purposes (with verifiable written assurances)		☐	75
❒	Consulted with the Santa Clara County SELPA Director		☐	77
	• Discussed special education responsibilities of charter	☐		77
	• Discussed application of SELPA policies	☐		77-83
❒	In writing explains how special education services will be provided consistent with SELPA plan and/or policies and procedures		☐	77-83
	• Includes fiscal allocation plan	☐		82
❒	If charter not an independent LEA (School of SCCOE for Special Ed):		☐	
	• Clarifies in charter the responsibilities of each party for service delivery	☐		
	❒ Referral	☐		78-79
	❒ Assessment	☐		79
	❒ Instruction	☐		79-80
	❒ Due Process	☐		81
	❒ Agreements describing allocation of actual and excess costs	☐		82
	❒ Charter fiscally responsible for fair share of any encroachment on general funds	☐		82
❒	If charter is own LEA		☐	N/A
	• Notified SELPA Director of intent prior to February 1st of the preceding school year	☐		N/A
	• Located within SELPA geographical boundaries	☐		N/A
	• Provides current operating budget in accordance with Ed Code § 42130 and § 42131	☐		N/A
	• Provides assurances that all will be instructed in safe environment	☐		N/A
	• Provides copy of original charter petition and any amendments to SELPA	☐		N/A
	• Responsible for any legal fees relating to application and assurances process	☐		N/A
	• Meets the terms of the "Agreement Regarding the Organization, Implementation, Administration and Operation of the SELPA (Section 12–13, Appendix A)	☐		N/A

Documentary Record 002034

	• Meets the terms of all SELPA policies and procedures	☐		N/A
	• Charter fiscally responsible for fair share of any encroachment on general funds	☐		N/A
❒	Petition includes the following assurances:		☐	
	• The charter will comply with all provisions of IDEA and plan for how it will comply	☐		77
	• No student will be denied admission based on disability or lack of available services	☐		81
	• The charter will include a description of the school's SST process as it relates to identification of students who may qualify for Special Education	☐		64-65; 78
❒	Staff members providing special education services are appropriately credentialed		☐	77
❒	Any facility used by the school does not present physical barriers that would limit an eligible student's full participation in the educational and extracurricular programs		☐	80-82
❒	The charter school will assume full responsibility for appropriate accommodation to address the needs of any student		☐	80
❒	The responsibility of the school to provide special education, instruction and related serves to the students enrolled in the school regardless of students' district of residence		☐	80-81
❒	Specialized instruction and services available at the school		☐	79
❒	The provision of Designated Instruction and Services (DIS)		☐	80
❒	Special transportation for students whose IEPs indicate that service is necessary for the provision of FAPE		☐	80
❒	The procedures for ensuring that students are referred, assessed and served in a timely manner		☐	64-65; 78
❒	A description of the school's "Search and Service" procedures		☐	78
❒	The dispute resolution procedures that will apply to any disputes between educational entities, including the SELPA and LEA, regarding the provision of special education services in the charter school.		☐	82
❒	Petition describes process for notifying district of residence and chartering district when a special education student enrolls, becomes eligible, ineligible and/or leaves charter school		☐	81
❒	Overview of how special education funding and services will be provided by:		☐	
	• Charter School	☐		82
	• Charter Granting Agency	☐		82
	• SELPA			82
❒	Petition describes the transition to or from a district when a student with an IEP enrolls in, or transfers out of, the charter school		☐	81
ii	**Implementation of Section 504 of the Rehabilitation Act**	**Evidence**	**Addressed in Petition**	**Page**
❒	All eligible enrolled students will receive appropriate accommodations and modifications consistent with Section 504 of the Rehabilitation Act	☐		82
❒	No student "otherwise eligible to enroll in the charter school" will be denied enrollment due to disability, or the charter school's inability to provide necessary services	☐		82
❒	All staff members providing services to the student are familiar with the identified needs of the student	☐		83
❒	Any facility used by the school does not present physical barriers limiting eligible students' full participation in the educational and extracurricular program	☐		82
❒	The charter school will assume full responsibility for appropriate accommodations, modifications and services to address the needs of any student regardless of the student's district of residence	☐		82-83
❒	Includes plan and appropriate staffing for 504 compliance	☐		83

B	Measurable Student Outcomes - "Exit Outcomes" or "Graduation Standards"	Evidence	Addressed in Petition	Page
❒	**Pupil outcomes are measurable, i.e. specific assessments listed for each exit outcome.**		☐	
	How pupil outcomes will address state content and performance standards in core academics.	☐		90-105
	Exit outcomes include acquisition of academic and non-academic skills.	☐		104-105
	Concise (one page) list of exit outcomes encompass specific skills, not too vague.	☐		N/A
	Affirmation that "benchmark" skills and specific classroom-level skills will be developed.	☐		64-85
	Affirmation/description that exit outcomes will align to mission, curriculum and assessments.	☐		105-107
	Affirmation that college-bound students wishing to attend California colleges or universities will have the opportunity to take courses that meet the "A–G" requirements.	☐		N/A
	Lists school-wide student performance goals students will make over a given period of time, projected attendance, dropout, or graduation rate goals, etc.	☐		Appendix E
	Acknowledges that exit outcomes and performance goals may need to be modified over time.	☐		105-107
	If high school, graduation requirements defined.	☐		N/A
	If high school, WASC accreditation standards addressed.	☐		N/A
❒	**LCFF/LCAP Measurable Goals of the Education Program: Charter provides assurance that all identified subgroups will meet performance goals that are stated in the charter**		☐	Appendix E
❒	Statement that pupil achievement measurements will include the elements listed below:		☐	Appendix E
❒	Alignment with state priorities 52060 (d) and description of **how** the charter will address all 8 state priorities		☐	Appendix E
❒	(A) Statewide assessments administered pursuant to Article 4 (commencing with Section 60640) of Chapter 5 of Part 33 or any subsequent assessment, as certified by the state board.		☐	Appendix E
❒	(B) The Academic Performance Index, as described in Section 52052/alternative academic performance data and documentation during suspension of API		☐	Appendix E
❒	(C) The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study that align with state		☐	N/A

Documentary Record 002036

	board-approved career technical educational standards and frameworks,		
❒	(D) The percentage of English learner pupils who make progress toward English proficiency as measured by the California English Language Development Test or any subsequent assessment of English proficiency, as certified by the state board.	☐	Appendix E
❒	(E) The English learner reclassification rate.	☐	Appendix E
❒	(F) The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher.	☐	N/A
❒	(G) The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program.	☐	N/A
For Charter Renewal, EC 47607 (a)(3)(A) defines the most important factor is the increase in pupil academic achievement for all groups of students served by the charter school. The Minimum Threshold for Student Achievement:			
❒	Provided evidence (including data and documentation) establishing that students have increased their academic achievement schoolwide and for all numerically significant pupil subgroups	☐	Executive Summary
❒	Evidence that the charter school served all students who wished to attend the school should there be sufficient space	☐	Executive Summary
The High Achieving threshold for renewal per EC 47607(c)(2)(A):			
❒	1. The charter school has received the highest two performance levels schoolwide on all the state indicators included on the Dashboard for which it receives performance levels; or	☐	Executive Summary
❒	2. For all measurements of academic performance (ELA, Math, English Language Proficiency, College/Career Readiness), the charter school has received performance levels that are the same or higher than the state average.	☐	Executive Summary
The Low Achieving threshold for renewal per EC 47607.2(a)(1) - Denial:			
❒	1. The charter school has received the lowest two performance levels schoolwide on all the state indicators included on the Dashboard for which it receives performance levels; or	☐	N/A
❒	2. For all measurements of academic performance (ELA, Math, English Language Proficiency, College/Career Readiness), the charter school has received performance levels that are the same or lower than the state average.	☐	N/A
❒	A charter may be renewed only if both of the following: the charter is making meaningful steps to address the underlying cause or causes of low performance and there is clear and convincing evidence that the school is making progress established by one year's growth for each year in school or strong post-secondary outcomes.	☐	N/A
The Mid-Achieving threshold for renewal per EC 47607.2(b)(1):			
❒	Review of dashboard state and local indicators, greater weight will be given to academic indicators	☐	N/A
❒	Verifiable data evidence of either: 1 year's growth per year in school or strong post-secondary outcomes	☐	N/A

M	Admissions Policies and Procedures Consistent with 47605.6(e)	Evidence	Addressed in Petition	Page
❒	Mandatory assurances regarding non-discriminatory admission procedures		☐	134
❒	Clearly describes admissions procedures, including any preferences • Identifies that the charter school will give preference to pupils who reside in the district and how the charter school will employ this preference • Preferences will be approved at a public hearing and cannot be changed without a material revision • Preferences consistent with federal, state law Preferences will not result in limiting access for students with disabilities, academically low-achieving, English Learners, neglected or delinquent pupils, homeless pupils,		☐	135-136

Documentary Record 002044

	economically disadvantaged pupils, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation			
	Includes a copy of an annual parent/student contract and/or handbook, if available	☐		Appendix F
❒	Includes detailed description of the admissions procedure, including how any public random drawing is implemented, including the steps in the process and how any preferences are applied.		☐	135
	Provides application and admission timelines	☐		135
❒	Specifies all information to be requested on any application		☐	135
❒	Specifies when and how parents will be notified on application and annually that volunteerism is not required for acceptance to or continued enrollment at the charter School		☐	135

Note that with regard to student recruitment, charter schools cannot recruit students in any way that discriminates against students on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in 422.55 of the Penal Code, including immigration status, or association with such persons. In advertising for students, charter schools are required by federal law to distribute materials in ways that effectively reach all segments of the parent community. Charter schools must also be sure to safeguard the rights of parents/guardians who are limited-English proficient, providing materials in languages other than English in order to communicate effectively with all parent groups. Similarly, in recruiting students of parents/guardians with disabilities, outreach materials should be available upon request in various alternative formats (such as Braille or large print, or in public meetings where interpreters are available).

Documentary Record 002051

Explanation of Bullis Charter School's status as a High Performance Category School:

Background: Determination of High, Middle, or Low Performing School Status

EC Sections 47607 and 47607.2, require a determination of whether a charter school seeking renewal is in the High, Middle, or Low Performing category based on academic performance results:

a. *High Performing: The chartering authority shall not deny renewal. The charter school shall only be required to update the petition to include a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed and as necessary to reflect the current program offered by the charter. The term may be 5-7 years, based on the chartering authority's discretion, if either of the following criteria has been met in the two consecutive years immediately preceding renewal:*

    i. *The schoolwide student group is in the two highest performance bands for all indicators on the California Dashboard for the preceding two years prior to renewal, OR*
    ii. *The schoolwide student group and a majority of the school's student groups perform the same or higher than the State average in all academic indicators on the California Dashboard for the two years prior to renewal.*

b. *Low Performing: A school will not be renewed if either of the following criteria has been met in the two consecutive years immediately preceding renewal:*

    i. *The schoolwide student group is in the two lowest performance bands for all indicators on the California Dashboard for the two years prior to renewal, OR*
    ii. *The schoolwide student group and a majority of the school's student groups perform at the same level or lower than the State average in all academic indicators on the California Dashboard for the preceding two years prior to renewal.*

    However, the chartering authority may make an exception and renew a low performing school for two years if it makes both of the following written factual findings:

    i. *The charter school is taking meaningful steps to address the underlying cause or causes of low performance, and those steps are or will be reflected in a written plan adopted by the charter school's governing board, AND*
    ii. *There is clear and convincing evidence that the charter school has either achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school, or the charter school has demonstrated strong postsecondary outcomes.*

c. *Middle Performing: Any school not deemed high or low performing is eligible to be considered for a 5-year renewal term. In determining whether to renew a middle performing charter, the chartering authority is to consider the following:*

    i. *Academic performance on the state and local indicators on the Dashboard, giving greater weight to measurements of academic performance*
    ii. *Clear and convincing evidence based on verified data showing either:*
        a) *The school achieved measurable increases in academic achievement, defined by at least one year of growth for each year of school, OR*
        b) *Strong post-secondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.*

In accordance with the standards established in *Education Code* Section 47607 and 47607.2, the CDE created a list of all charter schools and ranked their academic performance indicators from the California School

Documentary Record 002052

Dashboard, specifying whether each school is in the high, middle, or low performing category, or is a Dashboard Alternative School Status (DASS) program school. This list was intended to relieve the burden on chartering authorities and provide a starting place for the renewal process. Due to the COVID-19 pandemic, all statewide testing for the 2019-20 school year was cancelled and limited statewide testing occurred in 2020-21, therefore the 2020 and 2021 California Dashboards based on that data were cancelled. Thus, the data used to create the list is from the 2022 and 2023 Dashboards, as provided for in Education Code Sections 47607 and 47607.2.

California School Dashboard Data

In 2017, the State of California instituted the California School Dashboard (https://www.caschooldashboard.org/) to help parents and educators identify strengths and areas for improvement. The Dashboard reports how districts, schools (including charter and DASS schools), and student groups are performing across state and local measures. For state measures, performance is based on two factors: (1) current year results, or Status; and (2) whether results improved or declined from the prior year, or Change. Performance on state measures, using comparable statewide data, is represented by one of five colors with Red being lowest and Blue being highest (see Object 1 below). A performance level, or color is not provided on the Dashboard when a student group has fewer than 30 students. However, the Status and Change data will be displayed. Further, when a student group has fewer than 11 students, the group does not receive a performance level (color) and the group's Status and Change are not displayed to protect the anonymity of the students. This information is represented by using a grey color gauge with the words "No Performance Color."

Object 1: California Dashboard Performance Color Chart

Due to COVID-19 and the suspension of statewide testing, the California School Dashboard was suspended for 2020 and 2021. The 2022 (based on 2021-22 data) Dashboard did not have any prior year data for comparison and therefore only included Status levels. No Change was included. The 2023 (based on 2022-23 data) Dashboard had prior year data for comparison. Thus, Change was reinstated. The following data is based on 2022 and 2023 Dashboard data which shows the performance level colors, the Status from 2022-23 and the Change, or the difference (growth or decline) from 2021-22.

High Performing, Middle Performing, or Low Performing per the California Department of Education

As stated above, the CDE released a list of all the California charter schools' performance data and their performance category. Based on the CDE's list, Bullis is categorized as a high performing charter school. Object 2 below is a summary of the record for Bullis produced by the CDE performance category list.

Documentary Record 002053

Object 2: CDE Performance Level Criteria Chart for Bullis

CDS	43104390106534
School code	0106534
Dashboard School Type	Elementary Schools (Public)
Charter Type	Direct Funded
School	Bullis Charter
District	Santa Clara County Office of Education
County	Santa Clara
School Type	Elementary Schools (Public)
Performance Level	High Performing
Criteria	Criterion 2

(https://www.cde.ca.gov/sp/ch/documents/perfcat24.xlsx)

Criterion 2 allows a charter school to be placed in the High Performing category if the schoolwide student group and a majority of the school's student groups perform the same or higher than the State average in all academic indicators on the California Dashboard for the two years prior to renewal. The relevant academic indicators to Bullis, as a TK-8 school, are English Language Arts (ELA), Mathematics, and English Language Proficiency Indicator (ELPI). Objects 3, 4, and 5 below demonstrate Bullis's outperformance of the state in these three indicators for a majority of student groups, including the schoolwide group, for each year in its charter term.

Object 3: Historical ELA Dashboard Status Comparison to State

Education Code 47607(c)(2(A) states "the chartering authority shall not deny renewal for a charter school" which qualifies under the high performing category. Further, EC 47607(c)(2)(F) states the charter school "shall only be required to update the petition to include a reasonably comprehensive description of any new requirements of charter schools enacted into law after the charter was originally granted or last renewed and as necessary to reflect the current program offered by the charter." Objects 6, 7, and 8 provide additional detail from Bullis's Dashboard performance. Suspension and Chronic Absenteeism data are also included below, although these indicators were not factors in Bullis's Criterion 2 qualification for inclusion in the High Performing level. Bullis's Orange indicators in Chronic Absenteeism disqualify it from Criterion 1 inclusion.

MAIMONA AFZAL BERTA: 00:00

We will now move to the board's decision regarding Bullis Charter School. The Santa Clara County Board of Education will now consider and reach a decision on the District Appeal Renewal Charter School petition for Bullis Charter School. This action item is in follow-up to the public hearing held on July 17th, 2024. This action is being conducted pursuant to government code sections 47605, 47607, and 47607.2, and board policy 0424.4. This action will proceed as follows. First, the board will have a-- will hear an opening statement from staff who will be given 15 minutes. Second, Bullis will be given 15 minutes to comment, response to the staff analysis. Third, Los Altos School District will be given the opportunity to comment for no more than 15 minutes, should they choose to comment. Fourth, the board will hear public comment. Por-- per board bylaw 9323, public comments on this item will be 20 minutes, unless extended in accordance with board bylaw 9323, which states the county-- with county board consent, the county board president may increase or decrease the amount of time allotted for public presentation, depending on the topic and the number wi-- persons wishing to be heard. The county board president may take a poll of speakers for or against a particular issue and may ask for additional persons to speak only if they have something new to add. Speakers will be limited to one minute, and speakers utilizing a translator shall have two minutes. Speakers shall direct their comments to the board and are urged to avoid repeating points made by previous speakers. Uh, so, uh, the speakers-- fifth, board members may ask clarifying questions and, thereafter, the board will deliberate on this matter and make a decision regarding the charter petition renewal from Bullis Charter School. Dr. Dewan, will you please introduce staff and give the first 15-minute presentation?

DR. MARY ANN DEWAN: 01:58

Yes, thank you, um, President Berta from our charter schools department. I'd like to introduce Mefula Fairley, our executive director, joined by council from AALRR, Davina Harden, our Associate Director of Charter Schools, Dr. Michelle Johnson, and the financial administrator responsible for this, um, Bullis School, Cynthia Tapia. They are prepared to make their presentation.

MEFULA FAIRLEY: 02:36

President Berta, trustees, Superintendent Dewan, we are here this evening for the board's action on the renewal request for Bullis Charter School, an independent direct funded SCCBOE authorized charter school. Bullis's current charter term runs through June 30th, 2025. Bullis is requesting a seven-year term, as it has been designated by the California Department of Education as a high-performing school. Current enrollment is approximately 1,000 students. On July 17th, 2024, the SCCBOE held a public hearing on the Bullis renewal petition in accordance with the requirement to do so within 60 days of receipt of the renewal application. SCCOE Bullis and Bullis Purissima Elementary School entered into a first amended, amended memorandum of understanding in 2019, which remains in effect during any ch-char-- which remains in effect during any ch-charter renewal or appeal until a new agreement is reached.

MEFULA FAIRLEY: 03:38

The charter schools department has provided Bullis an updated MOU to align with current laws and practices. And if the SCCBOE renews the charter, SCCOE will continue to work with Bullis on finalizing the new MOU. I, in collaboration with other members of the charter schools department staff, including Dr. Michelle Johnson, Cynthia Tapia, Matt Daugherty, Shallu Sharma-- and Shallu Sharma analyzed the petition in compliance with the standards and requirements of the Charter Schools Act. Our team has expertise and experience in charter schools, charter school

Documentary Record 002061

renewals, specialty programming, including curriculum and instruction, English learner development, special education, school governance, and educational finance. We acknowledge the work of the lead petitioner, Maureen Israel, and the entire Bullis staff.

MEFULA FAIRLEY: 04:32 We want to state that our review of the Bullis renewal request was completed in an objective and factual manner. Although staff's full detailed analysis, including recommendations, recommended findings, and evidence supporting those recommendations was published and shared with Bullis on August 9th, 2024 and is found in tonight's agenda. I would like to provide an overview. As explained in previous presentations to the board, AB 1505 established a new three-tier system for considering charter renewals. Based on its performance on the charter school dashboard indicators, Bullis has been identified on the CDE charter performance list as a high-performing or high-tier charter school under criterion two, which states all students and numerically significant student groups outperform the state on the academic indicators from the California School Dashboard.

MEFULA FAIRLEY: 05:31 High-performing charter schools are only required to update their petitions to include a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed as necessary to reflect the current program offered by the charter. The chartering authority may renew high-performing charter school re-- m-may renew a high-performing charter school for a term of five, six, or seven years. However, any school, regardless of performance category, may be non-renewed pursuant to Ed Code 47607 (e) if the authorizer finds that the school is demonstrably unlikely to successfully implement the program due to substantial fiscal or governance issues or is failing to serve all students who wish to attend and provides the charter school at least 90 days notice-- 30, I'm sorry, 30 days notice and an opportunity to cure the violations to remediate these concerns, including a corrective action plan proposed by the charter school.

MEFULA FAIRLEY: 06:38 The county board may then deny renewal on these bases only by making either of the following findings. A, the corrective action proposed by the charter school has been unsuccessful or, B, the violations are succ-- sufficiently severe and pervasis-- pervasive as to render a corrective action plan unviable. In May 2021, the char-- the SCCOE sent Bullis a notice pursuant to these requirements of concerns regarding whether Bullis is serving all students who wish to attend. The SCCOE sent a reaffirmation notice in August 2023. Bullis submitted a corrective action plan and, and responses to these notices, and Bullis's work in this area was considered as we analyzed its renewal request. SCCOE has conducted several statistical analyses of Bullis's enrollment data and student group data in comparison to LASD as part of the notice, reaffirmation, and renewal processes.

MEFULA FAIRLEY: 07:40 Reviewing the data across the charter term and after implementation of lo-- of the lottery pre-preference adjustments and corrective action plan in response to the initial notice, we found growth has been made in English learners-- in the English learner and socioeconomically disadvantaged student groups. However, we also found there is still a stati-statistically significant difference between Bullis and LASD in the proportion of students who are Hispanic/Latino, students who are socioecono-economically disadvantaged, and students with disabilities. Staff also reviewed the renewal petition using the criteria established in California Ed Code Sections 47605 and 47607, consistent with County Board Policy 0420.4(c). Staff found additionally-- I'm sorry. Staff found additional specificity and requirements should be included in the MOU among Bullis, its governing entity, and SEOC-- SCCOE.

Documentary Record 002062

MEFULA FAIRLEY: 08:46 The additional information needed pertains to Bullis's educational program and its governance and operations, including compliance, compliance with the required charter elements. The necessary corrections include but are not limited to updating the following. Providing the names and qualifications of all board members, a further description of the process used to conduct the public random drawing for admission, aligning the description of the special education program and the process with current practices. Updates to the Bullis-Purissima Elementary School bylaws and other supporting documents to, to ensure they are consistent with the charter, the MOU, and the addendum to the MOU. Further efforts and actions will need to be taken regarding the el-- the Enrollment Action Plan to address the racial, ethnic, special education, and EL balance and ensure that Bullis is serving all students who wish to attend.

MEFULA FAIRLEY: 09:41 SCCOE staff recommends that these requirements include but are not limited to announcing the number of openings at each grade level prior to commencining-- commencing the open enrollment period, ensuring that applicant students are offered each of the announced open seats at each grade level in accordance with their place in the admissions lottery, updating the metrics for measuring the success or-- and effectiveness of the enrollment action plan, reviewing and, and modifying as appropriate the enrollment action plan annually, providing SCCOE with a report of the Enrollment Action Plan audit. The Charter Schools Department staff recommends that the SCCBOE conditionally approve the request for renewal of the charter for a term of five years on the condition that Bullis Charter School, the Bullis-Purissima Elementary School, and SCCOE enter into an MOU and/or an addendum to the MOU on or before December 6th, 2024, or such latter deadline as may be agreed to by the county superintendent or desig-designee. That includes all the provisions listed below-- above, sorry, all the provisions listed above, as well as any additional conditions or requirements identified by the SCCBOE and adopt the board resolution conditionally approving for a period of-- uh, for the period of July 1st, 2025 through June 30th, 2030. The charter renewal for Bullis Charter School and alternatively making written factual findings supporting denial and denying Bull-- the Bullis Charter School charter renewal if the conditions are not met. This concludes staff's opening statement.

MAIMONA AFZAL BERTA: 11:33 Thank you. Does Bullis Charter School have any comments regarding the staff analysis? And if you could just state who will be speaking for Bullis.

MAUREEN ISRAEL: 11:47 We do, of course. Yeah. Hi, everybody. I'm Maureen Israel, the superintendent. We do have slides. I know they'll load. John Lemo will also be joining me to speak.

MAIMONA AFZAL BERTA: 11:54 And you will h-- also have 15 minutes.

MAUREEN ISRAEL: 11:56 Great. Uh, can-- the-- yeah. Oh, that's not us. Can we-- yep. Maybe we can pause the time and restart it. Yeah, thanks. Awesome. Appreciate it. Thank you. Good evening, trustees, staff, President Berta. I'm Maureen Israel, the superintendent and principal with Bullis Charter School. I'm grateful to be back here today to clarify some final information for you as you make a decision about our school. Um, I'll be honest, I really struggled with how to open this presentation for quite some time. Uh, my team knows I'm usually not one to, uh, be caught short in words. Uh, they'll also call me out for always saying, "What does the data say?" before I make any decision. Uh, but it seems that before we begin to dive into the data and all the numbers and all the nuances of the words, it seems that we have lost sight of the fact that these numbers and these metrics, they are children. They are members of a family. You, me, we all know what it means to be seen as a number, to not be seen as an individual, to not

Documentary Record 002063

have an identity, to not be a person with hopes and dreams and experiences. This is the value that leads me in education and leads me in my work. It is this idea and the value of inclusivity. Next slide, please. And so I ask all of us, before we do the same thing, I'm going to do the same thing. I'm going to dive into the numbers. I'm going to dive into the data. I want us all to be reminded these are children and families and little lives that you're making decisions about. Almost 300 here to be exact, five hours later, while we're still waiting.

MAUREEN ISRAEL: 13:27

There's about 100 people in the overflow room. These children should be in bed. I can't imagine being 7, 8, frankly, ev-even 13 and being told that my voice matters to defend the future of my school. I don't know what I would have done. I definitely would not be as brave as these kids sitting here tonight. It breaks my heart that this is their experience. They should be thinking about the homework that's due tomorrow. They should be wondering what they're going to have for hot lunch. And, instead, they're sitting here thinking about the fate of their school before they even understand the politics that are alive and well in this room. Next slide, please. So I ask you, as we dive through this data into these presentations, please don't forget the humanity of why we are all here and why we are all part of education. Next slide. As you're aware, AB 1505 states two reasons why a high-track school could be denied. If there are fiscal governance issues or if they are not serving all students who wish to attend with specific evidence. There are no fiscal or governance issues at Bullis, as the staff report has confirmed. There is not even one example in the staff report of excluding a student who wished, who desired to t-- to attend Bullis. That's because there are no examples. Instead, we are actively encouraging families to enroll. Next slide. This is all part of our outreach and engagement strategy. We want to remind you of the extensive program we run, led by our Director of Community Engagement and Outreach, Veronica.

MAUREEN ISRAEL: 14:52

We work to distribute flyers to a variety of locations throughout the district, daycares, local businesses, apartment complexes, food trucks, door-to-door. We run advertisements in local newspapers, both in Spanish and in English. Next slide. Mailers are sent out to Los Altos School District residents, as well as specific mailers in Spanish, targeting key areas of our community. We run parent information sessions in person and online with translations provided. We run school tours with translation opportunities for all families who participate. Our current families are an incredible resource. They serve as bear guides to ask questions to, and they invite our new families to invent inve-- events each year, such as our diversity celebration. This outreach is the only way that we can influence the enrollment in our lottery. Next slide. And this is the why that we do that. As required by Ed Code, all of these outreach and recruitment efforts, these are the description of the means by which we work to achieve a balance. That balance should be reflective of the general population of those residing in the jurisdiction of the school district. This is the law that we are obligated to meet. We are obligated to describe how we will work to be reflective of the general population of Los Altos. You'll see here our numbers are compared to the general population of Los Altos. This is measured by the 2020 census data. We are reflective of the general population.

MAUREEN ISRAEL: 16:19

Next slide. We also want to clarify the enrollment process, as there were questions about this during our public hearing. Our lottery process runs just as any other charter school's would, not only in the Bay, but across the nation. I was a school leader in Houston, Texas for over a decade, and our lottery process ran exactly the same. There's a specified time for open enrollment when families can fill out their enrollment forms to be entered into the lottery. During that process is our outreach

Documentary Record 002064

and recruitment time. The lottery is run by SchoolMint, a third-party platform that runs lotteries for thousands of schools across the country. We make offers on the lottery date, and then we continually make offers through the rest of the spring and the summer once we learn of current families that might be leaving or new openings that become available. Next slide. During the open enrollment period, there are very limited questions or data that we can gather on those who choose to enter the lottery. We can capture their name, date of birth, their parents' names, verification of residence. They can choose to independently confirm their income level for free reduced lunch. But that's it. We cannot ask questions on race, on disability, on the home language. We cannot gauge their English learner status. This is all illegal for us to gather. Only after a student is accepted and filling out the registration form can this data be gathered. Therefore, our recruitment strategies remain the only portion of the lottery process we have control over. And, as you've heard, we have an extensive recruitment strategy. You've seen this detailed in our enrollment action plan as well.

MAUREEN ISRAEL: 17:51

We always welcome new ideas or strategies that we haven't tried, and we have asked SCCOE staff for input on any strategies we should consider. Next slide. As shared previously, it is not legal for us to ask or to use ethnicity or race as part of the enrollment process. We can only collect this data passively after a student has registered. This is why we are deeply concerned with SCCOE's recommendation on metrics and targets to increase our Hispanic population. It just is not legal. Furthermore, we are concerned about the anti-Asian sentiment that persists in this recommendation. It seems to ignore Asian-American families' lived experiences as legitimate. There is a depth of culture and diversity within our Asian population. And to allow this model minority stereotype to persi-- to persist is antithetical to the values that our school embodies and, I know, w-- the values that you as trustees stand for as well. Next slide. I wanna talk specifically about the representation of the Hispanic community in our school. As SCCOE's staff noted in their recommendation, there has been stability in the Hispanic/Latino community at BCS over the years. We've noted not only stability, but a slight increase. This is important to note, as the independent demographer data we shared last week shows that the Hispanic/Latino population in Los Altos is decreasing. To see this decrease and yet still see stability in our school population is important. We have noted a slight increase in our Hispanic/Latino population for the '24/'25 school year. With this documented decline in the Hispanic/Latino population, it's curious to us how SCCOE's staff would expect to see a percentage increase in our Hispanic enrollment. It seems misguided and not based on data.

MAUREEN ISRAEL: 19:32

It's important to note that our current Hispanic population is already on par with the Los Alto census data, which is the general population of the jurisdiction as noted in law. Next slide. Just to further exemplify this point, there were 15 TK/K Hispanic EL students in the '23/'24 school year across the entirety of the Los Altos School District. We're talking about an incredibly small pool of students. Next slide. Here's another slide showing the actual number of Hispanic students across all grades enrolled at each school in '23/'24. The request for us to increase our Hispanic population greater than the Los Alto census data seems irrational, and we're talking about such a small denominator of students overall. A single-digit number of students could sway the overall percentage of any school. Next slide. We also want to acknowledge the claim about serving our FRL families. You can see here where Bullis's FRL representation was relative to other schools across the district. We know our FRL number has continued to increase this school year above 5%, thanks to the preference we have in place. We also want to clarify there is no FRL cap in our lottery preferences. The 10%

Documentary Record 002065

is a, a goal. It is not a cap. Next slide. Finally, we're concerned about the request that we need to more closely mirror LASD's special education numbers. Not only are we relatively, relatively in the mix compared to all the other LASD schools, but LASD was flagged for significant disproportionality by the state. A disproportionate number of the Hispanic and Latino students were identified as special education. These are numbers we do not want to be asked to achieve, as it has been noted by the state that they are inflated. I'll have John continue the presentation.

JOHN LEMO: 21:14

Thank you, Maureen. Hi, John Lemmo here, uh, on behalf of Bullis. If you could, uh, go to the next slide, please. So high-performing charter schools are presumed to be fast-tracked for approval. You should really be proud that you have one of the highest performing schools in the entire state. Uh, the legislature gave you the process for fast track because it was-- it was designed to-- for when you've got great schools like this, you shouldn't burn them, and you shouldn't burn your staff with going through, uh, a highly detailed, exhaustive process. You should renew them, unless there's some strange exception. And we heard what the-- what the two are from, from, from your-- from your staff. But these are super rare ex-exceptions. They've never happened before. No one's ever found that these exceptions apply. They're an escape hatch if you've got a high-performing charter that has something disastrous about it. Not, not something that's happening here. SCCOE asked for a plan for BCS to improve its diversity some years ago, and BCS did that. They implemented, implemented it, and now BCS is unquestionably the most diverse school in Los Altos. Uh, yet the staff report says they're not gonna be successful. That-that-that's crazy. With the AB 1505 changes, you're supposed to be embracing schools like, like Bullis, not penalizing them with conditions. Um, what's happening here is conditions are being attempted to be imposed that would f-- sort of force a reduction in the Asian population of this school and increase the Hispanic population for really no reason. BCS matches, uh, Los Altos almost more, more closely than nearly all the other charters that you authorize in comparison to their authorizer districts.

JOHN LEMO: 22:49

At the public hearing, your staff said, "Oh, don't worry about that. This is about BCS. It doesn't relate to those things." Wrong. You have to look at that. It's arbra-- arbitrary and capricious for you to apply a different standard to BCS but not, not to a-a-nyone else. And as the extr-- expert report in the record indicates, your Hispanic population is declining. The staff's missing kind of the key point in, in the-- in the exception. It's you can find an exception with facts, specific facts, if BCS is actually excluding people who wish to attend. There's no evidence in the record whatsoever about anybody, anybody who wishes to attend that's being excluded. Sort of missing that whole point. Staff wishes those words weren't there, but they are. Instead, they think that if we don't precisely match, uh, uh, LASD, someone must be excluded somehow, but that analytical gap is not bri-bridged. There's no specific evidence. Could, could we go to the next slide, please? And I'm gonna go through this as quickly as possible. Um, a-again, like I said, if you could please look at your staff report at pages 266 to 270. You'll see graphs using CDE's data, the same data that your staff is using, demonstrating, without any doubt, that BCS more closely resembles the de-demography-- demo-demographics of, of LASD than anybody else. So just sit back for a minute and think what your staff is asking you to do. Penalize one of the highest-performing public schools in the entire state for excluding students who wish to attend with no evidence whatsoever of any such exclusion in the face of irrefutable evidence that BCS more closely resembles the demographics of the local district than nearly all the other charters you authorize.

Documentary Record 002066

JOHN LEMO: 24:30

If that sounds crazy and racist, that's because it is. Staff believes there's too many Asians at BCS and we should reduce that population to increase, um, uh, Hi-Hispanic enrollment. Tha-that's crazy. Quick comment, uh, about LASD. Um, they have no right to give a 15-minute presentation. There's no statutory obligation that they get that. This is not an appeal of a denial at LASD. It's an abuse of our process for them to be provided 15 minutes. Um, they don't get special time. They're just like any other member of the public. Um, I realize you're doing that. That's an abuse of process. I also note that our LASD reps here ha-ha-have a copy of our PowerPoint presentation that we submitted to staff earlier today. I also find that to be an abuse of our process. There's a-- I, I read their comment letter, and there's some talk in there about their so-called 10th site and BCS moving there. BCS-- it's too small for BCS. BCS is not gonna move there. Uh, we have a statutory right to stay put at Egan and Blach where we are now, and that's where we're gonna stay. If the district, uh, wants to make bad choices with, with bond measures and the like, that's on them. But it's got nothing to do with BCS and it's got nothing to do with this proceeding. Again, don't penalize this, this, uh, high-performing charter school with unsupported findings. Do what the legislator intended. And just by motion, you can bypass staff's recommendation if there's no findings for denial. Just by motion, move to approve and renew the charter as submitted. And we would say for seven years. Could we please advance the slide-- uh, slides, please, towards the-- to the last slide?

JOHN LEMO: 26:08

So here's in italic, bold, the motion that you should-- you should simply adopt. CDS has determined that Bullis is high-performing. It's unquestionable. They're entitled to the fast track, uh, renewal process. It's unquestionable. It's in the statute. Uh, one of you should move that the-- you, the board, approve this charter school petition for renewal as presented for a term of seven years. You can do it for five or six. You should have some findings to support why it's not seven. We've demonstrated, I think irrefutably, that this charter is entitled to seven years, but that is within your discretion to choose between five, six, or seven. But you really don't have much discretion at all under these facts. There are no facts before you that show that anybody has been excluded who wishes to attend. None. So do what the legislature intended for you to do, please, and renew this charter so we can-- we can move on. Uh, your, your-- you-- your efforts in approving this charter in that manner, if someone wants to sue you for that, you will prevail because the statute provides you that exact authority to, to, to do in this-- in this circumstance. Thank you very much.

MAIMONA AFZAL BERTA: 27:19

Are there any representatives from the Los Altos School District who wish to comment at this time? And, if you will, please state who is speaking for the district for the record.

BRYAN JOHNSON: 27:27

Yes, thank you. My name is Bryan Johnson. I'm the current president--

MAIMONA AFZAL BERTA: 27:29

You also have 15 minutes.

BRYAN JOHNSON: 27:30

I'm the current president of the LASD Board of Trustees. Um, good evening, President Berta, Vice President Rocha, trustees, Superintendent Dewan, and Charter Schools Department staff. Thank you once again for the opportunity to comment tonight on behalf of Los Altos School District. Contrary to BCS's accusations, LASD is not trying to ben-- penalize BCS, nor do we believe SCCOE is trying to. In fact, we've been trying to convince them to trade their aging portables for space on a brand new campus. What we have been trying to do, at least in my eight years on the board, is convince them to partner with us cooperatively to serve all the students in our district as well as the

Documentary Record 002067

broader community. Unfortunately, those efforts have tended to be met with the same hostility that was evident in BCS's attorney's presentation just now. Next slide, please. As you consider what action to take tonight, I would like to comment on some aspects of the staff report and how this renewal process has played out. Next sride-- next slide, please. Sorry. It's been a long night already. The staff report finds multiple grounds for denial. There's been a lot of discussion about the failure to serve all students, but we think the failure to comply with the law and cooperate with the charter schools department is just as significant. The charter renewal process is the most important opportunity for the charter and the authorizer to work collaboratively to examine the program, make any needed changes, and establish expectations for the subsequent renewal term. Therefore, any approval would have to be based on finding some way to fix the renewal petition and develop a viable corrective action plan.

BRYAN JOHNSON: 28:53

Even if BCS were open to it, we're not sure that the proposed resolution would achieve either of those goals. And if BCS refuses to address these issues, then we believe that denial is well within your discretion. Next slide, please. As mentioned at the July hearing, BCS's program is not sustainable without a level of fundraising completely unknown in public education. Every year, between a quarter and a third of their funding is based on donations. Next slide, please. And they've always made that funding need clear by framing it as a so-called funding gap that must be filled by BCS families. In the early years, this funding gap slide was included in parent information night presentations. And while the content may have moved to the Educational Foundation, the mindset is still there. Next slide, please. And so BCS does not serve enough FRPM students and has no plans to. Despite the fact that the half-hearted correction active plan-- correction action plan has not remedied the issues present in the 2021 notice of concern. Not only is BCS not proposing to strengthen that plan, for example, by removing the cap from the FRPM preference, they are proposing to weaken that preference by expanding the sibling preference that precedes it, reducing the number of slots that are then available for FRPM students. Next slide, please. BCS, unfortunately, does also not adequately serve students with disabilities. This is not just an issue of scale. There are many districts in the region with fewer than 1,200 students. All of them have students who ha-- need more intensive services, and all of them provide those services. As they said on July 17th, BCS essentially offers only pull-out services for students with disabilities.

BRYAN JOHNSON: 30:30

When students have more serious needs, they always end up leaving the school, as we have seen throughout BCS's existence and, again, just recently, with the two cades-- two cases we provided to CSD staff earlier in August. Another student with an IEP requiring significant accommodations left BCS just last week after the third day of sixth grade, as outlined in the email in the complaint that we submitted to you today. These are students who wished to attend BCS and, in fact, did so for several years. When they required more services than BCS was willing to offer, they were denied access to a free and appropriate public education at BCS and bullied out of the school, just as they are trying to bully you into approving this renewal petition as presented. Next slide, please. The staff notes that EL students are the one area of concern where BCS appears to have made some progress in closing the gap with LASD, although it also notes some concerns about the quality of their ELD instruction. However, most of the change appears to be due to a large number of TK students assessed as ELs in the '23/'24 school year. California has since re-recognized that the EL assessment test is not appropriate for TK students. If we exclude those students from BCS's demographics, the EL gap with, uh, with LASD has actually widened significantly since 2016/17, rather than narrowing. Next slide, please. The concerning student survey

Documentary Record 002068

results highlighted in the staff report are another indication that BCS is not successfully delivering their educational program to all students who wish to attend, and a possible source of the recent dramatic increase in middle school outflows. Many current and former BCS families are unhappy that the school is so large.

BRYAN JOHNSON: 32:08

And we have also heard many reports of a persistently hostile environment experienced by some students and parents. According to the staff report, more than 100 students, almost 10% of the school, who were enrolled on Census Day in the '22/'23 school year, had left before the end of the year, a huge increase from the numbers seen prior to their last charter renewal and their subsequent expansion. For a responsible charter school, the renewal process would be a valuable time of introspection and an opportunity to work collaboratively with the charter school's department to identify and make needed changes. Next slide. It would appear that close to half of BCS fifth graders do not graduate eighth grade from BCS. This in itself indicates a failure to successfully implement their middle school program. The obligation is to serve all students, not merely to enroll them. Next slide, please. The bottom line, as laid out in the staff report, is that the limited corrective action plan established in the wake of the 2021 notice of concern has not been successful. And it's worth noting that all the proposed resolution would really require them to do is to keep trying to improve that plan. Their opposition to it can therefore not be rooted in an argument that the conditions of the MOU are an abuse of your oversight authority, but rather their fundamental claim that schools with high test scores are immune to oversight authority. Next slide, please. There are several potential changes to their charter petition that could satisfy BCS's obligation to develop a corre-- viable corrective action plan. Unfortunately, BCS has generally rejected them all out of hand.

BRYAN JOHNSON: 33:35

BCS wants all of the freedom that comes with being a charter school without any oversight and without the responsibility to its community and to underserved students that the legislature intended to be the price of that freedom. Next slide, please. Now I would like to offer, uh, some observations about the renewal petition and the renewal process as it has played out. Next slide, please. This chart is based on the analysis on pages 22 to 36 of the staff report. Of the 15 required elements in a charter or renewal petition, 5 were found to be reasonably complete. Another 4 were sufficient only because the missing content was already present in the MOU from the previous renewal. And 6 are acceptable in the staff report if, and only if, fixed in a new MOU. Again, any responsible charter operator would have worked with CSD to ensure that their renewal petion-- re-ren-renewal petition was considered reasonably complete and correct before starting the 90-day countdown to this decision hearing. Or, once issues were identified, would have worked to resolve them, rather than deny the county's authority to point them out or do anything about them. Next slide, please. It's way too late to go through all of the recommended MOU terms in the proposed resolution in detail. But I do want to point out two things. First, that the renewal petition before you requires so many changes that the resolution does not enumerate them, but rather includes them by reference. I counted more than two dozen, but I'm not sure that I found them all. And, second, unless I missed it, the recommended denial of one of the surreptitious changes to BCS's enrollment preferences does not seem to be referenced anywhere in the proposed resolution, which is just another indication of how many issues there are to be addressed.

BRYAN JOHNSON: 35:13

Next slide, please. MOUs can be a useful tool, but their effectiveness as a corrective tool is unproven. It is important to note that the terms required in this proposed MOU are not all trivial but, in many cases, material to the operation of Bullis Charter School. We are concerned that CSD is being set up for more years of the same kind of

Documentary Record 002069

tendentious back and forth that the staff has been experiencing for the past three. This proposed MOU has been designed for a charter administration that is willing to learn and improve, not one that refuses to provide basic information or agree to even a brief extension to the charter hearing deadline. Next slide, please. I want to conclude by highlighting just how far this situation is from a normal charter renewal process and how willfully BCS is attempting to prevent the charter schools department from exercising their statutory oversight responsibilities. Next slide, please. It's unfortunate that the first renewal to come before you after this long hiatus is such an abnormal case. This slide is from the presentation on the charter renewal process from your meeting on, on August 7th. It is our understanding that, while it is not unknown for MOUs to be finalized after the decision hearing, those have generally been to allow for joint agreement on details of items already agreed to in principle. We know of no precedent for the present situation where a proposed but unwritten MOU is necessary to mitigate multiple grounds for denial and when the charter is referring-- is refusing to provide the information needed to inform that mitigation. We do understand the desire to bend over backwards to afford having-- to avoid having to deny the charter of such a large school.

BRYAN JOHNSON: 36:43

It is unfortunate that, instead of accepting your olive branch, BCS instead seems inclined to snatch it away, break it in half and set it on fire. Next slide, please. It's worth noting that as many issues as the staff report has identified, even more might have surfaced if the charter school's department had not been forced to curtail their normal information gathering process due to BCS's hasty submission. Next slide. BCS clearly doesn't believe that the charter school's department has real oversight authority in this case, so I don't need to belabor that. However, I do wanna note that, in addition to stonewalling the charter school's department, they've apparently gone so far as to violate CDE regulations by delaying the entry of student information into CALPADS this year, which risks interfering with delivery of EL testing and subsidized food services. The fact that you are in this painful position is not the fault of the county or the charter schools department, but the BCS administration. And I feel terrible for the families who may now face uncertainty as a result of their arrogance. Next slide, please. Given BCS's rejection of the concept of conditional approval, I won't belabor this issue either. Suffice it to say, meaning no disrespect, we believe that any MOU once finalized would need to come back before SCCBOE for approval, rather than being at the sole discretion of Dr. Dewan. Next slide. So, at the end of the day, we have in BCS a charter school that has a documented failure to serve all students, that has failed to provide a via-- to propose a viable corrective action plan, that has submitted an incomplete petition and that has not only refused to answer charter school department questions, but appears to have taken affirmative steps to hide information.

BRYAN JOHNSON: 38:17

Unfortunately, we don't see that you have another alternative to denial if you are forced to make that decision tonight. The path laid out in the proposed resolution would seem to be non-viable-- non-viable given BCS's rejection of the proposed resolution and the whole idea of conditional approval. We still think that the best option would be for BCS to change course and withdraw this renewal petition and work with CSD to craft a new one which addresses the many grounds for denial presented in the staff report and then resubmit. This would allow the charter school's department to go through their full process, execute a normal MOU, and bring the whole packet back to you for approval as the process is designed. That's how it's supposed to w-- how-- that is how it is supposed to work, and that's how we hope-- what we hope will happen in this case. However, should this renewal petition be denied, we would be happy to work with BCS to create a charter with LASD as the

Documentary Record 002070

authorizer in plenty of time for the next school year to avoid disruptions. To approve this renewal petition as presented would be to validate the notion that so-called high-performing charter schools are essentially exempt from oversight, even when that performance has more to do with demographics than anything else. That they can, to quote the staff report, "Just write something or anything and forget about it." To approve this renewal petition as presented would be to turn a blind eye to the many students over the years who have been bullied out of the school for requesting accommodations or other services the BCS was unwilling to provide. To approve this renewal petition as presented would be to lend credence to their incredibly offensive argument that efforts to exercise over author-- oversight authority over BCS are due to anti-Asian bias, rather than the fact that BCS was founded and operated, for most of its history, to serve the interests of wealthy neighborhoods rather than those of the district as a whole. And, finally, to approve this renewal petition as presented would be to fatally undermine the very notion of charter oversight authority in wealthy areas of the county and the state. I thank you for your time and attention.

MAIMONA AFZAL BERTA: 40:19

Thank you. And, uh, t-- thank you to all of our presenters. Um, just as a reminder, um, I did go over the protocols at the beginning of the meeting in terms of conduct. But in order for us to have-- to be able to ask the questions that need to be asked and to engage in this discussion, we need to be able to hear the speakers. Um, so please refrain from side comments, booing, cheering, clapping, or any other types of noises that could cause a distraction. We will now move to public comments. And as I stated earlier in the meeting, um, we are basing this on our board policy. So that is for the item for up to 20 minutes. The county board president may increase or decrease that time that it's allowed for a pres-- public presentation, depending on the topic and the number of persons wishing to be heard. Uh, Dr. Dewan, can you indicate how many speaker cards we have at this time?

DR. MARY ANN DEWAN: 41:22

Um, we have approximately 60 s-- uh, speaker cards at this time.

MAIMONA AFZAL BERTA: 41:26

Okay. So speakers will be limited to one minute, and speakers utilizing a translator shall have two minutes. Um, speakers shall direct their comments to the board and are urged to r-- avoid repeating points made by previous speakers. And, um, at this time, I'm going to defer to the board to see if we can-- um, to understand what the board's preference is. We do have our stated board policy on the 20-minute duration. Um, and I-- just one thing I would ask is, whatever determination we make for this charter school, the practice should be consistent for ar-- all charter schools since we do have a number of renewals upcoming. And the time is 10:20 PM. So I will just put that out there for the board. Um, if there are--

DON ROCHA: 42:23

Question?

MAIMONA AFZAL BERTA: 42:24

Yes, Vice President.

DON ROCHA: 42:25

I may-- I-- question to the superintendent. So the establishment of that past practice of 20 minutes, um, of testimony for the second hearing, I guess, so to speak. What was the genesis for that? Is there a purpose to that? Is it because that, in the first hearing, we had the public comment and that's the open public comment period and this is considered separate or what has past boards determined as to the difference between the two, if you don't mind me asking, please?

DR. MARY ANN DEWAN: 42:52

Um, so the board bylaw specifically, um, uh, addresses for the board to be able to-- or it's, it's a shall statement. So it says that the board shall limit up to 20 minutes on, um,

Documentary Record 002071

specific agenda items. Um, the-- and because this is an action item, it's an agenda item. For the purpose of the initial hearing, it's conducted more like a hearing, which is what has, um, permitted the board to, uh, take as many public commenters as wish to speak during the hearing.

DON ROCHA: 43:29 And has past boards stuck to this bylaw, generally speaking?

DR. MARY ANN DEWAN: 43:33 Um, generally speaking, yes. Um, there, um, have been, I think, times when, uh, the board may have, um, slightly increased or decreased the amount of time by taking a poll, for example, um, saying how many speakers are for or against, that type of action, which is also contemplated in the board bylaw.

DON ROCHA: 43:55 All right. Thank you. I'm comfortable with continuing the bylaw, but I agree with you that, if we're gonna do that, we need to do that. We should make an effort to be consistent with all other, uh, charter applications that we're gonna hear. But that's just my two cents. Thank you.

MAIMONA AFZAL BERTA: 44:11 Trustee Sreekrishnan.

TARA SREEKRISHNAN: 44:13 I, uh-- President Berta, I support-- personally, I support doing the poll with our-- with our public here. They s-stayed quite a bit of time. [laughter]

MAIMONA AFZAL BERTA: 44:25 Trustee Chon.

VICTORIA CHON: 44:26 Um, is it marked on the comment card or we have to, like, do a raising of hands in the audience right now? How is this poll conducted?

DON ROCHA: 44:35 What are we asking?

MAIMONA AFZAL BERTA: 44:35 Dr. Dewan.

VICTORIA CHON: 44:36 That-- yeah, that's what I'm asking. What's the procedure for the poll? Is it on the comment card where they're speaking in favor or against? Or are we literally gonna have the public raise their hands?

DR. MARY ANN DEWAN: 44:45 Um, so it's been done differently. Um, it is not on the comment-- public comment card. Um, it has been done by a show of hands. It has been done by, um, requesting the individuals stand, um, to get a general visual of, um, those who are for, um, a particular, uh, action.

MAIMONA AFZAL BERTA: 45:12 Trustee Di Salvo?

JOSEPH DI SALVO: 45:17 Thank you, Madam President. On the issue of how many-- are we talking about how many-- how much time are we devoting to public comment for this issue? Because we've been-- I've been on the board 16 years. I know what the board policy states. And, initially, it's three minutes, but it's up to the board president to determine whether it's less than three minutes. So we had two minutes as the protocol for a long time for every speaker. And since Claudia Rossi was board president, that was changed to one minute. But then, at times, she changed it to two minutes, um, depending on the issue. It's been very political. Um, I think that we should allow as many speakers as we wish to have time for this item, as you wish to have time, that we could possibly have. Um, it's too important not to. It's what the city of San Jose does, even if they have hundreds of speakers. Um, uh, so I don't like to limit speech in

Documentary Record 002072

any way, shape, or form, um, unless it's getting too late. And you know how I feel about lateness? Um, I, I kind of melt after 11:30 at night.

JOSEPH DI SALVO: 46:27

Um, but I, um, I, I, I agree, uh, we nee-- I agree with Vice President Rocha. We need to be consistent in doing this. We haven't been consistent in my 16 years. It's been driven by politics. It's been driven by the president and her or his politics. What Leon Beauchman did when he was chair was he said, okay-- we, we had charter schools every, every meeting. Every meeting, we were either approving or-- um, a first charter school or reauthorizing a charter school, almost every meeting. And he said, "Okay, uh, I see that there are hundreds of people here tonight. Would each side choose 20 speakers?" And that's what we did. I don't know if you were here at that time, but that's what we did as hi-his protocol as president of the board. So what is acceptable to me tonight is that we allow as many as possible within the timeframe we have for this item, um, and to allow one minute or, if it's being translated, the two minutes, uh, that we allow for translation purposes. But I'm, I-I'm not in favor of limiting speech for this item at all.

MAIMONA AFZAL BERTA: 47:44

Trustee Sreekrishnan.

TARA SREEKRISHNAN: 47:45

And so t-- f-- Trustee Di Salvo, just to clarify, the board bylaw says a total of 20 minutes for all public comment, which is what we're, um, checking in on. And I'd love your opinion.

JOSEPH DI SALVO: 48:02

Well, we're the board, right?

TARA SREEKRISHNAN: 48:03

Yeah.

JOSEPH DI SALVO: 48:04

So we decide. Right now, we're the board, we decide. I, I, I-- that's what I believe. I believe it's in large measure with the p-president's leadership. But, um, we-- I think we can, right now, as the board, a-amend the things that, uh, have been-- but we've never had pro-- we've, we've, we've allowed s-- um, uh, Vice President Rocha s-s-said we need to be consistent. I don't think that's consistent with our past practice a-at all, at all, not even close.

DR. MARY ANN DEWAN: 48:43

President Berta, may I add a descriptor?

MAIMONA AFZAL BERTA: 48:46

Dr. Dewan.

DR. MARY ANN DEWAN: 48:47

Um, so what Trustee Di Salvo is mentioning about how different presidents maybe conducted the poll or managed to stay within the time, one of the examples was, um, and I believe a couple other presidents did this as well, they would ask each of the parties to identify representative speakers. So we still roughly stayed within the 20 minutes. Not everybody spoke, but they were able to identify who would represent. Um, another practice was to have, um, speakers just agree with previous speakers so that their comments would be, uh, you know, n-not repetitive and could be very quick. So speakers would come up and say, "I agree with," you know, so-and-so or, "I support," um, you know, so-and-so or, "I support this item." So then the speaking didn't take the full minute, would be other examples of how the board stayed within their 20 or 30 minutes they identified. Does that match your recollection as well, Trustee Di Salvo? Yes. Okay. Thank you.

Documentary Record 002073

MAIMONA AFZAL BERTA: 49:56 — Uh, just in the interest of getting us moving along, I'm hearing lots of different ideas and, um, this being our first, uh, for this board, at least, renewal, um, and trying to be equitable, I do think we can do a poll, I think, in terms of not totally hearing a clear consensus on what, uh, we'd like to do with the timing. So that's a little bit of a challenge. Uh, but I do appreciate the idea. And I'm not sure if staff is prepared to help facilitate whether we can ask for a specific number of each.

DR. MARY ANN DEWAN: 50:34 — Um, in the past, we would have, um, allowed both parties advanced notice to do that. And we, we didn't do that. So I think we would have to, you know, to ask them if they have representative speakers already identified.

MAIMONA AFZAL BERTA: 50:48 — Trustee Chon?

VICTORIA CHON: 50:50 — Um, I was gonna say we're gonna spend 20 minutes deciding if it's gonna take 20 minutes. But, um, I just-- I wanna say I think we should just stick to the 20 minutes and the sake of moving things along. Um, I will say I am hesitant about doing a poll because, if we do so, I do not want any member of the public think because one-- the poll is heavily one way or another, we are cutting off the voices in that direction. So I would be, um, very, um, specific about how we do a poll. That is my concern if we do a poll.

MAIMONA AFZAL BERTA: 51:24 — Do you have suggestions?

VICTORIA CHON: 51:25 — I would-- I would suggest maybe, um, we could, if, if it's 20 minutes, 10 minutes for each side and then, um, members of the public could pick some representatives. And then if, if there's additional time, then other members can come up and say, "I agree," or, "I don't agree." But that would just be s-- I'm just trying to make it equitable.

MAIMONA AFZAL BERTA: 51:45 — I guess the other concern is we wouldn't be able to see the overflow room, so we also don't know what the, the polling of that is. Okay. So we will-- it sounds like we will proceed with the 20 minutes and try to get a, uh, fair representation of perspectives from, um, from different sides of this issue.

DR. MARY ANN DEWAN: 52:09 — Just for equitable purposes, President Berta, um, our timer, uh, will be set for 20. But when a person is not speaking, we will stop the timer so that it'll be a full 20 minutes of the person speaking, not-- so, that way, we don't have to account for transition time.

MAIMONA AFZAL BERTA: 52:27 — Okay. Thank you. Okay, so--

VICTORIA CHON: 52:31 — [inaudible] who are going [inaudible] we've got to figure out [crosstalk].

MAIMONA AFZAL BERTA: 52:38 — Yeah, th-- yeah, so I understand there's gonna be some, uh, discussion right now. Um, so if it becomes a little louder, I appreciate the, the concern for that. Um, but in terms of that, so we figure out-- so we're saying 10 minutes.

DR. MARY ANN DEWAN: 53:04 — I think they're gonna work it out.

[silence]

MAIMONA AFZAL BERTA: 53:16 — So we'll do 10 minutes in support and 10 minutes-- all right, 10 minutes in support and 10 minutes against.

Documentary Record 002074

DR. MARY ANN DEWAN: 53:27 — And then, if there's time [inaudible].

MAIMONA AFZAL BERTA: 53:31 — And do they sign up or how do they indicate? Do they sign up with the moderator? Can they let the moderator know?

DR. MARY ANN DEWAN: 53:38 — [inaudible] have concerns about [inaudible].

MAIMONA AFZAL BERTA: 53:49 — So who are they letting know right now, the moderator?

DR. MARY ANN DEWAN: 53:52 — They're [inaudible].

MAIMONA AFZAL BERTA: 53:56 — Okay.

[silence]

MAIMONA AFZAL BERTA: 56:00 — They want to start with--

[silence]

DR. MARY ANN DEWAN: 56:27 — Okay.

MAIMONA AFZAL BERTA: 56:30 — I think that's [inaudible].

[silence]

DR. MARY ANN DEWAN: 57:00 — We're gonna begin the public comment section in about one minute. We'll be beginning with the, um, individuals in support of the Bullis Charter School renewal petition. So those in support, um, will go first for the 10 minutes. So if those prepared to speak on behalf of Bullis could begin to line up, um, in the middle aisle for your 10 minutes.

[silence]

DR. MARY ANN DEWAN: 57:57 — For the persons who will not be speaking, if you could go ahead and take your seat, and then we'll begin and request those who will be speaking for the school to begin to line up, and then moderator will be prepared for you to begin in one minute.

[silence]

MAIMONA AFZAL BERTA: 58:31 — [inaudible] have both lists right in front of me.

S0: 58:41 — Do you have the ones for the--?

MAIMONA AFZAL BERTA: 58:43 — Yep. There.

S0: 58:44 — [inaudible].

MODERATOR: 58:55 — Dr. Dewan?

Documentary Record 002075

DR. MARY ANN DEWAN: 58:57	Yes, moderator.
MODERATOR: 58:58	My apologies. Which group did you ask to speak first? I couldn't quite hear you.
DR. MARY ANN DEWAN: 59:03	Thank you, Moderator. President Berta would like to begin with those speaking for renewal of Bullis Charter School.
MODERATOR: 59:12	Thank you.
MAIMONA AFZAL BERTA: 59:15	And when you're ready, Moderator, just let us know. I know we kind of put you on the spot and we appreciate your--
MODERATOR: 59:21	I got you. No worries. All right. As you hear your name, please line up for public comment behind the podium located at the center of the room. As a reminder, one person at a time can be at the podium to present their public comment, unless language support is needed by an SCCOE interpreter or ASL interpreter. Our first-- I'm gonna list out the first 10. Yuan Zhu, Ann Waterman Roy, Anika A., Xiaoming Kwak, Jakarti Zhang, Juana Cruz, Zoe Anne, Cynthia Cruz - sorry, I'm counting - Melissa Hajan, and Jan Bayer. Our first speaker is Yuan Zhu. Please clearly state your name and present your public comment.
YUEHUA XU: 01:00:27	Good evening, everyone. My name is [Yuan?] Zhu. I'm a parent at Bullis Charter School and one of the volunteer coaches for our Bullis, uh, [mascots?] team. [Mascots?] is a national middle school math competition. Bullis is in the peninsula chapter, one of the most competitive chapters that includes all the middle schools from Los Atos, Palo Alto, and Mountain View. And while our size of the middle school is pretty small, we have been the only school in peninsula chapter that ranked the top 20 of [inaudible] California State in 2023 and 2024, two years in a row. And we were first placed in peninsula chapter this year and sixth place in the North California state. So Bu-Bullis has consistently demonstrated its commitment to serving all students and providing a high-quality education. Please renew Bullis for seven years unconditionally. Thank you.
MODERATOR: 01:01:25	Our next speaker is Ann Waterman Roy. Please clearly state your name and present your public comment.
ANN WATERMAN ROY: 01:01:32	Hi. My name is Ann Waterman Roy. I've been a Bullis parent for 10 years, and I've spent 20 years working in urban public school districts, predominantly serving low-income students of color. Five years ago, I joined a committee of parents, staff, and board to identify the root causes and how to address lower enrollment of low-income students, English learners, and Latinos, especially at Bullis. We've made continuous, significant changes then a-- since then, and they're working. We've improved bilingual outreach and marketing, added a bilingual family engagement director, added an enrollment preference for low-income students, added separate full-day TK and K, and this year added free Spanish immersion after-school program on site. It's gotten results. We've doubled the percent of low-income kids. We've had the same percentage of English learners as the district, and we increased the percentage of Latinos, despite the fact that there are fewer lino-- Latinos in our district than in the past. As word continues to spread, we expect to see more enrollment continuing to increase. And we have exceptional outcomes for our students. Look at our growth, our student outcomes and renew for seven--
MODERATOR: 01:02:32	Our next speaker is Anika A. Please clearly state your name and present your public comment.

Documentary Record 002076

ANNIKA ARAUJO: 01:02:39	Good evening. My name is Anika Araujo, and I'm a fifth grade student at Bullis Charter School. BCS isn't just a place to learn. It's a community where we belong. We formed friendships, growne as individuals and been supported by teachers who truly know us. The school offers us opportunities like field trips, student council, and performing arts, and we have the freedom to choose our own co-curriculars and yearly goals, a life skill that will serve me well into the future. I remember when my classmates and I had an idea, and the principal not only listened but help-helped us bring it to life. Closing our school would break up this community that we've built, scattering us to places where we might not receive the same support. We've built something special here and it's more than academics. It's about feeling safe, supported, and connected. Please consider the impact on our lives and future if BCS is closed. We need this place not just for our education, but for our well-being. Thank you.
MODERATOR: 01:03:34	Our next speaker is Xiaoming Kwak. Please clearly state your name and present your public comment.
XIAOMING KWAK: 01:03:40	Good evening, trustees, President Berta. My name is Xiaoming Kwak. I'm speaking today as a parent who is deeply invested in the future of Bullis Charter School. Throughout this decision-making process, much of this c-- discussion has focused on the legality of the renewal and even some irrelevant information about facilities or previous disputes between the district and the school. But may I ask bluntly, besides Superintendent Mauree-Maureen Israel, who here is actually talking about the children and their future? We are here because we care about providing an exceptional education to all students. Bullis has proven its commitment to serving a diverse community and our children are thriving because of it. This debate should c-center on their needs, their successes, and their futures. Let's not lose sight of why we are here today to support students who rely on Bullis for quality education they de-deserve. Thank you.
MODERATOR: 01:04:41	Our next speaker is Jakarti Ka-- Chang. Please clearly state your name and present your public comment.
JACADI CHANG: 01:04:54	Hello. My name is Jakarti and I'm in second grade. Our school is a place where everyone is welcome and we all work together. We learn how to be kind and help each other, and that's really important to me. If our school closes, we might lose the special friendships and teamwork we have here. It's hard to start over somewhere new, and I don't want anyone to feel left out. Please keep our school open so we can keep being a community that supports each other and makes everyone feel like they belong.
MODERATOR: 01:05:25	Our next speaker is Zoe N. Please clearly state your name and present your public comment.
ZOE AN: 01:05:33	Good evening. Oh, sorry. Good evening, board members. My name is Zoe On, and I'm a current 10th grader. For nine years, BCS had been my home, and the caring environment played a pivotal role in shaping me into the person I am today. BCS provided a nurturing environment for my creativity to flourish. Every class, every lunch, and after school, every day, I explored the maker space and art room. Along with mentoring from caring teachers like my fab lab teacher, these interests blossom into my passion for woodworking and ceramics. The years of integrated arts at BCS have been instrumental in my selection to attend the ceramics program at the California State Summer School for the Arts and receipt of, uh, Governor's Medallion and Visual Arts last summer. BCS's commitment to fostering leadership was equally impactful. Project-based learning through all my years at BCS empowered me to

Documentary Record 002077

	become a confident leader, which is especially important to me as a young woman. BCS has not just had a positive impact on my life, but the teachers and academics shaped me into who I am today, a confident young woman with a love for your learning. Thank you.
MODERATOR: 01:06:33	Our next speaker is Juana Cruz. Please clearly state your name and present your public comment.
JUANA BENITEZ: 01:06:43	[foreign].
SCCOE INTERPRETER : 01:06:55	Hello, President Bertha, c-- uh, dear, uh, uh, members of the board. I am Juana Benitez, and my family has been part of Bullis Charter School since more than eight years.
JUANA BENITEZ: 01:07:09	[foreign].
SCCOE INTERPRETER : 01:07:30	One of the things that, uh, is a big highlight at this school is, uh, how deeply they involve families in the learning process. We don't only feel like we've sent our children to school. We feel that we're part of a community, um, that is devoted to their growth and development.
JUANA BENITEZ: 01:07:48	[foreign].
SCCOE INTERPRETER : 01:08:26	From the frequent meetings between parents and teachers to the volunteer opportunities in the classrooms and events, we've always felt welcomed and valued. The open communication and the way that the teachers and the staff actively look for our opinion makes us feel [inaudible].
MODERATOR: 01:08:44	Our next speaker is Cynthia Cruz. Please clearly state your name and present your public comment.
CYNTHIA CRUZ: 01:08:55	Hello. My name is Cynthia Cruz, and I'm in third grade at Bullis Charter School. One of the things I love most about Bullis is that we celebrate diversity in a really special way. In my class alone, we have kids who speak different languages, and it's so cool to learn about each other's cultures and backgrounds. Our school is a place where everyone feels welcome, no matter where they come from or what language they speak at home. We learn to respect and appreciate our differences. And that makes our school community really strong. Please let us keep our school open so we can keep learning together in this amazing, diverse community. Thank you for listening.
MODERATOR: 01:09:39	Our next speaker is Melissa Hajjan. Please clearly state your name and present your public comment.
MELISSA HASSAN: 01:09:47	Good evening, President Bertha and board. My name is Melissa Hassan, and I'm a proud teacher at Bullis. I've been in this room before in an emotional renewal meeting, and I have seen how this board's decisions can affect families. I urge you to consider today's decision in the very best interest of our children and our community, and not for any other reasons, especially political. A conditional renewal that would allow for revocation raises so many alarm bells. It affects more than just academics. It tears at the fabric of the community. Perhaps most importantly, it disregards the opportunities for parents to have choice. It would force children to be suddenly uprooted and to adapt to new environments where they struggle to feel at home. I

Documentary Record 002078

urge you to consider this December-decision in the very best interest of the children and the community. Thank you.

MODERATOR: 01:10:41 Our next speaker is Jan Baier. Please clearly state your name and present your public comment.

JAN BAIER: 01:10:48 Good evening, trustees, President Berta. My name is Jan Baier, and I'm a proud parent at Bullis Charter School. I'm here today to express my deep concern over the anti-Asian sentiment that influenced the narrative in the staff report. The idea that our school's demographics should precisely mirror those of the district with the implication that it is problematic to have a higher concentration of Asian students is simply discriminatory. The Asian community is not a monolith. It includes families from Central, East, South Asia, Asian Pacific Islanders, and beyond with an incredibly diverse range of cultures, languages, traditions, challenges, and histories. To reduce this diversity to single statistic does a great disservice to our students and families. At BCS, we celebrate diversity and strive to create an environment where every student feels welcomed and supported. To suggest that our school is not ins-- inclusive ignores that true meaning of diversity and inclusion. As a matter of fact, there are overm-- whelming amount of families here today and kids. They have a voice and they need to speak. There are 300-- over 300 of us here today.

MODERATOR: 01:11:49 Our next set of speakers are Max Berman, Herb Marshall, Emily Harris, Sang Perui, Yuen Nguyen, Pei Pei Yu, Heather McDonald, Lisa Bor-Borgalt, Alex Schroeder, and Kelly Berman. Our first speaker is Max Berman. Please clearly state your name and present your public comment.

MAX BERMAN: 01:12:18 Hi. I'm Max Berman, and I'm a proud parent at, uh, LASD. What might surprise you is that my full name is Maximiliano, and that I'm also an immigrant who came to the United States from Argentina in the 1980s. I was dropped off at kindergarten, not knowing a word of English. I was raised by a single mother who worked two jobs just to make ends meet, and I qualified for and received free meals in my public school. I lived in an underserved area, but I was lucky to be recruited and accepted into a local magnet school so, uh, so that I could get an education with-- that was more fortunate for me. I believe this is the sole reason I was able to go to college and stand here before you all today. To see blatant evidence that a charter school in my own backyard discriminates against people like me and has no plans to change their ways because they believe in the only important metric is, is good test scores, it's hurtful to me. And, personally, I just find this plan Ame-- un-American. Please deny the charter.

MODERATOR: 01:13:19 Our next speaker is Herb Marshall. Please clearly state your name and present your public comment.

HERB MARSHALL: 01:13:26 Hi. Herb Marshall, 10-year parent at LASD. Some facts. BCS continues to flaunt wri- written notifications to stop discriminatory admissions and policies. BCS relies on wealthy parents to operate 30% of their operating budget. Without these donations, they run a, a deficit every year. It's not a model that works for all children. BCS responded with hostility to SCCOE's report and recommendation to the board, claiming this bo-body does not have the authority to a-- to act. If not you, then who? BCS complains of a negative narrative. The SCCOE report outlines the truthful narrative that the charter school is not serving all students who wish to attend. The corrective action plan proposed by the charter school has been unsuccessful. The charter school presents an unsound education program for students to be enrolled in this-- in the charter school. Don't blame the community for your own actions or inactions. Please send a strong mes-message. Public education is not about test

Documentary Record 002079

scores, about access to all students. By your own report, they don't meet this basic requirement. They should be denied and let the state and let the--

MODERATOR: 01:14:27 Our next speaker is Emily Harris. Please clearly state your name and present your public comment.

EMILY HARRIS: 01:14:33 My name is Emily Harris, and I would like to say that tonight should be about facts and accountability. Los Altos is not an area for a charter school, and it has divided our community for 20 years. I'm a parent, I'm a homeowner, and I'm a taxpayer, and I came tonight as a former elementary and middle school teacher to take the opportunity to encourage you to do what's right for all students in our community. Thank you.

MODERATOR: 01:14:59 Our next speaker is Sang Perui. Please clearly state your name and present your public comment.

SANGEETH PERURI: 01:15:05 Hello. My name is Sangit Perui. I'm a former LASD board member with two school-aged children. BCS has been in our community for over 20 years. It would be disruptive if BCS was shut down. However, the county office findings make clear that BCS, as it exists today, is not serving all students. The findings also make clear that the BCS renewal application is incomplete with numerous outstanding requests for data. Until these open items are resolved, it is not appropriate to renew BCS's charter. Doing so sets a dangerous precedent that charter schools in Santa Clara can simply ignore the county office's oversight authority. BCS's response to the county offings-- findings make clear that BCS has no intention of changing its practices to serve all students. Accordingly, the county board has no choice but to deny this renewal. BCS would then have the option to reapply for a new charter that serves all students. Fortunately, there's plenty of time to do so before the next school year starts. Thank you for your time.

MODERATOR: 01:16:01 Our next speaker is Yuen Nguyen. Please clearly state your name and present your public comment.

UYEN NGUYEN: 01:16:08 Hi. My name is Yuen Nguyen and I've been an LASD parent for 10 years. The California Constitution ensures that a public education system is open on equal terms for all. The California Education Code prohibits discrimination by an educational institution that receives public funding. BCS is a public school that receives public funding and discrimining enro-- discriminatory enrollment practices are illegal, even if it's a high-performing one. Exclusionary policies, including the 10% cap for their low-income student preference, violates the California Education Code. There is no such cap at LASD. LASD students also matter and deserve to keep our schools open. The board should continue to hold BCS accountable to ensure that their policies do not discriminate against underrepresented students and hold them to the same standards as all public schools. Thank you.

MODERATOR: 01:17:07 Our next speaker is Heather McDonald. Please clearly state your name and present your public comment.

HEATHER MCDONALD: 01:17:13 Hi. My name is Heather McDonald. I'm a Santa Clara County resident, taxpayer, and advocate for public schools. I want to just point out that we know that the current students and families love their school. That is evident. I will also say that students in the Los Altos School District love their schools just as much. All schools must follow the rules established by the county and state. The board put BCS on notice in the past, flagging them during their charter schools renewal, and they haven't remedied the issues over the ensuing eight years or more. All public schools, including charter

Documentary Record 002080

schools with high test scores, should serve all students. If BCS hasn't remedied the issues since its founding and over the s-- uh, subsequent years since they were put on notice, why would they be coming to compliance if they renew their charter now? I want to thank you for looking out for all public school students. Thank you.

MODERATOR: 01:18:06 Our next speaker is Peipei Yu. Please clearly state your name and present your public comment.

PEIPEI YU: 01:18:12 Hi. Peipei Yu. I urge you to keep the BCS administration accountable. Educate all the children. BCS has had plenty of time for years to address discriminatory practices. Now is the time for accountability because charter schools are not known to improve eduta-- educational outcomes for kids with disabilities. The Center for Learner Equity did a two-year study to determine how to remedy this. They found that authorizers like you were uniquely positioned to influence educational outcome for these kids when they keep charter schools accountable through meaningful and forced charter review cri-- charter re-renewal criteria. Public schools are for the public. We cannot have parallel education systems of have and have nots. We are not going to go back to separate but equal system. Lastly, BCS keeps talking about the kids. What about my kids when they want to shut my kids' schools down? Why don't we count?

MODERATOR: 01:19:01 Our next speaker is Lisa Borgault. Please clearly state your name and present your public comment.

LISA BOURGEAULT: 01:19:07 Hi. My name is Lisa Borgault. I bought my house in Los Altos 19 years ago and, long ago, my Chinese-American daughter attended in the LASD School District but she's far, far grown out of that now. I'm here tonight as a taxpayer. It is really heartwarming to see how the BCS families and students love their school. It is also completely beside the point. The County Office of Education has for a long time questioned whether BCS is fulfilling its duty to serve a representative group of students, and you've found them lacking, and they don't seem to feel they should have to answer to you. They have not satisfied your requirements. I am tired of my tax dollars supporting a school that isn't serving our entire community. BCS says conditional approval isn't okay. I think that leads to the obvious conclusion to deny their request for renewal. And I thank you all for your very hard work that you do on behalf of all of us.

MODERATOR: 01:20:04 Our next speaker is Alex Schroeder. Please clearly state your name and present your public comment.

ALEX SCHROEDER: 01:20:10 Hi. Alexandra Schroeder, Los Altos Teachers Association President, parent, and teacher. Uh, Bullis Charter School has documented a track record of discriminatory enrollment, and there have been cases of disenrolling students with disabilities, including a parent who testified to this just last-- uh, at the previous hearing. According to the staff report, Bullis only enrolled one student with moderate, severe disabilities last year and serves a lower percentage of students with disabilities overall as compared to the district. The staff report also notes that the percentage of students with moderate to severe disabilities at Bullis is substantially lower than the state average, than Los Altos, and the sev-- and several surrounding school districts. Santa Clara County has put them on notice to change these practices starting in 2021, yet the problem at the school persists. Students in our community deserve fair access. So, please, hold BCS accountable to serve all students.

MODERATOR: 01:21:03 Our next speaker is Kelly Berman. Please clearly state your name and present your public comment.

Documentary Record 002081

KELLY BERMAN: 01:21:09	Hi, board. I'm Kelly Berman, a Los Altos parent. It's our shared responsibility as parents and board members to lead by example for our children and for our communities. BCS is telling you-- to be clear, they're not asking you. They're telling you to look the other way on their discriminatory practices while acting openly hostile and showing you deceptive demographic data that represents only Los Altos and does not include data about the Mountain View population that makes up 28% of LASD's enrollment. A college admissions board would outright reject an incomplete and deceptive application, regardless of high test scores. Further, a school should not even be considered high performing when half of their fifth graders do not complete the middle school program, and less than half of their students report feeling respected by their peers. Please, seize this opportunity to lead by example and deny the charter. Thank you.
MODERATOR: 01:22:06	This concludes public comment.
MAIMONA AFZAL BERTA: 01:22:13	Thank you to all of our speakers and to the community and everyone else who didn't get a chance to speak but was, uh, willing to be here today to demonstrate your, your perspective. Um, as we'll continue here. So that concludes public comment. And, at this time, I will take clarifying questions from the board. Each board member will have an, an opportunity to ask questions. And we will begin with one trustee, allowing us each to take, uh, a turn at asking a question. Each board member will have the opportunity to ask clarifying questions, and I'll just-- I'll rotate through. Um, so are there any clarifying questions from the board? We'll start with Trustee Chon, and then we'll work our way around.
VICTORIA CHON: 01:23:04	Yeah. Uh, my question is actually for our charter school staff. I was really disturbed by, um, the, uh, claims made in BCS's, uh, proposal that we had suggested that we increase the Hispanic population in order to decrease the Asian population. Was that true?
MEFULA FAIRLEY: 01:23:24	Absolutely not true.
VICTORIA CHON: 01:23:27	Thank you.
MAIMONA AFZAL BERTA: 01:23:32	Okay. Trustee Sreekrishnan.
TARA SREEKRISHNAN: 01:23:36	Thank you. Um, one of the presentations mentioned CALPADS data. And, um, so I wanted to get clarity from Bullis, or if our own staff has input, on, um, if Bullis is submitting CALPADS data on time.
MAUREEN ISRAEL: 01:24:00	Yes. Um, uh, do-- would it be helpful to hear the CALPADS p-- like, submission timeline and process? Um--
TARA SREEKRISHNAN: 01:24:08	It would be helpful for me, yeah.
MAUREEN ISRAEL: 01:24:10	Uh, can I-- can I-- I'm gonna-- can I-- this is Charles Morgan, who does all of our enrollment o-- uh, oversight. Can you share CALPADS process? Anything you know about it?
CHARLES MORGAN: 01:24:18	Sure. Yes. So, for the fall, the CALPADS deadline is, um-- the consensus date that they spoke of, which is a, a period in time, is October 6th. Um, and then the deadline for

Documentary Record 002082

	the first submission to finalize all data is December 13th. So no d-- to my knowledge, no deadline has passed for the fall semester.
TARA SREEKRISHNAN: 01:24:42	Uh, I appreciate that. Does our superintendent have anything to add or-- I'm not an expert on the CALPADS?
DR. MARY ANN DEWAN: 01:24:50	No, I think that's the accurate timeline for the fall data submission. And we just went through the time period for, uh, verification, data verification, um, and, uh, correcting all errors, and those timelines have passed as well.
TARA SREEKRISHNAN: 01:25:06	Okay. Well, that's, that's helpful to know. Thank you.
MAIMONA AFZAL BERTA: 01:25:11	Trustee Mah.
GRACE H. MAH: 01:25:14	Um, can I pass this round?
MAIMONA AFZAL BERTA: 01:25:19	All right. We go to Trustee Lari.
RAEENA LARI: 01:25:26	I have a question, uh, for BCS. So, there are concerns, um, that BCS has just enrolled, uh, several students with disabilities. And could you please speak to that?
MAUREEN ISRAEL: 01:25:40	Uh, yeah. Uh, of course, again. Um, uh, yeah. No, we don't disenroll anybody without di-- without disabilities. We work-- we have a full special education team and department who are still here. It's e-- it's 11 o'clock. And we still have people sitting in an overflow room. I just wanna identify that. Like, we had 10 people come up for public comment, but we have hundreds of people here. That just felt wild to me.
MAIMONA AFZAL BERTA: 01:26:02	E-excuse me.
MAUREEN ISRAEL: 01:26:02	I'm sorry. I just needed to identify that.
MAIMONA AFZAL BERTA: 01:26:03	Just respectfully, I, I understand.
MAUREEN ISRAEL: 01:26:05	Yeah.
MAIMONA AFZAL BERTA: 01:26:05	But if you could just address the question.
MAUREEN ISRAEL: 01:26:07	Yeah. No, we don't disenroll anybody, uh, uh, in, in that way. We work with all of our families. Families might choose not continue attending Bullis. That's a choice they absolutely can make, but we don't disenroll anybody. Yeah.
RAEENA LARI: 01:26:17	So why, why do you think there are no students at Bullis with moderate and severe disabilities?
MAUREEN ISRAEL: 01:26:23	We have a, a, a large range, I know I sent out to the board, of, of students who meet a variety of disabilities. Like I shared, we can't recruit for that specifically. I can't go out and ask, um, what disabilities are. Uh, but we are very clear in our marketing materials that we do support and, and work for, for any special education student and be able to support them. Um, if we're looking at-- it depends on the specific category you're looking at. If we're thinking about mod severe, um, we have-- uh, uh, l-- uh, it

Documentary Record 002083

could a-- it could fall in the disability range of a student who has autism. It could fall in an intellectual disability. There's lots of different varying ranges. So, uh, it, it, it is all just dependent on the students that enroll. Yeah.

RAEENA LARI: 01:27:00 You do have students with moderate and severe disabilities?

MAUREEN ISRAEL: 01:27:03 We have a large, uh, uh, uh, variety of students who have a variety of needs, yeah. Uh--

RAEENA LARI: 01:27:08 So how would you categorize them? M-m-moderate--

MAUREEN ISRAEL: 01:27:10 We-- uh, that's what I sent to you all, is that breakdown of what they are, which is all comparable to the state.

RAEENA LARI: 01:27:14 Okay. Thank you.

MAUREEN ISRAEL: 01:27:14 Yeah. Yep.

MAIMONA AFZAL BERTA: 01:27:18 Trustee Di Salvo.

JOSEPH DI SALVO: 01:27:21 Thank you, Madam President. And if the, uh, Bullis Superintendent could come back to the podium.

MAUREEN ISRAEL: 01:27:27 I'll just stay. Yeah.

JOSEPH DI SALVO: 01:27:28 I have a question.

MAUREEN ISRAEL: 01:27:29 Sure.

JOSEPH DI SALVO: 01:27:29 Um, you had two charts that may have been on different slides, but they listed the LASD schools, LASD schools, and--

MAUREEN ISRAEL: 01:27:38 Sure.

JOSEPH DI SALVO: 01:27:39 --where you fit in relative to free and reduced lunch, etc.

MAUREEN ISRAEL: 01:27:42 Mm-hmm. Sure.

JOSEPH DI SALVO: 01:27:43 Um, do you remem-- do, do you remember those offhand?

MAUREEN ISRAEL: 01:27:44 Mm-hmm. Yeah. Yeah, absolutely.

JOSEPH DI SALVO: 01:27:46 Could you-- could you re-- because those were very instructive to me. Please.

MAUREEN ISRAEL: 01:27:49 Sure. Uh, let me grab them and I can [inaudible]. So, um, let's see. There's, uh, one that shows-- I'll speak to the FRL first in [crosstalk]--

JOSEPH DI SALVO: 01:28:01 You were, like, in sixth place on one out of nine.

Documentary Record 002084

MAUREEN ISRAEL: 01:28:03 Yeah.

JOSEPH DI SALVO: 01:28:04 But you were in the range. Yeah, go ahead, please.

MAUREEN ISRAEL: 01:28:06 Yeah. Uh, this is last year's data. So FRL, we, uh-- of the 1, 2, 3, 4, 5, 6-- of the 10 total schools that's included in that, we're number, uh, 6 out of the 10. Uh, that's for FRL. Representation of Hispanic families. What I shared with you there was not percentages, was w-- sheer numbers. I do wanna clarify. This is all students from Los Altos. It's not s-splitting them out just Los Altos, not Mountain View. This is whatever the numbers are from DataQuest. Uh, and the representation, the number of Hispanic families that we serve, uh, were 4 out of 10 in that list. Um, and then the other list was the breakdown of special education, which puts us at, uh, I think we're 8 out of 10 in that list.

JOSEPH DI SALVO: 01:28:48 Thank you. I appreciate that information.

MAUREEN ISRAEL: 01:28:50 Yep.

JOSEPH DI SALVO: 01:28:50 That's all for now.

MAUREEN ISRAEL: 01:28:51 Okay.

MAIMONA AFZAL BERTA: 01:28:53 Vice President Rocha. Okay. I had a question for the Charter School Department. During the public hearing, the board had a series of questions that we requested information of from, um, LASD, from the Charter School Department, as well as, uh, from Bullis. Have we received all the information or the responses to the questions that the board members had asked from each of those from LASD, from Bullis?

MEFULA FAIRLEY: 01:29:23 No, we have not.

MAIMONA AFZAL BERTA: 01:29:25 And who specifically has not provided the responses?

MEFULA FAIRLEY: 01:29:30 Um, we have not received all-- response for every question that was posed or a request for information that were posed to Bullis.

MAIMONA AFZAL BERTA: 01:29:39 Okay. And so then I would like to ask Bullis, what is the reason-- during the public hearing, we had, uh-- we had received a commitment to receive responses to the series of questions and information. And so please help me understand why we haven't--

MAUREEN ISRAEL: 01:29:59 Yeah. We re-watched the public hearing. I'm saying we because my chief of staff supported with that. And we captured every single question that was asked for you all for information to be, uh, uh, shared. And that's what we sent back to you all. So that captured any question that we heard recorded in the public hearing.

MAIMONA AFZAL BERTA: 01:30:15 So can I ask of the charter school department more specifically what, what data and information is still missing that was requested?

Documentary Record 002085

MEFULA FAIRLEY: 01:30:26 Oops, turning this over to Dr. Johnson, who was here and captured the questions.

MAIMONA AFZAL BERTA: 01:30:31 Thank you.

DR. MICHELLE JOHNSON: 01:30:33 Uh, I can't give you all the answers directly off the top of my head because-- um, but according to-- we-- I would say it was about two-thirds of the information that was requested was not received. Um, hold on one s-- I'll grab my email.

MAIMONA AFZAL BERTA: 01:30:53 Okay. Okay. We can go through--

MAUREEN ISRAEL: 01:31:01 [crosstalk] we just-- we responded to the questions the trustees asked. Um, there was a variety of questions that were written very funnily and some we just didn't know. So we kept clear, uh, with answering the questions that trustees asked. There was things that were asked to us that we just didn't have and don't-- didn't have. We hadn't started school. So this continued request, for example, for what's the, the breakdown of our students? We hadn't started school. It's not possible for us to have that. So our move was to respond directly to the questions you asked.

MAIMONA AFZAL BERTA: 01:31:28 So are you saying you still don't have the breakdown of students enrolled this school year?

MAUREEN ISRAEL: 01:31:30 We, we sure do. We started school now. Yeah, absolutely, since July 17th. We definitely do. Now that's still shifting. That continues to shift but, yeah, we have that. Yeah.

MAIMONA AFZAL BERTA: 01:31:38 Right. S-so is there a reason that data was not provided as requested?

MAUREEN ISRAEL: 01:31:41 It, it wasn't requested by trustees. That wasn't requested in, in this space.

MAIMONA AFZAL BERTA: 01:31:44 So--

MAUREEN ISRAEL: 01:31:46 So for purposes of the renewal, this is-- this-- these are the questions we answered. Yeah.

MAIMONA AFZAL BERTA: 01:31:50 So just to be clear, the, the Board of Education, a large portion of what we are basing our decision is also based on the information and the questions and the data point that is presented to us from our staff. So if they are--

MAUREEN ISRAEL: 01:32:01 Sure.

MAIMONA AFZAL BERTA: 01:32:02 --requesting information from you, and it's also within the Charter School Act that, as the authorizer, we do have the right to have--

MAUREEN ISRAEL: 01:32:09 But the decision does have to be based on the-- what has been presented to you in the petition, not additional information outside of that.

MAIMONA AFZAL BERTA: 01:32:13 So, so if I can ask, you're, you're basically saying--

MAUREEN ISRAEL: 01:32:15 Yeah.

Documentary Record 002086

MAIMONA AFZAL BERTA: 01:32:16 --that you don't need to give us the information that was requested by either the Charter School Department or the board?

MAUREEN ISRAEL: 01:32:22 We supplied you all with the questions asked, but our petition is all the data. Um, anything you'd add to this legally?

JOHN LEMO: 01:32:31 The school has been inundated with questions from staff and has responded to all of them to the extent the information exists. Again, this is a troubling-- a troubling vi- violation of the school's due process for, for all that they're being asked to do as part of this re-re-renewal petition. Every question-- to my knowledge, every question that they've been asked that-- where an answer exists has been provided. For the questions that were asked by the trustees, they've been provided directly. For questions that staff has asked, they've been responded to, to the extent information exists. They asked for information that hadn't been compiled and didn't exist yet at the time. So th-they'll continue to provide information. You're the authorizer of this charter school. So all reasonable res-- requests are promptly responded to, to the extent the information exists.

MAIMONA AFZAL BERTA: 01:33:20 It's, it's concerning that we have our Charter School Department that's saying up to two-thirds of the questions, uh, have still not been responded to. And so, um, that is a concern of mine. I'll go through trustees for other questions. Uh, Trustee Mah, you ready?

GRACE H. MAH: 01:33:37 Thank you. Um, one of the questions I think I did ask, and it's been a while, so I don't remember exactly, is, um, I asked, I believe, at the time, what the percentage-- again, it's self-reported for F-- FRL. But what percentage of lottery participants were, um, FRL? So was it-- you know, what, what percent? Was it even close to the 10% goal, not necessarily cap?

MAUREEN ISRAEL: 01:34:06 No. No, it's not close to the 10% goal of, of-- yeah.

GRACE H. MAH: 01:34:09 Mm-hmm. Do you-- do you happen to know or recall what, what that percent was?

MAUREEN ISRAEL: 01:34:13 Of the number of applicants for the lottery?

GRACE H. MAH: 01:34:14 Of the number of applicants. Right.

MAUREEN ISRAEL: 01:34:16 We could probably pull it. We can-- I, I don't know if-- yeah.

GRACE H. MAH: 01:34:20 Yeah.

MAUREEN ISRAEL: 01:34:20 Yeah. I mean, it's less than 10. We can-- we can try to see what it is, but yeah. Yeah.

GRACE H. MAH: 01:34:21 Right. Right. I mean, and, and so in the slide that, um, Trustee Di Salvo was asking about before that you quoted--

MAUREEN ISRAEL: 01:34:27 Mm-hmm.

Documentary Record 002087

GRACE H. MAH: 01:34:29 --saying representation of FRL families through all the different schools.

MAUREEN ISRAEL: 01:34:32 Mm-hmm.

GRACE H. MAH: 01:34:32 I mean, the highest percentage is at Santa Rita was 18%, then Almond with 12.

MAUREEN ISRAEL: 01:34:37 Mm-hmm. Yeah.

GRACE H. MAH: 01:34:38 But then all the other eight schools, eight, are all below 10. I mean--

MAUREEN ISRAEL: 01:34:43 Yeah.

GRACE H. MAH: 01:34:43 --with Loyola down to 2.6%, Oak at 3. So, uh, just, just to get a feel for what the actual numbers were. They're all below 10, basically.

MAUREEN ISRAEL: 01:34:54 Correct. Yeah, yeah, yeah, for the most part. Yeah.

GRACE H. MAH: 01:34:55 Thank you.

MAIMONA AFZAL BERTA: 01:34:59 Coming back around, Trustee Chon?

VICTORIA CHON: 01:35:03 Yeah. Looking at that, um, data with the-- with the FRL families, the percentages at each school. Um, I know in our staff report, we get, you know, varying percentages, different types of data. When we look at comparisons of data, like all our statistical analysis, do we look at it b-- like, uh, school by school, or do we look at it as a district as a whole? Or is it both? 'Cause [crosstalk]--

MEFULA FAIRLEY: 01:35:27 Are you asking in general or for this specific renewal for Bullis?

VICTORIA CHON: 01:35:31 Uh, in general. When we compare data, if a, a charter school compa-- you know, how, uh, their data looks to the school district, are we supposed to look at it like one school to one school to one school? Or do we look at it as the charter school to the entire district?

MEFULA FAIRLEY: 01:35:50 Um, so we can look at it in-- we look at it in terms of the charter school to the district.

VICTORIA CHON: 01:35:55 Okay.

MAIMONA AFZAL BERTA: 01:36:00 Trustee Sreekrishnan.

TARA SREEKRISHNAN: 01:36:01 Yeah, I just-- to follow up on your question, um, President Berta, and I don't know if staff's ready, but I want to know what these questions are that if, if they're not-- if they haven't been answered, um, would, would be great to know what the questions--

Documentary Record 002088

MAUREEN ISRAEL: 01:36:16

Yeah. I, I can-- I have them here. I can share some of them. So these are things that we just don't have on July 18th when it was sent. Um, things like grade level breakdown of incoming students. Uh, uh, we don't know until the start of school, uh, exactly who's showing up, which is what we shared with them. The current percentage of in-district versus out-of-district students, I don't know until the school starts, the year starts and we get our, our, our students. The lottery system process, which we explained to you, um, uh, uh, then just a vari-- BCS retention rates. Why do students leave? Where do they go? What's the yearly persistence rate? I shared with you those yearly persistence rate and attendance rates. Um, there was a question on, uh, uh, '23/'24 CBEDS data, which is a-accessible. So I think th-- we assume that that could be pulled. There's a question on the wait list information, the breakdown of FRL.

MAUREEN ISRAEL: 01:37:06

We already have 2023/'24, but we need '24/'25. We don't have that till the school year starts. So, a lot of these are just waiting for the start of the school year. Now, there are definitely things we can respond to 'cause the school year has started. And, uh, President Berta, to your point, and I'm not trying to be glib, and so I apologize, uh, i-it's just been-- it's been busy too, right? So, like, these are things-- we are still enrolling students. We are still finalizing numbers. We're still making sure that, um, we understand where students are if they haven't shown up on the first day. We can hypothesize who's going to be there, but until school begins, we just don't know who's sitting in that seat.

MAUREEN ISRAEL: 01:37:37

Um, it's, it's-- people can fill out a registration form. They can be accepted in the lottery. They can fill out that information and j-just not come. And so, in those situations, then we do have openings. We do need to make additional offers. And so, for us to finalize numbers, this is why we count on our CALPADS data in October on that snapshot day, October 6th. Um, that is when we lock in and say this is the data that is public because it allows for all those variations to play out. So, oftentimes, we do not send that data. I, I can't re-recall a year that I've been here that we've sent any da-data prior to that 'cause it's just not accurate, until we, we take that snapshot. That is then what is sent out from the state.

TARA SREEKRISHNAN: 01:38:14

Okay. Um, and that's-- thank you, Superintendent Israel. And I, um, wanted to hear from our Department as well if, if there were other questions or if, if-- I just wanna make sure all the questions are answered before we vote on this.

DR. MICHELLE JOHNSON: 01:38:33

So, so the first question was, um, the special education disability bre-- information breakdown. We have received that information. Um, the breakdown of the continuum of special education services which are provided. Um, we don't have that, uh, that completely. Um, the waitlist information, the breakdown from FRL, we do have the information from '23/'24, but we asked for '24/'25 and for '22/'23. Um, they should have had the information for '22/'23. Um, we also asked for the breakdown of in-district versus out-of-district on that wait list for both '24/'25 and '22/'23. Um, we asked for full copies of the marketing outreach materials. We did receive those. Um, we asked for information on the 10% SED preference cap, whether or not that had been reached. That was one of your questions. Um, and whether or not it had actually been reached at any time during-- since it had been established. Um, we were able to find that through CALPADS ourselves, but the information was not presented to us from, um, Bullis. Uh, the current percentage of in-district versus out-of-district students and the past percentages by years, we were asking to verify on that information. Um, we also found that on CALPADS through our own extensive search. We did not receive it from Bullis. We asked for the lottery system process, um,

Documentary Record 002089

basically the detailed explanation of how the lottery is conducted, um, how the waitlist is handled, what happens with a student who wants to enroll after the waitlist is established. Um, this was a question from you. It was also a question that came prompted from the petition itself because the petition is required to be updated to include the lottery procedures. And those were not specifically spelled out. And we were asking for some clarifying questions on that.

TARA SREEKRISHNAN: 01:40:36 Did they answer that one?

DR. MICHELLE JOHNSON: 01:40:38 They have-- we have not received that. Um, student survey data. Um, we asked with regards to the student survey data check on the 7% who was not performi-- high performing, which is what you had a-- requested. We have not received that, other than the comment at the board meeting that said we check on everyone. We asked about the BCS retention rates. Um, why do students leave? Which is what you had requested. Where do they go? What is the yearl-yearly persistence rate? We did not receive any information from them. We did go in and find the stability rates from the CDE, which then gave us that notification that about 98% of the students who stay at BCS, um, they stay throughout the entire year. But that came from the CDE website, not from BCS. Um, there was more questions with regards to SED. You asked about information on slide 16 from the previous meeting. Um, and BCS responded and said the same information is available on that slide. They did not give us any clarifying further information. Um, we also asked the question, if first priority is siblings, how many open seats are taken by siblings each year? And we did not receive any information on that.

TARA SREEKRISHNAN: 01:42:01 Okay. Thank you.

MAIMONA AFZAL BERTA: 01:42:04 Trustee Mah?

GRACE H. MAH: 01:42:05 Yes, this question, I guess, is for, um, our Charter School Department. Um, one of BCS's quotes here from Ed Code 47605 says that schools are supposed to provide reasonably comprehensive description by which a school will achieve a student population balance that is reflective of the general population residing within the territorial jurisdiction. So that is not the same as reflecting the school district, um, population. And I think Bullis quotes that they have their data based on the census. So how does-- I mean, maybe counsel, um, can give us a compare and contrast. [laughter]

DAVINA HARDEN: 01:42:59 The-- that particular element of the charter talks about the entire population residing within the district, which is not information that is necessarily readily available and com-- like, that we compare to but, um, we do look at that to the extent that that information is available. And in the case of the analysis for not serving all students who wish to attend, we looked at it. Um, we compared Bullis's enrollment based on who attends Los Altos schools, and we also looked at it excluding students in l-- that attend Los Altos schools who are interdistrict transfers in order to more closely reflect who's residing within the Los Altos School District boundaries. And one of-- one of the points that was-- that Bullis has also made is their assertion that we should be relying only on data from CDE, which, obviously, data from CDE does not include the census data. It includes school attendance data.

GRACE H. MAH: 01:44:17 Okay. Thank you.

Documentary Record 002090

MAIMONA AFZAL BERTA: 01:44:20	Trustee Lari, do you have any additional questions? Trustee Di Salvo, do you have additional questions?
JOSEPH DI SALVO: 01:44:26	Comments only.
MAIMONA AFZAL BERTA: 01:44:28	Would you like to share your comments at this time?
JOSEPH DI SALVO: 01:44:31	We're gonna go into deliberating our vote.
MAIMONA AFZAL BERTA: 01:44:36	I guess we'll s-- do questions and then we'll do comments. Okay. Tru-- uh, Vice President Rocha. Okay. Um, I have a question for our Charter School Department. Can you help me understand the conditional approval as written if staff believes the corresponding corrective action plan, which is in response to that notice of concern, has been unsuccessful in addressing those concerns. If the concerns haven't been addressed since that initial-- you know, the, the, the manner that they've been addressed since 2021, uh, have not reached that level of satisfaction. Can you help me understand what staff believes, uh, will change to where they would agree to make that commitment now at this point in time?
	[silence]
MEFULA FAIRLEY: 01:45:41	So just to clarify, your question is if Bullis has not achieved what we hoped they'd have achieved since 2021, what makes us think that they will achieve it going forward?
MAIMONA AFZAL BERTA: 01:45:54	Or why is that the direction? Um, help me understand the conditional approval and why you're saying that you believe this could work now with a conditional approval.
MEFULA FAIRLEY: 01:46:04	Okay. So, I believe that, uh, they have made some progress with their, uh, enrollment action plan-- not the-- they haven't fully achieved, uh, uh, being reflective of the district. Um, but they have made some progress, and all of the progress that they're making is in the grade levels where students enter. And that's kindergarten, first grade. Uh, and so it's gonna take them some time to continue to make progress and have that move up the grade levels to reflect, you know, the district throughout the school. Uh, we feel like they have made some progress. It is a high-performing school. Uh, the children are happy there. They provide a good program. So, we gave them a conditional approval, um, as to not have to deny a school that is doing the community some good. We feel like they, they can, uh, continue to work on the issue and eventually, um, be reflective of the district.
MAIMONA AFZAL BERTA: 01:47:18	Okay. And so in terms of the types of changes that would need to-- in terms of the success of the corrective action plan, and that would be-- it would be reliant on Bullis's commitment to agree to those conditions. Is that correct?
MEFULA FAIRLEY: 01:47:37	That is correct.
MAIMONA AFZAL BERTA: 01:47:38	Okay. Thank you. Do we have more questions? Are we gonna go to comments? Trustee Mah, do you have a question? Okay.
GRACE H. MAH: 01:47:49	Yeah. So I guess, um, uh, with respect to, um, failure to meet the corrective action plan or whatever, the corrective plan, um, is the failure based on not matching, specifically not matching?

Documentary Record 002091

MEFULA FAIRLEY: 01:48:12
No. Um, we're not looking for them to match or precisely match, as they put it. We're looking for them to reflect. And so the way we look at, "Do they reflect?" is, is there a signifi-- statistically significant difference in the proportion of students who attend Bullis and LASD?

GRACE H. MAH: 01:48:31
You're looking for the delta, significant difference.

MEFULA FAIRLEY: 01:48:35
Right. So we're looking for it to not be a sa-statistically significant difference.

GRACE H. MAH: 01:48:39
And that--

MEFULA FAIRLEY: 01:48:40
So there is no particular number that we're looking for, just that when, um, our research data and evaluation department runs their--

GRACE H. MAH: 01:48:49
Analysis.

MEFULA FAIRLEY: 01:48:50
--analysis, that it doesn't come back as s-statistically significantly different.

GRACE H. MAH: 01:48:56
Right. But, but to determine that, I mean, they're doing an analysis, numerical ana-- they, they have some number that's a threshold.

MEFULA FAIRLEY: 01:49:05
Right.

GRACE H. MAH: 01:49:05
So what, what is that threshold number?

MEFULA FAIRLEY: 01:49:08
I think it depends on each, um, subgroup, what their-- what their-- uh, is it 0.05?

GRACE H. MAH: 01:49:15
Mm-hmm.

MEFULA FAIRLEY: 01:49:15
It might be 0.05. Yeah, 0.05. Um, yeah, but, uh, I can't--

GRACE H. MAH: 01:49:24
I-I'm, I'm just, just curious as to how, how exactly is that being measured such that we, we know what the, you know, cutoff is to say failure, as opposed to significant, which, uh, in and of itself, that word is kinda fuzzy. So I'm an engineer, sorry. I like the numbers. Give me a, a number, then I can either hit it or not hit it. Um--

MEFULA FAIRLEY: 01:49:51
So the best I can tell you - I am not a statistician - is 0.05 priority or Z sca-- Z score or something like that.

GRACE H. MAH: 01:49:58
Hmm. Mm-hmm.

MEFULA FAIRLEY: 01:49:59
Um, I could have our statisticians write something for you to explain it, but I can't-- they explain it to me. I explain it to you the best I can.

GRACE H. MAH: 01:50:11
And so it, it appears that, as you're saying, that it is, uh, a statistically significant-- whatever that numerical definition is--

Documentary Record 002092

MEFULA FAIRLEY: 01:50:18 Mm-hmm.

GRACE H. MAH: 01:50:19 --but it is dependent on each different-- I mean, it's not gonna be the same--

MEFULA FAIRLEY: 01:50:22 No.

GRACE H. MAH: 01:50:23 --0.05 for, you know, all the different subgroups, but that each one has a number somewhere and that the charter school has failed to hit that number for some of these subgroups, not all of the subgroups.

MEFULA FAIRLEY: 01:50:37 Correct.

GRACE H. MAH: 01:50:38 But then, also, I, I seem to hear that because, um, the greatest changes in enrollment are in the lower grades, that there is some, um-- I guess I'll, I'll just use the word forgiveness. I can't think of the right word really. But there, there-- you're giving them a grace period to let those younger years kind of roll in to change the, the time.

MEFULA FAIRLEY: 01:51:03 Right.

GRACE H. MAH: 01:51:04 So, um, the corrective action plan didn't talk about that particular time lag or grace period.

MEFULA FAIRLEY: 01:51:15 No, it didn't. And that's one of the reasons why we want them to look at it annually, um, and to make adjustments to it so that they are continually improving that plan.

GRACE H. MAH: 01:51:26 So just if, for instance, they were to, um, you know, every year, report and then show that that statistical variance is hitting the correct number in those younger grades as they move up, then would that still be considered a failure of the corrective plan? I mean, the corrective plan seems to be a, a single instant. And so maybe the corrective plan should give some allowance for this time lapse.

MEFULA FAIRLEY: 01:51:58 Um, yes, that is one of the things that it could do. Also, we would like to see them have some metrics to kind of judge how they are doing with increasing or getting closer to, uh, reflecting the district.

GRACE H. MAH: 01:52:17 But their metrics should be-- or at least kind of no matter what their metrics are, the county office is still going to use these significant statistically valid--

MEFULA FAIRLEY: 01:52:25 Right, but they should set a metri-- like, we are attempting this year to increase our ex-population to this point or by this amount.

GRACE H. MAH: 01:52:37 Well, they should pick a number.

MEFULA FAIRLEY: 01:52:40 Yes, they should.

GRACE H. MAH: 01:52:42 Okay.

MAIMONA AFZAL BERTA: 01:52:45 Are we ready to go to comments, the board? Great. Trustee Sreekrishnan.

Documentary Record 002093

TARA SREEKRISHNAN: 01:52:51
Yeah. Well, um, I second what Director Fairley said. I don't think I could have said it better. But, um, uh, the-- it's sort of in line with what I've-- what I've been thinking. And I think with the, um, conditional approval, um, it sets clear standards for, um, renewal and oversight. And in terms of holding, um, the school accountable to long-standing concerns, uh, that this board has had, um, so I wanted to voice that and, and thank you, Director Fairley. And would also say, you know, I, I also think about the very, uh, substantial negative impacts, uh, if we think about a denial on that-- on this community. So I wanted to share my comments. Thank you.

MAIMONA AFZAL BERTA: 01:53:52
Next. Not all jump at once. I'm just seeing who would like to go next for comments.

JOSEPH DI SALVO: 01:54:05
I'd, I'd like to make some comments, Madam Chair.

MAIMONA AFZAL BERTA: 01:54:08
Okay.

JOSEPH DI SALVO: 01:54:09
Um, I remember, uh, chairing the meeting one time when Bullis was up for renewal. And I turned to Bullis, and I still believe this today. And I said, you have the ability with your wealth and wisdom, education. The school that you've created excels. There's no question. I've been to it many times. I've par-participated in your exit interviews at the end for eighth graders. Project-based is what many schools should get to, place-based, project-based learning. And that's what you were founded as the core principle of your school, but that you should create a similar school for those children on the east side of San Jose, a charter school to come to this board for approval. Because, look, we-- I'm so resentful of what we're doing tonight. I've served as 16 years. I'm not running for reelection. So I'm unencumbered by the politics of this decision.

JOSEPH DI SALVO: 01:55:33
But to spend the kind of time that we're spending on whether it's conditional, whether it's not, whether we approve, whether we deny a school that's, that's working so well for its students, as some have asserted, is wrong. It's just plain wrong. And I think if Gavin Newsom was here tonight, he'd say, "What are you guys doing? This is crazy." Let me read you the scores in the s-six largest school districts in San Jose. In English language arts, only 30.85% of Latinos are, um, proficient in English. The rest are below grade level. For mathematics, it's even worse. It's 18.37% of our Hispanic/Latino population in the sixth largest districts in San Jose, the city I live in, Los Altos, to make-- to say there's a difference between the wealth in Bullis and the wealth in Los Altos is an insult to my intelligence. But that's been asserted tonight. To use separate but equal in this debate is beyond the pale and is also an insult to my intelligence.

JOSEPH DI SALVO: 01:56:57
I don't know what we're doing tonight, spending the kind of time-- I know my trustees, my colleagues are very concerned, and rightfully so. And I appreciate the staff, our council, and the staff, and the preparation of the report. But I think this is-- this is wrong. You know, the, the fact that your children, whether they be at Bullis or Los Altos, your, uh, 9 or other ele-- or 10 other elementary schools, they're gonna thrive because of the foundation you as parents have given them. All children need to thrive. And I'll say it one last time as I go into the sunset. Los Altos, Bullis, you have the ability to create a charter school on the east side of San Jose that does the same things that your school does in Los Altos for the children who need that kind of instructional design. That's all. Thank you for allowing me to make the comments.

Documentary Record 002094

MAIMONA AFZAL BERTA: 01:58:11 Other trustees? Vice President Rocha?

DON ROCHA: 01:58:17 Well, first, I'll start with a thank you to everybody that showed up to testify, provide public comments, and share your experiences. And apologies to those that, um, didn't have an opportunity. It's a difficult situation when we're here to represent the public, and we can't hear from the entire public, but looking at the situation, you know, we're at-- gonna be bumping up to midnight to make a decision. And, you know, I, I feel for you for not being happy with the outcome. So, uh, this is my first go-around with a charter renewal application. I think a lot of us on the board are a bit new to this. So you try and look at what are the norms here and what's expectations of the applicant and staff and the-- and the public. So I've heard some recommendations and concerns raised by staff. I've heard some from the community. I've heard some from the home district. And then I've heard from the charter, um, school applicant.

DON ROCHA: 01:59:08 And the position that, you know, I've heard, and it's my lens, and that's what I'm hearing, is that, generally speaking, and, and that's a generalization, is that what your hearing is not true, it's not accurate, or it's irrelevant. Now, that's-- uh, you know, when you start there, that's a bit difficult to stomach. And the suggestion that this decision is political by any means, and that I'm making a decision in a political sense, um, is offensive because if this was a public school coming to me or even a private school, and they walked in the door with the approach of all these concerns that you've heard from all these, you know, different stakeholders, whether it's professional staff, our legal folks telling us within our jurisdiction, a home district telling us that there are some issues that have concern, public-- members of the public talking about their experiences. And to just say blatantly, "That's all untrue. We're the only ones in this room that are saying anything accurate," if it was a public school telling me that, I'd have the same response and same concern and same frustration and disappointment.

DON ROCHA: 02:00:10 So we're serving the public. There are public dollars involved in your school. And if the public at large is here talking about these concerns and to just dismiss them, I don't see any acknowledgement of-- uh, instead of a tone of, "We recognize there are some issues. We'd like to work with the County Office of Education and/or the community on these." That's not what that letter from the 23rd said. That's not the testimony that I've heard. And if I'm missing it, please sh-- prove me wrong. But I-I'm at a loss as to, you know, that kind of strategic approach. And I guess that's just one that is-- u-using the word political, maybe it's political or maybe it's a legal strategy. So I, I don't know what it is because it's not too common that, um-- in the years that I've been serving that they come b-- from a go-- a governing board and an elected body and say, "We're not budging. This is it. Take it or leave it."

DON ROCHA: 02:01:03 So, you know, you paint us into a corner, and I don't know what your expectation is in terms of a collaborative approach. I know we're gonna be seeing other charter applications. I hope they're all not like this. Um, so w-- I have a question now based upon me sharing my thoughts after listening to testimony for a number of hours at the last one, taking it all in with an objective mind, uh, not a political mind. Uh, if we were to-- based upon what we've heard from the applicant, if we were to approve staff recommendations based upon the letter it received, that they would not accept them. And, at that point, it would be a denial. That's generally where it would leave us. Okay. Thank you. I'll wait for my colleagues to make a motion.

Documentary Record 002095

MAIMONA AFZAL BERTA: 02:01:49
Other comments from board members? Trustee Chon and Trustee Mah.

VICTORIA CHON: 02:01:56
Yeah, I'll keep my comments quick. I know I asked a lot of questions tonight, so-- um, and I appreciate the answers. And, um, I think that w-- I can confidently say that everybody in this room cares about children and cares about the students in LASD and throughout Santa Clara County. And I'm, I'm all for that. Um, but I have concerns with what has happened this evening, the information that we've received in our staff report, and the notices that we have sent over the past two years. We have tried to better things, and I'm not seeing results. I was also, like my colleague, Vice President Rocha, very surprised by the letter that this board received. Um, and our responsibility as a Board of Education is to ensure that all students are served. And it is very, um, concerning to hear, "We are serving all students," and then they're not serving all students. And where are we supposed to go? So with a lack of collaboration, I don't see improvement. And it is our responsibility to ensure that all students are served at any charter school that we authorize. And so I-- whatever the outcome is tonight, I do hope that, if there, um, are conditions of approval, that we do work in order to stop this narrative and to really show that all our schools in Santa Clara County, charter schools are not-- are serving-- are serving all of our students.

MAIMONA AFZAL BERTA: 02:03:32
Trustee Mah.

GRACE H. MAH: 02:03:34
Thank you. Um, I guess, uh, I just wanna make the comment that, along the same lines as Joseph said, uh, the roots of this are 20 years old. I mean, uh, there's, um, a lot of very, very deep roots that, you know, the recent flurry can, you know, trace back to. And that, um, you know, when, when we had the, um-- I forgot what it was called, the pause or the, the agreement to do a five-year hold or something and not have to do the, you know, Prop 39, um, every year where both sides, as I recall, budgeted $1 million each for legal counsel, legal fees because they're gonna, you know, sue and talk to each other and stuff like that. So w-when you had the five-year pause, that was just such a relief for everybody. Um, and so I really wish that, that we could find, you know, yet again, some, some pause, five-year, you know, agreement that, that we're going to not have to have a catastrophe, you know, cause it like COVID or something like that but rather, you know, for the purposes of, of working on, uh, better, um, better demographics that, consensually, we can say, are reflective of the community census or CALPADS or take the average in between, you know, try, try to come into the middle somewhere, instead of way over here and way over there, which was, you know, way back when, as someone was saying, there was the resentment about, "Closing my school." Well, way back when, 20 years, there was a school that got closed, [laughter] okay? So that resentment and strong sentiment is, is still carried through to now. Um, so I, I, um, support the renewal as, uh, recommendation is. And I guess if no one's gonna make a motion, I'll-

MAIMONA AFZAL BERTA: 02:05:53
If we could give all the board members a chance to comment.

GRACE H. MAH: 02:05:55
Okay, sure, uh, make the comments. Got it.

MAIMONA AFZAL BERTA: 02:05:58
Thank you. Trustee Lari, did you wanna make any comments? Okay. So if you'll allow me to make some comments then before we get into motions. Um, I also wanted to just thank everyone for their participation tonight. I think it-it's clear that there's an impact to the Tstudents and community no matter which way you look at this issue.

Documentary Record 002096

Um, and, for me, my decision really is centered on, as a special education teacher and as a parent, the impact that this has on students, students at-- from all, all backgrounds of the community, um, whether it is the local school district or whether it is Bullis. And, from that, we have-- as a board, I think we all make a commitment that students of all abilities, students of all needs, and students of all backgrounds be served. That's the promise of public education. And so my concern continues to be that the data and evidence outlined by the staff analysis clearly shows there's systemic issues.

MAIMONA AFZAL BERTA: 02:07:03

And these issues are s-statistically significant. They're not things that have just been made up. Um, there's disproportionality for some of our most vulnerable student populations. And, and the fact that we have also now been made aware of not just the areas that we issued notices of concern, but other areas in terms of complaints, uh, for failure to serve students with more severe needs than students, um, who've been disenrolled. And so th-that's also concerning to hear because we know that there is an obligation to serve all students under the education code. And I'm concerned that our staff have not had time to, to look into that. And part of that's also because, you know, we're here on this particular day because of the way that Bullis decided to submit their petition, authorizing it on a Sunday evening. And so this, this timeline, I know there was criticism about it but it's-- it was done.

MAIMONA AFZAL BERTA: 02:08:14

Uh, this was star-- uh, it was Bullis's decision to submit it at this point in time. And so I do think, even as it relates to the education code, the data that specifically talks about, Ed Code Section 47605C 5G, which says the means by which a charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English language learners. I'm still not understanding how that can be true when you're looking at even just the breakdown on the slides that Bullis provided. How can we say that students with the most severe needs are being accommodated in a setting of 80% time spent in general education? We have to be looking at students' individualized needs and what they need, not just what the program has to offer. IEPs are supposed to be written to identify the needs of students, and the program should adapt to the students.

MAIMONA AFZAL BERTA: 02:09:18

So it's deeply concerning to see that there's a model that's not fitting the types of diverse needs we know students have. And then going to some of the points I think that Vice President made is the, the bigger issue here that goes beyond politics, because it is political when a public school does not serve all students who wish to attend. And it is political when a school has had the opportunity to collaborate with our staff, to listen to the request of individuals who are experts in this field, who have a lay of the land of charter schools across our county, who are saying these are the types of actions we need to see, and getting the exact opposite of a collaborative response. That's truly not working in the best interest of students. And so I, I really urge-- you know, I, I feel-- I feel for the Bullis community, that you should also know that your-- the Bullis administration is refusing to collaborate, not sending responses, not addressing questions.

MAIMONA AFZAL BERTA: 02:10:29

I mean, that is essentially forcing this board's hand to say, "We have no choice but to deny a charter," to say that we can't place conditions to hold you accountable, to say work with us, address these concerns, to say that we're not allowed to do that, or to say that you're unwilling to work with us, that is a deep concern. And it's also a concern of transparency in terms of the accountability to the public. So that's, that's where I'm really coming from. I'm trying to understand, how can this possibly work with this attitude? Because that's not gonna serve the best interest of all students, all students in the community. That's what matters at the end of the day, all students in

Documentary Record 002097

	the community. And it's dictated by the law, but it's also based on the responsibility we have to serve for the public. I'll stop there. So if there are other questions or comments. Trustee Mah.
GRACE H. MAH: 02:11:36	Sorry, just a question for clarity. So there's so many things flying around. What letter specifically is Vice President Rocha and President Berta referring to that said that they weren't going to cooperate or kind of an all-or-nothing interpretation? Uh, whi-which one of the emails is that one? Today's?
MAIMONA AFZAL BERTA: 02:12:02	I believe it's the letter dated August 23rd. That's included in the board packet.
GRACE H. MAH: 02:12:06	August 23rd. It's in the board packet. Okay. Under the, um, renewal petition or--?
DR. MARY ANN DEWAN: 02:12:13	It's called the-- Trustee Mah, it's called Bullis Response to SCCOE's staff report.
GRACE H. MAH: 02:12:17	Oh, okay. Okay. Okay. Thank you.
DR. MARY ANN DEWAN: 02:12:21	It was posted on Sunday, um, having received it from the charter school--
GRACE H. MAH: 02:12:27	Got it.
DR. MARY ANN DEWAN: 02:12:27	--uh, late Friday evening after the agenda was posted.
GRACE H. MAH: 02:12:30	Thank you very much.
MAIMONA AFZAL BERTA: 02:12:35	Trust-- Trustee Sreekrishnan.
TARA SREEKRISHNAN: 02:12:37	Thank you. And if you want to make the motion, you can but, um, I will move to adopt staff's recommendation. Yeah. And, uh, uh, thank you.
MAIMONA AFZAL BERTA: 02:12:51	Trustee Sreekrishnan has made a motion to adopt staff's recommendation. Is there a second to that motion?
DON ROCHA: 02:13:08	Can I ask a question about the motion, please?
MAIMONA AFZAL BERTA: 02:13:11	Vice President.
DON ROCHA: 02:13:12	I think it's more related to, um-- or not for trustee, but more for staff and the mention of the MOU and the-- and the process by whi-which that MOU would be dealt with. Would that be an MOU that is administratively approved? Um, the scope of that MOU is the conditions. Can you explain to me a little bit more about what the MOU is in the process for that?
DAVINA HARDEN: 02:13:43	In the staff recommendation, the recommendation is that it is an MOU that addresses all of the recommen-- or all of the requirements in the staff analysis and the specific list of conditions. And it would be executed by the superintendent at incorporating the direction from the board tonight.
DON ROCHA: 02:14:05	And what does executed mean? Signed?

Documentary Record 002098

DAVINA HARDEN: 02:14:07	Yes.
DON ROCHA: 02:14:08	Okay. And is there-- is there authority in your mind, given that if there are modifications to it that the superintendent has authority to incorporate those modifications without board approval?
DAVINA HARDEN: 02:14:22	The, the s-- revo-- uh, the resolution says addressing the concerns to the superintendent or designee's satisfaction.
DON ROCHA: 02:14:31	Okay. I'd like to see if you do make this motion-- I'm not saying I'm supportive or not. I'm still weighing the best approach here. That-- if you would be willing to consider-- I'd like to see that, if there's any modification, that, that it comes back to the board.
DR. MARY ANN DEWAN: 02:14:47	Modification to the MOU?
DON ROCHA: 02:14:48	Yeah. That's different from the conditions that we are approving.
DR. MARY ANN DEWAN: 02:14:51	Um, yeah, I would, uh, accept that amendment to the motion.
DON ROCHA: 02:14:55	Thank you.
MAIMONA AFZAL BERTA: 02:14:58	Just to clarify, are you seconding the motion?
DON ROCHA: 02:15:02	Yes.
DR. MARY ANN DEWAN: 02:15:04	Okay. President Berta, having a first and a second, I'd like to read, um, the full, uh, motion, um, just for clarity. And, uh, Vice President Rocha, to also affirm that the MOU would be, um, directly aligned to the board's direction. So we wouldn't-- we wouldn't agree to any conditions, uh, beyond this. So the motion would be to incorporate staff's recommendation. Uh, approval of the res-resolution as proposed by staff conditionally approving for a term of five years and should the MOU not be executed in alignment with the board's direction, alternatively denying Bullis Charter School's renewal charter. This incorporates all of the staff's recommendations, uh, and findings and thus incorporated into the charter. And I wanna specifically note on page 34 in the staff report, um, the-- that this would include the denial of the change to the enrollment preference for admitted siblings.
MAIMONA AFZAL BERTA: 02:16:18	That's, that's correct, yeah.
DON ROCHA: 02:16:20	Yes. I, I still, though, would like to be-- have it included in the motion that, if there's any modification to the conditions or the language that's in front of us in the resolution, that it would come back to the board for approval. Thank you.
MAIMONA AFZAL BERTA: 02:16:31	Yes, so incorporated.
	[silence]
MAIMONA AFZAL BERTA: 02:16:43	Trustee Mah.
GRACE H. MAH: 02:16:45	So I'm maybe not understanding the request that, um-- or the motion is to approve according to the MOU as presented. Is that right?

Documentary Record 002099

MAIMONA AFZAL BERTA: 02:17:02	The staff recommendation.
GRACE H. MAH: 02:17:04	The staff recommendation, which is the MOU as presented with these conditions.
MAIMONA AFZAL BERTA: 02:17:07	Don't have an MOU [crosstalk]--
DR. MARY ANN DEWAN: 02:17:08	The resolution as presented.
GRACE H. MAH: 02:17:10	The resolution as presented, which includes creating this MOU, right? Okay. And, and the MOU is already set or it's not set?
DR. MARY ANN DEWAN: 02:17:21	The MOU would be, um, crafted, um, based on the board's direction. So the board, having made these findings, the MOU will incorporate those things as stated and the resolution as requirements of Bullis Charter School.
GRACE H. MAH: 02:17:36	With the-- with these conditions in the MOU?
DR. MARY ANN DEWAN: 02:17:38	Correct.
GRACE H. MAH: 02:17:39	And so to say that there's going to be any changes is-- where, where are the changes if, if it's being crafted collaboratively, I presume?
DR. MARY ANN DEWAN: 02:17:53	Um, so my understanding from Vice President Rocha's comment is that, if we were to deviate in our, uh, collaboration with Bullis Charter School on the execution of the MOU, if we were to deviate from the findings and the resolution, that that would need to come back to the board. Is that correct?
GRACE H. MAH: 02:18:17	Right. But the-- but the MOU covers a lot more things than just the, um--
DR. MARY ANN DEWAN: 02:18:22	Correct. The-- um, this would be an-- the-- an MOU specific to the conditions, uh, for conditional approval. Um, counsel Harden, would you like to provide further clarification?
DAVINA HARDEN: 02:18:38	Yes. I-- the-- we have sent Bullis an MOU, a more general MOU that covers-- which is mentioned in the staff analysis, that covers a whole range of things. And then there are specific recommendations or specific requirements in the staff analysis. And then there are other recommendations, for example, that if we're negotiating the terms of the MOU with Bullis, we might agree to something that's not even listed in the staff analysis, or it's a recommendation, as opposed to a requirement. And so my understanding of, uh, Trustee Rocha's amendment, and I think it's good if we get clarification, is if the things that are required in th-- as written in the staff analysis were to not be just how they read in the staff analysis, that it would come back to the board.
DON ROCHA: 02:19:35	Yes. But, I mean, even additions, new items, to me, any modification that's not listed in the resolution or-- see, I'm, I'm not-- I wasn't familiar with the fact that we had actually sent over a more general one and what that entails.
DAVINA HARDEN: 02:19:54	So we currently have an MOU and, uh, and-- with Bullis. And so the staff analysis refers to that. And the law has changed since we entered into that. Some best practices have changed. So we've sent over for their consideration a more general

Documentary Record 002100

MOU that addresses insurance as one of the items that's in there, uh, just a variety of issues.

DON ROCHA: 02:20:20 Now, that general one, does that include the conditions that are listed in the resolution?

DAVINA HARDEN: 02:20:23 It does not. It is--

DON ROCHA: 02:20:24 Okay.

DAVINA HARDEN: 02:20:25 It is the county board's practice and, and consistent with the board policy on charter schools, that we provide a, a standard MOU.

DON ROCHA: 02:20:35 Okay.

DAVINA HARDEN: 02:20:36 And so that's what we have already sent. And then we can either do an addendum. But since that hasn't been entered into, the simplest way would be to add additional terms and then execute a single agreement.

DON ROCHA: 02:20:49 Thank you for that clarification. Then I think, for me, the intent is more the, the conditions that are listed and the resolution are the ones that if there are modifications to those that I'd like to see that back before the board, not the more general stuff such as insurance and etc. Thank you.

DAVINA HARDEN: 02:21:04 Thank you.

MAIMONA AFZAL BERTA: 02:21:07 Trustee Chon.

VICTORIA CHON: 02:21:09 I just wanted it to be clear that, um, when we start the process for signing the MOU, if the Bullis Charter School team does not want to enter into the MOU, does that result in an automatic denial?

DAVINA HARDEN: 02:21:23 Yes. According to the resolution, if they don't enter into the MOU and comply with the conditions, then, uh, then the denial findings that you're adopting if you ado-- if you approve this motion would go into effect.

VICTORIA CHON: 02:21:39 And then with the different, um, pieces that are in the resolution, the different, um, terms that we have, if-- when-- if we did not see those terms being followed, would we follow action? What would be the process then afterwards?

DAVINA HARDEN: 02:21:56 Uh, do you mean if we enter i-- we enter into--

VICTORIA CHON: 02:21:58 Enter in-- mm-hmm.

DAVINA HARDEN: 02:21:59 --the MOU and then there's a violation of the MOU?

VICTORIA CHON: 02:22:01 Yes. Thank you.

DAVINA HARDEN: 02:22:02 Then the violation of the MOU would be addressed in the normal manner that we operate in oversight of the charter school. And it would obviously depend on what the item is. We would follow up with them. We might send a notice of concern. We

Documentary Record 002101

would work with them. I mean, the ultimate issue is charter revocation but that is, of course, never the starting point or the intent.

VICTORIA CHON: 02:22:23 Mm-hmm. So that would be similar to what we did in 2021? The process.

DAVINA HARDEN: 02:22:28 That was a particular notice pursuant to this 47607E process. So it would depend on what the non-compliance issue is.

VICTORIA CHON: 02:22:36 I see. Okay. Thank you.

MAIMONA AFZAL BERTA: 02:22:43 Uh, and, uh, I, I just wanted to make sure we have enough information about the, the motion and the exact-- okay. Trustee Mah.

GRACE H. MAH: 02:22:52 Thank you. Um, I guess I do want to at least bring up a, a comment or a discu-- a potential discussion on, um, the preference that, um, is being moved or recommended by staff not to be allowed, which is allowing the sibling preference above the geographic or some--

S0: 02:23:16 [inaudible].

GRACE H. MAH: 02:23:18 Right.

S0: 02:23:18 [inaudible].

GRACE H. MAH: 02:23:22 Right. And so, um, I would propose that, that we allow siblings, uh, as the higher priority because I hate to s-split up families. I mean, the whole point of sending kids to school is that, you know, it's a family unit, so.

DR. MARY ANN DEWAN: 02:23:38 Trustee Mah, the, um, current, um, preference already allows for, uh, siblings that are attending and enrolled.

GRACE H. MAH: 02:23:49 Mm-hmm. Right.

DR. MARY ANN DEWAN: 02:23:52 Um, the, uh, charter requested-- uh, Bullis Charter School requested to extend that preference to those who are admitted, s-- who may not even be enrolled yet. And so, um, our recommendation is to not, um, permit a-admission preference for siblings of students who are admitted but not enrolled. And that's incorporated into staff analysis. So it still allows for siblings, but for si-siblings who are enrolled.

GRACE H. MAH: 02:24:36 [inaudible] enrolled. Got it. Thank you.

MAIMONA AFZAL BERTA: 02:24:42 Trustee Di Salvo.

JOSEPH DI SALVO: 02:24:46 Thank you, Madam Chair. I, um, I won't be supporting this motion. Um, I think that the approval should be unconditional, and I know I don't have an opportunity to vote on that. I think that this-- what we are doing could lead to, um, litigation that we're gonna spend a lot of time on over time. And I think there's so many other-- the question I ask, are the children well? And in so many of our schools that we have some, um, responsibility towards and the students of those schools, they're not well. They're not well in many ways. They're certainly not well in what they're achieving, uh, on the smarter balance assessments. The children here are well. Therefore, I think the tweaks that need to be done can be done without a memo of understanding that

Documentary Record 002102

is probably gonna be litigated. Um, so I don't like us to spend a lot of time on something when I think there's nothing-- based on my view, and I was a principal for 20 years, there's nothing egregious about anything that I've heard, that I've read, that I've heard tonight from any of you, or any of the public, or any of those that came from Los Altos. Nothing egregious. These are small tweaks that may be done over time, uh, and may not be. I, I-- there is an admonishment, though. I-- a-and I'm not gonna support the motion. But the admonishment is to Bullis to-- and to Los Altos Elementary to be much more collaborative and cooperative than you're currently being. That's-- going forward, that's e-- no matter what is done tonight, conditional, unconditional, uh, leads to a denial eventually, which would be wrong but, um, that's what we've heard. Um, so I won't be supporting the motion. Um, I appreciate the work that has been done by everybody. I appreciate all of you being here tonight. I am sorry, personal apology to the children that came to speak that didn't have an opportunity to speak in a meeting where I was a trustee.

MAIMONA AFZAL BERTA: 02:27:23 Other comments from staff be-- or from trustees before we vote? Trustee Sreekrishnan?

TARA SREEKRISHNAN: 02:27:29 I, um, wanted to see and ask, um, if, uh-- to Trustee Di Salvo's point, the conditions, if, um-- and I know this has been sort of addressed in the back and forth, but if we can ask to see if Bullis can meet the conditions that, um, we're setting forth in this motion. And, uh, I know it wasn't ideal from the public commenters but, if appropriate, I wanna ask if, if, if, if Bullis can meet the conditions, you know. Uh, that's-- I want them to respond.

MAIMONA AFZAL BERTA: 02:28:15 If you'd like to respond?

[silence]

MAUREEN ISRAEL: 02:28:30 Sorry, we're, we're confirming 'cause my question is, is i-if it's even possible. Uh, there's so much in the staff report. Um, I, I just-- I just don't understand if it's possible. I don't know if you wanna clarify more.

JOHN LEMO: 02:28:43 I think it's fair to say-- yeah, it's impossible to answer that question. But I think it's fair to say that, that if, if there were simply a, a, a renewal, you know, without the, the imposition of these, the-these conditions, I think it's fair to say that BCS will continue to, to work with the char-ch-- with the charter schools de-- uh, department. I, I, I don't think it's a fair assessment to say that BCS is not cooperating with the charter schools department. But, obviously, we wanna cooperate with the charter schools department.

MAUREEN ISRAEL: 02:29:13 Uh, uh, yes. A-and I'll, I'll just add, uh, this matters deeply. Like, uh, nobody wants to rest on their laurels and say, "We're fine. We're good. R-- approval, right. Move on." Right? Like, I think it continues to be important. This is-- this is my work too, right? This is-- this is my career. This is my profession. This is what I believe deeply. It's what our team believe-- they're still sitting here. It's what our team believes deeply. It's what Veronica does is we, we want to serve as many possible students as we can and, and make sure that we are meeting and, and continuing to grow and diversify in these ways. So by no means would a lack of those existing in an MOU stop us tomorrow from doing that. Uh, uh, this continues to be a core part of, of who I am and what I value and what this team values. So, uh, can-- we don't need that written on a piece of paper for us to know that we're gonna continue to push those ways. Yeah.

Documentary Record 002103

TARA SREEKRISHNAN: 02:30:01 Okay. It's-- that's helpful. Uh, uh, it was a yes, right? I think they said they said-- they said yes, they--

MAUREEN ISRAEL: 02:30:08 [crosstalk] we won't. Yeah.

S0: 02:30:09 No. We cannot [inaudible].

TARA SREEKRISHNAN: 02:30:10 Oh.

MAUREEN ISRAEL: 02:30:11 I just-- yeah.

TARA SREEKRISHNAN: 02:30:11 I heard the opposite. Oh, okay.

S0: 02:30:13 [inaudible].

MAUREEN ISRAEL: 02:30:16 It's, it's between-- uh, if I can just-- I mean, it's setting us up for denial, right? You're asking us to create a metric on something I can't have a metric on. I can't pre-predict the number. What's gonna happen when I'm asked and forced to pre-predict the number of Hispanic students I enroll and that metric now is, is-- doesn't meet that? What happens? Like, uh, uh, it just-- I, I can't pre-predict those things. It's illegal for me to do. So I'm just-- I'm just not set up for success. We're set up to be denied. We're set up to be revoked. That's what's concerning in the conditions to me.

TARA SREEKRISHNAN: 02:30:44 Yeah. And, certainly, that's not my intent. Um, but from my understanding, and it would be great to get clarity from staff, f-from my understanding in reading the conditions, um, you know, there, there aren't, uh, quotas [laughter] in the conditions but, you know, I wholeheartedly don't want this to lead to a denial, whether we're sued or not sued. Um, that's sort of a different story. But can our staff speak to that?

MEFULA FAIRLEY: 02:31:23 Uh, so that could be part of the negotiations for the, the MOU. Um, we are not asking them to come up with quotas. We're asking them to strive to meet a certain goal. So, this year, we, we enrolled one more Hispanic/Latino student. Next year, we'd like to try to enroll two. So what can we do to do that? No quotas.

TARA SREEKRISHNAN: 02:31:56 Okay.

MEFULA FAIRLEY: 02:31:57 If they don't meet the goal, they don't meet it, as long as they are showing that they have attempted to recruit additional students.

TARA SREEKRISHNAN: 02:32:07 Do you think since-- I think the superintendent wants to speak.

MAUREEN ISRAEL: 02:32:11 But that's not the language of the MOU. The MOU explicitly says, if we don't meet the conditions set, then we would be revoked. So that is the intent of it. Yeah.

TARA SREEKRISHNAN: 02:32:19 Do you think we could-- I'm glad we're having this discussion--

MAIMONA AFZAL BERTA: 02:32:21 And if we could--

TARA SREEKRISHNAN: 02:32:22 --first and foremost. Um--

Documentary Record 002104

MAIMONA AFZAL BERTA: 02:32:23 --the responses should be specific to questions that trustees are asking.

TARA SREEKRISHNAN: 02:32:28 I, I appreciate that though, uh, Superintendent Israel. But, um, I, I think it's great we're talking about this. Um, and I don't know if it means clarifying the resolution language, but I know the intent of my motion is not to deny or set anyone up for failure. Um, so do you think the conditions could be clarified for the public right now?

MEFULA FAIRLEY: 02:32:56 Um, I can read them.

[silence]

MEFULA FAIRLEY: 02:33:11 Okay. So I'm looking at, uh, page five of-- thank you. Of the resolution. And it says the MOU and/or addendum thereto shall address all of the following requirements on, uh, terms acceptable to the county superintendent. So address, remediate each of the items identified as requiring remediation, correction, updating, and/or identified as a condition of renewal in the staff report and analysis of findings. Second one is to specify that Bullis will continue its efforts to-- in accordance-- I can't really see. In accordance with its enrollment action plan to address the issue of serving all students who wish to attend as the same-- as the same may be updated from time to time to ensure equitable access to attendance at Bu-- at Bullis's-- at Bullis and to increase its enrollment of historically underserved student groups who are underrepresented at Bullis as compared to LASD. Um, Bullis shall-- number three, Bullis shall announced the number of openings at each grade level prior to commencing the open enrollment period each year in order to avoid the possibility or perception that the number of openings is affected based on who applied. Um, if the number of openings would result in an overall decrease in the enrollments basis from the prior year, Bullis shall explain in writing to SCCOE the reason for the enrollment reduction. After that announcement, Bullis may increase the number of enr-- o-- of openings in any grade level but may not decrease the number of seats at any grade level for that open enrollment and lottery period. Bullis shall inform SCCOE should it increase the number of openings after the original announcement, including providing a written explanation as to the basis for the increase. Number four, Bullis shall unequiv- unequivocally-- quivocally, whatever, um, commit to offer students each of the a- announced open seats at each grade level and the order drawn in the lottery in accordance with all requirements and described in the portion of the staff analysis addressing the admission policies and procedures element of the charter until all such openings have been filled and/or there are no more applicants for the seats. Number five, Bullis's updated plan shall include metrics for measuring the success or effectiveness of the plan and its components. This section of the plan will include the following information, which may be summarized in a table. An identified metric which measures measures, uh, measures that will b-- r-- uh, sorry, sorry. Measures that will provide actionable data related to enrollment. So, um, an example, students who are socioeconomically disadvantaged. It'll include a methodology which explains how the metric will be measured to ensure valid and reliable results. For example, the number of percent of students who are socioeconomically disadvantaged who enrolled in the last open enrollment period. It will include a data source, the origin of the data, in other words, from where the data s-- will come. Um--

TARA SREEKRISHNAN: 02:36:47 Director Fairley.

Documentary Record 002105

MEFULA FAIRLEY: 02:36:48 Yes.

TARA SREEKRISHNAN: 02:36:48 I, I didn't-- and I apologize. I didn't mean for you to read the whole thing.

MEFULA FAIRLEY: 02:36:51 Okay.

TARA SREEKRISHNAN: 02:36:52 But I really appreciate that but--

MEFULA FAIRLEY: 02:36:53 All right. Sure.

TARA SREEKRISHNAN: 02:36:54 --I guess I would like to know-- I mean, I, I-- um, perhaps I should have, uh, asked some of these questions earlier. But, um, if there are certain conditions that, you know, um, Bullis, uh, feels like are unachievable. When I read through it, it looked achievable to me. Um, but I figured it'd be good to address, uh, that right now.

MAIMONA AFZAL BERTA: 02:37:27 Trustee Chon.

VICTORIA CHON: 02:37:29 Uh, I would not be comfortable, like, going in-- this-- that-- this-- that will take hours. Um, that is why the MOU is written, that it c-- it's at the discretion of the county superintendent or their designee, and Vice President Rocha has said that, if there are changes, they'll come back to this board. Um, I don't think that it's appropriate right now to sit and talk about all of the, um, 7 pages. The 12-page, uh, uh, resolution has been posted on board docs. And so I, I think we need to, um-- I, I will--

MAIMONA AFZAL BERTA: 02:37:59 Call [crosstalk].

VICTORIA CHON: 02:38:00 Yeah. I'll, I'll call the question, but I can't do that while I speak. So I'll wait to see if there's anybody else. And if there isn't, then I'm gonna call the question, following, you know, procedures.

MAIMONA AFZAL BERTA: 02:38:11 Any other comments?

VICTORIA CHON: 02:38:13 Oh, I will call the question.

MAIMONA AFZAL BERTA: 02:38:16 All right. The question has been called on this item, so we will proceed to a vote.

DR. MARY ANN DEWAN: 02:38:25 Um, we'll do a roll call vote. Um, Trustee Mah.

GRACE H. MAH: 02:38:32 No.

DR. MARY ANN DEWAN: 02:38:38 Um, Trustee Sreekrishnan.

TARA SREEKRISHNAN: 02:38:40 Aye.

Documentary Record 002106

DR. MARY ANN DEWAN: 02:38:42 Vice President Rocha. Trustee Lari. Trustee Di Salvo.

JOSEPH DI SALVO: 02:38:48 No.

DR. MARY ANN DEWAN: 02:38:49 Trustee Chon. And President Berta?

MAIMONA AFZAL BERTA: 02:38:53 No.

DR. MARY ANN DEWAN: 02:38:57 You have four, uh, no votes and three yes votes. Um, the motion fails.

MAIMONA AFZAL BERTA: 02:39:15 I think, given-- and we can go around for more comments and entertaining another motion. But given the comments that it doesn't appear that Bullis is going to agree to any types of conditional approval is I believe what I heard. Is that-- is that accurate? So that essentially is leaving us with two options, Trustee Mah.

GRACE H. MAH: 02:40:00 I guess, uh, I would like to understand if it's possible to get an idea of which of these conditions Bullis feels they cannot meet. I mean, if they're-- if they're comfortable saying.

S0: 02:40:15 [crosstalk].

GRACE H. MAH: 02:40:17 I know, you kind of asked that but, but we didn't get the answer. I mean, is it all the conditions that we can't be met? Or at least, for me, it seems like it's the one that says they are required to produce annual targets, a plan for achieving the target, but there's no, um, penalty for not meeting the target, as Director Fairley was saying. So is, is that, for instance, one of the conditions that--?

JOHN LEMO: 02:40:48 When you're talking about targets and failing to meet them, th-that's-- in Supreme Court language, that's, that's a soft quota.

GRACE H. MAH: 02:40:54 Hmm.

MEFULA FAIRLEY: 02:40:55 We, we can't do that. We're-- w-we're-- uh, we don't have a-- we, we don't have a board here. We can't make a-- we can't agree--

GRACE H. MAH: 02:41:02 Sure. Mm-hmm.

MEFULA FAIRLEY: 02:41:02 --to, to, to some group of conditions. What I would suggest and what I think w-- I, I can comfortably say we can commit to is, if the-- if the charter is renew-renewed just pursuant to law a-as it's presented, without conditions, you could direct staff to work with Bullis. And Bullis, the superintendent here, our s-- the chief staff of Bullis is here. She can commit to work with SCCOE staff on, uh, not conditions of renewal, but perhaps protocols for, uh, the lottery and, and so forth that would meet some of the concerns that S-- SCCOE staff has presented. But, but that's something that has to be vetted through the-- through the-- through the BCS board. And maybe there's other things too that could be discussed between SCCOE staff and BCS that could be addressed even in an MOU perhaps, but not as a condition of renewal. And th-- and, and what would that-- how that would look is, um, if those things are not met, it's not, uh, automatic, uh, denial of the charter, which is c-completely impermissible. What it is, it would be a, a, a breach of the MOU agreement and then they, they

Documentary Record 002107

would have, uh, their authority under the MOU. And I think this is already in the current MOU, that, uh, it's the power of charter, so they could give a notice to cure, notice of concern, and even, like, theoretically start a revocation proceeding if that, you know, is not met, and that would come to you as a board. But that seems to be the m-more appropriate path here. Just renew the charter and direct your staff to--

MAIMONA AFZAL BERTA: 02:42:38 So we-- it's-- we have have a point of order, so--

VICTORIA CHON: 02:42:41 Um, I, I, I don't think that-- I, I appreciate that you wanna speak, but I don't think that that's answering the question. This is getting into debate of the MOU. I don't think it's appropriate. So is this appropriate for him to continue? So, uh, that is my point.

JOHN LEMO: 02:42:54 I, I was asked about the MOU. I apologize if I--

VICTORIA CHON: 02:42:55 No, I was talking to President Berta. Thank you.

MAIMONA AFZAL BERTA: 02:42:57 That was not the, the specific-- um, the question.

JOSEPH DI SALVO: 02:43:01 May I make a motion?

MAIMONA AFZAL BERTA: 02:43:05 Go ahead.

JOSEPH DI SALVO: 02:43:08 I move approval of Bullis Charter Schools renewal for a period of seven years, adoption of a re-resolution of approval, and that the board, um-- am I reading the right one? Without conditions. Yeah, approving the renewal charter as submitted without conditions. Um, so I would-- so that's my motion. I move approval without conditions of the charter for seven years with the fact that-- I don't know who directs staff, but I would like the issues that the board is concerned about, then staff concerned about, is to be addressed over time during those seven years. I say seven years because I think this community has to-- has to understand it's gonna be there for a while, and they have to work to make the situation better collaboratively and cooperatively. And if it's five years, you could wait it out. It's kind of like a presidential election. You could wait out a president in four years. But if it's seven, it's hard to-- you got to figure out it's gonna be here. Let's make it ha-- let's work together like we haven't worked before. That's my motion and--

GRACE H. MAH: 02:44:20 I second it.

MAIMONA AFZAL BERTA: 02:44:24 We have a motion from Trustee Di Salvo and a second from Trustee Mah. Let me see if I can rephrase or Trust-- uh, Dr. Dewan, were you able to capture the motion?

DR. MARY ANN DEWAN: 02:44:37 Um, I was, but I believe we will need to take a recess to prepare that resolution.

MEFULA FAIRLEY: 02:44:46 Yes, we would nee-need to take a recess. And I also wanted to, uh, mention, um, that it might be helpful to include in the motion, um, your plans on the preferences.

DR. MARY ANN DEWAN: 02:45:00 Yes. Um, so, Trustee Di Salvo, the question is that, um, without conditions, but also denying the request to add admission preferences for siblings of students who are simply admitted to, rather than already attending Bullis.

Documentary Record 002108

JOSEPH DI SALVO: 02:45:20 I could make that amendment.

DR. MARY ANN DEWAN: 02:45:22 Thank you.

GRACE H. MAH: 02:45:23 Yeah. I could accept that amendment as a second.

MAIMONA AFZAL BERTA: 02:45:37 So we will take a recess while staff prepares that.

DON ROCHA: 02:45:40 Is it-- is it possible to do a straw poll before we spend staff time on it?

DR. MARY ANN DEWAN: 02:45:49 [inaudible] the board and the public need to know what they're voting on, but if you don't count it as a vote.

MAIMONA AFZAL BERTA: 02:45:54 Even if a motion and a second has been made, don't we have to vote on it?

DR. MARY ANN DEWAN: 02:45:56 [crosstalk] pretty sure.

MAIMONA AFZAL BERTA: 02:45:58 Yeah. If a motion and a second [inaudible].

DON ROCHA: 02:46:00 I, I hear you. I just was wondering if you can--

MAIMONA AFZAL BERTA: 02:46:02 [inaudible].

DON ROCHA: 02:46:03 Yes, I understand.

[silence]

MODERATOR: 02:46:15 Thank you for your patience. We're gonna reconvene. Um, and sta-- so printed copies are on its way, but we can pull it up on the screen.

MAIMONA AFZAL BERTA: 02:46:29 So just to reiterate, they're, um-- printed copies are being prepared of the resolution, are on their way, and a digital copy will be pulled up on the screen.

DR. MARY ANN DEWAN: 02:46:42 This is necessary for the board to see, um, before the roll call vote is taken.

MAIMONA AFZAL BERTA: 02:46:50 And it's being uploaded into board docs.

DR. MARY ANN DEWAN: 02:46:52 It is up-- it is in board docs currently and we're, we're gonna pull that up open right now. You, you may have to refresh, um, but yes, it was added to board docs.

[silence]

DR. MARY ANN DEWAN: 02:47:26 It's called 8-27 Resolution Approving Bullis Renewal.

[silence]

DR. MARY ANN DEWAN: 02:47:48 President Berta, I'll take the role whenever you direct. Just wanna allow adequate time for the board to see the content of the resolution. Yeah. And, Olivia, if you'd like to scroll through, um, slowly so the, um, community can see.

Documentary Record 002109

[silence]

MAIMONA AFZAL BERTA: 02:50:13 If there are no further comments or questions from the board, we can proceed to a vote.

DR. MARY ANN DEWAN: 02:50:20 And so we had a motion from Trustee Di Salvo and the second, Trustee Mah. Uh, roll call vote. Uh, President Berta.

MAIMONA AFZAL BERTA: 02:50:29 No.

DR. MARY ANN DEWAN: 02:50:30 Trustee Chon.

VICTORIA CHON: 02:50:32 No.

DR. MARY ANN DEWAN: 02:50:33 Trustee Di Salvo.

JOSEPH DI SALVO: 02:50:34 Yes. Aye.

DR. MARY ANN DEWAN: 02:50:35 Trustee Lari. Trustee Mah.

GRACE H. MAH: 02:50:39 Yes.

DR. MARY ANN DEWAN: 02:50:41 Vice President Rocha.

DON ROCHA: 02:50:43 No.

DR. MARY ANN DEWAN: 02:50:44 And Trustee Sreekrishnan.

TARA SREEKRISHNAN: 02:50:47 Yes.

DR. MARY ANN DEWAN: 02:50:49 A motion fails. Four nos, three yeses.

MAIMONA AFZAL BERTA: 02:51:03 Given the other motions that have been made and as well as the ca-- comments from, uh, Bullis Charter School, if I could use-- make a point of personal privilege since we've heard other motions, I'd like to make a motion to move the denial of Bullis Charter School's renewal, the charter and adoption of the renewal of denial, adopting sta- staff's recommended findings of denial, and finding that Bullis Charter School's corrective action plan, pursuant to Education Code Section 47607E has been unsuccessful and rejecting the proposed conditional approval and conditions of approval.

TARA SREEKRISHNAN: 02:51:41 I'd like to make an alternate motion if that's appropriate. I, I--

MAIMONA AFZAL BERTA: 02:51:49 I will-- if, if, if we have a second, yes. So--

Documentary Record 002110

DR. MARY ANN DEWAN: 02:51:50 Motion on the floor, then you need to wait for a second.

S0: 02:51:54 Yes.

MAIMONA AFZAL BERTA: 02:51:56 A second from Trustee Chon.

DR. MARY ANN DEWAN: 02:52:02 We would need to recess to prepare the denial, um, resolution for the board and the public.

TARA SREEKRISHNAN: 02:52:14 Can I make my alternate motion now?

MAIMONA AFZAL BERTA: 02:52:19 We're s-- technically supposed to if you want to make a comment.

TARA SREEKRISHNAN: 02:52:24 I-- well, my alternate motion, um, whenever it's appropriate to make, is to go back to my first motion of, uh, uh, approval using a staff recommendation. So I wanna put that on the table too.

MAIMONA AFZAL BERTA: 02:52:42 We will procedurally, uh, go through the motion and the second first. So staff will be preparing the resolution based on the current motion.

[silence]

MAIMONA AFZAL BERTA: 02:53:07 We will be reconvening again. The resolution has been posted on board docs, and we are receiving pa-paper copies momentarily. The resolution will also be pulled up on the screen.

[silence]

DR. MARY ANN DEWAN: 02:54:37 There are, um, printed copies if any members of the public would like to see them. Um, we'll have them in the-- just raise your hand. It is posted in board docs if you wanna see it on your phone.

[silence]

MAIMONA AFZAL BERTA: 02:56:07 All right. Given the item has been posted and available in print and projected on the screen, um, if there are no other comments or questions, we will move to a vote. Trustee Sreekrishnan.

TARA SREEKRISHNAN: 02:56:24 Thank you, President Berta. Um, and, um, I know my-- I have my other motion that, um, is, I guess, not technically on the floor but I want to clarify that, for that motion, I do support, uh, Trustee Rocha's amendment about having the, uh, edits to the MOU come to the board so we can have, uh, more oversight. And I will be a, a no on this motion. Thank you.

DR. MARY ANN DEWAN: 02:56:56 You want me to take the roll call?

MAIMONA AFZAL BERTA: 02:56:57 Yes, please. We'll do a roll call vote.

DR. MARY ANN DEWAN: 02:56:59 U, roll call vote. Um, Trustee Sreekrishnan.

TARA SREEKRISHNAN: 02:57:04 No.

Documentary Record 002111

DR. MARY ANN DEWAN: 02:57:05 Vice President Rocha. Trustee Mah.

GRACE H. MAH: 02:57:10 No.

DR. MARY ANN DEWAN: 02:57:11 Trustee Lari. Trustee Di Salvo.

JOSEPH DI SALVO: 02:57:16 No.

DR. MARY ANN DEWAN: 02:57:18 Trustee Chon.

VICTORIA CHON: 02:57:19 Aye.

DR. MARY ANN DEWAN: 02:57:21 And President Berta.

MAIMONA AFZAL BERTA: 02:57:23 Aye.

DR. MARY ANN DEWAN: 02:57:28 So you have three yeses, three nos, and one abstention, motion fails.

MAIMONA AFZAL BERTA: 02:57:35 Would you like to make your motion?

TARA SREEKRISHNAN: 02:57:39 Um, I think you-- did you call on me?

MAIMONA AFZAL BERTA: 02:57:42 I had because she had previously had her hand up.

TARA SREEKRISHNAN: 02:57:45 I, I-- but I have something to say.

MAIMONA AFZAL BERTA: 02:57:48 Right.

TARA SREEKRISHNAN: 02:57:48 Uh, yeah. I have my motion, uh, the original one. So we can, uh, conditionally approve.

MAIMONA AFZAL BERTA: 02:57:56 Can you clarify with the MOU? Are you asking for any MOU to be approved by this board?

TARA SREEKRISHNAN: 02:58:05 So that would be-- that's very interesting. And I wanted to hear from staff what the difference would be of having it go to the superintendent or the board. Um, in our previous motion, it was the edits come to the board, and that makes sense. And, you know, I don't-- um, there-- I think there are pros and cons to having the MOU come to the board. And so I'd love to get clarity on the difference.

S0: 02:58:38 [inaudible] the microphone.

DR. MARY ANN DEWAN: 02:58:40 Yes, sorry. We, we had to charge them.

Documentary Record 002112

DAVINA HARDEN: 02:58:47
If you-- if you follow the process that was in the prior motion where then the standard MO-- MOU, it's, it's consistent with the board policy that says that it goes through the superintendent, and it's consistent with the, the delegation to the superintendent and staff to do kind of the ongoing oversight. But with the proviso that these par-- like, the particular conditions that are specifically incorporated by this motion, if we deviate from those during the negotiations, they would come back so that the board would have the authority to say yes or no. If the whole thing has to come back, even if it's exactly what's already approved, then it's just another-- it has to come back to the board.

TARA SREEKRISHNAN: 02:59:37
Okay, 'cause my worry about, um, having us approve any MOU is we're not in the negotiations that our staff and our superintendent is. So I'm gonna keep the original motion.

MAIMONA AFZAL BERTA: 02:59:53
Trustee Mah.

GRACE H. MAH: 02:59:55
So I'd like to, uh, make a friendly amendment that, um, the condition number five be removed, but the other conditions, I think, stay, or at least I'd like to, um, maybe ask a question before I make that friendly amendment. Is that okay?

MAIMONA AFZAL BERTA: 03:00:20
You wanna ask a question and then make a--

GRACE H. MAH: 03:00:22
O-of the petitioner.

MAIMONA AFZAL BERTA: 03:00:25
Can we see if there's a second to the current motion first? Friendly amendments.

GRACE H. MAH: 03:00:30
Oh, well, I'll second. Yeah.

MAIMONA AFZAL BERTA: 03:00:32
Okay.

GRACE H. MAH: 03:00:33
I'll second with my friendly amendment. I mean--

TARA SREEKRISHNAN: 03:00:35
What's your amendment?

GRACE H. MAH: 03:00:36
My amendment is to remove item number five, the one that says they need to come up with targets and metrics that are kind of like quotas.

TARA SREEKRISHNAN: 03:00:46
Well, th-- it-- they're not quotas. They're goals, right? I feel like that's different.

GRACE H. MAH: 03:00:53
So it's, you know, eas-easily interpre-interpreted in various ways. I just assumed--

TARA SREEKRISHNAN: 03:01:05
I mean, is there a way we could clarify item five to, to clarify that it's, it's, it's a goal and it's something to strive for, as Director Fairley mentioned? I'm open to that. I don't want to just cut it out.

GRACE H. MAH: 03:01:20
And that-- and that-- and that there's no penalty for meeting or not meeting it.

Documentary Record 002113

TARA SREEKRISHNAN: 03:01:25 I think that is getting a bit too granular in, in terms of--

GRACE H. MAH: 03:01:28 No, I mean, and so--

TARA SREEKRISHNAN: 03:01:29 I don't-- so I don't accept that.

GRACE H. MAH: 03:01:30 --kind of what-what's the point of that? I don't-- I don't know.

MAIMONA AFZAL BERTA: 03:01:33 So I'm gonna go to a-- uh, another trustee just to keep us-- Trustee Lari.

S0: 03:01:39 [inaudible].

GRACE H. MAH: 03:01:41 Can't hear.

RAEENA LARI: 03:01:45 You're including, uh, Vice President Rocha's, uh, um, amendment in--

TARA SREEKRISHNAN: 03:01:50 Yes.

RAEENA LARI: 03:01:51 Right. Okay. Which is like any MOU change or anything come to the board?

TARA SREEKRISHNAN: 03:01:56 Yeah.

MAIMONA AFZAL BERTA: 03:02:01 In the MO-- I'm sorry, I'm still confused on the MOU piece. Are you saying any changes to-- but we don't know exactly what's going to be in the MOU. So how could we say if there's changes made to the MOU?

TARA SREEKRISHNAN: 03:02:13 It's the exact motion we, we had just a while back.

MAIMONA AFZAL BERTA: 03:02:18 I know. I'm, I'm just con-- puzzled by it a little.

TARA SREEKRISHNAN: 03:02:20 It's, it's-- if, if staff deviates from what is in the resolution w-- 'cause in the resolution, it states what will go in the MOU. If they deviate from that, it has to come to us for approval, any edits?

DAVINA HARDEN: 03:02:41 To the conditions.

MAIMONA AFZAL BERTA: 03:02:42 To the conditions. It makes sense. Like, uh, it just-- I don't think everything's outlined in detail, so it's hard for me to personally support that of-- without knowing what's gonna be in the MOU exactly, to know what the deviations could be that would cause that. But understood. So just to clarify, Trustee Mah, did you second that motion or did you not second that motion?

GRACE H. MAH: 03:03:13 Sorry, because, um, Trustee Sreekrishnan didn't accept my friendly amendment.

MAIMONA AFZAL BERTA: 03:03:17 Okay. So--

Documentary Record 002114

TARA SREEKRISHNAN: 03:03:18	I, I accept a friendly amendment to clarify that it's not a quota. And so I don't think that we need to cut it out.
MAIMONA AFZAL BERTA: 03:03:29	So I don't think that we have a second then right now. Do you--?
DON ROCHA: 03:03:33	Uh, if I may, I'll second. But I'd like to go a step further than my last friendly amendment, which is I'd like to have just the MOU come back for a public review. So the public has an opportunity to see it, so regardless of a change or not.
TARA SREEKRISHNAN: 03:03:50	Accept. Accepted, Don.
DON ROCHA: 03:03:52	I appreciate your willingness to do that [crosstalk]--
MAIMONA AFZAL BERTA: 03:03:53	Can you re-- can you restate what your motion is? And then I'll go to, uh, Trustee Chon.
TARA SREEKRISHNAN: 03:03:57	My motion is to approve with the conditions that staff set forth and to have the MOU come to the board, but it should be negotiated by staff and come for final approval to the board.
DON ROCHA: 03:04:17	Great job.
TARA SREEKRISHNAN: 03:04:19	I think Don seconded it. Thank you.
MAIMONA AFZAL BERTA: 03:04:22	All right. Trustee Chon.
VICTORIA CHON: 03:04:25	Isn't the MOU just gonna be the conditions?
S0: 03:04:29	Just don't fight it.
DR. MARY ANN DEWAN: 03:04:31	Yeah. It's largely-- there's another part of the MOU. That's the, like, the standard pieces, the insurance. And so the large pieces that would be negotiated are-- would not be ne-negotiated and that we would attempt not to deviate from are the conditions. And a question we would have, uh, Vice President Rocha, is for that to come for approval, um, for consent, action, or for information. You said for the public--
DON ROCHA: 03:05:04	I'd like to have it come for approval, please.
S0: 03:05:07	Thank you for clarifying.
VICTORIA CHON: 03:05:07	Can I ask a clari-- so, uh, Vice President Rocha, your additional step further is this comes back, period.
DON ROCHA: 03:05:14	The MOU does, yes. And not-- and I know the direction of your staff is to be consistent with the conditions as are laid out.
VICTORIA CHON: 03:05:21	Mm-hmm.
DON ROCHA: 03:05:22	But there's no guarantee that that is gonna be it. There may be some modifications. There may be some concessions. We don't know what we don't know. So I'm interested in seeing it one way or another, just also for the public review is part as well. Thank you.

Documentary Record 002115

VICTORIA CHON: 03:05:34 Okay. Thank you.

DR. MARY ANN DEWAN: 03:05:37 Did you need to speak to that? Oh, sorry.

MAIMONA AFZAL BERTA: 03:05:48 Okay. Are there any other comments or questions on this motion?

DR. MARY ANN DEWAN: 03:06:02 So we will go to--

DAVINA HARDEN: 03:06:05 Now I guess I do have to speak. Um, because it's gonna come back to the board, the motion includes a, a later date at the superintendent's discretion, but I don't know what the December board date is, but we might want it to-- the date in here for signing the MOU maybe should be--

MAIMONA AFZAL BERTA: 03:06:26 Earlier.

DAVINA HARDEN: 03:06:27 Co-- no, no, correspond to the board meeting. When's the board meeting?

DR. MARY ANN DEWAN: 03:06:35 The, the December meeting is, um, December 18th, I believe. No. No. Uh, December 18th and, um, the resolution said December 6th.

JOSEPH DI SALVO: 03:06:57 Can I ask a point of order since I will not be here in that December meeting? Um, does my replacement-- could he or she vote at that time, even though they didn't hear-- they weren't at this time?

DAVINA HARDEN: 03:07:14 It'll be approval of an agreement that will be before them.

JOSEPH DI SALVO: 03:07:17 Okay.

MAIMONA AFZAL BERTA: 03:07:26 [inaudible] the date.

GRACE H. MAH: 03:07:27 Actually, another, uh, point of order, I guess, is I think, um-- are we talking about December 4th or is it not December 4th?

MAIMONA AFZAL BERTA: 03:07:36 There's no meeting on the 4th.

GRACE H. MAH: 03:07:37 Okay. Yeah.

S0: 03:07:41 Do we have a clarified date?

S0: 03:07:44 I would--

DR. MARY ANN DEWAN: 03:07:44 Uh, the meeting is December-- the board meeting is December 18th. So my estimation would be that the MOU would need to be fully executed by the same date, December 6th, in order to be on the board's agenda, unless--

DAVINA HARDEN: 03:08:01 Executed by Bullis by that date, as opposed to fully executed 'cause it would be approved by the board.

Documentary Record 002116

DR. MARY ANN DEWAN: 03:08:10 Correct. Right, in order to be on the board's agenda and time for the 18th.

DAVINA HARDEN: 03:08:21 So that's a slight difference. It currently says fully executed, which mean-- would have meant also signed by the county superintendent, but it only will need to be executed by Bullis by that date so that it will come here for approval before execution.

MAIMONA AFZAL BERTA: 03:08:39 Okay. Any questions about that? Trustee Chon.

DR. MARY ANN DEWAN: 03:08:51 If it were coming for consent, it would be signed by both the school and the superintendent. But the request was for the board to act. So we would have Bullis sign it, but I would not sign it until after the board takes action.

MAIMONA AFZAL BERTA: 03:09:09 I see. Okay.

DR. MARY ANN DEWAN: 03:09:17 If you want consent, then it would be fully executed. If you want the board to act, then it would not be fully executed.

VICTORIA CHON: 03:09:24 Well, then that means that when it comes to us on December 18th, Bullis would have, if they choose to sign it, would have been signed already. So thus, then we would-- weould be unable to make any additional changes.

DAVINA HARDEN: 03:09:40 No, because it w-- they would have signed, and if the board directs changes, then it will go back for-- to work with Bullis and see if they'll sign it with the board's changes. The motion does include full execution by a later date as designated by the superintendent as well.

MAIMONA AFZAL BERTA: 03:10:05 Okay. Staff able to capture the changes in the motion before we take a rec-- confirmed that they haven't. No. Okay. All right. So the motion is captured as-- [inaudible] read. The motions to approve the staff recommendation and approval of the resolution proposed by staff with the addition that the MOU return to the board for approval at the December 2024 meeting, conditionally approving for a term of five years, and alternatively denying Bullis Charter School's renewal charter. Motion by Trustee Sreekrishnan seconded by, uh, Vice President Rocha. You can do a vote, please.

DR. MARY ANN DEWAN: 03:11:02 President Berta.

MAIMONA AFZAL BERTA: 03:11:03 No.

DR. MARY ANN DEWAN: 03:11:06 Trustee Chon.

VICTORIA CHON: 03:11:08 No.

DR. MARY ANN DEWAN: 03:11:09 Trustee Di Salvo?

JOSEPH DI SALVO: 03:11:11 No.

DR. MARY ANN DEWAN: 03:11:13 Trustee Lari. Trustee Mah.

Documentary Record 002117

GRACE H. MAH: 03:11:18 — No, sorry.

DR. MARY ANN DEWAN: 03:11:20 — Vice President Rocha. And Trustee Sreekrishnan.

TARA SREEKRISHNAN: 03:11:24 — Aye.

DR. MARY ANN DEWAN: 03:11:26 — Motion fails. Four nos, three yeses.

MAIMONA AFZAL BERTA: 03:11:34 — Trustee Mah.

GRACE H. MAH: 03:11:36 — So I make a motion that we approve the, um-- approve the renewal for a time period of five years with, uh, no conditions, but kind of as a side comment that we follow through with the, uh, you know, letter of concern, process of revocation, if the regular processes of, um, checking up on demographics and as things change over time, as we anticipate, uh, that we follow that regular process. So the motion is approve, no conditions, only five years.

MAIMONA AFZAL BERTA: 03:12:31 — Is there a second?

DAVINA HARDEN: 03:12:35 — I just wanted to clarify whether that includes or d-- includes omitting or denying the preference for siblings of accepted students or not?

GRACE H. MAH: 03:12:48 — I'll just not deny it. I'll just take it as it is. If that's okay with you.

DR. MARY ANN DEWAN: 03:12:58 — That's a slight variation to a, a m-- a resolution you've already seen. Um, we can make those-- that's not significantly different than the other motions, so we can take action based on the board having seen an approval resolution and the public having seen the approval resolution with those two changes, seven to five, and without the admittance preference.

MAIMONA AFZAL BERTA: 03:13:31 — Okay. If there are no other comments or questions, we can vote on that motion if it's-- uh, is it prepared yet?

[silence]

MAIMONA AFZAL BERTA: 03:13:55 — Okay. It's prepared. All right. So we have the motion to approve the resolution that was previously uploaded, uh, for a period of five years, no conditions, by Trustee Mah and seconded by Trustee Di Salvo. We can do a vote.

DR. MARY ANN DEWAN: 03:14:12 — Trustee Sreekrishnan.

TARA SREEKRISHNAN: 03:14:14 — Aye.

DR. MARY ANN DEWAN: 03:14:16 — Vice President Rocha. Trustee Mah.

GRACE H. MAH: 03:14:21 — Yes.

Documentary Record 002118

DR. MARY ANN DEWAN: 03:14:22 Trustee Lari. Trustee Di Salvo.

JOSEPH DI SALVO: 03:14:26 Aye.

DR. MARY ANN DEWAN: 03:14:28 Trustee Chon. And President Berta.

MAIMONA AFZAL BERTA: 03:14:31 No.

DR. MARY ANN DEWAN: 03:14:34 Four nos, three yeses. Motion fails.

MAIMONA AFZAL BERTA: 03:14:36 Vice, Vice President Rocha.

DON ROCHA: 03:14:40 Just a point of order question is, if we are un-unable to come to a motion as much as this process is-- sure. Well, I'll leave it at that. So what happens if we don't come to a motion?

MAIMONA AFZAL BERTA: 03:15:01 Or to counsel to confirm.

DAVINA HARDEN: 03:15:05 This board is the body that can approve or deny their renewal. So if it doesn't happen today, it would have to come back for further action.

DON ROCHA: 03:15:17 And if we're not able to come to a decision, we just Groundhog's Day until we all term out. [laughter] That's well played by Bullis then if that's the case.

DAVINA HARDEN: 03:15:33 Um, there's, there's no automatic renewal.

DON ROCHA: 03:15:38 No, no precedent for this. You have no idea. You can say, uh, uh--

DAVINA HARDEN: 03:15:40 There's no automatic renewal. There's no automatic denial, so.

DON ROCHA: 03:15:43 You can-- you can phone a friend if you want or anything. So uncertain. All right. Well, I mean, I, I appreciate the amended motions here and there. But, I mean, I hope folks, rather than continue along this path, recognize that there's some positions already staked out and, you know, thank you.

TARA SREEKRISHNAN: 03:16:04 President Berta.

MAIMONA AFZAL BERTA: 03:16:06 Yes, I'm not sure. In the back? Oh, sorry.

TARA SREEKRISHNAN: 03:16:11 Oh, me. It's Trustee Sreekrishnan.

MAIMONA AFZAL BERTA: 03:16:12 Sorry. [laughter] [crosstalk].

TARA SREEKRISHNAN: 03:16:14 And we just have motions flying around. So I've-- I'm a bit all over the place, but I would like to try my motion again, um, the same as it was just five minutes ago. And I

Documentary Record 002119

would like to try that at least one last time tonight now that we've sort of seen all the motions from everyone.

MAIMONA AFZAL BERTA: 03:16:33 Can I-- can I make a-- can I make an additional friendly amendment towards that then?

TARA SREEKRISHNAN: 03:16:41 I'm open.

MAIMONA AFZAL BERTA: 03:16:42 Um, I would also like to see perhaps the admissions preferences shifted, uh, for in-district free and reduced price, uh, meal eligible students and ensuring that there's no 10% cap.

TARA SREEKRISHNAN: 03:16:57 So ensuring it's a floor or ensuring that, that-- what exactly?

MAIMONA AFZAL BERTA: 03:17:04 That that would be moved to the first preference.

TARA SREEKRISHNAN: 03:17:06 So, right now, it's second or third or-- is it second?

MAIMONA AFZAL BERTA: 03:17:12 Uh, I'd have to go back.

TARA SREEKRISHNAN: 03:17:16 Behind siblings. So you want it before siblings.

MAIMONA AFZAL BERTA: 03:17:21 To help address the issues, yes.

TARA SREEKRISHNAN: 03:17:23 And, and, right now, they are not reaching the 10%.

MAIMONA AFZAL BERTA: 03:17:30 Correct. So just making sure there's no cap.

TARA SREEKRISHNAN: 03:17:33 Okay. So making sure there's no cap, I'm for that. And, um, uh, w-- it's second right now. S-s-- what-- so if it stayed second with no cap, is that-- is that okay with you?

MAIMONA AFZAL BERTA: 03:17:56 What I'm sa-- yes. No-- ensuring there's no 10% cap.

TARA SREEKRISHNAN: 03:17:59 Ensuring there's no cap. I'm for that. I think we can do that. So I accept it.

MAIMONA AFZAL BERTA: 03:18:05 Okay. So it's a conditionally approved based on the staff resolution. Is that your-- was that your motion [crosstalk]?

TARA SREEKRISHNAN: 03:18:13 It's the same as it was a few minutes ago with ensuring there's no cap, as long as that's legal.

MAIMONA AFZAL BERTA: 03:18:18 And ens-- and ensuring it comes back to the board for approval?

TARA SREEKRISHNAN: 03:18:22 Yeah, the MOU.

MAIMONA AFZAL BERTA: 03:18:24 Okay.

Documentary Record 002120

TARA SREEKRISHNAN: 03:18:25 And I would probably check with Director Fairley if we can do the preferences stuff in this whole process right now. Okay. So, uh, that's the motion then.

DR. MARY ANN DEWAN: 03:18:38 That would just be a slight amendment to the resolution that is the staff recommendation. Um, and so we would be able to, um, incorporate that, uh, easily and so we can make that motion on the screen.

VICTORIA CHON: 03:18:59 President Berta, I have a question. Um, when is the lottery done at Bullis?

MAIMONA AFZAL BERTA: 03:19:05 When is the lottery done?

VICTORIA CHON: 03:19:05 Mm-hmm. Or the [crosstalk]--

MAIMONA AFZAL BERTA: 03:19:07 [crosstalk] the timeline that they had was early fall?

DR. MARY ANN DEWAN: 03:19:11 January,

VICTORIA CHON: 03:19:13 It's in January?

MEFULA FAIRLEY: 03:19:17 February.

VICTORIA CHON: 03:19:18 It's in February?

MAIMONA AFZAL BERTA: 03:19:22 Just based on the tentative slides that they had shared. Yeah.

VICTORIA CHON: 03:19:26 That's in February. So will this MOU be executed in-- for the upcoming year?

MEFULA FAIRLEY: 03:19:36 If we're saying December 6th, then yes.

VICTORIA CHON: 03:19:39 Okay.

MAIMONA AFZAL BERTA: 03:19:46 Any other questions or comments? Can I [crosstalk]--

DR. MARY ANN DEWAN: 03:19:53 Just a correction to board docs of 2042 to 2024. Okay. Thank you. I know it's late. Ready for the roll call?

MAIMONA AFZAL BERTA: 03:20:05 Yes.

DR. MARY ANN DEWAN: 03:20:06 All right. Um, President Berta.

MAIMONA AFZAL BERTA: 03:20:09 Aye.

DR. MARY ANN DEWAN: 03:20:10 Trustee Chon.

Documentary Record 002121

VICTORIA CHON: 03:20:12 — No.

DR. MARY ANN DEWAN: 03:20:13 — Trustee Di Salvo.

JOSEPH DI SALVO: 03:20:15 — No.

DR. MARY ANN DEWAN: 03:20:16 — Trustee Lari. Trustee Mah.

GRACE H. MAH: 03:20:22 — No.

DR. MARY ANN DEWAN: 03:20:23 — Thank you. Vice President Rocha. And Trustee Sreekrishnan.

TARA SREEKRISHNAN: 03:20:29 — Yes.

DR. MARY ANN DEWAN: 03:20:30 — Motion passes. Four yeses, three nos.

MAIMONA AFZAL BERTA: 03:20:40 — Okay. So we will move-- in the interest of the hour, um--

VICTORIA CHON: 03:20:49 — I'm gonna move to adjourn.

DON ROCHA: 03:20:51 — Second.

MAIMONA AFZAL BERTA: 03:20:52 — We have a motion from Trustee Chon to adjourn and a second from Trustee-- or Vice President Rocha. And so, um, trustees, please vote in board docs or give a verbal indication.

DR. MARY ANN DEWAN: 03:21:04 — Anyone opposed to adjournment? We will record all as yes.

MAIMONA AFZAL BERTA: 03:21:09 — We are adjourned at 1:38 AM.

Good Afternoon,

I am checking again on SCCOE's initial data request. We are currently have a renewal pending and need to analyze the enrollment data as part of the recommendation for renewal. The recommendation needs to be posted by August 9 and we will need time to analyze the data. If providing us the data on all 5 schools is too onerous, please provide us the data for Bullis Charter School, our pending renewal at this moment. The other four schools will be submitting their renewal petitions after August 1, but we need Bullis' data.

Thanks!

Good morning, Michelle, we wanted to let you know that our data team is still working on your original request.

Documentary Record 002123

We will pass along your new request to that team and will let you know once we have more information to share in terms of when these files will be available. We appreciate your patience.

Sincerely,

The CDE Data Request Team

Subject: RE: [EXTERNAL] Enrollment data request for charter school renewal

Good Morning,

I am bringing this request back to your attention.

Santa Clara County Office of Education (SCCOE) is the authorizing agency and is requesting enrollment data per EC 47607(d)(1)(B) and/or (C) for 2016-17, 2017-18, 2018-19, 2019-20 and any other year available. There are 5 schools up for renewal for SCCOE in 2024-25:

Bullis Charter School

Alpha Jose Hernandez

Rocketship Alma

Rocketship Brilliant Minds

Rocketship Si Se Puede

There are also several schools which may come to us on appeal next year:

Alum Rock Union - Alpha Blanca Alvarado

Franklin McKinley- Voices College Bound Language Academy at Franklin McKinley

East Side Union - Ace Charter High and Escuela Popular

Documentary Record 002124

Can we have the data for them as well?

Good morning, Michelle,

Would you mind providing us with the authorizing school district name and/or the list of charter schools that you are requesting these data for, so that we can then forward your request to the appropriate office within the CDE that fulfills these requests?

Sincerely,

The CDE Data Request Team

Administrator
Mary Ann Dewan, Ph.D., County Superintendent of Schools
Mefula Fairley, Executive Director, Charter Schools Department

Background
In addition to ensuring regular and systematic oversight and monitoring of the charter schools it authorizes, the Santa Clara County Board of Education may grant or deny charter renewals pursuant to California Education Code Sections 47605, 47607, and 47607.2.

On June 3, 2024, the Charter Schools Department of the Santa Clara County Office of Education (SCCOE) received a charter petition renewal request from Bullis Charter School, or BCS. BCS is seeking approval to renew a district appeal public charter, which is currently serving students in grades TK-8, for a continuing charter term of five to seven years beginning in July 2025. BCS has requested a seven-year renewal.

BCS was initially approved on appeal from Los Altos School District as a grade K-6 charter school in September 2003 for a three-year term. The school's charter was renewed 2007, 2011, and 2016, and it was materially revised in 2007, 2008, and 2014. BCS' charter term, which was due to expire June 30, 2022, has been extended by three years by operation of law and ends June 30, 2025. Current enrollment is approximately 1,000 students.

California Education Code requires that no later than 60 days after receiving a petition the Santa Clara County Board of Education (SCCBOE) shall hold a public hearing on the provisions of the charter, at which time the SCCBOE shall consider the level of support for the renewal petition by teachers, other school district employees, and parents/guardians.

The Education Code further stipulates that the SCCBOE shall either grant or deny the charter within 90 days of receipt of the petition, unless that timeline is extended by mutual agreement. The SCCBOE will hold a decision hearing on August 26, 2024, at a meeting added to the schedule in order to meet the 90-day time period.

The complete petition is attached to this agenda and is also available for review at:
https://www.sccoe.org/supoffice/charter-schools-office/Documents/Bullis_Renewal_Petition.pdf

The public hearing will proceed as follows:

- The Board will hear from staff an opening statement of no more than 10 minutes
- Bullis Charter School will be given the opportunity to give a presentation of no more than 10 minutes
- Los Altos School District will be given an opportunity to comment on the request for no more than 10 minutes

Documentary Record 002139

- The Board will hear public comment. Speakers will be limited to one minute each. Speakers shall direct their comments to the Board and are urged to avoid repeating points made by pevious speakers
- Board members may ask clarifying questions
- The public hearing will be closed. The Board anticipates reconvening to act on this request on August 26, 2024

Student Impact
The Charter School Department provides oversight and monitoring for 21 SCCBOE-authorized charter schools serving approximately 9,850 students. Bullis Charter School currently serves approximately 1,000 students.

Through its reauthorization of charter schools, the SCCBOE seeks to affirm the right to a relevant and engaging education as stated in the Bill of Rights for Children and Youth Adults for Santa Clara County and support the Board's priority area of literacy and academic achievement. More information about SCCBOE-authorized charter schools can be found at https://www.sccoe.org/supoffice/charter-schools-office/Pages/Santa-Clara-County-Charter-Schools.aspx

Why Bullis? **Core+ Curriculum for Every Student**

TK-5

- Mandarin
- Drama
- Music
- Art
- MakerSpace
- Physical Education
- PBL and design thinking units
- Co-curricular classes
- Extra-curriculars

Documentary Record 002148

Why Bullis? **Core+ Curriculum for Every Student**

Middle School

- World Language (Mandarin or Spanish)
- Art
- Music
- Drama
- FabLab
- Physical Education
- Electives And Clubs
- PBL and design thinking units

Documentary Record 002149

Why Bullis? **Core+ Curriculum for Every Student**

STEAM Focus

- 3D printers and laser cutters for students
- First Lego League (FLL) Participants
- Student-designed sets and student-led tech for all musicals/plays
- Coding and robotics in Makerspace and Fab Lab
- Murals on site painted by students
- Band and choir offerings

Documentary Record 002150

Why Bullis? **Serving All Students**

- Designated English Language Development (ELD) time and Integrated ELD supports in all content areas
- Support for Special Education students
    - Speech Pathologist, Resource Specialists, Occupational Therapist, Behavior Interventionist, paraprofessionals
- School Counselor and Psychologists

Documentary Record 002151

Why Bullis? **Middle School Intersession**

- 2 Weeks of Integrated Project Based Learning, three times a year
- Future-Ready competency development and skill-building
- Outlets for creativity, collaboration, voice, and choice
- Meaningful partnerships with community members

Documentary Record 002152

Why Bullis? **Focus on the Whole Child**

- Weekly SEL Lessons in TK-5 and daily advisory time in middle school
- House Meetings across all grade levels
- TK/K & 5th grade “Buddies”
- School-Wide Events (Assemblies, celebrations, plays/musicals, etc.)

Documentary Record 002153

Why Bullis? **Opportunities for Leadership**

- Student Council
- PBL presentations in all grade levels
- Focused Learning Goals developed by students
- Student-led play productions
- Middle School Club Leaders
- Student tour ambassadors
- Public speaking opportunities in all grade levels

Documentary Record 002154

Why Bullis? **We Celebrate Community**

- Dedicated Director of Community Engagement and Outreach
- Community-wide school Events, incl. but not limited to:
  - MakersFaire,
  - First Lego League competitions,
  - Annual Diversity Celebration
- Bear Guides and Orientation Tours for New Families
- Connection with Alumni

Documentary Record 002155

Demographics

- In 2023-24, Bullis enrollment included a higher socioeconomically disadvantaged student population, a higher percentage of students[1] with disabilities, and a higher percentage of English Learners.

	Bullis 2022-23	Bullis 2023-24	% Growth
Socioeconomically Disadvantaged	1.9%	3.5%	**85%**
Students with Disabilities	6.9%	7.79%	**13%**
English Learners	6.1%	8.96%	**47%**

[1] Data shows percentage of students of sub population per all students of Bullis Charter School in the respective school year .

Documentary Record 002156

Enrollment by Ethnicity 2022-23	Bullis Charter 2022-23	Bullis Charter 2023-24	Los Altos Census 2020	Los Altos SD 2022-23

The ask

We thank the County Office and County Board for supporting Bullis Charter School and its students and families. We respectfully request that the County Board approve Bullis' renewal petition for a **seven-year** charter term, as Bullis is identified as a **"high performing" charter** school, pursuant to the amendments made to Education Code Section 47607 and the creation of Education Code Section 47607.2 by AB 1505. The legislative mandate is that high performing charter schools like Bullis **"shall" be renewed.**

SANTA CLARA COUNTY BOARD OF EDUCATION
1290 Ridder Park Drive
San Jose, California 95131

APPROVED on August 7, 2024
July 17, 2024
Regular Meeting #2444
San Jose Room
5:00 p.m.

1. SCCBOE CALL TO ORDER

President Berta called the meeting to order at approximately 5:00 p.m.

A. Livestream the Board Meeting: https://tinyurl.com/sccboardmeeting

B. Pledge of Allegiance

C. Roll Call (Including Action on Absences if Necessary)

Trustee(s) Present:
Don Rocha, Area 3 (Vice President)
Joseph Di Salvo, Area 4
Victoria Chon, Area 5
Maimona Afzal Berta, Area 6 (President)
Raeena Lari, Area 7
Student Board Member Erick De La Rosa Aguilera

Tara Sreekrishnan, Area 2 *(arrived at 5:03 p.m.)*
Grace Mah, Area 1 *(arrived at 5:11 p.m.)*

Trustee(s) Absent:
None

D. Set the Agenda

MOTION #2444-1 by Trustee Di Salvo and seconded by Trustee Chon to set the agenda with items 4D and 4I pulled for discussion. Motion carried 6-0-0-0-1.

Motion carried with the following vote:
Yes: President Berta, Vice President Rocha, Trustees Chon, Di Salvo, Lari, and Sreekrishnan

Documentary Record 002164

No: none
Abstain: none
Absent: none
Not Present at Vote: Trustee Mah

President Berta reviewed the livestream details for the July 17, 2024, Board meeting and explained where to call to listen to the meeting in Spanish or Vietnamese or view ASL interpretation.

2. STUDENT BOARD MEMBER REPORT

Student Board Member De La Rosa Aguilera shared the following updates:

- Community school students celebrated the end of the school year in mid-June and are now on summer break.
- Court schools remain in session and students use the summer to earn extra credit.
- Osborne school has a new summer course offering related to songwriting and social emotional learning.
- Student Board Member De La Rosa Aguilera congratulated a member of the Court School staff on her retirement and thanked her for her service.
- Students at Osborne School completed their pointillism projects and had the opportunity to exhibit their artwork for peers and vote for the winners of their competition.
- On July 17, eight (8) graduates were celebrated at the Blue Ridge school graduation ceremony. The three student speakers provided inspirational words of wisdom to attendees.

3. PUBLIC COMMENTS OF PERSONS DESIRING TO ADDRESS THE SANTA CLARA COUNTY BOARD OF EDUCATION

There were 10 public comments.

4. CONSENT ACTION ITEMS

Documentary Record 002165

A. Request Approval of Consent Action Items as listed in Item #4 Consent Action Items

B. Request Approval of Minutes of Regular Board Meeting of June 5, 2024 (#2442)

C. Request Approval of Minutes of Regular Board Meeting of June 12, 2024 (#2443)

E. Request Adoption of Resolution Recognizing the Anniversary of the Americans with Disabilities Act

F. Request Adoption of Resolution Recognizing National Immunization Awareness Month

G. Request Adoption of Resolution Recognizing American Muslim Appreciation and Awareness Month

H. Request Adoption of Resolution Raising Awareness of Potential Harm to Youth Due to Extensive Social Media Use

J. Request Adoption of the Order of Election, Specifications of the Election, and Consolidation Request Resolution

MOTION #2444-2 by Trustee Lari and seconded by Trustee Di Salvo to approve Consent Action Items #4A-4C, 4E-4H and 4I. Motion carried 7-0-0.

Motion carried with the following vote:
Yes: President Berta, Vice President Rocha, Trustees Chon, Di Salvo, Lari, Mah, and Sreekrishnan
No: none
Abstain: none
Absent: none

D. Request Approval of the Santa Clara County Office of Education's 2024-27 Countywide Plans for Expelled Students

Trustee Di Salvo requested that data on the numbers of expulsions and suspensions in Santa Clara County, including the trends overtime, to be shared with the board.

MOTION #2444-3 by Trustee Di Salvo and seconded by President Berta to approve the Santa Clara County Office of Education's 2024-27 Countywide Plans for Expelled Students. Motion carried 7-0-0.

Documentary Record 002166

Motion carried with the following vote:
Yes: President Berta, Vice President Rocha, Trustees Chon, Di Salvo, Lari, Mah, and Sreekrishnan
No: none
Abstain: none
Absent: none

I. Request Approval of Proposition 28 Report

Trustee Chon requested clarification regarding the reason that no Proposition 28 funds were expended during the 2023-2024 fiscal year and the spending plan for the remaining term of the grant. Assistant Superintendent Teresa Shipp indicated that the arrival of the funding in April made it difficult to hire for the 2023-2024 academic year. Instead, the SCCOE plans to hire two teachers for the next two years of the award period.

MOTION #2444-4 by Trustee Chon and seconded by Trustee Mah to approve the Proposition 28 Report. Motion carried 7-0-0.

Motion carried with the following vote:
Yes: President Berta, Vice President Rocha, Trustees Chon, Di Salvo, Lari, Mah, and Sreekrishnan
No: none
Abstain: none
Absent: none

5. INFORMATION ITEM

A. Charter Schools Update

Associate Director Michelle Johnson of the Charter Schools Department provided an update on three items:

- Local Control Accountability Plans (LCAP). Dr. Johnson indicated that charter school governing boards are responsible for approving their respective LCAPs. Additionally, charter schools must submit a copy of their LCAP to the SCCBOE. The charter school's department reviews and provides feedback on the LCAPs but does not approve them. At this time, all 21 SCCBOE-authorized charter schools have submitted their 2024-25 LCAPs to the SCCOE and all have been posted on the SCCOE website. Staff will now begin the review and feedback process and share that feedback with charter leaders in the fall.

Documentary Record 002167

- 2024-2025 Charter School Renewals. Charter school renewals have been on pause for the last three years. Five (5) SCCBOE-authorized charter schools are expected to request renewal in the upcoming year. They are as follows:
  - Bullis Charter School (submitted in June)
  - Alpha José Hernandez
  - Rocketship Sí Se Puede
  - Rocketship Alma
  - Rocketship Brillant Minds

- Charter Schools Data Book. The data book has been updated with the latest teacher credentialling information from the California Department of Education. The digital versions of the data book in English, Spanish, and Vietnamese are now available on the SCCOE website. Print versions of the data book in the same three languages will be available later this month.

6. PUBLIC HEARING

A. Public Hearing on the Bullis Charter School Renewal Petition

President Berta opened the public hearing on the renewal petition for Bullis Charter School (BCS) at 5:34 p.m. The hearing began with a report from staff of the Charter Schools Department.

Maureen Israel, Superintendent/Principal of BCS made a presentation on the renewal petition.

President Bryan Johnson of the Los Altos School District Board made a presentation on behalf of the Los Altos School District articulating their concerns with the BCS renewal petition.

There were 30 public comments on the BCS renewal petition.

Student Board Member De La Rosa Aguilera was excused at 8:00 p.m.

President Berta closed the hearing at 8:13 p.m.

7. CLOSED SESSION

The Board moved to a second Closed Session at approximately 8:15 p.m. President Berta called Closed Session to order at 8:20 p.m. and called roll. All Trustees were present.

Documentary Record 002168

A. Conference with Legal Counsel—Anticipated Litigation: Significant Exposure to litigation pursuant to Government Code Section 54956.9(d)(2): 1 case

B. Conference with Legal Counsel—Anticipated Litigation: Significant Exposure to litigation pursuant to Government Code Section 54956.9(d)(2): 2 cases

C. Interdistrict Attendance Appeal Filed on Behalf of Student, Resident District; Campbell Union High School District, Desired District: Fremont Union High School District

D. Interdistrict Attendance Appeal Filed on Behalf of Student, Resident District; Palo Alto Unified School District, Desired District: Los Altos School District

8. OPEN SESSION (Immediately Following Closed Session)

A. Report of Actions Taken in Closed Session

The Board concluded Closed Session at 12:18 a.m. and returned to Open Session at 12:20 a.m.

President Berta reported that in the matter of 7A, no reportable action was taken.

President Berta reported that in the matter of 7B, no reportable action was taken.

President Berta reported that in the matter of 7C, the County Board voted to approve the interdistrict transfer appeal.

MOTION #2444-5 by Trustee Di Salvo and seconded by Trustee Sreekrishnan to approve the appeal based on factor one (1) through grade 12. Motion carried 6-0-1.

Motion carried with the following vote:
Yes: Vice President Rocha, Trustees Chon, Di Salvo, Lari, Mah, and Sreekrishnan
No: none
Abstain: President Berta
Absent: none

President Berta reported that in the matter of 7D, the County Board voted to approve the interdistrict transfer appeal.

MOTION #2444-6 by Trustee Sreekrishnan and seconded by Trustee Di Salvo to approve the appeal based on factor one (1) for grades 7 and 8. Motion carried 7-0-0.

Documentary Record 002169

Motion carried with the following vote:
Yes: President Berta, Vice President Rocha, Trustees Chon, Di Salvo, Lari, Mah, and Sreekrishnan
No: none
Abstain: none
Absent: none

9. BOARD COMMITTEE REPORTS

President Berta indicated that the Superintendent Evaluation Ad Hoc Committee has been meeting and has developed a timeline for the completion of the 2023-2024 evaluation and beginning of the 2024-2025 evaluation process. A slide detailing the timeline was presented. The 2023-2024 evaluation process is scheduled to be concluded no later than October 2024. The Superintendent's goals for the 2024-2025 year, the first step in the evaluation process, are scheduled to be finalized no later than August 15, 2024.

Trustee Mah reported that the Head Start Policy Council met on July 16, 2024. The council approved the hiring of a new teacher. The attendees also voted on a motion to appoint an Executive Director, which Assistant Superintendent Shipp indicated would be taken as a recommendation from the Policy Council, as the role of the Policy Council is to approve hiring decisions by the SCCOE, not to select or to appoint Head Start program leadership independently.

10. COUNTY BOARD OF EDUCATION MEMBER REPORTS

Trustee Lari

- On June 7, Trustee Lari attended the Gateway Special Education Completion Ceremony.
- On June 8, Trustee Lari attended the groundbreaking ceremony of the Eastridge to BART regional connector.
- On June 11, Trustee Lari attended the U.S. Department of Health and Human Services Tick-Bourne Disease and Associated Illness National Community Engagement Initiative. She thanked Dr. Dewan and staff for the recent resolution raising awareness about Lyme Disease.
- On June 15, Trustee Lari attended an event on immigration with author Bill Ong Hing at the Roosevelt Community Center.
- On June 23, Trustee Lari attended a solidarity celebration of Juneteenth and Eid sponsored by the NAACP Silicon Valley.

Documentary Record 002170

Trustee Sreekrishnan

- On July 11, Trustee Sreekrishnan was the keynote speaker for the National Alliance on Mental Illness (NAMI) Bay Area Symposium for Minority Mental Health Month.

- Trustee Sreekrishnan also reported having several recent meetings including those with local childcare providers, mental health and wellness-related organizations. She thanked Dr. Dewan and staff for their work and follow-up from these meetings.

11. SUPERINTENDENT'S REPORT

- Dr. Dewan shared that the SCCOE has a new Workplace Violence Prevention Plan which was developed with input from the SCCOE's labor partners. It took effect July 1, 2024, and the SCCOE is in the process of providing training and other materials to spread the word.

- Dr. Dewan shared that Congressmember Anna Eshoo successfully secured $850,000 for the Walden West Science School Modernization Project in the federal budget for FY 2025. The funds will be disbursed once both houses of Congress approve the appropriations bill and it is signed into law. She thanked Congressmember Eshoo for her support.

- On June 15, a few of the SCCOE's Educator Preparation Programs celebrated graduations. Dr. Dewan offered her congratulations to all of the graduates.

- From June 23-26, Dr. Dewan traveled to San Diego for the Labor Management Initiative (LMI) Conference. She was joined by Dr. Gill and representatives from the SCCOE's labor partners. LMI provides tools for collaboration and problem-solving to ensure the best possible outcomes for students.

- This week, representatives of the Office of Head Start Regional Office have been on site conducting a special review.

- On July 16, the Governance Team Retreat was held at the South County Annex. She expressed gratitude to the student, Rigo, who joined the meeting as well as all the staff that helped make the day a success.

- Dr. Dewan reminded Trustees of two upcoming events:

    - The CSBA County Board Member Services Conference will be held in Monterey, CA September 13 through 15.

Documentary Record 002171

- Registration for CSBA's Annual Education Conference has opened. It will be held in December in Anaheim, CA.

12. INFORMATION ITEM

A. Future Agenda Items

Dr. Dewan reminded the Board that the purpose of the item is to raise topics for potential inclusion on a future agenda. She shared that the status of some items has been updated in the table in Board Docs.

Trustee Chon requested two agenda items. The first was an item where the bargaining units could address the board. The second item was for a budget study session for the upcoming school year.

Trustee Sreekrishnan made three additional requests. She asked for a resolution to support AB 3216, which would require local school districts to create policies to limit cell phone use in the classroom. The second request was to support a resolution submitted by Youth Take Over of Santa Clara County which is related to climate literacy. Third, Trustee Sreekrishnan requested a resolution supporting the implementation of Hindi Language courses.

Trustee Mah requested an update on all of the Office of Civil Rights (OCR) investigations. Dr. Dewan indicated there is one OCR complaint. The SCCOE provided all of the required documentation to the OCR and have not received a response.

Trustee Di Salvo requested a presentation following the AI Summit which is scheduled for October 28.

13. CONSENT INFORMATION ITEMS

A. Williams Settlement Quarterly Report

B. Disposition of Surplus Items - April 2024 - June 2024

C. Head Start/Early Head Start Monthly Board Reports

Documentary Record 002172

14. ADJOURNMENT

The next Santa Clara County Board of Education regular meeting is scheduled for August 7, 2024.

MOTION #2444-7 by Trustee Di Salvo and seconded by Vice President Rocha to adjourn the meeting. Motion carried 7-0-0. The meeting was adjourned at approximately 12:47 a.m.

Motion carried with the following vote:
Yes: President Berta, Vice President Rocha, Trustees Chon, Di Salvo, Lari, Mah, and Sreekrishnan
No: none
Abstain: none
Absent: none

Respectfully submitted,

Mary Ann Dewan

Mary Ann Dewan, Ph.D.
County Superintendent of Schools
Ex-Officio Secretary

5TH, BOARD MEMBERS MAY ASK CLARIFYING QUESTIONS.

THEREAFTER, THE PUBLIC HEARING WILL BE CLOSED.

THE BOARD ANTICIPATES RECONVENING THE ACT ON THIS REQUEST ON AUGUST 26TH, 2024.

AT THIS TIME, I CALL UPON SUPERINTENDENT DEWAN TO INTRODUCE STAFF.

THANK YOU, PRESIDENT BERTA.

THIS EVENING THROUGH THIS HEARING, THE BOARD WILL BE SIMPLY CONDUCTING A HEARING AND THERE WILL BE NO ACTION ON TONIGHT'S HEARING. THE ACTION WILL OCCUR AT AN ADDITIONAL MEETING OF THE COUNTY BOARD OF EDUCATION ON AUGUST 26TH.

Documentary Record 002174

THIS EVENING, DOCTOR MICHELLE JOHNSON, OUR ASSOCIATE DIRECTOR OF CHARTER SCHOOLS, WILL INTRODUCE THE TEAM AND PROVIDE THE STAFF REPORT.

GOOD EVENING.

I AM JOINED BY DAVINA HARDEN FROM ATKINSON ANDELSON AND CYNTHIA TAPIA AND MATT DOHERTY FROM THE CHARTER SCHOOLS DEPARTMENT. GOOD EVENING.

PRESIDENT BERTA TRUSTEES.

SUPERINTENDENT, DOCTOR DEWAN STAFF AND COMMUNITY.

WE ARE HERE THIS EVENING FOR THE PUBLIC HEARING ON THE RENEWAL REQUEST FOR BULLIS CHARTER SCHOOL.

AS YOU KNOW, CHARTER SCHOOL RENEWALS WERE ON HIATUS FOR THREE YEARS DUE TO THE LACK OF STATEWIDE ACADEMIC TESTING DATA RESULTING FROM COVID IN THE 2425 SCHOOL YEAR.

WE WILL RESTART THE CHARTER SCHOOL RENEWAL PROCESS.

THIS PROCESS CONSISTS OF ONE.

THE CHARTER SCHOOL SUBMITTING A CHARTER RENEWAL PETITION TO THE COUNTY BOARD OF EDUCATION, HOLDING THE REQUIRED PUBLIC HEARING ON THE RENEWAL PETITION REQUEST.

3. THE SCC CHARTER SCHOOLS DEPARTMENT STAFF ANALYZING THE RENEWAL REQUEST AGAINST THE STANDARDS FOR RENEWAL SET FORTH IN THE CHARTER SCHOOLS ACT FOR THE CHARTER SCHOOLS DEPARTMENT PUBLISHING ITS RECOMMENDATIONS, INCLUDING RECOMMENDED FINDINGS, AT LEAST 15 DAYS BEFORE THE BOARD MEETING AT WHICH THE SCC BOE WILL ACT ON THE REQUEST, AND 5 THE SCC BOE ACTING ON THE RENEWAL REQUEST.

IN SEPTEMBER 2003, BULLIS WAS INITIALLY APPROVED FOR A THREE YEAR TERM AS A K-6 CHARTER SCHOOL ON APPEAL FROM LOS ALTOS SCHOOL DISTRICT. ITS CHARTER HAD HAS BEEN MATERIALLY CHANGED TO SERVE K-8 AND WAS APPROVED IN 2007, 2012 AND 2016 FOR RENEWAL.

BULLIS IS CURRENT CHARTER TERM EXPIRES JUNE 30TH, 2025, AS THE TERM WAS EXTENDED BY OPERATION OF LAW FOR TWO YEARS IN 2021 AND BY AN ADDITIONAL YEAR IN 2023.

CURRENT ENROLLMENT IS APPROXIMATELY 1000 STUDENTS.

Documentary Record 002175

BULLIS SUBMITTED ITS RENEWAL PETITION ON JUNE 3RD, 2024, AND IS REQUESTING AN ADDITIONAL SEVEN YEAR TERM BECAUSE BULL QUALIFIES AS A HIGH PERFORMANCE TIER SCHOOL.

THE COUNTY BOARD CAN RENEW ITS CHARTER FOR 5, 6 OR 7 YEARS.

HOWEVER, ANY SCHOOL, REGARDLESS OF PERFORMANCE CATEGORY, MAY BE NON-RENEWED PER EDUCATION CODE 47 607 E IF THE AUTHORIZER FINDS THAT THE SCHOOL IS DEMONSTRABLY UNLIKELY TO SUCCESSFULLY IMPLEMENT THE PROGRAM DUE TO SUBSTANTIAL FISCAL OR GOVERNANCE ISSUES, OR IS FAILING TO SERVE ALL STUDENTS WHO WISH TO ATTEND, AND PROVIDES THE CHARTER SCHOOL NOTICE AND AN OPPORTUNITY TO REMEDIATE THESE CONCERNS? IN MAY 2021, THE SCC SENT BULLIS A NOTICE PURSUANT TO THESE REQUIREMENTS OF CONCERNS REGARDING WHETHER BULLIS IS SERVING ALL STUDENTS WHO WISH TO ATTEND. THE SCC SENT A REAFFIRMATION NOTICE IN AUGUST OF 2023.

BULLIS SUBMITTED A CORRECTIVE ACTION PLAN AND RESPONSES TO THESE NOTICES, AND BULLIS WORK IN THIS AREA IS BEING CONSIDERED AS WE ANALYZE ITS RENEWAL REQUEST. BULLIS HAS STATED THAT ITS STUDENT POPULATION MORE CLOSELY REFLECTS THE DEMOGRAPHICS OF LOS ALTOS SCHOOL DISTRICT, AS OPPOSED TO THE DEMOGRAPHICS OF OTHER. BOE AUTHORIZED CHARTER SCHOOLS AND THEIR RESPECTIVE DISTRICTS.

THE ISSUE IN BULLIS RENEWAL IS ITS OWN DEMOGRAPHICS, NOT THOSE OF OTHER CHARTER SCHOOLS.

IT IS ALSO NOTEWORTHY THAT MANY OF THE SCHOOLS TO WHICH BULLIS IS COMPARING ITSELF INCLUDE IN THEIR MISSION SERVING HISTORICALLY UNDERSERVED STUDENTS, SO HAVE LARGER POPULATIONS OF HISTORICALLY UNDERSERVED STUDENTS, WHICH IS CONSISTENT WITH THE CHARTER SCHOOLS ACT'S EMPHASIS ON EQUITY AND ACCESS AND SERVING ALL STUDENTS.

THE CHARTER SCHOOLS ACT PROVIDES NO LATER THAN 60 DAYS AFTER RECEIVING A PETITION, THE COUNTY BOARD OF EDUCATION SHALL HOLD A PUBLIC HEARING ON THE PROVISIONS OF THE CHARTER, AT

[00:40:02]

WHICH TIME THE COUNTY BOARD OF EDUCATION SHALL CONSIDER THE LEVEL OF SUPPORT FOR THE RENEWAL PETITION BY TEACHERS, OTHER SCHOOL DISTRICT EMPLOYEES AND PARENTS AND GUARDIANS. THE COUNTY BOARD'S DECISION ON THE

RENEWAL OF THE CHARTER SHOULD OCCUR WITHIN 90 DAYS OF RECEIPT, UNLESS THAT TIME IS EXTENDED BY AN ADDITIONAL 30 DAYS BY MUTUAL AGREEMENT.

THE DECISION HEARING WILL TAKE PLACE ON AUGUST 26TH, 2024 AT A SPECIAL MEETING ADDED TO THE SCC BOE MEETING CALENDAR IN ORDER TO MEET THE 90 DAY TIMELINE.

SCC STAFF HAS ALSO COMMUNICATED THROUGH EMAIL WITH THE LOCAL DISTRICT VIA ITS SUPERINTENDENT.

CHARTER SCHOOLS DEPARTMENT STAFF HAS BEGUN ITS PRELIMINARY ANALYSIS FOLLOWING EDUCATION CODE AND THE BOARD'S GUIDELINES AND BOARD POLICY 0420.4. REGARDING CONSIDERATION OF BULLIS CHARTER RENEWAL PETITION.

A FULL ANALYSIS WILL BE COMPLETED IN THE UPCOMING WEEKS, AND THE STAFF'S RECOMMENDATION AND RECOMMENDED FINDINGS WILL BE PUBLISHED ON THE SCC WEBSITE BY AUGUST 11TH.

THIS CONCLUDES STAFF'S OPENING STATEMENT.

THANK YOU. IS BULLIS CHARTER SCHOOL READY TO MAKE THEIR PRESENTATION? YES. GREAT AND WHO WILL BE SPEAKING FOR BULLIS CHARTER SCHOOL? HEY, EVERYBODY. MY NAME IS MAUREEN ISRAEL.

I'M THE SUPERINTENDENT PRINCIPAL WITH BULLIS CHARTER SCHOOL.

PLEASE PROCEED.

THANK YOU. GOOD EVENING.

TRUSTEES. GOOD EVENING, DR.

DEWAN, STAFF PRESIDENT BERTA.

THANK YOU FOR HAVING US TODAY.

I'M GRATEFUL TO BE HERE TO SHARE WITH YOU ABOUT OUR SCHOOL AND COMMUNITY AS PART OF OUR RENEWAL PROCESS.

BULLIS IS EXCITED TO BE CELEBRATING ITS 20TH YEAR IN EDUCATION THIS SCHOOL YEAR.

WE ARE FOUNDED OFFICIALLY IN 2004 AND CURRENTLY OPERATE ON TWO SITES IN LOS ALTOS, SERVING OVER 1000 K THROUGH EIGTH GRADE STUDENTS.

WE'VE BEEN NAMED A CALIFORNIA DISTINGUISHED SCHOOL MULTIPLE TIMES, MOST RECENTLY IN 2023, AND FOR THE FOURTH TIME HAVE RECEIVED ACCREDITATION BY THE WESTERN ASSOCIATION OF SCHOOLS AND COLLEGES. ACCREDITATION PROCESS KNOWN AS WASC.

WE ARE PROUD TO BECOME ONE OF THE FIRST SCHOOLS IN CALIFORNIA TO JOIN TAKE ACTION GLOBAL AS A CLIMATE ACTION SCHOOL, PARTNERING WITH SCHOOLS AROUND THE WORLD TO CREATE OPPORTUNITIES FOR OUR STUDENTS TO COLLABORATE ON ENVIRONMENTAL ISSUES.

NEXT SLIDE PLEASE. THROUGH THE PAST 20 YEARS, OUR MISSION HAS REMAINED OUR NORTH STAR, DIRECTING US TO FOCUS ON EACH OF OUR STUDENTS, THEIR LOVE OF LEARNING, THE IMPORTANCE OF COMMUNITY IN ALL OF OUR LIVES, AND THE DESIRE TO INNOVATE IN SERVICE TO OUR STUDENTS GROWTH AND DEVELOPMENT.

NEXT SLIDE. TODAY WE ARE HERE FOR OUR PRESUMPTIVE RENEWAL.

THE PASSING OF AB 1505 CHANGED THE CHARTER SCHOOLS ACT, IDENTIFYING THAT HIGH PERFORMING CHARTER SCHOOLS SHALL BE RENEWED FOR FIVE, 6 OR 7 YEAR TERMS, PER THE CDE. BULLIS IS A HIGH PERFORMING CHARTER SCHOOL VIA CRITERION TWO, MEANING OUR ACADEMIC DATA FOR ALL STUDENTS AND SUBPOPULATIONS IS ABOVE THE STATE PERFORMANCE FOR TWO CONSECUTIVE YEARS BASED ON THE DASHBOARD DATA.

HERE YOU SEE OUR 2023 DASHBOARD DATA IN ELA, MATH, AND OUR ENGLISH LEARNER PROGRESS WITH OUR GENERAL PERFORMANCE FOR ALL STUDENTS AT BLUE, THE HIGHEST LEVEL.

NEXT SLIDE.

HERE IS OUR DATA FROM 2022.

OUR PERFORMANCE WAS HIGH IN VERY HIGH AGAIN ABOVE THE STATE AVERAGE.

NEXT SLIDE. HERE'S THE SUBPOPULATION DATA FOR 2023 WHICH CONTINUES TO QUALIFY BULLIS FOR ITS HIGH TRACK RENEWAL.

ALL SUBPOPULATION DATA CONTINUES TO SHOW SUBSTANTIALLY HIGH ACHIEVEMENT AS COMPARED TO THE STATE AVERAGES.

HERE YOU SEE OUR PERFORMANCE IN ELA AND MATH FROM 2023.

NEXT SLIDE AND HERE AGAIN IS THE SUBPOPULATION PERFORMANCE IN COMPARISON TO THE STATE FROM 2022.

Documentary Record 002178

AGAIN ALL INDICATORS FROM THE DASHBOARD ARE MEASURED AT HIGH OR VERY HIGH.

THE COMBINATION OF ALL THIS DATA PLACES US IN THE TOP 1% OF ALL CHARTER SCHOOLS ACROSS THE STATE OF CALIFORNIA, AND QUALIFIES US FOR THAT HIGH TRACK RENEWAL.

NEXT SLIDE. WE WANT TO SHARE WITH YOU SOME OF THE PROGRAMING THAT HAS BEEN PART OF BULLIS DNA AND ITS MISSION SINCE ITS INCEPTION 20 YEARS AGO AT BULLIS.

WE FOCUS ON A CORE PLUS CURRICULUM.

THIS IS FOR ALL STUDENTS.

WHAT THIS MEANS IS THAT STARTING IN TK, ALL OF OUR STUDENTS HAVE THE CORE CLASSES MATH, ENGLISH, SCIENCE, HISTORY PLUS MANDARIN, DRAMA, MUSIC, P.E., ART, AND MAKERSPACE.

THESE ARE BUILT INTO THEIR DAILY SCHEDULES OR WEEKLY SCHEDULES.

ADDITIONALLY, ALL GRADE LEVELS HAVE PROJECT BASED LEARNING OR PBL UNITS THAT DRIVE INSTRUCTION.

STUDENT VOICE AND CHOICE CAN BE FOUND IN CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES, WHICH STUDENTS GET TO SELECT.

THESE COULD INCLUDE CLASSES SUCH AS 3D MODELING, DANCE OR ECO CHAMPIONS.

NEXT SLIDE. STARTING IN SIXTH GRADE, OUR MIDDLE SCHOOL PROGRAM HAS A SIMILAR FOCUS ON THE CORE PLUS CURRICULUM, INCLUDING ADDITIONAL OPPORTUNITIES FOR CHOICE IN WORLD

[00:45:05]

LANGUAGE AND THE CHANCE TO TAKE PART IN ADVANCED ELECTIVES.

WE ALSO HAVE A CLUB MODEL, WHICH OUR STUDENT DESIGN COURSES DEVELOPED AND RUN BY STUDENTS, WITH TEACHERS SERVING AS FACILITATORS.

THESE CLUBS INCLUDE TOPICS SUCH AS DEBATE AND CRITICAL THINKING, WOODWORKING, AND VIDEO EDITING.

NEXT SLIDE. AT BULLIS, WE BELIEVE DEEPLY IN THE DEVELOPMENT OF OUR CHILDREN THROUGH OUR CURRICULUM, WHICH HAS A STEAM FOCUS SCIENCE, TECHNOLOGY, ENGINEERING, ART AND MUSIC.

Documentary Record 002179

THIS HAS BEEN INTERWOVEN INTO OUR CLASSROOMS FOR THE PAST 20 YEARS.

OUR STUDENTS HAVE THE OPPORTUNITY TO PRACTICE CODING AND ROBOTICS IN OUR MAKERSPACE AND FAB LAB SPACES, WHILE ALSO GETTING THE CHANCE TO TAKE PART IN ART, DRAMA AND MUSIC.

NEXT SLIDE. MOST IMPORTANTLY, WE BELIEVE IN SERVING ALL STUDENTS.

OUR SCHOOL SCHEDULE HAS INTENTIONAL TIME BUILT IN AND DEVOTED TO SMALL GROUP SUPPORT, AND WE HAVE A DEDICATED TEAM OF TEACHERS AND SUPPORT STAFF, INCLUDING A LITERACY SPECIALIST, A DIRECTOR OF SPECIAL EDUCATION, AND A LEAD COUNSELOR THAT COLLABORATE THROUGH OUR STUDENT RESPONSE TEAM.

THIS TEAM IS CONSISTENTLY FOCUSED ON SUPPORTING STUDENTS AND TEACHERS IN THE CLASSROOM TO ENSURE THAT WE ARE PROVIDING ALL STUDENTS ACCESS TO THE CONTENT IN WAYS THAT MAKE THE MOST SENSE FOR THEM.

NEXT SLIDE. WE KNOW THAT EDUCATION AND ITS OUTPUTS ARE SHIFTING RAPIDLY AS WE PREPARE STUDENTS FOR A FUTURE THAT NONE OF US ARE AWARE OF.

WE'RE PROUD OF OUR MIDDLE SCHOOL INTERSESSION PROGRAM AND INTEGRATED INTERDISCIPLINARY DESIGN THINKING APPROACH TO TEACHING FUTURE READY COMPETENCIES THREE TIMES A YEAR FOR TWO WEEKS EACH TIME, STUDENTS ENGAGE IN IN-DEPTH UNITS FOCUSED ON DEVELOPING SKILLS AND CREATIVE THINKING, CRITICAL THINKING, COMMUNICATION, AND TEAMWORK.

THIS CAN LOOK LIKE LEARNING HOW TO CREATE A BUSINESS PLAN AND THEN GATHERING MARKET DATA FROM OUR COMMUNITY TO DEVELOP A PROTOTYPE OF A PRODUCT THAT'S ALIGNED TO ONE OF THE UN SUSTAINABILITY GOALS.

NEXT SLIDE. WE BELIEVE TEACHING AND LEARNING IN THESE WAYS INCLUDES A DEEP FOCUS ON THE ARTS AND ALREADY CONTRIBUTES TO THE WHOLE CHILD.

YET THERE ARE ADDITIONAL WAYS IN OUR PROGRAM THAT WE FOCUS ON DEVELOPING STUDENTS AS HUMANS FIRST.

ALL OF OUR STUDENTS HAVE ACCESS TO A WEEKLY AND IN MIDDLE SCHOOL DAILY CELL OR ADVISORY CURRICULUM.

WE ALSO HAVE OPPORTUNITIES FOR STUDENTS TO INTERACT ACROSS GRADE LEVELS, AIMING TO CREATE CROSS GRADE LEVEL RELATIONSHIPS AND DEVELOP A DEEPER SENSE OF COMMUNITY THROUGHOUT THE SCHOOL. NEXT SLIDE.

Documentary Record 002180

WE KNOW IN TODAY'S WORLD THE IMPORTANCE OF PREPARING STUDENTS TO BECOME FUTURE LEADERS.

AT BCS, WE SEEK OPPORTUNITIES FOR OUR STUDENTS TO DEVELOP THESE LEADERSHIP SKILLS.

THIS CAN LOOK LIKE STUDENT LED PLAY PRODUCTIONS IN BOTH ON STAGE AND OFF STAGE ROLES.

IT LOOKS LIKE PRESENTATION OPPORTUNITIES IN ALL GRADE LEVELS.

IT LOOKS LIKE STUDENTS WHO, STARTING IN PRE K, CREATE ACADEMIC AND PERSONAL GOALS THAT THEY CAN TRACK PROGRESS TOWARDS THROUGHOUT THE SCHOOL YEAR.

NEXT SLIDE. YOU'VE HEARD ME MENTION COMMUNITY A FEW TIMES.

COMMUNITY IS TRULY THE CORNERSTONE OF OUR SCHOOL.

I'M SO PROUD TO SEE US ALL REPRESENTED HERE TONIGHT.

WE'VE CONTINUED TO FOCUS ON OPPORTUNITIES TO GROW AND CELEBRATE OUR COMMUNITY EACH SCHOOL YEAR.

THIS HAS INCLUDED THE HIRING OF A DEDICATED DIRECTOR OF COMMUNITY ENGAGEMENT AND OUTREACH.

IT ALSO INCLUDES YEARLY EVENTS FOR OUR FAMILIES AND FOR THE GREATER LOS ALTOS AREA, INCLUDING AN ANNUAL MAKERS FAIR AND A DIVERSITY CELEBRATION, WHICH I KNOW SOME OF YOU HAVE HAD THE OPPORTUNITY TO ATTEND OVER THE PAST FEW YEARS.

NEXT SLIDE. I WANT TO ACKNOWLEDGE THE IMPORTANCE OF OUR COMMUNITY, BECAUSE UNFORTUNATELY, THERE IS THIS FALSE NARRATIVE ABOUT THE STUDENTS THAT BCS SERVES AND THAT DOES HURT OUR COMMUNITY.

AS YOU'VE SEEN AND HEARD FROM ME BEFORE, WE'RE PROUD TO BE A SCHOOL THAT IS SUPPORTIVE AND INCLUSIVE TO ALL STUDENTS WHO WISH TO ATTEND.

WE CONSISTENTLY WORK HARD TO CONTINUE TO DIVERSIFY OUR STUDENT BODY.

LAST SCHOOL YEAR, WE SAW A 95% INCREASE IN OUR CITY POPULATION AND A 47% INCREASE IN OUR EL POPULATION.

NEXT SLIDE. FOR EDUCATION CODE AS A CHARTER SCHOOL, WE SHOULD STRIVE TO ACHIEVE A RACIAL AND ETHNIC BALANCE AMONGST OUR STUDENTS.

Documentary Record 002181

THIS SHOULD BE REFLECTIVE OF THE GENERAL POPULATION RESIDING WITHIN THE TERRITORIAL JURISDICTION OF THE LOS ALTOS SCHOOL DISTRICT.

HERE YOU SEE OUR DEMOGRAPHIC DATA COMPARED TO THE CENSUS DATA OF LOS ALTOS.

OUR SCHOOL IS A REFLECTION OF THE COMMUNITY WHERE OUR SITES ARE LOCATED.

NEXT SLIDE. AS A 22-23 SCHOOL YEAR DATA PUBLISHED BY THE CDE INDISPUTABLY DEMONSTRATES, BULLIS IS AMONGST THE CLOSEST TO REFLECTING A STUDENT POPULATION BALANCE OF THE DISTRICT WHERE IT'S LOCATED, AS COMPARED WITH THE OTHER SCHOOLS AUTHORIZED BY THE COUNTY BOARD.

THIS INFORMATION WAS SHARED WITH YOU IN A RESPONSE WE SENT EARLIER THIS CALENDAR YEAR.

HERE YOU SEE, OUR HISPANIC AND SPECIAL EDUCATION POPULATIONS ARE WITHIN 5% AND 2.5% OF THE LOCAL SCHOOL DISTRICTS SIMILAR POPULATIONS.

BULLIS MORE CLOSELY REFLECTS THE LOCAL DISTRICT PERCENTAGES IN THE VAST MAJORITY OF SCHOOLS THAT THE COUNTY BOARD OF EDUCATION AUTHORIZES.

NEXT SLIDE. THE SAME IS TRUE FOR OUR ENGLISH LEARNERS AND OUR CITY POPULATION, BUT THIS MORE CLOSELY REFLECTS THE LOCAL DISTRICT PERCENTAGES IN THE VAST MAJORITY OF SCHOOLS AUTHORIZED FOR THE MORE.

DOCTOR DEWAN HAS ACKNOWLEDGED IN A PUBLIC STATEMENT THAT BCS HAS TAKEN THE NECESSARY STEPS TO ENROLL STUDENTS FROM HISTORICALLY UNDERSERVED GROUPS.

[00:50:08]

NEXT SLIDE. WE ARE GLAD TO RECEIVE THIS ACKNOWLEDGMENT FROM DOCTOR DEWAN, AND YET WE CONTINUE TO FIND WAYS TO EXPAND OUR OUTREACH TO ALL MEMBERS OF OUR COMMUNITY.

OUR DIRECTOR OF COMMUNITY ENGAGEMENT AND OUTREACH IS A KEY LEADER IN THIS PROCESS.

NOW ENTERING HER THIRD YEAR, VERONICA AND VOLUNTEERS WORKED DURING OPEN ENROLLMENT SEASON TO DISTRIBUTE FLIERS TO A VARIETY OF LOCATIONS THROUGHOUT OUR AREA DAYCARES, LOCAL BUSINESSES. FOOD TRUCKS.

APARTMENT COMPLEXES, DOOR TO DOOR.

Documentary Record 002182

THEY RUN ADVERTISEMENTS IN LOCAL NEWSPAPERS IN BOTH SPANISH AND ENGLISH.

NEXT SLIDE. MAILERS ARE SENT OUT TO ALL LOS ALTOS SCHOOL DISTRICT RESIDENTS IN ENGLISH AS WELL AS IN SPANISH.

WE RUN PARENT INFORMATION SESSIONS IN PERSON AND ONLINE WITH TRANSLATIONS PROVIDED AND THE SAME IS TRUE FOR TOURS IN PERSON, ONLINE AND TRANSLATED.

OUR CURRENT FAMILIES ARE AN INCREDIBLE RESOURCE, SERVING AS THEIR BEAR GUIDES TO ASK QUESTIONS FOR OUR FAMILIES AND INVITE THEM TO EVENTS WE HOST.

NEXT SLIDE. BUT AT THE HEART OF ALL THIS OUTREACH IS THE CORE OF OUR MISSION.

IT'S ACTUALLY THE STUDENTS.

FOR THE PAST 20 YEARS, WE HAVE BEEN COMMITTED TO BUILDING A SCHOOL THAT SERVES ALL STUDENTS.

THIS CONTINUES TO BE OUR PRIORITY AND OUR FOCUS FOR THE NEXT 20 YEARS AND BEYOND.

THIS IS FUNDAMENTALLY WHAT IT MEANS TO BE AN EDUCATOR.

WE ARE IN THIS WORK BECAUSE OF OUR STUDENTS.

I'M SURROUNDED TONIGHT BY OUR STAFF AND OUR TEAM WHO UNEQUIVOCALLY BELIEVE IN THE POSSIBILITIES OF OUR KIDS IN EVERY SINGLE DAY.

THIS TEAM WORKS IN SERVICE OF OUR STUDENTS, ASKING OURSELVES, WHAT CAN WE DO TO MAKE SURE ALL STUDENTS HAVE THE ABILITY TO REACH THEIR FULL POTENTIAL? NEXT SLIDE. WE APPRECIATE THE COUNTY OFFICE AND COUNTY BOARD SUPPORT OF BULLIS CHARTER SCHOOL, AND RESPECTFULLY REQUEST YOU APPROVE OUR PETITION FOR A SEVEN YEAR TERM.

THANK YOU.

ARE THERE ANY REPRESENTATIVES FROM THE LOS ALTOS SCHOOL DISTRICT WHO WISH TO COMMENT AT THIS TIME? AND WHO WILL BE SPEAKING FOR THE DISTRICT? MY NAME IS BRIAN JOHNSON.

I'M THE CURRENT PRESIDENT OF LOS ALTOS SCHOOL DISTRICT.

GOOD EVENING. PRESIDENT BERTA.

VICE PRESIDENT ROCHA TRUSTEES.

Documentary Record 002183

SUPERINTENDENT DEWAN STAFF, THANK YOU FOR THE OPPORTUNITY TO COMMENT TONIGHT ON BEHALF OF LOS ALTOS SCHOOL DISTRICT.

AS HAS BEEN MENTIONED, IN 2003, A GROUP OF LOS ALTOS HILLS FAMILIES ORGANIZED THE CREATION OF BULLIS CHARTER SCHOOL.

THE ORIGINAL CHARTER PETITION STATED PLAINLY THAT THE SCHOOL WOULD, AND I QUOTE, FOCUS ON SERVING PRIMARILY STUDENTS WITHIN THE FORMER BULLIS CHARISMA, BOUNDARIES, AND THE LOS ALTOS HILLS COMMUNITY AS A WHOLE.

APPLICANTS FROM THAT AREA WOULD RECEIVE ENROLLMENT PRIORITY, EVEN OVER SIBLINGS OF CURRENT STUDENTS.

WHILE THE EXACT ORDER OF ENROLLMENT PREFERENCES SHIFTED OVER TIME, THIS DISCRIMINATION IN FAVOR OF STUDENTS FROM ONE OF THE WEALTHIEST PARTS OF SANTA CLARA COUNTY PERSISTED.

AS RECENTLY AS 2019, THE BCS BOARD INSISTED THAT REMOVAL OF THIS GEOGRAPHIC ENROLLMENT PREFERENCE CONSTITUTED A HARDSHIP FOR THE SCHOOL, AND THEY FINALLY RELENTED ONLY UNDER SIGNIFICANT PRESSURE FROM THE COUNTY IN THE WAKE OF THE PASSAGE OF AB 1505.

THE RESULT OF 20 YEARS OF FOCUS ON PRIMARILY SERVING AN AFFLUENT COMMUNITY HAS BEEN A MYRIAD OF DECISIONS, LARGE AND SMALL, THAT HAVE RESULTED IN AN EDUCATIONAL PROGRAM THAT IS FINANCIALLY DEPENDENT ON PARENTS WHO ARE ABLE TO MAKE MILLIONS OF DOLLARS IN ANNUAL CONTRIBUTIONS TO THEIR CHILDREN'S SCHOOLS, AND IN AN ATMOSPHERE THAT HAS DISCOURAGED AND CONTINUES TO DISCOURAGE ENROLLMENT OF A TRULY DIVERSE STUDENT POPULATION.

THE EXISTENCE AND IMPACT OF THESE PRACTICES HAS BEEN COMMUNICATED REGULARLY BY MEMBERS OF THE COMMUNITY AT LARGE, OVER THE ENTIRE 20 YEARS OF BCS EXISTENCE.

SOME OF THEM MAY TELL THEIR STORIES TONIGHT, AND DUE TO SUMMER VACATION SCHEDULES, SOME OF THEM MAY REACH OUT TO YOU OVER THE COMING WEEKS.

I HOPE THAT YOU WILL TAKE ALL OF THEM TO HEART.

RECOGNIZE THAT THEY ARE A SMALL SUBSET OF THE STORIES THAT WE HAVE HEARD OVER THE YEARS, AND CONSIDER WHAT MAY BE REQUIRED UNDER CURRENT CHARTER LAW TO CORRECT SUCH LONG STANDING ISSUES. IN 2018, RATHER THAN EXPLORE CONCRETE WAYS TO SERVE A PROPORTIONAL NUMBER OF SOCIOECONOMICALLY

DISADVANTAGED STUDENTS IN THE EXISTING PROGRAM, THE BCS BOARD PURSUED CREATION OF A NEW CHARTER SCHOOL IN THE NEIGHBORING MOUNTAIN VIEW WHISMAN SCHOOL DISTRICT.

THAT DISTRICT BOARD MADE IT CLEAR THAT THEY WOULD INSIST THAT THE NEW CHARTER PROACTIVELY AVOID THE SAME KINDS OF FAILURES TO SERVE ALL STUDENTS THAT HAD OCCURRED IN LASD, AND REQUIRED, AS A CONDITION OF APPROVAL, THAT BCS MAKE THE PLANNED LOTTERY PREFERENCE FOR FREE AND REDUCED MEAL ELIGIBLE STUDENTS THE FIRST PREFERENCE RATHER THAN THE FOURTH PREFERENCE. THE SUBSEQUENT ABANDONMENT OF THAT CHARTER CREATION EFFORT SPEAKS VOLUMES ABOUT BCS ATTITUDE TOWARDS THEIR DESIRED DEMOGRAPHICS, AND SUGGESTS THAT THEY MAY BELIEVE THEM TO BE KEY, NOT ONLY TO THEIR FINANCES, BUT ALSO TO THE EDUCATIONAL OUTCOMES REFLECTED IN THE STATE DASHBOARD.

AS OUTLINED BY STAFF, AS A RESULT OF THE LONG STANDING AND SIGNIFICANT GAPS BETWEEN THE STUDENT DEMOGRAPHICS OF LASD AND BCS, ESPECIALLY WITH REGARD TO HISPANIC STUDENTS, ENGLISH LANGUAGE LEARNERS, STUDENTS WITH DISABILITIES, AND SOCIOECONOMICALLY DISADVANTAGED STUDENTS, AND IN LIGHT OF RECENT CHANGES TO CHARTER LAW IN MAY 2021, THE SCCOE ISSUED A NOTICE OF CONCERN ESTABLISHING THAT BCS HAD BEEN SERVING, AND I QUOTE STATISTICALLY SIGNIFICANTLY LOWER PROPORTIONS OF ALL FOUR STUDENT GROUPS THAN IN LISD END QUOTE,

[00:55:06]

INFORMING BCS OF THE POSSIBLE CONSEQUENCES FOR CHARTER RENEWAL, AND EXPRESSING A DESIRE TO WORK COLLABORATIVELY WITH THE CHARTER SCHOOL TO RESOLVE THE ISSUES.

UNFORTUNATELY, THE BCS BOARD HAS INSTEAD CONTINUED TO INSIST THAT THE CITED DEMOGRAPHIC ISSUES EITHER DO NOT EXIST OR DO NOT MATTER AND SO THE CHARTER RENEWAL PETITION BEFORE YOU OFFERS EVEN FEWER CONCRETE EFFORTS FOR REMEDIATION THAN THE 2016 RENEWAL PETITION DID, AND MAINTAINS THE ARBITRARY 10% CAP ON THE LOTTERY PREFERENCE FOR FRPM ELIGIBLE STUDENTS WHO RESIDE WITHIN LISD AND AS INADEQUATE AS THAT IS LIKELY TO BE IN CLOSING THE GAP IN TERMS OF SOCIOECONOMICALLY DISADVANTAGED STUDENTS, THE RENEWAL PETITION OFFERS NO CONCRETE SOLUTIONS AT ALL TO ADDRESS THE HISTORIC AND ONGOING UNDER ENROLLMENT OF STUDENTS WITH DISABILITIES, ESPECIALLY INCLUDING THOSE WITH MORE SEVERE DISABILITIES.

DATA SHOWS THAT BCS NOT ONLY SERVES A SMALLER PERCENTAGE OF STUDENTS WITH DISABILITIES THAN LISD, BUT ALSO FAILS TO SERVE STUDENTS IN MOST OF THE 13 CATEGORIES OF ELIGIBILITY UNDER IDEA.

AS PREVIOUSLY SHARED WITH THE SCCOE AND BOE, THE DISTRICT HAS ANECDOTAL AND VERIFIABLE EVIDENCE THAT BCS HAS EXPLICITLY DECLINED TO SERVE THESE VARIOUS TYPES OF STUDENTS WITH MORE SIGNIFICANT NEEDS, ON THE GROUNDS THAT THEY ARE NOT A FIT FOR THE BCS EDUCATIONAL PROGRAM.

IN THE THREE YEARS SINCE THE NOTICE OF CONCERN, VERY LITTLE HAS CHANGED, AS REFLECTED BY THIS BOARD'S UNANIMOUS VOTE IN AUGUST OF 2023 TO REAFFIRM THAT NOTICE OF CONCERN.

WHILE THE RENEWAL PETITION ATTEMPTS TO MINIMIZE THESE ONGOING DEFICIENCIES BY RANKING BCS AGAINST INDIVIDUAL LISD SCHOOLS OR AGAINST OTHER SCHOOLS ACROSS THE COUNTY.

CHARTER LAW CLEARLY REQUIRES COMPARISON TO THE DISTRICT AS A WHOLE, AND MORE IMPORTANTLY, THE CLEAR INTENTION OF CHARTER LAW IS REINFORCED BY THE PASSAGE OF AB 1505 HAS ALWAYS BEEN THAT CHARTER SCHOOLS SHOULD BE ACCESSIBLE TO ALL STUDENTS, AND THAT THEY SHOULD VIEW UNDERSERVED STUDENT POPULATIONS AS A FOCUS RATHER THAN AS AN AFTERTHOUGHT.

THE CHARTER RENEWAL PETITION CLAIMS TO SHOW RECENT SIGNIFICANT INCREASES IN ENROLLMENT OF SOME UNDERREPRESENTED GROUPS.

HOWEVER, THESE INCREASES, EVEN IF CORRECT, DO NOT CLOSE THE GAPS WITH DISTRICT DEMOGRAPHICS, AND IN FACT INCREASES OF THAT SIZE ARE ONLY POSSIBLE BECAUSE THEY ARE RELATIVE TO INCREDIBLY LOW BASELINES THAT HAVE NOT MOVED IN A DECADE OR MORE.

WE HAVE NO CONFIDENCE THAT THIS ONE YEAR TREND WILL CONTINUE IF THIS RENEWAL PETITION IS APPROVED AS IS, GIVEN THE SERIOUS NATURE OF THE ISSUES PRESENTED IN THE NOTICE OF CONCERN MORE THAN THREE YEARS AGO.

BULLIS CHARTER SCHOOLS FAILURE TO ADDRESS THEM IN THE RENEWAL PETITION IS MADE EVEN MORE GLARING BY THE EXISTENCE OF SEVERAL STRAIGHTFORWARD MEASURES, WHICH COULD HAVE BEEN INCLUDED, FOR EXAMPLE, TO ADDRESS THEIR UNDER ENROLLMENT OF SOCIOECONOMICALLY DISADVANTAGED STUDENTS.

THE FIRST AND MOST OBVIOUS CHANGE WOULD BE TO MOVE THE EXISTING PREFERENCE FOR FRPM ELIGIBLE STUDENTS TO THE FIRST POSITION IN THE LIST OF

PREFERENCES, DRAMATICALLY INCREASING THE NUMBER OF SLOTS AVAILABLE EACH YEAR FOR THOSE STUDENTS, AND TO REMOVE THE ARBITRARY 10% CAP ENTIRELY.

BEYOND THAT, BCS HAS ANOTHER OPPORTUNITY TO MAKE ITSELF MORE ATTRACTIVE TO A MORE DIVERSE POPULATION.

WE HAVE DEVELOPED PLANS TO BUILD AN ENTIRE NEW CAMPUS IN THE MOST DENSELY POPULATED PART OF THE DISTRICT, IN CLOSE PROXIMITY TO MANY FAMILIES MATCHING THE UNDERREPRESENTED COHORTS IN BCS.

PLANNING TO MOVE THERE WOULD SEEM TO BE AN OBVIOUS WAY TO STRENGTHEN THE RENEWAL PETITION, AND YET THE BCS BOARD HAS EXPRESSED OUTRIGHT HOSTILITY TO THE IDEA, DESPITE THE ALTERNATIVE BEING TO REMAIN INDEFINITELY IN AGING PORTABLE BUILDINGS SPLIT ACROSS TWO OR POSSIBLY EVEN THREE SHARED CAMPUSES.

OVERALL, THE DATA SHOWS THAT BCS HAS NOT REMEDIED THE ISSUES DETAILED IN YOUR NOTICE OF CONCERN AND THAT THE MEASURES OUTLINED IN THE RENEWAL PETITION ARE UNLIKELY TO DO SO.

WE BELIEVE THAT THE LONG STANDING FAILURES BY BULLIS CHARTER SCHOOL TO SERVE ALL STUDENTS WITHIN THE MEANING OF THE EDUCATION CODE, AND THE FAILURE OF THE RENEWAL PETITION TO OUTLINE HOW THEY WILL ACHIEVE DEMOGRAPHICS IN LINE WITH LSDS ARE SUFFICIENTLY SEVERE AND PERSUASIVE AS TO PRECLUDE STRAIGHTFORWARD APPROVAL OF THE CHARTER RENEWAL PETITION BEFORE YOU. AS THE MOUNTAIN VIEW WHISMAN BOARD DID WITH BULLIS MOUNTAIN VIEW, YOU COULD APPROVE THE PETITION, BUT ALSO ADOPT MEASURABLE CONDITIONS ON WHICH THAT APPROVAL WOULD DEPEND, SUCH THAT FAILURE TO MEET THOSE CONDITIONS WOULD RESULT IN CLEAR AND CONCRETE CONSEQUENCES.

ALTERNATIVELY, YOU COULD DIRECT VCS TO WORK WITH ALL PARTIES TO CREATE A MATERIAL REVISION TO BE APPROVED ALONGSIDE THE RENEWAL PETITION THAT WOULD EFFECTIVELY ADDRESS THE ISSUES RAISED IN THE NOTICE OF CONCERN.

AT THE END OF THE DAY, WHAT WE WOULD LIKE TO SEE AND WHAT WE BELIEVE IS REQUIRED BY CHARTER LAW IS A DOCUMENT THAT FULLY ADDRESSES THE LEGAL REQUIREMENTS TO SERVE ALL STUDENTS, AND TO STRIVE TO MATCH THE HOST DISTRICT'S DEMOGRAPHICS.

THAT HOLDS BULLIS CHARTER SCHOOL ACCOUNTABLE FOR THE SUCCESS OF THOSE EFFORTS WITH MEASURABLE CRITERIA AND CLEAR CONSEQUENCES AND THAT DEMONSTRATES A REAL COMMITMENT ON THE PART OF THE CURRENT BCS BOARD AND

ADMINISTRATION TO BREAK WITH THE ATTITUDES AND PRACTICES OF THE LAST 20 YEARS THAT HAVE CREATED THESE PROBLEMS IN THE FIRST PLACE.

[01:00:08]

THANK YOU VERY MUCH FOR YOUR TIME AND ATTENTION.

THANK YOU.

WE WILL NOW TAKE PUBLIC COMMENT ON THIS ITEM.

COMMENTERS ARE LIMITED TO ONE MINUTE.

IF YOU WISH TO SPEAK, PLEASE HAND IN YOUR HAND ANY SPEAKER CARD.

SPEAKERS SHALL DIRECT THEIR COMMENTS TO THE BOARD AND ARE URGED TO AVOID REPEATING POINTS MADE BY PREVIOUS SPEAKERS.

MODERATOR DO WE HAVE ANY PUBLIC COMMENTS? YES, WE HAVE 30 PUBLIC COMMENT CARDS.

PLEASE PROCEED WITH PUBLIC COMMENT AS YOU HEAR YOUR NAME.

PLEASE LINE UP FOR PUBLIC COMMENT BEHIND THE PODIUM LOCATED AT THE CENTER OF THE ROOM.

AS A REMINDER, ONE PERSON AT A TIME CAN BE AT THE PODIUM TO PRESENT THEIR COMMENT.

UNLESS LANGUAGE SUPPORT IS NEEDED BY AN SCCOE INTERPRETER OR ASL INTERPRETER.

THOSE USING ASL INTERPRETATION WILL RECEIVE THREE MINUTES, AS MENTIONED EARLIER, TO PRESENT SOUND.

TO PREVENT SOUND DISTORTION, PLEASE KEEP THE MICROPHONE A SHORT DISTANCE FROM YOUR MOUTH.

THE FIRST SET OF SPEAKERS ARE WEN CHEN, BALDWIN CHANG.

MONICA [INAUDIBLE].

KYLE [INAUDIBLE].

[INAUDIBLE].

LISA STONE.

Documentary Record 002188

CAROL MONROY.

JASON JANG.

RONNIE BOWES.

ELAINE YU.

THE FIRST SPEAKER IS WEN CHEN.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

WEN CHEN, A STUDENT PARENT IN FOR 2022, MY SON ENROLLED AT BULLIS.

BULLIS FAILED TO EXECUTE HIS IEP AND THEN EXPOSED HIM TO AN UNSAFE ENVIRONMENT FOR SEVERAL MONTHS.

IN 2023, MY SON WAS DIAGNOSED WITH PTSD DUE TO SEVERE SCHOOL [INAUDIBLE].

MOREOVER, BULLIS CREATED AN EXECUTION LOG TO HIDE ITS LACK OF SERVICE, BUT DID SUCH A POOR JOB THAT THE DOCUMENT SHOWS SERVICE ON DAYS AND TIMES. MY SON WAS NOT IN SCHOOL DUE TO DENIAL OF [INAUDIBLE].

I WAS FORCED TO EXECUTE THE RIGHT TO UNILATERALLY PLACE MY SON IMMEDIATELY, BULLIS KICKED HIM OUT AND SHIFTED HIS RESPONSIBILITY TO LASD. IT'S ILLEGAL AND UNETHICAL.

WE ARE NOT THE FIRST FAMILY TO EXPERIENCE THIS.

I URGE THE BOARD TO TAKE ACTION TO STOP THIS AND ENSURE THAT BULLIES HAS A REAL CAPABILITY AND COMMITMENT TO SERVE ALL STUDENTS BEFORE APPROVING ITS CHARTER RENEWAL.

THANK YOU. OUR NEXT SPEAKER IS BALDWIN CHANG.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING. TRUSTEES PRESIDENT AND DOCTOR DEWAN AND STAFF.

MY NAME IS BALDWIN CHANG. I'M ONE OF THE MAKERSPACE TEACHERS AT BULLIS CHARTER SCHOOL AT THE NORTH ELEMENTARY CAMPUS.

MY FIRST CAREER WAS IN ARCHITECTURE AND DESIGN.

WHAT I LOVED ABOUT THOSE FIELDS IS THE FOCUS ON DESIGN THINKING AND CREATIVE PROBLEM SOLVING.

NOW, AS A TEACHER, IT'S MY PASSION TO TEACH THOSE SKILLS TO ELEMENTARY STUDENTS.

BCS GIVES ME THE PERFECT ENVIRONMENT TO DO THAT.

THE MAKERSPACE IS LIKE A WORKSHOP AND A STUDIO AND A CLASSROOM ALL ROLLED TOGETHER, WHERE KIDS CAN DESIGN AND BUILD HANDS ON PROJECTS.

WHETHER IT'S THE CULMINATING SHOWCASE FOR A PROJECT BASED LEARNING UNIT OR THE PROTOTYPE TO ANSWER A DRIVING QUESTION, THEY LEARNED BOTH HIGH TECH AND LOW TECH SKILLS AND APPLIED THEM TO SOLVING CHALLENGES AND PROBLEMS WHILE REINFORCING THEIR STEAM CONCEPTS.

BCS IS A PLACE WHERE I WORK CLOSELY WITH OTHER TEACHERS, AND WE'RE ALL STUDENTS ARE SCHEDULED AND THE SCHEDULE IS BAKED INTO THEIR EXPERIENCE.

AT. OUR NEXT SPEAKER IS MONICA [INAUDIBLE].

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING, TRUSTEES PRESIDENT BERTA.

MY NAME IS MONICA AND I HAVE THREE DAUGHTERS AT BCS.

KARINA, BIANCA AND DIANA AND THEY'RE HERE TODAY.

ONE OF THE STANDOUT ASPECTS OF BULLIS, TO ME IS THE STRONG RELATIONSHIPS BETWEEN THE PARENTS, THE TEACHERS AND THE ADMINISTRATORS.

THE STAFF ARE INCREDIBLY APPROACHABLE AND DEDICATED, ALWAYS WILLING TO GO THE EXTRA MILE AND SUPPORT OUR CHILDREN'S NEEDS.

I HAVE SO MANY EXPERIENCES TO HIGHLIGHT FROM MR. ROUDA, WHO TRULY NURTURED MY DAUGHTER'S LOVE OF READING.

TO MISS VERNICK, WHO WORKED THROUGH A REALLY HARD EXPERIENCE MY DAUGHTER WAS HAVING WITH A FRIEND, AND SHE SHOWED MY DAUGHTER WHAT A TRUSTED ADULT COULD BE.

AND TO MISS KIMBERLY, WHO ENCOURAGED MY DAUGHTER IN HER FIRST DRAMA CLASS AND COUNTLESS MORE.

MY KIDS AND I WALKED TO BULLIS EVERY MORNING, AND WHEN I WAVED GOODBYE TO THEM, I KNOW THAT THE TEACHERS AT BCS ARE REALLY PASSIONATE ABOUT OUR CHILDREN, AND THEY REALLY DO WANT

Documentary Record 002190

[01:05:05]

TO ENSURE THE BEST OUTCOMES FOR OUR KIDS AND I REALLY THANK YOU FOR YOUR SUPPORT.

OUR NEXT SPEAKER IS KYLE JUAN.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

ALL RIGHT. GOOD EVENING, TRUSTEES AND PRESIDENT BERTA.

I'M KYLE AND I'M A ALUM OF BULLIS CHARTER SCHOOL, AND I AM SUPER GRATEFUL FOR THE EDUCATION AND SUPPORT I RECEIVED DURING MY TIME AT BULLIS.

MY TEACHERS WERE BEYOND EXCEPTIONAL, AND THEY CONTINUOUSLY ENCOURAGED ME TO PURSUE MY PASSIONS IN SCIENCE AND MATH.

ABOVE ALL, BULLIS IS EXCEPTIONAL AT TEACHING US HOW TO BUILD AND INNOVATE CREATIVELY.

I LEARNED HOW TO TRY AND FAIL AND TRY AGAIN.

I LEARNED HOW TO DEVELOP NEW IDEAS DURING OUR HOUR OF CODE, AND I LEARNED HOW TO BE INSPIRED BY MY PEERS AND MY TEACHERS, MOTIVATING MY OWN GROWTH.

OF COURSE, THE TRUE TREASURES ARE THE CONNECTIONS WE MADE ALONG THE WAY.

EVEN THOUGH IT HAS BEEN THREE YEARS SINCE MY TIME AT BULLIS, I'VE REMAINED VERY CLOSE FRIENDS WITH MANY OF MY CLASSMATES, AND I CAN'T IMAGINE HAVING FORMED SUCH STRONG BONDS WITHOUT THE KIND AND WELCOMING COMMUNITY AT BULLIS.

SO I WANT TO THANK ALL OF YOU FOR YOUR CONTINUOUS SUPPORT OF THE SCHOOL.

THANK YOU. OUR NEXT SPEAKER IS [INAUDIBLE].

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING, TRUSTEES AND PRESIDENT BERTA.

MY NAME IS NITA AND I'M A MIDDLE SCHOOL MATH AND SCIENCE TEACHER AT BULLIS.

I'VE HAD THE PRIVILEGE OF BEING PART OF THIS INCREDIBLE COMMUNITY FOR OVER TEN YEARS.

TODAY, I'D LIKE TO SHARE THE LASTING IMPACT OUR SCHOOL HAS HAD ON OUR STUDENTS AND THE REMARKABLE ACHIEVEMENT OF OUR ALUMNI AT BULLIS.

Documentary Record 002191

WE SEE OUR STUDENTS AS WHOLE HUMANS, NURTURING NOT ONLY THEIR ACADEMIC SKILLS, BUT ALSO THEIR PERSONAL GROWTH THROUGH OUR UNIQUE PROGRAMS SUCH AS OUR INTERSESSION CLUBS AND PBLS.

WE FOSTER CRITICAL THINKING, PROBLEM SOLVING, AND RESILIENCE, ENSURING OUR STUDENTS ARE PREPARED FOR ANY CHALLENGE THEY FACE.

OUR ALUMNI ARE TESTAMENT TO THE EFFECTIVENESS OF OUR APPROACH AND SEEING OUR STUDENTS GROW INTO CAPABLE, CONFIDENT ADULTS WHO FACE CHALLENGES OPENLY AND MASTER THEIR LIVES SUCCESSFULLY IN THE GREATEST IS THE GREATEST REWARD FOR US AS EDUCATORS.

MANY HAVE TAKEN ON LEADERSHIP ROLES IN VARIOUS FIELDS AND IN THEIR SCHOOLS, DEMONSTRATING THE VALUES AND SKILLS THEY DEVELOPED AT BULLIS.

I AM DEEPLY COMMITTED TO CONTINUING THIS TRADITION OF HOLISTIC EDUCATION.

OUR FOCUS ON SEEING STUDENTS AS WHOLE HUMANS AND EQUIPPING THEM WITH FUTURE READY SKILLS ENSURES THEY NOT ONLY SUCCEED ACADEMICALLY, BUT ALSO LEAD FULFILLING AND IMPACTFUL LIVES.

OUR NEXT SPEAKER IS LISA STONE.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING, TRUSTEES AND PRESIDENT BERTA.

MY NAME IS LISA STONE, AND I AM PROUD TO BE A PRINCIPAL AT BULLIS CHARTER SCHOOL.

20 YEARS AGO, I STARTED HERE AS A TEACHER, AND I'VE HAD THE HONOR OF WITNESSING OUR INCREDIBLE JOURNEY FIRST HAND.

WE BEGAN WITH JUST 170 STUDENTS, AND TODAY WE ARE A THRIVING COMMUNITY OF OVER 1000.

I HAVE LITERALLY SEEN THOUSANDS OF STUDENTS WALK THROUGH OUR DOORS, EACH ONE A UNIQUE INDIVIDUAL WITH BOUNDLESS POTENTIAL.

WATCHING THEM GROW, LEARN, AND SUCCEED HAS BEEN THE MOST REWARDING EXPERIENCE OF MY LIFE.

OUR MISSION TO SEE EACH AND EVERY ONE OF OUR STUDENTS AS A WHOLE HUMAN BEING REMAINS AS STRONG TODAY AS IT WAS WHEN WE FIRST OPENED OUR DOORS.

Documentary Record 002192

WE ARE COMMITTED TO NURTURING NOT ONLY THEIR ACADEMIC SKILLS, BUT ALSO THEIR PERSONAL GROWTH AND CHARACTER.

ONE OF OUR EARLY GRADUATES RECENTLY TOLD ME HOW HOW THE SUPPORTIVE ENVIRONMENT AT BULLIS HELPED HER BECOME THE LEADER SHE IS TODAY.

STORIES LIKE HERS REMIND ME WHY OUR WORK IS SO IMPORTANT, AND WHY I AM SO PROUD TO BE PART OF THIS COMMUNITY.

I WILL CONTINUE TO DEDICATE MYSELF TO BULLIS, ENSURING THAT WE UPHOLD OUR MISSION AND SUPPORT OUR STUDENTS IN EVERY WAY POSSIBLE.

THANK YOU FOR YOUR CONTINUED SUPPORT AND BELIEVE.

OUR NEXT SPEAKER IS CAROL MONROY.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING. TRUSTEES.

PRESIDENT BERTA. [SPANISH].

I AM CAROL MONROY.

I AM A COLOMBIAN MOTHER AT BULLIS CHARTER SCHOOL, WHERE MY CHILDREN OLIVER AND VICTORIA STUDY.

[SPANISH].

LANGUAGE BARRIERS CAN CAUSE INSECURITIES, BUT BCS HAS CREATED A FUN PROGRAM THAT IS ALSO EASY FOR MY STUDENTS TO ADAPT QUICKLY TO ENGLISH IN A PROFESSIONAL AND PERSONALIZED ENVIRONMENT.

[SPANISH]. MY CHILDREN HAVE ADVANCED A LOT AND THEY FORM PART PART NATURALLY WITH THEIR FRIENDS AND THEIR TEACHERS.

[SPANISH] . NOW THEY'RE ABLE TO ENJOY A CULTURALLY ENRICHING ENVIRONMENT WITHOUT IT MATTERING WHAT COUNTRY THEY'RE FROM OR WHAT CUSTOMS THEIR FAMILIES HAVE. BCS HAS AN INVALUABLE HUMAN RESOURCE THAT TEACHES RESPECT FOR THE SURROUNDINGS, AND THAT STRENGTHENS ADAPTATION TO THIS CHANGING

[01:10:08]

WORLD. [SPANISH].

I'M EXTREMELY GRATEFUL FOR THE DEDICATION OF BULLIS AND ITS DEDICATION TO DEVELOPING EACH STUDENT AND CREATING AN ENVIRONMENT THAT'S HEALTHY

AND INCLUSIVE, AND HELPING STRENGTHEN THEM FOR THEIR FUTURE AND SO THAT THEY'LL BE SUCCESSFUL IN THE FUTURE.

I WILL NOW ANNOUNCE OUR NEXT SET OF PUBLIC COMMENTS.

AS YOU HEAR YOUR NAME, PLEASE LINE UP FOR PUBLIC COMMENT.

BEHIND THE PODIUM VALERIE WU, KENZIE JONES, CLAYTON JONES, MADHVI KOHLI, HEATHER [INAUDIBLE], RACHELLE MIRKIN, [INAUDIBLE], CLAUDINE DEL ROSARIO, [INAUDIBLE], SOPHIE [INAUDIBLE], JEFFREY MATTSON, DWIGHT WANG, IVAN MARCHENKO.

OUR NEXT SPEAKER IS JASON ZHANG.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

CHAIRPERSON BERTA, TRUSTEE.

MY NAME IS JASON ZHANG.

I'M A [INAUDIBLE] LANGUAGE TEACHER AT BULLIS.

I'VE BEEN WORKING AT THE SCHOOL FOR OVER TEN YEARS AND THEN I WANT TO SHARE WITH YOU TONIGHT MY ENTHUSIASM FOR TEACHING LANGUAGES AND THE IMPACT IT HAS ON OUR STUDENTS.

TEACHING SECOND LANGUAGE IS ABOUT SO MUCH MORE THAN JUST VOCABULARY AND GRAMMAR.

IT'S ABOUT OPENING DOORS FOR NEW CULTURES AND PERSPECTIVES, FOSTERING A DEEP SENSE OF CONNECTIONS AND RESPONSIBILITY FOR THE WORLD.

AT BULLIS, OUR STUDENTS DEVELOP SOLID SKILLS IN READING, WRITING, AND SPEAKING A SECOND LANGUAGE, WHICH EQUIPS THEM TO NAVIGATE AND APPRECIATE OUR DIVERSE WORLD.

ONE OF MY GREATEST JOYS IS SEEING STUDENTS HONOR EACH OTHER'S DIFFERENCES IN OUR CLASSES, WE EXPLORE OUR OR GLOBAL CULTURES AND THROUGH THESE EXPLORATION AND STUDENTS LEARN, RESPECT, AND CELEBRATE DIVERSITY.

THEY BECOME MORE EMPATHETIC, OPEN MINDED, AND PREPARED TO ENGAGE IN MEANINGFUL, RESPECTFUL DIALOGS WITH OTHERS.

I DEEPLY COMMIT TO NURTURING THIS GLOBAL MINDSET IN OUR STUDENTS, EXPANDING THEIR COMMUNICATION SKILLS AND THEIR ABILITY TO UNDERSTAND AND APPRECIATE THE WORLD AND AROUND THEM. OUR NEXT SPEAKER IS RANI BOWES.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING, TRUSTEES PRESIDENT BERTA.

MY NAME IS RONNIE BOWES, AND I'M A PROUD PARENT AT BULLIS CHARTER SCHOOL WITH MY CHILDREN, ARUN AND BELLA AND FOURTH GRADE, ONE OF THE THINGS I VALUE MOST ABOUT BULLIS IS THE STRONG SENSE OF COMMUNITY.

FROM THE MOMENT WE JOINED IN THE FALL OF 2020, IN KINDERGARTEN, WE FELT WELCOMED AND SUPPORTED.

GREAT COMMUNICATION IS THE FOUNDATION OF TRUST IN A RELATIONSHIP, AND MISS ISRAEL AND THE ADMIN GAVE US THE CONFIDENCE THROUGH THEIR ZOOM SESSIONS AND EMAILS TO TAKE THE OPPORTUNITY TO COME BACK IN PERSON IN SEPTEMBER OF 2020 FOR A WONDERFUL YEAR OF KINDERGARTEN WITH MISS LUNSFORD.

OVER THE COURSE OF THE NEXT THREE YEARS, WE BUILT FRIENDSHIPS AND CONNECTIONS WITH TEACHERS, ADMIN, AND FAMILIES.

THAT GIVES ME SO MUCH CONFIDENCE THAT MY CHILDREN ARE TAUGHT AND SURROUNDED BY PEOPLE WHO TRULY CARE ABOUT THEIR GROWTH AND WELL-BEING.

I'M GRATEFUL FOR THE FRIENDSHIPS AND CONNECTIONS WE'VE MADE THROUGH BULLIS, AND PROUD TO BE PART OF SUCH A POSITIVE, INCLUSIVE, AND ENGAGED COMMUNITY THAT PROVIDES MY CHILDREN WITH A SENSE OF BELONGING AND RESPONSIBILITY TO OTHERS.

THANK YOU. OUR NEXT SPEAKER IS ELAINE YU.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING, PRESIDENT BERTA AND TRUSTEES.

MY NAME IS ELAINE YU AND I'M A VERY PROUD PARENT AT BCS.

ONE OF THE MOST REMARKABLE ASPECTS OF BULLIS IS ITS FOCUS ON THE WHOLE CHILD.

THE SCHOOL NURTURES NOT ONLY ACADEMIC GROWTH, BUT ALSO EMOTIONAL, SOCIAL, AND PHYSICAL DEVELOPMENT.

PROGRAMS AND ACTIVITIES ARE DESIGNED TO SUPPORT EVERY ASPECT OF OUR CHILDREN'S WELL-BEING, FROM MINDFULNESS PRACTICES TO EXTRACURRICULAR OPPORTUNITIES.

THIS HOLISTIC APPROACH ENSURES THAT OUR CHILDREN ARE WELL ROUNDED.

FOR INSTANCE, MY DAUGHTER VALERIE, A RISING FIFTH GRADER, AND HER FRIENDS SHOWED INTEREST IN TEACHING YOUNGER KIDS IN SCHOOL TO DANCE, AND THEY GOT PERMISSION FROM THEIR PRINCIPAL TO HOST DANCING BEAR SESSIONS AT RECESS.

AS A RESULT, VALERIE GAINED GREAT SATISFACTION IN TEACHING YOUNGER KIDS TO EXPRESS THEMSELVES THROUGH DANCE.

THEY ARE NOW EXPLORING THE POSSIBILITY OF TURNING THIS EXPERIENCE INTO A CO-CURRICULAR CLASS FOR THE NEXT SCHOOL YEAR.

I'M VERY GRATEFUL FOR THE COMPREHENSIVE EDUCATION BULLIS PROVIDES HELPING OUR CHILDREN BECOME BALANCED AND CONFIDENT INDIVIDUALS.

THANK YOU VERY MUCH.

OUR NEXT SPEAKER IS VALERIE WU.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD AFTERNOON, TRUSTEES AND PRESIDENT BERTA.

MY NAME IS VALERIE WU, AND I'M A RISING FIFTH GRADER AT BULLIS CHARTER SCHOOL.

I'M HERE TO SHARE A BIT ABOUT MY SCHOOL EXPERIENCE AT BULLIS CHARTER SCHOOL.

I'VE ENJOYED LEARNING SUBJECTS LIKE SCIENCE, WHERE I'VE DISCOVERED HOW TO MAKE OUR EARTH A BETTER PLACE.

[01:15:02]

THE TEACHERS ARE VERY SUPPORTIVE AND HAVE HELPED ME GROW.

FOR EXAMPLE, THERE WAS SUCH A DIVISION BETWEEN GIRLS AND BOYS IN MY CLASS.

MY TEACHER HELD CLASS CLIMATE MEETINGS TO HELP US RESOLVE CONFLICTS.

EXTRACURRICULAR ACTIVITIES LIKE TECH CREW FOR OUR SCHOOL MUSICAL HAVE ALSO BEEN A HIGHLIGHT FOR ME.

THEY'VE ALLOWED ME TO DEVELOP SKILLS LIKE PLAY PRODUCTION AND MAKE NEW FRIENDS.

THANK YOU FOR YOUR SUPPORT IN MAKING OUR SCHOOL A GREAT PLACE TO LEARN AND GROW.

OUR NEXT SPEAKER IS KENZIE JONES.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

Documentary Record 002196

GOOD EVENING. MY NAME IS KENZIE.

I'M A RISING THIRD GRADER AT BCS.

BCS IS AN AMAZING SCHOOL.

IT PROVIDES A LOT OF CLASSES AND IT HAS CO-CURRICULARS.

BCS ALSO CAN HELP CHILDREN'S BRAVERY SKILLS AND THEIR ABILITY TO TALK IN FRONT OF OTHER PEOPLE IN MY EXPERIENCE.

BCS IS A GREAT SCHOOL.

IT HELPED ME EXHIBIT A LOT OF SKILLS, LIKE COMMUNICATING WITH MY FRIENDS AND HOW TO SHOW MY WORK IN DIFFERENT WAYS.

BCS HAS AWESOME DRAMA PROGRAMS. THE SCHOOL PERFORMED MANY MUSICALS LIKE LION KING, SHREK, ADDAMS FAMILY AND MORE.

ONCE AGAIN, I SAY BCS IS AN AMAZING SCHOOL AND I HOPE IT STAYS THAT WAY.

OUR NEXT SPEAKER IS CLAYTON JONES.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING. GOOD EVENING, TRUSTEES, PRESIDENT BERTA.

MY NAME IS CLAYTON JONES, AND MY CHILD KENZIE IS GOING TO BULLIS CHARTER SCHOOL IN THIRD GRADE.

I AM PARTICULARLY A HUGE FAN OF BULLIS EMPHASIS ON DESIGN THINKING AND PROJECT BASED LEARNING.

THESE INNOVATIVE APPROACHES ENCOURAGE OUR CHILDREN TO THINK CRITICALLY, CREATIVELY, AND EMPATHETICALLY TO SOLVE REAL WORLD PROBLEMS. PROJECT BASED LEARNING ALLOWS STUDENTS TO ENGAGE DEEPLY WITH SUBJECTS, WORK COLLABORATIVELY, AND APPLY THEIR KNOWLEDGE IN MEANINGFUL WAYS.

FOR INSTANCE, WE WERE LUCKY ENOUGH TO EXPERIENCE THE IMPACT ON MY DAUGHTER AND HER CLASSMATES DESIGNING SEA TURTLE HABITATS AND PRESENTING THEM ON VIDEO.

THIS HAS HELPED HER DEVELOP A DEEPER CURIOSITY ABOUT THE SEA AND ALSO CONFIDENCE TO SPEAK IN PUBLIC.

MY DAUGHTER AND HER CLASSMATES HAVE DEVELOPED INVALUABLE SKILLS SUCH AS COLLABORATION, RESILIENCE AND INNOVATIVE THINKING.

Documentary Record 002197

I AM GRATEFUL FOR BULLIS COMMITMENT TO FOSTERING CREATIVITY, PROBLEM SOLVING AND HANDS ON LEARNING IN OUR STUDENTS.

THANK YOU. OUR NEXT SPEAKER IS [INAUIDIBLE]..

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING TRUSTEES PRESIDENT BERTA.

MY NAME IS [INAUDIBLE] AND I'M A TEACHER AT BULLIS.

I'M GRATEFUL TO BE HERE TODAY TO SHARE WITH YOU THE STRIDES WE'VE MADE IN SUPPORTING ALL LEARNERS AT BULLIS.

WE PRIDE OURSELVES ON DIFFERENTIATING INSTRUCTION AND PROVIDING ROBUST SUPPORT FOR STUDENTS WITH DIVERSE LEARNING NEEDS THROUGH A WELL IMPLEMENTED, MULTI-TIERED INTERVENTION PROGRAM. THROUGH A PBL'S AND FOCUSED LEARNING GOALS, WE EMPHASIZE CRITICAL THINKING, DISCOVERY, AND JOY, ENCOURAGING STUDENTS TO PURSUE THEIR PASSIONS INSIDE AND OUTSIDE OF THE SCHOOL. OUR SPECIAL EDUCATION PROGRAM ALIGNS BY FOCUSING ON STUDENT STRENGTHS, FOSTERING INDEPENDENCE, SELF-ADVOCACY, AND ACADEMIC GROWTH.

OUR COMPREHENSIVE PROGRAMS ENSURE THAT EACH STUDENT NOT ONLY GETS THE ACADEMIC AND SOCIAL EMOTIONAL SUPPORT THEY NEED, BUT ALSO GET MULTIPLE OPPORTUNITIES THROUGHOUT THE YEAR TO SHINE THROUGH A BROAD RANGE OF CO-CURRICULARS, AS WELL AS OUR PERFORMING ARTS PROGRAMS SUCH AS DRAMA AND MUSIC.

EQUIPPING THEM WITH SKILLS TO MAKE MEANINGFUL CONTRIBUTIONS TO THE SOCIETY.

I AM HONORED TO BE PART OF SUCH A DEDICATED EDUCATIONAL COMMUNITY, AND I HOPE YOU, AS TRUSTEES, WILL CONTINUE TO SUPPORT OUR EFFORTS IN PROVIDING EQUITABLE AND HIGH QUALITY EDUCATION. THANK YOU.

OUR NEXT SPEAKER IS HEATHER [INAUDIBLE].

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING, TRUSTEES.

PRESIDENT BERTA. MY NAME IS HEATHER [INAUDIBLE], AND I AM A PARENT AT BULLIS CHARTER SCHOOL WITH A RISING SECOND GRADER AND AN INCOMING KINDERGARTNER.

Documentary Record 002198

ONE VERY SPECIAL FEATURE OF BULLIS IS THE WIDE RANGE OF CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES AVAILABLE TO OUR ELEMENTARY STUDENTS, FROM ART SUCH AS DANCES OF THE WORLD TO PHYSICAL EDUCATION TO SCIENCE CLUBS.

THERE IS SOMETHING FOR EVERY INTEREST.

MY CHILD HAS BENEFITED IMMENSELY FROM PARTICIPATING IN THESE ACTIVITIES BY DEVELOPING NEW SKILLS, BUILDING FRIENDSHIPS OUTSIDE OF THE CLASSROOM, GAINING CONFIDENCE AND DISCOVERING NEW INTERESTS. FOR EXAMPLE, MY DAUGHTER PARTICIPATED IN THE MUSICAL ENSEMBLE WHERE SHE HAD THE OPPORTUNITY TO PERFORM IN THE MIDDLE SCHOOL MUSICAL.

IT WAS SO HEARTWARMING TO SEE THE ALL THE MIDDLE SCHOOLERS CHEER THE FIRST GRADERS ON AND MAKE THEM FEEL LIKE THE STARS OF THE SHOW.

THROUGH THAT EXPERIENCE, SHE LEARNED TEAMWORK, SELF-DISCIPLINE, AND FOCUS, AS WELL AS DEVELOPED A STRONG SENSE OF BELONGING.

I'M GRATEFUL FOR THE COMPREHENSIVE AND ENRICHING OPPORTUNITY BULLIS PROVIDES OUR CHILDREN.

THANK YOU AND PLEASE RENEW BULLIS CHARTER TERM.

OUR NEXT SPEAKER IS RACHELLE MIRKIN.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING. MY NAME IS RACHELLE MIRKIN, AND I'M A PARENT OF TWIN EIGHTH GRADE BOYS AT BULLIS CHARTER SCHOOL.

WE'VE BEEN AT THE SCHOOL SINCE TRANSITIONAL KINDERGARTEN.

I'M CONTINUALLY IMPRESSED BY THE INTERSESSIONS AND THE PROJECT BASED LEARNING OPPORTUNITIES THAT ARE OFFERED NOT JUST THROUGH THE ELEMENTARY, BUT ALSO IN THE MIDDLE SCHOOL. THESE EXPERIENCES HAVE ALLOWED MY CHILDREN TO DIVE DEEPLY INTO SUBJECTS, EXPLORE THEIR DIFFERENT INTERESTS, AND APPLY THEIR KNOWLEDGE IN PRACTICAL WAYS

[01:20:08]

AS BOTH SIBLINGS AND AS INDIVIDUALS.

THE MY TWINS HAVE VERY DIFFERENT INTERESTS AND PERSONALITIES, AND I'VE LOVED SEEING EACH INDIVIDUALLY DEVELOP A PASSION FOR LEARNING AND GAIN VALUABLE SKILLS THROUGH THESE UNIQUE OPPORTUNITIES.

EVERY SPRING, MY HUSBAND AND I KIND OF LOOK AT EACH OTHER AND WE SAY, ARE WE DOING BULLIS AGAIN? AND EVERY YEAR WE CONNECT AND WE THINK ABOUT THE COMMUNITY.

WE THINK ABOUT THE EXPERIENCE AND WE SAY YES TO BULLIS CHARTER SCHOOL.

WE'RE VERY GRATEFUL.

OUR NEXT SPEAKER IS [INAUDIBLE].

HELLO, MY NAME IS ALANA [INAUDIBLE].

I IS TAKING OVER, BUT SOME THINGS I CANNOT TAKE OVER IS COMMUNICATION, COMMUNITY, A PERSON'S ABILITY TO CONFIDENTLY AND COMPETENTLY SPEAK IN FRONT OF OTHER PEOPLE.

IN BULLIS, KIDS LEARN THIS IN TK.

SO THE CHILDREN LEARN TO STAND UP, PERFORM, SPEAK IN FRONT OF AN AUDIENCE.

THEY GROW THEIR LEADERSHIP AND TEAMWORK SKILLS MOTIVATE THEMSELVES AND THEIR PEERS.

CONFIDENCE AND PUBLIC SPEAKING BECOME PART OF THESE CHILDREN'S IDENTITIES INSTEAD OF THE FEARS OF PUBLIC SPEAKING LIKE MOST OF US HAVE, OR SOME OF US HERE IN THIS ROOM. BULLIS SEES THE WHOLE CHILD AND TAKES THE CHILD'S SUPERPOWERS FROM TECHNOLOGY TO CREATIVITY TO COSTUMES, LIGHTING, SOUND, ACTING, DANCING, AND EVEN DIRECTING.

BULLIS NURTURES ALL OF THAT.

FOR EIGHT YEARS, I HAVE EXPERIENCED THE BULLIS COMMUNITY.

I HAVE SEEN MY CHILD GROW AND TAKE IT TAKES A VILLAGE AND THIS VILLAGE IS BCS.

OUR NEXT SPEAKER IS CLAUDINE DELROSARIO.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING TRUSTEES, I'M CLAUDINE DELROSARIO.

I'M A SINGLE PARENT AND A BOARD MEMBER AT BULLIS.

I'VE BEEN A CIVIL SERVANT AND A TEACHER, WORKING TWO JOBS MOST OF MY CAREER, ALL IN THE SERVICE OF SOCIAL JUSTICE, EQUITY, AND ACCESS TO EDUCATION.

MY SON WAS IN KINDERGARTEN WHEN THE PANDEMIC HIT THE YEAR BEFORE.

WHEN THE PANDEMIC HIT AND THE YEAR THE NEXT YEAR WHEN THE SCHOOL REOPENED.

HIS TEACHER, MISS OSBORNE, DID A HOUSE VISIT ON HIS BIRTHDAY.

MISS QUAYLE AND MISS ISRAEL HAVE COME TO HIS BASEBALL GAMES ON SEPARATE OCCASIONS AND UNFORGETTABLY, WHEN I HAD TO HAVE MULTIPLE SURGERIES FOR TWO SEPARATE, LIFE THREATENING, UNEXPECTED DISEASES DURING THE PANDEMIC.

IT WAS THE SCHOOL COMMUNITY THAT TOOK CARE OF MY SON AND HELPED OUR FAMILIES SURVIVE THAT DEEPLY SCARY TIME.

TODAY, I'M GRATEFUL TO BE RECOVERING AND THAT BULLIS HAS A RICH AFTER SCHOOL PROGRAM AND PARENT COMMUNITY THAT HAS HELPED ME RETURN TO WORK IN PERSON.

I WILL ADD THAT I KNOW MY SON HAS MANY CLASSMATES WITH LEARNING DIFFERENCES WHO ARE INTEGRAL PARTS OF OUR FRIEND, CIRCLE, AND COMMUNITY.

OUR NEXT SPEAKER IS [INAUDIBLE].

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING TRUSTEES.

I'M A BLACK AND FILIPINO GOING INTO THE FIFTH GRADE.

I ENJOY SPORTS AND PERFORMING ARTS, AND I LIVE WITH MY MOM.

BCS HELPED ME WITH SPORTS AND PERFORMING ARTS AS WELL, DEVELOPING COMMUNICATION SKILLS AND BEING A KIND PERSON.

THE SCHOOL TEACHES ME TO HELP THE EARTH, LIKE PICKING UP TRASH AT LUNCH AND THIS HAS THE STUDENTS DO PROJECT BASED LEARNING, WHICH REALLY HELPS CREATIVITY.

BCS HAS SIGNIFICANTLY HELPED ME BECOME KIND AND SMART.

PLEASE APPROVE THE CHARTER RENEWAL FOR MY SCHOOL.

THANK YOU. OUR NEXT SPEAKER IS SOPHIE MATTSON.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING, TRUSTEES AND PRESIDENT BERTA.

MY NAME IS SOPHIE MATTSON.

I AM A RISING THIRD GRADER AND I LOVE BULLIS CHARTER SCHOOL.

EVERY DAY I GET TO LEARN THINGS LIKE SCIENCE.

THAT MAKES ME EXCITED ABOUT THE WORLD.

MY TEACHERS ARE SO NICE AND HELP ME UNDERSTAND EVERYTHING FROM MATH TO SCIENCE AND READING.

MY FAVORITE SUBJECTS ARE P.E., MUSIC, AND DRAMA.

BECAUSE IT'S MY TEACHERS ARE SO NICE AND ALWAYS HELP ME WITH THE THINGS THAT I DON'T UNDERSTAND.

BUT IT'S NOT JUST ABOUT LEARNING, BUT IT'S NOT JUST ABOUT LEARNING.

IT'S ALSO ABOUT MY FRIENDS.

WE PLAY TOGETHER, HELP EACH OTHER WITH OUR HOMEWORK, AND HAVE FUN DURING DRAMA CLASSES, MUSIC DURING DRAMA CLASSES, AND MUSIC SCHOOL IS A PLACE WHERE WE GROW, LAUGH.

I WILL NOW CALL OUR NEXT SET OF SPEAKERS.

AS YOU HEAR YOUR NAME, PLEASE LINE UP FOR PUBLIC COMMENT.

BEHIND THE PODIUM LOCATED AT THE CENTER OF THE ROOM, VERONICA [INAUDIBLE], CHRISTOPHER HAZLETON, DOROTHY ANN,

[01:25:09]

JOSEPH DOLBY, ALI SAMAD, ELAINE YU, STEPHANIE CRUZ, DONALD GARDNER. OUR NEXT SPEAKER IS JEFFREY MADSEN.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

HI. MY NAME IS JEFFREY MADSEN, AND I AM A FATHER OF A RISING FIFTH GRADER AND THIRD GRADER AT BULLIS CHARTER SCHOOL, ONE OF WHOM WAS JUST SOPHIE, WHO YOU SAW AND SHE'S A LIVING EXAMPLE OF THE TYPE OF FOCUS ON THE HUMAN THAT WE FIND AT BULLIS CHARTER SCHOOL.

BELIEVE IT OR NOT, IN THE BEGINNING OF THE SCHOOL YEAR THIS YEAR, SHE WAS REMARKABLY LACKING IN CONFIDENCE, AS MANY YOUNG GIRLS ARE, AND SHE WAS RELUCTANT TO SPEAK UP IN CLASS. HER TEACHER WORKED ON AN INDIVIDUAL PERSONAL PROJECT WITH HER TO START WRITING DOWN HER FEELINGS, WRITING

SONGS, SINGING THE SONGS IN LARGER AND LARGER AUDIENCE TO LARGER AND LARGER AUDIENCES, AND THE RESULTS HAS BEEN REMARKABLE.

THAT, COMBINED WITH THE ART AND DRAMA AND DANCE PROGRAM, SHE'S TRANSFORMED AS A PERSON.

YOU SEE HOW CONFIDENT SHE IS TODAY.

ANOTHER THING THAT'S HELPED HER ALSO IS THE COMMUNITY OUTREACH.

YOU KNOW, SHE'S, YOU KNOW, DONE HER TIME IN FRONT OF WALMART AND TAQUERIAS HANDING OUT LEAFLETS ABOUT BULLETS AND TALKING TO STUDENTS THAT PROSPECTIVE STUDENTS SHE MEETS ABOUT WHAT A GREAT EXPERIENCE SHE'S HAD THERE.

OUR NEXT SPEAKER IS DWIGHT WANG.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

HI, ESTEEMED BOARD, MY NAME IS DWIGHT WANG.

I UNDERSTAND I HAVE LESS THAN A MINUTE HERE, SO I APPRECIATE THAT, GIVEN MY FEAR OF PUBLIC SPEAKING.

I JUST WANTED TO SAY THAT IN ADDITION TO THE QUALITY OF THE INSTRUCTION AND EDUCATION AT BULLIS, I'M THE FATHER OF TWO KIDS THAT ARE PART OF THE SYSTEM.

THERE'S A REAL FOUNDATIONAL SENSE OF COMMUNITY THAT YOU IS REALLY SPECIAL AND I CAN SAY THAT AS A LONG TERM PRODUCT OF LASD, ACTUALLY I WISH I HAD THE RESOURCES THAT THE SCHOOL HAS PROVIDED FOR US.

AS AN EXAMPLE, MY SON THE ELDER OF THE TWO, WAS ABLE TO PARTICIPATE IN KINDERGARTEN AND IN A DRAMATIC SCHOOL PLAY, AND HE WAS A SHY, QUIET KID AND REALLY CAME OUT OF HIS SHELL SUPPORTED BY SUCH COMMUNITY.

SO I PLEAD FOR YOU TO PLEASE CONTINUE ALLOWING THE COMMUNITY TO EXIST.

THANK YOU VERY MUCH. OUR NEXT SPEAKER IS IVAN [INAUDIBLE].

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING, TRUSTEES PRESIDENT BERTA.

MY NAME IS IVAN [INAUDIBLE], AND MY DAUGHTER HAS BEEN GOING TO THE BULLIS CHARTER SCHOOL SINCE FIRST GRADE, AND NOW SHE'S IN SIXTH.

I'M CONTINUALLY IMPRESSED BY THE ACADEMIC RIGOR BY THE BULLIS.

THE SCHOOL CHALLENGES OUR CHILDREN TO EXCEL AND THINK CRITICALLY.

FOSTERING A LOVE OF LEARNING THAT EXPANDS BEYOND THE CLASSROOM.

THE CURRICULUM IS DEFINITELY DEMANDING YET SUPPORTIVE, ENSURING THAT THE STUDENTS ARE WELL PREPARED FOR THEIR FUTURE ACADEMIC PURSUITS.

MY CHILD HAS DEVELOPED STRONG STUDIES, HABITS AND DEEP UNDERSTANDING OF VARIOUS SUBJECTS THANKS TO DEDICATED AND PASSIONATE TEACHERS OF THE BULLIS CHARTER SCHOOL. I'M REALLY PROUD TO TELL YOU THAT MY DAUGHTER HAS MADE VERY BIG PROGRESS IN THE SUBJECTS SHE HAS GOT IN THE BULLIS CHARTER SCHOOL AND FINALLY, I AM ABSOLUTELY CONFIDENT THAT THE SOLID ACADEMIC FOUNDATION BULLIS PROVIDES WILL BENEFIT OUR CHILDREN.

OUR NEXT SPEAKER IS VERONICA [INAUDIBLE].

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING, TRUSTEES PRESIDENT BERTA.

IT'S AN HONOR TO STAND BEFORE YOU TODAY AS THE DIRECTOR OF COMMUNITY ENGAGEMENT AND OUTREACH AT BULLIS CHARTER SCHOOL.

BEING A SINGLE MOM HAS TAUGHT ME THE IMPORTANCE OF COMMUNITY AND THE STRENGTH THAT COMES FROM UNITY.

IT IS THIS SPIRIT THAT I BRING TO MY ROLE EVERY DAY, STRIVING TO MAKE OUR SCHOOL A BEACON OF HOPE AND OPPORTUNITY FOR ALL.

OUR COMMUNITY IS RICH WITH DIVERSITY, RESILIENCE, AND POTENTIAL.

MY WORK FOCUSES ON CONNECTING WITH EACH FAMILY, PARTICULARLY THOSE WHO FACE FINANCIAL HARDSHIPS TO ENSURE THEY HAVE THE SUPPORT AND RESOURCES THEY NEED TO THRIVE. I SEE FIRSTHAND THE STRUGGLES AND TRIUMPHS OF OUR LOW INCOME FAMILIES, AND IT IS MY MISSION TO CREATE A NURTURING AND INCLUSIVE ENVIRONMENT WHERE EVERY FAMILY FEELS VALUED AND EMPOWERED.

EVERY CHILD DESERVES A CHANCE TO SUCCEED, AND EVERY FAMILY DESERVES TO FEEL LIKE THEY ARE A VITAL PART OF OUR COMMUNITY.

THANK YOU FOR YOUR TIME.

OUR NEXT SPEAKER IS CHRISTOPHER HAZLETON.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING. I'M CHRISTOPHER HAZLETON.

I'M A TEACHER IN LOS ALTOS SCHOOL DISTRICT, AND FOR THE PAST TWO YEARS, I'VE ALSO SERVED AS THE LOS ALTOS UNION PRESIDENT AND I'M STRUCK TONIGHT

[01:30:02]

LISTENING TO THE PRESENTATIONS AND THE PARENTS THAT HAVE SPOKEN ABOUT HOW SIMILAR A BULLISH CHARTER SCHOOL SOUNDS TO ALL SCHOOLS IN LASD BUT THE DIFFERENCE IS THAT THEY ARE NOT RESPONSIBLE FOR EDUCATING ALL STUDENTS, AND LASD IS THE COST OF EDUCATING OUR MOST VULNERABLE STUDENTS, ESPECIALLY IN SPECIAL EDUCATION, IS SIGNIFICANTLY HIGHER THAN BCS FACES, ESPECIALLY FOR OUR MILD, MODERATE AND MODERATE SEVERE CLASSES THOSE STUDENTS SOMETIMES REQUIRE MEDICAL ASSISTANCE AS WELL AS DEDICATED ONE ON ONE AIDES THAT CAN COST AS MUCH AS $60,000 PER YEAR.

THIS IS WHY I WANT THE BOARD TO SIGNIFICANTLY CURTAIL BULLIS ABILITY TO REJECT, INCLUDING ALL STUDENTS FROM OUR DISTRICT.

THANK YOU. OUR NEXT SPEAKER IS DOROTHY ANN.

PLEASE CLEARLY STATE YOUR NAME, AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING, TRUSTEES AND PRESIDENT BERTA EIGHT YEARS AGO, MY HUSBAND AND I DROVE THROUGH NEARLY TWO HOURS OF RUSH HOUR TRAFFIC FROM SAN FRANCISCO BECAUSE I DESPERATELY WANTED TO SPEAK TO THIS ESTEEMED BODY IN SUPPORT OF BCS CHARTER RENEWAL.

MY PASSION FOR THE AMAZING, INTEGRATED, INTERDISCIPLINARY, AND WELL-ROUNDED EDUCATIONAL ENRICHMENT THAT BCS OFFERS FOR ALL STUDENTS REMAINS EVEN STRONGER.

NOW AS I ENTER MY 12TH YEAR AS A BCS PARENT, I HAVE SEEN NOT ONLY MY CHILDREN, BUT ALSO A WIDELY DIVERSE RANGE OF LEARNERS, QUITE A NUMBER OF WHOM DID NOT FIND THAT THEIR LOCAL SCHOOLS SERVED THEIR SPECIAL LEARNING NEEDS.

BEING QUICKLY WELCOMED INTO OUR COMMUNITY AND BLOSSOMING THROUGH THE CONTINUALLY INNOVATING PROGRAMS OFFERED BY BCS.

I HAVE ALSO PROUDLY BEEN ONE OF THE PARENTS AND TEACHERS WHO FOR 11 YEARS, HAD THE JOYFUL PRIVILEGE OF PROVIDING A SUMMER BRIDGE PROGRAM FOR UNDERSERVED CHILDREN IN OUR COMMUNITY.

AS THE CHILDREN OF REFUGEES WHO CAME TO THIS COUNTRY WITH NOTHING BUT DREAMS THAT THEIR CHILDREN COULD HAVE A BETTER LIFE THROUGH EDUCATION, I BELIEVE STRONGLY IN THE TRANSFORMATIONAL IMPORTANCE OF A STRONG K THROUGH EIGHT.

OUR NEXT SPEAKER IS JOSEPH DOLBY.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING TRUSTEES.

PRESIDENT BERTA.

MY NAME IS JOSEPH DOLBY, AND I'M A PROUD PARENT OF A STUDENT AT BULLIS CHARTER SCHOOL WHO JUST COMPLETED SIXTH GRADE AS PREVIOUSLY.

AS PREVIOUSLY STATED, PROJECT BASED LEARNING IS A CORE PART OF BULLIS CURRICULUM, AND BULLIS PARTICIPATION AS A GLOBAL CLIMATE ACTION SCHOOL FURTHER UNDERSCORES THAT POINT. THE WAY BULLIS INTEGRATES ENVIRONMENTAL EDUCATION INTO THE CURRICULUM THROUGH PROJECT BASED LEARNING CENTERED AROUND THE LEATHERBACK SEA TURTLE, THOROUGHLY ENGAGES ALL STUDENTS INTO THE ACTIVITIES IN A FUN AND MEMORABLE WAY.

THE LEATHERBACK SEA TURTLE IS A CENTRAL PART OF THE CURRICULUM AT EVERY GRADE LEVEL, STARTING IN KINDERGARTEN, AND EACH PROJECT IN EACH GRADE BUILDS ON THE LAST.

THE LEATHERBACK SEA TURTLE PROJECT BASED LEARNING CULMINATES IN THE SIXTH GRADE CLASS FIELD TRIP, WHERE STUDENTS GET TO INTERACT DIRECTLY WITH EXPERT SCIENTISTS AND HELP GUIDE THE TURTLE HATCHLINGS SAFELY TO THE OCEAN.

MY SON AND HIS CLASSMATES DEVELOPED A DEEP RESPECT AND NOW KNOW WHY WE USE PLASTIC PAPER STRAWS INSTEAD OF PLASTIC ONES AS A RESULT OF THE PROJECT.

THANK YOU. OUR NEXT SPEAKER IS ALI, [INAUDIBLE].

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING, TRUSTEES.

PRESIDENT BERTA.

MY NAME IS ALI, SEMNAN.

MY SON DARIAN, [INAUDIBLE] HAS STARTED AT KINDERGARTEN AT BULLIS CHARTER.

NOW HE'S ENROLLED FOR THE SEVENTH GRADE.

SO I WANT TO SHARE AN EXPERIENCE THAT I HAD WHEN HE WAS IN THE KINDERGARTEN.

HE DIDN'T LIKE WEEKENDS BECAUSE HE WAS NOT AT SCHOOL.

THINK ABOUT IT. A KID WHO LIKES SCHOOL DAYS OVER WEEKEND AND THAT'S TO ME WAS WEIRD, BIZARRE AND STRANGE.

SO I DON'T KNOW WHAT THEY DID TO HIM BACK AT THE BULLIS CHARTER, BUT I WANT THEM TO CONTINUE DOING IT BECAUSE AS A RESULT, HE'S HIGHLY SOCIAL, ACADEMICALLY EXCELLING, AND MORE IMPORTANTLY, HE'S HAPPY WHEN HE'S AT SCHOOL.

AND I ATTRIBUTE THAT TO THE STAFF, TEACHERS, THE COMMUNITY, AND MORE IMPORTANTLY, THE CULTURE THAT THEY CREATED FOR THE SCHOOL AND THE COMMUNITY AS A WHOLE. SO I HIGHLY ENCOURAGE YOU TO RENEW THE CHARTER FOR THE SCHOOL.

THANK YOU. OUR NEXT SPEAKER IS ELAINE YU.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

SECOND CALL FOR ELAINE YU.

OUR NEXT SPEAKER IS STEPHANIE CRUZ.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING. MY NAME IS STEPHANIE CRUISE.

I'M A FORMER STUDENT FROM BULLIS CHARTER SCHOOL.

TO START OFF, I'VE ATTENDED BCS FROM FIRST TO EIGHTH GRADE.

I AM NOW GOING INTO MY SENIOR YEAR AT LOS ALTOS HIGH SCHOOL.

I HAD AN IEP FOR MY MOST OF MY YEARS AT BULLIS, WHICH ALSO HELPED ME PREPARE AND MADE ME FEEL READY FOR HIGH SCHOOL.

I CAN SPEAK FOR MYSELF AND MY SIBLINGS WHEN I SAY THAT BULLIS IS TRULY AN AMAZING SCHOOL.

[01:35:04]

WE HAVE ALWAYS FELT LOVED AT THIS SCHOOL AND MOST IMPORTANTLY, HEARD FROM PERSONAL EXPERIENCE.

Documentary Record 002207

THE TEACHERS ARE AMAZING.

THEIR MATERIALS AND TOOLS THEY USE TO TEACH HELPED ME STRIVE IN MY EDUCATION AND FUTURE.

THANK YOU. OUR NEXT SPEAKER IS STEPHANIE CRUZ.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

OH MY APOLOGIES.

OUR NEXT SPEAKER IS DONALD GARDENER.

PLEASE CLEARLY STATE YOUR NAME AND PRESENT YOUR PUBLIC COMMENT.

GOOD EVENING TRUSTEES.

MY NAME IS DONALD GARDNER, AND THIS IS MY SON TIMOTHY.

I AM BOTH A PARENT AT BULLIS AND A VOLUNTEER DEVOTED TO GIVING BACK TO OUR LOCAL COMMUNITY.

I AM PROUD TO SHARE HOW OUR SCHOOL'S INITIATIVES EXTEND BEYOND THE CLASSROOM.

AS A VOLUNTEER, I HELP COORDINATE THE DONATION OF LEFTOVER LUNCHES TO SHELTERS AND FOOD BANKS IN THE MOUNTAIN VIEW AND LOS ALTOS NEIGHBORHOOD.

OVER THE PAST 18 MONTHS, WE HAVE DONATED MORE THAN 12,000 POUNDS OF UNOPENED EXTRA LUNCH FOOD, INCLUDING AT HOPE'S CORNER, LIFE MOVES, THE DAY WORKER CENTER AND HOMES FIRST.

THIS EFFORT NOT ONLY ADDRESSES FOOD WASTE BUT ALSO SUPPORTS THOSE IN NEED WITHIN OUR COMMUNITY.

BEING PART OF A SCHOOL THAT VALUES COMPASSION AND COMMUNITY SERVICE IS MEANINGFUL.

OUR STUDENTS LEARN THE IMPORTANCE OF GIVING BACK AND UNDERSTAND THAT THEIR ACTIONS CAN MAKE A DIFFERENCE.

THIS INITIATIVE HAS PROVIDED VITAL SUPPORT TO LOCAL SHELTERS AND ALSO HAS TAUGHT OUR CHILDREN VALUABLE LESSONS AND THIS IS THE FINAL CALL FOR ELAINE YU.

THIS CONCLUDES PUBLIC COMMENT.

THANK YOU FOR YOUR COMMENTS.

SEEING NO FURTHER SPEAKERS ON THIS MATTER, PUBLIC COMMENT IS CLOSED.

I WILL NOW MOVE TO THE BOARD.

ARE THERE ANY CLARIFYING QUESTIONS FROM THE BOARD? I SEE A NUMBER OF CARDS, SO I'M JUST GOING TO MOVE THROUGH.

STARTING WITH TRUSTEE SREEKRISHNAN.

THANK YOU SO MUCH AND PRESIDENT BERTA, DO WE HAVE REPRESENTATIVES FROM THE BOARD HERE TODAY OR SUPERINTENDENT DEWAN DO WE HAVE THAT? I BELIEVE THERE'S AT LEAST ONE MEMBER FROM THE BOARD HERE.

OKAY. SO BECAUSE I HAVE A FEW QUESTIONS FOR BOTH, YOU KNOW, BULLETS, WHETHER IT BE SUPERINTENDENT ISRAEL AND OUR BOARD TRUSTEE, ALONG WITH OUR OWN STAFF.

BUT MY FIRST IS AND JUST TO SORT OF FRAME MY QUESTIONS, YOU KNOW, MY INTERPRETATION OF CHARTER SCHOOL LAW IS THAT IT EMPHASIZES AN IMPORTANCE ON SERVING HISTORICALLY UNDERSERVED STUDENTS AND REALLY EXPANDING EDUCATIONAL CHOICES AND OPPORTUNITIES FOR THOSE STUDENTS AND SO THAT'S GOING TO SORT OF FRAME MY QUESTIONS AND SO MY FIRST QUESTION IS WHY THE 10% CAP ON FREE AND REDUCED PRICE MEALS FOR THAT PREFERENCE IN YOUR LOTTERY? YOU KNOW, WHY NOT? INSTEAD OF A CAP, MAKE IT A FLOOR.

THERE WE GO. THAT WAS MATERIAL REVISION WE BROUGHT TO THE BOARD 2022.

2022, I BELIEVE AND THE RATIONALE AT THAT TIME FOR THE 10% WAS THAT IT WAS, IF I'M CORRECT, DOUBLE THAT TIME AT DOUBLE THE PERCENTAGE OF THE FRPM PERCENTAGE OF THE LOCAL DISTRICT AND SO THE INTENTION WAS IF WE SET THAT CAP AT 10%, THEN THAT WOULD IN THEORY BE ABLE TO CATCH US UP, BUT ALSO SURPASS WHAT THE LOCAL DISTRICT PERCENTAGE OF FRPM WOULD BE.

I APPRECIATE THAT, AND I REMEMBER VOTING ON THAT AND BUT YOU KNOW, I IN ESPECIALLY LOOKING AT, I THINK IT WAS SLIDE 16 AND 17.

YOU KNOW, FOR ME IN THIS DECISION, IT WON'T JUST BE ABOUT THE RACIAL DEMOGRAPHICS AND RACIAL DIVERSITY, YOU KNOW, MIRRORING THE DISTRICT, BUT IT ALSO BE LOOKING DEEPER AT, YOU KNOW, SOCIOECONOMIC STATUS.

ALSO LOOKING AT ENGLISH LEARNERS, ALSO LOOKING AT STUDENTS WITH DISABILITIES AND SO I WANTED TO ASK IF MAYBE YOUR BOARD HAD THOUGHT ABOUT INCREASING

THAT CAP, CONSIDERING YOU KNOW, THAT'S BEEN A CONCERN EVEN COMING FROM OUR BOARD.

I DON'T I'M NOT PREPARED TO SPEAK FOR OUR BOARD ON THE BOARD'S BEHALF.

BUT I KNOW THAT WAS A CONVERSATION WE HAD, WHICH IS WHY WE BROUGHT THAT TOGETHER IN 2022.

[01:40:04]

WE HAVEN'T HAD A CONVERSATION SINCE REGARDING AN ADJUSTMENT THERE.

OKAY AND THEN FOR OUR OWN STAFF IS WANTED TO GET ANY OF YOUR THOUGHTS ON THAT? OUR THOUGHTS ON THE 10%.

YEAH. IF, YOU KNOW, BECAUSE SOME OF THE ISSUES THAT WERE RAISED AROUND EQUITY IF CHANGING THAT CAP COULD HELP.

I KNOW THAT WE'RE STILL LOOKING AT THE ANALYSIS RIGHT NOW.

WE HAVE NOT ADDRESSED THAT AT THIS MOMENT, BUT WE WILL TAKE THAT UNDER ADVISEMENT AND LOOK AT WHETHER OR NOT THAT DIFFERENCE OR CHANGING THAT NUMBER WILL HAVE AN IMPACT. OKAY.

I GUESS I'LL ASK ONE MORE QUESTION OR I WAS ALSO INTERESTED IN FOR THE LAST QUESTION.

TWO, I YOU KNOW, REPRESENTATIVE FROM THE BOARD CAN ALSO SPEAK.

I DON'T WANT TO PUT ALL THE PRESSURE ON SUPERINTENDENT ISRAEL.

BUT THE MOUNTAIN VIEW SITE, I MEAN, THIS IS SOMETHING I'VE BEEN HEARING ABOUT IN THE COMMUNITY AS WELL AS IS THAT BEING A WAY TO POTENTIALLY, YOU KNOW, HELP ENROLL STUDENTS OF DIFFERING ABILITIES, DIFFERENT SOCIOECONOMIC STATUSES AND JUST SORT OF REACHING OUT.

SO WANTED TO, YOU KNOW, GET BULLIS TAKE ON THEIR OPINION OF THAT POTENTIAL SITE.

HI, I'M ANDREA EYRING, AND I'M ONE OF THE BCS BOARD MEMBERS.

I HAVE BEEN INVOLVED IN THOSE DISCUSSIONS AND WE'VE ACTUALLY HAD VERY WE HAVE, YOU KNOW, BEEN VERY OPEN TO HAVING CONVERSATIONS WITH LASD ABOUT THAT.

WE'VE TOURED THE SITE WITH THEM.

WE DEFINITELY HAVE CONCERNS THAT THE SITE IS NOT LARGE ENOUGH FOR OUR ENTIRE ENROLLMENT.

WE FELT LIKE IT WOULD BE HELPFUL TO YOU KNOW, REALLY HAVE SOME OPEN CONVERSATIONS AND WE SUGGESTED A CONFIDENTIALITY AGREEMENT SO THAT WE COULD REALLY TALK, YOU KNOW, AND TRY TO FIGURE OUT SOMETHING THAT WOULD WORK IF THAT SITE WAS GOING TO WORK FOR OUR SCHOOL AND UNFORTUNATELY, LASD OPTED NOT TO TAKE US UP ON IT.

THEY SAID THEY WERE NOT THEY DID NOT FEEL THAT THEIR BOARD COULD COMPLY WITH THE CONFIDENTIALITY AGREEMENT.

CAN YOU EXPLAIN THAT ONE MORE TIME? THE CONFIDENTIALITY AGREEMENT OF WHAT EXACTLY? SO FOR THE CONVERSATIONS TO DISCUSS THE POSSIBILITY OF THAT SITE, THAT SITE DOES NOT PROVIDE ANYWHERE NEAR THE AMOUNT OF SO THE WAY FACILITIES WORK FOR CHARTER SCHOOLS IS THEY SHOULD BE SIMILAR IN ACRES PER STUDENT AND THAT SITE DOES NOT PROVIDE.

NOT ONLY DOES IT NOT PROVIDE SUFFICIENT ACRES PER STUDENT, IT DOESN'T EVEN MEET CDC GUIDELINES FOR RECOMMENDED SIZE FOR A SITE FOR 900 STUDENTS, WHICH IS WHAT THEY SUGGESTED.

AND ON TOP OF THAT, WE HAVE WELL OVER 1000 STUDENTS AND SO, YOU KNOW, WE WERE OPEN TO CONVERSATIONS AND WE FELT LIKE WE'D NEED TO HAVE WE FELT LIKE AS WE'VE GONE THROUGH THIS PROCESS IN THE PAST WITH THE SCHOOL DISTRICT, WE'VE GONE ACTUALLY THROUGH MANY AGREEMENTS.

I'VE PARTICIPATED IN EVERY ONE OF THOSE CONVERSATIONS AND WE FELT LIKE WE NEED TO COME OUT WITH COMMON LANGUAGE THAT, YOU KNOW, AND THAT WAY, A CONFIDENTIALITY AGREEMENT, WE WOULD AGREE AT WHAT COMES OUT, AT WHAT TIMES TO THE COMMUNITY AND LASD HAD NO INTEREST IN DOING THAT. SO AT THIS POINT, WE'VE, YOU KNOW, WE'VE STOPPED THOSE CONVERSATIONS, BUT WE HAVE NEVER SAID THAT WE WOULD NOT CONTINUE THEM.

OKAY. THAT'S HELPFUL BACKGROUND FOR ME.

WERE THERE ANY REASONS AROUND WHY THEY DID? MAYBE YOU CAN'T SPEAK ON THEIR BEHALF, BUT I DON'T KNOW IF IT'S APPROPRIATE TO LOOP IN THE DISTRICT RIGHT NOW, BUT I WOULD.

I DON'T KNOW WHY THEY HAD CONCERNS ON SPEAKING IN CONFIDENCE.

I'D LOVE TO HEAR THAT PERSPECTIVE.

PRESIDENT BERTA.

IF A REPRESENTATIVE FROM LAST WOULD LIKE TO.

RESPOND? SURE, I'M HAPPY TO.

A MINUTE TO CLICK ON PERHAPS.

THERE WE GO. THANK YOU. I CAN SPEAK ON IT BRIEFLY.

I MEAN, I WOULD SAY THAT AS A SCHOOL BOARD, WE TAKE SERIOUSLY OUR OBLIGATION UNDER THE BROWN ACT TO CONDUCT SERIOUS BUSINESS IN PUBLIC.

AND WE, AT THE END OF THE DAY FROM OUR PERSPECTIVE, BCS OFFERED NO RATIONALE AS TO WHY THOSE DISCUSSIONS NEEDED TO

[01:45:07]

HAPPEN IN PRIVATE AND I THINK OUR BOARD'S INTERPRETATION OF THE BROWN ACT IS THAT OUTSIDE OF A VERY SMALL AND SPECIFIC SET OF CIRCUMSTANCES THAT ALLOW FOR CLOSED SESSION, ESSENTIALLY DISCUSSIONS, THINGS UNDER THE BOARD'S PURVIEW NEED TO BE DISCUSSED IN PUBLIC, AND WE'VE STRIVEN TO DO THAT.

MISS EYRING REFERS TO SOME CONDITIONS IN THE PAST WHEN LAWSUITS WERE ONGOING OR IN THE VERY RECENT REAR VIEW MIRROR, WHERE THERE WAS MEDIATION AND THEN CONFIDENTIAL DISCUSSIONS WERE HELD, SORT OF AS A SEQUEL TO THAT MEDIATION, TO SORT OF CALM EVERYTHING DOWN AND ENSURE THAT THINGS WEREN'T DIDN'T SHOW UP IN COURT TRANSCRIPTS SHORTLY THEREAFTER.

BUT THE LAST LAWSUIT WAS QUITE A FEW YEARS AGO.

SO I THINK IT'S OUR BOARD'S JUDGMENT THAT THOSE RATIONALES DON'T APPLY ANYMORE, ESPECIALLY WHEN WE'RE TALKING ABOUT ALLOCATION OF SUCH A VALUABLE COMMUNITY ASSET.

THAT'S HELPFUL.

BACKGROUND. I DO HOPE THAT SOMEHOW THAT THOSE CONVERSATIONS CAN CONTINUE, YOU KNOW, AND I DON'T I'M NOT AN EXPERT ON THAT SITE OR BUT YOU KNOW, I THINK THAT AGAIN, TO FRAME WHERE I'M COMING FROM, I THINK THAT THIS IS ONE OF OUR TOP PERFORMING CHARTERS IN THE COUNTY ON MANY DIFFERENT LEVELS.

BUT YOU KNOW, I DO THINK THAT WHY NOT STRIVE, YOU KNOW, TO TAKE IN MORE STUDENTS THAT COULD HAVE AN AMAZING OPPORTUNITY AT YOUR SCHOOL AND ESPECIALLY IN THOSE EARLY YEARS.

SO I HAVE MORE QUESTIONS, BUT I'LL TURN IT TO PRESIDENT BURTON.

THANK YOU. WELL, WE'LL KEEP GOING AND IF WE NEED TO DO ANOTHER ROUND, WE WILL.

TRUSTEE CHON. YEAH.

THANK YOU, PRESIDENT BERTA.

I WANTED TO SAY JUST THANK YOU FOR THE BCS COMMUNITY THAT CAME OUT HERE.

I KNOW A LOT OF YOU GAVE UP YOUR SUMMER DAY TIME TO BE HERE.

OUR STUDENTS AND OUR TEACHERS AND OUR PARENTS.

SO THANK YOU FOR COMING AND GIVING YOUR TIME TO BE HERE.

BUT I DO WANT TO EMPHASIZE AS MUCH AS THE GREAT THINGS THAT WE HEAR ABOUT WHAT GOES ON AT BCS, IT IS OUR RESPONSIBILITY AS AN AUTHORIZER TO MAKE SURE THAT EQUITABLE PRACTICES ARE HAVING AND SO I'M GLAD TO HEAR THE POSITIVE EXPERIENCES OF THE ATTENDEES OF THE SCHOOL.

THAT'S ALWAYS A GOOD THING TO HEAR AS WELL AS THE EDUCATORS.

AS AN TEACHER MYSELF, IT'S ALWAYS GOOD TO HEAR THAT.

BUT I DID HAVE QUESTIONS VERY SIMILAR TO WHAT TRUSTEE SREEKRISHNAN WAS ASKING AND JUST REALLY THIS TRANSPARENCY ON THE ENROLLMENT PROCESS AND THEN SUPERINTENDENT ISRAEL, I BELIEVE, I REMEMBER OUR CONVERSATION WHEN WE TALKED ABOUT THE ATTENDANCE AND THE 10% AND ONE OF THE QUESTIONS I HAD BROUGHT UP BACK THEN WAS WHEN WE THINK ABOUT TEN, 10% AS A PERCENTAGE, IT'S MUCH DIFFERENT WHEN WE THINK ABOUT IT IN NUMBERS, BECAUSE I THINK ONE OF THE QUESTIONS I ASKED WAS ABOUT HOW MANY STUDENTS WERE ENROLLING TAKING OUT KINDERGARTEN, BECAUSE OBVIOUSLY IT'S THE FIRST YEAR.

AND WITH THE OTHER GRADES, YOU KNOW, THAT IT WAS A PRETTY LOW NUMBER.

SO 10% WOULD ESSENTIALLY EQUAL TO ONE STUDENT AND IT'S BEEN A COUPLE OF YEARS SINCE THEN AND I WAS CURIOUS AS TO THE KINDERGARTEN CLASSES OR TK CLASSES THAT HAVE SINCE ENROLLED SINCE THAT BOARD MEETING.

I WOULD BE INTERESTED, AND I'M NOT.

Documentary Record 002213

I'M SURE YOU DON'T HAVE THE NUMBERS MEMORIZED, BUT WHAT IS THE PERCENTAGE THAT WE SAW IN THOSE INCOMING CLASSES? YEAH, GREAT.

I APPRECIATE YOUR QUESTION.

I DON'T HAVE THAT DATA WITH ME NOW.

SO AND I DON'T WANT TO SPEAK OFF CUFF AND SPEAK INAPPROPRIATELY, BUT I THINK THAT SOMETHING WE HAVE SEEN, WHICH IS AN INTERESTING SPACE THAT WE CAN ACKNOWLEDGE, IS WE HAVE SEEN SPECIFICALLY IN SOME OF OUR UPGRADES FIRST GRADE.

SPECIFICALLY, WE ARE BRINGING MORE STUDENTS IN BECAUSE OF THE SHIFT NOW WITH THE TK LAW.

THAT IS HAVING STUDENTS ENROLL AT YOUNGER AGES.

WE MADE THIS SHIFT THIS PAST SCHOOL YEAR TO WE USED TO HAVE COMBINED TK CLASSES.

NOW WE HAVE A SEPARATE TC CLASS.

WHICH DOING THAT HAS SHIFTED THE NUMBER OF PRE K STUDENTS WE HAVE ULTIMATELY RIGHT, THAT ARE COMING IN THROUGH THE SYSTEM, WHICH THEN IMPACTS THE NUMBER OF FIRST GRADE STUDENTS.

SO WE ARE SEEING ENROLLMENT NOW SHIFT WHERE WE ARE ABLE TO ENROLL MORE STUDENTS IN UPPER GRADE LEVELS, FIRST BEING AN EXAMPLE.

SO THAT'S SORT OF A TANGENT, BUT I'D HAVE TO SAY WE'D HAVE TO PULL THAT DATA SPECIFICALLY TO SEE WHAT ENROLLMENT LOOKS LIKE.

WHEN WE PULL WHEN WE BRING IN ROUGHLY AROUND 140 TO 160 STUDENTS EACH SCHOOL YEAR.

SO WE'D HAVE TO LOOK AT THAT BREAKDOWN TO SEE WHAT IT IS BY GRADE LEVEL.

YEAH. I WOULD BE REALLY INTERESTED IF WE COULD GET THAT INFORMATION, WHETHER FROM OUR STAFF OR FROM YOU ALL, TO SEE HOW THAT PERCENTAGE HAS HOPEFULLY RISEN IN THE LAST COUPLE OF YEARS.

COULD I MAKE A COMMENT AROUND OUR OUTREACH EFFORTS? SO IT'S BEEN REALLY CRITICAL TO OUR SCHOOL.

[01:50:01]

Documentary Record 002214

I MEAN, AS YOU'VE HEARD, WE TRULY DO BELIEVE IN EDUCATING ALL CHILDREN TO OUR BEST OF OUR ABILITY.

IN PREVIOUS YEARS, WE DID MUCH OF THAT OUTREACH WITH PARENT VOLUNTEERS, AND WE RECOGNIZED ABOUT 2 OR 3 YEARS AGO THE IMPORTANCE OF ACTUALLY HAVING A STAFF MEMBER AND VERONICA SPOKE TO YOU, AND WE FOUND THAT HAS MADE A HUGE DIFFERENCE BECAUSE NOT ONLY IS SHE HELPING WITH THE OUTREACH, BUT SHE'S WORKING WITH THOSE FAMILIES AFTER THEY ARRIVE TO ENSURE THAT WE DON'T MISS A BEAT WITH THOSE KIDS, THAT WE ENSURE THAT THEY'RE GETTING EVERYTHING THAT THEY NEED.

THAT'S GREAT AND THEN THAT ACTUALLY KIND OF LEADS INTO MY SECOND QUESTION, IF THAT'S OKAY, ABOUT CONTINUALLY SUPPORTING OUR SPECIAL EDUCATION STUDENTS AND OUR STUDENTS WITH DISABILITIES AND FREE AND REDUCED LUNCH AT AT BCS, ARE STUDENTS BEING PROVIDED WITH EQUITABLE OPPORTUNITIES FOR ALL CIRCUMSTANCES AND WHAT KIND OF SUPPORTS ARE BEING GIVEN AND ON THE DAY TO DAY? WELL, I SHOULDN'T SAY DAY TO DAY, BUT AT SCHOOL.

I THINK MAUREEN CAN ALSO ADD IN TO THIS.

BUT THERE ARE SOME THINGS THAT HAVE CHANGED.

I MEAN, AS SOMEBODY WHO IS WORKING IN OFTEN TWO JOBS I MENTIONED IN MY.

IT'S REALLY IMPORTANT TO HAVE AFTER SCHOOL PROGRAMING THAT IS NOT PAID FOR, THAT YOU CAN LEAVE YOUR CHILD THERE AND BE ABLE TO WORK.

I WOULD SAY THAT OUR GROUPS OF FRIENDS ARE VERY, I THINK, VERY SOCIOECONOMICALLY DIVERSE AND THAT EVERYONE IS EMBRACED. THERE ARE MORE THAN 27 LANGUAGES AND DIFFERENT.

I KNOW IT'S NOT JUST ABOUT RACIAL DIVERSITY OR ETHNIC DIVERSITY, BUT I CAN SPEAK AS SOMEBODY WHO DOES NOT MAYBE FIT THE STEREOTYPE OF WHAT A TYPICAL BLISS, WHAT PEOPLE THINK OF AS A TYPICAL BLISS PARENT, AS A SINGLE PARENT WITH NO FAMILY AROUND, IT IS A STRUGGLE TO BE ABLE TO TAKE CARE OF MY CHILD AND MAKE SURE THAT HE GETS TO SCHOOL AND HE I MEAN, LIKE THE OTHER PARENT THAT SPOKE EARLIER, HE JUST LIKES TO BE THERE AND I THINK I WOULD SAY THAT IN ADDITION TO THE SCHOOL ITSELF BEING A SUPPORTIVE PLACE FOR HIM, AS SOMEONE WHO MAYBE DOESN'T LOOK LIKE EVERYBODY ELSE AROUND IN THIS NEIGHBORHOOD HE LOVES BEING AROUND THE COMMUNITY AND HAS REALLY BEEN ABLE TO MAKE, I THINK, LIFE LONG FRIENDS WHERE THE PARENTS ARE ALSO PITCHING IN AND MAKING SURE THAT HE'S SAFE AND THAT HE FEELS INCLUDED.

AND THE SAME GOES FOR EVERYONE.

ALL THE PARENTS THERE, IN MY EXPERIENCE, TREAT THEIR KIDS LIKE THEY'RE OUR KIDS AND I THINK IN TERMS OF DATA, MAUREEN MIGHT HAVE MORE TO ADD.

TRUSTEE CHON, CAN YOU SAY YOUR QUESTION ONE MORE TIME SO I MAKE SURE I ADDRESS IT? YEAH IT'S JUST FROM SINCE WE DID THE ATTENDANCE.

THE. YEAH. MEETING PREFERENCE.

YEAH. WHEN WE HAD CHANGED THOSE PREFERENCES BACK IN, I THINK IT WAS 2021, 2000 AROUND THAT TIME, A COUPLE YEARS AGO.

WE'VE HAD KINDERGARTEN AND TK CLASSES START SINCE THEN.

SO I WOULD BE CURIOUS TO SEE WHAT THE PERCENTAGES WERE OF THE FREE AND REDUCED LUNCH AND STUDENTS WITH DISABILITIES AND AND I UNDERSTAND THAT YOU WANT.

SURE. YOUR SECOND QUESTION WAS AROUND THE SUPPORTS THEY GET.

YES. THE SUPPORTS THAT ARE GIVEN FOR OUR STUDENTS THAT ARE ADMITTED.

YEAH, I CAN SPEAK TO THAT IN A FEW DIFFERENT WAYS AND I'LL ACTUALLY POINT TO A FEW FOLKS SITTING IN THIS AUDIENCE.

IF YOU'RE A STAFF, CAN YOU RAISE YOUR HAND FOR ME? THIS IS PRETTY COOL. ON JULY 17TH TO SEE YOU ALL.

THANK YOU FOR BEING HERE.

WE'VE GOT SPECIAL. I'M LOOKING AT THE CROWD OF WHO I SEE.

WE'VE GOT A DIRECTOR OF SPECIAL EDUCATION HERE.

WE'VE GOT OTHER MEMBERS OF THE SPECIAL EDUCATION TEAM HERE.

OUR PRINCIPALS, PRINCIPALS.

RAISE YOUR HANDS FOR ME. THERE, THERE.

I'M POINTING TO YOU SPECIFICALLY BECAUSE WE TALK A LOT ABOUT THIS DATA, RIGHT? LIKE WHEN I THINK ABOUT HOW WE SPEND OUR TIME, LIKE, I AM AN EDUCATOR AT MY CORE, I STARTED IN TEACHING A MIDDLE SCHOOL CLASS, SEVENTH GRADE.

Documentary Record 002216

RIGHT. THIS IS THIS IS WHAT WE DO IS HOW ARE WE SUPPORTING KIDS? YOU GET IT? FOR THOSE OF YOU WHO'VE BEEN EDUCATORS, YOU GET IT AS MEMBERS OF THIS BOARD, THIS IS WHAT YOU'RE TASKED WITH.

IT'S WHAT I'M TASKED WITH IS WHAT ARE WE ACTUALLY DOING TO MAKE SURE KIDS ARE GETTING WHAT THEY NEED? AND I CALL OUT THESE PEOPLE AND POINT TO THESE INDIVIDUALS, THOSE WHO TEACH.

WE'VE GOT SOME FOLKS WHO TEACH SPECIFICALLY IN SUPPORT OUR ELL LEARNERS HERE AS WELL IN SMALL GROUP.

PULLOUTS. YEP. THANKS.

LIKE THIS IS PRIORITY FOR US, RIGHT? WHEN WE SPEND TIME LOOKING AT DATA, WE BUILT IN DATA DAYS TO OUR CALENDAR TWO YEARS AGO.

THIS IS WHAT WE'RE DOING, IS WE'RE DIVING INTO THE DATA TO SEE WHAT DO ALL OF OUR STUDENTS NEED.

WHAT IS OUR GROWTH LOOK LIKE? MY IDEAL WORLD IS THAT I'M SHARING THIS GROWTH DATA WITH YOU ALL ABOUT OUR PERFORMANCE DATA.

IT'S FANTASTIC.

IT'S NOT WHERE WE WANT TO BE.

THE STAFF HAS HEARD ME TALK ABOUT WHERE WE WANT TO BE, AND IT'S EVERY SINGLE KID IS MEETING THOSE EXPECTATIONS, HANDS DOWN.

SO THIS IS WHY I DO THE WORK.

[01:55:02]

IT'S MAKING SURE THAT WE ARE FINDING WAYS TO SUPPORT OUR ELS, OUR FRPM'S OUR SPECIAL EDUCATION STUDENTS.

LIKE THIS IS WHY I'M IN IT AND I DEEPLY BELIEVE THAT EVERY MEMBER OF MY TEAM IS HERE FOR THE SAME REASON WE SHARE THAT SAME MINDSET.

IT IS HARD WORK AND WE SHOW UP EVERY DAY.

FOR THOSE REASONS, WE EXPANDED OUR TK PROGRAM TO FULL DAY TO MEET PARENT NEEDS.

THAT WAS A CALL WE HEARD FROM OUR COMMUNITY AND WE SAID, LET'S DO THAT.

WE KNOW THAT'S GOING TO BE NECESSARY.

Documentary Record 002217

WE'RE EXPANDING OUR AFTER SCHOOL PROGRAM NEXT YEAR TO RUN IN DIFFERENT WAYS AS WELL.

WE'VE BUILT THAT IN SO WE CAN PROVIDE ACCESS FOR FAMILIES WHO CAN'T AFFORD THAT SCALED STRUCTURES THAT WE'RE WORKING ON AND THEN I WILL JUST SHOUT OUT VERONICA AS WELL, WHO'S DONE INCREDIBLE WORK IN ADVOCATING CONSISTENTLY FOR FAMILY VOICES.

SHE IS CALLING FAMILIES CONSISTENTLY ALL SUMMER, ALL YEAR.

SHE HAS THE PULSE OF WHAT'S GOING ON AND MAKING SURE THAT WE'RE NOT MISSING VOICES.

SO IS THERE WORK TO BE DONE? THERE ALWAYS IS WORK TO BE DONE, UNFORTUNATELY.

RIGHT. THAT'S WHY WE ARE IN THESE POSITIONS IS BECAUSE THERE IS A CONSISTENT NEED TO DO BETTER IN OUR SCHOOLS AND I BELIEVE DEEPLY IN THE WORK OUR TEAM IS DOING TO EVERY DAY SHOW UP AND SAY, WHAT CAN WE DO BETTER? THANK YOU. AND THEN I JUST WANTED TO I'LL SAVE MY NEXT QUESTION.

BUT I DID ALSO WANT TO JUST ECHO THE CONCERNS ABOUT, YOU KNOW, DOING A CONFIDENTIALITY AGREEMENT IN REGARDS TO NEGOTIATIONS OF A SITE.

LA USE, AS WELL AS THIS BOARD ARE PUBLIC ENTITIES AND SO WE NEED TO MAKE SURE THAT INFORMATION IS TRANSPARENT TO THE PUBLIC AND SO I WOULD REALLY URGE BOTH BOARDS TO BE ABLE TO HOPEFULLY BE ABLE TO ENGAGE IN THAT CONVERSATION IN A TRANSPARENT WAY FOR THE PUBLIC AS WELL AS FOR THIS BOARD.

DEFINITELY. THE TO BRIAN MADE A POINT THAT WE WOULD BE VIOLATING THE BROWN ACT.

THAT IS NOT TRUE. WE'VE ONLY WORKED IN SUB QUORUMS OF THE TWO BOARDS SO THAT WE CAN HAVE THOSE CONVERSATIONS. BUT IT'S VERY HARD TO WORK OUT A HARD NEGOTIATION WITHOUT HAVING SOME, YOU KNOW, CONVERSATIONS TO, YOU KNOW, VET INTERESTS, AND THE LAST THING YOU WANT TO DO IS TO THROW OUT SOME IDEAS AND HAVE SOMEBODY GO PUBLIC IMMEDIATELY.

YOU REALLY WANT TO GO PUBLIC AS A GROUP AND THAT'S WHAT WE FELT LIKE IS NECESSARY.

IT ISN'T THAT WE AREN'T OPEN TO SHARING INFORMATION, BUT WE WANT TO SHARE IT AS AN AGREED UPON MESSAGE.

Documentary Record 002218

AS AND OBVIOUSLY, AT THE END OF THE DAY, A PUBLIC MEETING WOULD MAKE THE DECISIONS AROUND THAT AND, YOU KNOW, WE'RE VERY OPEN TO CONTINUING CONVERSATIONS.

MOVING DOWN THE LINE VICE PRESIDENT ROCHA DO YOU WANT TO TRUSTEE DI SALVO WAS FIRST.

OKAY. WE WERE JUST GOING DOWN THE LINE.

BUT GO AHEAD. IF YOU WOULD PREFER TO SWAP, THAT'S FINE TOO.

OKAY. THANK YOU.

I DID HAVE A FEW QUESTIONS, AND IT'S MAINLY FOR THE BULLETS.

REPRESENTATIVES AND PLEASE BEAR WITH ME.

AS YOU KNOW, NEW TO THIS EXPERIENCE AS A NEW PERSON ON THIS BOARD AND SEEING THESE RENEWALS STARTING TO COME THROUGH.

SO IN TERMS OF PAST PRACTICES, PAST NORMS, THESE ARE TYPICALLY HANDLED.

WHAT QUESTIONS ARE FAIR GAME? WHAT QUESTIONS ARE NOT I'M NOT GOING TO BE WELL VERSED IN THAT.

SO I'M JUST GOING TO ASK SOME QUESTIONS THAT, YOU KNOW, FOR ME, I'VE BEEN THINKING ABOUT WHEN I WAS LOOKING THROUGH THE PETITION AND ALSO HEARING THE TESTIMONY AND I WANT TO JOIN TRUSTEE CHON IN THANKING ALL THE BULLIS REPRESENTATIVES, STAFF AND FAMILIES FOR TAKING TIME TO COME DOWN HERE.

IT'S VERY HELPFUL TO HEAR FROM YOU WHAT YOUR PERSONAL EXPERIENCE IS.

SO AND IT MAY BE THE PETITION WAS ALMOST 600 PAGES LONG, AND WHILE IT MAY OR MAY NOT BE IN THERE, I THINK IT'S ALSO BENEFICIAL FOR THE PUBLIC IN SOME OF THESE QUESTIONS, EVEN THOUGH IT MAY BE THERE TO HEAR SOME OF THESE PARTICULAR ANSWERS AND THAT'S RELATED TO HOW YOU ACCEPT STUDENTS.

MAYBE THAT'S NOT THE RIGHT WORD.

THE LOTTERY SYSTEM HOW STUDENTS ARE SELECTED.

COULD I PLEASE KIND OF GET A BRIEF EXPLANATION OF HOW THE STUDENT POPULATION ENDS UP AT BULLIS VERSUS THOSE? AND THEN ALSO A QUESTION AS TO HOW MANY APPLICATIONS OR REQUESTS DO YOU GET ANNUALLY AND HOW MANY ARE TURNED AWAY.

Documentary Record 002219

SO FOR ME, THAT'S AN IMPORTANT POINT FOR ME JUST TO UNDERSTAND MORE OF YOUR OPERATIONS, IF YOU DON'T MIND, PLEASE.

SORRY. IT'S BLINKING NOW.

IT'S GREEN. [INAUDIBLE]. MY APOLOGIES.

YEAH. OUR PROCESS IS WE ARE AN OPEN ENROLLMENT, SO THERE IS THE NEED TO FILL OUT ENROLLMENT PAPERWORK THAT HAPPENS THROUGH A PLATFORM CALLED SCHOOLMANS IT'S A FAIRLY COMMON PLATFORM THAT MANY CHARTER SCHOOLS UTILIZE.

WHAT'S BUILT INTO THAT ARE THE PREFERENCES THAT WE HAVE AND SO ALL APPLICANTS WHO WE SET OUR ENROLLMENT WINDOW, IT'S TYPICALLY SOMEWHERE IN THE RANGE OF NOVEMBER TO FEBRUARY AND THEN ALL APPLICANTS, ANYONE WHO'S FILLED OUT AN APPLICATION UP TO THAT POINT IS ENTERED INTO OUR PUBLIC LOTTERY.

[02:00:06]

THOSE APPLICATIONS ARE VERY BASIC.

THERE'S NOT THINGS WE CAN ASK AROUND.

DISABILITY, RACIAL IDENTITY, NONE OF THOSE THINGS.

IT'S JUST. WHERE DO YOU LIVE AND WHAT GRADE IS YOUR STUDENT GOING INTO? ON THE DATE THAT HAS BEEN PREDETERMINED AND SHARED IS THE PUBLIC LOTTERY.

THAT IS A VERY ANTI-CLIMATIC TIME BECAUSE IT'S ALL SYSTEMIZED.

IT'S RUN BY THE SCHOOL PLATFORM AND SO IT TAKES THOSE PREFERENCES AND THEN BASED ON WHAT APPLICANTS HAVE PUT IN THE INFORMATION THEY'VE SHARED, IT RANDOMIZES THEM.

AND THEN IT SPITS OUT THE LOTTERY LIST.

SO LET'S SAY, FOR EXAMPLE, YOU HAVE 100 STUDENTS WHO'VE APPLIED TO A GRADE LEVEL AND YOU'RE ACCEPTING, YOU KNOW, TEN STUDENTS WE PUT IN RIGHT NOW.

WE KNOW THERE'S TEN OPENINGS.

WE HIT GO, AND IT RANDOMIZES THOSE 100 BASED ON THE LOTTERY PREFERENCES THAT THEY QUALIFY FOR AND THEN THOSE FIRST TEN ARE THE ONES WE ADMIT AND THEN AS THINGS SHIFT, IF MORE OPENINGS BECOME AVAILABLE OR WHATNOT, WE CONTINUE MOVING DOWN THE LIST.

THANK YOU AND THOSE PREFERENCES ARE THOSE ADJUSTED BASED UPON WHAT YOUR STUDENT POPULATION CURRENTLY REPRESENTS.

LET'S JUST SAY IF IT'S HIGH IN A CERTAIN ETHNICITY, IS THAT ADJUSTED IN THE PREFERENCES OR IT'S A STANDARD PREFERENCE FROM OPENING DAY TO WHATEVER? YEAH. THE STANDARD PREFERENCE IS APPROVED BY YOU ALL AS PART OF THE OUR PETITION AND SO THE STANDARD PREFERENCES ARE THINGS LIVING IN THE DISTRICT QUALIFYING FOR FRPM HAVING A SIBLING, THERE'S A LIST OF PREFERENCES THAT INDIVIDUALS WHO QUALIFY OR STUDENTS WHO QUALIFY BASED ON THOSE PREFERENCES.

THAT'S HOW THEY PRIORITIZE. WE CANNOT ASK QUESTIONS ON RACE, ETHNICITY, DISABILITY, ANY OF THOSE ITEMS. UNDERSTOOD. YEAH.

THANK YOU. SO THEN.

WELL, ALL RIGHT, I'LL LEAVE THAT ONE ALONE FOR A LITTLE BIT AND MAYBE COME BACK TO IT LATER.

I DID HAVE A QUESTION IN YOUR PRESENTATION.

YOU USED THE WORD HIGH ACHIEVEMENT OFTEN, AND THAT'S VERY GREAT AND I CAN TELL THAT EVERYBODY'S EXCITED ABOUT IT.

AND THAT'S VERY IMPORTANT TO EVERYBODY.

I'M SURE YOU AS AN EDUCATOR AND THE FAMILIES AND THE STUDENTS AS WELL.

BUT WHAT ABOUT THOSE STUDENTS WHO AREN'T HIGH QUALIFY OR FALL INTO THAT HIGH ACHIEVEMENT WORD? AND WHAT'S THEIR EXPERIENCE AT THE SCHOOL? BECAUSE, YOU KNOW, I CAN TALK ABOUT MY PERSONAL EXPERIENCE THROUGH PUBLIC EDUCATION WITH ME, MY CHILDREN, OR IN MY PREVIOUS ROLE ON THE CAMBRIDGE SCHOOL DISTRICT.

NOT EVERY STUDENT IS IN THE HIGH ACHIEVEMENT ONE, AND THEY MAY NEVER BE IN THAT PARTICULAR ONE.

EVERY STUDENT IS DIFFERENT IN TERMS OF HOW THEY LEARN AND AND THEIR CAPACITY.

SO CAN YOU PLEASE SPEAK A LITTLE BIT ABOUT THOSE STUDENTS THAT AREN'T THE ONES THAT WE TALK ABOUT IN TERMS OF THE AWARDS? YEAH, I, I CAN'T SPEAK ON THEIR BEHALF, BUT I CAN SPEAK ABOUT HOW WE THINK AND ENSURE THAT WE'RE SUPPORTING ALL KIDS.

YOU HEARD THE WORD ALL USED A LOT, AND WE DON'T USE THAT LIGHTLY.

IT IS PART OF HOW WE OPERATE THIS TEAM AND THIS STAFF.

YOU KNOW, THE WORK THAT WE'VE DONE AROUND THIS, WE TALK ABOUT THE 7%.

WE TALK ABOUT THOSE 7% THAT AREN'T REPRESENTED IN THE 93% THAT ARE PERFORMING ON [INAUDIBLE].

THAT IS THE DATA THAT WE ZONE IN ON.

WHAT ARE WE DOING TO ENSURE THAT THEIR EXPERIENCE MEANS THAT THEY ALSO ARE REACHING THOSE LEVELS OF ACHIEVEMENT WE WANT TO SEE.

WE HAD A DAY TO DAY WHERE WE SAT DOWN AND LOOKED THROUGH, AND YOU GUYS BUILT OUT AND LOOKED AT THE CONNECTION SURVEY.

WHAT'S HAPPENING WITH OUR KIDS? ARE THEY FEELING CONNECTED? ARE THEY GETTING WHAT THEY NEED IN CLASSROOMS? WHAT'S THE INTERSECTION, WHAT'S HAPPENING ACADEMICALLY, AND WHAT DOES THAT MEAN AS FAR AS WHAT STUDENTS ARE PERCEIVING THEMSELVES AS HAPPENING? WE LOOK AT OUR STUDENT SURVEY DATA.

WHAT DOES THAT TELL US? WHO MIGHT BE WHOSE VOICES ARE MISSED.

SO THAT'S REALLY IMPORTANT FOR US TO MAKE SURE WE'RE CONSISTENTLY CONSIDERING THOSE STUDENTS WHO MIGHT NOT FALL IN THAT TIER OF OF HAVING THOSE THOSE TOP LEVELS OF PERFORMANCE ON THE STATE ASSESSMENT.

BUT SUCCESS LOOKS DIFFERENT TOO, RIGHT? WE ARE OBLIGATED AS A PUBLIC ENTITY TO SHARE SUCCESS THROUGH THE MEANS AND ARE HELD ACCOUNTABLE THROUGH THE MEANS OF A STATE ASSESSMENT AND I KNOW I SPEAK FOR MANY OF US AT THE SCHOOL, THAT SUCCESS DOESN'T JUST LOOK LIKE A NUMBER ON ONE TEST THAT YOU TAKE ONE TIME.

IT IS THE CURRENCY WE ARE WE HAVE TO DEAL WITH WHEN WE TALK ABOUT THINGS LIKE RENEWAL AND WHEN WE PRESENT NUMBERS PUBLICLY.

BUT SUCCESS CAN MEAN AND LOOK LIKE A LOT OF DIFFERENT THINGS BESIDES A TEST AND SO THAT DEFINITELY IS A MINDSET THAT WE ENSURE THAT WE BRING TO THE TABLE EVERY DAY.

THANK YOU AND THEN MY LAST TWO QUESTIONS AND I'LL STOP THERE.

A NUMBER OF THEM WERE ALREADY ADDRESSED.

Documentary Record 002222

YOU COULD WAIT FOR THEM MAYBE IN THE NEXT ROUND.

OH, SURE. QUESTIONS? SO EVERYONE GETS A CHANCE TO SPEAK.

THANK YOU. TRUSTEE.

DI SALVO. THANK YOU VERY MUCH.

PRESIDENT BERTA AND LIKE MY COLLEAGUES, I WANT TO THANK ALL THOSE WHO CAME TONIGHT TO GIVE THEIR TESTIMONY ABOUT BULLIS CHARTER SCHOOL, PARTICULARLY THE CHILDREN.

SO THANK YOU FOR ENLIGHTENING AND INSPIRING ME BY YOUR WORDS ABOUT EDUCATION.

BEFORE I ASK MY QUESTION, JUST A COMMENT THAT WE HAVE A CRISIS IN OUR PUBLIC SCHOOL SYSTEM.

WE HAVE CHRONIC ABSENTEEISM IS THE HIGHEST IT'S EVER BEEN.

YOU HAVE STUDENTS THAT WANT TO ATTEND BECAUSE THEY HAVE AN OPPORTUNITY TO THRIVE WITHIN THE INSTRUCTIONAL ENVIRONMENT YOU'VE CREATED OVER THE YEARS.

[02:05:04]

SO TO THAT, I SAY CONGRATULATIONS, AND I HOPE YOUR MODEL CAN SHOW OTHERS THROUGHOUT OUR COUNTY, PARTICULARLY, THAT THERE'S OTHER WAYS TO MAKE SURE THAT STUDENTS THRIVE AND WANT TO COME TO SCHOOL, NOT STAY HOME.

SO WITH THAT AS A BACKDROP, LET ME ALSO SAY AS A BACKDROP THAT I WAS CHAIR OF THE BOARD DURING ONE OF THE RENEWAL MEETINGS AND I MET WITH HUNDREDS OF PEOPLE, INCLUDING I WENT WITH TRUSTEE MAH TO MEETINGS IN LOS ALTOS TO TRY TO BROKER THE DIVIDE THAT EXISTED BETWEEN NEIGHBORS THAT LIVE ON THE SAME STREET, WHO WON'T TALK TO EACH OTHER ANYMORE, WHOSE CHILDREN DON'T PLAY TOGETHER ANYMORE.

BECAUSE OF THIS DIVIDE BETWEEN BULLIS AND LOS ALTOS SCHOOL DISTRICT.

SO HERE'S MY QUESTION AND I HAVE MANY, BUT I'M ONLY GOING TO ASK ONE.

AND SO I WOULD LIKE MY STAFF, THE SUPERINTENDENT STAFF, TO OPINE.

I'D LIKE THE BOARD TO OPINE, I'D LIKE THE LOS ALTOS BOARD PRESIDENT TO OPINE. MY ONLY QUESTION.

IF THERE WAS A MATERIAL REVISION TO IF THIS BOARD DECIDES TO APPROVE BULLETS FOR SEVEN YEARS, WHAT IS THE ONE MATERIAL REVISION THAT WOULD REDUCE THE DIVIDE THAT I FEEL GUILTY ABOUT? I FELT GUILTY ABOUT IT EVERY TIME I VOTED ON THIS, BECAUSE IT JUST DOESN'T SEEM RIGHT TO HAVE A COMMUNITY DIVIDED BY A SCHOOL WHOSE STUDENTS THRIVE. IN FACT, YOUR STUDENTS IN LOS ALTOS ELEMENTARY THRIVE.

SO EVERYBODY PROBABLY FOR THE MOST PART, IS THRIVING AND THERE'S STILL THIS FEUDING.

SO THAT'S MY QUESTION.

WOULD YOU OPINE, PLEASE, ABOUT WHAT? NUMBER ONE, IF THERE WAS A MATERIAL REVISION THAT WOULD IMPROVE THE DIVIDE THAT EXISTS.

IT HAS EXISTED SINCE YOUR INCEPTION IN 2004, AND IT EXISTS, I'M SURE, TONIGHT.

SO THANK YOU. THAT'S ALL.

YEAH, I ACTUALLY DON'T KNOW IF I FEEL EQUIPPED TO ANSWER THAT BECAUSE I AGREE.

I DON'T THINK WE WANT TO DIVIDE.

I MAYBE SOMEBODY FROM LASD WOULD WANT TO START.

AM I, OKAY SINCE I HAVEN'T BEEN VISITED I HAVEN'T VISITED THERE FOR 3 OR 4 YEARS.

IS THERE STILL A DIVIDE? MAYBE THERE'S NOT. OH, YES AND I THINK WE'VE MADE STRIDES, BUT YEAH, THERE'S I MEAN, THERE'S STILL A DIVIDE, RIGHT? WE'RE STILL IN A SITUATION WHERE YOU'RE HEARING FROM.

SO THEN MY QUESTION IS RELEVANT AND I HOPE SOME OF YOU COULD ANSWER IT.

YEAH. I DON'T KNOW IF I FEEL EQUIPPED TO.

I DON'T WANT THERE TO BE A DIVIDE.

I THINK WE ALL SHARE THE SAME DESIRE WHICH IS SUPPORTING CHILDREN.

I THINK THERE'S.

YEAH. SO I WOULD BE INTERESTED TO HEAR OTHERWISE, BUT I THINK WE ALL I, WE COME TO THE TABLE, I COME TO THE TABLE IN WANTING TO SERVE KIDS AND THAT'S ALL KIDS IN THE COMMUNITY.

COULD IT BE FINDING A WAY TO USE THE ELEMENTARY SCHOOL THAT'S BEEN BUILT? THAT WE HEARD DISCUSSED TONIGHT? THAT MIGHT BE WHAT THAT LASD NEEDS AGAIN, I DON'T KNOW.

I MEAN, AS WE SHARED, WE'VE BEEN OPEN TO THOSE CONVERSATIONS AND EXPLORING THEM, WHICH I THINK IS A BIG STEP FORWARD FOR US TO BE ABLE TO ENGAGE IN THAT WAY.

I WILL SPEAK THAT I'VE HAD GREAT CONVERSATIONS WITH THE SUPERINTENDENT LASD OF WAYS THAT WE CAN COLLABORATE.

I REALLY APPRECIATE HER AS A LEADER, AND I THINK ON THE GROUND, I KNOW OUR STAFF INTERACT VERY WELL TOGETHER.

WE HAVE TO AS SHARED FACILITIES AND SO I THINK IN THE DAY TO DAY WE FUNCTION QUITE WELL AND THEN WHEN WE LAYER ON POLITICS AND HISTORY, THINGS BECOME MORE COMPLICATED AND THE ANSWER FROM LASD MIGHT BE THAT BUILDING WOULD BE THE THING AND FOR US, I THINK WE'RE SORT OF STUCK.

ANYBODY ELSE? THANK YOU FOR THAT.

ANYBODY ELSE? MY UNDERSTANDING IS THAT THE PETITION IS THE PETITION AND AS SOMEBODY WHO IS DEDICATED TO SOCIAL JUSTICE AND EQUITY, IT IS REALLY A VALUE TO ME TO MAKE SURE THAT EVERYONE I MEAN, I RAN OUT OF TIME IN MY ONE MINUTE, BUT MY CLOSING COMMENT WAS THAT I WOULD LOVE TO SEE ALL CHILDREN HAVE ACCESS TO THE KIND OF COMMUNITY THAT I'VE BEEN ABLE TO BENEFIT FROM, AND I'M NOT SURE ABOUT WHETHER THE DIVIDE IS THERE.

I HAVE HAD TALKS WITH MY NEIGHBORS AND SOME FOLKS HAVE SAID EVEN FOLKS WHO SENT THEIR KIDS TO BULLIS SAID, HOW COULD THERE IS? THERE'S SOME DIVIDE THAT I MAY NOT EVEN REALLY UNDERSTAND.

AS SOMEONE WHO'S ONLY BEEN THERE FOR FIVE YEARS, AND I CAN SAY THAT MY CHILD IS INVOLVED IN ALL KINDS OF HE MENTIONED THAT HE'S INVOLVED IN LOS ALTOS SPORTS.

[02:10:02]

HE HAS A FRIEND CIRCLE THAT PRIMARILY IS IN HIS SCHOOL, BUT HAS MADE REALLY GREAT FRIENDS WITH CHILDREN WHO ARE IN ALL OF THE LOS ALTOS SCHOOLS AS WELL.

SO HE OUR EXPERIENCE IS THAT WE ARE FRIENDS.

I COULD JUST ADD THAT MY CHILDREN WENT THROUGH DURING THE TIMES WHEN THERE WAS A LOT OF ANIMOSITY BETWEEN THE TWO AND I DEFINITELY SEE THAT HAVING MUCH BETTER TODAY.

I MEAN, WE'RE ON CAMPUSES.

WE'RE, YOU KNOW, OUR STAFF WORK WONDERFULLY TOGETHER.

THEY WORK OUT SCHEDULES THEY'RE, YOU KNOW, SUPPORTIVE OF EACH OTHER.

IF ONE OF THE SCHOOLS NEEDS USE OF THE GYM, THEY LET THE OTHER SCHOOL USE IT.

IF THEY IF IT DOESN'T IMPACT THEIR SCHEDULE.

WHEREAS MY SON FELT THAT WITH PEOPLE IN THE COMMUNITY THAT ACTUALLY HARASSED HIM FOR ATTENDING BULLIS CHARTER SCHOOL, I'M VERY HAPPY TO SAY THAT I DON'T SEE THAT TODAY.

I'M VERY HAPPY THAT THE STUDENTS THAT YOU SAW HERE ARE HAPPY, AND THEY REALLY, I THINK, ARE FOR THE MOST PART OBLIVIOUS TO THE POLITICAL PIECE.

I APPRECIATE HEARING WHAT I'M HEARING.

SO THANK YOU. IS THERE ANY WOULD YOU PLEASE.

THANK YOU. YEAH.

IF I COULD OFFER SOME BRIEF COMMENTS, I WOULD SAY HAVING LIVED IN LOS ALTOS SINCE 2006, THE WORST OF THE DIVIDE HAS ALWAYS OCCURRED AS PART OF THE PROP 39 FACILITIES ALLOCATION PROCESS.

BECAUSE THAT BASICALLY REQUIRES VCS TO COME FORWARD IN A VERY BUREAUCRATIC WAY AND SAY WHERE THEY WOULD LIKE TO BE PLACED AND BASICALLY EVERY TIME THAT HAPPENED BECAUSE OF THE STRUCTURE OF IT, THEY WOULD HAVE TO REQUEST ASSIGNMENT TO AN EXISTING ELEMENTARY SCHOOL AND OBVIOUSLY THAT WOULD INFLAME THE PARENTS OF THAT ELEMENTARY SCHOOL AND ALLEGATIONS WOULD GET THROWN BACK AND FORTH, AND IT WOULD GET VERY BAD.

THINGS HAVE BEEN MUCH BETTER LATELY, IN PART BECAUSE OUR TWO BOARDS HAVE BEEN ABLE TO COME TO AGREEMENTS FOR FACILITY PLACEMENT AT OUR SHARED JUNIOR HIGH SCHOOLS.

ONE OF THE THINGS THAT WE ARE FACING IS THAT DUE TO ENROLLMENT DECLINES, WHICH WE KNOW EVERYONE ACROSS THE COUNTY IS EXPERIENCING, WE ONLY HAVE TWO CLASSROOMS OF SIXTH GRADERS AT OUR ELEMENTARY SCHOOLS, WHERE ONE

OF THE FEW DISTRICTS THAT HAS K SIX ELEMENTARY SCHOOLS AND THEN SEVEN EIGHT JUNIOR HIGH SCHOOLS.

AND LOOKING AT OUR EDUCATIONAL PROGRAM, WE REALLY NEED TO MAKE THOSE SIX EIGHT PROGRAMS IN THE FUTURE, BECAUSE THE SPECIALIZED TEACHING IS VERY DIFFICULT TO DO WITH TWO SIXTH GRADE TEACHERS AND JUST TWO CLASSROOMS, AND OUR JUNIOR HIGHS ARE SHRINKING AS WELL, OBVIOUSLY, AND WE WANT TO BE ABLE TO OFFER ALL THE THINGS THERE.

SO THE PLACEMENT, WHICH HAS BEEN STABLE AND AMICABLE FOR A LONG TIME NOW, IS PROBABLY NOT GOING TO WORK FOR OUR EDUCATIONAL PROGRAM BECAUSE WE HAVE RIGHT NOW, I THINK, 1200 STUDENTS ON OUR JUNIOR HIGH CAMPUS BETWEEN OUR PROGRAM AND THE MAJORITY OF BCS KIDS AND WE'RE JUST GOING TO NEED TO COME UP WITH AN ALTERNATIVE DISCUSSION.

SO TO ANSWER YOUR EARLIER QUESTION, IF WE COULD COME UP WITH A MATERIAL REVISION OR SOME KIND OF DOCUMENT, THE ONE THING IS FOR US TO COME UP WITH A LONG TERM PLAN FOR FACILITIES PLACEMENT THAT WILL WORK FOR BOTH OF US AND RIGHT NOW, UNFORTUNATELY, WE DON'T HAVE AN AGREEMENT THAT LASTS PAST THE END OF THIS COMING SCHOOL YEAR.

SO THE PROP 39 PROCESS IS SLATED TO START AGAIN AND I'M REALLY HOPEFUL THAT AS PART OF THIS RENEWAL PROCESS, WE CAN COME TO AN AGREEMENT WITH BCS THAT WILL INCLUDE THAT WHICH I THINK BOTH, AS I STATED IN MY COMMENTS EARLIER, WILL SOLVE SOME OF THE ISSUES FROM THE NOTICE OF CONCERN AND WILL ALSO ENSURE THAT THIS WAR DOESN'T BREAK OUT AGAIN IN THE COURSE OF THE PROP 39 PROCESS THAT WOULD OTHERWISE HAVE TO RUN IN THE FALL.

THANK YOU SO MUCH, AND THANK YOU FOR ALL THOSE WHO'VE WORKED ON REDUCING THE DIVIDE AND INCREASING THE NEIGHBORLY COLLABORATION THAT SHOULD GO ON IN ANY COMMUNITY, ESPECIALLY ONE LIKE YOURS.

DID THE STAFF WANT TO SAY ANYTHING? ESSENTIALLY, WE'RE THE AUTHORIZER AND SO I REALLY CAN'T SPEAK TO THE ISSUE.

OUR JOB IS TO MONITOR AND OVERSEE THE SCHOOL AND THEIR COMPLIANCE AND SO WE DO SUPPORT ANY COOPERATION OR COLLABORATION THAT COULD OCCUR BETWEEN LOS ALTOS AND BULLIS.

THAT WOULD BE THE INTENT ON MY AFFIRMATIVE VOTE IN IN AUGUST THAT WE MOVE TOWARDS INCREASED FRIENDSHIP OF ALL.

SO THANK YOU MADAM PRESIDENT.

Documentary Record 002227

TRUSTEE LARI.

THANK YOU, PRESIDENT BERTA.

I WOULD ALSO LIKE TO THANK EVERYBODY WHO'S HERE TODAY TO GIVE THEM GIVE US THEIR INPUT.

SO MY QUESTION WAS FROM STAFF, LIKE, IS IT POSSIBLE FOR YOU TO FACILITATE WHAT ROLE CAN YOU PLAY TO FACILITATE AGREEMENTS? AS I SAID, WE'RE THE AUTHORIZER.

[02:15:06]

THAT'S NOT OUR POSITION AND I CAN I'LL HAND IT OVER TO DOCTOR DEWAN BECAUSE WE TAKE DIRECTION FROM DOCTOR DEWAN. YEAH, THE CHARTER SCHOOLS DEPARTMENT STAFF WOULD NOT BE IN A POSITION TO FACILITATE, MEDIATE OR ENTER, YOU KNOW, INSERT THEMSELVES INTO A PROCESS BETWEEN THE DISTRICT AND THE SCHOOLS.

THEY NEED TO MAINTAIN THEIR NEUTRALITY AND THEIR OVERSIGHT ROLE.

SO IS THAT SOMETHING WE CAN ASK BEFORE WE RENEW FOR THEM TO MAYBE ASK A THIRD PARTY TO BE THERE? YOU CAN ASK COUNCIL.

I GUESS THERE'S NOTHING STOPPING US FROM MAKING THAT AS A SUGGESTION THAT IF THIS BOARD FEELS THAT THIS LACK OF COOPERATION IS NOT GOOD FOR THE EDUCATIONAL ENVIRONMENT FOR ALL STUDENTS, BUT WHETHER THE DISTRICT AND THE CHARTER SCHOOL GET ALONG IS NOT A COMPONENT OF CHARTER RENEWAL, SPECIFICALLY, THAT YOU WOULD BE MAKING RENEWAL DECISIONS BASED ON.

SO WE CAN WE PUT IT AS A CONDITIONALITY FOR MOVING FORWARD OR WE CAN'T.

I'M NOT COMFORTABLE TALKING IN PUBLIC ON GIVING THAT KIND OF ADVICE AS FAR AS WHAT WE CAN AND CAN'T DO FOR CONDITIONS.

THANKS. TRUSTEE MAH AND THEN I'LL GO AFTER TRUSTEE MAH AND THEN WE'LL DO ANOTHER ROUND.

ANOTHER ROUND? GREAT.

THANK YOU, PRESIDENT BERTA.

I HAVE A BUNCH OF RANDOM QUESTIONS, SO WE'LL GO ANOTHER ROUND FOR SURE.

THE QUESTION IS THAT I STARTED OFF WITH BECAUSE I GOT SOME GREAT IDEAS FROM LISTENING TO EVERYONE ELSE IS AND AGAIN, YOU MAY NOT HAVE THE NUMBERS

Documentary Record 002228

EXACTLY, BUT I'D LIKE TO FIND OUT HOW MANY STUDENTS ACTUALLY HIT THE CAP FOR THE LOTTERY.

THE FMLP CAP, I MEAN, SO YOU I THINK I HEARD SUPERINTENDENT ISRAEL MENTIONED THAT THERE'S BETWEEN 100 AND 20, 140 KIDS EVERY YEAR, 140 TO 160 STUDENTS EVERY YEAR.

HOW MANY OF THOSE KIND OF ARE, YOU KNOW, HIT THE 10% CAP? DO YOU EVER HIT THE CAP? I GUESS IS OKAY? YES. SO, OKAY.

I DON'T KNOW. OBVIOUSLY DON'T KNOW THOSE NUMBERS OFFHAND AND I THINK WHAT'S IMPORTANT ABOUT TO KNOW ABOUT THE WAY WE OPERATE THE LOTTERY IS LET'S SAY WE OFFER 150 ON OUR LOTTERY DATE, FEBRUARY 28TH.

WE STILL CONTINUE OFFERING WHEN WE LEARN OF OPENINGS.

RIGHT AND AS YOU ALL KNOW, IN MAY, JUNE WE LEARN OH SO AND SO IS MOVING SWITCHING.

SO THEN WE HAVE MORE OPENINGS AND WE OFFER.

WE MADE A ROUND OF OFFERINGS LAST WEEK TO FAMILIES.

SO THAT NUMBER CONTINUES TO SHIFT.

SO IN THE EVENT WE WERE TO HIT YOU KNOW THAT 10% THERE'S STILL ARE OPPORTUNITIES FOR THOSE FAMILIES.

THEY BECOME THEN NEXT ON THAT WAIT LIST AND THE CHANCES OF THEM THEN AS OPENINGS COME UP, THEY WOULD HAVE THE OPPORTUNITY TO GET IN.

SO THERE IS IT'S A ROLLING CONTINUUM.

ADMITTANCE. BUT YEAH, TO KNOW SPECIFICALLY ON THAT DATE, I WOULD HAVE TO PULL AND LOOK.

YEAH. SO I GUESS SO PART OF MY QUESTION THEN IS HOW MANY KIDS, YOU KNOW, ON THAT FIRST LOTTERY DATE ARE THERE THAT APPLY SIMILAR TO WHAT TRUSTEE VICE PRESIDENT ROCHA WAS ASKING AND THEN OF THOSE BECAUSE FLMP IS A SELF IDENTIFYING THING TO SO THERE'S NO, YOU KNOW, HARD GUARANTEE THAT THE PEOPLE WHO ARE SAYING THAT THEY ARE AND THEREFORE GETTING PRIORITIZED IN THE AUTOMATED FASHION ACTUALLY ARE, THAT'S NOT REALLY REVEALED UNTIL LATER, I GUESS TO CONDITION OF THAT IN ORDER FOR THEM TO HOLD THAT PREFERENCE.

SO LET'S SAY THAT SOMEBODY DOES PUT THAT PREFERENCE, YOU KNOW, SAY THEY QUALIFY FOR THAT PREFERENCE.

THEY ARE PULLED ON THE LOTTERY DAY IN ORDER AS PART OF THEIR REGISTRATION PROCESS.

THEY DO HAVE TO SHOW PROOF OF THAT IN ORDER TO CONTINUE TO RECEIVE THAT RIGHT.

THAT PRIORITY, IF WE WERE TO DISCOVER IN THAT REGISTRATION PROCESS THAT THEY HAD FALSIFIED THAT INFORMATION OR IT WASN'T TRUE, THEN THEY WOULD LOSE THAT SLOT.

YEAH, BUT SINCE YOU DID CHANGE IN 2022.

SO IT'S ONLY BEEN TWO YEARS.

YEAH, IT'S BEEN A SMALL.

SO, YOU KNOW, DO YOU HAVE A FEEL THAT YOU'VE ACTUALLY KIND OF HIT THAT CAP ON THAT LOTTERY DAY, EVEN BASED ON THE SELF IDENTIFIED.

I DON'T YEAH. I'D HAVE TO LOOK AT.

YEAH. OKAY. SO I'M KIND OF CURIOUS ABOUT THAT BECAUSE I WOULD LIKE TO COMPARE THAT TO WHAT THE ACTUALS WERE FOR LASD, WHICH AT THAT TIME WAS 5%.

SO THEREFORE YOU PUT 10% AS A DOUBLE, YOU KNOW, KIND OF WHAT ARE THE ACTUAL NUMBERS THAT CAME OUT? AND AGAIN, IT'S ONLY THE LAST TWO YEARS.

SO YEAH, STATISTICALLY SIGNIFICANT OR NOT, AT LEAST IT'S THERE.

[02:20:02]

I JUST WANT TO ALSO CONFIRM THAT, AS I RECALL OUR STAFF DOES ATTEND OR WITNESS THE LOTTERY EVERY YEAR, SO THAT'S YES WE DO.

SO THAT'S STILL GOING ON. GREAT.

SO THAT'S MY FIRST SET OF QUESTIONS.

CAN I ASK ONE MORE? OKAY THE OTHER QUESTION.

WELL, THE OTHER NEXT OF QUESTIONS IS GOING BACK TO THE NDA AND, YOU KNOW, LIST SIGNING OR NOT SIGNING NDA WHEN YOU GUYS WERE DOING THE PROP 39 DISCUSSIONS, WAS THAT UNDER NDA? NO. PROP 39 IS A LAID OUT PROCESS.

IT'S ACTUALLY DESIGNED TO HAVE A NEGOTIATION WHERE WHAT HAPPENS IS EACH MONTH SOMETHING HAPPENS.

SO FIRST, THE CHARTER SCHOOL SUBMITS THEIR PROP 39 REQUEST WHICH IS A VERY DETAILED LONG DOCUMENT.

THEN THE DISTRICT HAS THE OPPORTUNITY THE FOLLOWING MONTH TO RESPOND TO IT AND THEN THE CHARTER SCHOOL HAS THE OPPORTUNITY TO THEN AGAIN RESPOND BACK AND THE IDEA OF THAT IS THAT YOU CAN NEGOTIATE.

I MEAN, YOU COULD COMPLETELY NEGOTIATE A AGREEMENT INDEPENDENT OF IT AND I THINK IT KIND OF OPENS UP THAT OPPORTUNITY TO HAVE THAT PROCESS IF THE TWO PARTIES WISH TO DO THAT AND I'M SORRY.

SO IS THAT PROP 39 PROCESS BACK AND FORTH? IS THAT COMPLETELY PUBLIC OR IS THAT ALSO UNDER IN CLOSED SESSION.

THAT'S A THAT IS LITERALLY JUST A DOCUMENT AND THAT'S A PUBLIC DOCUMENT SENT BACK AND FORTH.

YEAH. OUR EXPERIENCE HAS BEEN THAT DOESN'T WORK TERRIBLY WELL BECAUSE IT'S A BIG LEGAL DOCUMENT, AS OPPOSED TO WHEN WE HAVE IN THE PAST SAT DOWN. I MEAN, YOU AND JOSEPH MAY RECALL SOME OF THOSE VERY HARD AND HEATED MEETINGS.

BUT, YOU KNOW, AT THE END OF THE DAY, IF YOU CAN GET IN A ROOM AND YOU CAN FIGURE OUT WHAT WORKS BEST FOR ALL PARTIES, THEN YOU CAN WORK IT OUT.

BUT AGAIN, I ACTUALLY DON'T SEE THAT BEING SUCCESSFUL WITHOUT BEING ABLE TO HAVE SOME DISCUSSIONS WHERE BOTH PARTIES CAN THROW OUT IDEAS WITHOUT KNOWING THAT IT'S GOING TO TURN AROUND AND END UP IN THE PUBLIC THE NEXT DAY.

RIGHT AND SO JUST FROM A I'M SORRY, GO AHEAD AND SO JUST FROM A HISTORICAL KIND OF HISTORY STANDPOINT, AS I RECALL, AND MAYBE YOU COULD CONFIRM ON THE SIDES THAT WHEN YOU CAME UP WITH THE FIVE YEAR AGREEMENT TO NOT DO ANY LAWSUITS, NOT DO ANYTHING AND FREEZE AT 900 OR WHATEVER, THAT NEGOTIATION AGREEMENT WAS ALL DONE WITH SUB BROWN ACT QUORUM AND ALSO UNDER CLOSED DISCUSSIONS AS IT WAS FURTHER DONE THROUGH MEDIATION PROCESS OR IT WAS DONE AND WE HAVE DONE MEDIATION A COUPLE OF TIMES WITH THE DISTRICT.

AGAIN, THERE'S A CONFIDENTIALITY AGREEMENT AND WE DID GO BACK AND FORTH AND WE WHAT WE AGREED IN THAT FIVE YEAR PROCESS WAS WE WOULD COME FORWARD TO THE COMMUNITY AS A GROUP, ALL WITH THE SAME MESSAGE AND BOTH BOARDS HAD TO APPROVE THAT AGREEMENT AND THAT IS HOW WE ENDED UP WITH THE ESSENTIALLY OUR FACILITIES THAT WE HAVE TODAY.

WE WENT BACK INTO A TIME WHEN WE DIDN'T HAVE AN AGREEMENT AND AT THAT POINT, BCS DECIDED TO INCREASE ITS ENROLLMENT AND THAT'S WHAT WE ARE CURRENTLY AT AND SINCE THEN, WE'VE HAD AGREEMENTS EVER SINCE.

RIGHT. BUT THEN THAT AGREEMENT ENDS IN TWO YEARS OR NEXT END OF NEXT OF THIS CURRENT SCHOOL YEAR.

YEAH. RIGHT. OKAY.

I JUST WANTED TO KIND OF GET THAT HISTORY OUT THERE A LITTLE BIT, AS I RECALL SOME OF IT, BUT NOT ALL OF IT AND IT SEEMS TO ME JUST AS A COMMENT THAT USUALLY PROPERTY NEGOTIATIONS ARE A CLOSED SESSION ITEM FOR TYPICALLY BOARDS WHENEVER THEY TALK ABOUT BUYING LEASING PROPERTY.

SO THAT IS A RECOGNIZED CLOSED SESSION TOPIC.

IS THAT CORRECT? IT DEPENDS ON THE TOPIC AND WHO IS ENGAGED IN THE CLOSED SESSION AND A NUMBER OF OTHER CIRCUMSTANCES.

THERE IS A PROVISION IN THE BROWN ACT TO ALLOW FOR CERTAIN TYPES OF CLOSED SESSION DISCUSSIONS AMONGST THE BOARD, RIGHT, REGARDING PROPERTY AND LEASING AND THINGS LIKE THAT.

REAL ESTATE, PROPERTY NEGOTIATIONS, PROPERTY ACQUISITION PURCHASE AND THAT'S NOT NECESSARILY, YOU KNOW, WHICH MAY NOT.

RIGHT. MAY NOT APPLY.

I'M JUST SAYING THAT IT'S THERE'S SOME PARALLELISM OUT THERE THAT SAYS SOME OF THE STUFF MAKES SENSE TO KEEP UNDER, YOU KNOW, WRAPS

[02:25:07]

UNTIL YOU ALL AGREE.

EVERYONE WANTS TO DISCLOSE ALL AT THE SAME TIME.

SO I UNDERSTAND THAT OR AT LEAST THAT'S A REASONABLE THOUGHT.

OKAY. THANK YOU.

Documentary Record 002232

I'M GOING TO INSERT MYSELF IN THE QUEUE HERE BEFORE WE DO ANOTHER ROUND.

I ALSO REALLY APPRECIATE HEARING FROM THE COMMUNITY.

BOTH BULLIS COMMUNITY AS WELL AS THE LOS ALTOS SCHOOL DISTRICT COMMUNITY AND OTHERS IN BETWEEN AS WELL.

I MY QUESTIONS KIND OF PUTTING ON MY SPECIAL EDUCATION HAT HERE.

I WOULD LOVE TO HEAR MORE FROM BULLIS ON KIND OF A DESCRIPTION OF YOUR CONTINUUM OF SERVICES AND HOW YOU'RE MEETING THE NEEDS OF ALL STUDENTS.

I CAN SPEAK GENERALLY TO THAT, AND I KNOW WE HAVE MORE IN THAT PETITION AS WELL, BUT WE ARE PART OF A SELPA WITH SANTA CLARA COUNTY AND SO WE WORK IN PARTNERSHIP WITH THE SELPA ON STAFF. WE HAVE A DIRECTOR OF SPECIAL EDUCATION.

WE HAVE RESOURCE SPECIALISTS, OT, SLP, PARAPROFESSIONALS.

AM I MISSING BCBA? SO A ROBUST STAFF THAT WE WORK WITH TO SUPPORT OUR STUDENTS AND OUR TEACHERS AND SO THAT LOOKS LIKE A VARIETY OF THINGS, RIGHT? THAT LOOKS LIKE A COMPREHENSIVE IN THE PROCESS THAT WE HAVE WORKED AND MADE SOME MODIFICATIONS TO THE PAST FEW YEARS OF OUR SRT AND MTS PROCESS TO DETERMINE WHAT DOES IT LOOK LIKE FOR US IN OUR SUPPORT AND IDENTIFYING STUDENTS WHO MIGHT HAVE ADDITIONAL NEEDS, AND WHATARE INTERVENTIONS THAT WE'RE PUTTING IN PLACE PRIOR TO JUMPING TO SPECIAL EDUCATION? IT LOOKS LIKE CONSULT THAT OUR DIRECTOR OF SPECIAL EDUCATION DOES WITH TEACHERS THAT HER TEAM DOES, THAT SHE DOES WITH MEMBERS OF OUR LEADERSHIP.

IT LOOKS LIKE WEEKLY MEETINGS THAT SHE AND I HAVE TO MAKE SURE THAT WE ARE SUPPORTING OUR STUDENTS.

SHE ALSO MEETS WITH ALL OF OUR PRINCIPALS SO THAT THEY HAVE AN UNDERSTANDING OF WHAT THINGS LOOK LIKE AND THEN IT'S MAKING SURE TEACHERS HAVE THE SUPPORTS THEY NEED.

WHAT ARE THE TRAININGS THEY NEED? WHAT ARE THE STRATEGIES IN THE CLASSROOM? WHAT ARE THE TRENDS THAT WE'RE SEEING? I THINK WE ALL KNOW COMING OUT OF THE PANDEMIC, RIGHT, THAT WE SAW A HEIGHTENED NEED NOT ONLY TO SUPPORT OUR SPECIAL EDUCATION STUDENTS, BUT MANY STUDENTS IN SOME OF THOSE STRATEGIES AND WE KNOW AND YOU KNOW, THIS BEST, PRESIDENT BERTA, THAT

Documentary Record 002233

THE STRATEGIES THAT WORK FOR OUR SPECIAL EDUCATION STUDENTS ARE ALSO BEST PRACTICES FOR MANY OF OUR STUDENTS.

SO HOW DO WE SUPPORT INSIDE CLASSROOMS TO MAKE SURE THAT WE'RE CONTINUING TO BUILD THE TOOLKITS OF OUR TEACHERS? SO THERE'S A LOT OF ROBUST SUPPORT.

WE HAVE A GREAT RELATIONSHIP WITH THE SELPA AS WELL AS A THOUGHT PARTNER IN THAT PROCESS.

ONE OF THE THINGS THAT WOULD BE HELPFUL IN BETTER UNDERSTANDING IS GETTING A BREAKDOWN OF THE CONTINUUM OF CATEGORIES THAT STUDENTS FALL INTO UNDER IDEA, AND BETTER UNDERSTANDING THE BREAKDOWN, AS WELL AS THE SUPPORT SERVICES THAT ARE ALIGNED AND I KNOW A LOT OF THAT'S DEPENDENT ON IEPS, BUT FROM A STRUCTURAL STANDPOINT WOULD BE A HELPFUL TO UNDERSTAND, YOU KNOW, WHAT YOU'RE EQUIPPED TO DO AND HOW YOU'RE MEETING THOSE NEEDS.

YEAH, ABSOLUTELY AND THEN I GUESS ONE OF THE QUESTIONS I HAD FOR STAFF RELATED TO THAT IS DOES THE DOES OUR COUNTY OFFICE KEEP TRACK OF STUDENTS, FOR INSTANCE, WHO MAY HAVE LEFT BULLIS CHARTER SCHOOL TO PURSUE OTHER EDUCATIONAL PROGRAMS, WHETHER IT'S IN A TRADITIONAL SCHOOL DISTRICT OR OTHER OTHER CHARTER SCHOOLS AND WOULD THAT ALSO BE ABLE TO IDENTIFY WHETHER A STUDENT HAD AN IEP OR NOT? SO HISTORICALLY, SCCOE HAS NOT TRACKED THIS INFORMATION AND HAS NO WAY OF KNOWING WHEN A FORMER CHARTER SCHOOL STUDENT RECEIVES SPECIAL EDUCATION SERVICES FROM THEIR HOME DISTRICT.

SCCOE CAN CONSIDER THE MEANS OF OBTAINING REPORTS FROM CHARTER SCHOOLS.

WHEN A STUDENT WITH A 504 OR AN IEP LEAVES CHARTER SCHOOL.

ADDITIONALLY, THE CDE IS SUPPOSED TO PROVIDE SOME LIMITED DEMOGRAPHIC INFORMATION TO SCCOE AS PART OF THE CHARTER SCHOOL RENEWAL PROCESS, WHICH INCLUDES SOME INFORMATION ABOUT SPECIAL EDUCATION STATUS FOR STUDENTS WHO DO LEAVE THAT SCHOOL.

SCCOE STAFF HAS REQUESTED THIS INFORMATION FROM THE CDE, AND THE CDE DOES NOT HAVE A DATE AT THIS MOMENT FOR WHEN THIS INFORMATION WILL BE MADE AVAILABLE, BUT IT IS IN PROCESS.

OKAY. DO YOU ANTICIPATE HAVING IT BEFORE? THAT IS OUR THAT I HAVE BEEN CONTACTING CDE DAILY.

Documentary Record 002234

THANK YOU. WE APPRECIATE THAT DILIGENCE AND I GUESS A PARALLEL QUESTION TO THAT FOR LASD IS DO YOU HAVE DATA ON WHERE YOUR STUDENTS, STUDENTS WHO ENROLL KIND OF MID GRADE TRANSITIONS, DO YOU HAVE DATA ON WHERE STUDENTS ARE COMING FROM, WHETHER THEY'RE COMING

[02:30:10]

FROM BULLIS OR ANOTHER SCHOOL, AND WHETHER THEY'RE COMING IN WITH AN IEP.

AND IF IT'S ON THE SPOT FOR BOTH BULLIS OR THE LASD OR STAFF, I FULLY UNDERSTAND WE NEED TO GET BACK TO THESE QUESTIONS.

SO JUST IF YOU HAVE INFORMATION.

HERE WE GO.

HI THERE. GOOD EVENING.

I'M SANDRA MCGONAGLE, THE SUPERINTENDENT FOR LOS ALTOS SCHOOL DISTRICT.

WE DO. WE KEEP KIND OF JUST GOOGLE SPREADSHEETS O STUDENTS AS PART OF OUR ENROLLMENT PROCESS.

SO IF THEY'RE COMING TO US NOT IN TK OR IN KINDER IN FROM ANOTHER SCHOOL, WE ALWAYS ASK THE FAMILY THEY'RE NOT REQUIRED TO SHARE WHERE THEY'RE COMING FROM. BUT WE DO ASK AND WE DO HAVE SOME RECORDS AND OF COURSE, THEN WE KNOW IF THEY ARE COMING WITH US, TO US WITH AN IEP OR QUALIFY FOR FREE AND REDUCED LUNCH.

THAT'S PART OF OUR ENROLLMENT PROCESS TO MAKE SURE THEY HAVE THE SERVICES AND THE SUPPORTS THAT THEY NEED FOR THEIR EDUCATION.

SO WE DO HAVE SOME ANECDOTAL DATA.

I'M HAPPY TO SHARE THAT WITH THE COUNTY STAFF, IF THAT WOULD BE HELPFUL.

YES. THANK YOU SO MUCH.

THAT WOULD BE HELPFUL.

THE OTHER QUESTION I HAD BEFORE WE CONTINUE WITH THE LOOP AROUND HERE IS AS BULLIS, YOU'RE AWARE THAT THIS BOARD ISSUED THE NOTICE OF OF CONCERN AND A REAFFIRMATION OF THAT NOTICE OF CONCERN.

I'M REALLY INTERESTED IN UNDERSTANDING, YOU KNOW, THE CHANGES THAT YOU'VE MADE OR THE PROCESS THAT YOU'VE GONE THROUGH TO ADDRESS THE CONCERNS AS

Documentary Record 002235

OUTLINED IN THOSE LETTERS? FORGIVE ME, I DON'T KNOW WHAT SLIDE NUMBERS, BUT I THINK A LOT OF OUR ENROLLMENT PROCESS WE'VE CONTINUED TO BUILD ON.

AS A RESULT OF THAT, THE HIRING OF OUR DIRECTOR OF COMMUNITY ENGAGEMENT AND OUTREACH WAS A BIG MOVE FOR US, BRINGING TO YOU THE THE PREFERENCE FOR FRPM WAS ANOTHER BIG MOVE AS WELL AND THEN, I MEAN, THIS IS WHERE AS A SCHOOL, OUR BIGGEST THING WE CAN DO IS, OUTREACH.

RIGHT. IN ORDER TO DETERMINE ENROLLMENT.

WE CAN'T TARGET SPECIFIC.

I CAN'T GO UP TO SOMEONE AND SAY, TELL ME, DO YOU HAVE AN IEP? IF SO, GREAT. COME APPLY.

RIGHT. WE HAVE TO MAKE SURE THAT OUR ENROLLMENT MATERIALS AT THE WAY THAT WE'RE ACCESSING FAMILIES IS EQUITABLE, AND THAT WE'RE FINDING AVENUES IN WAYS TO ENSURE THAT WE'RE SHOWING THAT WE'RE INCLUSIVE.

RIGHT. SO A LOT OF THAT COMES THROUGH.

WHAT ARE THE STRATEGIES WE'RE USING IN THAT OPEN ENROLLMENT PROCESS AND SO THAT'S WHERE I WOULD SORT OF DIRECT BACK TO THOSE SLIDES.

WE'VE HOPED THAT WE'RE CONTINUING TO INCREASE AND FIND DIFFERENT AVENUES IN WAYS WE'VE STARTED.

I THINK THAT WAS TWO YEARS AGO.

VERONICA STARTED REACHING OUT TO DAYCARES IN LOCAL PRESCHOOLS, WHICH WE'D DONE.

BUT WE SAID, HEY, WE'D LOVE TO PRESENT TO YOUR FAMILIES.

DO WE HAVE THE OPPORTUNITY TO SHARE? AND SO VERONICA WAS ABLE TO JOIN A PARENT COFFEE AND SHARE MORE WITH THEM THERE.

WE'RE LOOKING THIS YEAR ABOUT WHAT ARE OTHER LANGUAGES WE CAN PRESENT AND IS CLAUDINE SHARED.

WE ACTUALLY SPEAK AT ACTUALLY OVER 32 LANGUAGES, WHICH IS PRETTY COOL AND SO A LARGE PORTION OF OUR FAMILIES ONLY SPEAK SPANISH, BUT ALSO RUSSIAN AND MANDARIN.

SO HOW ARE WE ADVERTISING AND FINDING WAYS TO CONNECT WITH THEM AND WHAT DOES THAT LOOK LIKE.

Documentary Record 002236

SO WE'VE LOOKED AT ADVERTISING IN THE IN RUSSIAN NEWSPAPERS, IN MANDARIN NEWSPAPERS.

WE'RE GOING TO HOPEFULLY DO A WORK AND DO A SPANISH RADIO AD.

SO JUST TRYING TO FIND DIFFERENT WAYS THAT WE CAN DO OUTREACH IS OUR BEST MOVE HERE.

BUT I'D SAY THE TWO BIGGEST THINGS WE DID WAS HIRING SOMEBODY SPECIFICALLY TO FOCUS IN ON THAT, AND THEN MAKING THAT ADJUSTMENT TO CREATE A PREFERENCE THAT DIDN'T PRIOR EXIST, PLEASE. YEAH, I'LL JUST ADD TO THAT JUST PRAISE FOR VERONICA BECAUSE SHE DOES SHE WORKS REALLY HARD AND SHE'S VERY PASSIONATE ABOUT THE WORK THAT SHE DOES.

SHE GETS OUT THERE IN THE COMMUNITY AND SHE'S BILINGUAL.

I WOULD ALSO SAY THAT THE WAY THAT I WAS THAT I LEARNED ABOUT THE SCHOOL WAS BY WORD OF MOUTH AND BECAUSE WE HAVE PARENTS THAT ARE REALLY EXCITED ABOUT THE EXPERIENCE THAT THEIR CHILDREN ARE HAVING, INCLUDING CHILDREN THAT HAVE LEARNING DIFFERENCES.

PARENTS GO OUT AND TALK TO THEIR FRIENDS WHO HAVE WHO ARE MOVING TO THE NEIGHBORHOOD OR WHO ARE LOOKING FOR A SCHOOL TO GO TO AND I SEE IT HAPPENING ALL THE TIME ON THE BASEBALL FIELD, ON THE FOOTBALL FIELD, LIKE THAT'S WHERE I HAPPEN TO BE AND WE'RE ALWAYS TALKING ABOUT THE POSITIVE EXPERIENCES THAT WE'RE HAVING, INCLUDING KIDS THAT DO HAVE IEPS AND THESE ARE THE EXPERIENCES THAT I'VE HAD AND THAT ENCOURAGES FOLKS TO GO.

I MEAN, SO THERE'S THE FORMAL STRUCTURE, WHICH IS LIKE VERONICA IS ABOVE AND BEYOND, AND THE PARENTS WHO ALSO GO ABOVE AND BEYOND WHAT I'VE EVER SEEN.

THANK YOU. I APPRECIATE THOSE EFFORTS AND I JUST WILL END ON.

I THINK THE CONCERN FOR ME IS HOW THAT TRANSLATES INTO THE RESULTS WE'RE SEEING AND ONE OF THE BIGGEST AREAS, AND I THINK STAFF FOR VERIFYING THIS DATA

[02:35:10]

WAS TRYING TO BETTER UNDERSTAND THAT I HAD ASKED PRIOR TO TODAY'S HEARING IS WHEN IT COMES TO ENGLISH LANGUAGE LEARNERS, PARTICULARLY AT THE BEGINNING OF YOUR PROGRAM IN TK AND IN KINDER.

ONE OF THE THINGS THAT'S DEEPLY CONCERNING IS THAT FOR THIS PAST SCHOOL YEAR, IT WAS AT 0% FOR ENGLISH LANGUAGE LEARNERS IN TK AND KINDER WHO ARE

HISPANIC AND SO WHEN YOU COMPARE THAT TO LASD WHICH IS AT 18%, THAT'S QUITE A LARGE DISCREPANCY.

SO THAT'S ONE OF THE PIECES THAT I HOPE WE CAN REALLY BETTER UNDERSTAND.

I MEAN, I APPRECIATE THE EFFORTS, BUT AT SOME POINT IT ALSO HAS TO TRANSLATE INTO THE ACTUAL STUDENTS THAT ARE BEING SERVED AND HOW THAT'S PERPETUATING EQUITY IN THE ENTIRE COMMUNITY.

RIGHT. SO I HOPE WE CAN LOOK AT IT WITH THAT LENS AS WELL.

JUST A BRIEF RESPONSE AGREEMENT.

RIGHT. I THINK THIS IS, LIKE I SAID, WHY WE'RE TRYING TO FIND AVENUES.

WE ENROLL 40 STUDENTS IN TK, SO IT'S A VERY SMALL NUMBER FOR US.

BUT IF I'M GOING TO BE SUPER CANDID WHAT'S ONE OF OUR BIGGEST CHALLENGES IS THE NARRATIVE THAT EXISTS, RIGHT.

LIKE AS MUCH AS WORD OF MOUTH MATTERS TO US, IT'S REALLY TOUGH WHEN I'M UP AGAINST NEGATIVE NARRATIVE THAT'S COMING FROM THE LOCAL COMMUNITY CLAIMING THAT WE DON'T SERVE SPECIAL, LIKE CLAIMING THAT WE DON'T SERVE EL, CLAIMING THAT WE'RE DISCRIMINATING.

LIKE IT'S REALLY HARD TO GET PAST THAT WHEN THAT'S THE DIALOG THAT'S BEING THROWN OUT CONSISTENTLY AND SO I WOULD JUST NAME LIKE THAT IS A BARRIER THAT WE HAVE TO TRY TO WORK AROUND AND CONVINCE OTHERS THAT DOESN'T EXIST.

BEING A CHARTER SCHOOL ALREADY IS CHALLENGING.

THERE'S LOTS OF MYTHS THAT EXIST ABOUT CHARTER SCHOOLS.

WE'RE NOT FREE. WE AREN'T OPEN ENROLLMENT.

WE HAVE TESTS. ALL THESE THINGS THAT I'VE BEEN IN CHARTER SCHOOLS FOR 20 YEARS AND CONSISTENTLY HAVE TO STILL FIGHT THAT NARRATIVE.

BUT THEN WHEN WE HAVE A NEGATIVE NARRATIVE THAT'S BEING SHARED NOT FROM EVERYBODY, BUT FROM OTHER MEMBERS OF THE LOCAL COMMUNITY, IT'S REALLY TOUGH.

IF I'M NOT IN FRONT OF SOMEONE OR A MEMBER OF OUR TEAM OR STAFF, ISN'T IT TO HAVE TO WRITE THAT? SO IS THERE MORE WORK TO BE DONE? YES. THERE'S ALWAYS MORE WORK TO BE DONE AND WE HAVE THIS BARRIER.

Documentary Record 002238

WE HAVE TO CONSISTENTLY FIND WAYS TO GET AROUND BECAUSE OF THE DIALOG THAT'S PRESENTED ABOUT BCS AND HOW IT'S SPOKEN ABOUT NEGATIVELY.

CAN I ALSO ADD ONE THING? ONE OF THE THINGS THAT WE HAVE ACTUALLY DONE IN THE PAST IS ASKED IF WE COULD PRESENT AT THEIR ENROLLMENT NIGHTS SO THAT, YOU KNOW, WE COULD PRESENT OUR SCHOOLS. WELL, AND THEY'VE ALWAYS DECLINED TO LET US DO THAT.

I THINK THAT WOULD BE A GREAT COLLABORATIVE THING IF WE COULD PRESENT TO THE COMMUNITY MEMBERS THAT, YOU KNOW, THAT ARE COMING TO THEIR OPEN ENROLLMENTS AND I THINK, YOU KNOW, FOR ME, IT REALLY GOES BACK TO THE ACCOUNTABILITY PIECE.

IT'S NOT ABOUT A NARRATIVE.

IT'S ABOUT WHAT THE ACTUAL DATA SHOWS AND ASKING THOSE QUESTIONS BECAUSE THAT IS OUR ROLE AS THE AUTHORIZER TO ASK QUESTIONS AND CONTINUOUSLY PUSH FOR ACCOUNTABILITY ON ALL ENDS.

RIGHT. SO THOSE THAT'S KIND OF WHY I'M POSING THAT TRUSTEE SREEKRISHNAN.

WE'LL GO FOR ANOTHER ROUND.

YEAH. THANK YOU SO MUCH.

I FEEL LIKE THIS IS SUCH A PRODUCTIVE DISCUSSION.

I HAD SOME OF THE SAME QUESTIONS AS YOU.

TRUSTEE BERTA. SO THANK YOU FOR THAT AND SO I WANTED TO ASK BULLIS IF THEY HAD ANY OF THEIR DATA AROUND RETENTION RATES THAT THEY COULD SHARE OR IN TERMS OF STUDENTS YOU KNOW, IF THEY DO LEAVE BULLIS IF ANY INFORMATION ON THAT, IF.

SPECIFICALLY IF THEY LEAVE BETWEEN 2 AND 8.

WHY OR WHERE OR.

YEAH. WE COLLECT [INAUDIBLE] OF DATA.

A VARIETY OF REASONS WHY WE SEE THAT HAPPENING.

RIGHT. COULD BE I'M MOVING OUT OF THE AREA, I HAVE CHILDREN WHO ARE IN MULTIPLE GRADE LEVELS, AND TRYING TO TRANSPORT TO MULTIPLE SITES IS CHALLENGING.

Documentary Record 002239

OUR MIDDLE SCHOOL IS AT ONE SITE.

ELEMENTARY CAN BE AT ANOTHER.

FAMILIES MOVING OUT OF STATE.

YEAH. WANTING TO GO TO A DIFFERENT SCHOOL, A PRIVATE SCHOOL, A VARIETY OF REASONS THAT WE SEE FAMILIES IDENTIFYING IF THEY WANT TO TRANSITION RETENTION, THOUGH, IS QUITE HIGH FOR US YEAR OVER YEAR.

YEAH. THAT'D BE GREAT TO SEE, YOU KNOW, WHEN YOU COME BACK IN AUGUST AND AS PRESIDENT BERTA MENTIONED, I'D ALSO LIKE TO SEE, YOU KNOW, THE DISABILITY CATEGORIES, IF THAT COULD BE, YOU KNOW, COMPLIANT WITH HIPAA AND FERPA, IF THAT COULD BE SHARED AND THEN IN SLIDE 16 YOU KNOW, SLIDE 17 THAT HAD, YOU KNOW, THE A REFLECTION OF OR I GUESS A PARALLEL

[02:40:04]

OF THE DISTRICT LASD AND BULLIS IF THE INFORMATION ON SLIDE 16 COULD IF THAT COULD ALSO WHICH THAT IS THE SOCIOECONOMICALLY DISADVANTAGED STUDENTS WITH DISABILITIES, ENGLISH LANGUAGE LEARNERS THAT COULD ALSO BE SHOWN IN THE SAME WAY WITH LASD.

IF WHEN YOU COME BACK IN AUGUST WOULD BE GREAT AND THEN, YOU KNOW, ANOTHER BACK TO THE MOUNTAIN VIEW SITE BECAUSE WHEN I VISITED BULLIS, I SAW FROM MY UNDERSTANDING THE FIELDS ARE SHARED AND SOME OF THE FACILITIES.

SO WOULD WOULD THERE BE SHARING FOR THE MOUNTAIN VIEW SITE OR DO YOU WANT TO SPEAK TO AGAIN? THAT WOULD BE A DISCUSSION WITH LASD.

WHAT THEY HAVE SAID PUBLICLY IS NO, THEY WOULD VIEW IT AS A SITE FOR JUST BCS OR A LOCAL ELEMENTARY SCHOOL OF THEIR OWN.

IT IS THE SMALLEST SITE OF ALL OF THE SITES, AND BCS IS THE LARGEST SCHOOL THREE TIMES THE SIZE OF THEIR SCHOOLS. OKAY, THAT'S HELPFUL TO KNOW.

YEAH, BUT I THINK THAT'S IT FOR ME.

THANK YOU.

TRUSTEE CHON.

YEAH. I WAS WONDERING FOR WHEN I HAD SPOKEN EARLIER ABOUT WANTING THE PERCENTAGES FOR, LIKE, STUDENTS WITH DISABILITIES AS WELL AS STUDENTS WITH

FREE AND REDUCED LUNCH IN THE, YOU KNOW, RECENT KINDERGARTEN AND TK CLASSES.

I APOLOGIZE.

I WOULD ALSO LIKE TO SEE THE EL PERCENTAGES ON THERE.

BUT MY QUESTION IS FOR LASD.

ON YOUR ENROLLMENT PACKAGES, AND I APOLOGIZE.

I DON'T KNOW WHAT THEY LOOK LIKE.

I DON'T HAVE CHILDREN, SO I HAVEN'T ENROLLED A STUDENT.

BUT ON THERE, DOES IT SAY IF THE PRIMARY LANGUAGE AT HOME IS ENGLISH? OR SOMETHING OF THAT.

THERE IS A HOME LANGUAGE SURVEY.

SO THERE ARE FOUR QUESTIONS THAT EVERY FAMILY MEMBER NEEDS TO ANSWER AND IT'S I'M NOT GOING TO REMEMBER THE FOUR.

I THINK IT'S A SIMILAR FOUR QUESTIONS FOR EVERY SCHOOL ENROLLMENT.

BUT IT DOES GET TO THE IDEA OF DOES YOUR CHILD POTENTIALLY SPEAK ANOTHER LANGUAGE, AND IF SO, THEN THAT FLAGS THE ELPAC TESTING THE ENGLISH LANGUAGE PERFORMANCE TESTING AND I BELIEVE AND MAYBE DOCTOR DEWAN CAN REMIND US, BUT JUST FOR THIS COMING YEAR, THEY'RE ACTUALLY NOT GOING TO BE TESTING TK STUDENTS.

I THINK THE STATE JUST CHANGED THAT FOR THE COMING SCHOOL YEAR BECAUSE THE TEST DOESN'T REALLY ADEQUATELY MEET THAT.

SO THE COMING DATA WILL BE A LITTLE BIT DIFFERENT.

BUT KINDERGARTEN FOR CERTAIN.

YEAH, THAT'S GOOD TO HEAR.

I WOULDN'T SUPPORT TESTING FOUR YEAR OLDS ANYWAY, SO.

OKAY AND THEN I ASSUME THEN THOSE QUESTIONS ARE SIMILARLY ON THE BCS APPLICATION.

OKAY. THAT'S GREAT TO KNOW.

YEAH, IT'S AT THE APPLICATION.

Documentary Record 002241

BUT YEAH, IT'S PART OF IT'S THE SAME FORM THAT FILLS OUT AT EACH BECAUSE WE WOULD EXCHANGE THOSE IF A STUDENT TRANSITIONED.

IT'S A HOME LANGUAGE SURVEY THAT IS PART OF THE REGISTRATION PROCESS.

THAT'S GREAT TO KNOW. SO THEN WE CAN SEE IF A STUDENT WOULD BE ELL COMING IN.

CORRECT. OKAY. OR PREDETERMINED.

BUT THAT'S NOT TILL AFTER THEY'VE ACTUALLY GOTTEN ENROLLED GONE THROUGH THE LOTTERY PROCESS.

WE ARE BLIND TO THAT INFORMATION IN THE LOTTERY PROCESS.

YOU CAN'T GIVE THE HOME LANGUAGE SURVEY BEFORE THAT.

NO, BECAUSE WE AGAIN DON'T WANT TO IN ANY WAY BIAS DISCRIMINATE AND PART OF OUR CHARTER, WE DON'T DO THAT.

SO ONCE THE STUDENT GETS THROUGH THE LOTTERY AND THEY HAVE A SPOT, THEN THEY'RE THE FINISHED REGISTRATION PACKET THAT HAS ALL THE INFORMATION, INCLUDING THEIR SPECIAL ED INFORMATION, THEIR HOME LANGUAGE SURVEYS.

ALL OF THAT THEN GETS SUBMITTED AND THAT'S WHEN WE FIND OUT.

OKAY HOW WOULD YOU ADDRESS? LET'S SAY YOU DO THE LOTTERY AND YOU DON'T HAVE MAYBE YOU ONLY HAVE ONE STUDENT THAT IS EL OR DISADVANTAGED OR FREE AND REDUCED LUNCH.

HOW DO YOU ADDRESS THAT AFTER THE FACT? WE GO BACK TO OUR ENROLLMENT STRATEGIES IN OUR WHERE WHO ARE DOING OUTREACH TO SEE IF THERE ARE DIFFERENT COMMUNITIES WE NEED TO TARGET TO SEE IF THERE ARE DIFFERENT STRATEGIES WE CAN UTILIZE.

BUT THAT IS THE CHALLENGE IS THAT WE ARE BLIND TO THAT UNTIL ENROLLMENT ACTUALLY HAPPENS.

THAT WOULD HAPPEN AFTER, LET'S JUST SAY TEN STUDENTS ARE COMING IN AND YOU FIND OUT FROM THAT TEN.

ONLY ONE IS OF THOSE SPECIFIC CATEGORIES.

YOU CANNOT THEN GO BACK AND ACCEPT MORE.

Documentary Record 002242

NOT UNLESS THERE'S NEW OPENINGS.

RIGHT AND SO LET'S SAY WE ACCEPT TEN.

ONLY ONE MEETS A CRITERIA LIKE AN ENGLISH LANGUAGE LEARNER IF THERE ARE MORE OPENINGS THAT OPEN UP IN THIS GRADE LEVEL, THEN WE GO BACK TO OUR WAIT LIST AND WE

[02:45:05]

PULL NUMBER 11. BUT WE DON'T KNOW IF NUMBER 11 HAS AN EL STATUS OR A SPECIAL EDUCATION STATUS UNTIL THEY APPLY.

WE CAN'T KNOW ANY OF THAT INFORMATION UNTIL THEY FORMALLY FILL OUT THE REGISTRATION PAPERWORK AND IT WOULD BE DISCRIMINATION OTHERWISE AND SO THAT THE ONLY STRATEGY WE COULD USE AT THAT STAGE, IF THERE WAS ONE OUT OF TEN, WOULD BE FOR US TO RECONSIDER WHAT STRATEGIES WE USED AS PART OF THAT OPEN ENROLLMENT PROCESS TO TO RECRUIT AND GO BACK AND TRY A NEW STRATEGIES IN THE NEXT RECRUITMENT CYCLE.

BUT AT THAT POINT, YOU WOULD BE PRETTY TIED BECAUSE YOU WOULD HAVE ALREADY INFORMED THOSE 10.

YEAH, THEY LEGALLY HAVE TO COME.

I CANNOT TELL ANYBODY.

THEY CAN'T COME. YEAH OKAY.

NOR COULD I EVER UNENROLL OR DISENROLL SOMEONE.

YEAH AND SO GOING BACK TO THE SUPPORTS FOR OUR SPECIAL EDUCATION STUDENTS IF YOU WERE TO FIND OUT THAT A STUDENT WITH LIKE A SIGNIFICANT LEARNING DISABILITY OR AN I DON'T WANT TO SAY WITH AN IEP BECAUSE THE SPECTRUM OF IEPS IS VERY BROAD, BUT A STUDENT WITH SIGNIFICANT LEARNING DISABILITIES OR WHAT KIND OF PROGRAMS ARE AT BOTH? I HEAR YOU MENTIONED RESOURCE TEACHERS, SO I CAN SAFELY ASSUME THAT YOU HAVE A RESOURCE PROGRAM.

BUT WHAT KIND OF SUPPORTS ARE GIVEN FOR THOSE STUDENTS DEPENDING ON NEED, RIGHT.

IT IS VERY DEPENDENT AND IF THERE WAS A NEED THAT WE DON'T HAVE THE SUPPORTS FOR THEM.

Documentary Record 002243

THAT'S PART OF OUR CONVERSATION WITH OUR SELPA IS WHAT SUPPORTS DO WE NEED TO BE ABLE TO HAVE TO PROVIDE? BUT WE HAVE PARAPROFESSIONALS RIGHT NOW, RIGHT? SO WE DEFINITELY HAVE STUDENTS WHO HAVE 1 TO 1 AIDES AND HAVE VERY SPECIFIC NEEDS.

DO YOU HAVE SPECIAL EDUCATION TEACHERS OTHER THAN RESOURCE TEACHERS? WE USE THOSE SYNONYMOUSLY.

SO IS THERE A DIFFERENT MEANING YOU'RE LOOKING FOR? YEAH. LIKE SO A STUDENT, A TEACHER THAT WOULD SUPPORT, LIKE A MILD MODERATE CLASS OR A MODERATE SEVERE CLASS.

THAT'S A SPECIAL SDC IS WHAT YOU'RE ASKING FOR.

LIKE TEACHERS WHO SUPPORT SDC VERSUS A TEACHER WHO SUPPORTS RESOURCE.

THEY CAN DO BOTH. BUT DO YOU HAVE THEM SEPARATE? WE DON'T HAVE AN SDC CLASS.

WE HAVE ALL OF OUR WORK IS INCLUSION.

ALL OF IT'S INCLUSION, CORRECT? YEAH. AS A SINGLE SITE CHARTER, THAT'S PRETTY STANDARD.

FOR THE SAKE OF OPERATING. SO THAT'S WHY WE WORK WITH THE SELPA IN THAT SITUATION AND THEN DO YOU DO ANY OF THE MARKETING THAT YOU WERE TALKING ABOUT AND APPEALING TO DIFFERENT FAMILIES? I'VE HEARD A VARIETY OF THINGS THAT YOU GUYS HAVE DONE.

DO YOU DO THAT WORK SPECIFICALLY WITH FAMILIES, WITH STUDENTS THAT MAY HAVE DISABILITIES? MEANING, DO WE UTILIZE CURRENT FAMILIES AS PART OF, SAY, I JUST DON'T WANT TO MISS THE NOT NOT CURRENT FAMILY.

SO LIKE WHEN YOU GO OUT AND YOU MARKET TO THE DIFFERENT COMMUNITIES THROUGHOUT LOS ALTOS, DO YOU EVER DO I WANT I DON'T WANT TO SAY TARGETED, BUT OPEN.

ADVERTISING THAT YOU SUPPORT STUDENTS WITH DISABILITIES.

YEAH, ABSOLUTELY THAT KIND OF.

YEAH. I UNDERSTAND WHAT YOU'RE SAYING FOR SURE.

THAT'S A BIG PART OF WHAT OUR, ALL OF OUR FLIERS AND MATERIALS SAY IS THAT WE DO SERVE ALL STUDENTS AND THAT MEANS, LIKE PART OF THE INFO SESSION THAT THAT

I GIVE IN OUR PRINCIPALS GIVE EACH FALL IDENTIFIES THAT SPECIFICALLY WE SUPPORT ALL STUDENTS.

THAT'S THOSE WHO HAVE SPECIAL EDUCATION NEEDS, WHO MAY HAVE AN IEP, WHO MIGHT NOT HAVE ONE NOW, WHO MIGHT HAVE ONE LONG TERM, ETC..

SO THE BEST WE CAN DO IS MESSAGE THAT AND CONSISTENTLY SHARE THAT IS PART OF OUR PROGRAM.

SO THAT IS A KEY PART OF ALL OF THE FLIERS, POSTCARDS, MAILERS AND MATERIALS THAT GO OUT.

OKAY. CAN I JUST MAKE ONE OTHER COMMENT? I THINK THAT WE'VE HAD FAMILIES THAT HAVE REALLY APPRECIATED THE FACT THAT WE DO HAVE A PUSH IN MODEL WHERE THE STUDENTS ARE IN THE CLASSROOM AND NOT OUT IN, YOU KNOW, IN AN SDC CLASS ALL DAY LONG.

ONE OF THE THINGS THAT I SAW OUR CHILDREN STARTED IN LOS ALTOS SCHOOL DISTRICT PRIOR TO THE CHARTER SCHOOL BEING STARTED AND IN MY DAUGHTER'S CLASS, THERE WERE KIDS THAT WERE VERY MILD.

I MEAN, THEY SEEMED COMPLETELY FINE TO ME AND THEY WERE IN SDC CLASSES ALL BUT FOR ART AND LIKE ART AND PE OR ART AND MUSIC, THEY WERE ALMOST ALWAYS PULLED OUT.

AND I THINK ONE OF THE THINGS THAT OUR SCHOOL DOES REALLY WELL IS ENSURE WHAT THE LAW SAYS, WHICH IS YOU SHOULD BE MAINSTREAMED AS MUCH AS POSSIBLE AND I REALLY FEEL LIKE OUR SCHOOL REALLY EMBRACES THAT.

THOSE ARE ALL MY QUESTIONS FOR NOW.

VICE PRESIDENT ROCHA THANK YOU.

I DID HAVE A FOLLOW UP QUESTION.

IT WAS TRUSTEE SREEKRISHNAN TOUCHED ON A LITTLE BIT, AND IT WAS THE TRACKING THE FOLKS THAT OR THE FAMILIES THAT LEAVE AND IS THAT SOMETHING INFORMATION YOU SHARE WITH THE COUNTY OFFICE OF EDUCATION, OR IS THAT SOMETHING YOU JUST KEEP INTERNALLY? THERE'S A CHILD FIND REQUIREMENT, RIGHT.

SO IF A STUDENT ENROLLS SOMEPLACE ELSE WE NEED TO MAKE SURE THAT WE'RE EXCHANGING THOSE RECORDS.

BUT ANYTHING THAT WE DO IS AN INTERNAL EXIT SURVEY IS SOMETHING THAT WE JUST GATHER IF FAMILIES.

Documentary Record 002245

I THINK YOU NEED THE SAME THING.

IF FAMILIES ARE WILLING TO SHARE THE INFORMATION WITH US, WE DO ASK THEM, BUT THEY'RE NOT OBLIGATED TO SHARE WITH US THE WHY.

SO YOU DON'T SHARE IT WITH THE COUNTY OFFICE OF EDUCATION.

[02:50:02]

OKAY AND DO YOU HAVE I KNOW THIS IS OFF THE TOP OF YOUR HEAD, BUT THE AMOUNT OF STUDENTS THAT YOU DO HAVE DEPART MID I GUESS EDUCATION EXPERIENCE NOT JUST OBVIOUSLY AT CONCLUSION OF THE EIGHTH GRADE, BUT MID LEAVE.

THIRD GRADE, FOURTH GRADE, FIFTH GRADE.

DO YOU KNOW HOW MANY YOU HAVE THAT DROP OUT PERCENTAGE WISE EACH YEAR? I DON'T KNOW THAT OFF HEAD.

OUR RETENTION IS HIGH, BUT I DON'T KNOW SPECIFICALLY WHAT THAT PERCENTAGE IS NOW.

OKAY. I'M INTERESTED IN THAT.

YEAH. HAPPY TO GET THAT. PLEASE AND THEN I RECALL AND AGAIN, FIRST TIME AROUND ON THESE, I THINK THIS QUESTION IS MORE FOR KIND OF EDUCATION STAFF.

STATE LAW AROUND CONSIDERATION ON RENEWALS OF IMPACTS TO THE SCHOOL DISTRICT OF RESIDENCY IS DID I MISHEAR THAT? AND I THINK THAT WAS PROBABLY ONE OF THE BRIEFINGS THAT I HEARD THERE WITH 15 ZERO AB 1505 THAT CAME INTO EFFECT IN 2020, THERE WERE A COUPLE OF NEW CAUSES FOR DENIAL OF CHARTERS THAT WERE ADDED, INCLUDING IN FISCAL IMPACT ON THE DISTRICT.

BUT THOSE FINDINGS ARE SPECIFICALLY NOT PERMITTED TO BE USED FOR DENIAL OF A RENEWAL.

OKAY. SO THAT'S ONLY A NEW CHARTER.

APPLICATIONS. GREAT. THANK YOU.

MY OTHER QUESTIONS HAVE BEEN ASKED, BUT I JUST WANT TO CLOSE, AND I APPRECIATE AGAIN LOIS, AND THE REACHING OUT TO ME, EDUCATING ME, ATTENDING THE SCHOOL SITE, I BELIEVE AND YOUR JOB AND YOUR ROLE IS TO PRESENT THE EXPERIENCE FOR YOUR FAMILIES AND THE STUDENTS AND THAT'S A POSITIVE ONE.

BUT THE OTHER SIDE OF THE COIN IS THAT IMPACT OR THAT MAY NOT BE A POSITIVE ONE THROUGHOUT THE COMMUNITY AND I HOPE YOU WILL ACKNOWLEDGE THAT.

Documentary Record 002246

BECAUSE EVERYBODY HAS A DIFFERENT EXPERIENCE AND A DIFFERENT LENS FOR THIS.

AND WHILE YOUR EXPERIENCE AND YOUR FAMILIES AND YOUR STUDENTS MAY BE 100% POSITIVE, THAT DOESN'T MEAN THAT THERE MAY NOT BE IMPACTS THROUGHOUT THE DISTRICT AND I'M NOT SUGGESTING THAT THERE IS OR ISN'T, BUT WALKING INTO IT, JUST SUGGESTING THAT EVERYTHING'S GREAT AND, YOU KNOW, WE'RE NOT SURE WHY EVERYBODY HAS DOESN'T HAVE THE SAME IDEA AS WE DO OR THE SAME VISION AS WE DO IS, I THINK, A BIT EITHER NAIVE OR NOT ACKNOWLEDGING THAT THERE ARE IMPACTS WHEN CHARTER SCHOOLS ARE OPENED IN PUBLIC SCHOOL AREAS.

SO I WANT TO THANK EVERYBODY FOR THEIR TIME AND APPRECIATE IT.

THANK YOU.

TRUSTEE DI SALVO.

SURE. ONE QUICK QUESTION, AND IT'S FOR STAFF.

GOING BACK TO AB 1505, COULD YOU REVIEW FOR ME IF THERE WERE FOUR MEMBERS OF THIS BOARD? I DON'T KNOW WHAT'S GOING TO HAPPEN IN AUGUST.

THAT OR MAJORITY OF THIS BOARD THAT WANTED TO DENY THE REAUTHORIZATION OF BULLIS.

WHAT IS THEIR APPEAL PROCESS? AND IN THAT APPEAL PROCESS, COULD THEY STILL GET SEVEN YEARS? THE APPEAL IS THIS.

CAN YOU HEAR ME? SORRY.

THE APPEAL PROCESS FROM THE COUNTY BOARD IS AN APPEAL TO THE STATE BOARD OF EDUCATION.

THE STATE BOARD OF EDUCATION CAN OVERTURN A CHARTER DENIAL ONLY IF THEY MAKE A DETERMINATION THAT THERE WAS AN ABUSE OF DISCRETION IN THE DENIAL, AND THE STATE BOARD WOULD THEN MAKE THE DECISION.

SINCE THERE ARE HIGH PERFORMING CHARTER SCHOOL BETWEEN 5 AND 7 YEARS AND JUST TO BE CLEAR, THE STATE BOARD NO LONGER ACTS AS THE CHARTERING AUTHORITY.

IF THEY APPROVE IT, THEN THE STATE BOARD WOULD CONSULT WITH BULLIS AND THEN WOULD ASSIGN OVERSIGHT EITHER BACK TO THE COUNTY BOARD OR TO THE LASD BOARD. WHAT WOULD BE AN EXAMPLE OF A THANK YOU FOR THAT? COUNCIL HARDIN, WHAT WOULD BE AN EXAMPLE OF ABUSE OF DISCRETION? I DON'T HAVE AN EXAMPLE.

Documentary Record 002247

THERE HAVE NOT BEEN VERY MANY CASES BECAUSE THERE HASN'T REALLY BEEN RENEWALS, AND THERE HAVEN'T EVEN BEEN THAT MANY NEW CHARTERS.

I MEAN, AN ABUSE OF DISCRETION WOULD GENERALLY BE THAT YOU DID NOT FOLLOW THE STANDARDS THAT ARE IN THE LAW.

YOU ABUSED THE DISCRETION THAT IS GRANTED TO YOU TO MAKE THE DECISION BASED ON THE STANDARDS IN THE LAW.

OKAY. THANK YOU. THANK YOU, MADAM PRESIDENT.

TRUSTEE LARI DO YOU HAVE ANY FOLLOW UPS? SO I HAD A QUESTION A SPECIFIC QUESTION ABOUT FRPM TO SEE, LIKE, IS IT POSSIBLE TO MOVE IT TO A HIGHER PRIORITY PLACE SO THAT MORE PEOPLE, DISADVANTAGED STUDENTS CAN BE ENROLLED? I BELIEVE IT'S OUR SECOND PRIORITY RIGHT NOW.

ANY ADJUSTMENT IN THAT CONVERSATION THAT WOULD HAVE TO COME FROM DISCUSSION WITH THE BOARD? IT WOULDN'T BE A DECISION I COULD MAKE AND I THINK IT'S IMPORTANT TO KNOW THAT THE FIRST PRIORITY IS SIBLINGS.

[02:55:02]

WE VALUE FAMILIES BEING ABLE TO HAVE THEIR CHILDREN AT THE SCHOOL TOGETHER.

SO I THINK IT WOULD BE HARD TO FOR ANYBODY TO AGREE THAT SIBLINGS SHOULD NOT BE A PRIORITY.

THANK YOU. TRUSTEE MAH.

THANKS AND SO I THINK THAT JUST KIND OF REINFORCES FOR ME, YOU KNOW, HAVE YOU HIT THE CAP? YOU KNOW, IF YOU HAVEN'T HIT THE CAP, THEN THERE'S NOTHING KIND OF WE CAN DO.

BUT IF YOU'VE HIT THE CAP, THEN THERE MAY BE SOME ROOM FOR EXPANSION.

BUT MY QUESTION, MY NEXT QUESTION IS TO TWO QUESTIONS.

ONE IS, WITH RESPECT TO VICE PRESIDENT ROACH'S QUESTION OF THE STUDENTS WHO ARE NOT, YOU KNOW, THE 93% ACHIEVERS.

DO YOU HAVE REMEDIATION CLASSES OR, YOU KNOW, CLASSES FOR STUDENTS WHO ARE NOT DOING WELL? WE DON'T HAVE SEPARATE SETTING IN THAT WAY, BUT THERE ARE STRUCTURES WE HAVE IN PLACE FOR THAT TO BE A POSSIBILITY.

SO IN OUR TK THROUGH FIVE, FOR EXAMPLE, WE RUN A PERIOD EVERY SINGLE DAY.

Documentary Record 002248

THAT'S AN OPPORTUNITY TO DO SMALL GROUP PULL OUT THAT COULD LOOK LIKE EL SUPPORT DESIGNATED ELD, THAT COULD LOOK LIKE THERE'S STUDENTS WHO NEED SOME ADDITIONAL EXTENSION WORK IN A CERTAIN CONTENT THAT COULD LOOK LIKE, HEY, THESE STUDENTS NEED SOME ADDITIONAL TIME REVISITING A SPECIFIC OBJECTIVE AND FROM ELA AND SO TEACHERS HAVE DISCRETION AND WORK ACROSS GRADE LEVELS OF THAT TIME PERIOD.

WHAT THAT LOOKS LIKE.

WE ALSO HAVE AN INTERVENTIONIST THAT WORKS ALONGSIDE OUR LITERACY SPECIALIST TO DO PUSHING INTO CLASSROOMS, SMALL GROUP, PUSHING ONE ON ONE SUPPORT, WHATEVER THE NEEDS MIGHT BE. LAST YEAR, HE SPENT HIS TIME WORKING WITH OUR ELL STUDENTS IN THE UPPER GRADE LEVELS SPECIFICALLY.

AND SO THAT IS A STRATEGY AND THEN, OF COURSE, OUR SPECIAL EDUCATION TEACHERS ALSO PUSH INTO CLASSROOMS TO WORK WITH THEIR STUDENTS, BUT AS A BEST PRACTICE, ALSO ARE WORKING WITH OTHER STUDENTS IN SMALL GROUPS AS WELL.

SO THERE'S MULTIPLE OPPORTUNITIES, I THINK LAYERED IN AND THEN OUR TEACHERS, OF COURSE, OUR MIDDLE SCHOOL TEACHERS RUN OFFICE HOURS AFTER SCHOOL AS A MEANS IN A WAY TO SUPPORT STUDENTS WHO MIGHT HAVE ADDITIONAL NEEDS IN A CERTAIN CONTENT AREA.

OKAY. THANK YOU AND THEN MY LAST QUESTION REALLY IS HARKENING BACK TO TRUSTEE DI SALVO QUESTION, IF THERE WERE ANY POSSIBLE MATERIAL REVISION WHICH COULD HELP ALLEVIATE SOME OF THE SITUATION I HAVE HEARD AND SO MAYBE THAT'S WHERE I NEED SOME CONFIRMATION THAT ONE THING THAT CAN BE DISCOURAGING TO FAMILIES WHO MAY WANT TO ATTEND BCS, BUT CAN'T OR DECLINED TO APPLY, IS THAT BCS DOESN'T HAVE AN AFTER SCHOOL PROGRAM, AN AFTER SCHOOL SPACE TO PROVIDE CHILD CARE.

I'LL JUST PUT IT THAT WAY [INAUDIBLE].

YEAH, I THINK THAT IS TWO YEARS AGO WE HEARD THE SAME THING LOUD AND CLEAR.

SO A FEW MOVES WE'VE MADE IN THAT WAY, MAYBE IT'S BEEN THREE YEARS.

WE EXTENDED OUR TK PROGRAM TO BE A FULL DAY PROGRAM.

SO WE OPERATE UNTIL AFTER 3:00 FOR TK AND K AND THEN WE TWO YEARS AGO DID A PILOT PROGRAM STARTING IN TK.

THAT WAS WHEN WE HAD HALF DAY TO RUN AN EXTENDED DAY FOR FAMILIES.

Documentary Record 002249

REALIZING THE POINT, YOU SAID WE REALIZED THAT WE WERE A HALF DAY PROGRAM AND THAT WAS LIMITING FOR FAMILIES TO ENROLL.

SO 3 YEARS AGO, GOSH, MAYBE MY YEARS ARE OFF.

I DON'T KNOW ANYMORE. BUT WE RAN A WE WHEN WE HAD A HALF DAY TK, WE DID AN EXTENSION AFTER SCHOOL PROGRAM.

WE THEN TRANSITIONED TO A FULL DAY TK, AND NOW WE OFFER THROUGH THE ELP PROGRAMING EXTENDED LEARNING DAY FOR ALL STUDENTS K THROUGH SIX.

SO THAT RUNS UNTIL 5:30 FOR FAMILIES.

AND IS THAT'S IN YOUR SAME FACILITIES.

SO YOU DIDN'T HAVE EXTRA CLASSROOMS OF ANY WITH YOU.

SO YOU SQUEEZE IT IN AND ARE THOSE CLASSES FULL, SO TO SPEAK? IT DEPENDS ON THE DAY. SO PART OF THAT HAS BEEN PART OF OUR PROGRAM THAT WE'VE BUILT IN HISTORICALLY, OUR EXTRACURRICULAR PROGRAM.

YOU HEARD SOME KIDDOS TALK ABOUT AND SOME FAMILIES THAT SPEND PART OF OUR STRUCTURE OPERATING MONDAY, TUESDAY, WEDNESDAY TO BE VERY SPECIFIC IN OFFERING THOSE DIFFERENT CLASSES TO STUDENTS. WE'VE EXTENDED THAT NOW TO RUN LATER ON THOSE DAYS AND THEN LAST YEAR PILOTED AS PART OF THE ELP, A THURSDAY AND FRIDAY OPTION WITH AN OUTSIDE PROGRAM THAT RAN UNTIL 5:30 AND SO THAT PROGRAM IS ALSO OPERATING WITH US THIS SUMMER, AND THEY WILL CONTINUE IN ADD ON FOR US NEXT YEAR AS WELL AND SO THE ATTENDANCE TO ANSWER YOUR QUESTION VARIES BY DAY JUST DEPENDING ON WHAT ELSE MIGHT BE GOING ON.

BUT WE HAVE SEEN A LOT OF INTEREST IN THAT.

WE RECOGNIZE THAT IT'S A WE ALL WORK YOU YOU ALL COME HERE AFTERWARDS.

IT'S REALLY HARD TO NAVIGATE WHEN YOU HAVE CHILDRE WITH THAT NEED IS AND SO WE HEARD THAT LOUD AND CLEAR FROM FAMILIES IS WE NEED TO FIND A SOLUTION AND I'M SORRY, IS THAT FEE BASED OR IS THAT QUESTION FOR OUR UNDUPLICATED PUPILS? IT HAS NOT BEEN FEE BASED.

ALL OF OUR STUDENTS. MONDAY, TUESDAY, WEDNESDAY, THE EXTRACURRICULAR BLOCK THAT'S PART OF THEIR OF OUR PROGRAM AND SO THAT IS FREE FOR THEM.

Documentary Record 002250

WE WILL DO A SLIDING SCALE FOR FAMILIES BASED ON INCOME FOR THAT ADDITIONAL CHILD CARE HOUR AFTER THAT, AND THEN THURSDAY AND FRIDAY, THE SAME THING, A SLIDING SCALE BASED ON

[03:00:08]

INCOME. GREAT AND I JUST WANT TO CONFIRM.

SO. YEAH. EVERY LAST SCHOOL, I JUST WANTED TO CHECK EVERY LASD SITE DOES HAVE AN AFTER SCHOOL CAPACITY AND IS THAT GENERALLY FULL ALSO OR HOW WELL ATTENDED IS THAT.

WE'RE OFFERING THE EXPANDED PROGRAMS AT ALL SEVEN OF OUR ELEMENTARY SCHOOLS.

FREE OFFERINGS TO OUR FAMILIES WHO QUALIFY FOR FREE AND REDUCED LUNCH.

FREE OR REDUCED LUNCH.

YEAH. I THINK GENERALLY THEY ARE FAIRLY FULL.

WHICH IS GREAT. GREAT.

YEAH. OKAY. THANK YOU.

THANKS VERY MUCH.

THAT'S IT AND BEFORE WE MOVE ON TO ANYTHING, I JUST I WANT TO THANK OUR STUDENT BOARD MEMBER FOR PARTICIPATING IN OUR MEETING AND BEING PRESENT.

AND AS IT IS 8 P.M., I'M GOING TO GO AHEAD AND EXCUSE OUR STUDENT BOARD MEMBER.

THANK YOU. STUDENT BOARD MEMBER, DE LA ROSA AGUILERA.

THANK YOU. SO IT LOOKS LIKE WE HAVE A COUPLE OF MORE QUESTIONS.

I'M JUST GOING TO ASK MAYBE ONE OTHER QUESTION AND IT LOOKS LIKE SOME OF THIS INFORMATION WILL GET KIND OF IN THE FOLLOW UP AS WELL AS DURING OUR NEXT DECISION MEETING.

THE QUESTION I HAD WAS FOR BULLIS, IN TERMS OF WHAT IS THE EXPECTATION OF PARENTS WHEN IT COMES TO DONATIONS OR OTHER TYPES OF SUPPORTS FOR THE SCHOOL? NONE. WE'RE A FREE PUBLIC SCHOOL.

WE DO HAVE AND WORK WITH THE FOUNDATION, BUT THEY ARE NOT.

Documentary Record 002251

THEY ARE A SEPARATE ENTITY.

RIGHT. SO I'M NOT PRIVY TO ANY OF THAT INFORMATION.

WHO DONATES? WHO DOESN'T? THAT'S NOT MY PURVIEW.

WE KEEP THAT VERY SEPARATE FOR THAT REASON.

SO THERE ARE NO EXPECTATIONS FOR DONATION.

WE LOVE FAMILY VOLUNTEERS.

SO MANY OF OUR FAMILIES VOLUNTEER.

IT IS NOT AN EXPECTATION TO VOLUNTEER.

WE RECOGNIZE THAT'S CHALLENGING FOR A VARIETY OF REASONS.

SO WE HOPE THAT THERE'S A RECREATE SPACE THAT MIGHT FIT PEOPLE'S NEEDS.

WE TRY TO FIND OPPORTUNITIES IF WE'RE RUNNING, HOSTING, PARENT MEETINGS.

CAN THEY BE ON ZOOM? ARE THEY IN THE MORNINGS? ARE THEY IN THE EVENINGS? WHAT CAN WE DO TO ACCOMMODATE SCHEDULES BUT NO EXPECTATIONS FOR DONATION OR VOLUNTEERING? IS THAT ANY PART OF YOUR BUDGET OR IN TERMS OF, YOU KNOW, DETERMINING WHAT YOUR PROGRAM IS GOING TO LOOK LIKE? YEAH. DO YOU IS THAT A PART OF YOUR BUDGET? SOME OF OUR HOW THE FOUNDATION FOLDS INTO THE BUDGET.

I'LL HAVE SABRINA SPEAK TO THAT.

GOOD EVENING FOLKS. MY NAME IS SABRINA SILVER.

I WORK WITH EDTECH AND WE DO FINANCIAL STRATEGY AND SUPPORT FOR BULLIS, AND WE HAVE SINCE ITS INCEPTION.

SO EVERY YEAR DURING THE BUDGETING PROCESS, THE SCHOOL CREATES ITS EXPENSE SIDE BUDGET, AND WE PROVIDE PROJECTIONS IN TERMS OF PUBLIC REVENUES.

A PART OF THAT IS THAT WE RECEIVE A COMMITMENT FROM THE FOUNDATION.

WE DO THAT BOTH FOR THE COMING YEAR AS WELL AS IN THE MULTI YEAR PROJECTIONS SO FAR.

EXCUSE ME, SINCE THE INCEPTION OF THE SCHOOL, THE FOUNDATION HAS ALWAYS FOLLOWED THROUGH ON ITS ANNUAL AND MULTI YEAR COMMITMENTS AND IN NONE OF THE RECENT AUDITS HAS THE AUDITOR IDENTIFIED THAT COMMITMENT CANNOT BE

Documentary Record 002252

RELIED UPON IN THE CURRENT YEAR OR IN COMING YEARS? DO YOU HAVE A ROUND ABOUT WHAT THAT PERCENTAGE IS OF THE BUDGET? IT'S ABOUT A THIRD OF THE REVENUE FOR THE SCHOOL IN THE COMING YEARS.

YOU'LL SEE IN YOUR PETITION IT'S BETWEEN 5 AND $6 MILLION.

SO DONATIONS MAKE UP A THIRD OF THE BUDGET OR MONEY FROM THE FOUNDATION.

CONTRIBUTIONS FROM THE FOUNDATION, A COMMITMENT FROM THE FOUNDATION MAKES UP A THIRD OF THE REVENUES THAT SUPPORT THE SCHOOL.

YES, AND THAT'S NOT NECESSARILY I DON'T KNOW THE SOURCES OF THOSE CONTRIBUTIONS, BUT THIS SEPARATE NONPROFIT ENTITY PROVIDES A COMMITMENT THAT THEY HAVE ALWAYS MET AND ACCORDING TO AUDITED FINANCIALS, WILL CONTINUE TO MEET.

OKAY. THAT WOULD BE HELPFUL TO BETTER UNDERSTAND IN TERMS OF THE FOUNDATION'S CONTRIBUTIONS, WHETHER THEY ARE, YOU KNOW, DONATION BASED AND WHETHER THOSE ARE COMING FROM FAMILIES.

I'M JUST CONCERNED A LITTLE BIT ABOUT WHETHER IT'S A STATED EXPECTATION OR NOT.

IS THERE GOING TO BE AN UNDERLYING EXPECTATION IF YOU'RE SAYING A THIRD OF THE BUDGET HAS TO BE FULFILLED? I MEAN, I THINK ABOUT ALL OF THOSE AMAZING PROGRAMS AND OFFERINGS, AS YOU KNOW, OBVIOUSLY, THAT'S AGAIN, THE FOUNDATION IS A COMPLETELY SEPARATE ENTITY FROM THE SCHOOL.

THAT AGAIN HAS SUPPORTED THE SCHOOL SUCCESSFULLY SINCE ITS INCEPTION AND IN THE AUDITED FINANCIALS, THERE HAS BEEN NO RISK IDENTIFIED FOR THE FISCAL SOLVENCY OF THE FOUNDATION AND THE FOUNDATION'S FINANCIALS ARE PUBLICLY AVAILABLE, BUT THE SCHOOL WOULDN'T NECESSARILY SPEAK TO THE FOUNDATION SOLVENCY. I UNDERSTAND THAT I'M MORE TALKING ABOUT THE MESSAGING.

[03:05:01]

RIGHT. OF IF YOU'RE SAYING THAT A THIRD OF THE BUDGET COMES FROM THE FOUNDATION, AND THOSE ARE LARGELY MADE UP OF DONATIONS, YOU KNOW THAT THERE'S SOME PIECES TO CONSIDER THERE OF THOSE FACTS.

SO THANK YOU.

SO TRUSTEE SREEKRISHNAN.

THANK YOU. I GUESS TO THAT POINT IN ANY OF THE ENROLLMENT MATERIAL OR PARENTAL NOTIFICATIONS OR, I GUESS, MARKETING ARE THERE DO YOU WANT TO SPEAK TO THAT IN TERMS OF WHAT WAS IN TERMS OF DONATIONS, OR IS THAT? WOULD LOVE TO HEAR ABOUT NONE OF THAT IS ENROLLMENT.

LIKE I SAID, THAT'S NOT ANYTHING TO DO WITH US IN THE SCHOOL SIDE.

SO NO MARKETING MATERIALS, NO ENROLLMENT MATERIALS, NOTHING HAS ANYTHING ABOUT DONATIONS.

OKAY AND THIS IS A CLARIFYING QUESTION.

SO FOR DISTRICT FOR STUDENTS THAT MAY LIVE OUTSIDE OF LASD, THAT ARE IN BULLIS.

ARE THEY ALL RELATED TO STAFF OR.

I REMEMBER OR.

YEAH. GOOD QUESTION.

NO, VARIETY OF AN OUT OF DISTRICT IS DOWN THE PREFERENCE LIST. BUT LET ME GIVE YOU AN EXAMPLE.

LET'S SAY A STUDENT ENROLLS IN KINDERGARTEN.

THEY LIVE IN DISTRICT A FAMILY, ONCE THEY HIT FOURTH GRADE MOVES, THEY STILL REMAIN OUR STUDENT.

SO THEY BECOME AN OUT OF DISTRICT STUDENT FOR US.

BUT THEY ARE STILL OUR STUDENT. WE DON'T LOSE THEM.

THEY DON'T LEAVE BECAUSE THEY MOVED OUT OF DISTRICT.

AS LONG AS THEY STILL WANT TO CONTINUE.

SO OUT OF DISTRICT CAN MEAN A LOT OF THINGS.

MANY TIMES IT MEANS, AS FAMILIES DO, THAT THERE ARE STUDENTS WHO STARTED WITH US IN DISTRICT, AND THEN MAYBE AS THEIR FAMILY HAS GOTTEN LARGER, THEY MAY HAVE TRANSITIONED OUT OF DISTRICT. STUDENTS HAVE EVERY ABILITY.

WE ARE A PUBLIC SCHOOL. WE CAN ENROLL ANYBODY IN THE STATE OF CALIFORNIA.

SO OUT OF DISTRICT STUDENTS ALSO HAVE THE ABILITY TO JOIN OUR WAITLIST AND TO ENTER INTO THE LOTTERY.

OKAY WAS CURIOUS.

Documentary Record 002254

IT'S IMPORTANT TO UNDERSTAND, TOO, UNLIKE TRADITIONAL SCHOOL DISTRICTS WHERE WHEN A STUDENT MOVES OUT OF DISTRICT, THEY THEN NEED TO ENROLL IN THEIR OWN CHARTER SCHOOL.

LAW REQUIRES US TO ALLOW THOSE STUDENTS TO CONTINUE, SO WE HAVE NO CHOICE IN ALLOWING THOSE STUDENTS TO CONTINUE.

SO IF A FAMILY DOES MOVE OUT OF DISTRICT, THEY HAVE THE OPTION TO CONTINUE TO STAY AS LONG AS THEY LIVE IN CALIFORNIA.

OKAY. JUST CURIOUS ABOUT THAT AND I SHOULD HAVE ASKED THIS EARLIER.

SO IS I KNOW WE TALKED A BIT ABOUT POTENTIALLY A NEW SITE.

IS BULLIS LOOKING TO LOOK AT OTHER SITES OR IS CROWDING IT AT ALL AN ISSUE? I KNOW THERE ARE SOME SHARED FACILITIES, SO I'D LOVE TO HEAR INFORMATION ABOUT THAT.

YEAH, SO WE'VE OPERATED FOR THE LAST, OH, ALMOST TEN YEARS, I BELIEVE, ON THESE TWO SITES, THE TWO JUNIOR HIGH SCHOOL SITES THAT LASD HAS IN THE DISTRICT.

WE'VE THRIVED THERE.

WE'VE CREATED GREAT COMMUNITIES.

WE'VE OUR FAMILIES ARE VERY HAPPY THERE.

WE HAVE FOUND THAT THE STAFF HAVE BEEN ABLE TO WORK REALLY WELL TOGETHER.

I THINK IT'S IMPORTANT TO NOTE THAT LASD'S ENROLLMENT HAS DECLINED OVER THIS PERIOD OF TIME.

WELL OVER 1000 STUDENTS.

SO EVEN IF THEY WERE TO BRING THEIR SIXTH GRADERS THERE, WE STILL WOULDN'T BE ANY HIGHER ENROLLMENT ON THOSE CAMPUSES THAN IT HAS BEEN AT OTHER PEAK TIMES.

OKAY.. BUT AND I BUT I WOULD ENCOURAGE THOSE DISCUSSIONS TO, YOU KNOW.

ABSOLUTELY. LIKE WE SAID, WE ARE NOT OPPOSED TO HAVING CONVERSATIONS.

WE JUST FEEL LIKE WHEN YOU'RE MAKING SAUSAGE, YOU NEED TO MAKE THE SAUSAGE AND THEN COME OUT WITH WHAT THE ACTUAL, YOU KNOW, DISH IS AND I THINK IT'S REALLY IMPORTANT BECAUSE YOU CAN'T REALLY TALK CANDIDLY UNLESS YOU HAVE THOSE CONVERSATIONS.

OKAY. THOSE ARE MY QUESTIONS.

ANY OTHER QUESTIONS FROM TRUSTEE? OH, SORRY. TRUSTEE CHON.

YEAH. I'LL BE REALLY QUICK.

I REALLY APPRECIATE A LOT OF THE INFORMATION THAT'S COME FORWARD FROM JUST PART OF YOUR BOARD MEMBERS AS WELL AS SUPERINTENDENT ISRAEL.

SO THANK YOU FOR ANSWERING.

I'M NOT SURE IF YOU WERE TOTALLY PREPARED TO ANSWER ALL THE QUESTIONS THAT WE HAD, BUT I DO APPRECIATE IT.

SUPERINTENDENT ISRAEL, I KNOW YOU HAD KIND OF COMMENTED THAT IT IS THERE'S A LOT OF CONCERNS THAT HAVE BEEN COME FROM THE PUBLIC AND SO I DO APPRECIATE YOU ANSWERING A LOT OF OUR QUESTIONS, BECAUSE THAT'S WHERE SOME OF OUR QUESTIONS DERIVE FROM AND IF WE DON'T HAVE THE OPPORTUNITY TO ASK AT OUR BOARD MEETING, YOU KNOW, THIS HELPS CLARIFY WHAT IS GOING ON, I THINK, FOR THE PUBLIC.

SO THANK YOU FOR ANSWERING THOSE QUESTIONS AND I THINK THAT THERE IS A DISTINCT DIFFERENCE BETWEEN WHAT WE JUST HEARD SOME EXAMPLES AND SO OF WHAT CHARTER SCHOOLS AND CHARTER SCHOOL LAW ALLOWS VERSUS WHAT OUR YOU KNOW, OUR TRADITIONAL LIKE, LASD ALLOWS.

[03:10:02]

SO I UNDERSTAND WHY LASD WOULD NOT HAVE YOU GUYS PRESENT AT THEIR SCHOOL DISTRICT.

IT IS VERY DIFFERENT, INCLUDING THE INTER DISTRICT POLICIES, BECAUSE THAT IS THAT WOULD BE DIFFERENT IF A STUDENT MOVED.

SO YOU KNOW, I DON'T WANT THAT TO GET INTERPRETED AS A LACK OF COLLABORATION, BUT I THINK THAT THERE ARE VERY, TWO VERY DIFFERENT ENTITIES AND SO WE OBVIOUSLY SEE THAT TONIGHT WITH A LOT OF OUR QUESTIONS.

ONE LAST QUESTION THAT I'LL ASK FOR TONIGHT, AND I'M SURE I'LL HAVE MORE LATER.

BUT IN REGARDS TO SOME OF THE MATERIAL THAT WENT OUT IN STUDENT RECRUITMENT IS JUST THE WORDING. ALL STUDENTS.

Documentary Record 002256

IS THERE ANYTHING SPECIFIC SAYING LIKE WE SUPPORT STUDENTS WITH IEPS, 504'S OR ENGLISH LANGUAGE LEARNERS, OR IS IT JUST ALL STUDENTS? THERE IS SPECIFIC LANGUAGE TO THAT.

I THINK IF IT'S NOT ON THE SLIDES, THE VISUAL THE LAST THREE AND FOUR FROM THE END WERE EXAMPLES OF A MAILER THAT WENT OUT IN SPANISH AND ENGLISH.

IT'S THE FRONT SIDE OF IT, SO I'M NOT SURE IF IT'S ON THE FRONT SIDE.

THE BACK SIDE, I BELIEVE, IS WHERE IT'S DETAILED, WHICH YOU DON'T HAVE ACCESS TO AND HAPPY TO SHARE THAT.

BUT THAT DOES THAT ACTUALLY MIGHT BE IN OUR PETITION, BUT IT DOES SAY, YEAH, THAT WE SUPPORT ENGLISH LEARNERS, STUDENTS WITH SPECIAL EDUCATION OR IEPS.

IT VERY SPECIFICALLY OUTLAYS THE STUDENTS THAT WE SERVE.

OKAY. YEAH I SEE IT HERE.

BUT I ONLY SEE JUST YEAH I THINK IT'S ON THE BACK SIDE OF THAT MAILER.

OKAY. YEAH. IF WE VISUAL I THINK IS IN YOUR MATT I DON'T WANT TO PUT THAT WE ARE HAVING TO GET THAT TO YOU IF.

YEAH. THAT WOULD BE WONDERFUL.

THANK YOU. THAT'S ALL I HAD.

PRESIDENT BERTA. THANK YOU.

I'M SORRY. WHAT WAS THIS ABOUT? I JUST WANTED TO QUICKLY AMEND THE RESPONSE THAT I GAVE YOU ABOUT THE PERCENTAGE OF THE CONTRIBUTION THAT COMES FROM THE FOUNDATION, HISTORICALLY, THAT HAS MADE UP ONE THIRD OF REVENUES. YOU'LL SEE IN THE PETITION BUDGET THAT WITH THE INCREASE IN PUBLIC REVENUES THAT ARE COMING IN, THAT WILL NOW BE CLOSER TO A QUARTER OF THE REVENUES.

SO I JUST WANT TO MAKE SURE THAT'S BEEN DISTINGUISHED.

FOR THE RECORD. THANK YOU FOR CLARIFYING.

ARE THERE ANY OTHER QUESTIONS OR COMMENTS FROM THE BOARD? TRUSTEE LARI.

THANK YOU.

I HAD A QUESTION ABOUT INTERNATIONAL SUMMER FIELD TRIPS.

Documentary Record 002257

LIKE HOW DO THEY WORK AND THEN IF STUDENTS CAN'T AFFORD TO GO, ARE THERE SCHOLARSHIPS AVAILABLE OR WHAT IS THE PROCESS? WE OFFER NON PROGRAMMATIC TRIPS SO THEY'RE NOT PART OF OUR SCHOOL PROGRAM.

BUT THERE ARE SCHOLARSHIPS AVAILABLE FOR STUDENTS WHO WHO WOULD QUALIFY IN THOSE SPACES.

THANK YOU FOR HAVING RECEIVED COMMENTS FROM STAFF, BULLIS CHARTER SCHOOL, THE SCHOOL DISTRICT'S SCHOOL DISTRICT, AND THE PUBLIC, THE BOARD NOW CLOSES THE PUBLIC HEARING.

THE BOARD WILL RECONVENE AND ACT ON THIS REQUEST ON AUGUST 26TH, 2024 ANY FURTHER DELIBERATIONS BY THE BOARD PRIOR TO ACTING ON THIS MATTER WILL BE IN CONFORMANCE WITH ALL OTHER REQUIREMENTS OF THE BROWN ACT.

THIS HEARING IS NOW CLOSED AND THE BOARD.

Dear President Berta, Vice President Rocha, SCCBOE Trustees, Superintendent Dewan, and Executive Director Fairley -

Attached please find both a copy of my comments from the BCS Charter Renewal hearing on July 17th, and a follow up letter from me on behalf of the district with further thoughts on the decision before the Board later this month. Please don't hesitate to reach out to either myself or Superintendent McGonagle if there are any questions we can answer, points we can clarify, or additional data that we can provide which might be helpful.

Thank you again for your time and attention,
Bryan

Documentary Record 002259

LASD Presentation to SCCBOE 7/17/24

Good evening President Berta, Vice President Rocha, Trustees, and Superintendent Dewan. Thank you for the opportunity to comment tonight on behalf of Los Altos School District.

In 2003, a group of Los Altos Hills families organized the creation of Bullis Charter School. The original charter petition stated plainly that the school would "focus on serving primarily … students within the former Bullis Purissima boundaries and the Los Altos Hills community as a whole." Applicants from that area would receive enrollment priority even over siblings of current students.

While the exact order of enrollment preferences shifted over time, this discrimination in favor of students from one of the wealthiest parts of Santa Clara County persisted. As recently as 2019, the BCS board insisted that removal of this geographic enrollment preference constituted a hardship for the school, and they finally relented only under significant pressure from the county in the wake of the passage of AB1505.

The result of 20 years of focus on primarily serving an affluent community has been a myriad of decisions, large and small, that have resulted in an educational program that is financially dependent on parents able to make millions of dollars in annual contributions to their children's school, and in an atmosphere that has discouraged, and continues to discourage, enrollment of a diverse student population.

The existence and impact of these practices has been communicated regularly by members of the LASD community at large over the entire 20 years of BCS's existence. Some of them may tell their stories tonight, and some may reach out to you over the coming weeks. I hope you will take all of them to heart, recognize that they are a small subset of the stories we have heard over the years, and consider what may be required under current charter law to correct such long-standing issues.

In 2018, rather than explore ways to serve a proportional number of socioeconomically disadvantaged students in the existing program, the BCS board pursued creation of a new charter school in the neighboring Mountain View Whisman School District. That District Board made it clear that they would insist that the new charter proactively avoid the same kinds of failures to serve all students that had occurred in LASD, and required as a condition of approval that BCS make the planned lottery preference for Free and Reduced Price Meal-eligible students the first preference, rather than the fourth preference. The subsequent abandonment of that charter creation

Documentary Record 002260

effort speaks volumes about BCS' attitude about their desired demographics, and suggests that they believe them to be key not only to their finances but also to the educational outcomes reflected in the state dashboard.

As a result of the long-standing and significant gaps between the student demographics of LASD and BCS, especially with regard to Hispanic students, English Language Learners, students with disabilities, and socioeconomically disadvantaged students, and in light of recent changes to charter law, in May 2021 the SCCOE issued a Notice of Concern, establishing that BCS had been serving "statistically significantly lower proportions of all four student groups than in LASD", informing BCS of the possible consequences for the charter renewal, and expressing a desire to work collaboratively with the charter school.

Unfortunately, far from working collaboratively with the county, the BCS board has instead continued to insist that the cited demographic issues either do not exist or do not matter. And so, the charter renewal petition before you offers even fewer concrete efforts for remediation than the 2016 renewal petition did, and maintains the arbitrary 10% cap on the lottery preference for FRPM-eligible students who reside within LASD.

And as inadequate as that is likely to be in closing the gap in terms of socioeconomically disadvantaged students, the renewal petition offers no concrete solutions at all to address the historic and ongoing under-enrollment of students with disabilities, especially including those with more severe disabilities. Data shows that BCS not only serves a smaller percentage of students with disabilities than LASD, but also fails to serve students in most of the 13 categories of eligibility under IDEA.[1] As previously shared with the SCCOE and SCCBOE, the District has anecdotal and verifiable evidence that BCS has explicitly declined to serve those very types of students with more significant needs on the grounds that they are "not a fit" for the BCS educational program.

In the three years since the Notice of Concern, very little has changed, as reflected by this board's unanimous vote in August of 2023 to reaffirm it. While the renewal petition attempts to minimize these ongoing deficiencies by ranking BCS against individual LASD schools, charter law clearly requires

[1] The 13 categories of eligibility under the IDEA are: autism; deaf-blindness; deafness; emotional disturbance; hearing impairment; intellectual disability; multiple disabilities; orthopedic impairment; other health impairment; specific learning disability; speech or language impairment; traumatic brain injury; or visual impairment (including blindness).

Documentary Record 002261

comparison to the district as a whole. More importantly, the clear intention of charter law, reinforced by the passage of AB1505, has always been that charter schools should be accessible to all students, and that they should view under-served student populations as a focus, rather than as an afterthought.

The charter renewal petition claims to show recent significant increases in enrollment of some under-represented groups. However, those increases, even if correct, do not close the gaps with district demographics. They are indeed only possible because they are relative to incredibly low baselines that have not moved in a decade or more. We have no confidence that this one-year trend will continue if this renewal petition is approved as is.

Given the serious nature of the issues presented in the Notice of Concern, more than three years ago, Bullis Charter School's failure to address them in the renewal petition is made even more glaring by the existence of several straightforward measures that could be included.

For example, to address their under-enrollment of socioeconomically disadvantaged students, the first and most obvious change would be to move the existing preference for FRPM-eligible students to the first position, dramatically increasing the number of slots available each year, and to remove the arbitrary 10% cap entirely.

But even beyond that, BCS has another opportunity to make itself more attractive to a more diverse population. We have developed plans to build an entire new campus in the most densely populated part of the district, in close proximity to many families matching the under-represented cohorts at BCS. Planning to move there would seem to be an obvious way to strengthen the renewal petition, and yet the BCS board has expressed outright hostility to the idea, despite the alternative being to remain in aging portable buildings split across two or possibly even three shared campuses.

Overall, the data shows that BCS has NOT remedied the issues detailed in your Notice of Concern, and that the measures outlined in the renewal petition are unlikely to do so. We believe that the long-standing failures by Bullis Charter School to serve all students within the meaning of the Education Code (section 47607.2, subdivision (d)(3)), and the failure of the renewal petition to outline how they will achieve demographics in line with LASD's, are sufficiently severe and pervasive as to preclude straightforward approval of the charter renewal petition before you.

As the Mountain View Whisman Board did with Bullis Mountain View, you could approve the petition but also adopt measurable conditions on which

Documentary Record 002262

that approval would depend, such that failure to meet those conditions would result in clear and concrete consequences. Alternatively, you could direct BCS to work with all parties to create a material revision to be approved alongside the renewal petition that effectively addresses the issues raised in the Notice of Concern.

At the end of the day, what we would like to see, and what we believe is required by charter law, is a document that fully addresses the legal requirements to serve all students, and to strive to match the host district's demographics; that holds Bullis Charter School accountable for the success of those efforts with measurable criteria and clear consequences; and that demonstrates a real commitment on the part of the current BCS board and administration to break with the attitudes and practices of the last 20 years that have created these problems in the first place.

Thank you for your time and attention.

Re: Los Altos School District;
Bullis Charter School – Renewal Petition

Dear President, Members of The Board and Dr. Dewan:

Los Altos School District (LASD) has had 20 years of experience with the effects of the policies and practices of Bullis Charter School (BCS). This letter serves to express some of our concerns as your Board of Education (Board) approaches the decision on BCS's charter renewal, given the manifest failure of BCS to address the issues raised in the 2021 Notice of Concern and reaffirmed in 2023. In brief, we believe that this failure shifts the presumption from approval to denial, and that as a result, any approval must be accompanied by concrete obligations on the part of BCS to take significant corrective actions, including those suggested below. We appreciate your consideration.

BACKGROUND

The BCS charter petition renewal decision is scheduled for August 26, 2024. LASD has raised a variety of concerns related to BCS's longstanding failure to serve all students as reflected, in part, by the failure to serve a demographic aligned to the District's demographic and to serve students with disabilities. These concerns were not only raised at the July 17, 2024 public hearing, but also in

650 **947-1150**
650 **947-0118** fax

201 Covington Road
Los Altos, CA 94024

@lasdk8
lasdschools.org

Documentary Record 002264

letters from LASD to you in September and October 2019, and in your Notice of Concern of May 2021. And, since that date, LASD has learned that yet another student whose disability-related needs required placement in a nonpublic school has been disenrolled from BCS and returned to the district.

As you know, in May 2021, the SCCBOE issued a Notice of Violation to BCS under Education Code section 47607 based upon BCS's failure to serve all students. The Notice identified significant demographic deficiencies. In response, BCS revised its admission preferences to include students who qualify for free and reduced price lunch (FRPL). However, the preference is second to siblings of students (which perpetuates the demographics) and is limited to only 10% of open seats. This approach did not "move the needle" in any material way. LASD is unaware of any additional changes in policy or practice by BCS designed to draw a diverse student population.

In August 2023, the SCCBOE reaffirmed the Notice of Violation again based upon the demographic deficiencies that remain to this day. As stated in the reaffirmation of the Notice of Violation: "County Board finds it is appropriate to issue a reaffirmation(s) of the Notice ("Reaffirmation") as a courtesy to Charter School and to help ensure Charter School serves all students who wish to attend Charter School." The reaffirmation laid out BCS's continued serious ongoing deficiencies relative to LASD's demographics and its failure to serve all students. BCS is still subject to the 2021 Notice of Violation and to this day, there is no evidence that it has remedied the violations stated. To the contrary, BCS continues to fail to serve all students who wish to attend, including the students with serious disabilities who enter LASD schools after having failed to get their needs met at BCS.

RENEWAL PROCESS AND CRITERIA

In order to qualify for renewal, the charter school must meet the criteria of Education Code sections 47607.2 and 47605. The California Department of Education (CDE) categorizes charter schools based upon performance as "high," "middle," or "low" performing. A charter school that is high performing is presumed to be eligible for renewal for a period of between five to seven years. Middle performing charters may qualify for a five-year renewal term and low performing charters are presumed not to qualify for renewal but if renewed are limited to a two-year term.

BCS is designated as high performing but that is not the end of the renewal analysis for BCS in light of the pending Notice of Violation. Education Code section 47607 provides in part:

> Notwithstanding [high performing status] … the chartering authority may deny renewal of a charter school upon a finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors, or is not serving all pupils who wish to attend, as documented pursuant to subdivision (d). The chartering authority may deny renewal of a charter school under this subdivision only after it has provided at least 30 days' notice to the charter school of the alleged violation and provided the charter school with a reasonable opportunity to cure the violation, including a corrective action plan proposed by the charter school. The chartering authority may deny renewal only by making either of the following findings:
>
> (1) The corrective action proposed by the charter school has been unsuccessful.
>
> (2) The violations are sufficiently severe and pervasive as to render a corrective action plan unviable.

Documentary Record 002265

Here, in May 2021 SCCBOE/SCCOE issued the Notice of Violation under section 47605.2 on the grounds that BCS does not serve all students. This was documented with extensive demographic information and analysis. BCS has had an extended period of time to cure the issues identified. However, BCS has not taken serious action to create a diverse/compliant student population. Beyond initiating a limited preference for students qualifying for FRPL, BCS has not made any material change to the charter renewal document. This preference, as mentioned above, is second to siblings of students (which perpetuates the current demographics) and is limited to only 10% of open seats. BCS also hired an individual to assist with recruiting and diversity. However, they have taken no steps to even begin to understand which policies or practices have historically created barriers to enrollment for all students who wish to attend. The data clearly shows that BCS's corrective action plan continues to be unsuccessful, and the charter renewal petition offers no additional measures to correct that failure.

In order to approve the BCS charter renewal, the SCCBOE must be able to find (based upon substantial evidence) that: 1) BCS took corrective action; AND 2) the corrective action was successful in remedying the failure to serve all students. If these questions are not able to be answered in the affirmative, the charter renewal must be denied. Alternatively, the Board may find that the violations are sufficiently severe and pervasive as to render a corrective action plan unviable which also requires denial of the charter renewal. (Ed. Code, § 47607(e).)

The answers to these questions are clear based upon undisputed data:

- BCS did take limited corrective action;
- BCS's corrective action did not successfully remedy the failure to serve all students;
- The documented violations are sufficiently severe and pervasive as to render a corrective action plan unviable.

These findings are supported by the substantial evidence including the clear differential in demographics and the refusal to serve students with disabilities as evidenced, in part, by the disenrollment of one or more qualifying students.

If the Board does not find that the corrective action was successful, or if it finds that the violations are sufficiently severe and pervasive as to render a corrective action plan unviable, the presumptive action with regard to BCS's charter renewal must shift from approval to denial.

Approval with Obligations for Correction

Education Code section 47605 provides in part as follows:

> The governing board of the school *district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice and with the interests of the community in which the school is proposing to locate.* The governing board of the school district shall consider the academic needs of the pupils the school proposes to serve. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the [enumerated] findings…

While the italicized language reflects the discretion afforded boards considering charter approval or renewal, it would be an abuse of discretion to authorize a charter school with a history of failing to serve all students. As the authorizer, SCCBOE has significant authority to require a charter to take action to operate consistent with law. Imposing requirements upon the operations of a charter school is well within the authorizer's authority. (*Wilson v. State Board of Education* (1999) 75 Cal.App.4th 1129, 1139 ["the Legislature has specifically declared that charter schools are under 'the exclusive control of the officers of the public schools' (id., subd. (a)(2)) and directs us to construe the law liberally to effectuate that finding (id., subd. (b))."].)

The District proposes the following obligations be imposed upon BCS, should the SCCBOE find a means to approve the charter:

- Ensure BCS serves all students who wish to attend by serving a student population commensurate with the District in accordance with Education Code sections 47605(c)(5)(G) and 47607 by taking the following measures, among any others deemed appropriate by the SCCBOE/SCCOE

    1. Move the enrollment preference for in-district FRPL students to the first position, and remove the 10% cap;
    2. Agree to placement at the new LASD 10th campus, once constructed, with an admissions preference for residents of the local neighborhood;
    3. Reduce their enrollment to 900 students until such time as they serve a student population comparable to LASD as required by Education Code sections 47605(c)(5)(G) and 47607.

The District also believes that a charter term of five years would be appropriate in light of the failure to meet all requirements of law.

CONCLUSION

Given BCS' failure to remedy the issues laid out in the Notice of Violation, we believe that charter law shifts the presumption from renewal to non-renewal. Therefore, the LASD Board requests that, should SCCBOE seek to approve the charter renewal, such approval comes with meaningful obligations to be met by BCS prior to the renewal taking effect, using the SCCBOE authority as the charter authorizer.

Respectfully,

Mr. Bryan Johnson
Board President
Los Altos School District

Re: Los Altos School District;
Bullis Charter School;
Response to Staff Report, Analysis & Findings re Renewal Petition
Hearing on August 26, 2024

Dear President Berta, Vice President Rocha, Trustees, and Superintendent Dewan:

Los Altos School District (LASD) submits the following to the Santa Clara County Board of Education (SCCBOE) and Santa Clara County Office of Education (SCCOE) in response to the Staff Report, Analysis & Findings (Staff Report) and proposed resolution (Resolution) regarding the Bullis Charter School (BCS) charter renewal petition (Renewal Petition).

Several points are clear from review of Staff's analysis:

- As stated in the Resolution, **BCS submitted a woefully incomplete Renewal Petition**, which failed to include a reasonably comprehensive description of all new requirements of charter schools enacted into law after the charter was originally granted or last renewed and/or as necessary to reflect the current program offered by the charter, as required pursuant to Education Code Section 47607(b) and (c)(2)(F).

650 **947-1150**
650 **947-0118** fax

201 Covington Road
Los Altos, CA 94024

@lasdk8
lasdschools.org

Documentary Record 002268

- As also stated in the Resolution, **BCS has failed to serve all students**, and the Renewal Petition is deficient overall and in every category that addresses serving all students within the meaning of the Charter Schools Act generally, Education Code section 47607(e) specifically, the May 2021 Notice of Concern (Notice), and the August 2023 Reaffirmation of the Notice (Reaffirmation).

  Despite an expansive period to remedy the failure to serve all students, including an extension to its charter term of over three full school years by operation of law, the facts and data demonstrate that BCS has not made any meaningful progress in remediating its documented failure to serve all students.

- BCS's rushed submission of such an incomplete Renewal Petition, the subsequent documented failure to cooperate with requests for information from both SCCBOE and the Charter Schools Department (CSD), and its over 20 plus year history of failing to serve all students collectively demonstrate that BCS does not take seriously its responsibility to operate transparently within its community to serve all students that wish to attend. Approval under these circumstances would **set a terrible precedent and undermine the oversight authority of the CSD**.

- A memorandum of understanding (MOU), especially one with vaguely defined and under-specified terms, is unlikely to fully correct the Renewal Petition deficiencies or fully address the ongoing failure to serve all students. **The best solution would be for BCS to withdraw this Renewal Petition and work collaboratively with CSD to remedy the myriad issues and develop a viable Corrective Action Plan**, and re-submit, so that the full plan can be considered at a public hearing and approved by SCCBOE. **If BCS is unwilling to do so, then denial of the Renewal Petition is the only viable course of action supported by the Staff Report.**

The Proposed MOU Is Unlikely to Fully Address the Failure to Submit an Adequate Renewal Petition or to Fully Address the Ongoing Failure to Serve All Students

MOUs can be a useful tool for memorializing details of Charter oversight, but they are not intended to correct multiple significant flaws in a petition, especially when faced with a persistently antagonistic charter administration, which BCS certainly is:

> Throughout the current charter term, CSD Staff has found communications with Bullis and obtaining clear and direct responses to inquiries pertinent to SCCOE's oversight of Bullis to be challenging. CSD Staff strives to work in partnership with SCCBOE-authorized charter schools in conducting its oversight functions and supporting the charter schools in their operations and service to students. With some frequency, Bullis responds to SCCOE's reasonable inquiries and/or exercise of oversight functions with defensiveness rather than clear and open communication, and Bullis resists providing requested information and documentation despite its

Documentary Record 002269

> obligations to promptly respond and to allow SCCOE to conduct its oversight functions. (Staff Report, p. 4)

As further stated in the Staff Report:

> BCS has seemingly asserted that the only pertinent legal requirement is that Bullis include in its Charter a reasonably comprehensive description of the "means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils . . . that is reflective of the general population residing within the territorial jurisdiction of the [Los Altos] school district," and claimed that Bullis is in full compliance with the applicable legal requirements because its Charter includes such a description. Bullis' implication that its only obligation is simply to include some plan in the Charter is incorrect. That is not true for any element of an approved charter – the school must comply with the charter, not just write something or anything and forget about it. In this particular case, the law specifies that it is a description of how the charter school will "achieve" this balance, not just describe a plan, whether or not that plan is effective. … As SCCOE and Bullis have previously discussed, the Charter Schools Act has been revised over time to bolster further the mandates of inclusivity and equity in enrollment at charter schools. (Staff Report, p. 44.)

The following conclusion of the Staff Report cannot be overlooked:

> Thus, based on the facts and evidence, including the data provided by CDE, there continues to be underrepresentation of some historically underserved student groups at Bullis, to a statistically significant degree when compared to LASD. In some areas there has not been statistically significant improvement over the course of the current charter term or since issuance of the initial Notice and submission of Bullis' corrective action plan in response thereto. Thus, the corrective action plan has not yet been successful. (Staff Report, p. 54.)

Yet, despite the "concerns about under-enrollment of historically underserved student groups in Bullis' enrollment" (Staff Report, p. 43) and the clearly documented analysis of significant and ongoing failure to remedy the violations in the Notice, there is nothing in the Staff Report recommendation (or Proposed Resolution) that requires BCS to do anything more than pursue a potential MOU with terms yet to be determined. This despite the fundamental failure to provide equity in access, the cornerstone to *public* education.

Oversight requires far more, as evidenced by the fact that the Legislature enacted the Education Code section 47607(e) notice process to ensure accountability through non-renewal where the fundamental component of public education is not met - even for academically high performing

Documentary Record 002270

schools.[1] Having issued the Notice and Reaffirmation and with the documented evidence of BCS's failure to serve all students replete included in the Staff Report, it is the duty of the Board to follow through on the Notice and issue the requisite findings that BCS has not remedied the failure to serve all students. Anything less is tacit, if not direct, approval of the exclusion that is occurring at BCS.

Critical Information From Notice of Concern and Reaffirmation Regarding Equity of Access Must Be Considered

As is well known to this Board, the SCCOE and SCCBOE has for years acknowledged BCS's failure to align its demographics to that of LASD and ensure equity of access. Over the course of the dramatic increase in BCS enrollment since 2016, BCS's demographics have in fact diverged even more markedly from those of LASD. Ultimately, the SCCBOE issued a detailed, data driven, Notice of Concern (Notice) dated May 21, 2021, based upon BCS's failure to serve all students who wish to attend. The Notice was reaffirmed by Resolution of the Board on August 2, 2023 (Reaffirmation) in light of the failure by BCS to meaningfully address the serious issues raised in the Notice.

As noted in the Staff Report, BCS had a three-year extension on the term of its charter, during which it should have implemented changes to remediate the violations. (Staff Report, p. 47.) Yet, despite this time and notice, *the August 9, 2024 Staff Report (and the proposed Resolution) are devoid of any finding that BCS has remedied the failure to serve all students.*

Aspects of the Notice and Reaffirmation are important to revisit as they expressly address the eligibility of BCS for renewal which is the focus and intent of a Notice of Concern under Education Code section 47607(e):

- The Notice constitutes SCCOE's determination that BCS is demonstrably unlikely to successfully implement the program set forth in its expected charter renewal petition because BCS is not serving all pupils who wish to attend, and SCCOE is providing BCS a reasonable opportunity to cure the violations, pursuant to Education Code section 47607(e). ("SCCOE is sending this notice ("Notice") pursuant to Education Code Section 47607(e)2 as notice of SCCOE's determination that BCS is demonstrably unlikely to successfully implement the

[1] Education Code section 47604(d) provides: "A chartering authority that grants a charter to a charter school to be operated as or by a nonprofit public benefit corporation is not liable for the debts or obligations of the charter school or for claims arising from the performance of acts, errors, or omissions by the charter school if the chartering authority has complied with all oversight responsibilities required by law, *including, but not limited to,* those required by Section 47604.32 and subdivision (m) of Section 47605."

Documentary Record 002271

program set forth in its expected charter renewal petition ("Charter") because BCS is not serving all pupils who wish to attend, and SCCOE is providing BCS a reasonable opportunity to cure the violations.")

- Specifically, SCCOE states that BCS is not serving a similar proportion of students who are socioeconomically disadvantaged, English Learners, and students with special needs compared to the rest of the Los Altos School District (LASD).

- SCCOE frames this Notice as a part of the larger role that SCCOE has played in addressing these issues at BCS, and an opportunity for BCS to cure these deficiencies.

- SCCOE also noted that these deficiencies have been brought to BCS's attention by the LASD, parents, and SCCOE in the past.

As part of the Notice, SCCOE outlined three areas that BCS *must address* in order to remedy the deficiencies outlined in the Notice:

- Hiring of outside professional experts to assist BCS in developing plans and creating change to diversify BCS's applicant pool and enrollment;

- Addition of admissions preferences for students who reside within Santa Rita and Almond Elementary schools and/or students in other underrepresented student groups; and,

- Specific strategies to proactively overcome any perceptions that may exist that BCS does not welcome all students with disabilities or provide the full continuum of placements and services and/or that monetary donations are required or expected. (Notice p. 12.)

Again, neither the Staff Report nor the proposed Resolution makes any finding that these or other requirements have been met by BCS nor can such findings be made. On the contrary, although BCS did add enrollment preferences in 2021 for students qualifying for free or reduced price meals (FRPM), the preferences were capped, *and the Renewal Petition weakens them by expanding the preceding preferences and therefore reducing the slots available for those students*, as detailed in the recommendation in the staff report to deny the expanded sibling preferences. (Staff Report, p. 32)

At times, BCS has attempted to blame a clause in the current Facilities Agreement with LASD for their failure to enroll more FRPM-eligible students, but this is simply false. That agreement merely specifies that if BCS' enrollment drops below 800 total students, or if BCS in-district enrollment drops below 92% of total enrollment, then "LASD will have the option to terminate the

Documentary Record 002272

Agreement." Of course, LASD's obligation to provide facilities to BCS would remain, and so exercise of this clause would not "revoke [BCS'] facilities" as Superintendent Israel has stated but merely allow for the details of the BCS facilities allocation to be re-negotiated in light of changed circumstances. Nowhere does the agreement prohibit BCS from enrolling out-of-district students, nor would LASD ever seek to do so. And in fact the BCS board has never asked the LASD board to remove or modify this clause, nor objected to extending the original 2-year agreement in 2021 and again in 2023, even after receipt of SCCOE's Notice of Concern.

Though the Reaffirmation was not required by law, the SCCOE felt it important to ensure BCS was aware of its *ongoing* need to remedy its failure to serve all students since its charter term was extended by three years. The Reaffirmation findings emphasize the lack of meaningful remedy of the violations:

> **WHEREAS,** SCCOE staff that specializes in statistical analysis has analyzed the Charter School's demographic data, including in comparison to the demographics of the Los Altos School District ("LASD"), the district in which the Charter School is located, including statistical analyses of the 2021-22 and 2022-23 school years (the two years for which Charter School has provided data since the issuance of the Notice). The demographic data analysis on which SCCOE concentrated was for the following four student groups: students who are Hispanic/Latino; students who are English learners; students who are socioeconomically disadvantaged; and students with disabilities. SCCOE's analysis included consideration of the demographics of Charter School and LASD as a whole, when excluding any students at either school who do not reside within LASD's boundaries, and an analysis comparing Charter School's entire enrollment to LASD's enrollment excluding students who attend LASD pursuant to interdistrict attendance permits.
>
> **WHEREAS,** the key takeaways of this statistical analysis are summarized below:
>
> • As of the 2022-23 academic year, the proportions of LASD's student body who are Hispanic/Latino, English learners, socioeconomically disadvantaged, and have disabilities are statistically significantly higher than those of BCS.
>
> • From 2017-18 to 2022-23, BCS observed a significant **decrease** in the proportion of its student body who are English learners.
>
> • From 2017-18 to 2022-23, no meaningful differences were observed in the proportion of BCS's student with disabilities, students who are Hispanic/Latino, or students who are socioeconomically disadvantaged.
>
> • From 2017-18 to 2022-23, LASD observed a statistically significant **increase** in the proportion of Hispanic/Latino students and students who are socioeconomically disadvantaged, and a significant **decrease** in the proportion of students who are English learners.

Documentary Record 002273

> • Excluding LASD students with interdistrict transfer agreements, the proportion of students who are Hispanic/Latino, English learners, and socioeconomically disadvantaged enrolled at LASD is statistically significantly higher than the proportion of these student groups enrolled at BCS in 2022-23.
>
> • Excluding LASD students with interdistrict transfer agreements, there is not a statistically significant difference between the proportion of students with disabilities enrolled at LASD and the proportion of students with disabilities enrolled at BCS in 2022-23.
>
> TK/kindergarten are reportedly the only grade levels at which the Charter School experienced any meaningful new enrollment due to the limited number of openings at other grade levels. As such, SCCOE looked specifically at the TK/kindergarten and first grade demographics at Charter School and LASD in the 2021-22 and 2022-23 school years. Key takeaways from that analysis are:
>
> • The small data set makes strong conclusions difficult to draw;
>
> • Charter School's efforts appear to have made some impact at kindergarten;
>
> • Change will take time to impact other grade levels.
>
> A review and analysis of the demographic data for the impending 2023-24 school year will be necessary to assess Charter School's progress further. This must specifically include the data for new incoming TK and kindergarten students, as well as the current cohorts moving into kindergarten, first grade, and second grade, since those are the grade levels at which Charter School has had the greatest ability to implement changes since receiving the Notice. (Reaffirmation p. 3.)

The Notice and Reaffirmation remain in effect and the Staff Report is replete with acknowledgement (and supporting evidence) that BCS has not remedied the issues identified under Education Code section 47607(e).

Neither the Staff Report Nor the Proposed Resolution Support a Conclusion that BCS Has Remedied the Violations or Otherwise Meets the Requirements of Law

Critically, neither the Staff Report nor the proposed Resolution makes findings that the issues that are the foundation of the Notice and Reaffirmation have been remedied. To the contrary, the Staff Report is replete with evidence in the form of factual information and data that demonstrates that *BCS has not corrected the deficiencies*.

The Staff Report even concludes that absent (unspecified) changes to most, if not all, of the Renewal Petition elements by virtue of an MOU, BCS's Renewal Petition is deficient and

Documentary Record 002274

presents an unsound educational program within the meaning of Education Code section 47605 and 47607. See, for example:

- "The Charter Schools Department Staff concluded the Bullis Renewal Petition provides sufficient information to substantiate the required elements for a sound educational program consistent with new requirements of charter schools pursuant to law and the requirements of Bullis' current program [**Special Education**] *provided that, as a condition of approval, Bullis be required to enter into the MOU accurately updating the means by which Bullis provides its special education program*." (Staff Report, p. 20; emphasis added.)
- "Staff found facts demonstrating the Petitioners are likely to successfully implement the program *only if* Bullis is required to resolve the other identified conditions through the MOU or an addendum to the MOU, as described more fully throughout this Staff Analysis and Findings of Fact." (Staff Report p. 21; emphasis added.)

- "…CSD Staff recommends the SCCBOE, as a condition of Bullis Charter School Petition renewal, *require Bullis to address areas in which Bullis has not fully updated the Charter to be consistent with law* and/or to reflect its current program through the MOU or an addendum thereto." (Staff Report, pp. 21-22; emphasis added.)

- "The Charter Schools Department Staff believes this [**Governance**] section includes a reasonably comprehensive description consistent with new requirements of charter schools pursuant to law and the requirements of Bullis' current program *only if* Bullis is required to submit the board member qualifications and resolve the bylaws and conflict issues through the MOU or an addendum to the MOU, including updates to the bylaws." (Staff Report, p. 26; emphasis added.)

- **Bullis' student demographics do not closely reflect the demographics of LASD**, as there are statistically significant differences. As detailed below, SCCOE conducted a statistical analysis comparing Bullis and LASD's populations of the following historically underserved groups: Hispanic/Latino, EL, SED, and SWD (both with and without including students who have transferred to LASD from out of LASD's boundaries, so may not be reflective of the population residing within LASD, as referenced in this charter element). Notwithstanding Bullis' assertions in the Charter, there continues to be a statistically significant difference in the enrollment of students who are Hispanic/Latino, students with disabilities, and students who are socio-economically disadvantaged, between Bullis and LASD, though there is not currently a statistically significant difference in the enrollment of students who are English learners. (Staff Report, p. 30; emphasis added.)

- "Through the MOU or addendum to the MOU, Bullis should be required to provide further updates to its plan, including, but not limited to, a commitment to audit and expand its efforts as necessary to achieve the requisite balance in accordance with EC

Documentary Record 002275

> Section 47605(c)(5)(G) … The Charter Schools Department Staff believes this [**Racial, Ethnic, English Learner, and Special Education Balance**] section includes a reasonably comprehensive description consistent with new requirements of charter schools pursuant to law and the requirements of Bullis' current program *only if*, through the MOU or an addendum to the MOU, it incorporates any additional components of the plans previously submitted by Bullis on this topic and includes a BCS commitment to at least annually review, audit, and modify as needed this plan, as described more fully above and in the discussion of the 47607(e) Notice and the need for Bullis to serve all students, below." (Staff Report, p. 30; emphasis added.)

- While CSD Staff recognizes the benefits of allowing families to enroll all of their children at the same school, CSD Staff believes that in the case of the proposed expansion of the sibling preferences at Bullis, that benefit is outweighed by the need for Bullis to expand enrollment opportunities to a larger number of historically underserved students. CSD Staff recommends that the SCCBOE deny these proposed additional preferences for siblings of admitted (not current) students. (Staff Report, p. 32.)

- "The Charter Schools Department Staff believes this [**Admissions Policies and Procedures**] section includes a reasonably comprehensive description consistent with new requirements of charter schools pursuant to Bullis Charter School Petition law and the requirements of Bullis' current program *only if* Bullis is required to remediate the issues described above – including a fuller, clearer, and legally compliant description of the admissions, lottery, and waitlist procedures – are addressed in the MOU or addendum to the MOU. Additionally, CSD Staff recommends that the SCCBOE deny Bullis' proposal to add admissions preferences for siblings of students who are admitted to Bullis and approve the change to move the preference for children of staff who reside out-of-District above the preference for siblings who reside out-of-District." (Staff Report pp. 33-34; emphasis added.)

- "The Charter Schools Department Staff believes this [**Student Suspension/Expulsion Procedures**] section includes a reasonably comprehensive description consistent with new requirements of charter schools pursuant to law and the requirements of Bullis' current program *only if Bullis is required to include Bullis Charter School Petition the full mandatory statement regarding involuntary removal in the MOU or addendum to the MOU*." (Staff Report pp. 34-35; emphasis added.)

SCCOE finds the Renewal Petition is only appropriate for approval upon numerous conditions and change to the Renewal Petition needed to both correct deficiencies and to address requirements of law:

> The Charter Schools Department Staff reviewed Bullis' Renewal Petition, in conjunction with Bullis' Responses to the Notice and Reaffirmation, including its corrective action plan in responses to the Notice and Reaffirmation, and assessed the

Documentary Record 002276

> effectiveness of Bullis' corrective action plan in response to the Notice and Reaffirmation, utilizing the criteria for charter renewal set forth in EC Sections 47605 and 47607.
>
> The Charter Schools Department Staff recommends the SCCBOE conditionally approve the request for renewal of the Charter for a term of five years (July 1, 2025-June 30, 2030) on the condition that Bullis Charter School, The Bullis-Purissima Elementary School, and SCCOE enter into an MOU and/or addendum to the MOU on or before December 6, 2024, or such later deadline as may be agreed to by the County Superintendent or designee, that includes all the provisions listed below, as well as any additional conditions or requirements identified by the SCCBOE, and adopt the Board Resolution Conditionally Approving for the period of July 1, 2025, through June 30, 2030, the Charter Renewal for Bullis Charter School, and, Alternatively, Making Written Factual Findings Supporting Denial and Denying the Bullis Charter School Charter Renewal if the Conditions Are Not Met. (Staff Report p. 55; see also, proposed Resolution.)

These conditions are unclear, as many of the terms of the MOU are not well articulated. Importantly, the numerous deficiencies only serve to demonstrate that BCS is not knowledgeable in the requirements of law despite its many years of operation. Moreover, the facts and data provided to the Board by the SCCOE demonstrate that any efforts by BCS to ensure equity of access over at least a *three year period* have had little to no effect and *BCS has not remedied the violations to allow for approval of the Renewal Petition*.

> The overall takeaways from the information above include that there is no statistically significant difference in the proportion of students who identify as Hispanic/Latino at Bullis in 2023-24 (the final year for which data is available) when compared to 2016-17 (the beginning of the charter term), 2021-22 (the year SCCOE issued the Notice), or 2022-23 (the first full year of EAP implementation). Similarly, there is no statistically significant difference in the proportion of SWD at Bullis in 2023-24 when compared to 2016-17, 2021-22, and 2022-23. However, the proportion of students who are ELs at Bullis is statistically significantly higher in 2023-24 than in the 2021-22 and 2022-23 school years (3.3 and 2.8 percentage points higher, respectively). On the other hand, when looking at the seven-year change, there is no statistically significant difference in the proportion of students who are ELs at Bullis in 2023-24 when compared to 2016-17 (the length of the charter term). The proportion of students who are SED at Bullis in 2023-24 is statistically significantly higher than in 2016-17, 2021-22, and 2022-23. Specifically, the proportion of SED students at BCS in 2023-24 is 2.9 percentage points higher than in 2016-17 and 1.8 percentage points higher than in 2022-23.

* * *

Documentary Record 002277

> The above data analysis results from the comparison of the four student groups at Bullis to those at LASD demonstrates that Bullis, which had no statistically significant gains in its enrollment of students who are Hispanic/Latino in the years reviewed (2016, 2021-22, 2022-23, and 2023-24), maintained a statistically significantly lower enrollment of students who are Hispanic/Latino students than the LASD for the same years. The same is true for SWD at Bullis. There was no statistically significant increase in enrollment for the group at Bullis in the years reviewed, and Bullis continued to enroll a proportion of SWD that is statistically significantly lower than the proportion at LASD. On the other hand, Bullis increased its enrollment of students who are SED over the course of its charter term. Specifically, the proportion of SED students at BCS in 2023-24 is 2.9 percentage points higher than in 2016-17 and 1.8 percentage points higher than in 2022-23. However, the increase was not enough to make Bullis' SED enrollment reflective of the enrollment of students who are SED in LASD. Therefore, the proportion of students who are SED remains statistically significantly lower in Bullis than in LASD though Bullis has made growth in this area. Also, although the proportion of students who are English learners was statistically significantly lower at Bullis than at LASD in 2016-17 and 2021-22, Bullis' EL enrollment increased in the three years since SCCOE issued the Notice and was reflective of LASD's EL enrollment in 2023-24, meaning there was no statistically significant difference in the proportion of EL enrolled at Bullis and LASD.[2] (Staff Report, pp. 49-50.)

It cannot be lost on the Board that despite being given *every* opportunity to work collaboratively with the CSD to remedy the serious failure to serve all students, BCS has shown no ability or interest in meaningfully addressing the deficiencies, and indeed has refused to provide information to the CSD so that they can evaluate whether the corrective action plan has been effective. (Staff Report, p. 4.) It is incumbent upon BCS to demonstrate that it has remedied the serious violations. It has neither done so, nor cooperated with CSD's efforts to evaluate the same - indeed waiving any right to contend it has cured the serious issues raised in the Notice/Reaffirmation.

Impact of Notice of Concern

In its August 2, 2024 letter to the Board, LASD explained its view of the law governing notice of violation under Education Code section 47607(e). Candidly, we had not anticipated the breadth of the evidence in the Staff Report demonstrating both dozens of errors and omissions in the Renewal Petition as well as BCS's failure to serve all students. It is apparent that the SCCBOE cannot, in the face of the documented evidence, reasonably approve the Renewal Petition as it stands.

---

[2] Information is not provided to determine whether the increase of less than 2% is statistically significant, which is important to determine if the relationship between two or more variables is caused by something other than chance. In this case, the statistic is too small to confirm that the increase is the result of any tangible efforts by BCS to increase its marginalized student population.

As previously explained, in order to approve the BCS charter renewal, the SCCBOE must be able to find (based upon substantial evidence) that: 1) BCS took corrective action; AND 2) the corrective action was successful in remedying the failure to serve all students. The answers to these questions are clear based upon undisputed data:

- BCS did take limited corrective action;
- BCS's corrective action did not successfully remedy (or even come close to remedying) the failure to serve all students; and,
- The documented violations are sufficiently severe and pervasive (and ongoing) as to render a corrective action plan unviable.

These findings are supported by the substantial evidence including the clear differential in demographics and the refusal to serve students with disabilities as evidenced, in part, by the disenrollment of one or more qualifying students.[3] The Staff Report and the proposed Resolution make clear that the corrective action did not successfully remedy the failure to serve all students. The Staff Report and proposed Resolution support a finding that the violations are sufficiently severe and pervasive as to render a corrective action plan unviable, especially given BCS' ongoing pattern of resisting all oversight efforts by the CSD.

As stated in the Staff Report, the CSD cannot conclude that BCS presents a sound educational program or is demonstrably likely to successfully implement the program absent extensive changes to the renewal petition, the program and its operations. (Staff Report, pp. 20-21.) In the face of these findings, approval of the Renewal Petition is unsupportable, and a partially defined MOU cannot come close to bridging the gap.

Approval with Conditions

Furthermore, even if it were possible to create an MOU that could address both the myriad deficiencies of the Renewal Petition and the ongoing failure to serve all students, it would be inappropriate for that MOU to be approved at the sole discretion of the County Superintendent. As laid out in the August 7th presentation to SCCBOE on the Charter School Renewal Process, an MOU with the renewing charter school is expected to be executed prior to the posting of the staff report. (Charter School Renewal Basics, p.3) This ensures that the charter school, the district, the public, and SCCBOE, all have a clear understanding of the full contents of the renewal petition and the charter program before approval.

[3]As discussed in the District's August 2, 2024 letter, reports demonstrate BCS has disenrolled students with disabilities and the District is considering filing a formal complaint with the SCCOE. It is noted that the Staff Report finds the special education program as well as the provisions related to disenrolling students set forth in the Renewal Petition deficient absent material changes.

Documentary Record 002279

In cases where charter authorizers have, at the decision hearing, directed oversight staff to create or amend an MOU to address specific, limited issues, those MOUs have always come back to the authorizer for final approval or denial. We are unaware of any precedent either for an MOU which attempts to address dozens of issues with a renewal petition, or for a proposal that the final form of even a far less complex MOU be approved by anyone other than the authorizing board and without the opportunity for a public hearing. It is not clear that the proposal to do so in this case is reasonably within the SCCBOE's authority or discretion as a charter authorizer.

It is the District's strongly held position, therefore, that without a reasonably comprehensive Renewal Petition and a fully executed MOU before them for consideration, it is incumbent upon SCCBOE to deny the Renewal Petition based upon the evidence presented.

However, the District takes this opportunity to address the conditions proposed by CSD as well as the conditions that are needed to actually mandate remediation of the longstanding discriminatory policies and practices of BCS.

We first note that the Board's oversight authority gives it significant discretion to demand action in seeking to compel compliance – particularly where a charter school is so deeply out of compliance with a key component of the Charter Schools Act.[4] Of course, this is tempered by the accountability provisions of the Act such as Education Code section 47607(e).

As stated in the proposed Resolution:

> Staff believes that renewal is consistent with sound educational policy only *provided* the Charter School commits to and is required to comply with the obligation to continue improving and implementing its corrective action plan, including by complying with each of the conditions and requirements list in the Staff Report, Analysis & Findings, to help address this issue so that Bullis serves all students who wish to attend. (Proposed Resolution p. 3; emphasis in original.)

Here, the proposed conditions cannot overcome the detailed deficiencies and the factual findings demonstrating BCS's failure to serve all students. Compliance as required to support approval cannot be dependent upon hoped for change, particularly where the specifics of such change are not before the Board. Notably, the conditions proposed by LASD are the kinds of changes required for a viable Corrective Action Plan for BCS to serve all students who wish to attend by

[4] "Through admissions policies that exclude vulnerable students by erecting various barriers to entry, charter schools have the potential to create a two-tiered system of public education. We believe charter schools are viable only if they are open to all students." Unequal Access How Some California Charter Schools Illegally Restrict Enrollment, www.aclusocal.org/sites/default/files/field_documents/report-unequal-access-080116.pdf (last visited Aug. 16, 2024).

serving a student population commensurate with the District in accordance with Education Code sections 47605(c)(5)(G) and 47607.

Specifically any MOU should:,

1. Move the admissions preference for in-district FRPM-eligible students to the first position and remove the 10% cap:

   As expressly stated by the CSD, the Board has broad discretion with regard to admission preferences. (Staff Report, p. 30.)

2. Agree to placement at LASD's forthcoming new campus, with local resident admission preference:

   While the SCCBOE/SCCOE do not have authority over Proposition 39 allocation of space, as the oversight agent it certainly has authority over where the charter school locates. This is evidenced in many places in the Charter Schools Act including Education Code section 47605(a)(4).

3. Cap BCS enrollment until such time as they serve a student population comparable to LASD as required by Education Code sections 47605(c)(5)(G) and 47607.

   Enrollment limitations designed to correct serious failures to meet the fundamental requirement to serve all students do not violate the Act. It is within the Board's discretion, indeed it is its duty, to take appropriate action to end discrimination in any form, and enrollment requirements including change to preferences, admissions practices, and limitations are all oversight tools available to the oversight agent.[5] And while BCS has been given expansive opportunity together with broad oversight support to come into compliance it has not and, it seems, cannot. In fact, the significant enrollment growth at BCS since the last charter renewal has driven their overall demographics even further from those of LASD as a whole.

Conclusion

Accountability and equity are core values of the Charter Schools Act:

[5] Nothing in the Charter Schools Act provides a right of action for damages against the charter authorizer based upon its exercise of oversight authority. In fact, it is oversight action that protects an authorizer from liability. (Ed. Code, § 47604(d).)

Documentary Record 002281

> Charter schools are grounded in private-sector concepts such as competition-driven improvement . . ., employee empowerment and customer focus. But they remain very much a public-sector creature, with in-bred requirements of accountability and broad-based equity. Simple in theory, complex in practice, charter schools promise academic results in return for freedom from bureaucracy. (*Wilson v. State Board of Education* (1999) 75 Cal.App.4th 1125, 1129 citing Com. on Cal. State Gov. Organization and Economy Rep., "The Charter Movement: Education Reform School by School" (March 1996) (Little Hoover Report) p. 1.)

Here, accountability is provided for by the process set forth in Education Code sections 47605 47607, as laid out in the numerous grounds for denial included in the Staff Report and the Proposed Resolution. . Where, as here, the facts demonstrate open and ongoing hostility to oversight and long standing failure to provide equity in access to marginalized students, the Act expressly provides the necessary result – nonrenewal. To ignore these facts on the grounds that many BCS students would benefit from renewal would be to place any charter school that serves an affluent, well educated community entirely above the law. To attempt to correct the issues with eventual creation of an ill-defined MOU lacking public review and final SCCBOE approval would be to abdicate oversight responsibility and make a mockery of the renewal process.

Therefore, if BCS will not voluntarily withdraw it, we respectfully submit that denial of the Renewal Petition is the only viable course of action available to you at the upcoming decision hearing on August 26th.

Respectfully,

Mr. Bryan Johnson
Board President
Los Altos School District

VIA EMAIL

Santa Clara County Board of Education
1290 Ridder Park Drive
San Jose, CA 95131

Dear Board President Berta and Honorable Trustees,

I am writing on behalf of the California Charter Schools Association ("CCSA") in support of the charter renewal petition for Bullis Charter School ("BCS") presented to the Santa Clara County Board of Education ("Board"). As you may know, CCSA is a statewide, membership-based nonprofit organization that supports high quality charter schools and advocates for the lawful and equitable treatment of charter schools and the families they serve.

CCSA disagrees with the Santa Clara County Office of Education ("SCCOE") staff recommendation for conditional approval and urges the Board to approve the petition without the proposed, unnecessary conditions. The Charter School Department's ("CSD") proposed findings of fact are deficient and do not support a need for conditional approval in a variety of ways as briefly addressed below.

We remind the Board, that just as before AB 1505 enacted various changes to the Charter School Act, including this new renewal process, charter authorization must be guided by the Legislative intent that the establishment of charter schools should be encouraged.[1] The overarching statutory scheme of Education Code Section 47605 was not overwritten by AB 1505.[2] It remains the law that:

> [T]he chartering authority shall be guided by the intent of the Legislature that **charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged.**

One of the changes that was enacted by AB 1505 is the creation of different "tracks" for charter school renewals. There are three tracks based on State dashboard data – low, middle, and high. Low track schools are classified as underperforming and authorizers may require these schools to develop

[1] CCSA staff, including myself, were involved in negotiating all the provisions, especially those highlighted by the SCCOE staff in their findings and recommendations about BCS, in the final version of AB 1505 with the Governor's Office and the Legislature.
[2] All statutory citations herein are to the Education Code, unless otherwise noted.

Documentary Record 002283

corrective action plans upon renewal; middle track schools are subject to a review similar to the renewal process prior to AB 1505; and high track schools, like BCS, have a statutory right to a "fast track" renewal where the review process is streamlined and the Legislature has declared that authorizers shall not deny a charter renewal based on the school's high academic performance.

BCS is a high track charter school for renewal purposes since it scores at the two highest performance levels schoolwide and for all its student subgroups on English Language Arts and Mathematics. Thus, BCS is entitled to a fast track renewal under Section 47607(c)(2)(F). This new provision benefits both the charter school and the authorizer by reducing, respectively, the administrative burden to update the renewal petition and time analyzing a charter petition with a proven track record of academic success. Instead of taking advantage of this statutory directive of presumptive approval for BCS, SCCOE staff has written a 422 page staff report to support, without evidence, a finding that BCS is not serving all pupils who wish to attend.

Section 47607(e) very clearly enumerates what data can and should be used as a basis for a finding that a charter school is not serving all pupils who wish to attend:

> [T]he chartering authority may deny renewal of a charter school upon a finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors, or is not serving all pupils who wish to attend, **as documented pursuant to subdivision (d).**

Under subdivision (d), the authorizer must request and rely on data from the California Department of Education (CDE) reflecting pupil enrollment patterns, including (1) the percent of pupils enrolled as of census day that were no longer enrolled at the end of the year; and (2) the cumulative enrollment for each year of the charter school's term. Based on the CDE data alone, SCCOE staff concluded that there is no evidence of "counseling out" of students based on lower academic performance. Further, the data pointed to a high stability rate of 97.6 precent across all subgroups. Therefore, based on the data provided by CDE, there is no legal basis to determine that BCS is not serving all students who wish to attend.

The staff report spends several pages comparing subgroup enrollment at BCS to subgroup enrollment at the Los Altos School District. This analysis is unnecessary and, in fact, an unlawful basis for SCCOE staff's recommendation since it is not specifically permitted under EC Section 47607(e).[3] Given that the staff report concludes that the data from CDE does not provide any basis for concern about BCS not serving all pupils who wish to attend, there is no lawful basis for the Board to take any action other to renew of this high track charter school petition. The Board should reject staff's deficient findings and vote to approve the petition without conditions.

[3] Not only is racial balancing inconsistent with EC Section 47607(e), the analysis is also potentially unconstitutional under U.S. Supreme Court jurisprudence. See *Students for Fair Admissions v. Harvard*, 600 U.S. 181 (2023) and *Parents Involved in Community Schools v. Seattle School Dist. No. 1*, 551 U.S. 701 (2007).

President and Trustees
Santa Clara County Board of Education, and
Superintendent Mary Dewan
1290 Ridder Park Drive
San Jose, CA 95131

Re: Renewal as High Performing School

Dear Board President Berta, Board Members, and Superintendent Dewan:

Bullis Charter School ("BCS") appreciates that the Santa Clara County Office of Education's ("SCCOE") staff report ("Staff Report") ultimately recognizes what the law requires, that as a charter school classified as "high performing" under AB 1505 standards and by the California Department of Education ("CDE"), the County Board "shall not deny renewal". That is apparently why the Staff Report does not present any proposed factual findings that can support denial. The Charter Schools Act requires that any and all recommended findings to support a denial must be published at least 15 days before County Board action. (Ed. Code 47605(b).) Here, the Staff Report concludes and recommends that BCS' charter renewal petition be approved, but with conditions.

However, the so-called "conditional" approval recommended by the Staff Report is not an option for high-performing schools like BCS. There is no authority for a "conditional approval" under section 47607(e) for a high-performing school. The Staff Report does not point to any such authority, because none exists. Although the law may allow for conditional approval in the countywide context and perhaps for low-performing schools designated by CDE, it does not apply here. The Legislature has determined that renewals for high-performing or "high-track" charters like BCS are presumed to be approved, unless there are severe fiscal problems or "specifically identified evidence" supporting a detailed finding that the school is not serving all students "**who wish to attend**", documented by specific written evidence.[1] The law is clear - "high-track" charters like BCS can either be approved or denied (for limited reasons), but not conditionally approved.

The Staff Report concedes that high-performing charters like BCS are presumed to be approved.But rather than simply recommend approval in accordance with the statute, the Staff

[1] AB 1505 and CDE classify all charters into three categories for renewal, mostly based upon the state dashboard: (1) "low-performing", where certain performance expectations or "conditions" may be considered, and renewal term limited to two years; (2) "middle-performing", which are the vast majority of schools and are subject to a renew process similar to that pre-AB 1505; and, (3) "high-performing" like BCS, which the amended law provides a "shall" renew mandate and much less stringent renewal evaluation ("fast track"), without any conditions. Because of the strong legislative policy for renewal without any conditions or consideration of petition content other than updates required by law, high-performing charters may be renewed for up to seven years.

Documentary Record 002286

Report has gone down an impermissible path by manufacturing a "conditional approval" recommendation that the Legislature does not permit.

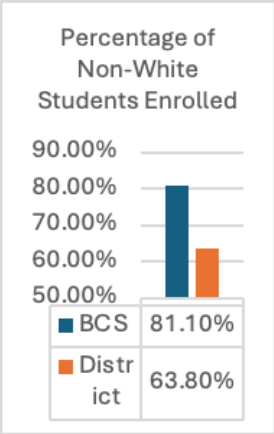
The Staff Report's proposed conditions are rooted entirely in a lingering false narrative that BCS's demographics vary "too much" from those of the Los Altos School District ("LASD"), and the unsupportable notion that SCCOE can through an MOU compel BCS to exclude some groups of students in favor of others, despite the random lottery system used by thousands of schools around the country. As indicated in the attached third-party expert report prepared by the respected independent school district demographics firm King Consulting, BCS' student population balance is indisputably within a reasonable range relative to LASD, and what SCCOE reports as "statistically significant" differences have no factual basis:

- *"BCS' enrollment of Hispanic/Latino students compares favorably to other LASD schools"* as do socioeconomically-disadvantaged ("SED") students and students with disabilities ("SWD").
- *"There is no significant difference between the proportion of EL students at BCS and LASD."*
- *"SCCOE's report masks the extent that LASD schools increasingly resemble BCS in terms of Hispanic/Latino enrollment"*
- *"[T]he general Hispanic/Latino population residing within LASD is decreasing… Since BCS cannot directly use race/ethnicity as a priority enrollment… it may be increasingly difficult for BCS to show growth in Hispanic/Latino enrollment."*

The County Board's discretion lies with whether to renew for five or seven years. BCS has requested seven years and has provided ample justification. We are one of the highest performing public schools—charter or otherwise—in the entire state. We urge the County Board to approve the renewal of our high-performing charter without attempting to impose any "conditions". **The County Board must consider and act upon this high-performing charter renewal petition <u>as presented</u>.**

<u>No "Students Who Wish to Attend" Have Been Excluded</u>

SCCOE staff appear to purposefully mislead the Board and the public with a heading on page 47 and the narrative that follows that BCS has "violated" a law. Not true. The Staff Report reflects the same false narrative derived from district politics about BCS that has precluded normalcy in the charter authorizing relationship for several years. Disappointingly, even as SCCOE recommends approval, the staff report misstates statutory language and publicly accessible data to cast BCS as out of compliance with law, namely, perpetuating a false narrative that BCS is excluding students who "wish" to attend. Nothing could be further from the truth, as we have demonstrated repeatedly. There is zero evidence supporting that false notion. The Staff Report builds on this false "exclusion" narrative in order to reach its "conditional approval" recommendation.



Despite that "conditional approval" is not a permissible option for the County Board, the Staff Report nonetheless concludes it is appropriate and warranted here because BCS's

Documentary Record 002287

demographics do not mirror that of LASD closely enough to satisfy the staff. To reach this erroneous conclusion, SCCOE distorts and misreads the meaning of "serv[ing] all students who **wish** to attend." SCCOE has not even remotely attempted to explain, let alone provide any specific evidence that there are or ever been any students who "**wish**" to attend and have not been allowed by BCS to do so. That is because there is no such evidence. And for that reason, the entire basis for the attempt to "condition" the renewal fails.

SCCOE continues to ignore the word "wish" in Section 47607(e), because it is inconvenient to its position. But the letter of the law matters; the statute must be read in its entirety, without the exclusion of inconvenient but material words. "Wish" means a particular person's "desire or hope for something to happen." The Staff Report presents zero evidence, not even a single allegation, that there is any student who has "wished" to attend BCS and was unable to because BCS excluded them, discouraged them, or transitioned them out – the exclusion concepts that are at issue in Section 47607(e) as addressed in Section 47607(d) and 47605(e)(4)(A). In fact, SCCOE concludes that CDE data actually demonstrates that "students who leave Bullis are **not** students who appear to have been counseled out based on lower academic performance, as the average DFS in academic assessments for students leaving Bullis or not returning to Bullis are higher than the students remaining at Bullis." (p. 13.)

SCCOE concludes that because BCS' student population does not precisely match LASD's student population (small differences it incorrectly describes as "statistically significant" without any basis), there must be some students out there who "wish" to attend BCS but are excluded. But there is no analysis or explanation as to how SCCOE makes the incredible, unsupported leap to that conclusion. The statute requires specific evidence—there is none. Indeed, the expert report prepared by King Consulting, shows that BCS' student population balance is indisputably within a reasonable range relative to LASD, and what SCCOE reports as "statistically significant" differences have no factual basis.

It cannot be overstated how important it is to the allegation of "exclusion" of students who "wish" to attend that BCS operates a public, random lottery for admission. BCS uses SchoolMint—the same random lottery platform that thousands of charters and school districts around the country use, including many here in Santa Clara County. The random lottery is the only way BCS is authorized to select students, and SCCOE does not contend otherwise. There is no exclusion of any student on the basis of any characteristics through that process. Admission is random and the diversity of BCS' enrollment depends on applicants' individual decisions to apply. There may be students with disabilities or who are Hispanic or White, who simply prefer a different choice in education than Bullis. BCS supports that choice.

BCS More Closely Resembles Its Local District Than Most SCCBOE Charters

As SCCOE acknowledges, BCS hired a Director of Community Engagement and Outreach to support BCS' efforts to recruit and support a diverse student body. SCCOE also

Documentary Record 002288

acknowledges that "[i]n 2023-24, Bullis offered seats to 100% of in-District students who qualified for free or reduced-price meals (FRPM)." (p. 32.) There was talk at our public hearing a few weeks ago that BCS imposed a "cap" on FRPM enrollment. Not true. BCS actually has a preference for FRPM students at more than twice the percentage of such students enrolled within LASD. The lottery process results in BCS operating as the most diverse public school in Los Altos by numerous metrics. And the fact is, BCS has increased in its diversity since its last renewal and is comparable with LASD schools as demonstrated below:

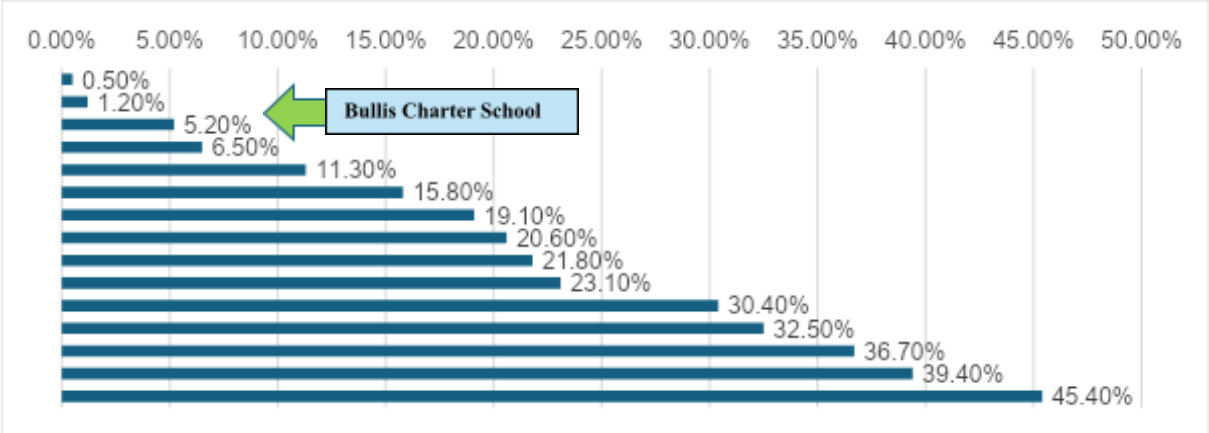
Subgroup Growth Over Time

	BCS 2018-19	BCS 2023-24
SED	1.4%	3.7%
SWD	6.7%	7.8%
EL	5.7%	8.9%
Hispanic	3.8 %	4.5%

Comparison to LASD Schools

School	Hispanic	EL	SED	SWD
Loyola Elementary	4.3%	10%	2.6%	13.1%
Oak Avenue Elementary	4.9%	3%	3%	6.7%
Bullis Charter	4.5%	8.9%	3.7%	7.8%

We understand that the County Board members have heard from LASD and individuals who oppose BCS, who insist that BCS should be penalized for failing to precisely mirror the racial makeup of the school district where BCS operates – whether under Section 47607(e) or Section 47605(c)(5)(G) (requiring a description in the charter of **plans** to reflect the general population of the LASD geographic boundaries–not merely those attending LASD schools). So as a result of that entirely false narrative, and in the complete absence of evidence, SCCOE demands that BCS meet minimum quotas for some racial subgroups – "an appropriate mix of students" (p. 73) – on penalty of charter denial or revocation or "conditional" approval if the quotas are not met.



SCCOE acknowledges the meaningful efforts that BCS has made to increase diversity through active recruitment measures, and nowhere alleges that BCS has failed to implement its plans to increase diversity as described in Element G of its operative charter. Yet, SCCOE does not credit this effort as sufficient enough to avoid SCCOE's unlawful "conditional approval" penalty. Rather, SCCOE's acknowledgement simply demonstrates that all BCS can do to satisfy SCCOE is for BCS to actually attain the unlawful racial quotas that SCCOE insists that BCS achieve. Anything short of that subjects BCS to penalty in the form of "conditional" approval as SCCOE proposes, i.e., adverse action by SCCOE and SCCBOE for enrolling too many of one disfavored racial subgroup, and too few of a favored one.

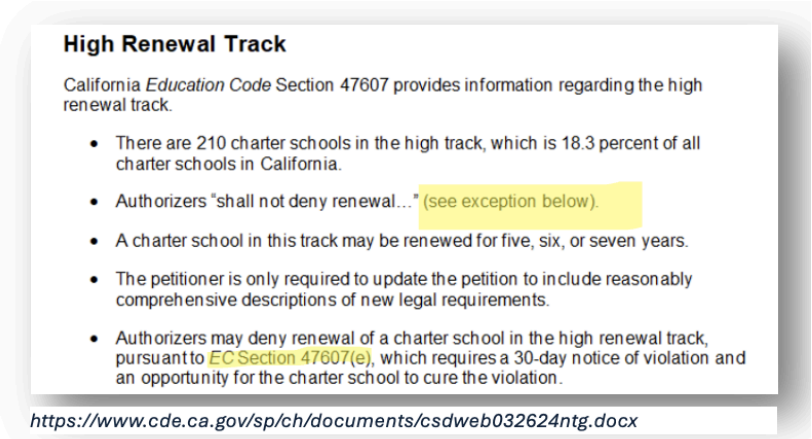
The Staff Report Singles Out BCS in an Arbitrary and Capricious Manner

SCCOE asks the Board to ignore that SCCOE has not targeted any other charter school in Santa Clara County with its Section 47607(e) "enforcement" actions on this ground because, they say, this renewal process is about BCS and not other charter schools. But SCCOE's efforts to single out BCS are arbitrary and capricious. The CountyBoard ignoring data of this magnitude would amount to an abuse of discretion.

Documentary Record 002289

Percentage Difference Between Charter School Hispanic Populations and District Hispanic Populations in Charter Schools Authorized by SCCBOE (Dataquest, 2022-23)

SCCOE's approach exhibits unlawful discriminatory treatment **on its face**. SCCOE has established a practice of targeting BCS because it has more Asian students relative to the population of LASD. But that SCCOE will not enforce the alleged racial balance requirement as to other charter schools that have more Hispanic or African American students relative to the populations of the school districts where they operate is untenable and smacks of racial bias. SCCOE's course of conduct and policy violates the civil rights laws and the California Constitution. (*See* Cal. Const. Art. I, sec 31 [SCCOE/SCBOE "shall not discriminate against, or grant preferential treatment to, any individual or group on the basis of race … in the operation of … public education...."]) And importantly, as explained in the attached expert analysis from King, Los Altos is projected to have an **overall decline** in Hispanic population, while at the same time SCCOE staff demands that BCS demonstrate an increase.



SCCOE proclaims that this disparate treatment of BCS is justifiable because the ethnicities served by other charter schools have been "historically underserved," insultingly ignoring Asian Americans' own lived experiences as valid and legitimate. SCCOE's attitude is outrageous and out-of-step, as is its monolithic, grouped-as-one treatment of Asian Americans hailing from the largest continent on Earth as a single, homogenous group. This "model minority" stereotype is itself racist (*see, e.g.,* Pew Research: "Discrimination Experiences Shape Most Asian Americans' Lives Stereotypes of Asians in the U.S. as foreigners and a model minority drive discrimination" [https://www.pewresearch.org/race-and-ethnicity/2023/11/30/discrimination-experiences-shape-most-asian-americans-lives/]) and it completely ignores the very real and diverse history of Asian marginalization (e.g., the Chinese Exclusion Act, Japanese internment; *see also* "The Long History of Racism Against Asian-Americans in the U.S. https://www.pbs.org/newshour/nation/the-long-history-of-racism-against-asian-americans-in-the-u-s), which continues today.

Documentary Record 002290

The Board must approve BCS' high-performing charter renewal petition, and reject SCCOE's "conditional approval" recommendation. Failing to do so would endorse penalizing BCS students on the basis of race and prefer some racial groups over others. Again, "conditional approval" is not allowable under Sections 47605 or 47607. The choices provided by the Legislature are approve or deny—the latter requires factual findings that here cannot be made. That said, **BCS commits, as it does in Charter Petition Element G, that it will continue to implement numerous strategies to endeavor to increase diversity as described.** The County Board may hold BCS accountable to its charter provisions through the oversight process if BCS fails to **implement** the pro-diversity strategies as described in its petition. But we must be clear, the County Board may not **penalize** BCS on the basis that its strategies have not actually achieved a particular student population balance. There can be no MOU that would result in some future "termination" action outside of the statutory process under 47607.

We continue to call on the County Board to demand that LASD cease its inflammatory rhetoric. It is no wonder that fewer families of certain subgroups apply to BCS given that LASD continuously disparages BCS as engaging in "segregation" and "discrimination" – which are completely false. Also, LASD's demand that SCCOE condition renewal on BCS moving out of our current home is unprecedented and absurd, and irrelevant to this process. We ask that SCCOE follow the law and due process, and not allow LASD any special time or presentation at the action item. This is not an appeal of a district denial, and LASD has no right for equal time.

Renewal Cannot Be Denied for SCCOE's Litany of Petition Criticisms (pp.16-42)

High Renewal Track

California *Education Code* Section 47607 provides information regarding the high renewal track.

- There are 210 charter schools in the high track, which is 18.3 percent of all charter schools in California.
- Authorizers "shall not deny renewal…" (see exception below).
- A charter school in this track may be renewed for five, six, or seven years.
- The petitioner is only required to update the petition to include reasonably comprehensive descriptions of new legal requirements.
- Authorizers may deny renewal of a charter school in the high renewal track, pursuant to *EC* Section 47607(e), which requires a 30-day notice of violation and an opportunity for the charter school to cure the violation.

https://www.cde.ca.gov/sp/ch/documents/csdweb032624ntg.docx

In light of BCS' right to renewal as a high performing charter school, SCCOE's purported detailed analysis of BCS' charter petition under the elements of Section 47605 – the standards for new "establishment petitions" – is irrelevant to the County Board's decision. The Staff Report inexplicably generates a litany of petition criticisms, none of which apply to high-track renewal.[2] (See pp. 16-42.) Through AB 1505, the Legislature simplified and streamlined the renewal process for charter schools deemed "high performing" like BCS. The law is clear: "[t]he chartering authority shall not deny renewal for a charter school pursuant to this subdivision if [the charter school is high performing]." A chartering authority also may not deny charter renewal on the basis of Section

[2] The Staff Report proposes an MOU that assumes—incorrectly—that BCS and its legal name "The Bullis-Purissima Elementary School" are two separate or different entities that must separately enter in an MOU with SCCOE. That fundamental legal error also appears on page 55 of the Staff Report. We point this out because it's surprising that after many years of authorizing, SCCOE does not appear to understand that BCS is a single entity. Fundamental legal errors like this occur throughout the Staff Report, most notably with the incorrect application of plain-English law for high-performing renewals like BCS, and attempt to impose an MOU with plainly unlawful "conditions". .

Documentary Record 002291

47605 standards applicable to new petitions, e.g., whether "specific to the particular petition …[t]he charter school presents an unsound educational program for the pupils to be enrolled in the charter school," and so forth. While Section 47607(b) specifies that "[r]enewals and material revisions of charters are governed by the standards and criteria described in Section 47605", Section 47607(c)(2)(F) modifies the renewal standard for high performing charter school: "[a] charter that satisfies the [high performing] criteria … shall only be required to update the petition to include a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed and as necessary to reflect the current program offered by the charter."

In other words, a high performing charter school is not susceptible to denial for grounds that may be used to deny a new school petition under Section 47605 based on analysis of the charter petition. As affirmed by the CDE (see figure above), the only "exception" for mandatory approval for denial of a high performing charter school is under Section 47607(e), and there is no basis for denial here as addressed above and in BCS' prior correspondence included with the Staff Report. BCS updated its petition consistent with Section 47607(c)(2)(F), and the law provides no ground for denial based on the SCCOE's staff's apparent desire that a high-performing charter school's renewal petition be **more** descriptive. Notwithstanding that SCCOE ultimately concludes that BCS' petition is reasonably comprehensive within the Section 47605 framework, SCCOE's nits and immaterial criticisms of BCS' petition provide no legal basis for the County Board to deny BCS' petition.

BCS is Entitled to a Seven-Year Renewal

It appears that the sole basis of SCCOE's recommendation that BCS receive a five-year renewal term, rather than a seven-year, is that SCCOE is also recommending a conditional recommendation and that a five-year term is more desirable per SCCOE to monitor the conditions. Accordingly, the proposed imposition of a five-year term is intended to be **punitive**, i.e., on the basis that BCS has not achieved racial quotas or "appropriate mix" set by SCCOE, and is thus unlawful. For the reasons addressed above, denying BCS the benefits of the law (a seven-year term) on the basis of an alleged failure to reach a racial quota is unlawful. There are no academic, fiscal, or governance factors that have been raised that would merit review sooner than seven years, and therefore, BCS should be granted an unconditional seven-year renewal term. A seven-year renewal term would not hinder SCCOE from conducting the ordinary oversight exercises as it has for the past charter terms.

BCS Remains Committed to Increasing Diversity

To be clear, BCS will continue to implement its plans to achieve a student population balance as outlined in its charter and BCS will continue to implement its Enrollment Action Plan and update it annually in the interest of continuous improvement. As BCS has committed time and time again, BCS strives to be a welcoming, inclusive community for all students and is determined for BCS' recruitment efforts to result in increased enrollment among Hispanic students, English Learner students, socioeconomically disadvantaged students, and students with disabilities. Our investment in a full-time staff member to support that work is a testament to

Documentary Record 002292

BCS' dedication to increase diversity. BCS will comply with all lawful and reasonable oversight requests from SCCOE as it has to date, including as it relates to BCS' admissions process and enrollment. However, there is no legal basis upon which BCS' renewal should be approved subject to conditions. The law requires approval of BCS' charter renewal petition, and denial on the basis of Section 47607(e) would be unlawful, as BCS has addressed above and in its prior correspondence to SCCOE.

On behalf of BCS, we appreciate the County Board's review of BCS' renewal petition and supporting documents, and ask that the County Board grant BCS the seven-year renewal term it has earned through high performance. Again, BCS remains committed to diversity through concrete action, as it has demonstrated, and will continue to work diligently towards that end and to foster a school community that welcomes and supports students of all backgrounds and abilities. BCS remains committed to working with SCCOE and the Board of Education in partnership to serve students.

Sincerely,

Maureen Israel
Superintendent/Principal

Memorandum

Demographic Data and Analysis

King Consulting has reviewed the Staff Analysis and Proposed Findings of Fact Regarding Review of Bullis Charter School District Appeal Renewal Petition ("the report") posted on August 9 by the Santa Clara County Office of Education (SCCOE). This memorandum will assess the validity of some of the conclusions reached in the SCCOE report, while also comparing some more detailed enrollment demographics between the Bullis Charter School (BCS) and the Los Altos School District (LASD) than were shown in the SCCOE report. Finally, this memorandum will offer additional data and information to contextualize some of the conclusions reached by SCCOE's report.

Statistical Analysis and "Significance"

The SCCOE report makes numerous references to various enrollment levels and rates of enrollment change between BCS and LASD as having a "significant difference" based on p-values. However, little to no context is provided for how the z-scores and p-values used in the analysis were derived. Comparing two numbers absent some greater sample of which they are a part is less useful than considering those two numbers as part of a larger group, in order to assess not just how different the two values are from each other, but also how relatively different or similar they are from all of the other entities in the group.

As the most readily available data set, King collected the proportion of Hispanic/Latino enrollment in 2023-24 for each of the 33 school districts listed by the California Department of Education (CDE) on DataQuest within Santa Clara County. As SCCOE works throughout the County, this data set represents a valid comparison for both BCS and LASD to see how each of their levels of Hispanic/Latino enrollment statistically compares within the context of their County. With a mean level of Hispanic/Latino enrollment of 37.7% and a standard deviation of 23.813 across all County school districts, both LASD and BCS are similarly grouped as having much lower rates of Hispanic/Latino enrollment than most other school districts in Santa Clara County.

As shown, when considered in the full context of all Santa Clara County school districts, both BCS and LASD appear to have a low level of Hispanic/Latino enrollment, with both entities' level being more than a full standard deviation below the mean (z-scores). In other words, the two entities are much more similar to each other than they are to most of their neighbors. The table below summarizes the results of this analysis of all Santa Clara County school districts.

Entity	**Hispanic/Latino %**	Z-Score
BCS	4.1%	-1.410
LASD	9.6%	-1.179

Assigning a significance level and determining p-values can be done in multiple ways, and the determination of "significance" needs to be defined in advance of the analysis. All interested parties should agree on what a valid significance level should be and what the context for the analysis is before determining what represents "significant" findings.

Comparison of BCS and LASD student data

Even when only comparing BCS and LASD with no greater context, there is room for greater detail that creates insight for the comparisons. While SCCOE's reported enrollments of BCS and LASD student data from 2016-17 through 2023-24 is accurate, the report continues to compare BCS with the entire student population of LASD and neglects to demonstrate how closely BCS enrollments align with some LASD schools. As the SCCOE report acknowledges BCS's significant growth in English Learner (EL) students and the fact that there is no significant difference between the proportion of EL students at BCS and LASD, this category will not be reviewed in this analysis. In the other three categories analyzed in the report, however, being Hispanic/Latino students, socioeconomically disadvantaged (SED) students, and students with disabilities (SWD), it is important to contextualize the analysis across all LASD schools.

In reviewing 2023-24 enrollment data, with LASD enrollments split out by individual school, it becomes apparent that BCS enrollment of Hispanic/Latino students is increasingly becoming more within the range demonstrated by all LASD schools. In 2022-23, the proportion of BCS enrollment of Hispanic/Latino students was equal to the LASD school with the lowest rate of Hispanic/Latino enrollment within the District. In 2023-24, however, the rate of Hispanic/Latino enrollment at BCS was higher than two LASD schools. This is significant data that represents the extent to which BCS enrollment of Hispanic/Latino students compares favorably to other LASD schools, and the SCCOE

report that relies entirely on LASD District-wide numbers masks the extent to which other LASD schools increasingly resemble BCS in terms of Hispanic/Latino enrollment.

Enrollment of SED and SWD populations display similar trends from 2022-23 to 2023-24. In 2022-23, BCS enrollment of SED students ranked below all LASD schools, while the SWD proportion at BCS was tied with the lowest LASD school. In 2023-24, the proportion of SED enrollment at BCS, per the 2023 California School Dashboard, is higher than one LASD school. The rate of enrollment of SWD at BCS in 2023 was also higher than a school at LASD. As with the Hispanic/Latino populations, the reporting only of LASD District-wide rates masks the extent to which BCS enrollment is increasingly within the range that LASD schools are demonstrating.

Comparison of BCS and LASD general population Census data

In addition to the breakout of student enrollment trends on a more detailed school level for LASD, King believes it is also relevant to review demographic trends in the general population residing within LASD. The proportion of Hispanic/Latino population among all residents of LASD was measured at 6% during the 2020 decennial Census, and 7.5% if only the population under 18 years was considered. These measures dropped according to the most recently published 2022 estimates from the Census' American Community Survey, to 5.2% of the entire LASD population being Hispanic/Latino, and 6% of the population under 18 years of age. While these estimates are not as accurate as a full count decennial Census, they still indicate that the general Hispanic/Latino population residing with LASD is decreasing.

This will be an increasingly important trend to monitor if the success of BCS enrollment policies is measured at least in part by the raw number and proportion of Hispanic/Latino students, if there are fewer such students residing within the school district where BCS is located. Since BCS cannot directly use race/ethnicity as a priority enrollment consideration, and if the local students who do have priorities are increasingly less likely to be Hispanic/Latino, it may become increasingly difficult for BCS to show growth in Hispanic/Latino enrollment. This factor should be carefully considered by the SCCOE and the County Board, as an unreasonable expectation might be set if divorced from wider population and demographic trends.

A brief description and history of the firm:
King Consulting was established in 1997 by President Jamie King-Iseman as a comprehensive school facilities consulting firm, and has assisted hundreds of school districts throughout California and the nation. Everyone at King loves what they do and channels their enthusiasm into producing the highest quality work for our clients. King offers a wide array of consulting services in Demographics, Financial Services, and Facilities Planning.

Number of employees:
8

Number of current projects and present workload and where possible, projected workload for the period in question, for those individuals proposed to work the District's project:
King Consulting has 105 current clients for whom we provide ongoing School Facility Funding support and strategy. Our present and projected workload allows the time and commitment provide the same high level of service for your District. Due to the size of our small firm and emphasis on personal attention to our client's needs, we believe we are unique to school facility planning and funding consulting. Our firm's commitment to establishing a collaborative working relationship with school district personnel, as well as timely and cost-effective delivery of services, allows us to provide planning and funding strategies and services in a cost effective and timely manner that meets your District's specific needs.

Location of office where the bulk of services solicited will be performed:
2901 35th St. Sacramento, CA 95817

Proof of Errors and Omission insurance and coverage amounts:
Available upon request

Litigation History:
King Consulting has no history of litigation, arbitration or negotiated settlements. We have never been involved with a civil judgment or criminal conviction for false claims, fraud, or other matters involving lack of trustworthiness or honesty. Neither King Consulting or any employee of King Consulting is a party to an existing dispute with an owner, owner's representative, or contractor.

Experience and Qualifications

King Consulting is an established and recognized school facility planning firm. We offer a wide array of services to assist school districts of all sizes across California and the nation with their school planning needs and funding opportunities.

Our work includes the completion of long-range master plans, boundary studies, demographic studies, enrollment projection studies, developer fee justification studies (both Level I and Level II), developer mitigation, and State/Local/Federal eligibility and funding applications. For the past 25 years, King Consulting has worked with clients throughout California and the nation.

Our professional, enthusiastic staff has over 80 years of combined experience. We are a small firm, with only highly experienced staff who excel in their specific areas of expertise. Our combined experience has resulted in our firm's ability to adhere to timelines and organize projects so that the client's needs are exceedingly met. While we specialize in managing and summarizing complex data analyses, we pride ourselves on our unique ability to disseminate the information to our clients and their stakeholders. We are always excited for the opportunity to meet in person or over the phone to clearly explain anything needed to our clients' staff, school board, and community. Our clients receive information within a broader context that includes full narrative explanations that school district staff and school board members repeatedly reference throughout the year.

While we excel in all areas of school facility planning, we are most proud of the lasting relationships we form with our clients. We care about our school districts, and we get to know them intimately through the course of our work. For this reason, so many of our clients work with us year after year. King Consulting digs deeper and tries harder in every aspect of our work because we become personally invested in the districts with whom we work.

Documentary Record 002299

Who we are

King is a small, focused team of industry professionals with real-world experience.

We are master demographers, education professionals, and funding experts who know how school districts operate and what is needed to create success for communities and their children.

We are all about relationships: with our clients who become like family, with the Local/State/Federal agencies that are critical to all the services we provide, and with our industry partners that are working toward the goal of safe, inspired learning environments for all children.

We give clients our dedicated attention and understanding, and above all, we fiercely believe in equal access to education for all children.

This core belief resonates in the manner in which we run our firm and how we connect with our clients.

What we do

Discover and Plan

We know you don't get up every day to project populations and assess boundary mapping – that's our job.

- Comprehensive Demographic Analyses
- Enrollment Projections
- Resident Projections
- Facility Capacity Analysis
- Student Generation Studies
- Residential Development Impact Analyses
- Developer Mitigation Negotiations and Agreements
- Facility Master Plans
- Land Use Analyses
- Attendance Boundary Mapping
- Attendance Boundary Adjustments, Including School Closures
- Trustee/Voting Area Mapping and Analyses

Get Funding

We support your school district and the community it serves by aligning facility planning to available funding, and then securing that funding.

- State School Facility Program
- Eligibility
- Appeals
- Funding Strategy
- Developer Fee Justification Studies
- Developer Fee Reporting
- Facility Use Cost Recovery
- Joint-Use
- State Water Resource Control Board
- Federal Emergency Management Agency

Build Your Future

School Facilities hold so much potential; the environment your staff, students, and teachers create within these walls fuels the next generation.

- State School Facility Program Application Support
- California Department of Education Site and Plan Approval
- DSA Closeout
- Deferred Maintenance Planning
- Audit, Expenditure and Reporting Requirements

Documentary Record 002301

Education

Master of Science, Geography
Pennsylvania State University, 2005

Bachelor of Science, Geography
Arizona State University, 2003

Skills

- Accurately projects future student enrollments and resident distribution throughout a school district
- Creates maps and conducts spatial analysis for a wide range of public schools related data
- Generates school boundary scenarios for school districts adding or consolidating schools
- Drafts comprehensive reports summarizing the demographics, enrollment projections, or other work performed for a school district
- Guides school districts through the process of creating and adjusting trustee election areas in accordance with elections code and the California Voting Right Act
- Establishes or updates eligibility

Professional Summary

Rob provides services to assist public school districts with demographics, spatial analysis, enrollment projections, boundary adjustments, State School Facility Program eligibility calculations, and other analyses in order to maximize district State funding for capital facilities planning.

Experience

Director of Demographics & Planning

2014-present | King Consulting, Inc., Sacramento, CA

Works with public school districts throughout California and the nation to provide services for projecting student population and enrollments, analysis of current facilities and needs, and spatial analysis and mapping work, including school boundary analysis and adjustment. For California Districts, calculate eligibility and estimate funding from the School Facility Program to maximize local District funds.

Planning Analyst

2011-2014 | San Juan Unified School District, Carmichael, CA

Worked with District staff, cabinet, and Board of Education to conduct analysis and create deliverables and presentations of student populations, facilities, and enrollment projections and trends. Managed documentation for charter school housing, utility easements, facility use fees, and developer fees.

Public Content

Administrator
Mary Ann Dewan, Ph.D., County Superintendent of Schools
Mefula Fairley, Executive Director, Charter Schools Department

Background and Renewal Charter Analysis
The Charter Schools Department of the Santa Clara County Office of Education (County Office of Education or SCCOE) received a renewal charter petition (Renewal Petition or Charter), from Bullis Charter School (Bullis) on June 3, 2024. The length of a renewal and the applicable standards are dependent on the charter school's categorization as high, middle, or low performing or as a Dashboard Alternative Status School pursuant to *Education Code* (*EC*) Sections 47607 and 47607.2 The California Department of Education (CDE) has designated, pursuant to criteria in *EC* Section 47607(c), that Bullis is in the high performing category for purposes of this renewal. As a high performing charter school, if the Santa Clara County Board of Education (SCCBOE or County Board of Education) renews the Charter, the renewal term will begin on July 1, 2025, and may be for a term of five to seven years. Renewals of district appeal charters are governed by the standards and criteria set forth in *EC* Sections 47605, 47607 and 47607.2.

The complete renewal Petition is attached to the agenda and is also available for review at: https://www.sccoe.org/supoffice/charter-schools-office/Pending/Bullis_Renewal_Petition.pdf

Pursuant to *EC* Sections 47605 and 47607, the SCCBOE timely held a public hearing on the renewal Charter on July 17, 2024, and action on Bullis' renewal Charter is included on the SCCBOE's agenda for a meeting on August 26, 2024, within the 90-day time period for action.

Pursuant to the Charter Schools Act, specifically the renewal standards and requirements applicable to high performance tier charter schools as set forth in *EC* Section 47607 and 47605, SCCOE Staff reviewed, analyzed, and made recommendations and recommended findings on Bullis' request that the SCCBOE renew its Charter. On August 9, 2024, more than 15 days prior to SCCBOE's action on the renewal request, SCCOE published those recommendations and recommended findings on the SCCOE website in the form of a Staff Analysis and Proposed Findings of Fact Regarding Review of Bullis Charter School District Appeal Renewal Petition ("Staff Analysis") and a proposed Board Resolution Conditionally Approving for the period of July 1, 2025, through June 30, 2030, the Charter Renewal for Bullis Charter School, and, Alternatively, Making Written Factual Findings Supporting Denial and Denying the Bullis Charter School Charter Renewal if the Conditions Are Not Met ("Proposed Resolution"). On the same date, the County Board was provided a copy of the Staff Analysis and the Proposed Resolution and SCCOE provided Bullis the link to those published documents. The Staff Analysis and Proposed Resolution are attached to the agenda and are also available for review at https://www.sccoe.org/supoffice/charter-schools-

Documentary Record 002305

office/Documents/BCS%20Staff%20Report%20Analysis%20and%20Findings.pdf
and https://www.sccoe.org/supoffice/charter-schools-office/Documents/Resolution%20Conditionally%20Approving%20Bullis%20Renewal.pdf

The Charter Schools Act provides that any charter, including that of a high performing charter school, may be denied renewal pursuant to the standards and procedures in *EC* Section 47607(e), including upon a finding that the school is not serving all pupils who wish to attend. The chartering authority must provide at least 30 days' notice to the charter school of the alleged violation and provide the school a reasonable opportunity to cure the violation, including a corrective action plan proposed by the charter school. The chartering authority may then only deny renewal on this basis if it finds either:

- The corrective action proposed by the charter school has been unsuccessful or
- The violations are sufficiently severe and pervasive as to render a corrective action plan unviable.

(*EC* Section 47607(e).)

As detailed in the Staff Analysis, Bullis was provided notice and a reasonable opportunity to cure, including submission and implementation of a corrective action plan, pursuant to this provision, on the basis that Bullis is not serving all students who wish to attend (via a "Notice" and "Reaffirmation"). SCCOE/SCCBOE's compliance with these procedural requirements, Bullis' responses, and SCCOE's analysis and recommendations and recommended findings concerning this cause for denial of charter renewal, including an analysis of whether Bullis' corrective action plan has been unsuccessful or unviable, are detailed, along with the supporting evidence, in the Staff Analysis.

SCCOE, Bullis, and the Bullis-Purisima Elementary School, a non-profit corporation, which governs Bullis, entered into a memorandum of understanding in 2018, and then replaced that memorandum of understanding in 2019 with a First Amended Memorandum of Understanding (First Amended MOU). By its terms, this First Amended MOU "shall continue in full force and effect during the period of any renewal granted by the SCCBOE or during the pendency of an appeal of a denial of a renewal request unless and until such time as the Parties enter into a replacement MOU or specifically agree in writing that the [First Amended MOU] is terminated." The First Amended MOU governs the respective fiscal, operational, administrative responsibilities, legal relationships, and other matters not otherwise fully addressed or resolved by the terms of the current charter or the Renewal Petition, pending any further direction or recommendations by the SCCBOE, including SCCBOE's adoption of the SCCOE's recommendations and recommended findings. By its terms, the First Amended MOU is incorporated into the Renewal Petition by reference, therefore, its terms supplement the Renewal Petition submitted by Bullis and were considered as part of SCCOE's analysis of the Renewal Petition and continue to bind the Parties unless and until revised or replaced by mutual agreement of the Parties.

SCCOE has provided Bullis an updated memorandum of understanding (MOU) that is consistent with changes to law since entering into the First Amended MOU, reflects SCCOE's current best practices, and accurately describes the manner in which Bullis operates as a school of SCCOE for purposes of compliance with the Individuals with Disabilities Education Act (IDEA), among other updates. The Renewal Petition specifies Bullis' intent to enter into an updated memorandum of understanding, so if the SCCBOE renews the Charter, SCCOE will continue to work with Bullis on finalizing the MOU.

Requested Action

The SCCOE Staff reviewed Bullis' Renewal Petition, in conjunction with Bullis' Responses to the Notice and Reaffirmation, including its corrective action plan in responses to the Notice and Reaffirmation, and assessed the effectiveness of Bullis' corrective action plan in response to the Notice and Reaffirmation, utilizing the criteria for charter renewal set forth in *EC* Sections 47605 and 47607.

The SCCOE Staff recommends the SCCBOE conditionally approve the request for renewal of the Charter for a term of five years (July 1, 2025-June 30, 2030) on the condition that Bullis Charter School, The Bullis-Purissima Elementary School, and SCCOE enter into an MOU and/or addendum to the MOU on or before December 6, 2024, or such later deadline as may be agreed to by the County Superintendent or designee, that includes all the provisions listed below, as well as any additional conditions or requirements identified by the SCCBOE, and adopt the Board Resolution Conditionally Approving for the period of July 1, 2025, through June 30, 2030, the Charter Renewal for Bullis Charter School, and, Alternatively, Making Written Factual Findings Supporting Denial and Denying the Bullis Charter School Charter Renewal if the Conditions Are Not Met.

Documentary Record 002306

The MOU and/or addendum thereto shall address all of the following requirements on terms acceptable to the County Superintendent:

1. Bullis shall address/remediate each of the items identified as "requiring" remediation/correction/updating and/or identified as a condition of renewal in the Staff Analysis and Recommended Findings of Fact.

2. Bullis will continue its efforts in accordance with its Enrollment Action Plan/plan to address the issue of serving all students who wish to attend, as the same may be updated from time to time, to ensure equitable access to attendance at Bullis and to increase its enrollment of historically underserved student groups who are underrepresented at Bullis as compared to LASD.

3. Bullis shall announce the number of openings at each grade level ***prior*** to commencing the open enrollment period each year in order to avoid the possibility or perception that the number of openings is affected based on who applied (e.g. how many students are in each preference group and/or the number of in-District versus out-of-District applicants). If the number of openings would result in an overall decrease in enrollment spaces from the prior year, Bullis shall explain in writing to SCCOE the reason for the enrollment reduction. After that announcement, Bullis may increase the number of openings in any grade level but may not decrease the number of seats at any grade level for that open enrollment and lottery period. Bullis shall inform SCCOE should it increase the number of openings after the original announcement, including providing a written explanation as to the basis for the increase.

4. Bullis shall unequivocally commit to offer students each of the announced open seats at each grade level, in the order drawn in the lottery (in accordance with all requirements as described in the portion of the staff analysis addressing the Admissions Policies and Procedures element of the Charter) until all such openings have been filled and/or there are no more applicants for the seat(s).

5. Bullis' updated corrective action plan shall include metrics for measuring the success/effectiveness of the plan and its components. This section of the plan will include the following information, which may be summarized in a table:

    a. Identified Metric – measures that will provide actionable data related to enrollment
    (e.g., Students who are socioeconomically disadvantaged)

    b. Methodology – how the metric will be measured to ensure valid and reliable results
    (e.g., Number/Percent of students who are socioeconomically disadvantaged who enrolled in the last open enrollment period)

    c. Data Source – the origin of the data (i.e., from where will the data come)
    (e.g., School's student data system)

    d. Baseline Calculation – the initial, or starting, enrollment data
    (e.g., 3.71%)

    e. Annual target(s) and plan for achieving the target – where do you want the metric to be after implementing the Enrollment Action Plan for the current year. (Consider past trend and comparable growth rates)
    (e.g., 4.91%)

    f. Progress Monitoring – interim measures that will monitor progress toward annual target(s)
    (e.g., number of applications received in advance of lottery that qualify for the FRPM preference)

6. At least annually, Bullis shall review and audit the results of its open enrollment process, including an assessment of the effectiveness of the various components of the Enrollment Action Plan/plan to address the issue of serving all students who wish to attend. The assessment shall not simply assume that the plan is or is not working as a whole based on who enrolled, but it shall include a more specific analysis of facts and factors indicating effectiveness. Bullis shall provide SCCOE a written report of this analysis and any changes/updates to its plan by April 1 each year.

7. Bullis shall annually provide SCCOE a report (including a data file setting forth the backup data) within 10 days of each public random drawing for admission (lottery) setting forth the results of the

Documentary Record 002307

lottery, including at least the information below. Bullis shall provide an update to this report within 10 days following Census Day each year:

a. How many openings at each grade level were announced prior to commencement of the open enrollment period (and an update if Bullis subsequently increased that number).

b. How many applicants there were for each grade level, disaggregated by preference group.

c. How many applicants were initially offered admission from each preference group at each grade level based on the original lottery results.

d. How many applicants were subsequently offered admission from each preference group at each grade level based on their position on the waitlist because the applicant(s) before them declined enrollment.

e. How many applicants from each preference group are on the wait list for each grade level.

f. In the post-Census Day update, how many students from each preference group at each grade level enrolled at and are attending Bullis.

Bullis is also strongly encouraged to work cooperatively with SCCOE to address through the MOU or an addendum to the MOU, the other issues and recommendations noted by SCCOE Staff in the Staff Analysis.

Item Process
Pursuant to *EC* 47605(b), Bullis shall have equivalent time and procedures to present evidence and testimony to respond to the Staff recommendations and recommended findings.

- The Board will hear an opening statement from staff who will be given 15 minutes.
- Bullis will be given 15 minutes to present.
- Los Altos School District (LASD) will be given 15 minutes to present.
- The Board will hear public comment. Per Board Bylaw 9323, public comments on this item will be 20 minutes, unless extended in accordance with the BB 9323 which states that with County Board consent, the County Board President may increase or decrease the time allowed for public presentation, depending on the topic and the number of persons wishing to be heard. The County Board President may take a poll of speakers for or against a particular issue and may ask that additional persons speak only if they have something new to add. Speakers will be limited to one minute (speakers utilizing a translator shall have two minutes). Speakers shall direct their comments to the Board and are urged to avoid repeating points made by previous speakers.
- Board members may ask clarifying questions.
- The Board will deliberate on this matter and act regarding the charter renewal petition from Bullis Charter School.

Student Impact
The Charter School Department provides oversight and monitoring for 21 County Board of Education authorized charter schools. Bullis currently serves approximately 1,000 students.

Through its reauthorization of charter schools, the SCCBOE seeks to affirm the right to a relevant and engaging education as stated in the Bill of Rights for Children and Youth Adults for Santa Clara County and support the Board's priority area of literacy and academic achievement. More information about SCCBOE-authorized charter schools can be found at https://www.sccoe.org/supoffice/charter-schools-office/Pages/Santa-Clara-County-Charter-Schools.aspx.

Bullis Charter School provided their response directly to the SCCBOE via email on Friday, August 23, 2024 at 7:35PM after the agenda was posted. The response is attached herein. Notation: As of 8:00AM on August 26, 2024, Bullis Charter Schools had not provided any materials for their presentation. This afternoon at

Documentary Record 002308

2:37 PM a powerpoint presentation was emailed to the Charter School Department Staff and subsequently added to this agenda item.

Los Altos School District

Documentary Record 002310

Overview

- Key Staff Report Findings
- Unmet Obligations
- Summary

Documentary Record 002311

Key Findings

Multiple grounds for denial:

- **Failure to serve all students**: "The Charter School is not serving all students who wish to attend, and the corrective action plan proposed by the Charter School has been unsuccessful."

  (Proposed resolution, p.8)

- **Failure to submit an adequate renewal petition**: "The Charter School failed to update it['s] Charter to include a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed and/or as necessary to reflect the current program offered by the charter, as required pursuant to Education Code Section 47607(b) and (c)(2)(F)"

  (Proposed resolution, p.8)

Failure to Serve All Students: Fundraising

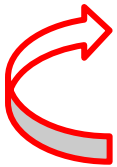
"BCS receives public funding, however, those funds do not fully cover the expense of educating our students. {...} The BCS Foundation raises funds from generous parents and community members to cover this funding gap. Currently, the BCS Foundation supports approximately 30% of Bullis Charter School's operating budget through tax-deductible donations to our Annual Campaign.

Because of differences in funding formulas for public charter schools vs many traditional public schools, **Bullis Charter School experiences a *Public Funding Gap* of approximately $7,900 per student and this gap continues to grow."**

(Source: https://www.bcsfoundation.com/why-donate, emphasis in the original)



Documentary Record 002314

Failure to Serve All Students: FRPM Enrollment

"While CSD Staff recognizes the benefits of allowing families to enroll all of their children at the same school, CSD Staff believes that in the case of the proposed expansion of the sibling preferences at Bullis, that benefit is outweighed by the need for Bullis to expand enrollment opportunities to a larger number of historically underserved students. **CSD Staff recommends that the SCCBOE deny these proposed additional preferences for siblings of admitted (not current) students.**"

(Staff Report, p.23)

The Renewal Petition proposes to implement the following preferences in the following order:

1. Siblings of students **admitted to** or attending Bullis Charter School who reside within the boundaries of the Los Altos School District.

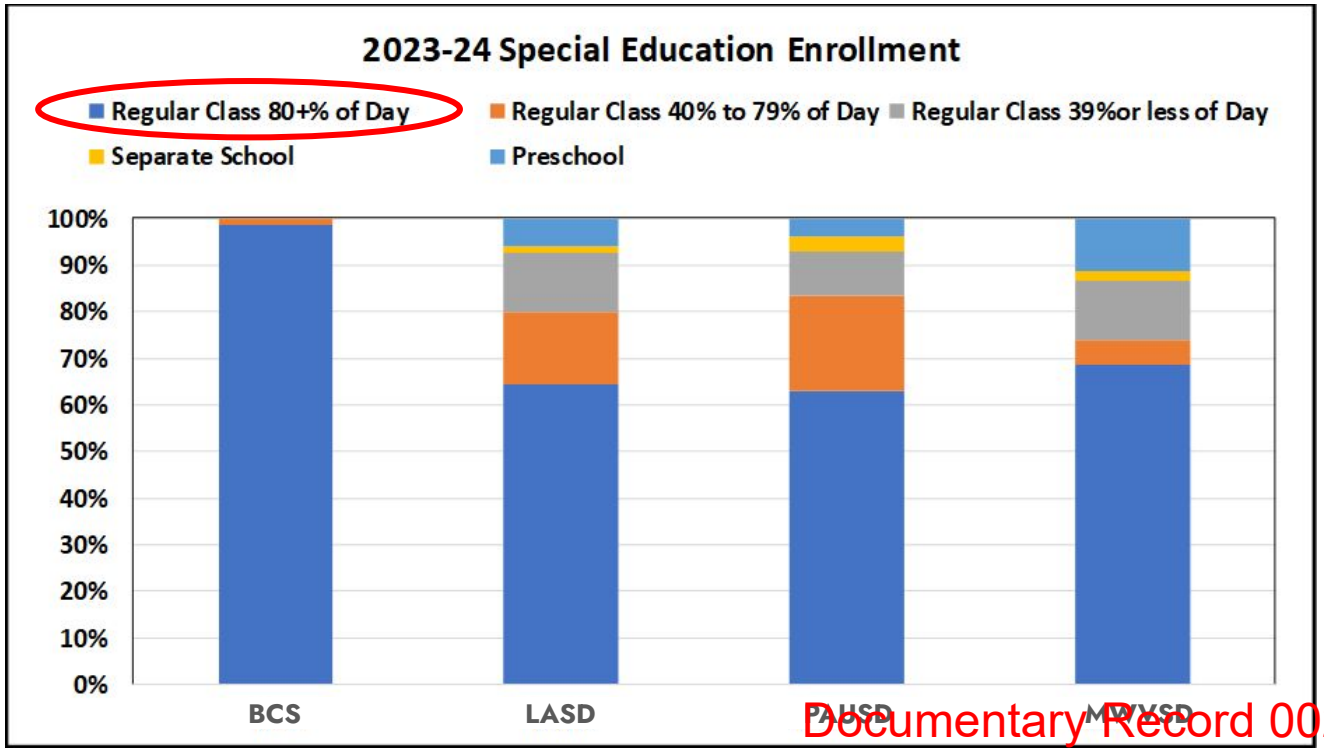
2. Children who qualify for free or reduced priced meals and reside within the boundaries of the Los Altos School District, limited to 10% of the total openings at each grade level.

3. Children of BCS staff members who reside within the boundaries of the Los Altos School District.

4. Children who reside within the boundaries of the Los Altos School District.

5. **Children of BCS staff members who reside outside the boundaries of the Los Altos School District but within California.**

6. Siblings of students **admitted to** or attending Bullis Charter School who reside outside the boundaries of the Los Altos School District but within California.



7. Children who qualify for free or reduced priced meals who reside outside the boundaries of the Los Altos School District but within California.

8. All other applicants who reside within California.

Documentary Record 002317

(Source: CDE DataQuest)

Key Findings: Failure to Serve All Students

"SCCOE has concerns about the baseline student satisfaction data in the 2024-27 LCAP. In goal 3, student satisfaction data demonstrates that **only 69% of elementary students and 58% of middle school students feel they belong at Bullis**. Also, while 74% of elementary students feel they are respected by teachers, only 48% feel respected by peers. In the middle school, 61% of students feel respected by teachers and 43% feel respected by peers."

(Staff Report, p.23)

Documentary Record 002318

Key Findings: Failure to Serve All Students

Academic Year	Total	Grade TK	Grade K	Grade 1	Grade 2	Grade 3	Grade 4	Grade 5	Grade 6	Grade 7	Grade 8

(Source: CDE DataQuest)

Documentary Record 002319

Key Findings: Failure to Serve All Students

"Thus, based on the facts and evidence, including the data provided by CDE, **there continues to be underrepresentation of some historically underserved student groups at Bullis**, to a statistically significant degree when compared to LASD. In some areas there has not been statistically significant improvement over the course of the current charter term or since issuance of the initial Notice and submission of Bullis' corrective action plan in response thereto. Thus, **the corrective action plan has not yet been successful**."

(Staff Report, p.54)

Documentary Record 002320

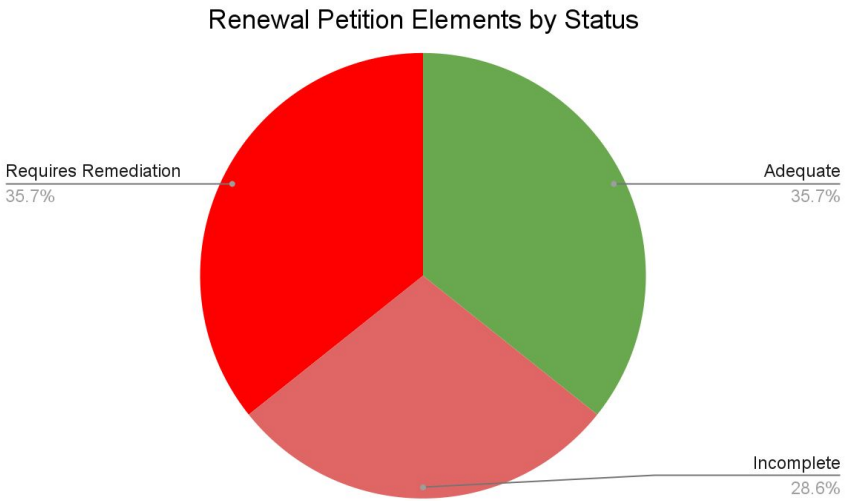
Key Findings: Failure to Serve All Students

BCS has refused to include changes which might actually signal a desire to serve all students as well as the broader community, such as:

- Moving the admissions preference for in-district FRPL to the first position and removing the 10% cap
- Agreeing to occupy LASD's forthcoming new campus, with an admission preference for neighborhood students
- Capping enrollment until such time as they serve a student population comparable to LASD

Documentary Record 002321

Key Findings: Incomplete Renewal Petition



"a. **The Charter School presents an unsound educational program** for the students to be enrolled in the Charter School [Ed. Code § 47605(c)(1)]; **The Charter was not updated accurately** to describe the means by which the Charter School complies with the Individuals with Disabilities Education Act, as detailed in the incorporated Staff Report, Analysis & Findings.

b. **The renewal petition does not contain a reasonably comprehensive description of all of the required charter elements** [Ed. Code § 47605(c)(5)]. As detailed in the Staff Report, Analysis & Findings, regarding each of the items identified therein as "requiring" remediation/correction/updating and/or identified as a necessary condition of renewal, **multiple required charter elements in the renewal Charter were not properly updated** to include a reasonably comprehensive description of new requirements of law and/or to reflect the program currently offered at the Charter School. These elements include, but are not limited to, the required description of admissions policies and procedures and the governance structure, as set forth in the adopted and incorporated Staff Report, Analysis & Findings."

(Proposed Resolution, pp.8-9)

Documentary Record 002322

Key Findings: Incomplete Renewal Petition

A. Element One: Description of the Educational Program/Plan for Student Academic Achievement
B. Element Two: Measurable Student Outcomes
C. Element Three: Method by Which Pupil Progress in Meeting Outcomes will be Measured
D. Element Four: Governance Structure

"1. Addresses/remediates each of the items identified as "requiring" remediation/correction/updating and/or identified as a condition of renewal in the Staff Report, Analysis & Findings."

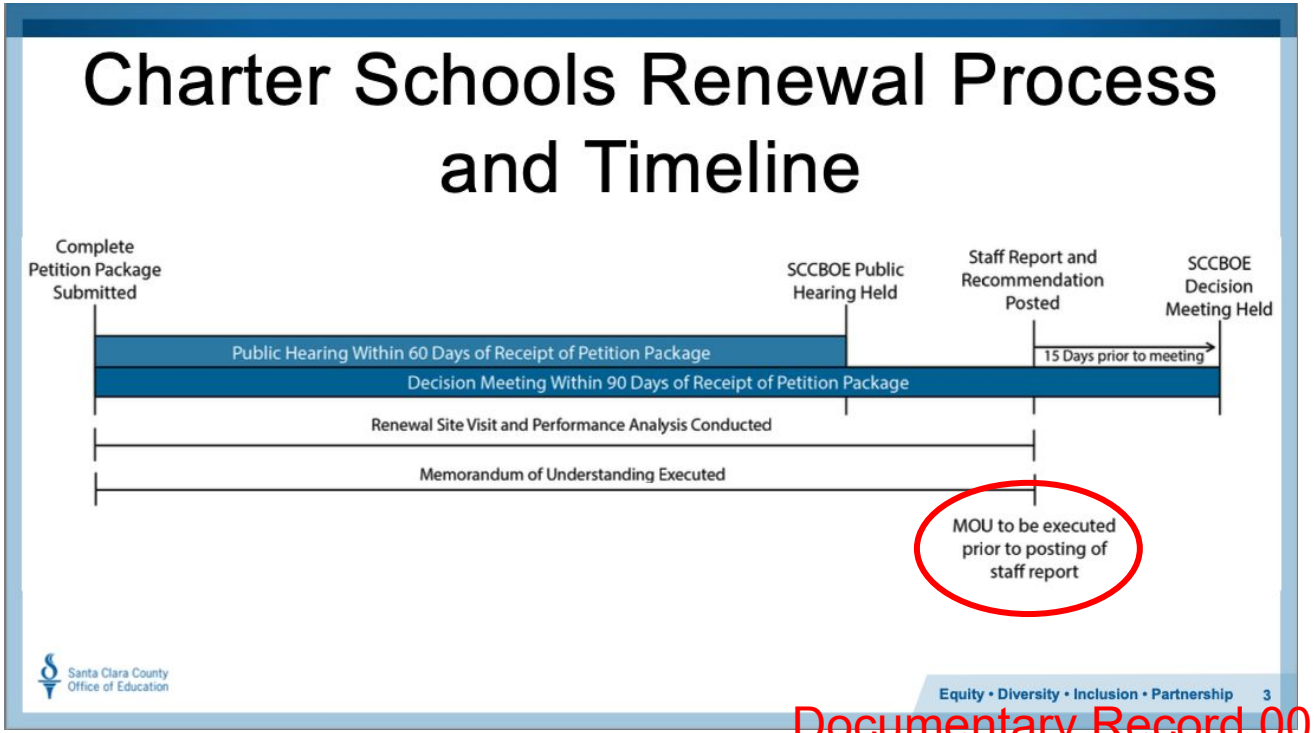
(Proposed Resolution, p.5)

Documentary Record 002324

Key Findings: Incomplete Renewal Petition

"Bullis is also **strongly encouraged** to work cooperatively with SCCOE to address through the MOU or an addendum to the MOU, the other issues and recommendations noted by SCCOE Staff in the Staff Report, Analysis & Findings."

(Proposed Resolution, p.7)



Documentary Record 002325

Unmet Obligations

- Missing MOU
- Incomplete Information
- Lack of Cooperation
- Lack of Transparency

Documentary Record 002326

Unmet Obligations: Missing MOU

Documentary Record 002327

(Charter Schools Department Staff Presentation 8/9/24)

Unmet Obligations: Incomplete Information

"It is the practice of the Charter Schools Department (CSD) to conduct interviews with Bullis' educational partners, including parents, students, staff, administration, and Bullis Board members. **The CSD decided to waive the interviews in this case due to the timing of Bullis' submission** of its Renewal Petition in the summer when school is not in session and access to Bullis' educational partners is limited"

(Staff Report, p.1)

"SCCOE requested [data regarding pupil enrollment patterns] and received it from CDE only on August 2, 2024, a mere **nine days before the deadline** for posting Staff's recommendations and recommended findings on Bullis' request for renewal, and 24 days before SCCBOE's action"

(Staff Report, p.45)

Documentary Record 002328

Unmet Obligations: Lack of Cooperation

"During the July 17, 2024, public hearing on the renewal Charter, members of the SCCBOE requested various information and documentation from Bullis, which Bullis' Executive Director Maureen Israel committed to provide. Beginning on the day following the public hearing, CSD Staff directed multiple requests to Ms. Israel seeking the promised information and documentation. Bullis' response was delayed, and Ms. Israel then responded that it was a busy time of year and would take Bullis some time to locate and provide the requested information."

"As such, **much of the information and documentation Ms. Israel committed during the public hearing to provide to the SCCBOE is not available for consideration as part of this Staff Analysis or to provide to the Board at this time**."

"CSD Staff also previously made multiple requests for demographic data regarding Bullis' 2024-25 enrollment. **Bullis repeatedly declined to provide this information during the pendency of the renewal request**"

(Staff Report, p.4)

Documentary Record 002329

Unmet Obligations: Lack of Transparency

"No later than 60 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district **shall hold a public hearing on the provisions of the charter**, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the school district, other employees of the school district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 90 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. A petition is deemed received by the governing board of the school district for purposes of commencing the timelines described in this subdivision on the day the petitioner submits a petition to the district office, along with a signed certification that the petitioner deems the petition to be complete."

(California Ed. Code 47605(b))

Documentary Record 002330

Summary

"**The Charter School is not serving all students who wish to attend**, and the corrective action plan proposed by the Charter School has been unsuccessful."

"**The Charter School failed to update it['s] Charter** to include a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed and/or as necessary to reflect the current program offered by the charter, as required pursuant to Education Code Section 47607(b) and (c)(2)(F)"
(Proposed resolution, p.8)

"Throughout the current charter term, CSD Staff has found communications with Bullis and obtaining clear and direct responses to inquiries pertinent to SCCOE's oversight of Bullis to be challenging."

"**Bullis must understand and comply with its obligations** to provide information to SCCOE and allow SCCOE to conduct its oversight functions."

High Track Renewal Petition

Documentary Record 002332

Documentary Record 002333

Documentary Record 002334

Criteria for High Track Renewal

The law says SCCBOE "**shall not deny** renewal" unless...

- Severe fiscal or governance factors

- Not serving all students who **wish** to attend
  - "...upon making such a finding, **specifically identify the evidence** supporting the finding"

Documentary Record 002335

Outreach and Engagement

- **Flyers/registration** packets distributed at local businesses, daycares, preschools, and door to door
- Visits and **info sessions** offered to daycares and nonprofit organizations such as HeadStart
- **Signage/Advertising** in local papers both in English and Spanish
- **Flyers/posters** in:
  - downtown Los Altos and Mountain View locations
  - Local libraries
  - Apartment building lobbies
  - Laundromats, car washes, grocery stores, food trucks, gas stations, etc.

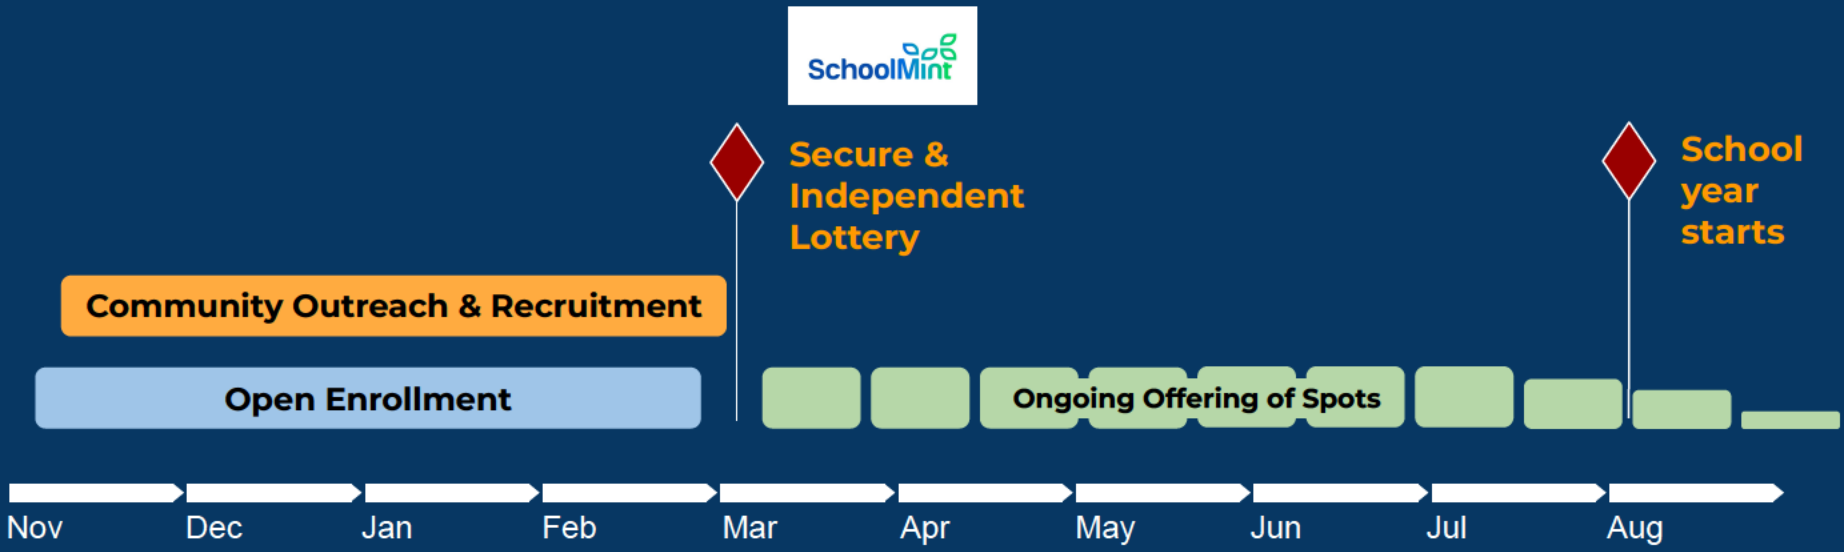
Documentary Record 002336

Outreach and Engagement

- **Direct mail** postcards to Los Altos School District residents
- **Direct mail** postcard in **Spanish**, targeting North of El Camino ("NEC") neighborhoods in LASD
- Three **Parent Information Nights** in person and online, with translation provided
- 8+ **school tours** led by students, including an online option and translation services
- Enrollment/**Registration package** in English and Spanish
- Sessions to provide **1:1 support** to complete online enrollment form at school

Documentary Record 002337

Enrollment by Ethnicity	Bullis Charter 2022-23	Bullis Charter 2023-24	Los Altos Census 2020
African American	0.1%	0.2%	**0.6%**
American Indian or Alaska Native	0.1%	0.1%	**0.1%**
Asian	59.0%	61.9%	**35.2%**
Filipino	1.2%	1.4%	**n/a**
Hispanic or Latino	4.2%	4.5%	**4.9%**
Pacific Islander	0.2%	0.1%	**0.1%**
White	18.1%	16.6%	**52.6%**
Two or More Races	14.5%	12.9%	**5.7%**
Not Reported	2.6%	2.4%	**n/a**



Demographics

EdCode 47605 requires schools to provide a "reasonably comprehensive **description**" of "[t]he means by which the school will achieve" a student population balance that "is **reflective of the general population residing within the territorial jurisdiction** of the school district to which the charter petition is submitted."

[1] Data shows percentage of ethnic groups as reported in DataQuest per 2022-2023 and 2023-24 school year / Census 2020.

Documentary Record 002340

Lottery Process

Bullis cannot ask or use ethnicity / race as an enrollment consideration. This is illegal.

It's troubling that SCCOE seeks to require an illegal act:
That Bullis increase the enrollment of one group (Hispanic)
to the exclusion of another (Asian)

Documentary Record 002341

Representation of Hispanic Families

The Hispanic/Latino general population residing in in our local district based on the 2020 census was **6%.** That drops to **5.2%** based on the 2022 census estimate[1].

The Hispanic population in Los Altos is decreasing.
Yet SCCOE staff want BCS to increase our Hispanic enrollment on penalty of revocation?

[1] JM King Consulting DBA "Demographic Data and Analysis Memorandum / Comparison of BCS and LASD general population census data".

Egan	5.0%

LASD has been flagged for significant disproportionality by the state. LASD falsely inflated its own data.

***Over 25% of the Hispanic/Latino students in LASD are identified as Special Education.**

Data as per DataQuest per 2023-24 school year.

Documentary Record 002346

Bullis Charter School

High Performing Charters are presumed to be fast-tracked for Approval

1. The legal presumption is Approval, except in the rarest of circumstances

   -An exception has never occurred!

   - There is no such thing as “conditional” approval for high-performing charters

2. There is no evidence of any exclusion whatsoever

   -It appears that SCCOE wants a reduction in Asian students instead

3. The demographics of the general population is the target– not of the LASD school district

Documentary Record 002347

Criteria for High Track Renewal

The law says SCCBOE "**shall not deny** renewal" unless...

- Severe fiscal or governance factors
- Not serving all students who **wish** to attend
  - "...upon making such a finding, **specifically identify the evidence** supporting the finding"

No specific evidence has been presented that Bullis is not serving any students who wish to attend.
To the contrary, all evidence demonstrates that Bullis is popular, serving all who wish to attend.

Documentary Record 002348

Lack of Evidence of Exclusion

Page 13 of the staff report states:

"Students who leave Bullis are **not students who appear to have been counseled out based on lower academic performance**, as the average DFS in academic assessments for students leaving Bullis or not returning to Bullis are higher than the students remaining at Bullis."

Documentary Record 002349

Lack of Evidence of Exclusion

Page 14 of the staff report states:

"Bullis' cumulative enrollment over the years shows a clear increase in Asian students, **stability in Hispanic/Latino** and a **decrease in White students**."

Documentary Record 002350

Lack of Evidence of Exclusion

Page 16 of the staff report states:

"The Stability Rate data below shows the percentage of students who remained at Bullis throughout each school year. Bullis' stability percentage is on average **97.6%**, therefore, **once a student is admitted to Bullis, that student stays at Bullis**. The stability rates averaged across student groups from 2017-18 through 2022-23 are also high: **EL is approximately 95.6%, SED is approximately 93.9%, and SWD is approximately 97.0%.."**

Documentary Record 002351

Renewal for BCS

The 2019 changes in law (AB 1505) established the Legislature's intent that high performing schools should **not** have extensive, time-consuming, expensive renewal evaluations. Rather, they "shall" be approved unless there are extreme fiscal problems or the school has a pattern of actually excluding real individuals.

None of that is present here.

Documentary Record 002352

Motion for Renewal

The County Board should be delighted that it authorizes one of the highest performing public schools of any kind in the entire state. There is no evidence that anyone has been excluded from enrollment at BCS.

The motion here should be:

"The CDE has determined that Bullis is a high-performing charter school entitled to the fast-track renewal process. I move that the SCCBOE approve the Bullis Charter School petition for renewal as presented, for a term of seven years."

Documentary Record 002353

SANTA CLARA COUNTY BOARD OF EDUCATION
1290 Ridder Park Drive
San Jose, California 95131
